MEMORIAL DAY SERVICES

The parade will start at the Methodist Church at 10:00 a. m. and terminate at the veterans plot in Lakeview Cemetery. Participating in the parade will be the Boy Scouts, Girl Scouts, Cubs, and Brownies. The colorful High School Band will furnish the music, followed by cars provided for WWI veterans and WWI widows. Anyone wishing to ride with that group should contact John Ronk at the Post Office. Cars are being provided by local car dealers. The Campbell-Richmond Post will lead the parade with uniformed color guards and flag bearers, and rifle squad following them.

Memorial Day originated at the close of the Civil War and therefore Posts of the American Legion and all veterans give due recognition on this day to veterans of earlier wars. It is on this day that we honor those who gave their lives in the service of our country.

We look upon today's pursuits of peace with a feeling of profound gratitude to God, and to men and women who give their lives as their part in the cost of obtaining that peace.

Let's join together for a few hours this Memorial Day and honor them. In all due respect to the flag of our country we would appreciate children riding to the cemetery on bikes, to remain behind the color guard and flag bearers.

All veterans of the community are more than welcome to participate in the parade and program following. Following the services at the cemetery, refreshments for the kids will be provided by the Post at the corner of Washington and Main St.

"FOURTH" PLANS STARTED
Lewis E. Wint, Chairman of the 4th of July events in Independence Township, has announced that plans are now underway for one of the biggest celebrations ever. Tink Ronk, Chairman of the fireworks committee, has ordered a display of fireworks that should be enjoyable to one and all. Within a few days, Firemen will be calling on merchants and all interested people of the Township for donations to help cover the cost of the days festivities. It is hoped that all will cooperate in this worth-while activity. More committees will be announced at a later date.

CLARKSTON'S PLAYERS SHIFT REHEARSALS TO MODERN THEATRE
Clarkston's Village Players' first production, "Two Blind Mice", combines the best of "Armenic and Old Lace" and "The Solid Gold Cadillac". Satirizing Washington bureaucracy, the play explores the operations of two elderly, naive ladies who head a forgotten government agency. The ladies are catapulted from obscurity to headlines when a Washington newsman labels their seed-sorting service with the initials O. H. W. — Office of Herbolological Warfare.

Almost as startling for the cast is the transfer of rehearsals from the Power House, back of the township Community Center, to the stage of Clarkston High School's "little theatre". The ultra "modern staging facility, providing unusually versatile light control and outstanding acoustical values, makes movement and voice equally perceptible to back and front row seat holders.

Tickets for June 9 and 10 productions are now on sale at the Clarkston Sports Shop, 2 South Main. Mail orders can be addressed to The Village Players, Box 23, Clarkston. Only 304 tickets will be sold for each performance.

REMEMBER POPPY DAYS

In Flanders' Fields the poppies blow
Between the crosses row on row.

Lest we forget — 1917 — 1941 — 1950. Our local American Legion Post 63, Campbell Richmond, will be selling poppies starting this Thursday, the 25th of May. Clifford Waterbury is chairman of this event and the sellers should report to him at Ronk's Barber Shop.

First, we would like to give some facts about our poppy program. The supervision and making of memorial poppies, which are worn throughout the nation on Poppy Day in tribute to the war dead, is one of the most important Legion activities.

The poppies are made by disabled veterans of all wars, working in Veteran's Hospitals and in Convalescent work shops maintained by American Legion Auxiliaries in every part of the country. The work is beneficial to the veterans both because of the money they earn and the occupational therapy that the work provides. More than 9,000 disabled vets were employed in the 1960 program, when approximately 22,000,000 poppies were made.

On Poppy Day, observed this year on May 25th, 26th, and 27th, workers from veterans posts, auxiliary units and womens organizations, all unpaid, distribute the poppies on streets of cities throughout the nation. There were better than 50,000 workers last year.

The money obtained last year for local use in our rehabilitation and child welfare funds, was used for helping needy veterans and the Christmas welfare fund. Our Christmas program this year provided 15 baskets and toys for 40 adults and more than 100 children. The post also sent 4 wards of the court from this area, to Camp Oakland for a weeks summer vacation and training.

