TOURNAMENT PRELIMINARIES SATURDAY NIGHT

D. A. R. Chapter 51st Anniversary

The 51st anniversary of the General Richardson Chapter of the Daughters of the American Revolution was observed at a luncheon meeting Thursday at Ted's Restaurant.

Chaplain, Miss Grace Clark offered a prayer after which 40 members and guests gave the flag salute and American's Creed. Regent, Mrs. L. E. Echinaw asked Dr. Sarah Jones to introduce the speaker, Daniel Skeen, a student at Michigan State University. Mr. Skeen's home town, Rochester helped him to spend last summer in Nigeria, Africa with 180 other students, 14 being Americans.

This topic was "Operation Crossroads Africa" which was an experiment in international living. The students cooperated in the construction of a large village market place which serves for an exchange of farm products and goods and also as a social center. All students, including four girls, did their share of laying foundations and erecting the building. Each served in garden work and preparation of meals. Yams form an important part of the diet of North Africans.

Briefly this young college senior responded to questions from his audience telling them that the summer project was one of understanding the peoples of Africa. The students were very well treated by the natives and there was no evidence of anti-white feeling. Two hundred forty-eight distinct languages were spoken in the British Colonial villages where he stayed and there was always someone around who spoke English. The student project was sponsored by a Negro Presbyterian Minister. There were missions of all denominations nearby.

The chairman of National Defense in the local D. A. R. Chapter reported that there is a Communist inspired program at work to do away with our U. S. investigative un-American Committee. The Communists are trying to abolish any attempt at looking onto any questionable persons or practices.

Donations of maintenance money were received by the chapter's treasurer, Alice Serrell for the benefit of the Mooney-Goddard School at Tamassee, S. C. This is a state D. A. R. endowed school and dormitory for young boys of the mountainous area who would have no schooling otherwise.

Guests of the chapter for the day were regents of other D. A. R. Chapters. There were: Sara Ann Cochran, Mrs. Robert Willoughby of Plymouth, Michigan; Mrs. Allen of Piety Hill Chapter of Birmingham; and Mrs. Von Schon of Ezra Parker Chapter of Royal Oak.

Other guests were Mrs. Sage of Royal Oak and Miss Margaret Thorpe of Pontiac.

Chairman of hostesses was Mrs. Lucius Howlett. She was assisted by Mrs. Louis Dunlap, Mrs. W. H. Todd, Mrs. Harry Windiate, Mrs. E. B. Wallace and Mrs. Ray W. Kemp.

Surviving Mrs. Schoff is a son, Marce T. Schoff of Clarkston; two daughters, Mrs. Esther Farnsworth of Pontiac and Mrs. Dorothy Turner of Pontiac. She has 14 grandchildren and two great-grandchildren.

"Mother's March" Time Changed

As a precautionary measure, the date for the annual March of Dimes "Mothers' March" in Oakland County has been changed, according to an announcement made today by George W. Kuhn, county campaign chairman.

This office checked with Harold Goyette, our area chairman, who reports that we are going along with the change and that our plans will coincide with the county plans.

The Mothers' March, previously slated for the evening of January 31, now is scheduled between 2-4 P. M. Sunday, January 29.

"The recent outbreak of criminal attacks in the Wayne County area, coupled with recent reports of burglaries & assaults in Oakland County, is the major reason for the change in Mothers' March dates", the March of Dimes leader explained.

Kuhn said the change was being made in Wayne and Macomb Counties at the request of the volunteer marching mothers, who did not want to venture on the streets in the evening.

"None of our volunteer solicitors ever have been molested in all the years we have been doing the Mothers' March," he said, "but we feel it is better to be safe than sorry, so we changed our date to coincide with the Wayne County change."

"I also want to point out that this is not in any way a reflection on the various police agencies throughout the county, who always have done a magnificent job in protecting and looking out for the volunteers as they make their visitations for the March of Dimes. On the other hand, it obviously is impossible for police agencies to give safe conduct to the six or eight thousand volunteers making their appointed rounds at one time," Kuhn added.

