SENIOR HIGH SCHOOL ACCREDITED

Highest Award Available For Secondary School

The Clarkston Community Senior High School has been accredited by the North Central Association of Secondary Schools and Colleges. This is the highest accreditation rating a secondary school or college can receive.

The North Central Association covers an area of nineteen states in the North Central section of the United States. The criteria used by this agency in accrediting schools is set up by member schools for the purpose of establishing a quality program of education for the youth served by the secondary school or college.

A school desiring to become accredited must go through an extensive program of evaluation and must meet specific requirements. The Clarkston High School faculty undertook the task of completing the Secondary Schools evaluative criteria, starting during the school year 1957 and 1958.

The high school is now accredited by all accrediting agencies. It is a member of the Michigan Secondary School College Agreement Association, it is accredited by the Michigan State Department of Public Instruction, it has the four year, or highest accreditation given by the University of Michigan and finally the highest accreditation of all the North Central Association of Secondary Schools and Colleges.

EASTER BASKETS

Each year the Hi-Y Club of Clarkston High School, with the help of the Y-Teens and the Future Homemakers Club, filled up Easter baskets and distributed them at the Oakland County Children's home. This year they brought 220 baskets to the Children's Home and 80 to the Pontiac State Hospital.

The students who distributed the baskets were: Sally Moore, Harold Weston, Ron Jylen, Tim Jockwig, Ted Johnson, Mary Hinkley, Mary Robbins, Joyce Duckett, Diana Campbell, Carolyn Ingersoll, Blair Bullard, Carolyn Talmage, and the Hi-Y sponsor, Floyd Vincent.

Good Friday Service Huge Success

Jesus said "where two or three are gathered together in my name, there I shall be, also". Having said this, surely He must have felt pleased with the number who gathered together in His name for the Good Friday Services on March 31st.

It was the first united Union Service attempted by the newly organized Pastor's Association, and as everyone who came in contact with the service will agree, it was a heart-warming, rewarding success.

Every seat in the auditorium was taken, and thirty extra chairs brought in as members of five Protestant Churches in our area united in worship with each of their ministers taking part in the service.

The Pastor's Association feels that a response such as this, certainly indicates that one or two of these fellowship services a year would be enjoyed by members of the congregations.

Help Available From Land Auction Admissions Center Held By State

If you as a parent have children who are experiencing difficulty in gaining admission to college, we should like to call to your attention the services of the College Admissions Center at Northbrook, Illinois.

The College Admissions Center is a non-profit service organization sponsored by the Association of College Admissions Counselors. Its purpose is that of bringing together students seeking college admission and colleges with place for students.

Between May 1 and September 1, 1959, 1791 persons seeking admission to college registered with the Center. Over 98 per cent of these registrants had college opportunities opened to them.

It is suggested that students attempting to gain college admission in September first apply directly to the colleges in which they are interested. If, however, after a reasonable period of time, acceptance has not been received from a college, it is advisable to submit a registration form to the College Admissions Center.

It should be made clear that the College Admissions Center provides a "clearing house" service rather than a "counseling" service. A student registers with the Center by (1) forwarding a completed registration form and a ten dollar fee, and (2) by requesting his high school to mail a copy of his transcript and school ratings to the College Admissions Center. When a student's registration materials have been received, they are made available to all accredited colleges which desire to make use of this service. See the high school counselors for additional information.

Education Crusade To Begin

On Monday evening, March 27, volunteer crusaders met at the Clarkston High School Little Theatre for a film showing and orientation talk by Mr. Robert Nye, field representative of the Michigan Cancer Foundation.

The Foundation is sponsoring a crusade on the 10th & 11th in a dynamic effort to dispense information to every family in Southeastern Michigan, and to better acquaint them with the services it provides through United Fund support.

Emphasis is stressed on the fact that this is not a fund raising campaign, but a life saving effort. The aim, to halt cancer's progress through knowledge of its danger signals, and frequent physical check-ups. The slogan, "The Sooner the Safer."

Chairman of the Clarkston branch, Mrs. Edward Thomson, has appointed the following ladies to enlist neighborhood crusaders who will attempt to reach all homes in this area: Mrs. Maynard Kizer, Mrs. Gary Duncan, Mrs. Virgil Van Horn, Mrs. Charles Buda, Mrs. Raymond Gates, and Mrs. Robert Kriehers. Contacts for commercial poster and literature display are being made locally by Mrs. Gary Robertson.

