### Clarkston Locals

The friends of Mr. and Mrs. Frederick P. Warrick of Thendara Blvd. will be sorry to learn of the death of his father, Charles F. Warrick, on Friday of last week in University Hospital, Ann Arbor.

Mr. and Mrs. Ralph Jones and family spent Sunday in Fenton with her parents. They later drove to Holly where her brother and his wife live.

Andy Winterbottom and Tom and Jim Kreger went along with Mr. and Mrs. Richard Christiansen and Larry, when they attended the Auto Show in Detroit last Friday.

John Kieft delighted his family by coming home from Oberlin College for the week-end. He took the college bus from Oberlin to Cleveland then flew from there to the Willow Run Airport where he was met by his parents. They drove him back to Oberlin Sunday afternoon. He was able to visit with many friends at the West Bloomfield football game, which, of course, he couldn't miss!

Mr. and Mrs. Bill Fitzthomas and family spent the week-end in Reed City, Michigan.

Mr. and Mrs. Russell Osbourne and John and Judy from Bradford, Penn. visited in the Jake Leonard home last weekend. Saturday, the Leonard's took their guests to the Auto Show at Cobo Hall in Detroit. On Sunday the men attended the Lions-Colts football game in Detroit, while the ladies saw Benhur.

Two residents of Clarkston have just been pledged to national Greek letter sororities on the Albion campus, according to an announcement by Dean of Women Audrey K. Wilder of the college.

Miss Lucy Oakley, freshman, daughter of Mr. and Mrs. T. Mack Oakley of 73 N. Holcomb, was pledged to Kappa Alpha Theta. Miss Sharon L. Collick, freshman, daughter of Mr. and Mrs. Edgar S. Collick of 6051 Middle Lake Rd., was pledged to Pi Beta Phi.

Mr. and Mrs. Mack Oakley spent Sunday afternoon at Albion College, where Mr. Oakley was the guest of his daughter, Lucy, at the Kappa Alpha Theta "Dad's Day" activities.

### Village Friends Of Art

The second meeting of the Village Friends of Art Association was held on October 19th at the Conservatory of Music. Mrs. Donna Redwood, accompanied by Mrs. A. Thomas sang "Ah, Love, What A Day" from "O Mio Babbino Caro" from "Gianni Schicchi" by Puccini, "A Heart That's Free" by Robyn. All present wished these talented persons might just go on and on, but there was more entertainment to follow.

Mrs. Robert C. Buehrig shared with us her experience of learning the 300 year old technique of Japanese water color under the tutorage of Hiroshi Terauchi. Hiroshi Terauchi is one of Japan's foremost water colorists and Jerry Ann revealed the fact that he is a very exacting teacher. We were all very surprised and interested in the fact that before he will accept a pupil, the pupil must first learn the art of floral arrangement known as "Ikebana". In other words, as Mrs. Buehrig explained, one must learn to think and to observe as a Japanese before one is accepted as a pupil by Teruchi.

We greatly enjoyed Mrs. Buehrig's exhibit of water colors which were done while studying under this famous artist.

Mr. Donald Button and Mr. Robert Button who are associated with the Pontiac and Flint Symphony Orchestras performed a very stirring presentation of Mozart's Sonata in B Flat. Mr. Donald Button, pianist, accompanied his brother on the violin.

The Village Friends of Art have successfully appealed to patrons of both music and art. The Association programming is designed to embrace all facets of the Arts.

Interested friends will want to reserve Wednesday, November 16th for the next Association gathering.

Wednesday night, the film and discussion centered around "Radiation and Fall-out", and also plans for a home shelter. November 2 the lesson will be on Hypodermic Techniques and Blood Pressure Techniques, with Marilyn Libby leading the discussion.

