Carolyn Ruggles, daughter of Mr. and Mrs. Raymond Ruggles of Reese Road, was chosen Queen of the 4-H Fair in Pontiac Tuesday evening. About a dozen girls were competing for the honor; from these, three finalists were chosen by the judges; these three had to make a speech on 4-H work. Carolyn has a long record of achievement in 4-H. She is a member of the Oak Hill Club, whose leader is Mrs. William Scramlin. She has been in 4-H for eight years and has completed 37 project-years of work in many fields; some of them are: sheep raising, cooking, sewing, baby care, junior leadership, flower gardening, personal improvement, and wildflowers. ## Wanted: Hams

Try-outs for roles in the next theatrical production of the Clarkston Village Players will be held by the casting committee headed by Mrs. Paul Johns on Thursday and Friday nites of this week at 8 p. m. in the Community Center. The try-outs are open to anyone in the community with amateur theatrical aspirations.

The Players have chosen "Light Up The Sky", a comedy by Moss Hart to be directed by John Witherup. Date of presentation will be at the end of September.

This play will give local thespians the opportunity to play the parts of show people off the stage. The cast includes a temperamental actress, her Wall-Street broker husband and her down-to-earth mother, the very dramatic stage director, a well-heeled financial backer with the Midas touch, his outspoken, colorful wife, an idealistic young playwright experiencing the production of his first play, an un-theatrical-type secretary, and a stage-struck conventioning Shrinker.

MICHIGAN IS NATURAL RESOURCES

Michigan's natural bounty has attracted industry since the days when beaver pelts were money. And it will continue to do so for the whole foreseeable future.

Michigan remains rich in raw materials. Fresh water (what other states would give for what we take for granted!), salt, bromine, magnesium compounds, iron ore, lumber and pulp, oil, gas, cement, gypsum, sand, peat, copper—the list reads like the vital statistics of modern industry and commerce.

And with such assets—and with the raw materials of all the rest of the world so readily available by economical water transportation—Michigan will always be a good place in which to live and work, a great place for industry.

Help carry Michigan's message to the nation. Clip these ads and mail them to people in other states with your own comment. Let's talk up Michigan and its advantages for industry. Together, we can assure a greater future for all of us.

### The Great Books speak to Today...

### Young Men and Old

I am more candid than when I was younger. As I know more of mankind I expect less of them and am ready now to call a man a good man upon easier terms than I was formerly.

—SAMUEL JOHNSON (1709-84)

Methinks Caesar was too old to set about amusing himself with conquering the world. Such sport was good for Augustus or Alexander. They were still young men and thus difficult to restrain. But Caesar should have been more mature.

—BLAISE PASCAL (1623-62)

You are young my son and, as the years go by, time will change and even reverse many of your present opinions. Refrain therefore awhile from setting yourself up as a judge of the highest matters... Not one of them who took up in his youth with this opinion that there are no gods ever continued until old age faithful to his conviction.

—PLATO (about 428-348 B.C.)