With the possible exception of two communities in the county, the date change will be effective throughout the county.

"LADIES IN RETIREMENT" TO BE PRESENTED SOON

Plans are well under way to offer the public an evening of worthwhile entertainment, as the Lakeland Players go in to serious rehearsals for their current production "Ladies in Retirement". Jim Starnes is the director of the mystery drama, with Duke Chaffee as producer.

The dates set for the play are Friday, February 3 and Saturday, February 4, and it will be given at the C.A.I. Building in Waterford, at 8:00 P. M.

As soon as this play is over, Lakeland Players plan to immediately hold try-outs for "The Tender Trap" to be presented on March 25 & 26. They are looking for a Debbie Reynolds type girl in particular, but will need a whole "play full" of characters, so urge anyone who is interested to watch for the date of the try-outs.

PENSIONERS MUST REPORT TO V. A.

Approximately 37,656 disabled veterans and dependents of some 19,398 deceased veterans in Michigan who receive monthly pension payments, are being reminded by the Veterans Administration to report their annual income promptly and avoid the risk of having their payments stopped.

C. W. Nixon, Acting Manager of VA's Regional Office in Detroit, said today that all pension recipients are receiving a tabulating card along with their January 1 checks. It is on this tabulating card that the income report must be made and returned to VA within 30 days.

Pensions cease under the old pension law if the income of a single individual exceeds \$1400 or \$2700 if the recipient has dependents.

Under the new law which went into effect last July 1, Mr. Nixon pointed out, pensions will cease if the income of a single individual exceeds \$1800, or \$3000 if the recipient has dependents.

The amount of the pension may be reduced if the recipient's annual income rises from one of the lower income bracket — \$600 and \$1200 for a single veteran or widow with out dependents, and \$1000 and \$2000 for a veteran or widow with dependents.

Dependents' parents who receive dependency and indemnity income questionnaires and their payments are similarly regulated by the amount of their income, Mr. Nixon added. Regulations require payment to be stopped if the income report is not returned to the VA within 30 days.

Annually, a sizeable number of pension recipients suffer payment interruptions through failure to make their income reports on time.

Committees for ice activities, turkey shoot, "iced refreshments on the ice" parade, bait, prizes, ritual and weather, are at work.

"There will be bait for those who want to fish," says King Charter, "We even have a boats and barges committee, in case we should have a thaw before the big day."

Immigration officials are well pleased with the response of aliens in this State to address report requirements.

Mr. Walter A. Sahli, District Director of the Immigration and Naturalization Service stated that although the program has been underway a few days the number reporting thus far is well ahead of the number reporting during the same period last year.

Aliens have until the end of January within which to submit their report of address to the Government. Forms for the purpose may be obtained at any Post Office or any office of the Immigration and Naturalization Service.

All aliens, with few exceptions, are required to report. Those excused from the requirement include diplomats, persons accredited to certain international organizations and persons who are admitted temporarily as agricultural workers.

FISHING EXPEDITION HELD AT LAKE OAKLAND

Oakland County's sixteenth annual ice fishing expedition will be staged at Lake Oakland on Sunday, February 26, climaxed by the Fishing Week which was proclaimed today by Marshall Charter, ice fishing king.

The February 26 stag event will be an all day affair at the hall of Chief Pontiac Post of the American Legion, at Lake Oakland. The program will begin with breakfast at 9:30 a. m., and continue through the coronation of the fish king for 1961 and a fish feast in mid-afternoon. Hereafter the ice fishing expedition and the crowning ceremonies have been held on different weekends but Charter's proclamation detailed changes for the 1961 event which will see the entire program rolled into one day.

Tickets go on sale next week John E. Harrington, general chairman, announced. Charter whose "official" title is "Charter the Martyr," made the slogan for winter anglers in Oakland County's lakes "fish for fun in sixty-one", and has named committees for the February 26 event.