### DUTCH ELM DISEASE NOT CURED BY ZINC

So many big valuable Elm trees died out in this area, because of Dutch elm disease that we felt a report from the Michigan Department of Agriculture would be of special interest to a great number of home owners who have been wondering how this disease can best be treated. Contrary to what some persons believe, zinc coated nails driven into an elm will not cure Dutch elm disease, scientists working on this problem contend.

Dutch elm disease has taken a heavy toll of elms in eastern Michigan and within recent years has spread to some areas in the central and western part of the state. It is spread by the European bark beetle from diseased trees to healthy trees. "Sanitation," said G. S. McIntyre, of the Michigan Department of Agriculture, "is the only means recommended at this time of checking spread of the disease. This includes one to two spray applications a year to eradicate the responsible beetles."

The Michigan Department of Agriculture in co-operation with municipalities operates the control program in Michigan. For years the U. S. Department of Agriculture has experimented with various compounds in an attempt to discover some cure for Dutch elm disease. Zinc chloride was tried at a Dutch elm control laboratory at Morris-town, N. J., more than 20 years ago without success.

### Use Caution For Spooks

To avoid a witch's brew of trouble this Halloween, pediatricians at The University of Michigan Medical Center offer these guides for the safety of your favorite spook:

Most important, they say, is to make sure your demon has plenty of "visibility." He should be able to see through his mask or shroud, and others should be able to see him.

Luminous tape is in vogue for all sprites, ghouls and wizards for the U-M doctors. It can be seen easily, enhances the spookiness of the costume and helps ward off such dangers as automobiles.

It's also a good idea to carry a flashlight, but no open flame such as candles or oil lanterns. Each Halloween, hospitals repair burned goblins who become careless with fire.

The doctors urge homeowners to keep porch lights on for the guidance of amateur and inexperienced spooks. Although these hoodoos have a legendary ability to walk through walls, the doctors observe that they have an uncanny way of tripping over bushes, steps and lawn furniture and skinning their ectoplasm.

Low-flying witches and galloping goblins should positively not carry sharp or pointed instruments, warn the University pediatricians, or they may end up haunting a hospital.

One of the most common diseases at Halloween, say the doctors, is "Poutergeist Dyspepsia," a sudden stomachache caused by too many and too varied trick-or-treat goodies.

Science knows of no sure cure for this eerie indigestion, except moderation. However, if it comes and if it persists it would be best to hop on your broom and go see your family doctor.

The doctors recommend five additional precautions if you want to come through Halloween with a whole hoodoo: Check costumes for fire hazards; use burnt cork and cosmetics in preference to masks to aid visibility; warn youngsters repeatedly about going into the street; make sure spooks under age 8 have an older wizard to guide them; and, finally, when staging a party at home, don't make it too ghoulish or you may frighten the wits out of the younger goblins.

After all, say the doctors, they are just like children.

Minute man speakers in the Sunday Morning Worship Services have been Mr. Phillip Smith, layman, Mrs. Richard Christiansen, President of The Womens Society, and Miss Leslie Hursfall, Youth Fellowship. Speaking next Sunday will be Mr. Harold Bauer.

Next Wednesday, November 2, the packet of instructions and pledges will be sent through the mail to each member family, and on the afternoon of Sunday November 6th, laymen from the church will make calls in the homes extending the gratitude of the church for the support it receives. It is hoped that in the ensuing period of receiving the materials that each family will consider its opportunity to share with God in His Work.

Recently, Reverend William J. Richards, the pastor, mentioned that during the past year the church had an outstanding missions program where it helped build a student Methodist Church at Michigan State University where 3800 Methodist students are enrolled and without their church, a chapel in Ghazabad, India where Henry Lacey, a friend of the pastor, is principal, one of the buildings at Alaska Christian College, a Christian Youth center in Switzerland. Also the church has helped rebuild The Methodist Church in Tegel, Germany; supports The Childrens Village in Detroit; Cass Community Church in the deteriorated middle of Detroit; Bronson Hospital, and Chelsea Home for the aged. In addition to this the church has financially supported the work of over 1,500 missionaries in The United States and abroad, as well as Albion and Adrian Colleges. Closer to home is its support of the new Christian Student Foundation at MSU where it has been instrumental in bringing in a Methodist minister to work with the students there.