To "Honor the war dead and aid war's living victims" is the purpose of the poppy program. This year's theme is: "Lest we forget 1917 — 1941 — 1950," and we ask you not to forget us this weekend. All donations are purely voluntary, and we ask all of you to give generously to this once a year program.

Veterans wishing to donate a little time to a worth while cause, should contact Cliff Waterbury or myself.

Post Commander

Spring Concert Tremendous Success

by Cheryl Hipp
Truly your heart would have been filled with music if you saw the annual Spring Concert, presented Tuesday, May 23, 1961, in the Little Theatre by the Junior and Senior High Schools. Under the direction of Miss Martha Jetter, the concert was a sensational hit.

The Senior Chorus opened the program with the beautiful song "Dream". Following this was "Mood Indigo" and "Sound of Music", which was presented most beautifully as Mary Hinkley sang a solo.

As the program progressed, last year's presentation of "Peter Pan" was brought to memory as Martha Torr sang "I've Gotta Crow!" and "I Won't Grow Up". Other parts of the musical were presented by Jon Hicks and Ron Woodworth.

The Junior Chorus touched each and every heart as their opening number, "May the Good Lord Bless and Keep You", was presented in a most reverent way. Many other famous songs were sung: "Give Me Your Tired, Your Poor", "Hay Ride!" and "One God". Soprano Soloist, Susan James, sang a beautiful selection, "Over the Rainbow", which touched the audience with emotion. Student directors for the Junior Chorus were Connie Papi and Mary Wertman.

Last but surely not least, the A Cappella Choir presented three songs to entertain the tremendous crowd. "Anywhere I Wander", "Chopsticks" and "Love is a Many Splendored Thing" were among the selections.

Ending the evening with a reverent song, Carole Walter sang "I'll Walk With God".

Those who saw this year's Spring Concert left with the touch of Spring tingling through their veins.

Acknowledgements should certainly go to Mike Simonson and the members of the Art Department for the beautiful covers for the programs. Ushers for the program were provided by the Senior Band members. Lighting facilities were conducted by Richard Beutel and Tim Jockwig.

Death Claims Kay P. Robinson

Clarkston was saddened this week when word came of the passing of one of its most popular young women, Kay Phyllis Robinson. Death came early last Sunday morning in Mount Sinai Hospital, Detroit.

A graduate of Clarkston High School in June 1956, Kay continued her education at the University of Michigan, Central Michigan University and Richmond Professional Institute in Richmond, Virginia, majoring in Art Education. This past year she taught the second grade in The Schoolcraft School in Waterford Township.

Besides her parents she leaves two sisters, Mrs. Graham Woodson of Clarkston and Isabel Robinson at home and one brother, King, also at home.

A private funeral service was held on Tuesday morning in The Sharpe-Goyette Funeral Home with The Reverend William J. Richards of the First Methodist Church officiating. Interment was in Lakeview Cemetery.

Pallbearers were: Robert C. Jones, Thomas K. Bullen, Charles G. Robertson, Lanny Leak, Gray Robertson and Leigh Bonner.

HAPPY HELPERS TO GO TO OKLAHOMA

"Why did I eat so much!" I wish I were as small as you. "Can't you pull the tapemeasure a little tighter?" These were some of the comments heard at the May monthly business meeting of the Clarkston Happy Helpers 4-H Club at the Community Center. What was happening? Each member, parent and leader present was donating in money the number of inches around their waist. This was their way of raising the clubs share of the expense money to send their 4-H member to Oklahoma this year. Eleven boys and nineteen girls from Oakland County 4-H Clubs will take part in Oakland County's 4-H exchange program with Oklahoma 4-H members. Last year Oklahoma members visited here and now we are visiting them. John Weber, son of Mr. and Mrs. Paul Weber of Walters Road, will be Clarkston's member attending this educational trip, June 16 to June 24.

Four members of the Clarkston Happy Helpers took part in the 4-H Talent Show held at Madison Junior High School Pontiac last Saturday night. Those taking part were Karen Johnson, Robin Kickery, Jessica Jockwig and Cecil Caverly.