Committees for ice activities, turkey shoot, "iced refreshments on the ice" parade, bait, prizes, ritual and weather, are at work.

HOUSE BURNS ON MAIN STREET

The former residence of Dr. Don Stackable burned during the early hours of the morning, Thursday while 23 of the Township's Fire Department volunteers fought valiantly for seven hours to keep the blaze under control.

The house, located at 14 N. Main Street, had been standing empty since the Stackables moved to their new home on Park Lake.

The alarm was turned in at 12:30 A. M. by neighbors, who had been smelling smoke all evening, an indication that the fire had been smoldering for some time.

It took two hours to bring the fire under control, after firemen reached the scene. They had three pumps and one tanker in operation, all Township-owned equipment.

Farmers Market, Disneyland, Rose Parade on January 2nd. The Halls are ardent picture takers and their friends are now waiting to see the many shots they took. When they returned home they discovered their house had been broken into and ransacked. Several items were missing. Not a nice home coming after a pleasant trip.

"VENDING MACHINES CAN DISPENSE TROUBLE"

It has been recently brought to our attention the fact that certain operators are attempting to use the classified sections of daily and weekly papers to sell vending machine routes owned by non-Michigan business. The ad informs the reader that a company representative will be in a local hotel on a certain day. The company will supply the machines, select the sites and renew the stock, and all that you need is a little money, a pleasant personality and some extra time.

We have found that despite the rosy picture painted by the ad many people lose a great deal of money in this operation in the following ways:

- 1. They invest their savings to purchase the vending machine in order to assure the traveling agent of their "good faith."
2. They invest valuable time and energy in replenishing and publicizing the machines.
3. They write, wire, and finally telephone the company when the machines break down or the supplies cease to come, only to discover often that the company is non-existent or is judgment proof.

Newspapers are doing a splen-

did job of protecting their readers by closely checking these ads before they are used, but the ultimate protection is your own common sense. Check into the agent's claims very carefully and check with the Michigan Corporation and Securities Commission to make sure that the company has a resident agent in Michigan. Think twice before you invest!

1,800 ATTEND THREE-DAY CONFERENCE

Over 1,800 in attendance at the three-day Bible conference at Pontiac Central High School this past weekend heard Mr. Nicholas

Kovalak, Jr., district supervisor of Jehovah's witnesses in this area address the concluding session Sunday. In answering the question "Is God Interested in the Affairs of Men?" Mr. Kovalak said: "Does God really care? He must care, since as a Creator and loving Father he has provided everything that man needs: water, food, air, and resources. In addition to making provisions for man's material needs, Jeho-

vah God has shown his love and concern for man by providing for his spiritual well-being. Evidencing the gifts God has given to man are: the Bible for man's instruction; His only begotten Son, Christ Jesus, as a ransom price to remove sin and open up before man the possibility of everlasting life. This will come under the promised kingdom government through the leadership of Christ Jesus, the Prince of Peace."

It was announced at the convention that five congregation overseers in attendance have been invited to attend the Watchtower ministry school at South Lansing, New York, for a four-week course in February studying Bible doctrine, organization, and methods in preaching and teaching. Mr. William P. Strong, Pontiac presiding minister is among the five. Others are William Behn of Royal Oak, Robert Geurdes of Mt. Clemens, Leroy

Striber of Washington, and David Szekeley of Caro. At Saturday's baptismal ceremony 29 persons symbolized their dedication to do God's will by water immersion thus entering the teaching and preaching fellowship of over 320,000 Jehovah's witnesses who are now serving in 197 countries world-wide. It was also made known at the assembly that the Watchtower Society has made extensive plans for European conven-

tions to be held this summer in Copenhagen, London, Hamburg, Brussels, and Paris. Of those in attendance at the Pontiac assembly, 24 are making travel plans to attend these conventions, twelve being from the Pontiac area. Appearing on the program Sunday was Mr. Edward Strong of Fenmore St. and Mr. Edward C. Thornton, presiding minister of the West Unit Congregation of Pontiac, introduced Mr. Kovalak.

