Polio Clinic Biggest Yet

The fourth consecutive polio clinic at the Clarkston Elementary School on January 25 was successful beyond the greatest expectations of those who planned the whole thing. There were 350 shots given during the first hour, with a grand total of 1,350 shots given during the day. Mrs. James Hart, Health Chairman of the Elementary School, and director of the arrangements for the polio clinic, stated that everyone concerned was very busy!

There were six nurses and a doctor working at all times. Dr. Al Hamilton donated his services in the afternoon, and Dr. Ronald LePere worked in the evening. The nurses donating their services for the project were Mesdames; John Conrad, Donald Hoff, Rockwood Bullard, Victor Matzelle, John Stageman, Robert Johnson, Richard Warren, Hoyt Lomas, Phillip Cowden, B. T. Parrott and Daniel Williams.

The receptionists handling the bookwork and keeping things running smoothly were Mesdames: Richard Funk, Richard Young, Leslie Johnson, Vernon Kath, George Mantylas, John Adams, and Charles Mathews.

Mr. Keith Hallman, of O'Dells Drugs furnished the workers with supplies necessary for their work, which is so imperative if polio is to be stricken from the records as a "killer" in our lives. He was called upon many times to replenish the supplies, as the demand was great.

Edward Fuller Passes Away

The Rosary was recited on Friday night in the Coats Funeral Home, for F. Edward Fuller of 733 Broadway St., in Davisburg, who died unexpectedly Wednesday. Mr. Fuller was well known in this vicinity, having lived here his entire life, and having been affiliated with the Beattie Motor Sales as sales manager for 30 years.

The many friends Mr. Fuller made and kept through-out his life filled the church to its capacity when Requiem High Mass was sung at Our Lady of the Lakes Catholic Church in Waterford on Saturday following 10:30 A. M. prayers at the funeral home. Burial was made in the Lakeview Cemetery in Clarkston.

Mr. Fuller was past president of the Waterford Rotary Club, and a member of Our Lady of the Lakes Church, and of the Holy Name Society of his church.

Surviving are his wife Fern; six daughters, Mrs. Stanley Wood of Pontiac, Mrs. Claude Sheldon of Clarkston, Mrs. Bernard Wilder, Mrs. Earl Hall and Mrs. Joseph Rehus, all of Davisburg, and Jeanne Fuller at home; three sons, Frederick E. Jr., of Clarkston, Leo and Rodney, both at home; and 13 grandchildren.

Also surviving are two brothers, Harry of Clarkston and Leo Halfpenny of Pontiac; and four sisters, Mrs. Hazel Edgar in Idaho, Mrs. Irene Snyder of Birmingham, Mrs. Charles Ellis and Mrs. David Lykins both of Pontiac.

SEPARATED

Dedicated to Edward Fuller, who served with me for more than 30 years.

I do not mourn because I fear You've passed to plane unknown, Nor do I shed a salty tear That God's not claimed His own. I know for sure, your loyal soul Which served with me so well, Has reached, at last, the honor roll Where deeds, the angels tell. I worry not about the place Where you must now reside. When you met judgment face to face, There was nothing there to hide. I envy those in whose embrace You rest from all your cares, And pray that all the human race Could know the joy that's theirs. The ache I feel within my breast Is selfishness, I'm told, In knowing God had richly blessed

Us both with love to hold. I ache to think how much I'll miss That "other part of me". And think that life will be like this 'Til I too am set free.

Ruthann Carmean and Robert Porritt Married in Candlelight Service

MRS. ROBERT L. PORRITT

In a candlelight ceremony in the Clarkston Methodist Church on Saturday, January 28, 1961, Ruthann Louisa Carmean became the bride of Robert Lee Porritt. Reverend William Richards performed the ceremony which took place at 7:30 P. M., before the altar adorned with bouquets of white carnations and white stock, with glowing candelabra.

Ruthann was lovely in a floor-length gown of Schieffli lace. The fitted bodice was accented by the scalloped neckline. The very full, multi-tiered skirt extended into a chapel sweep. Her finger tip veil was held in place by a crown of lace and pearls. She carried a semicascade of white carnations and lilies of the valley.