Boy's Town Boys Seek Your Help

As we work hard and plan frantically to send our own Seniors to college we don't have too much time to give thoughts to other Seniors, who are without parents to work and plan for them. Young people who, if they go to college, will have to make their own way.

Tuesday night, such a young lad rang our doorbell. Emerson Morgan graduated from the Boy's Town High School last year, at the age of seventeen, in the top 10 per cent of his class. He and his friend, Joe Ettore, are practically life-long residents of Boy's Town. Emerson was taken there from Detroit, at the age of six, after he had lost his parents.

In addition to working hard on his studies, he worked on the large Boy's Town dairy farm, run by the boys, and has worked as counselor with some of the younger boys for the past three years. He plans to major in Child Psychology, while his friend Joe has Mechanical Engineering as his goal.

They are selling publications, so many points for each dollar sold, and a certain amount of points earning them a two-year all expense paid scholarship, so that they can realize their ambitions, and become useful, contributing citizens of their country.

Emerson is a grateful person—grateful to Boy's Town for sheltering and raising him, for giving him the good things in life and teaching him how to use those good things—grateful to the company giving him this opportunity to earn his higher education—(we told him of the honor just bestowed upon our school—the highest accreditation rating possible for a secondary school or college to receive—and he said he didn't know anything about that, but it was certainly the most fabulous school he'd ever seen!) and he's grateful to those who buy magazines which earn their points for them.

This paper has checked with Ralph Thayer, who, as Village Clerk, signed their permits, which are required by the Township of any door-to-door salesman, and the boys, their purpose, and their magazines are all authentic, so area people can subscribe to their magazines without wondering if the boys are what they seem to be. They are!

PLANNED LUNCHEON

Mrs. Robert Irwin, 6695 Laurelton, will entertain the Mary's Circle at a planned luncheon on Thursday, April 13, at 12:30.

Clarkston Locals

Mr. and Mrs. Henry Rankin have returned from a wonderful three week vacation in New Mexico. Highlights of their trip were fishing in Acapulco, and a ballet on Sunday morning in Mexico City depicting the customs and traditions of Mexico. The Rankins made the trip by plane.

On Sunday Mr. and Mrs. Russell Blackett entertained the Robert Murphy family and the Dick Shelton family, of Pontiac; Mr. and Mrs. Frank McCarrick and children, Mr. and Mrs. Darr-ell Blackett and Miss Gay Ann Huffman, all of Clarkston. The guests were there for dinner and the day.

Robert L. Porritt, freshman, son of Mr. and Mrs. Edward L. Porritt of 6531 Church Street; and Perry B. Smith, sophomore, son of Mr. and Mrs. Philip R. Smith of 6630 Cranberry Lake Road, have been named to the Dean's list at Albion College because of their high scholastic standing during the first semester of the present college year, according to an announcement just received from the college.

Frank V. Strother, 7230 Sagamore Drive, has been pledged to Zeta Psi, a campus social fraternity at the University of Michigan. Initiation ceremonies will be scheduled for a later date.

Word has been received from Eastern University that four Clarkston students have maintained a higher than B average for the last semester. These students are: Judith Ann Dickerson, Charles Fusiliers, Nancy Lee Knox and Richard Lynn Lipsey.

Biennial Election Returns

The Republican party took Independence Township by storm in the Biennial Election held last Monday, April 3. Kenneth Johnson, re-elected as Treasurer, was the only Democrat to sit in the victor's seat, as a result of the 1,542 votes cast on that day.

On the Republican ticket, Duane Hursfall, seeking his third term as Township Supervisor, was re-elected to that office.

Howard F. Altman, Republican, was elected as our Township Clerk, riding over the write-in candidate Harold Doebler, who had served in the capacity of Clerk for the past eighteen years.

Merle Bennett was re-elected as Trustee and John N. Evans was elected to a two-year term as Justice of the Peace, both on the Republican ticket.

Everett M. Fredericks, Ferris P. Holcomb and Robert G. Phillips, Republicans, were re-elected to serve as Constables for the Township.

The proposal that the Township should support a public Library by means of levying a "tax of not to exceed one-half mill on each dollar of the assessed valuation of the property of said Township" did not carry, contrary to previous reports that it did. A majority of votes is required in order for such a resolution to carry and the ratio of 579 to 686 votes does not supply that majority.

Of the 1,452 votes cast, 835 were from Precinct 1; 345, from Precinct 2; and 362 from Precinct 3.