As an added feature this year, the Gertrude Atkins Circle will serve a luncheon from 11 a. m. to 2:30 p. m., and a Smorgasbord from 5 to 8 p. m. The booths planned by the various groups will display outstanding items for gifts and personal use.

### Dances, Parties, & Prizes Planned

Clarkston's Rotary Club is again doing its bit to keep our young people entertained and happy with legitimate excitement on the eve of Halloween. A dance will be held for the Senior High students, with donuts and cider for all. Members of the Junior High will dance in their own gym, with the same refreshments that their elders have, and the elementary school will have its usual party with games and goodies for the young-ones. All this, with the Rotary Club footing the bill! It also will furnish the prizes to the students who go directly home from the dance and are able to answer the phone, should they be the lucky ones called.

Only thing is, one Rotary Club member reports, some of the teen-agers rush home, wait for call, and then leave again! This of course, defeats the purpose of the whole thing, which is to get them off the streets and keep them off at an early and reasonable hour. As parents, we can do our bit by locking the door behind them — after they come in, of course, and being firm about their going out again!

Seven extra men have been hired by the Village Police force. These men will patrol the streets of Clarkston all night, their purpose being to keep to a minimum the amount of destruction and malicious mischief done under the guise of Halloween pranks. Also on a sharp look-out will be men from the Sheriff's office and the State Police. Curfew will be enforced.

The officers patrolling the streets have no intention of spoiling the fun of Halloween night for those who are out for innocent enjoyment, but there are always those, it seems, who have to spoil things for others, and make such precautions necessary.

It all boils down to the old controversial adage — "Have fun — But be good!"

### SMORGASBOARD AT BAZZAR

Mrs. Harold Bauer has been named chairman of the annual bazaar of the Woman's Society of Christian Service of the Methodist Church, which will be held in the Church Fellowship Hall, Saturday, November 5.

As an added feature this year, the Gertrude Atkins Circle will serve a luncheon from 11 a. m. to 2:30 p. m., and a Smorgasbord from 5 to 8 p. m. The booths planned by the various groups will display outstanding items for gifts and personal use.

### SPECIAL GUEST AT CHRIST LUTHERAN CHURCH

**CALVARY LUTHERAN CHURCH**  
Paul A. Johns, Pastor

October 30, 1960  
9:30 A. M. Sunday Worship Service Sermon theme: "The Tragedy and Triumph of the Reformation." A special service on this day commemorates the nailing of the 95 theses on the door of the castle church at Wittenberg on the Sunday before All Saints' Day, October 31, 1517. Reformation Day must be considered as a tragedy because, despite Luther's wish, the result of the Reformation was not a reform in the Church. It must, however, be also considered as a triumph because, as Luther later contended in his famous "Here I Stand," he upheld principles which he felt had been altered from the position of the New Testament Church. On this day our Worship Service will try to relive this exciting drama, which has captured the pen of numerous authors and even been set into a motion picture, and try to show the stark relevance of this Reformation story to the Church and to the world today.

**A & P TO HAVE GRAND OPENING**

An attractive super market of Early American design will be opened Wednesday, November 2 by A & P Food Stores at the junction of US 10 and M-15, it was announced today.

The new food department store, the first big super market of this type in the area, is visible for a considerable distance from both highways.

Vice-President M. W. Allredge said the new super market, containing nearly 14,000 square feet of floor space, is described as a unique blending of Early American architecture and modern food merchandising.

A group of company officials headed by Vice-President Allredge and Sales Manager R. J. Murray are expected to attend the opening ceremonies.

Through Early American in styling, the red brick and white

trim super market exudes a homey, pleasing appearance that suggests it will provide a new high in shopping comfort and pleasure.

