New Gym

The new gym, located in the Community Building, is now open and ready for plenty of action according to Leo Armstrong president of the independence Township Recreation program.

Physical fitness for men and boys of all ages, is the goal set by Mr. Armstrong, and his able assistant, Stan "Stag" Allen, who is a professional ex-champion of bantam-weight class in Golden Gloves. They feel that what the boys learn, and the skills they develop in the gym, will increase their capabilities on the basketball floor and the football field. The gym will be open five nights a week, from 6:30 to 8:00 p.m. Saturday night is set aside for boys under the age of sixteen, and it is hoped that in the near future, another night can be as-

GO WEST YOUNG MAN, GO WEST

Undoubtedly Horce Greeley Detroiter Mobile Homes, Inc, Sells turned over in his grave when he heard his immortal words spoken last Saturday by Jack Frost, Scoutmaster of Troop 126.

These were the directions given to several of the patrols on the Troop's hike. However, it seems that he made a slight mistake when reading his compass while plotting the courses. What he meant to say was "go east."

Because of this slight mistake, these patrols ended up on the shores of an unknown lake. After deciding that this wasn't their destination, they discarded the sheet of instructions and set out for their goal on their own. They had no trouble finding it.

Reliable sources say that Mr. Frost has been working quite late this week - on compass reading of course.

FOOD FOR THOUGHT

(When making your Holiday trip) If you have to look at your speedometer when you pass a police car, you don't know what you're "doing."

That last drink for the road often resluts in another "bier". It's proper to go steady on the highway but don't hug the car ahead.

A telephone is better than an automobile for close calls. Stop Perspiration: Don't drive half-safe!

There are no highways in heaven so there's no sense in going there by car.

forcefully inspiring. The unity of the evening was enhanced by Mr. Clifford West's fascinating presentation. His lecture "Design Through the Centuries" surveyed the evolution of perspective from the cave man's primitive art to our contemporary artists. His employment of slides which accompanied his lecture served as a visual means of explanation of design.

A coffee hour was enjoyed by the Friends whereby they had opportunity to talk with the guest artists.