Her co-hostess was Mrs. John Christie who served the group a delightful molded jello layer salad.

During the business meeting, plans for the coming "Husband Night Banquet" were discussed. The installation of new officers was conducted by the president, Mrs. Stan Radoye. The new president, Mrs. James Mortenson, expressed her thanks along with other members to Mrs. Radoye for the outstanding job she has done these past two years.

PARENTS CAN HELP TRAIN BABY-SITTER

Baby-sitting is part of our culture. Grandmothers and aunts may be miles away, so parents often depend on a young girl in the neighborhood to care for their children.

Betty Garlick, head of Spartan Nursery School at Michigan State University, offers a few suggestions for parents who must hire a baby sitter.

It's best of course to keep the same baby-sitter so a child won't have to "warm up" to many different people. The sitter should be given a schedule for the child's activities, which may involve feeding, bathing, clothing, play-time and bedtime.

Miss Garlick advises parents to prepare a list of phone numbers which might be helpful in any situation. These should include numbers for reaching parents, a doctor, police, fire department or another "near-by" adult who can be called if necessary.

As an "extra," Miss Garlick suggests parents leave some helpful literature on child care around the house. The young baby-sitter of today may be a parent in the near future.

Plan Ahead, Leave Worries Behind

Wise is the family that plans ahead for a smooth summer vacation. By mapping out trips and taking time now to ready tents, trailers, boats, and other gear for use, families can sidestep last-minute delays in their vacation fun. If your family is going to spend its vacation at a state park this summer, here's another time-saving tip: Buy your entrance permit now to avoid waiting in line for one during the jam-packed season. An easy way to beat the rush is to mail \$2 by check or money order to Michigan Department of Conservation, Publications Room, Lansing 26. In return you will receive a decal permit (top photo), which must be attached to the lower righthand corner of your car's windshield. Annual permits are also on sale at about 900 hunting and fishing license dealers, any AAA office in Michigan, and all state parks.

THE EDITOR OBSERVES

With the flurry of Election Week nearly completed at CHS, we advance even closer to the decision of the officers of next year's Student Government. In previous weeks I have placed my recommendation with Barb Buzzell for treasurer and Carolyn Ruggles as Secretary. Elsewhere in this edition of the paper I discuss the office of President, but in this week's editorial, I would like to take up the office of Vice-President.

Second in importance only to the President, the position of Vice-President should call for careful consideration of the entire student body. As I have stated in previous articles, you must judge on experience, dependability and leadership. Betty Cobb not only sports these qualifications but she also shows a special talent for speaking, as she demonstrated by outshowing her opponent in the recent convention.

Her experience on the Government board shows two years of constant work, & even the President, Jon Hicks, claims Betty is one of the hardest and most dependable workers. Need we say more?

And so you can easily see why I recommend, without question, Betty's election to this important position. I just hope that you believe, as the staff and I do, that Betty is our next Vice-President of the Student Government.

As For President . . .

In discussing the position of President, you must carefully consider all the qualifications called for in all the other offices. Standing behind Janet Spangler is a record of awards, such as, Homecoming Junior Maid, Honor Society and Junior Play; and a record of activities that include Cheerleading, Debate and Vice-President of her class. She also was chosen for Who's-Who at CHS. The candidate running as an independent is Ron Applegate and the fact that he runs as an independent and not on the Student's Right ticket is enough recommendation for me, but also there is the fact that he has been on the Government for four years and served as Vice-President last year.

There you have your two candidates each outstanding in their own right. Now the choice lies with you.

OFFICERS FOR CLASS OF '63'
 by Janet Tisch

After nominating and deciding among prospective candidates, the C. H. S. sophomore class elected their class officers for the 1961-62 school year.

The class came to the decision of the following people: Carl Wilberg, President; Joan Mansfield, Vice-President; Treasurer, Gary Haiser; and Secretary, Edith McLard.

The class also voted to keep the same sponsors, Mr. William Dennis, Mr. Dave Skillman, and Mr. Chris Neilson, for the tremendous work they have done for the class during the past year has benefited everyone.