The bride's attendants included Mrs. Vern Carmean, her sister-in-law, who served as her Matron of Honor and Miss Carolyn Warrick, Miss Sandra Gresham and Mrs. Patrick Thompson, sister of the groom, who served as her Maids of Honor. They wore ballerina length dresses of Miermiste in royal blue and carried colonial bouquets of white carnations and yellow roses with yellow ribbons.

The little flower girl was Lezlie Marie Callahan, who was dressed in yellow organdy and carried a basket of rose petals, which she scattered along the aisle as she walked ahead of the bride.

The groom chose his brother, William Porritt, to attend him as best man. To serve as ushers at his wedding he chose Richard Caverly; a brother of the bride, Vern Carmean and James Kreider of Okemos, who roomed with him at Albion. He entrusted his nephew, Georgit Porritt, with the rings, as ring bearer.

The bride is the daughter of Mrs. J. E. Frankenfield and Mr. E. Lee Carmean of Pontiac. The groom is the son of Mr. and Mrs. Edward L. Porritt.

For her daughter's wedding Mrs. Frankenfield wore a Dior blue lace dress with pink accessories. Mrs. Porritt wore a steel blue sheath dress with matching hat and white gloves. They wore like corsages of pink rosebuds.

One hundred guests attended the reception which took place in the church parlors, immediately following the ceremony. The bride was pleased to have her grandmother, Mrs. Ivan Kelch of Clarkston, and her husband's grandmother, Mrs. Winifred Porritt, preside as hostesses at her reception.

The couple planned a short wedding trip, and for the leave-taking Ruthann selected a red wool jersey dress and wore a corsage of white rosebuds. After their trip, they will go to Albion, where Bob will continue his studies in college.

Site Purchased For Waterford-Drayton Methodist Church

A site has been purchased for a Waterford-Drayton Methodist Church and the First Methodist Church in Clarkston. The site is "missionaries" close to home. The Clarkston Church will "mother" the new Church until it has grown strong and sturdy enough to stand on its own feet and make its own way in the world!

Eight acres on Maceday Drive, near Williams Lake Road, high on a hill, will be the location of the new church. The land already has a two-bedroom brick home on it, which will make an ideal parsonage for the full-time minister that Waterford-Drayton Methodists are already able to provide.

Sixty families, numbering 108 adults are now ready to lay the groundwork for Methodism in Waterford-Drayton, with provisions for Sunday School and Services to be conducted in the Community Activities Building, until they have their own building.

Clarkston's First Methodist's maternal duties will be varied and vital. The Official Board has already voted to supply the new church with hymnals. Sunday School Lessons (and teachers, if needed), pulpit Bible, Altar, etc. Our Official Board will meet with their Official Board; Women's Society officers will help the new church to organize its own Society and subsequent Circles and organizations; the choir will be ready to lend a hand in the musical division, whenever it is needed.

Important dates on the agenda for the new church are: Tuesday, April 4 when the organizational meeting and dinner will be held at the C. A. I. Building and Sunday, May 14, the date set for the first services for the Waterford-Drayton Methodist Church.

The new-born Church is sponsored by the Pontiac Methodist Union and is a project of the 1500 Club, which was launched in the Flint District in 1958. Its purpose is to provide new sites for new and relocated churches, and is composed of any member or friend of the Methodist Church.

March of Dimes Big Success

Harold Goyette, and those who have been working with him the past few weeks on the program for the March of Dimes, are triumphant indeed, as the totals for the Drive climb higher and higher. They give the credit to you, who gave your contributions, which have already more than doubled the sum total of last year's drive.

To date, the total of the project is \$1342.47! This figure can be broken down into the following sub-totals: The Mother's March, \$1,122; The Coffee Break at the Clarkston Cafe, \$11.50; Pine Knob Elementary, \$14.27; Andersonville, \$34.55; Sashabaw, \$29.10; and Clarkston Elementary, \$50.80. The sale of peanuts and Crutches brought in \$80.25. There are still the canisters and the High School contributions to be added to this sum, which should bring the grand total to a heart-warming, rewarding amount.

