LAKEAND PLAYERS IN REHEARSAL

Rehearsals are well under way at the home of Mrs. Harry Crigger, for the last production of the season for the Lakeland Players, "The Bad Seed".

This highly dramatic play will be given on Friday and Saturday, May 19 and 20, starting at 8:00 p.m. in the C.A.I. Building at 5640 Williams Lake Road.

Edwina Debridge, the school girl playing the part of the eight year old Rhoda Penmark, the lead role of the play, is really a talented young lady, and is expected to thrill the audience with her portrayal of duplicity in one so young.

Tickets are available from any Lakeland Player member or by calling the C.A.I. Building.

OUR YOUNG PEOPLE

Georgia Alice Goodrich, daughter of Mr. and Mrs. Frank Merkel, 26 Buffalo Street, Clarkston, completed ten weeks of basic training at Recruit Training Women, United States Naval Training Center, Bainbridge, Maryland, and was graduated during a military review held on April 14, 1961.

The local Wave, a graduate of Clarkston High School, will spend a 14 day leave with her parents before reporting to Great Lakes, Illinois, for Hospital Corps School. Seaman Apprentice Goodrich received instruction in Naval Orientation, Naval History, military bearing, military drill, Ships and Aircraft, Navy Jobs and Training, Self Improvement and Citizenship during her indoctrination period.

She enlisted at Detroit for three years, and was sworn in there.

Word has been received by this newspaper that three Clarkston Seniors have been awarded Michigan State University Scholarships. Those students are Linda Chapman, Margaret Fife, and Mary Upward.

The University also awarded a scholarship to Thomas DeRoseau of Lake Orion.

Open House At State Hospital

National Mental Health Week is being celebrated April 30 through May 6, 1961. In keeping with the modern concept of greater understanding about the country's Number One Health Problem, Pontiac State Hospital, Pontiac, Michigan, is having its 15th Annual Open House. The dates are April 30 through May 2nd, 1:00 to 4:00 P.M. daily.

There will be tours, discussion groups and a musical variety show, produced and performed by the patients. The patients will display their talents in singing, dancing and instrumental numbers.

The patients themselves feel that acceptance of mental illness as an illness, is essential, and as a result they are very interested in the Annual Open House and take an active part in all of the Mental Health Week activities.

Community interest in the mentally ill patient's problems can do wonders for their morals, so don't forget the 15th Annual Open House at the Pontiac State Hospital, 1:00 to 4:00 P.M. daily, Sunday, April 30th is the ideal day for the general public as May 1st and 2nd will be largely devoted to Senior High School students from the ten-county area serviced by the hospital.

TENNIS SEASON OPENS FOR FIRST TIME AT C.H.S.

Clarkston's tennis team, the first in the school's history, played against a polished Bloomfield Hills, April 21 (this sport being in effect there for four years).

After four weeks of training on the new courts, the Wolves bowed to the Bloomfield players 5-0. Bloomfield doubles, Steve Woolson and Bucky Walters took the first two sets, 6-1, 6-1 from Ken Abbott and Dale Calkins. Dick Valentine and Greg Fisher lost 6-0 to Jason Hall and Jim Olde in the second doubles match. Singles matches proved no better for our team as Chuck Funk lost 6-0 to Bruce Gould. Ron Hetherington bowed 6-1 to Jack Denby and John Gerhard topped Denby Smith, 6-2.

Monday nights game proved to be a great loss to Clarkston as Northville walked away with honors of 5-0. Ken Abbott and Dale Calkins lost in the Doubles first game to Gary Kohs and Jim Jingsen, 6-1 and 6-0. Second doubles, played by Dick Valentine and Greg Fisher lost to Bill Chapel and Dennis LaRocque, 6-2 and 6-1.

Chuck Funk played in the first singles with Dikran Ornekian but lost 6-0 and 6-1. Ron Hetherington and Jon Rodgers played an exciting game as Jon Rodgers won 6-1 and 6-0. Rocky Bullard bowed to Tom Long 6-0 and 6-0.