Mr. Floyd Vincent gave the class a short pep talk on the activities they may participate in during the next year, such as the magazine sales, concession working at basketball games, and others. He also said that sophomores should get promises for their magazine subscriptions now, for their Senior Trip and Graduation expenses can be earned in the one and two year span of the magazine sales.

SENIOR CLASS OF '62 PICKS OFFICERS

by Sharon Gotschall

The Senior Class of '62 picked four class officers last week. Each student that ran for office was required to have a petition of twenty-five signatures. The purpose of this was to give all students wanting to run for an office a chance to apply. The students names running for office were then placed on a ballot and distributed to each class member. In this way, each individual could pick the candidate of their choice. After the votes were tallied, the office for President was found to be tied between Judy Fife and Chuck Funk. A final voting took place the following day. The results for all officers are as follows: Chuck Funk, President; Sharon Gotschall, Vice-President; Kathy Taylor, Secretary; and Barbara Bullard, Treasurer.

STUDENTS FIRST POLITICAL PARTY

For the first time in the history of Clarkston's Student Government election, a group of student sets of reforms, four industry tickets. Rather than running as individuals with four different sets of reforms, for industrious students met and adopted certain doctrines and platforms that would represent the first student political party, properly named the Student's Right Party of Clarkston High School.

"At tomorrow's election, students will be able to vote entirely for one party or split their ticket as is done in elections on the national level.

The students running on this first party are: President, Janet Spangler; Vice President, Carol Walter; Treasurer, Denby Smith; and Secretary, Carolyn Ruggles.

Everyone is urged to listen to the issues involved and then vote wisely.

WHY BARB?

Soon you will be given the opportunity to cast your vote for the 1961-62 Student Government officers; President, Vice-President, Secretary, and Treasurer.

The duties of the office of treasurer require that accurate records be kept of all funds of the Student Government, that all bills are paid promptly upon authorization of the entire membership of the Government, and that all financial records are presented for auditing at the end of each year.

Each of these duties has been ably taken care of during the course of this school year by Barb Buzzell. President of the Student Government, Jon Hicks, gives his highest recommendation to Barb for her outstanding service during the previous year.

That is why we urge you to cast your vote for the best qualified person to fill this important position of treasurer and re-elect Barb Buzzell.

TRACK TEAM CLOSES SEASON

by Mike Howey

Grand Blanc High School was the sight of a quadrangular track meet between their home team, Clarkston, Davison, and Holly. Grand Blanc came in first with a total of 50 1/6 points, while Clarkston tallied 46 1/3.

To earn these points, Clarkston came up with 4 first places on this Thursday, May 18. Bill White ran the 100 and 220 yard dash in 10.55 and 23.4 seconds respectively. Jack Lundy ran the mile in five minutes flat while Bill Powell put the shot 43' 10 1/2" out. The meet was decided with the 880 yard dash. The Grand Blanc team picked up first place in this event which meant the difference in the match.

On Saturday, May 13th, Clarkston faced some of the toughest competition in the state at the regional meet. Although they came in eighth, many bright spots were seen. Mike Bates set a school record in the High Hurdles, but was not able to even place. Bill White came in second on the 100 yard dash, Bill Powell fourth in the 220 yard dash, Jack Lundy 5th in the mile, while Ron Bray was taking a fourth in the low hurdles.

Oxford and Clarkston's thin clads battled it out on Thursday, May 18, with Clarkston getting

the upper hand, 69 1/2 to 39 1/2 points. Every Clarkston player showed great ability, with Bill White earning firsts in the 100 yard dash and 220 yard dash at times of 10.5 seconds and 23.4 seconds respectively. Marvin McAboy ran the 440 in 58.6 seconds. Clarkston's 880 yard relay team ran their distance in one minute, 40.7 seconds. Mike Bates the high hurdles in 16.4 seconds, Ron Bray the Low Hurdles in 22.2 seconds. Mike Applegate cleared the pole vault bar at 8' 6" while Bill Powell broad jumped 18' 7".

On Saturday, May 20th, Bill White broke the school record in the 100 yard dash, by doing it in 10.4 seconds. He could only place fifth in his heat at the state track meet.