The front of the store features a pitched roof with ornamental metal railing and a cupola topped by a graceful weather vane.

One of the major features of the new store is a self-service meat department with refrigerated production line for the preparation of meats. Under the new setup meat items are weighed, packaged, labeled and priced in full view of customers.

Other service highlights include air conditioning, automatic doors, express checkout system, tile floor and the latest type lighting.

A huge parking lot will provide parking space for nearly 200 cars.

**NOW FOR '61... 2 TOTALLY DIFFERENT TYPES OF CHEVY TRUCKS!**

**1. REAR-ENGINE CORVAIR 95's—THE TRUCKS THAT BEGAN WITH 4 WHEELS AND A FRESH IDEA!**

Here are high-capacity haulers that offer the most accessible load space you ever saw. Think of up to 1,900 pounds of whatever you haul riding on a highly maneuverable 95-inch wheelbase. This design's a beauty. Features 4-wheel independent suspension, integral body-frame build, thrifty air-cooled rear engine—all kinds of fresh new ideas about truck efficiency and economy.

**2. TORSION-SPRING CHEVROLETS—WORTH MORE BECAUSE THEY WORK MORE!**

You actually feel the advantages of independent front suspension in the almost total absence of I-beam shimmy and wheel fight. The driver rides easy, the load's better protected, tires take less abuse, the whole truck is subjected to far less damaging road shock and vibration. Efficiency goes up. Profits follow. Look over the whole line—both types of Chevy trucks.

**THE EDITOR OBSERVES**  
 The majority of the students of Clarkston High School ride the buses to school and this seems to bring about a problem. The problem of a place to sit on the long ride to school. To those of you who don't ride the bus this can best be explained by telling you to try to stand up on a bus as it zooms around Middle Lake Road and all the while you are trying desperately to hold on to the few books still in your possession. This is the problem, but we are not without a solution. The simple answer is that the students who are on the bus, sitting two in a seat, move over. It's not so bad if they are willing, but this is not the case. Many are saving that space for a friend who never shows up morning after morning. Either they think their friend gets on (these kids have great imaginations) or they are simply lying.  
 A problem has been presented to you and if you happen to be the person on the bus that has the opportunity to help someone standing then the solution is up to you.

**ELECTION ZOOMS TO CLIMAX**  
 Many students registered to vote in our school election held October 26th and 27th.  
 Two speakers, Mr. Daly of the Democratic Party, and Mr. Anderson of the Republican party gave their political views and platforms of their party, on Friday and Monday.  
 A tea was held in honor of these men, sponsored by the school chairmen of each of the parties.  
 Finally, after much campaigning, the elections were held, the results are as follows:

**SOMEBODY GOOFED**  
 The excitement of the game, Friday, ran through everyone, because everyone loves football. But, you must admit, the excitement sort of left the crowd from Clarkston, when we got behind. Is it your idea that if we're losing the boys aren't fighting, or that it means to stop cheering? Well, I've got news, for you! The only time you should stop cheering is when the game is done with, win, lose, or draw. There is only contempt for those so-called football fans who stop cheering when the game goes the other way. Do you want to know why we lost Friday? The answer is because you didn't cheer, don't blame anyone else but yourself.

**PUBLICATIONS STUDENTS SEE "DEAR ABBY"**  
 by Mary Robbins  
 Pontiac Northern High School, on Tuesday, October 18, was the scene of a Teen-Age Press Conference sponsored by The Pontiac Press.  
 Miss Abigail VanBuren better known as "Dear Abby" gave a very informative and interesting talk to about 150 area high school journalism students. Abigail told the students there how only five years ago she began her career as a lovelorn columnist, and today she is syndicated in over 800 newspapers throughout the United States. From 8,000 to 10,000 letters are sent to her every week with only half of them containing signatures and addresses. She was very cooperative in answering all questions put to her.  
 Those attending from Clarkston were: Linda Chapman, Bobo Christides, Cheryl Hipp, Sue Larkin, Adele Lynady, Mary Robbins, Janet Tisch, and Sue Turek.

