Clarkston "Wolves" Defeat West Bloomfield 14 to 12

By Mike Howey

VOLUME 33

West Bloomfield invaded Clarkston's home grounds on Friday, October 20. The "Lakers" were greatly favored to put the Clark "Wolves" down in defeat, but the Wolves had different ideas. Clarkston's representatives of the gridiron showed the Lakers that they were not to be taken lightly. With great running by the hind blocking from evehybody, powerful fullback Ron Bray and speedy Johnny Williams, and great defensive play (especially by Jim Lumm, Dan Miller, and Roger Rolfe) the Wolves won a real squeaker 14-12.

Ron Bray was the big gun offensively, picking up 124 yards in 14 carries. Every time Clarkston needed a first down, they gave the pigskin to Ron on a power play. The big fullgack never failed to come through. Johnny Williams, the sophomore fullback carried the ball ten times for an Mike Applegate made a quarteraverage of bettes than 6 yards

As far as defense play goes, only one word can describe it points, a feat very seldom dupli'ated. Jim Lumm's shirt numbered 35 was seen in nearly eleven tackles, good for any ball as his extra points after both game, exreptionally good against touchdowns were the margin for en tackles, good for any ball West Bloomfield. Don Miller and Roger Rolfe picked off eight and seven tackles respectively. Again the defense held down the opcould be able to get rolling and

conguer their foes. Clarkston won the filp of the the kickoff from the Lakers. The initial boot was downed by Clarkston on the 20 yard line. After four attempts didn't bring a first down, Clarkston's Jerry Powell got his foot into the ball. It sailed to the 45 where it was downed. From here West Bloomfield showed their power by moving the ball into the endzone in 10 plays, the last one a run from the twenty by Jim Ferguson. The biggest play in the game then happened as Roger Rolfe knifed his way into to the 9 through the big opening the backfield to block the attempted extra point kick.

Then Bill Eliason kicked the ball off to Willie Knox on the 13. He got to the 24 before he was up ended. Mike Appegate rounded owell punt-27 from wher Jerry Po ed the ball to the 50. It was returned to the 41 of Clarkston.

Jim Lumm, Dick DeBose, and Roger Rlfe all prevented the Lakers from any gains by making

Clarkston's second half was

dominated by defense, led by the outstanding work of Jim Lumm. Trailing by a 14 to 6 score, West Bloomfield was determined to give the Wolves all they had. After taking in the kickoff on the They tallied off 70 yards in 8 plays, the final one a pass to Mike Paddy from Dan Grieg. The initial line of scrimmage on this play was the 19 yard line. The extra point attempt was wide to the left, and with a little more than 15 minutes left to play, Clarkston held a 14-12 advantage over W.B.H.S.

Clarkston's defense was put to a real test immediately after this touchdown. Mike Paddy recovered a fumble in the Clarkston backfield on the Clarkston 37. The Wolves were ready for the onslaught presented by the Lakers. The Wolves were losing yardage steadily to the tough backfieldmen until Dick DeBose came up with the ball on his own 3 after a fumble. Ron Bray ran the ball to the 12 after John Williams had made 3 yards to the six. Now the 3rd quarter was called to a her an offense after Dick Shel- halt by the referees and the ball don's kickoff to the 33. NEW FACE, SAME SPORTING HEART

We might as well tell you straight off: Corvair's the car for the driving enthusiast. Think that lets you out? Maybe. Maybe not.

Until you've driven one, you really can't say for sure, because Corvair's kind of driving is like no other in the land. The air-cooled rear engine sees to that. You swing around curves flat as you please. You whip through the sticky spots other cars should keep out of in the first place. (Especially this year, now that you can get Positraction as an extra-cost option.) You stop smoothly, levelly with Corvair's beautifully balanced, bigger brakes.

Corvair's found other new ways to please you this year. A forced-air heater and defroster are standard equipment on all coupes, sedans and both Monza and 700 Station Wagons. So are dual sunshades and front-door armrests and some other goodies. You'll note some new styling, inside and

out. Nice. And safety-belt installation is easier, too, and cheaper. So you can see we haven't really done much to Corvair this year. Why on earth should we? If this car, just as she is, can't make a driving enthusiast out of you, better take a cab.

And here's America's only thoroughbred sports car, the '62 CORVETTE. We warn you: If you drive a Corvette after your first sampling of a Corvair, you may well end up a two-car man. And who could blame you?