The track team of CHS did a very good job throughout the '60-61 season and deserve much credit.

PETRIE, J. V. KEEP THE BALL GOING
 by Mike Howey

Clarkston's J. V. baseball team went to Lake Orion to face their powerful squad. Dan Craven started the game, and finished it. He only allowed one opponent to cross the plate, while his teammates gave him four runs to lay back on. Tom Petrie continued his fine play by sending a ball for a homer, his second of the year.

Clarkston again traveled on Friday, May 19th, but this time to Grand Blanc. Paul Walker did a good job of pitching, but costly errors cost him the game. Tom Petrie's hot bat gave the team three runs and him a triple. Although they did pick up five runs, Grand Blanc had nine to their credit.

GOLF

"Hole-in-one", "eagle", "birdie". These words mean much to a golfer of any age. Clarkston's golf team saw little of these at Brough's Farm Golf Course on Friday, May 12th. In this Regional Golf Tournament held at this course in Brighton, twelve Class "B" teams were competing to see who would qualify for the finals. By coming up with a 329 Okemos made their way into the state finals as a number one team.

Clarkston could only come up with a sixth place position as they had 363 strokes to their credit. Jim Gunter played a fine front and back nine by using only 80 strokes to finish 18 holes. Jim Jennings was doing a good job with a 90. Gar Wilson earned a 93, while Hal Weston stroked a 100.

Medabrook Golf Course was the sight of a Clarkston match with a tough Northville team. Gar Wilson was the match medalist as he stroked the nine holes only 42 times. Bill Challas, a Northville opponent, only used 44 strokes and Tom Slattery, his teammate, stroked only 45 times. Jim Gunter and Jim Jennings used up 46 strokes. Hal Weston posted 50 to make the team total 184 against Northville's 187.

Holly's Machinsie set a torrid pace on the Clarkston Country Club and Golf Course two days after the Northville meet on Monday, May 15th. He used up only 35 strokes on the nine holes, but could get little cooperation from his partners as they used up 174 strokes. Well rounded scoring by Clarkston enabled them to defeat Holly by using only 166 strokes. Both Jim Gunter and Jim Jennings had 40's while Gar Wilson and Hal Weston had 43's.

FIRST POLITICAL PARTY

For the first time in the history of Clarkston High School, a political party has been formed because of similar beliefs and wants for the school.

This spring, the Student's Rights Political Party was formed for the Student Council election. The party consists of four candidates who are on the same platform, but not as an adjoining vote. They are: Janet Spangler, President; Carol Walter, Vice-President; Carolyn Ruggles, Secretary; Denby Smith, Treasurer.

Many students have worked with these candidates, showing their belief and trust in the party's promises, which are: alternate representative, initiative, recall, training program for club officers, representative report, a government meeting before the student body, and explanation of all clubs and their purposes.

These students have combined their numerous ideas and abilities for the benefit of the entire student body; and their main objective is to combine their strength as united officers and work together with combined strength and ability. But, everyone of them will also work with anyone who is elected to the offices.

The party has already worked at their dance for the students, by printing handbills and buttons, and in every way to show their interest in student's rights and their stamina to work for these. They have shown dependability, stamina, and a true interest in the rights of students. They are forging ahead with determination instead of relying upon past experience to show their abilities to fulfill these offices.

Another point the party would like to explain is that they are a platform, working together for the student's benefits, and that the students may vote for any one without voting for all.

FOR BETTER GOVERNMENT
 by Adele Lynady

Kathy McDermott, Mary Robbins

The hustle and bustle of a National Convention was evident at The Annual Student Government Convention held at Clarkston High School on Friday, May 19, 1961. Enthusiastic supporters of the various candidates filled the bleachers and carried signs through the convention area. Decorated in red, white and blue, and complete with a band, press table, and speakers platform, the gym gave the appearance of an authentic national convention.

Jon Hicks, Student Government President, called the convention to order and introduced Donna Harris, Campaign Chairman. Ron Jyteen opened the proceedings with the Invocation, and the National Anthem followed. Donna Harris then presented the Convention Rules and told violators they would be removed from the convention by Senior guards, if the rules were violated.