**CLARKSTON 9th DEFEATED**  
 by Mike Howey  
 As the cold throbbing rain beat down, Clarkston's ninth grade team trotted onto the Romeo field for a night game on October 19. The ball was slimy enough to evade the end zones for the whole of the first quarter, but from then on Romeo had the secret of holding onto the ball long enough to score a point.  
 The next, and final game of the year is on November 2nd with Bloomfield Hills at Bloom-

**WOLVES FALL TO KEEGO 33-14**  
 by Dick Miskin  
 Sparkled by the running of two of the finest backs in the county, namely, Jack Newton and Don Sweetman, the West Bloomfield Lakers moved one step closer in rolling up an undefeated season as they trounced the Clarkston Wolves, 33-14.  
 Displaying blinking speed and sheer determination, Newton and his mates ran through, around, and over the Wolves of Clarkston in handing the Wolves their second defeat of the season.  
 Keego opened the scoring right after the ensuing kickoff by taking advantage of a Clarkston fumble. Don Sweetman was the scorer, as he hit paydirt from 30-yards out.  
 The Wolves rallied almost immediately minutes after, as full-back Darrell Williams retaliated for Clarkston on the first of his two 3-yard touchdowns, capped by a 65-yard drive. With Jim Gunter's conversion, the Wolves were ahead for the first and only time in the game, 7-6.  
 West Bloomfield began to pour it on in the second quarter, as the Lakers erupted for 21 points. Touchdowns by Don Sweetman on runs of 27 and 15-yards and Jack Newton on a 45-yard jaunt accounted for the outburst.  
 As the third quarter began with the Lakers holding a 27-7 lead, the elusive quarterback, Newton ended West Bloomfield's scoring as he eluded four would-be tacklers on a 48-yard run. Late in the game, Clarkston's Darrell Williams went into the endzone from the three yard line again, on a scoring march which covered 65 yards. That ended the scoring with the Wolves unfortunately coming out on the short end. Clarkston's hope of title chances in the WOCL are now dim, as a result of their defeat. As it stands, the Wolves are in fourth place in the standings behind W. Bloomfield, Holly and Northville with two games remaining. Victories over Northville tomorrow and Bloomfield Hills the week after would strengthen the Wolves chances of a high finish in the league.

**HALLOWEEN HAVOC**  
 Seniors strike again as they plan to put on another one of their successful dances. This one is planned for October 31 and will last from the magic hours of 8 to 11 p.m.  
 If you're hungry, this is the place for you because free donuts and cider will be served to all students in need of refreshment. On top of all this there is still more to come. Prizes will be given out and if you attended the dance, are home by 11:30 and are called you will receive one of the gifts.  
 Maybe you can't believe this, but all this can be yours for one thin quarter.

**CHEERLEADERS SALUTE**  
 Next Wednesday, November 2, will be the final football game

Rummins, Tom Boyns, Orrie Adams, Charles Robinson of the Community Center Board, Leo Armstrong, Robert Varner, Fred Yeager, Pat Beach of the Recreation Board, and George Miller and Paul Hood of the Coin and Stamp Club.

A discussion was held concerning the operation of the Building. Questions were asked and answered by members of the Community Center Board and the Township Board. The existing rules were discussed and it was generally agreed that they should be studied over and rewritten. The Community Center Board agreed to do this. During the discussion the question of the purpose for which the building was purchased was brought up. A regular ballot that was used at the Special Election was produced. This ballot clearly stated the building was purchased for a Township Hall.

Proceedings of a Special Meeting of the Independence Township Board held October 11, 1960.

Meeting called to order by Supervisor Hursfall.  
 Roll Call: Hursfall, Doeblor, Johnson, Anthony and Bauer of the Township board were present, also Councilmen Jones, Beach, Terry, and Wilford of the Village of Clarkston.

