steadily grown from 20 last year, Friday, February 24, 1961

added, now making the count 30. 9:30 A. M. Holy Communion, at the vicarage, 6065 Sunnydale. We cordially invite you to attend our worship services. Although we do not, as yet, have a building of our own, we are nonetheless a church. It is a mistake to think of the church only in terms of wood, brick and stone. The church is the community of God's people, witnessing to Him and working corporately to carry out His purposes for the world. If you desire to learn more about the Episcopal Church, please call The Reverend Mr. Stewart at

(Motor Trend's CAR OF THE YEAR Award goes to Pontiac's Tempest!)

The Motor Trend Magazine Car of the Year Award to The motor frend Magazine car of the fear Award to Tempest marks the second time in three years that the Pontiac Motor Division has received this honor. The editors who selected it are: Robert Ames, Associate Ed-itor; James Miller, Managing Editor; Don Werner, Editor.

These men edit one of America's leading car magazines – Motor Trend. What they know about cars can help you buy your next new car with complete confidence. They study all the different makes. Compare. Drive. Then they make one award for the year. The Motor Trend Car of the Year Award. This year these editors

voted solidly for Pontiac's newcomer —the Tempest. The one car that will give the car buyer top performance, ride and economy for his nickel. Read what these experts say!

Don Werner—"We studied the design features of 28 American cars. The Tempest pulled ahead of the whole crop of '61 cars. The flexible drive-shaft is a fantastic innovation. It's the most sensible, dependable power train we've seen."

Bob Ames—"Equalizing the weight on the front wheels and the weight on the rear wheels (with the front engine, rear transmission) gives the Tempest great traction and ride. Pontiac engineers scored a great breakthrough with the Tempest."

Jim Miller-"The Tempest 4-cylinder

engine and the triple alloy steel drive-shaft team up as a smooth, going combination. I had to look under the hood to convince myself they hadn't put in a V-8. That 4-cylinder engine should do wonders for gas economy.'

Take it from this group of sharp auto-mobile experts. Tempest is a winner. Check the facts! 110 to 155 h.p. from a gas-saving 4. Big car ride! Inde-pendent wheel suspension. 15-inch wheels at no extra cost! Priced with the compacts See your Ponticed caler the compacts. See your Pontiac dealer.