Barbara Buzzell, Student Government Treasurer, gave the duties and qualifications for the office of treasurer. Earl Pearson, campaign manager for Denby Smith spent his time for the Party Platform of the Student's Rights Political Party. The platform is as follows: 1. Alternate representatives in classes; 2. classes have the right to recall members who are not doing their job; 3. Hold open session for student body once a year; 4. Program of initiative; 5. Student Government keep and publish records on the way representatives vote; 6. One assembly for Presidents of all clubs to speak to student body on the purposes and membership requirements; 7. Training program for officers. He then gave Denby's qualifications for the job of Treasurer. Denby was Treasurer of the Student Council at Walled Lake and a former treasurer of his class.

Convention delegates were then entertained with a campaign song sung by Ginny Brown and Kathy Blimka on behalf of the Student Rights party.

Judy Booth spoke on behalf of Barbara Buzzell, the second candidate for the office of treasurer. She gave Barb's achievements from past years and her qualifications for the future year. The duties and qualifications for the office of Secretary were then presented by Secretary Jane

Zumbrunnen. Nola Walls presented the qualifications for Cathy Belong, the first candidate for secretary. Cathy is a freshman, has typing and next year will be taking shorthand. She is also an "A" student. Cathy said that if she is elected she will read the minutes of every meeting over the P. A. system and keep up to date minutes.

Joan Payne then presented her candidate for secretary, Carolyn Ruggles. Carolyn is a junior, and in the eighth grade was secretary of the Junior High Student Council. She is running on the Student's Rights party.

Ron Applegate, Vice-President of the Student Government, then gave the duties and qualifications for the office of Vice-President.

Linda Chapman presented the first candidate for Vice-President Betty Cobb. She is a sophomore and stated that, if elected, she would work close to the President and find time to devote herself to this all important job.

Jane Zumbrunnen then spoke for Carol Walter, the final candidate for Vice-President. Carol is a sophomore and a member of the Student Rights party. She stated that Carol is a Y-Teen member, cheerleader, and this year was secretary of her class.

Jon Hicks, Student Government President, gave the duties and qualifications for the office of President.

Jess Rogers spoke for the first candidate, Ron Applegate. He said that Ron has been in Student Government since the eighth grade and this year he was Vice President. This year he served as chairman of the League workshop, League Playnight, and Homecoming Dance.

Bobo Christides then presented her candidate, Janet Spangler. Janet is running on the Student Rights ticket.

Voting will take place today and tomorrow. Make a conscientious vote and put the Student Government into capable hands next year.

TENNIS INSTRUCTIONS

GIVEN BY FILM!
by Carol Sage
Connie Papi

A film was shown to all girl gym class students on May 18th and 22nd. This film showed us how to play a tennis game.

Most students had played tennis during their gym periods. Some pointers on how to play the game were given, also on how to improve their game.

This film demonstrated the forehand stroke, backhand stroke, and the service. The girls learned how to hold the racket and the correct way to stroke the ball to help them improve their game.

SUCCESS!

by Margaret Keech
The seventh grade Home Economics Club had a potluck dinner for their mothers on Tuesday, May 16, 1961. The potluck dinner started at 6:30 p. m. and lasted till 9:00 p. m.

The people in the Home Economics Club attended and the mothers who attended were: Mrs. Ragatz, Mrs. Getzan, Mrs. Limbaugh, Mrs. Alexander, Mrs. Welch, Mrs. Cook, Mrs. Keech, Mrs. Fisher, Mrs. Martin, Mrs. Bennett, Mrs. Bailey, Mrs. Rhames, Mrs. Richardson, Mrs. Kirchoff, Mrs. Tisch, Mrs. Johnson, Mrs. Pylman, and Mrs. Woodcum.

We played some games, bingo, and a game about what we saw when entering the school.

Each girl brought a dish to pass and everyone had a very tasty dinner from the fine array of food.

We would like to thank Miss Gernaat for making our potluck dinner successful.

Miss Gernaat said that this was an excellent climax to a year's hard but interesting and profitable work.