See the '62 Corvair and Corvette at your local authorized Chevrolet dealer's

Friday, November 3rd 9:00 A.M. - 1:00 P.M., Rummage Sale in Powerhouse of Township Hall, sponsored by Episcopal Churchwomen.

Why have a Church: Why not have a churchless Christianity? It would be simpler. It certainly would be cheaper. Many people today claim to believe in a churchless Christianity. Most of those who shun the

Church believe in the Christian moral teachings. The worth of the individual, the value of human freedom, the equality of all menall of these are Christian teachings considered essential for society. These teachings have their foundation in the Church .

Those who argue for a churchless Christianity give us no way in which to preserve the insights and teachings of our religious heritage. The Church is the treasury of man's deepest insights into the reason for his existence and the meaning of history and our own times. Take away the treasury and the insights begin to vanish. Although many valid criticisms can be made against the organized Church, nevertheless, without it the world would be a sorry place. Men cannot live long on borrowed capital. Those who could live on the borrowed principle of the brotherhood of man without paying any attention to the fatherhood of God are only nourishing half of their body. A moral code apart from the worship of Almighty God has little

meaning. The Episcopal Church in Clarkston invites you to participate in its worship of Almighty God and to join in its Christian fellowship.

IMPROVEMENTS IN CLARKSTON TELEPHONE SERVICE PROPOSED

The following telephone improvements and rate changes are being presented to the Michigan Public Service Commission for approval.

"BASE RATE AREA" ENLARGED

We plan to enlarge the Clarkston "Base Rate Area" in all directions around the city, thereby adding about 13 square miles of territory to the present "Base Rate Area." This means that mileage charges for urban type telephone service would be eliminated in the territory added to the "Base Rate Area" and urban type services would replace rural service.

"LOCALITY AREAS" ENLARGED-LOCALITY RATES REDUCED

We also plan to enlarge the Springfield locality to include about 11/2 square miles of territory which is bounded approximately by Bridge Lake Road, Davisburg Road, Ellis Road and new highway I-75.

The Walters Lake locality also would be enlarged to include a subdivision located along the present western boundary of the locality.

The result would be lower rates for urban type services in the areas that would be added to

We propose further, to reduce the rates for urban type services within these enlarged localities and within the Big Lake locality.

BETTER GRADES OF SERVICE

ONLY SERVICES TO BE OFFERED:

We are adding enough lines and equipment so that we can begin offering the better grades of residence service in place of four-party residence service throughout the Clarkston zone; and so that we can replace the rural type services in the three locality areas.

The result would be that eventually only individual line and two-party line residence services would be provided throughout the Clarkston zone, except in the outlying rural areas (outside the Base Rate Area and the Locality Areas) where we would continue to provide rural service. With individual and two-party lines no customer would have to share his line with more than one other party and his telephone would ring only for him.

Customers with four-party residence services located in the Springfield, Walters Lake and Big Lake localities, where it will take several months to replace four-party service, could retain their service temporarily at their present locations at existing rates until facilities become available to make the change. However, four-party service would not be available to applicants for new service nor to present customers moving to new locations.

For business customers, only individual line service, currently enjoyed by 95% of Clarkston business people, would be furnished, except in the outlying rural areas where we would continue to furnish rural service.

Individual Line Residence and Business and 2-Party Residence (except in the outlying rural

CHANGES IN MONTHLY CHARGES

(All Amounts Shown Are Subject to the Federal Tax)

In the Present Base Rate Area 4-Party Residence customers changing to 2-Party service would pay 70¢ more per

month for the better grade of service. 2-Party Business customers changing to individual line service would pay \$1.50 more per month for the better grade of service.

In the Proposed "Base Rate Area" Addition

Mileage charges would be eliminated, resulting in lower monthly charges as follows: 4-Party Residence customers changing to the better 2-Party service would pay at least 80¢ less per month, even though the 2-Party rate is 70¢ per month higher.

2-Party Business customers changing to the better individual line service would pay at least no more than they do now, even though the individual line rate is \$1.50 per month higher. Rural (multi-party) Service Business customers changing to the better individual line

service would pay \$3.20 per month more.

In the Present Springfield Locality Area 4-Party Residence customers changing to 2-Party service would pay 70¢ more per

month for the better grade of service. Rural Service Residence customers changing to 2-Party service would pay 70¢ more per month for the better grade of service.