Still only about one-third of the registered voters doing their duty!

 One of the selections to be read from "Science and Health with Key to the Scriptures" by Mary Baker Eddy states: "God is as incapable of producing sin, sickness, and death as He is of experiencing these errors. How then is it possible for Him to create man subject to this triad of errors, — man who is made in the divine likeness?" (p.356).

THE EDITOR OBSERVES

As I sit down to type this week's editorial I have one main thing on my mind and that is how much I can stuff in one suitcase. As this year's Senior Class embarks on the annual trip, I, for one, look ahead, but also behind. Back to those three previous years of waiting to be a Senior, but enjoying each step of the way. So this week I would simply like to say something to each class, before the trip.

To the Freshman, I apply the word lucky, lucky because you will have spent all four of your high school years in our new school. Lucky, because you have the opportunities of a wonderful high school education still before you. Lucky because you still hold in your hand the choice of making these years rewarding, or making them nothing.

To the Sophomores, I say you have one of the biggest years ahead of you next year — your Junior year. Whether you have a part or not you will surely be swept up in the fun of the Junior Play. Then of course your first time to the Junior-Senior Banquet, and the first time at the Prom, when you are part of the class who put it on. But keep in mind the reason you're in high school. Remember that before the fun, you must earn it through good grades.

Now to the Juniors, our Senior Class of 1962. This is only the second year in the new school for us and still traditions are made and examples are set. This responsibility lies with you. You will be Seniors and you will take our place in school. You will be the ones holding the offices, the ones who will carry the responsibility. But, remember not to take on more than you can carry. But most important I say to you that you're not through yet so don't let grades slip or don't take school too lightly. The honor of four years hard work comes through with National Honor Society and graduation. Now is the time, more than ever, to live up to being a Senior.

played were: Captain, Sue Allen,

Mary Bates, Cheryl Newbigging, Joan Mansfield, and Betty Cobb. Seniors defeated the Juniors by the score of 46-10. Some of the Juniors who played were: Captain, Juliette Gadwa, Sandy Podger, Sandy Crouch, and Linda Soncrant. Those who were on the Senior team were: Captain, Naomi Armstrong, Rosalie Lippert, Lona Nelson, Joyce Duckett, Kay Derbyshire, Betty Sarvis, Cheryl Hipp, and Kathy Blimka.

Tuesday night, March 28, marked the play-off game between the two winners of Monday night, the Seniors and Sophomores. The Seniors swept by with the score of 40-30.

Wednesday night, March 29, the Seniors challenged the Women Faculty and were successful with the victory score of 40-14.

Congratulations go to the Senior Girls Basketball Team, now champions.

DEBATE TEAM IN TRAINING

Clarkston's debaters are beginning practice for the 1961-62 season, even though it is seven months before the next W-O League debate. Since practice and study is the key to success on a debate team, Coach Mills intends to train this new squad to become league champions. On Wednesday, March 29, the squad had a meeting to discuss their prospects for the upcoming season.

April 19th brings about a chance to test the squad's ability as Rochester brings their squad to C.H.S. The topic: "Resolved that Red China Should be Admitted into the U.N." was created for the purpose. Four affirmative and four negative teams are hoped to be assembled from each side so, that they will have many views given on the topic.

All in all the team has lost two Seniors, but gained many new hopefuls for the upcoming season.

CONGRATULATIONS

Last Tuesday night after school about twenty ninth and tenth grade girls met in the gym where try-outs were being held for the 1961-62 J.V. cheerleaders. Originality, appearance, personality and many other requirements were met by the six lucky

girls who won.

Out of the many enthusiastic girls who tried out six were finally chosen; Corinne Blackett, Nancy Stanquits, Linda Hallman, Punky Golembeske, Joan Mansfield and Darlene Borst. We are sure to have a very competent squad of cheerleaders with these girls and we wish them the best of luck in the coming year.

"AUNTIE MAME" IN CLARKSTON

It is almost uncanny that within a few weeks after the Junior Class of Clarkston High School began working on their spring play production of "Auntie Mame", the movie "Auntie Mame" suddenly was revived and, after four years, made its second appearance in the movie houses throughout Detroit and Pontiac.

When the plays' director, Mr. Gene Scholler, was asked how he felt about the movie being a round again just before the Clarkston production, he said, "It certainly is fine publicity for us. Too often people don't go to a play because they are not familiar with the play or the title. Everyone is talking about "Auntie Mame" again, so that won't happen to us. The play cast went to see the movie about a month ago and they enjoyed it completely, but the movies and the stage are two entirely different medias and so have to be played differently and are also enjoyed differently.