After the Mothers' March a Coffee Hour was held in the Community Building for the Mothers as they brought in their collections. Over 250 cups of coffee were served, with cookies, as a token of appreciation for the effort put forth by these workers.

GIRL SCOUT NEWS TROOP 445

Last week we worked on pottery. Some of the girls made candy dishes, some made plaques and some made ash trays.

This week we talked about what we would have to do next. Mrs. Navarre showed us some things that were made from clay. She also showed us molds and told us how to use them when we pour clay.

Ron Jyleen Spends Full Week

Ron Jyleen, First Methodist's representative to United Nations in New York City and Washington D. C., returned to Clarkston last Saturday having spent on Sunday, January 28, He arrived in New York Monday afternoon at 3:00.

He hesitated to give us a really detailed account of his trip as he will be speaking to many groups in the church and community and didn't want to be repeating himself.

However, we felt that the highlights of his trip could safely be mentioned and the details can be forthcoming in his talks.

On Monday these young people heard a speaker on UNICEF and saw a pertinent film. In the evening they went to Greenwich Village and Radio City Music Hall. The days were pretty well planned for them. Ron told us, but their evenings were left open for them to do the things they personally wanted to. Ron mentioned that the group was well-mannered and very well behaved, and that their evenings could have been subjected to the severest criticism!

On Tuesday, they were escorted on a tour of the United Nations and heard a talk given by the Ambassador to the United Nations from Netherlands. They had lunch in the Delegates dining room, then heard the Public Relations Director from the United Arab Republic and visited the Russian Mission to United Nations on Park Avenue. In the evening they saw candid camera taped for TV.

On Wednesday they took the Staten Island Ferry out to the Statue of Liberty. It was still dark, Ron said, and the lights were beautiful, both on the way out to the Statue, and on the return to New York. During the morning they attended a meeting at the Inter-Church Center, which is the headquarters for National Council of Churches. They lunched at the International House. Ron explained that this is a dormitory for graduate students taking post-graduate work in New York City, and that it is filled by 60 percent foreign students and 40 percent American students. They next took a sightseeing tour of Manhattan, and then at 5:00 boarded the bus for Washington.

On Thursday they toured the Capitol, visited the Senate session and the Senate and House office buildings — in the evening they saw the movie "Spartacus".

Friday's schedule included a trip to the State Dept., where they heard the Assistant Secretary of State in charge of UN Political Relations speak; a trip to the Mexican Embassy and a sightseeing tour of Washington. At 5:00, it was a weary bunch who boarded the train for Detroit!

The main part of the show will consist of approximately 25 coin exhibits displayed on over 200 feet of course tables. There will also be 15 dealer's tables at which all numismatic supplies will be available.

One exhibit that you may want to see especially is the trophy winning exhibit of foreign coins by Mrs. Beebe of Holly. Mrs. Beebe's exhibit of foreign coins won the trophy in the foreign division at the Michigan State Numismatic Societies convention a few months ago.

Rochester is located about 15 miles east of U. S. 10 on Walton Boulevard. Follow the coin show signs from the main street of Rochester to the coin show.

STATE PARK PERMITS A MUST

"If I buy an annual state park windshield permit, do I still have to pay 50 cents every time I come to the park? If I change cars during the year, can I remove the permit and put it on my new car?"

These are two of the many questions that Michigan's parks permit requirement has raised during its first month.

The answer to the questions above is "no". Parks users need either a \$2 annual or a 50-cents daily permit, not both. However, if a family owns two cars and has a permit on one, it must buy an annual or daily permit to enter parks with the other. Permits are not transferable from one car to another.

Here are other questions which parks managers are being asked. "You mean I even have to have a permit in the wintertime?" Yes, the permit requirement went into effect January 1 at 55 of 62 state parks. Parks men are issuing violation notices to visitors who don't have permits on their cars. Persons receiving these notices either have a five-day "grace" period to buy annual permits or must purchase a daily permit before leaving parks.

Actually it will pay those who plan to swim, picnic and camp at parks this summer to buy their annual permit now so they can get the most for their money.