The tennis team is doing a terrific job considering the handicap of only being on the courts for training four weeks. Clarkston is certainly behind these hard working boys and with our support they may prove to be on the road to success.

TOMORROW BIG DAY FOR SCHOOL CHILDREN

Enthusiasm is running high among the elementary school children of the Clarkston School System as they look forward to watching "The Seven League Boots" tomorrow. This colorful dramatic version of the fairy tale classic, "Hop O My Thumb", is produced by the Wayne State University Children's Theatre and is being brought here by the Clarkston Community Women's Club.

Excellent plays designed especially for youthful audiences have been produced by W.S.U.'s Children's Theatre in the Detroit area for a number of years, with great success.

The Women's Club believes that bringing this play to the children of the Clarkston area will provide not only delightful entertainment but many educational advantages as well. Seats for the play, which the children are purchasing in the classroom, are priced only high enough to pay the costs of the production.

The School system will provide bus transportation for children in outlying schools. Performances will be at 10:00 a.m. and 1:00 p.m., for third through sixth grades.

If the play is well-supported this year, it is hoped that the treat will be repeated each year.

TROOP 126 HAS OVERNIGHT

Scout Troop 126 spent Saturday and Sunday on Kobrak's Bittersweet Farm on their first overnight of the spring. Despite the rainy weather on Saturday morning, they set up camp and began to prepare for the Bar-B-Que held on Sunday afternoon. By early afternoon, however, the weather had cleared.

Saturday was spent making pies and cakes in reflector ovens and making doughnuts. That evening the Scouts fixed Pot roasts in their dutch ovens for dinner.

On Sunday morning the camp was full of activity as the boys prepared the food for the Bar-B-Que. Approximately 100 people came that afternoon for the feast. Each person was served 1/4 chicken, tossed salad, rolls, and coffee. It is reported that the youngsters drank 10 gallons of Kool-Aid.

Parents Plan Party For Seniors

On Tuesday night, 46 Seniors were represented by one or more parents, at a meeting held in the library of the Senior High School. The purpose of this gathering was to plan a graduation party.

It will be held after the Commencement exercises at the Community Center, it is for each and every Senior and his or her date. Whether the parents of said Senior have been able to help with the planning or not.

A general discussion was held, with Mr. Dom Mauti telling the group the results of the meeting the Seniors held, to discuss the subject. It was their idea to have a disc jockey, and they promised they'd eat anything served to them! Who could ask for more co-operation than that!

Committees were formed to plan and arrange for food, decorations and amusement. It was agreed that all those who could, would work on clean up. The party will last from 10:00 p.m. to 2:00 a.m. and chaperones will work in shifts, as it was agreed that if both parents of 158 Seniors were present at the party at the same time, the Seniors might feel somewhat hemmed in.

O. E. S. SPONSOR RUMMAGE SALE

Joseph C. Bird Chapter O.E.S. will have a rummage sale at the C.A.I. Building in Waterford, Friday May 5th. Mrs. Ray Anthon is named chairman and will arrange for pick up of articles where desired. She will report on final arrangements when the chapter meets in regular session Monday May 1st.

Plans are being made by the chapter for a reception June 5th honoring Mrs. Loyd Sibley, Grand Counsellor of District 5 of the grand Chapter of Michigan.

JESSICA JOCKWIG, JON FOSTER AT 4-H PANORAMA

Two members of the Clarkston Happy Helpers 4-H club were invited to give demonstrations at the 4-H Panorama in Flint Thursday, April 20th. They were Jon Foster, demonstrating leathercraft, and Jessie Jockwig, flower arranging.

They both represented Oakland County last year at Lansing, in these fields. Attending with them was Mrs. Fred Taylor and daughter, Barbara. This is the first time this type of presentation by the boys and girls work in this manner, and it is to take the place of their Achievement day in Genessee County. It was held in the L.M.A. Auditorium. The large auditorium was sectioned off to display the different projects. The hall surrounding this large area was filled with other various entries, such as their livestock, rabbits, tractors, chickens, and ducks. It was like a large indoor fair or exposition.