Maybe people will come to the play just to see what we do with Agnes Gooch!"

"Auntie Mame" by Jerome Laurence and Robert E. Lee is based on the best-selling novel by Patrick Dennis. "Auntie Mame" is a rollicking, wonderfully funny, sophisticated comedy that concerns the frolics and antics of the completely uninhibited "Auntie Mame." The play begins in the 1920's and covers nearly a thirty year span of time. There are 23 scenes in the play and they are placed all over the world — from New York, to Georgia, to Egypt to the Swiss Alps.

Numerous colorful costumes have been created for the play and "Auntie Mame" intends to be the funniest, most colorful play ever produced in Clarkston. The play will be presented in the beautiful new "Little Theatre" of the Clarkston High School. Because of the wide appeal of the play, "Auntie Mame" will

be given on three nights, April 13, 14, 15, beginning at 8:00. Tickets may be obtained by contacting a member of the Clarkston Junior Class or by Telephoning: ORLANDO 3-4489; MAPLE 5-4056, or MAPLE 5-7451.

DON'T PUSH THE PANIC BUTTON

There are many colleges in Michigan and throughout the United States that are not crowded. These are accredited schools offering degree programs and should be investigated. It is wise to visit some of these schools during summer vacation. The counselors will be happy to present you with a list of colleges in Michigan that are in need of students.

In some cases it is wise for a senior to apply to more than one college, but it is most important to be sure your child is prepared academically to pursue education beyond high school.

ANOTHER VICTORY FOR CLARKSTON

Clarkston Senior High School Students have another victory chalked up to their credit. The victory was in the District Forensics Contest, which was held at the Senior High. Three members of the Clarkston team placed as first place winners in their respective categories.

Janet Tisch placed first over five other contestants in the Declamation Contest, with her recitation of "The Despondent and the Dedicated." Her speech was about the beliefs of American soldiers who underwent brainwashing during the Korean War.

The Original Oratory Contest was completely Clarkston's with Linda Chapman and Carolyn Ruggles taking first and second place honors. Linda's first place speech, "A Challenge of the Times," dealt with indifference of American people today toward accepting the responsibilities of democracy. Carolyn Ruggles stated her views on the persecution of the Negro in her oration of "The Man in the Balcony." "Silence" won Sally Moore first place in the Interpretative contest, completing the victories for Clarkston.

Other honors in the district went to West Bloomfield with one first place and two seconds; Clarenceville, who took two second places; and Bloomfield Hills who took one first place.

All students who participated are to be congratulated on their fine showing for Clarkston. The winners will now participate in the Regional Contests to be held next month in Farmington.

GIRLS BASKETBALL TOURNAMENT

by Adele Lynady

Last week the girls from grades nine through twelve joined their respective class teams to participate in the annual class basketball tournaments.

Monday night, March 27, opened the class tournaments with Freshman vs Sophomores and Juniors vs Seniors. A number of students came to see the ability of each of these girls. The first game ended up with the Sophomores beating the Freshman by a score of 21-3. Some of the players on the Freshman team were: Captain, Connie Buzzle, Linda Hallman, Corrine Blackett, Nancy Stanquits, Punky Golembeske, Sandy Richmond, Carol Kieft, and Marty Madison. IN AMERICA'S BIGGEST, TOUGHEST 1961 ECONOMY CONTEST . . .

Which man drove Rambler?

In the most realistic test of all-around gasoline economy ever staged — the NASCAR sanctioned 1961 Pure Oil Economy Trials at Daytona — Rambler won three trophies, held by driver Les Viland in the photo above.

No other make won more than one award . . . most won none.

Unlike other runs that put a premium on feather-footed driving, the Pure Oil Economy Trials closely parallel your own everyday driving experience.

Every U.S.-built production car is eligible. None are arbitrarily barred, as in some runs. In 1961, 145 cars representing all 5 U.S. makers competed.

Rambler American Custom with overdrive beat them all to win the cherished Overall Winner Trophy and captured the Class 6 trophy in competition with Falcon, Corvair, Lark and Tempest 4. In fact, it took the first 6 places and 8 of the first 10.

And Ambassador V-8 by Rambler won its Class, swept the first 8 places and 9 of the first 10 spots.