THE EDITOR OBSERVES

With the coming of the end of the first semester we find that ahead of us lies such things as semester finals and due dates on term papers. All of this is a part of school that we are used to, or are we?

Can we honestly say we know what's going on when time after time we put off writing a term paper until the late hours of the night before it's due? Think of how much easier it would be to work for several weeks on the paper; doing only a little at a time rather than cramming all that work into a few hours.

As far as finals go it is the same story, cramming the night before. Why not learn it as you go along and then only have a quick review before the test. That Government or Literature book doesn't seem half as big if it is studied a little at a time every night.

But you probably think that you're doing it the easy way, so go ahead and someday you'll realize what way is really the easiest.

FIGHT! FIGHT! FIGHT!

by Linda Hallman
 So far this year the spectator turnout has been very good at the Junior Varsity and Varsity games. But what about the Freshman games? After all these ninth grade players, in a few years, will represent our school as the J.V. and Varsity. The games are scheduled for Monday and Wednesday nights at 7:00.

February 8th, the Freshman cheerleaders will have a pep assembly for the ninth grade before the home game with Northville. Let's really get out and root for our team. See you at the game!

FRIDAYNIGHT FLING

by Mary Robbins
 A dance sponsored by the Science Club will be held tomorrow night, Friday the 13th, after the game with Milford in the cafeteria.

Planning and putting up the decorations are Carl Wilberg, Fred Lissner, Frank Palmer, and Dick Sheidon. Taking tickets will be Barb Papi and Alice Olafson. Frank Palmer is in charge of records. The publicity is being handled by Blair Bullard, Mary Robbins, and Mary Hinkley. Earl Pearson and Phil Smith are in charge of finding chaperons. Ron Jyreen is general chairman for the dance.

THESE ARE THE TIMES.

Kathy McDermott
 Now that the holidays are over, we can quote one famous American by saying, "these are the times that try men's souls." For the next two months we will be facing school without any vacations at all. Through the end of the six weeks and the semester change, we will have to work hard to keep our work and our dispositions at their best. Our hard work will be well rewarded by the Easter vacation and for the lucky Seniors, their Senior trip which will begin around the fourth of April. We must all do our best to help one another and ourselves to keep a happy smile on our face and a friendly word for everyone on our lips. This after holiday slump happens every year and you always have lived through it before, so surely you will this time. Just work hard and keep smiling, remember, things could be worse.

A NEW YEAR FOR Y-TEENS

by Adele Lynady
 Y-Teens held their first monthly meeting of the new year Tuesday, January 10, to plan their coming course of events.

Mrs. Janet Adams, the Teenage Program Director from the Pontiac Y.W.C.A., was here to discuss and plan many new and interesting programs to spread the importance of the Y-Teens in the school as well as the home.

The annual Y-Teens card party, which will be held in March, was planned and committees were chosen to get this well-known project underway.

Two delegates were chosen to represent Clarkston's Y-Teens at the Mid-Winter Conference at Clear Lake Camp this winter. They will bring back new ideas for the members to follow throughout the remaining year. The long awaited Y-Teen pins finally came and were distributed among the new girls as well as the old members who wished to reorder pins.

FUTURE NURSES SPONSOR DANCE

by Janet Tisch
 Adding to the list of the many activities they sponsor and participate in during the school year, the Clarkston High School Future Nurses Club sponsored a dance Friday, January 6th. Adding to the enjoyment of dancing to the latest records, the Vallids sang some of their favorite songs to an attentive audience. As always the group was greeted warmly.

After school Friday, five of the club members helped set up for the dance that lasted from 9:30 to 11:30 in the school cafeteria. Lois Williams was in charge of chaperones; Mary Sholis, Records; and all of the club members helped take admission at the door.