"Will the money from the permit go back into parks?" Yes. Pending legislative action, the Conservation Department will launch a \$5,000,000 parks improvement and lands acquisition program in 1961. The program, to be financed by permit sales calls for \$1,000,000 in new lands purchases and \$4,000,000 in improvements to campgrounds, picnic areas, parks utilities, toilets, bathhouses, and other facilities. "Where do I put the permit on my motor scooter?" Any suitable place where it will be visible.

THE EDITOR OBSERVES

The excitement of the game is over and the thought of a game lost still lingers in our minds. Yes, we lost and even though some of us feel we got the wrong end of the game, the score is the final say-so. Tomorrow night we again face another opponent with the hope of winning this one and putting Clarkston into a better position.

If we win everything will be fine, the crowds will be cheering and everyone will be happy. But, say we lose, say our team just can't match the basketball ability of their opponents, or the breaks turn out against us. Then What?

I'll tell you what, because it's happened before and if we lose it will happen again. It seems to be the rule that if we lose take it out on the players or blame it on the coach. After all they were the ones who planned and played the game. Well, I've got news for you, if you think that it doesn't take guts to get out and play a ball game then you're wrong. Try it yourself sometime or maybe you haven't got what it takes. But just let me remind you that it's a lot easier to sit in the stands and watch than it is to be down on the court playing the game.

COMPLETELY CRAMMED

by Janet Tisch
 Students at Clarkston High have at last relaxed after a grueling week of semester exams. Monday of this week started the beginning of the second semester and for a while, students will be changing classes and schedules, whether they are dropping a class or in many cases beginning a new one to obtain extra credits toward graduation.

Many of the seniors have realized that it is only a few months away from that day of decision when they will be faced with the problem of "What will I do after graduation?"

But for the majority of students, this week is actually a welcome, for hours of cramming can be forgotten and their everyday problems faced with a lighter mind.

WILL YOU DO YOUR PART?

by Cheryl Hipp
 Friday night's game brought excitement for adults as well as students, as the close of the game between Bloomfield Hill and Clarkston neared. The cheerleaders were as excited as cheerleaders are; the crowd's screams and cheers rang out through the gym as basket after basket was made.

But what really made me, the cheerleaders and quite a few other people lose our spirit was the booring coming from quite a few people. We, as students at C.H.S., were always taught that booring wasn't good sportsmanship. Our teams were playing a game and we know it but do other spectators?

We were in a special mood Friday. You see we had just discovered that Clarkston was running neck to neck with Clarenceville for the sportsmanship trophy. Clarkston had 15 points and Clarenceville 14. Then to put a damper on everything, parts of the crowd started booring when things didn't go their way.

We are asking all... even the students, that when something doesn't go your way tomorrow night, please don't boo, call names, or shout at the players. Tomorrow night is a special night. We play Clarenceville. Will you do your part?

GOOD SPORTSMANSHIP?

by Linda Hallman
 Punky Golembeske
 For the past few years the sportsmanship at all Clarkston games has been very good. Several times we have even won the Sportsmanship Trophy. But Friday night at the West Bloomfield game, our rating wasn't so good. This may have been because of the excitement of the close game, but the jeering didn't sound good, and the players don't enjoy hearing it.

If you as the students at C. H. S. want to keep the Sportsmanship trophy and in all keep good sportsmanship, then let's get out and encourage our team by cheering, not just the opposite.

BLOOMFIELD HILLS TOPPLES CLARKSTON J.V.

by Mike Howey
 Clarkston Junior Varsity came face to face with a mighty foe in the Bloomfield Hills reserve squad January 27. As Clarkston's J.V. entered the game, it was apparent they would have to put forth extreme effort plus have all the breaks on their side to pull the game out of the bag.

Minutes passed by along with any breaks the Clarkston boys might have enjoyed if it weren't for the inconsistency of their playing. Every combination tried by Coach Vaara was met with the same mistakes, resulting in a final score of Bloomfield Hills 53, Clarkston, 39.

Roger Rolfe brightened Clarkston's evening as he collected 15 points and showed tremendous rebounding powers. Coach Vaara remarked, "Every game Rolfe seems to improve."