What made this type of exhibiting more interesting was that all that participated in this large undertaking, had a schedule, where by one of the leaders and a group in each of the classes shown was on hand at all times to give demonstrations of how they made their articles, and would answer any and all questions that the viewer might want to ask. The last thing on the program for Thursday night was the style show, where all the girls in the clothing projects wore their garments and showed them on stage. If the crowds attending this new Panorama was any indication of the success of this plan, it may be the coming of a new and different way for all counties to present the work the boys and girls do in their winter projects.

Births

Mr. and Mrs. Thomas E. Bullen of Monroeville, Wisconsin, announce the birth of a daughter, Julia Kay, April 21st, weighing 9lbs., 4 ozs.

Grandparents of the baby girl are Dr. and Mrs. John Stageman and Mr. and Mrs. Richard T. Bullen, all of Clarkston.

Smorgasbord DeLuxe!

On Friday, May 5, starting at 5:00 P.M., the Gertrude Atkins Circle will sponsor one of the biggest, the grandest, most beautiful Smorgasbords it has ever been your pleasure to behold.

This is not an idle statement. We realize that the 'proof of the pudding is in the eating' and that is just exactly why we urge you to be present at the First Methodist Church, when the serving begins.

To the gourmet's taste will be served the traditional Smorgasbord fish appetizers, without which, we hear, no Smorgasbord is complete — also shrimp, scallops and salmon loaf.

No matter what you've been having a lot of at home lately, there will be something different offered at this Smorgasbord. Ham, turkey, Swedish meat balls and roast beef comprise the list in the meat line; there will be salads galore — molded salads, tossed salads, potato salad, macaroni and tuna salad — to say nothing of the abundant supply of relish trays.

There will be five different kinds of potatoes served — sweet, au gratin, scalloped, mashed and browned; vegetables of all kinds, plain and fancy; all types of rolls; delicious pies and cakes from which to choose your dessert, with a choice of tea, coffee or milk as beverage.

The committee has asked Mrs. Ed Collick and Mrs. Russell Gutavson to hostess the main table, and they will be happy to make you welcome and assist you in anyway they are able, as you make your selections.

Since children under the age of 10 will be served at half the price of an adult ticket, it is a good opportunity to take the family out to dinner, with assurance that everyone will be pleased with the menu.

SENIOR STUDY CLUB AT BULLARD HOME

Members of Clarkston Senior Child Study Club held their monthly meeting at the home of Mrs. R.W. Bullard, Wednesday, April 19th. Mrs. Paul DeLongchamp and Mrs. Ralph Kreger were co-hostesses.

He explained that faculty members judge students three ways. High School Academic Grades, Entrance Examinations and Enthusiasm of the Student pointing out that motivation and good study habits play a large part in the success of the college student.

Dr. Hopkins discussed the Trimester Plan which will go into effect in September, 1961. There after students will be able to take a full schedule all three semesters. This plan has many advantages, such as earning a degree in two and two thirds years, the student saves large amounts of both time and money, it saves tax payers money by accommodating up to one third more students with no more classrooms, and faculty resources are used more fully.

Mr. Klingman came to us as High School Principal in 1951. In 1956 he was promoted to Assistant Superintendent, and has served in that capacity until this time.

Dr. L. F. Greene, Superintendent of the Clarkston Community School System, indicates that he has accepted the resignation of these two men with regret, knowing that it will be difficult indeed, to find anyone of their caliber to fill the vacancies left by their departure.

He joins the community in wishing them and their families "Good luck" in their new positions.

your comfort is custom-made in an ALL-ELECTRIC HOME with flameless electric heat bedroom 67° kitchen 73°