Y-TEENS

by Karen King
The second meeting of the Y-Teens was held Thursday at 3:05 in the Cafeteria. Jacquie Leonard

was acting chairman for the meeting. Paula Parker and Mary Robbins talked to us on the meaning of Y-Teens and what we do. Mrs. Wilkinson also told us a little about it.

The girls who will be in ninth grade next year found out that they will be included in the Junior High Y-Teens because that is the way it is set up in the Y. W. C. A., and Y-Teens is a branch of that organization.

MICHIGAN IS NATURAL RESOURCES

Michigan's national bounty has attracted industry since the days when beaver pelts were money. And it will continue to do so for the whole foreseeable future.

Michigan remains rich in raw materials. Fresh water (what other states would give for what we take for granted!), salt, bromine, magnesium compounds, iron ore, lumber and pulp, oil, gas, cement, gypsum, sand, peat, copper—the list reads like the vital statistics of modern industry and commerce.

And with such assets—and with the raw materials of all the rest of the world so readily available by economical water transportation—Michigan will always be a good place in which to live and work, a great place for industry.

Help carry Michigan's message to the nation. Clip these ads and mail them to people in other states with your own comment. Let's talk up Michigan and its advantages for industry. Together, we can assure a greater future for all of us.

ask
Figuring out my income tax recently, I discovered just how many new things we'd bought last year. Adding the values of the new items to the things we already had, I found that in case of fire or disaster, my present home contents insurance wouldn't come close to covering replacement costs. Can I increase my contents insurance to an adequate amount now, or must I wait until my present policy runs out?

PREVIEWS OF PROGRESS

Have you ever seen a car run solely by the power of the sun? Or synthetic rubber manufacturing in a pop bottle in 60 seconds? How would you like to understand how a jet engine works, explore the mystery of controlling tomorrow's space ships and listen to a radio which is powered by "liquid sunshine"?

These are some of the exciting moments presented by Previews of Progress, the world-famous General Motors science show, at Clarkston High School last Monday.

Packed with exciting demonstrations of science's dramatic role in industrial progress under America's free economy, the 40-minute stage show is non-commercial and admission-free.

Presented by a two-man team and narrated in understandable non-technical language, the show uses exciting showmanship to make science come alive for more than three million students and adults who view it each year. Many more see it on television.

One of the highlights of the show is the amazing GM Sunmobile, the miniature car that actually runs on the power of the sun.

The Previews audience will see yet another example of sun power in the fascinating fuel cell. This device converts chemical energy of distilled plants into electrical energy with four times the efficiency now obtained by burning coal, oil or natural gas.

In addition to sun power, the Previews audience will see a visual history of the jet engine in "capsule" form. Beginning with a working model of the first jet, which dates back to 200 B. C., this sequence is climaxed by the running of a miniature gas turbine.

bine engine with a non-miniature roar. This type of engine may power automobiles of tomorrow. Science proves quicker than a magician's sleight of hand in the Previews sequence in which synthetic rubber is produced in only 60 seconds. The demonstrator simply mixes two liquids in a pop bottle and a frothy glob of rubber 15 times the volume of the bottle leaps out above it. Other Previews sequences include a vivid demonstration of the gyroscopes which will guide space ships of the future to their destination just as they control guided missiles, ships and planes today and fascinating dramatization of the microwave relay which sends television programs and long distance telephone calls across the country.

Previews has won wide acclaim from educators and civic and fraternal organizations for its success in awakening both students and adults to the importance of science in daily life and the vital need for more skilled hands to carry scientific progress forward.

From where I sit... by Joe Marsh
Teacher Learns a Lesson
Fuzzy Goodwin may hold a half-dozen important positions around town—chairman of the school board included—but he's still the same modest fellow that I grew up with.
At the last PTA meeting, Fuzzy made a point of getting together with some new teachers. One of them, a lady with some strong ideas about education claimed that none of the others had gone to the right college—hers.
"Well, Miss, that isn't so bad," Fuzzy told her. "One of our board members didn't even go to high school, let alone college." "No! Who?" she said. "Me," he said.
From where I sit, some of us want people to be carbon copies of ourselves. But that just isn't the American way. Our heritage of freedom implies the right to be different, even in little things—like your choice of tea or coffee and my preference of a glass of beer. I say "be yourself" and no "studying up" to be like each other.