Some of the couples seen at the dance were: Adele Lynady and Jerry Powell, Mel Joseph and Cheryl Hipp, Mike Brown and Sue Cushman, Larry Morgan and Marlene Smith. Seen in the stag line were Linda Hallman, Marty Madison, Jim Chapman, Dick Moore, Leslie Hurstall, Richard Price, Chuck Funk, Gary Palmer, Carolyn Ruggles, Darwin Donaldson, Ron Woodworth, Sally Moore and Jane Zumburden.

PLANNING FOR THE FUTURE

by Judy Leach
 With the Christmas season over, the Future Teachers of C.H.S. are planning activities for 1961.

At a recent meeting on Wednesday, January 11, the Future Teachers saw a very interesting movie on the preparation of Teaching.

Later this year, the members will be given their cadet teaching assignments, where they receive the experience to master teaching methods of our society.

CLARKSTON J.V. BOWS TO HOLLY

by Mike Howey
 On January 6, Holly's Junior Varsity took advantage of the partisan home team crowd to pull out a tight game with the Clarkston High School J.V. 47-41. After this encounter Holly's Varsity continued their flawless season by defeating Clarkston High 63-39.

Heading Clarkston's Junior Varsity's scoring list were Dick Lord and Roger Rolfe. They compiled 13 and 7 points respectively.

Coach Vaara has stated, "They (referring to Clarkston's Junior Varsity) are a good bunch of boys, but can't get the ball through the hoop."

Thirty-five percent of the free-shots are sunk by the J.V. squad, when the average should be near 65 percent. Field goals are usually scored at the rate of one for every three shots, while our boys are sinking only 28 percent of their shots.

January 13th at 7:00 p.m. Clarkston will play host to Milford. This is a game to watch as the Milford team is the only one in the Wayne-Oakland League capable of trimming the tough Holly combination.

WINNING STREAK ENDS

by Janet Tisch
 Clarkston High School's Debate team fell to Northville and Brighton January 3rd, ending their twelve game winning streak.

Both rounds of debates were judged very close, showing the deep competitive spirit that has developed in the debaters during past seasons and carried over to 1961.

A debate was also held at Bloomfield Hills High School, January 11. Here C.H.S. debated against Milford and Bloomfield Hills High School.

IT'S O.K. BUT . . .

Don't get me wrong I really like school, but sometimes things just don't work in my favor. It would be all right except that my alarm unfailingly rings in the morning at such a pitch that I can't mistake it for the telephone or manufacture any other plausible alibi. That's the main thing that throws the day off, getting up. Then trudging, and I mean trudging, out to the bus through miles of snow that has conveniently drifted down the path you take to the road. But I can overcome all this because I have learned in my classes to cope with anything. Now we come to my main problem, a solution to it would make me extra fond of attending school. That is the simple problem of sitting in a class hour after hour cramming knowledge into a head that believes it has been over crammed.

CLARKSTON SUFFERS THIRD SETBACK, 63-39

by Dick Miskin
 Clarkston's varsity basketball team suffered its third straight setback Friday night, losing 63-39 to a well-balanced and powerful Holly squad.

While paced by the sharp-shooting of Don McKenzie and Ron Morlan, whose combined efforts totaled enough in itself to send Clarkston down to defeat, Holly extended its winning streak to five games while maintaining sole possession of first place in the WO league.

McKenzie a 6'2" Senior dumped in 21 points to take individual game scoring honors while teammate Ron Morlan a 6'3" center contributed 10. Bill Powell was high man for Clarkston with 16.

In dropping their third game in a row, Clarkston played primarily on an even basis with Holly through out the first half. Although they always trailed they still managed to keep the game pretty well close.

In the first period, by taking advantage of various bad passes, sloppy play and numerous other Clarkston mistakes, Holly coasted to a 21-14 lead. Clarkston, in the following quarter cut the deficit to come within one point, 25-24 but that was close as they ever came again against this tall, tough and poised Holly attack.