The members of the two Boards discussed the question of joint police protection of the Village and Township. It was not finally settled, but the opinions seemed not to favor a joint department, but in the event the Township has a department, they should cooperate with each other.

The problem of Regional Planning Commission was discussed. The Council members agreed

that there was a need for such a commission and agreed to bring the matter before the next Council Meeting.

The Supervisor suggested that the corner of Waldon and M-15 roads should be improved. The Village members stated they were aware of the conditions and were going to remedy the situation in the near future.

The problems of the Village at the Deer Lake Beach were also discussed and no decision was reached.

The two Boards agreed that it would be proper for the Township to lease the Village and from the River south the north entrance of the Cemetery. The Township agreed to formally ask the Village to take the matter up at their next meeting.  
 Motion made and supported to adjourn. Carried.  
 Respectfully submitted, Harold J. Doeblor, Clerk

Make laundering as easy as laundering can—get a flameless

**ELECTRIC CLOTHES DRYER**

**WHY A FLAMELESS ELECTRIC DRYER IS BETTER FOR YOUR WASHABLES.**  
 Whites stay white, colors stay bright. There's never any sun fading or fume yellowing. Since it's electric, there are no products of combustion. Freshly washed clothes stay clean all the way. There are models which have a temperature for every fabric, from delicate synthetics and woolsens to the heaviest work clothes. Detering clothes make ironing unnecessary for much of today's laundry.

**TRULY A WORK-SAVING TEAM—AN ELECTRIC DRYER AND AN AUTOMATIC WASHER.** Pre-selected, accurately controlled washing cycles and drying temperatures take the guesswork out of laundering. Gentle agitating and tumbling help fabrics last longer, stay fluffier. Drying the electric way is fast, too, because gentle radiant heat begins right away.

TAKE THE WORK OUT OF LAUNDERING AND THE LAUNDRY OUT OF HIDING.

Electric laundry appliances are so clean, good looking, and easy to operate that you don't need to hide them any more. Many homemakers want them handy in the kitchen. And that's easy when they're electric because flameless electric dryers and water heaters can be put where you want them.

## MORE YEARBOOK NEWS

by Patti White  
The Junior High yearbook staff met Wednesday the eighteenth, to discuss to whom the yearbook would be dedicated. Of course, the person decided upon cannot be revealed at this time.

Plans for the advertisement of the yearbook were discussed. Persons chosen to construct posters, to later be displayed in the halls, were: Sandy Smalley, Connie Papi, Ted Hollis, John Allen, and Patti White.

Subscriptions for the yearbook will be taken Monday the twenty-fourth. Students will deposit one dollar, half of the full amount of the yearbook, on the stated date.

## JUNIOR HIGH SCHOOL NEWS THE "WOOD BUTCHERS"

by David Curl  
The Clarkston Junior High Industrial Arts club, the "Wood Butchers" on October twelfth were formed and officers elected.

Elected to the Presidency was Chuck Wolfe, elected to the vice-presidency, Bill Bailey, the secretary is Dave Colter and treasurer Dan Larkin. Meetings were scheduled for Wednesday of very week, seven through nine p.m., also organized at the first meeting was the constitution. Plans for a dance have been made but as yet the date is up in the air. Admission might possibly be a quarter and an old reparable wooden toy. The money and toy after being restored would be given to charity. Another suggestion, made by Mr. Cooper and Mr. Lamb during the second meeting was that we make in mass production small wooden trains, which also would be given to charity.

Anyone wishing to join the "Wood Butchers" must be in the eighth grade (although the question of admitting seventh graders has come up) and must come to at least half of the meetings.

## ARRIVAL OF PICTURES

by Sandra Smalley  
Guess What! Finally after many days of waiting, the Junior High students received their pictures. The next day and many days after there will be trading and swapping of pictures. It seems as if there are never enough pictures to give all your friends. All of the pictures were sharp and clear.

