The 1962 Ford Galaxie line features a crisp, fresh approach to Ford's classic styling. Shown here is the Galaxie 500 Sunliner convertible, one of twelve models in the Galaxie line. While the new Galaxie is slightly shorter and fractionally narrower than the 1961 model, the large passenger compartment is the same as 1961. Large door openings, coupled with Ford's convenient two-position door stops, make entering and leaving the Galaxie an easy and natural movement. ### THE EDITOR OBSERVES

It is said that nothing can compare with the thrill of hearing a band play. The chills you feel as the cymbo's crash and a Sousa March fills the air, are indescribable. This is the time when all adults feel like kids again.

Here in Clarkston we are fortunate to have a fine high school band to complete our parades, and to make possible the many concerts and the unforgetable half-time programs during the football games.

However, interest in our band is not as great as it should be. Because of insufficient interest, our band is lacking both in participants and spectators.

Band is not only a lot of work, but it is also fun. Throughout the year, the band sponsors many concerts, including a Christmas Concert and Spring Concert. They also learn precesion steps to showed up for the game which be used in parades and at football games.

We shou'd all be proud of our outstanding band and the work i has done.

A couple of extra cost options: Put on a 4-barrel carb and get 166 h.p. The citizen who wants even more can go for an aluminum V-8 option that pulls 185 horses.

TEMPEST HAS A FRONT ENGINE/REAR TRANSMISSION! (The only American car with this feature.) It gives Tempest equal weight at every wheel. It has biting traction on the bricks or in the mud. Tires last longer. Brakes take hold like they mean it. The front floor is practically flat (no big hump in the middle). Tempest seats six-easily!

TEMPEST HAS INDEPENDENT SUSPENSION-FRONT AND REAR! Each wheel (and it's a big 15" one) moves up and down independently of the opposite wheel. There's no solid axle in the rear. Result: Firm ride on pavement, soft ride in the boondocks! Swing axles in the rear help the Tempest to carve out clean, firm curves.

PLUSH NEW SERIES—THE LE MANS (LUH-MAHNZ). The Tempest Convertible and Coupe are out this year in special custom trim. Call them the Le Mans! They both have sports-type bucket seats, full carpeting, floor mounted stick shift, acceleration rear axle option-no extra cost. Extra cost option: 4-speed gearbox. ### National Pharmacy Week, Oct. 1-7

It is the continually open line of communications between your pharmacist and your physician. This "Life Line" provides your physician with all of the latest information on the drugs available, and it allows your community pharmacist to quickly check any questions he might have with regard to your prescription. This line could save your life.

During this national pharmacy week the pharmacists of O'Dell Drug and Professional Center Pharmacy take this opportunity to renew our pledge to you:

- 1. Your prescription filled only with the highest quality drugs, exactly as your physician has written it.
- 2. To uphold the highest principal and ethics of the profession of pharmacy, as outlined by the code of ethics of the American Pharmaceutical Association.
- 3. To give our customers complete fairness in prescriptive pricing.