Coach Mauti, in the second half, applied a bit of strategy apparently in an attempt to find a "hot" combination. He substituted Jerry Powell, Chuck Funk and Ron Lundy for Ron Walter, Mike Applegate and Gar Wilson. The move however, failed somewhat as Holly's starting quintet seemed to gain more confidence as the game progressed which led to gradual build-up of a lead that eventually put the game completely out of reach.

Whatever chances the Wolves had of upsetting Holly were shattered in the disastrous second half as a result of a lack of scoring punch, numerous mistakes and a near collapse of the Wolves' attack. Clarkston totaled a meager 8 points in the third quarter and seven in the fourth for a total of 15 points while Holly managed to score 31.

In other league action, Milford hung onto second place by defeating Brighton, 61-47, for its fourth league victory against one loss. Clarenceville won its first game in four attempts as it upset W. Bloomfield, 59-37. And Bloomfield Hills made its record 2 wins, three losses by defeating Northville 60-52.

Tomorrow, second place Milford meets Clarkston on the Wolves' home court. The Wolves had better find their way back on the winning track if they have any intentions of possibly catching Holly in the league race or at least finishing the season in a respectable position.

SIXTH GRADE "21 CLUB"

The 6th grade "21 Club" had their dance last Saturday night in the Junior High cafeteria. They enjoyed round dancing as well learning a couple of square dances and the Jesse Polka.

Excellent participation on the part of the students led to an enjoyable evening for all. The chaperons for the evening were Mr. and Mrs. Paul McCracken, Chairman, Mr. and Mrs. Donald Wilson, Mr. and Mrs. Glenn Rundell, Mr. and Mrs. Homer Richmond, Mr. and Mrs. Ron Allen and Frank Green.

FORMULAS

by Cricket Embrey
 Mr. Jervis's math classes started working with formulas. They are working with the area and perimeter of different objects. Some people think it is very hard but they are struggling through.

GRAPHS!

by Gaye Lynn
 The junior high math classes saw a movie on graphs. It showed several types of graphs, including bar graphs and circle graphs.

The movie was based on the problems of a school newspaper staff. It seems they had a few debts to meet and they didn't have the money to pay them, so they figured out by graphs, their problems.

STUDENT GOVERNMENT

by Bobette B.
 The student government had a meeting January 6th of last week. The members are going to select a student government pin at their next meeting.

A few of the members are going to assist parents on Back to School Night.

There is going to be a talent show in the future. But no date has been set.

The council also has adopted a constitution. This was approved by the members January 6th, 1961.

BASKETBALL BEAUTIES!

by Patti White
 Boys aren't the only people that can play basketball! The girls in Mrs. Solas's gym classes have been "making a jolly-good show of it."

Maybe girls are a bit more fussy than boys but it's all for the better. Once in a while you hear a cry of despair, "Oh! no! You broke my longest fingernail!" But she has 9 more so there is nothing to worry about.

All in all, the girls have been having a "barrel o'fun" in gym class. Keep it up girls, you need a lot more exercise than just running, or — walking, out to the mailbox every night!

PRACTICE MAKES PERFECT

by Sue Hampshire
 Yes, practice makes perfect and how well Mrs. Turner's art classes know. During the last few weeks some activities have been going on. Such as making clay heads, and then pouring plaster over them.

Then after this, work did not cease. Wire ermites followed. Ducks, people, swans, elephants, and many other ideas took shape. Then the next step is to pour plaster over the wire objects.

The following projects are pouring molds, and making mobiles.

Out of these projects everyone has gained the knowledge how to make such interesting objects. But, don't think it's easy. A lot of hard work and dirty hands have occurred, but as we all know — "Practice Makes Perfect".