Why has the number of electrically heated homes in the United States tripled in the past three years? Why will more families choose them in the future? Because built-in electric heat gives each room its own heating system—with individual control. You keep every room at just the temperature you want, change it in a jiffy. Electric heat saves space, and is as clean and safe as electric light. And electric heat is so even, comfortable. You enjoy even heat from head to feet, all over the room in every room. Features like these make electric heat worth the extra cost. And that cost can be leveled out over the year on Edison's Budget Billing Plan. This most modern of all heating systems is available in All-Electric Homes—the homes that will still be modern when your children grow up. All-Electric Homes offer... Total electric kitchen with built-in electric oven and range for cooking without looking. Electric water heater that's flameless, cool to the touch, supplies lots of hot water over a long, long life. At least two other important water-saving appliances, such as food waste disposer, dishwasher, refrigerator, freezer, washer, dryer. Light for Living, with path-of-light switching and fixtures picked by experts for eye comfort, good looks and safety. Certified Wiring with plenty of circuits and outlets for today's work-savers, plus extra capacity for tomorrow's. Includes circuit for electric clothes dryer. An All-Electric Home is a better investment, too. Should you move, an All-Electric Home with flameless electric heat will bring a better resale price than a similar home without a built-in electrical future. For information, mail coupon.

THE EDITOR OBSERVES

A complete showing of the high interest in scientific thought was displayed at the Annual Clarkston Community School Science Fair this past Friday and Saturday. Interest passed from the gym area and became centered in the field of Science. Parents viewing the projects were equally proud of a Superior ribbon or an Honorable Mention because this project not only showed ability but interest, interest in science and interest in the future.

Out of every competitive event there comes the winners and those who didn't quite get the best rating. There were disappointments and maybe a sudden dis-interest in the scientific field. If you entered the Science Fair this is enough to show that an interest in this field lies with you. If you are a Junior or below enter again in each succeeding year and most likely you will one day come out on top. In most cases a project worked on several years with interest and enthusiasm will bring about top-ranking results, but remember the reason you entered in the first place: Not to win, but to further your outlook on the world of science around you.

MAY SHOWERS

Well, before you jump to conclusions, this article isn't about the terrible rainy weather we've been having. It's just to inform the student body of the shower of events that cover the entire month of May. First of all with the Science Fair over, the main event in most of our minds is the Talent Show to be held May 9 and 10. Lots of students have prepared excellent talents to perform on that date.

quet will be held in the cafeteria. The G. A. A. Banquet will be held on the night of the 18th, while the Annual Spring Concert will send out mellow strains on the 23rd.

The 26th brings another dress up day sponsored by the Student Government, and a dance sponsored by the Publications class.

One of the biggest events of the year, one that everyone looks forward to, will be held on the 27th. Naturally this is the Prom. On the 30th, Memorial Day, we all can take a rest from school, and from this busy month of May!

SPRING HAS SPRUNG

Ah-h-h, Spring has finally sprung. It certainly seems good to have it here, after those long hibernating winter months. Soon school will be out and graduation for the Seniors. For some it means vacations and long trips, and yet for others it means no more school and finding jobs. Also Spring and summer sports start, swimming, water skiing will soon be in the swing. Clarkston's tennis courts will certainly get a lot of use. Yes, it is sort of sad, but we all welcome it with bright and shining faces.

DRAMATICS CLASS PRESENT ONE ACT PLAYS

An evening of one-act plays will be presented by the Clarkston High School Dramatics Class next Thursday, May 4th at 8:00 p.m. Three short plays will be enacted by the students under the direction of Lorna Wildon, Dramatics Director.

In the first of the plays, *Just Another Saturday*, a galaxy of human emotions passes before the observing eyes of Grace, the cloak room attendant. Tragedy, comedy, despair and romance are portrayed, but Grace, buried in the pages of a movie magazine sees none of it. The cast includes: Ginny Brown, Barbara Buzzell, Alicia Lawrence, Irene McLott, Sheryl Miller, Dianne Rounding, Pauline Slade, and Jane Zumbren.

Morn or More To Be Pitted Than Scorned. Sandra Podger plays the part of Faith Truheart, the heroine; George Thomas is Excelsior Inc; Clofox, the noble hero; and the black-hearted villain, is played with enthusiasm by Dennis Galligan. Bavery Liz, who has a heart of gold and teeth to match, is portrayed by Alicia Lawrence. Pauline Slade plays Mother Mahoney while Barbara Buzzell assists in the evil plot as Opal Buskingham, the villainess.