After nine games Rich Lord leads the team with 113 points and Roger Rolfe has 139 rebounds. The best field goal percentage is held by Bob Osgood with 42 percent. Bob also has the best free throw percentage with 85 percent. Clarkston's Junior Varsity is scoring 47 points per game while their opponents are scoring 43 points per game.

TROUBLES AREN'T OVER

by Linda Halman
 Punky Golembeske
 With the ending of the first semester, you'll hear sighs of relief from many students. A half year of hard work has been completed, but there is still a whole semester left to go. Often students feel that if they're half way through the year and doing fairly well, they can let up and leave well enough alone. This is not correct, since you can still fail the last semester, and actually it's more important than the first.

So let's all get busy and really work. You'll find it pays off in the end.

CLARKSTON'S CAGERS SLAUGHTERED BY BLOOMFIELD, 61-52

by D. Miskin
 A team that can take advantage of its share of scoring opportunities, one than can come through when the chips are down as well as one that can maintain a well-balanced and potent attack is sure to be a winner.

Bloomfield Hills lived up to all of this last Friday and as a result they were able to defeat Clarkston's Wolves to take outright, sole possession of the number two spot in the WOCL race.

It was hard to believe that this was the same Bloomfield Club that Clarkston defeated so soundly and so easily on December 4, the very first meeting of the season for either team.

In a matter of a month and a half this Baron team has risen to a position as low as last to their present position of second place where they now threaten to go all the way in the event the nigh flying Broncos of Holly collapse. The chances of this happening, however, are highly improbable but mathematically possible.

Definite improvement in the all-around play of lean, long and lanky, 6'4" center Fred Jeynes is the key I would think for Bloomfield's recent success. The big fellow has come all into his own and so has, for the most part, the entire Baron squad.

From the start of the Clarkston Bloomfield battle the Baron quintet seemed to have had the game completely in control. They ran up a fast 4-0 lead after the opening tip-off and steadily increased this to 29-18 at the halftime during which the Wolves assault encountered a scoring famine.

Following the intermission, it looked for a while like the Wolves, who often come back strong after a poor start, kept building up. On several occasions they came within seven points of tying the game but the Bloomfield boys always made sure that they wouldn't come any closer by matching them bucket for bucket and making their shots count.

Although the Wolves managed to score 34 points in the second half, they couldn't come up with the big basket that would have broken the backbone of their opponent attack, and besides they couldn't keep the Barons under 32 points.

Final tabulations showed that Bill Powell led the losers in scoring. The big guy led both teams for that matter, by bagging 28. He was followed by teammate Gar Wilson, the only other Clarkston player to reach double figures, who netted 13. Nobody else, however, on the Clarkston team could contribute much to their cause by taking up the slack created by the balance of the Bloomfield unit which oddly enough seemed a bit strange. For if there is one thing Clarkston can depend on, it is the consistency of three and often times four of its starting five players.

Four of the five starting Barons reached double figures with Jeynes and Bruce Billings pacing the way with 18 and 17 points respectively.

Elsewhere, in Wayne-Oakland League action, Holly's powerful Broncos streaked to their ninth straight victory by disposing of W. Bloomfield 61-40. Clarenceville trounced Brighton 50-31, and Northville sneaked by Milford in the final seconds of play 48-46.

The standings show Holly in first place with a record of 8-0. Following in the order of position are, Bloomfield Hills 5-3, Clarkston, Northville and Milford 4-4, Clarenceville 3-5, and Brighton and W. Bloomfield, tied for the league cellar with two victories against six setbacks.

With the loss to Bloomfield now water over the dam, Clarkston will be trying to find the winning formula tomorrow when the Trojans of Clarenceville invade their home stomping grounds. If the Wolves apply the same formula that they used the last time these two teams met, don't be surprised to see the scoreboard reaching once again the coveted 100 point mark and of course as everyone knows, in favor of the "hungry" Wolves of Clarkston.