2-Party Business customers changing to individual line service would pay \$1.25 more per month for the better grade of service. Rural Service Business customers changing to individual line service would pay \$3.95

more per month for the better grade of service.

In the Proposed Springfield Locality Addition Mileage charges would be eliminated, resulting in lower monthly charges as follows:

4-Party Residence customers changing to the better 2-Party service would pay at least 30¢ less per month, even though the 2-Party rate is \$1.20 per month higher. Certain 2-Party Business customers changing to the better individual line service would pay 25¢ less per month, but none would pay more than 75¢ additional per month, even though the individual line business rate is up to \$2.25 per month

Residence and Business individual line customers and 2-Party Residence customers would receive reductions ranging from 75¢ to \$1.00 per month at least, even though the monthly rates for these services would increase as follows:

Individual line-75¢ per month

2-Party line-50¢ per month The Semi-Public Coin Box Service daily guarantee would increase 3¢, but this would be more than offset by decreased mileage charges.

Rural (multi-party) Service Residence customers changing to the better 2-Party service would pay 40¢ more per month. Rural (multi-party) Service Business customers changing to the better individual line

service would pay \$3.95 more per month.

In the Proposed Walters Lake Locality Addition

In the Big Lake and Walters Lake Locality Areas 4-Party Residence customers changing to 2-Party service would pay 45¢ more per month for the better grade of service.

Rural Service Residence customers changing to 2-Party service would pay 90¢ more per month for the better grade of service. 2-Party Business customers changing to individual line service would pay 50¢ more

per month for the better grade of service. Rural Service Business customers changing to individual line service would pay \$4.70 more per month for the better grade of service.

4-Party Residence customers changing to the better 2-Party service would pay \$1.05 less per month, even though the 2-Party rate is 45¢ per month higher. 2-Party Business customers changing to the better individual line service would pay \$1.00 less per month, even though the individual line business rate is 50¢ per

Mileage charges would be eliminated, resulting in lower monthly charges as follows:

Rural (multi-party) Service Residence customers changing to the better 2-Party service would pay 90¢ more per month. Rural (multi-party) Service Business customers changing to the better individual line service would pay \$4.70 more per month.

In the Outlying Rural Territory 4-Party Residence customers changing to 2-Party service would pay up to 70, more per month on their basic rate; and 2-Party Business customers changing to individual

line service would pay up to \$1.50 more per month on their basic rate. Since mileage rates are applied in this territory, some of these customers in certain locations may also receive an increase in mileage charges due to the higher mileage rate for their changed service as compared with their present mileage rate. Mileage rates are:

4-Party-25¢ per 1/4 mile per month 2-Party-50¢ per 1/4 mile per month Individual Line-75¢ per 1/4 mile per month

The minimum mileage charge for any class of service is \$1.50 per month.

If you have any questions about the proposals, please call our Business Office. Our representative will be glad to discuss them with you.

THE EDITOR OBSERVES

Brisk winds, brightly colored leaves, frosty mornings; these all combine to make the time of year known as Autumn.

It's the season when the leaves begin to turn colors and fall to the ground, completeing their life BOO, YOU! cycles. It's a preparation for the dormacy that winter brings. All types of life begin to prepare for

the coming struggle. as the last chance for activity roam about doing harm to all until Spring. Evidence of this is those who are not read to all shown by football games, Halloween celebrations, and at the end of the season, the offering of founding our great country.

surround us every day become acutely realistic.

In each of us, Fall has its own distinct meaning. No matter what it means to any one person, Autumn brings to the world a beauty and happiness known in no other

FROM THE ASSISTANT EDITOR'S DESK

What lies in store after Graduation?" This question has passed through the minds of many students before they enter high

school. Many of us have applied for the College Preparatory course. It takes a lot of hard work to qualify for college and to make a success of your life. Since good grades are a necessity for college, it is to your advantage to work a little

harder. It's not difficult to put your mind to work. It takes only a small amount of effort on your part to study. It is easy if it is done in the correct way. When studying is done in an incorrect manner, it is almost impossible to learn anything; therefore it is very important to learn the correct way to study.