## NEW TENNIS COURTS AT CLARKSTON JR. HIGH

by David Osgood  
There are new tennis courts at the Clarkston Junior High School. They are all finished except for the nets so we can't play on them but we can't wait till next spring so we can play. The courts have a cyclone fence around them — so no loosing balls. The courts we hope will be open to the public next spring or early summer.

## NEW OFFICERS FOR HOME ECONOMICS CLUB

by Sandra Berry  
October 25th was the big day for the 7th and 8th grade Home Economics Club. They elected their officers! In the seventh grade, the president chosen was Star Bailey, the vice-president is Penny Cook, secretary is Linda Bennett and treasurer is Cindy Johnson. In the eighth grade the president is Donna Ventimiglia, the vice-president is Nila Lockear and secretary is Shirley Powers, and there is a tie, which will be broken at the next meeting between two girls for treasurer.

At the October 18 meeting it was decided, since there is such a large group in the club, that the 7th and 8th grade will have separate meetings. The eighth grade will be meeting every other week on a Monday and the seventh grade every other week on Tuesday. The next eighth grade meeting is October 31 and the next seventh grade meeting on November 1st.

## VOLLEYBALL IN GYM CLASSES

by Sandra Smalley  
If you happen to pass the gym you will see much sport activity known as volleyball. This is a popular sport with the girls, especially the girls in seventh grade. Mrs. Isola, after teaching the girls how to play, today let them play on their own. You should see how fast they learned.

## THE PRINCIPAL'S OFFICE "A Successful School Year"

Those first hectic days of school have passed. Now you can catch your breath. You want this to be the most successful school year of your life. What determines the progress you will make? Now is the time to stop and take stock of how you are doing. First, take a look at your grades for they serve as a future record for teachers and employers. Therefore, one should constantly try to improve them. These are "the best years of your life" — the "do or die" period. Make the best of these years; cram and harness every particle of knowledge in to your mind — one never knows enough; pay attention in class; absorb and digest facts — facts that will aid you in future years. Are you making progress in school?

Secondly, do you value your education enough to strive for perfect attendance? Do you realize how much you may miss when you are absent from school? American children have the privilege of attending school even though they are not among the most talented. In Russia, less talented children are pulled out of school at an early age and forced to work in factories or on farms. The most fortunate ones are placed in a college and become engineers and scientists without choice. In America we all have an equal chance. We should take the opportunity afforded us as citizens of a free country to be in school every day.

The important thing is to do your best. Have you? Do you take part in school activities? Why not use your talents for Clarkston Junior High School?

This is the best time to develop these questions. Are you cooperative? Are you courteous? Are you honest? Your honesty plays a great part in determining your character. Are you friendly? Friendliness makes friends — and everyone needs friends. Are you dependable? Can you be trusted? Are you helpful?

All these qualities are necessary for a successful school year. Make up your mind now! What kind of school year is this going to be for you?

## NEW TEACHERS AT C. J. R. H.

One of the new and interesting teachers at Clarkston Jr. High is Mr. Gordon Grice, who is enjoying his first year of teaching Mr. Grice has seventh and eighth grade Science classes along with one study hall.

Mr. Grice was born in Detroit, Michigan, and went to college at Central Michigan University. While, in college he majored in biology.

Mr. Grice has traveled to Kansas, Illinois and New York. He is happily married and resides at Waterford, Michigan. Linda Foote

## JUNIOR HIGH CHATTERBOXES

by Carol Cinader Nancy Gottschall Kathi Clark

Now that the school year's in full swing, you can imagine all the gossip buzzing around the halls. We've decided that it would be fun to let you in on some of it.

Virginia, why were you sick after that party Friday night? That must have been some party! We hear that a certain 7th grade girl can't stand the song "Johnny Wait for Me." Why not? Hey Louise, did Connie and Chipper have fun at your hayride Friday night?

Leslie, what's this I hear about your walking a different girl to the bus every night?