SENIOR CLASS MEETING

by Kathy McDermott
 Monday morning first hour the Senior class was assembled in the Little Theater for the third class meeting of the year. Mr. Goedde announced that Baccalaureate services would be held at 3 o'clock on the afternoon of Sunday June 14th. Graduation will be held the following evening, Monday, June 5th at 7:30. It will be held outside on the football field if the weather permits and otherwise it will be held in the new high school gym.

Mr. Taylor appointed four students to assist him and Mr. Maurer in measuring the Seniors for their gowns. Also, we will be ordering our announcements soon.

We will be leaving on our Senior trip to Washington D.C. on Tuesday April fourth and will return Saturday April eighth.

Schedule changes were handled to each of the Seniors and then they were excused to retire to their first hour class, where they had to forget their excitement and get back to work for the 19 remaining weeks of their school days.

LEAGUE BAND TRY-OUTS OVER

by Adele Lynady
 League Band try-outs were held January 21 at Holly where students from the league schools came to show their talents in the hopeful desire to be a member of the League Band. Each student was required to play a scale, a prepared passage from any of the music which the League Band will be playing this year. Students were chosen on their ability of perfection at these required pieces by the various school band instructors.

Congratulations are in order for eleven members of the Clarkston Senior High Band who have been chosen to represent Clarkston in the League Band. Those students are: Richard Beutel, clarinet; Gary Haiser, snare drum; Tim Jockwig, cornet; Pat Jordan, sousaphone; Tom Kregger, baritone; Fred Lissner, bass clarinet; Sue Staley, bassoon; Dennis Urick, clarinet; and Julia Wood, alto clarinet. Bob Sawyer, trumpet and Dave St. Clair, baritone sax have been chosen as alternates.

Dates of League Band Concerts will be announced in the paper for all students and parents wishing to attend.

SEMESTER EXAMS

by Glenn Jeusenius
 The seventh and eighth grade students at Clarkston Junior High School took exams during the week of January 22, through January 27, 1961. Here is what some of the seventh grade students have to say about them:

James Jensenius — Mr. Jervis's Math test was not too hard and not too easy.

Bill Guilds — Mr. Vaara's Math test was not too hard and not too easy.

Bill Swayne — Mrs. Beach's Science test was a little easy.

Mike Williams — Mrs. Grice's Science test was hard.

Ray Ditch — Mrs. Wiseman's English grammar test was hard.

Larry Day — Mrs. Hyde's English grammar test was easy.

Jeff Drake — Mrs. Wiseman's English Literature test was easy.

Jerry Cornell — Mrs. Parker's Geography test was a little easy.

This is what some of the eighth graders think of them.

Betty Lawson — Mr. Shelton's math test was a little easy.

John Wilberg — Mr. Jervis's math test was easy.

Gary Foraker — Mr. Manual's Science test was fair.

Paul Allen — Mr. Grice's Science test was not too easy and not too hard.

Kathi Clark — Mrs. Foster's English grammar test was easy.

John Hallmark — Mrs. Wiseman's English grammar test was easy.

LET'S SEW

by Sue Hampshire
 "Rush, Rush, Rush!" This is what the girls of Miss Gernit's Home Ec. Club are doing. They are picking out materials, and looking for a special pattern to suit their fancies. The necessities of sewing such as scissors, pins and tape measures are all being bought, too.

Excitement is growing, and hands are ready to roll into action.

Everyone will be sewing soon and will enjoy every stitch.

So Let's Sew Girls!

HEALTH

by Patricia Spohn
 In health Friday we wrote a composition on "How, When, Why and Where are the Personal Manners of Nails, Hair, Teeth or Skin." The class had to choose one of the four.

We had a few read and discussed them in class.

HAVE YOU NOTICED?

by Bobette Buehrig
 If you have ever walked down the hall and seen the gym class walk out take a good look.

The girls' gym classes have been doing some exercise. They are not just the daily exercises, they are new ones and the girls feel in bad shape.

But Mrs. Isola always cheers for the girls by saying, they are for your figure or cheerleading try-outs. Our homework is doing push-ups situps and getting muscle aches.

HALF WAY THROUGH

by Alice Upward
 Now that mid-semester is over and exams are a thing of last week, everyone anxiously awaits Friday and the results of our efforts.

