CLARKSTON AREA

By JOHN D. KAMEGO, Manager

MASS PRODUCTION IS FINE for some things-but never for our service. What do we mean? Simply this: we try to run our business to provide the best possible service we can-for each individual cus-

tomer. It's a policy that makes for telephone service you can rightfully depend on, whether you're calling the decorator, the doctor, or the District Attorney. So, while it's true we handle hundreds of thousands of calls every day of the year, you can be sure the one you're going to make next will—as always—get the same careful attention that's become a Michigan Bell tradition.

いないとうことのころでものできていることできていることできていることできていることできている。

THESE TWO TELEPHONES may look alike, but they aren't. One is a private line and the other is a party line telephone, and there's quite a difference. A private line telephone is always ready for you to use. And friends can reach you when they want you. And though it may seem hard to believe, in town a private line costs only pennies a day more than a party line does. It's a down-to-earth blessing at a down-to-earth cost. If you live in town and now have party line service, why not call us about getting a private line telephone soon?

PASSING THE BUCK usually refers to letting "George" do something nobody else wants to do. But that's a far cry from the reason why your telephone company arranges with others to accept payments for phone bills. Since many people like to pay bills in person, we had to find a way of making this possible at a reasonable cost. So, at no extra cost to you, we've arranged for several conveniently located banks and other businesses to accept payments for us. It all helps keep your phone bills low, while making sure you get the service you want.

Mrs. Hatti McKimm celebrated her 89th birthday Monday. The day was spent quietly. Cards and gifts were enjoyed.

Troop 547

March 7, 1962 some of the girls worked on their scrap books for the State Hospital. The others worked on their play.

Mrs. Haerrter's Girl Scout troop is going to entertain Mrs. Russell's Brownie troop on April 1962 at the old Methodist Church. Twelve of the girls of Mrs. Haerrter's troop are taking roller skating lessons to earn a skating badge. They will take lessons once a month.

Every month the whole troop goes skating at the Clarkston Rollercade.

After the opening we went to

We had our business meeting. After we finished our business meeting some of the girls worked on their scrapbooks, others worked on needle craft, and the rest worked on wood carving. We used the last 45 minutes for our Girl Scout birthday party. Six of us girls put on a program. There was Lea, Dennice, Valrie, Katy, Pam and Bonnie. For our closing we sang Girl Scouts To-

Put on therefore ... a heart of compassion.—(Col. 3:12). If we feel that it is hard for us to forget and forgive, let us remember that God is with us and that His Spirit works through us. God in us is the healer of every hurt.

ANNOUNCING A BUDGET PAYMENT PLAN

For Home Heating Customers of Consumers Power Company

SPREAD YOUR YEARLY COST OF HEATING OVER 12 MONTHS

It takes a lot more heat to keep your home warm in January or February than it does in July or August.

Monthly service bills of home-heating customers therefore vary considerably as between summer and winter.

Many home-heating customers have told us they would like a plan that would permit them to pay about the same amount every month.

The Budget Payment Plan makes this possible.

HOW THE PLAN WILL WORK

The budget year begins with May and runs through April of the following year. The total amount to be paid for service during the budget year will be estimated on the basis of past usage or other available data. Your monthly service bills then will be approximately one-twelfth of this amount.

During the first part of the budget year, your monthly payments will be somewhat larger than they would be under normal billing. You will thus be building up a credit against the winter months when your use of natural gas or electricity

reaches its peak. You will be billed for the same amount each month unless the credit you have built up is insufficient, when combined with the amount of the budget payment, to cover the service used, in which case you will be billed for the amount due.

In April you will receive a bill for the amount then remaining due, which may well be less than the amount of the monthly budget payment. Small overpayments of a year's bills can be carried over to apply against the next year. Larger overpayments can be refunded.

IF YOU WOULD LIKE TO PAY YOUR SERVICE BILLS ON THE BUDGET PAYMENT PLAN, JUST FILL OUT THIS FORM AND MAIL OR TAKE IT TO THE NEAREST CONSUMERS POWER COMPANY OFFICE, YOUR FIRST BUDGET PLAN BILL WILL REACH YOU IN MAY.

MORTGAGE SALE

No matter how careful a driver is, accidents can happen, as a friend found out recently when he wound up on the wrong end of a big court judgment. Since he had only minimum auto liability insurance, he is now using savings and borrowing to the hilt to pay the obligation. Learning from his experience, I want to increase my own currently-low coverage to an adequate level. Is it true this can be done at only a slight increase in premium cost?