BUSY AS BEES

by Sue Munsee
 It seems that the 7th hour Home Economics class is keeping very busy lately. Everyone is trying to beat the semester in getting her projects finished. Susie J., Mary B., Linda S., Pat M., are working on blouses and are doing quite well. Roberta F., Ann B., Linda G., Cheryl D., are working on pleated skirts. But unfortunately, mistakes are made and must be corrected. Cheryl D. has had quite a time with her pleating and Linda G., with her zipper. Janell A. and Willa B. have done very fast work. Janell has her skirt done and has started a weskit to go with it. Willa is finished with her dress except for the hemming of the skirt. We all have been working quite hard in these classes, so girls — keep up the good work!

SKATING PARTY

 On January 8 at Mike Waite's house on Maceday Lake, Mr. Hathaway's 3rd hour 7th grade Math class had a skating party. We all had a good time.

RESOLUTIONS?

by Pat White
 The old year has finally "flown the coop," and the new year has recently stepped in to take its place. Many good and bad things together will happen this year.

Resolution - making time has come! Parents are completely tied up in helping their "off-springs" stick to their resolutions. For instance, if a person would like to "cut" candy out of his diet, he asks his parents to keep him from eating it. Soon the sun sets and rises, a new day is born. As the day rolls on, he has a feeling that he simply must have a piece of candy! But remember the resolution, no candy!

He then pleads with his mother, but all she says is "you told me to give you absolutely no candy, so . . ." Now he is heartbroken because of some resolution he has made.

My advice to you, is to make resolutions that are easy to keep. Such as, not to jump off the Empire State Building this year. I have made only one resolution, and that is to make no resolutions this year.

LITTLE BITS OF ODDS AND ENDS

by Karen King
 Mr. Jakeway's history classes are studying the War of 1812. Mrs. Wiseman's English classes are making demonstrations for a speech unit. Mrs. Anderson's mathematics classes have finished percentages and are about to study formulas for computation of areas, etc. Mr. Maunula's science class finished a chapter on the "Earth's Changing Surface" and had a test.

LET'S TALK ABOUT PROJECTS

by Kris Smith
 Mrs. Beach's students can relax a little, now that projects are over. To give you a better idea of just what is meant by projects, here are a few examples of projects that were handed in: there were quite a few rock collections, and Gary Fitch got his examples of rocks from a gravel pit and found out their names to label them.

There were shell collections and projects on stars and planets. John Jones made an interesting contraption that he called a RADIMICROBUZZ. There were also models and cross sections of volcanoes and models of different kinds of valleys. Jim Jackson demonstrated in class how a volcano erupts, and it turned out to be very interesting.

OPINION
by Joyce Kaiser
Rita Curtjs

We thought if would be fun if each week we asked the kids different questions about things in school. So we started by asking the boys what they thought about the girl's wearing short skirts. Here is what they said:

Gary Pearson: "Depends on which girls wear them."
Francis Federspiel: "I like them!"

Randy Arms
Mr. Shelton: "There's a time and place for everything."
Mr. Treas: "They are just a little bit ridiculous. They should come down just below the knees."
Mike Johnson: "Depends on the girl."
Danny Jenks: "They're OK if the girl's OK."
We asked the girls what they thought about the boys wearing "shackled slacks" and here are some of the replies:

Kerry Sanford: "On some boy it's OK but on some it isn't"
Linda Haynes: "I think in some cases it is O.K. Most of them look better if they are where they are supposed to be."
Gale Getzan: "Awful!"
Pam Weir: "It matters on who it is and what kind of boy he is."
Sharon Hall: "On some boys they look OK but on others they look awful."
Linda Foote: "Personally, I don't like it but if boys want to look like "hoods" that's their business."
Judy Hamilton: "They look OK if they are worn right."

Insomnia

If I sup not well, large, round and amply, my sleeping is not worth a forked turnip. All the night long I then but doze and rave, and in my slumbering fits talk idle nonsense, my thoughts being in a dull brown study and as deep in their dumps as is my belly hollow.

French satirist

Both sleep and insomnolency, when immoderate, are bad.

—HIPPOCRATES (5th Century B.C.)

Men tire themselves in pursuit of rest.