The public is cordially invited to attend the program. There will be no admission charge.

APRIL IS FUTURE TEACHERS MONTH

The active Future Teachers club under the direction of Mrs. Purslow, went on a field trip to Michigan State University. A talk was given on the teaching courses taught at the University and each one of the Future Teachers had a chance to sit in and listen to an actual class discussion. A few even had the chance to talk to pre-educational teachers and find out what the school was like and how they were trained.

After an interesting morning of classes they were shown around the campus and taken into a typical student room.

This all gave the Future Teachers at Clarkston a birds eye view of what college is going to be like when they leave next fall. The club has been busy practicing teaching twice a week at the elementary school.

HOBBY SHOW

Mrs. Richley's 6th grade students held a hobby show in their room, Thursday, April 20 at 12:10. This consisted of 20 hobbies. Some hobbies shown were stamp collections, dolls, books, and pictures. Others spoke of such hobbies as dogs, writing, and baseball.

Raymond Chenoweth, chairman of the show, appointed a committee of four people, Perry Welch, Jan Waite, Roger Erickson, and Patti Lewis. They did a good job of setting up the hobby show and being in charge.

BUSY DAYS AHEAD

The seventh and eighth grade chorus classes have been planning what songs to sing for the coming concerts. Also, they had to decide what to wear. For the concert in May they have decided to wear lavender and white. Also, sometime in May they will be going to Walled Lake for a Song Festival. Among other songs they must know are "Down In The Valley" and My Lord, What A Mourning."

SHOP NEWS

Recently eighth grade shop students have made a change of pace in their work. Now instead of working with wood, shop students are making projects from leathers, metals, and plastics. A certain project is required in each field.

Leather projects are to be a key case made by each student. Many different and appealing designs may be stamped on the case. Letter openers are the required plastic projects. The letter openers come in many colors and all kinds and sizes & shapes. The required metal project is a dish. When this project is completed it shines like a mirror. After finishing one project in each field — metal, plastic or leather — a student may construct a project of his own.

SCIENCE!!!

As you might know last Friday and Saturday Clarkston schools held their annual Science Fair. Also held at the same time was an Art Exhibit. The projects were to be set up during the morning hours. Around 2:00 P.M. the judging began. The judges asked various questions pertaining to the students project. After the judging was over the fair was opened to the public.

The next afternoon at 2:00 P.M. everyone sat on edge with excitement in the Little Theater. They were waiting for the big moment when the judges would announce the finalists. Finally the curtain opened. A man (Mr. Thomas) stood in the center of the stage and announced: "The following people have won medals in the Junior High section: Carol Storm, Morris Hyatt, and Darryl Hicks."

Everyone roared with applause, but the big moment was coming up soon, the winner of the Trophy. Soon he announced that Beverly Pyleman had won the huge, "luscious" trophy for the Junior High.

No one could withhold his delight everyone roared with applause and cheers. Beverly's project was called "World of Insects."

I'm sure everyone is proud of these students for the great job they have done.

REPORT CARDS ONCE AGAIN

Once again teachers will pass out slips of paper entitled "Report Card." The dreaded report card is more than just a grade you are afraid to look at, but it is also the meaning of the future. Meaning a good education and a good career.

So start cracking those books and try to receive a report card that's well deserved! And don't be afraid to look at it.

HOME ECONOMICS CLUB

The seventh grade Home Economics Club met on Tuesday, April 18, 1961 in room 110. There were eleven people present. The meeting lasted from 3:05 to 3:20 P.M.

The members discussed donating \$5.00 for supplies to the Junior High School.

Diane Martin wanted to know if we could have another dance

but it was decided not to. The members discussed donating \$5.00 for supplies to the Junior High School. A pot-luck dinner was discussed. It was decided to elect officers at one of the other meetings.

TAPE RECORDINGS

Friday, April 21, Mrs. Foster's fifth hour English students related life experiences to the class. Tape recordings were taken of each student's story.

Then each class member criticized what was wrong with the way he presented his own story.