In order to obtain a good job and secure a happy future, you should have some educational background other then high school. There are good colleges all over the United States that can supply you with the best possible background and know

If you are in doubt about your future, give going to college a thought; and then see your coun-

CLARENCEVILLE HOSTS CROSS COUNTRY

By Mike Howey Forty-five cross country runners started over two miles of the roughest terrain in Wayne County, on October 17. This was the beginning of the Ninth Annual Clarenceville Invitation Cross Country Run. After ten minutes and 30 seconds, Ted Nelson came across the finish line to take first place in the Class "B" competition. Class "A" winner came in with a time of 10 minutes 41 seconds. Clarkston, in Class "B" competition, had three runners ranking in the first fifeteen. They were Ken Miskin, 12th, with a time of 11 minutes 45 seconds; John Studebaker, 13th, 11 minutes 56 seconds and Dan Craven

14th, 11 minutes 57 seconds. When the 7 teams' scores had been tabulated, Clarkston was in fifth place. The teams took the following postions: 1st, Milford; 2nd, Livonia; 3rd, Lutheran West; 4th, Clarenceville; 5th, Clarkston; 6th, West Bloomfield; 7th, North-

STUDENT POLL By Alicia Lawrence

"What can we do to stop class competition?" This question was asked several Clarkston students and here are their opinions.

Joan Wooley-It takes two to fight. If the Seniors wouldn't start the yelling, or keep it going; then the Juniors would have to stop. Since we, as Seniors, are the oldest; we should assume the responsibility of putting an end to it. Glenn White-Have one of the teachers or Mr. Mason talk to the

students on school spirit. Ron Zumbrunnen-Class Competition is okay, but there is a time and place for it; for instance,

the Little Brown Jug competition. Jean Powell— We should make a rule that if the students don't stop yelling at each other, we won't have any more assemblies. Larry Smith Make the Juniors and the Seniors sit together.

Richard Lord-The class that

Fall becomes more festive with Flame Tokay grapes in salads and desserts - and in abundance for delicious out-of-hand eating. Acknowledged to be the world's finest table grapes, they add rich color, crisp texture and refreshing juiciness to "Tokay Relish Ring." This lovely lemon gelatin salad mold of Tokays, sweet pickle relish, celery and lemon juice is simple to prepare but elegant to behold. Serve with mayonnaise, if desired.

1½ cups Tokay grapes
1 package lemon gelatin
1½ cups hot water
2 tablespoons lemon juice

TOKAY RELISH RING % cup drained sweet pickie relish

1/2 cup chapped celery Salad greens Halve grapes and remove seeds. Dissolve gelatin in hot water. Stir in lemon juice. Cool until slightly thickened. Fold in pickle relish, celery and Tokays. Turn into 1½-pint ring mold and chill until firm. Unmold and garnish with crisp salad greens and Tokays to serve. Makes 5 to 6 servings.

I wish it would grow stronger in every single way.

for you because you hunt for ad- HISTORY

By Edith Jacobs venture all through the book, and Histor is where you leave today and go to yesterday. History is where you try to re-

member one date for a test and write down another. Also it is where and when you do something great today, and read about it tomorrow. History tells who made our laws

and when. It tells who fought the wars why, and who fought against whom. History tells who discovered

what place.

By Larry Day Science is a subject we all

nust take in school. Science means studying every theory, law, and rule.

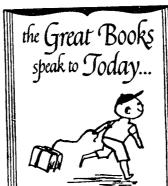

It may mean experimenting with a chimp or white rat. Or knowing why the wind blows this way or that Science may come in different

shapes or sizes But no matter what kind or where it always will surprise us.

My Neighbors

"Do you treat everyone who comes in here like a crook?"

Dee, 13 years old, had never been able to iciof strenuous activity. She was a congenital heart case. Now on the brink of entering high school, activity meant even more to her. After most intricate heart surgery at Children's Hospital. Dee will be able to join the cheerleading squad this fall and continue life as a normal child. Torch Drive dollars made this possible.

Of all animals the boy is the most has the fountain of reason in him not yet regulated. He is the most insidious, sharp-witted, and insubordinate of animals. Wherefore he must be bound with many

-PLATO (c. 428-c. 348 B.C.) Greek philosopher

Boys will collect anything that they see another boy collect, from pieces of chalk and peach-pits up to books and photographs. Out of a hundred students whom I questioned, only four or five had never collected anything. -William James (1842-1910)

American psychologist For a boy of quality, find him a tutor who has rather a well-made than a well-filled head; seeking both the one and the other, but rather of the two to prefer man-

ners and judgment to mere learn-