With speeds up to 65, and averaging more than 40 M.P.H., the winning Rambler American made 14 complete stops, shifted through the gears 15 times while circling the 3.7 mile course, and still averaged 26.86 miles per gallon!

This is the second straight year Rambler won the Pure Oil Economy Trials.

Want more proof of Rambler value? Then see your Rambler dealer. You'll find top gas economy is just part of your savings. Rambler costs less to buy, is voted most trouble-free by owners, has top resale value.

Rambler dealers sell twice as many compact cars per dealer as most other dealer groups. So, you get a better deal . . . on the best of the compacts. Rambler — world standard of compact car excellence.

Where will you find a handsomer hardtop than this Impala Sport Sedan?

MORE PEOPLE ARE BUYING CHEVROLETS THAN ANY OTHER MAKE!

"When one car outsells all the rest the way this new Chevrolet is doing"—there's got to be a reason. And we can think of some pretty good ones. The clean-etched looks of the new Body by Fisher, for example. The eager brand of "git" that's under the hood. The easy way it handles. Plus the added advantage of extra-cost options like triple-turbine Turboglide.

But to sample all these reasons together, you have to get a Chevrolet out on the road. And there's where that Jet-smooth ride takes over with its own gentle kind of

AND JUST ONE JET-SMOOTH RIDE WILL SHOW YOU WHY!

persuasion. If you weren't absolutely sure, you'd imagine you were riding in a far costlier car.

No wonder people are buying more Chevrolets than any other make! Chevrolets have more of what it takes to please people!

*Official R. L. Polk & Co. registration figures show full-sized Chevrolets outsold the second-choice make by a record-breaking margin in 1960—and Chevrolets continue to set the pace for the industry this year!

DEN DOIN'S

Pack 49, Den 4

Thursday afternoon, Robbie Chapman invited the Den to see his electric trains in his basement. Mark Walter brought homemade cookies for the treat. We played outdoors later in Robbie's tree house and yard. On Saturday, our Den Mothers, Mrs. Rose and Mrs. Adams, drove us to Holly where we rode on the train to Durand and back. It was the first train ride for some of us.

BUSY BROWNIES

Troop 233

We studied the history of Girl Scouting and decided what pin our troop was going to have for our Tenderfoot Rank. We chose the Star of Bethlehem. Also the yellow scarf for our neck. Valerie Warren won the week-end trip to Camp Sherwood for selling 200 boxes of Girl Scout cookies. We gave our money from the cookies to the Easter Seals.

Scribe Bonnie Lue Hess

Troop 211

Some girls worked on their Tenderfoot Rank, and other girls worked on their Second Class rank. Nancy Chapman sold the most Girl Scout Cookies in our troop. We talked about the "Platter Hop".

From where I sit... by Joe Marsh

Nobody's in the Doghouse

The question of our town dog catcher came up at the last town meeting and someone started a little fuss about Slim Thomas — said he'd been dog catcher for a year and hadn't caught a single dog.

Buck Hanson spoke right up. "Aren't any dogs to catch. Any stray turns up, and if the dog's healthy, Slim gives it to some youngster to keep for a pet. We don't want to elect a man who'd put harmless little pups in cages, do we?"

I guess we don't, because Slim got re-elected, and they even gave him a raise in pay.

From where I sit, the folks in our town are a pretty nice bunch. Live and let live, they say—and they don't just apply this old axiom to strays, either. Me, for instance. Most every time a neighbor asks me over for dinner he serves me a glass of beer. He knows that's my preference, even though his might be coffee or tea. There's no "catch" to being a good neighbor — just be a tolerant one.

MICHIGAN IS WATER UNLIMITED

Whether in single stream from a factory faucet or in thundering volume, water is at work and at hand for industry in Michigan.

Water is almost everywhere in Michigan. Michigan has 11,000 inland lakes and 36,000 miles of streams, and Michigan has a vast underground water reserve. Lake levels vary little, stream flow is stable and, except for very limited areas, ground water levels have shown no appreciable change since record-keeping began.

Michigan is almost surrounded by the greatest supply of fresh water in the world, the Great Lakes. Stand anywhere in Michigan and you are within 85 miles of one of the Great Lakes.

Michigan is first in water resources — today, tomorrow and for the whole foreseeable future.

Help carry Michigan's message to the nation. Clip these ads and mail them to people in other states with your own comment. Let's talk up Michigan and its advantages for industry. Together, we can assure a greater future for all of us.