Last week-end the teachers corrected the exam papers and we all hope they weren't too hard on us.

Next week we can live again. For eighteen weeks anyway and then it begins again.

ALL TO CHEER

by Carol Walter
 For the last few Friday afternoons, three of the Clarkston Junior Varsity cheerleaders have been going to the Clarkston Junior High School to help the sixth, seventh, and eighth graders learn the basic fundamentals of cheerleading.

About fifty eager girls have shown up each week. During these practice sessions, Joan Mansfield, Vicki Burley and Carol Walter have shown the girls several jumps and exercises which help to limber up their muscles.

The pep and energy displayed by the Junior High girls assure us that the future cheerleaders of Clarkston will certainly help maintain that particular brand of good school spirit for which Clarkston has received recognition.

REPORTER AT LARGE OBSERVES

by Kris Smith
 Mrs. Foster's English students will be able to write good letters, yet they got plenty of practice last Friday in class when she assigned a three page letter to them.

Mrs. Turner's art students had to rush a little last week, in order to finish the required projects, but most of them were finally ready for inspection.

EXAMS ARE OVER

by Gaye Lynn
 As you walk through the halls of Clarkston Junior High School this week, you are likely to see many happy and relieved students.

Why are they so happy? It's really not hard to guess. The reason is that the semester exams are over.

Yes, they'll be back at the end of the year, but right now we can all relax.

OUT GO THE OLD, IN COME THE NEW

by Gaye Lynn
 Yes, the eighth grade art classes left the art room for the last time on Friday, because the first semester finally drew to a close.

However, many of the seventh grade students became very anxious because starting Monday, they will have their first taste of chalk and paint.

EXAMS?

by Patti White
 Suppose that you should walk through the halls of our "good ol' school" what kinds of sounds would you hear? There would be a permanent hum of satisfaction from the instructors, here. There would be a studious sigh of relief from students as they leave classrooms after taking an exam.

What kind of thoughts run through a person's mind before he attempts to take an exam? Let's take an imaginary trip through a pupil's mind before he receives the "deadly" paper. First he walks into the room, while discussing at the same time, the exam with another pupil. Secondly, he hurriedly looks over his notes and feels that he knows the answers. He's all set. Now the moment arrives when he receives the "widely dreaded test. Many questions rush through his mind. What questions will she ask? Will I remember the answers? Above all, will I pass the test?

Throughout the test he sweats and slaves, beads of perspiration form on his brow. He's done! He cautiously approaches the desk, to hand in the test.

The bell! Thank goodness for the bell. He's homeward bound. All through the night he sleeps restlessly. Bright and early in the morning he returns to school. The grades are being read, as he stumbles into class late.

A... He received an A! Calmly and nonchalantly the instructor states, "So students, now that we have taken the practice test"