Patti W., is it true you have a crush on a certain 7th grade boy? Cindy, why do you melt whenever you see a certain 8th grade boy?

Here's a list of crushes rumored in the Junior High:

Linda Brodtkorb has a crush on Rick Mygrance. Seems Virginia likes him too. How do you do it Rick??

Shirley and Frank are still going together, too.

Pam A. likes Vic. Seems Pam Wier and Carol both have a crush on Carl H. He's quite a popular boy!

Joyce has a crush on Bob T. Butch Gladding and Janet Miles are going steady.

Kathi Clark and Wayne Helm are going steady.

Linda W. and Ronnie B. are going together too.

Tinkie Pedigo and Punk Wolfe are going steady.

There are many more, but we couldn't get them on one list. There'll be another list next week.

started in September and returned to finish them October seventeenth. The windows seem to let in more light & they give the rooms a more airy appearance.

The shades on the windows are attached in the middle and can be adjusted at will. The ventilation instead of blowing through a raised window is blown through a window tilted at an angle which guides the air upwards instead of across the room. The Junior High School would like to thank the Board of Education, Dr. Greene, and the taxpayers for your help in improving our school.

## SHOP PROJECTS

by Lon Howey

This year seventh and eighth grade students have been occupying themselves by working on some very interesting projects.

When the students begin the year in shop they are all given like projects to complete. After completing his assigned project

a student may start any project he wishes. The beginning projects this year were house signs, book racks, and nick-nack shelves. All first semester projects must be constructed of wood. Metal and plastic projects are considered second semester work.

From where I sit... by Joe Marsh

### Red Dolan's "Madness"

One day, "Red" Dolan was seen at the golf club strapping on a pair of snowshoes!  
When some of Red's friends heard about it, they began joking about Red's mystifying "madness." But I figured Red must have had a reason for donning snowshoes, so I asked him about it.  
"Well," said Red, "You know that marsh near the 14th hole. Joe. A lot of the boys slice golf balls right into there and lose 'em for good. So I just put on my snowshoes — they let me travel on top of that spongy marsh surface without sinking

in — and retrieve those golf balls. You should have seen my last haul — enough to play all season with."  
From where I sit, people often form opinions about things before they know all the facts. Some folks, for really no good reason at all, will criticize a man for preferring a glass of beer to some other beverage. It's just a matter of taste. To think otherwise is just plain intolerant. And it's a sure way to "shoe" away friends.

**Lillis M. Dunseith**  
 Mrs. Lillis M. Dunseith passed away at the home of her daughter at 6475 Waldon Road, after a lengthy illness, on October 24, 1960. She was 81 years of age. She was born in Ontario, Canada, on June 6, 1879 to Mr. and Mrs. Edward Browning. In 1908 she was married to Joseph Dunseith. Mrs. Dunseith was a member of the Royal Oak Eastern Star and White Shrine. She has three children; F. Grant Dunseith of Dearborn, Mrs. Cecil Jennings of Clarkston and Mrs. B. F. Chamberlain of Royal Oak. She has a sister, Mrs. Edna Skidmore, who lives in Detroit. There are 7 grand-children and 2 great grand-children. Services were held on October 26 at 11:00 a. m. in the Oakview Cemetery, in Royal Oak, with Reverend Thomas W. Kirkman of the First Presbyterian Church there, officiating. Arrangements were made by Lewis E. Wint Funeral Home.

**UNICEF**

This will be the seventh year that Clarkston children have participated in the new American Halowe'en of sharing their treats with "all the world's children". These youngsters are asked for a coin for their canisters instead of a treat for themselves. One cent provides enough BGG to protect one child from Tuberculosis; one cent becomes five glasses of UNICEF milk; one cent becomes DDT to protect a child from Typhus; five cents provides enough penicillin to cure one child of Yaws. The UNICEF drive is sponsored this year by the Margaret Richards Circle of The Methodist Church.