4-H MEMBERS HEAR MSU INSTRUCTOR
 Professor Alfred C. Dowdy, Extension Specialist in Entomology at Michigan State University, East Lansing, was the main speaker at a 4-H Entomology meeting.

The meeting was held at the 4-H Fair grounds, April 20. Mr. Dowdy showed colored slides of different insects and explained by means of the slides the difference cycles in the life of the different insects. He also showed the members present plastic imbedments of insects, which was for the benefit of the more advanced members.

Those attending from the Clarkston Happy Helpers club were Carrie Caverly, Janet Casper, Cleo and Cecil Caverly, Philip Weber and Karen Johnson. Mrs. Alvin Caverly and Mrs. Leslie Johnson also attended. Alvin Caverly and Kristine Johnson, too young to be 4-H members yet, also attended and answered several questions that Mr. Dowdy asked them. These two youngsters have an interest that is equal to the older 4-H members.

A PROCLAMATION

On the first day of May, twenty years ago, the United States Treasury offered the people of this country their first opportunity to buy series E Savings Bonds.

Today, the E bond is the most popular security the world has ever known.

Tens of millions of Americans own more than \$43 billion worth of series E and H savings bonds.

The Savings Bonds program is a shining example of Americans working together for the good of all.

The symbol of these volunteers and of the bond program is the Minute Man of Concord.

In recognition of the tremendous benefits which the bond program has brought to scores of millions of Americans whom it has led into and helped along the pathway of thrift.

In recognition of the vital role Savings Bonds have played in financing our defense and in protecting the purchasing power of our dollar.

I therefore, as Governor of the State of Michigan, do join other heads of states throughout the nation in proclaiming the month of May 1961, as MINUTEMAN MONTH in honor of the Savings Bonds volunteers and to encourage regular saving by Americans young and old through systematic investments in United States Savings Bonds.

Given under my hand and seal this 19th day of April 1961, the 180th anniversary of the battles of Lexington and Concord.

Food Sense—Not Nonsense

"It's No Fun To Eat Alone"

It's inhuman to eat alone. A dog knows this. Teen-agers don't like it either. At the recent National Youthpower Congress in Chicago, delegates frankly confessed they would like to eat dinner with their families. And, they confessed, they are not apt to eat the right foods when they eat alone.

Such views may startle parents. So may this report from a pretty teen-age discussion leader: "Parents are not strict enough in forcing us to eat the right foods."

Adults and children alike, the teeners said, tend to choose from only one or two food groups and ignore the others. The delegates adopted this remedy at the Congress: "We plan to concentrate on getting all four food groups (enriched or whole grain bread and cereal, meat or an alternate, milk or cheese, fruits and vegetables) and the right servings of each."

The delegates' ideas—and their dreams—were as clearly defined on the subject of the family and dinner. They would like dinner to be an occasion, one that might demand a clean shirt as well as clean hands. They would like a pleasant setting for dinner. They would like father to say grace. As the teeners spelled out their solutions, they pleaded, "We need these helps from our families and the community."

- Family members should manage their time so they can eat together.
- Fathers should arrange to be home for dinner whenever possible.
- Activity leaders in the school and community should time meetings to allow for family dinners.
- The dinner hour should be flexible enough to permit pressing activities of individual members.

Teeners at the Congress were willing to go to all lengths to achieve their goals—even to asking their parents to cooperate. "After all," they said, "it's no fun to eat alone."

New Beginnings

I'll purge, and leave sack, and live cleanly. —SHAKESPEARE

Remember how long you have been putting off these things and how often you have received an opportunity from the gods and did not use it. You must now at last perceive that a limit of time is fixed for you, which if you do not use for clearing away the clouds from your mind, it will go and you will go, and it will never return.

—MARCUS AURELIUS (121-180) Roman philosopher

We imagine that when we are thrown out of our usual ruts all is lost, but it is only then that what is new and good begins. While there is life there is happiness. There is much, much before us.

—LEO TOLSTOY (1828-1910) Russian novelist

After innumerable resolutions formed and neglected, I have retired hitherto, to plan a life of greater diligence.