ask

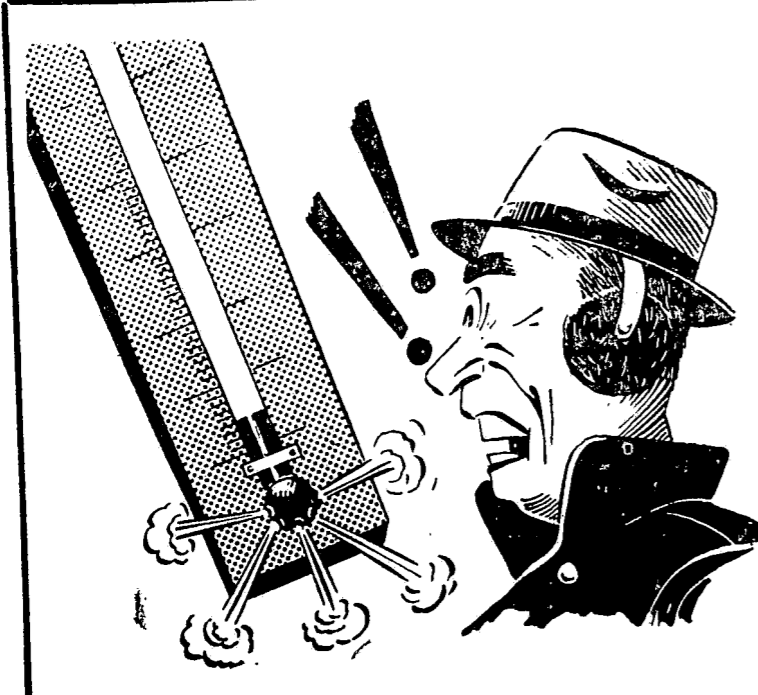

We now carry adequate home and contents fire insurance, so that, in case of a disastrous fire, we could replace the house, furniture, clothes, etc. But during the time it would take to rebuild, we would have to be eating out and living in a hotel, which our present budget just wouldn't cover. Is there an insurance plan to cover additional living expenses in case of a bad fire?

FASCINATING FACTS ABOUT NATURAL GAS

The year is 1859—men are drilling for GAS. They are digging with hand shovels. A white oak battering ram lays close by to pound down lengths of cast iron pipe. A six-horsepower, river-boat boiler powers the salt water bit that cuts through the earth—three feet a day—to the final and amazing depth of sixty-nine feet!

A hundred years later, hard teeth of a rotary drill rapidly grind through rock, clay and sand. A stream of water cools the bit while a chemical compound speeds the drill through the hardest rocks. A large pipe, then a small pipe, is lowered. Powerful bullets shoot perforations into the earth. From Nature's reservoir, "stored sunshine" is released—sometimes from a depth of five miles!

* This "stored sunshine" is one of America's favorite fuels - seven out of ten homes built today use Natural GAS for heating. Call or write your Heating Equipment Dealer or Consumers Power Company for information about inexpensive, automatic Natural GAS heat.

SHERLOCK HOLMES, ANYONE?

No doubt a psychiatrist would take significant note of the fact that this writer admired everything on display in the Hobby and Crafts window, and then when she got home asked "What do you s'pose that doo-jiggie is down in Bob's Hardware window?" There are many lovely works of art in the window, and it is interesting to note how many really talented people we have in our community, but I must confess, that the aforementioned "doo-jiggie" has been on

my mind a great deal since first I saw it. Even Jerry doesn't know what it is — nor Bob, not even the owner knows! As a matter of fact, a \$10 prize is being offered to anyone who can identify this mystifying object. The only thing anyone seems to be sure of in regards to it is that it isn't a set

of brass knuckles! (How can they be sure it's not brass knuckles?) The placard with this ancient work of art, informs the wondering public that it was found in one of the older homes on Church Street, while some remodeling was being done. Better take a look, apply a little imagination, and perhaps you'll be richer by \$10.

"PLEASE... not an AQUA-PURE® water filter!"

"Hello. I'm one of the miserable little creatures who live in your tap water. You know. You've seen my murk (it is not a smirk!) in your tumbler.

"I want to warn you about that dealer whose name is listed below. He's going to tell you that you'll have a whiter wash and fewer toilet bowl and basin stains if you install an Aqua-Pure Water Filter. Furthermore, he's going to say that you'll have better drinking water. Maybe you will. But you won't have us! Take your choice: cleaner, crystal-clear water for \$29.95 or your little house guests, for free!"

MICHIGAN IS EVERYTHING FOR INDUSTRY

The people of Michigan are proud of their state's industrial accomplishments. Its manufacturing plants produce everything from automobiles to xylophones. One reason is that Michigan has so much of what industry needs.

Michigan has abundant sources of both raw and semi-finished materials. Michigan possesses unmatched production know-how in both management and labor. Michigan has great market advantages. Michigan has livability! Water? Michigan is rightly named the Water Wonderland.

This is the first in a series of advertisements to be printed as a public service by this newspaper, each advertisement to describe one of Michigan's advantages for industry. The series will show the attractions our state offers, what it personifies for industry; in reality, what MICHIGAN IS.

Help carry Michigan's message to the nation. Clip these ads and mail them to people in other states with your own comment. Let's talk up Michigan and its advantages for industry. Together, we can assure a greater future for all of us.

This ad is one of a series published as a public service by this newspaper in cooperation with the Michigan Press Association and the Michigan Economic Development Department.