COUNTRY FAIR IN OXFORD
The Kingsbury School in Oxford will hold its annual Country Fair on Tuesday, May 30. The school is located in the Metamora Hunt area north of Oxford at the corner of Hosner and Oakwood Roads.

Parents & friends of the school will gather at the Bake Sale, Bazaar, Student Handicraft and Book booths. Shoot "Skeet" and shop at the calico and gingham booth, and Country Kitchen. Bid for the rare treasures to be auctioned, including an antique

tractor, duckboat, big game rifles, rods & reels, a burro, puppies and a host of other items. The children will head for the pony rides, fish pond, a drop-the-teacher-in-the-drink booth & other children's activities. Mr. Carl Clending is chairman of the Fair and is being assisted by the Charles Backus and the C. N. Ray III's of Metamora, the John Younts and the J. W. Eastmans of Rochester, the Bob Myers of Lapeer and the Paul Frechettes of Clarkston.

Mrs. Clending will be in charge of the pony rides, etc. and Mrs. Dean Bedford Jr. has had an active group of parents hard at work all winter creating an exciting and original array of hand decorated planters and picnic baskets for her Bazaar booth. This is the sixth Kingsbury Country Fair and they get bigger and better every year. Pack the family in the car and spend your Memorial Day Holiday at an old-fashioned get-together in the beautiful Metamora hunt country.

The Children's Center is a receiving unit for the neglected, dependent and delinquent children of Oakland County whose removal from their own homes is necessary for their own and for the community's well-being. The Center provides temporary care for children awaiting Court hearings or transfer to other county, private or state institutions. This facility has a capacity for 90 to 100 children, but is now housing from 130 to 140 children in a self-contained school, work and recreation program.

Children come to the Center at all hours of the day or night. Records indicate a growing trend for the number of children being handled:
1959 — 1,333 were admitted to the Center and 1,230 released to parents or relatives.
1960 — 1,405 were admitted to the Center and 1,386 were released to parents or relatives.
1961 — (up to May 1st) 490 were admitted to the Center and 464 were released to parents or relatives.

The Cottages, adjacent to the main building, provide a home like surrounding for 40 of the younger neglected and dependent children separate from delinquent children. Such children are cleared through the Children's Center and promptly moved into the Cottage program. The children attend school at the Center or nearby community schools, but otherwise have entirely separate activities. The children are moved into foster care as quickly as possible, providing such placement is indicated.

The Youth Home furnishes boarding and educational care for 70 teenagers. This home was designed to help teenage youth who are in need of a well-balanced rehabilitation training program. The youth living here have been transferred from the Children's Center only after they have demonstrated their ability to function in an open program. However, they are not able to return to their own homes because of personal problems, family conditions or school adjustments. The controlled intake of this facility makes it possible to give specialized attention to the needs of each youngster.

Medical, dental and psychological specialists are available to all facilities to provide examinations and testing for children. Resident psychologists and counselors will be present to meet with visitors and interpret the needs of youngsters in residence together with the type of remedial therapeutic program designed to meet these needs. The children assist with house-keeping chores while living at the various facilities. Each child has such responsibilities, where able, as keeping his room in order, making his bed, helping with dishes, setting tables, etc. During late afternoon and early evening, organized recreation programs are in operation. The children participate in swimming, roller skating, handicrafts, ping pong, and seasonal sports under competent supervision.

Religious services are provided when possible for all faiths. Where possible, parents and relatives are encouraged to take children out on Sunday morning

GIRL SCOUT NEWS
Troop 445 met Tuesday, May 23, 1961. Joette Schultz reported to us on the Mother and Daughter Banquet held last Sunday at the Community Center. We all enjoyed a cake that Sheila Fox made for her cook badge. We talked about going swimming and an outing. We decided on an outing June 3, 1961, at Holly Recreation Area. An overnight at Camp Sherwood was planned for September.
