CALORIES DON'T COUNT

by Dr. Herman Taller, M.D.

"Please, gentlemen, I only ask that you wash your hands!"

In the mid-nineteenth century a Hungarian doctor named Igaz Philipp Semelweis pleaded with the renowned physicians of the Academy of Sciences. He had discovered that the four out of ten women who died of "childbed fever" in General Hospital in Vienna were being infected with the disease by the doctors themselves who spread the germs from the dissecting room to the living patients. Dr. Semelweis was ridiculed and persecuted by these worthy medical men who were insulted by his asking that they wash their hands.

Today in the mid-twentieth century medical men recognize that obesity, tho not as dramatic a disease as puerperal fever, is as surely a killer. A New York gynecologist and obstetrician named Herman Taller has studied the whole area of nutrition to find the true cause of obesity. His theories and the results of their application both on himself and on his patients have been published.

Players Casting "Sabrina Fair"

Thursday, April 5 and Friday April 6 have been announced by Director Pete Rose as dates for try-outs to be held in the Old Methodist Church on Buffalo Street by the Village Players for their next production, *Sabrina Fair*, to be presented June 1st and 2nd. This play calls for a contemporary setting with a cast of seven men and seven women of a wide range of ages.

The heroine is a young girl who has just returned home much changed after working two years for the government in Europe. Her father though a millionaire himself, chooses to be chauffeur to a very wealthy family. The ingredients of a successful play are here—entertaining dialogue and interesting characters.

Casting, as always, is open to everyone in the community. Those interested in participating on stage or back-stage are also invited to attend the next General Meeting of the Players to be held Monday, April 2 at 8:30 in the Library. At this meeting production committees will be formed to work on *Sabrina Fair*. If you cannot attend, do not want to take part, call Nancy Lasswell, at MAple 5-2382. Do Call Us! Don't wait for us to call you!

Area Studio Receives Awards

Every year about this time the Professional Photographers of Michigan have their 600 members submit prints to be judged by masters of photography from all parts of the country.

Again this year the Sayles Studio of Drayton Plains received recognition for their outstanding photographic work. All Twelve prints, submitted, which were their limit, were chosen for exhibition. Individual plaques were received by both Mr. and Mrs. Sayles for their outstanding creative work and Quality of same.

In addition Mr. Sayles received the trophy for the best man's portrait of the show, which he is holding in the picture. All of this was at the climatic conclusion of the four day convention of the Professional Photographers of Michigan, which was held

Services Friday For Charles C. Rockwell

Sadness came to the home of the Charles Rockwells early Tuesday morning when death claimed Mr. Rockwell after a nine months illness. He had been in the Pontiac General Hospital for the past 92 days.

Mr. Rockwell was born May 6, 1912, the son of the late Mr. and Mrs. Arthur T. Rockwell, in the residence at 11 S. Holcomb, which has been his home for his entire life. He was married to Grace H. Jones of Clarkston on June 29, 1934.

Mr. Rockwell, a manufacturers industrial representative, served as President of Clarkston Village in 1950-'51 and on the Village Council for ten years. He was a member of First Methodist Church of Clarkston and Cedar Lodge No. 60, F.&A.M. He was active in the Clarkston Rotary Club and served as its president in 1954-'55.

Being a native of Clarkston, Mr. Rockwell was interested in any project for the betterment of the village. He loved people and was always happy when he could stroll about town and enjoy friendly visits with any persons who had a few minutes to spare. Surviving are his wife, Grace; a daughter, Mrs. Robert Bentley of Clarkston; a son, Charles A. Rockwell, at home; one granddaughter, Susan Bentley; and two

Charles Rockwell

brothers, Kenneth B. Rockwell of Long Beach, Calif., and Merritt Rockwell of Pontiac.

The body may be viewed at Sharpe-Goyette Funeral Home after 10:00 a.m. Wednesday.

The funeral service will be held in First Methodist Church at 2:00 p.m. Friday with the Reverend William J. Richards officiating. Interment will be in Lakeview Cemetery, Cedar Lodge, No. 60, of Clarkston will conduct the Masonic Graveside Service.

Boy Nearly Drowns In Mill Pond

Two and a half year old Terry Goyette, son of Mr. and Mrs. Harold Goyette, wandered out of his yard last Saturday afternoon with his playmate, Jimmy Norberg, just moments after Terry's mother had checked on the children. Mrs. Goyette, upon missing the children, called to her husband, and they went searching for them.

Mr. and Mrs. Goyette headed

towards the Mill Pond which is about 640 feet behind their home. Moments later, Jimmy came running up to them shouting to them to help him. Terry had fallen through the ice on the pond.

See Hand In Water

A hole, four feet wide and eighteen feet long, and a hand, was all that could be seen as they approached the pond. Mr. and Mrs. Goyette both jumped into the icy waters and pulled Terry to safety. The boy was motionless. Mr. Goyette immediately administered mouth to mouth respiration and in a matter of minutes had revived his son.

With the help of the Independence Township Fire Department, which he then had been called, Terry was taken home where they helped bring his body temperature back to normal.

The Goyettes are the owners of the Sharpe-Goyette Funeral Home at 155 N. Main Street, where they also make their home. Jimmy is the son of Mr. and Mrs. Walter L. Norberg, Jr. of Clarkston.

THANK YOU

We would like to express our sincere thanks to the Independence Township Fire Department and our friends and neighbors for their wonderful help and thoughtfulness at our time of need. (Terry says thanks too.) The Goyettes

Jaycees Offer Invitation To Local Men

The Village of Clarkston and surrounding areas will be facing many problems in the near future with the rapid growth of population and increase in business activity. These problems, and many others, could be somewhat resolved with a group of "young men of action".

The Pontiac Area Junior Chamber of Commerce is interested in extending Clarkston area with this civic group. (You do not have to live within the village limits)

To qualify you must be between 21 and 36 years of age, of good moral character, and interested in civic service to your area. You need not be a business man. There are many social pleasures to be derived from this work, as well as service to others.

A contingent of the Pontiac Area Junior Chamber of Commerce will meet with "young men of action" at the Clarkston Cafe at 8:00 p.m., April 4. Information on the Junior Chamber of Commerce will be presented, and if interest is shown steps will be taken to obtain a charter for this area.

There are many projects and problems with which the future Clarkston Jaycees could concern themselves, such as: Clarkston's Public Beach and Boat Landing; Easter egg hunt for children; Halloween night activities; Clean Up-Paint Up Clarkston Promotion; various safety programs; Leadership Training and local problems with local action.

We are interested in seeing all the young men turn out, so please pass the word along.

If you have an question before April 4, please feel free to give me a call, Jim Huttenlocher at MAple 5-2436.

Rosary Alter Society Hat Sale

Rosary Alter Society of Our Lady of the Lakes, Waterford, will sponsor a "Hat Sale" in their Gym on April 6 and 7th. Guild Chairman are Mrs. Lawrence Marentette of Inmaculate Conception and Mrs. F.R. Folix of Madonna.

Added attractions will be rain coats, bedroom slippers, jewelry, and novelties. The sale will begin on Friday at 7 p.m. till 11 p.m. and on Saturday from 9 a.m. to 11 p.m.

A Bake sale will also be held on Saturday. Mrs. Leonard Methner of St. Elizabeth guld will be in charge.

Come and get your Easter Bonnets, many hats to choose from, and enjoy a cup of coffee while shopping. Proceeds will be used to help furnish the new kitchen in the High School Gym.

WOMEN'S LEAGUE

A general meeting of the Clarkston Golf Course Womens League will be held Saturday, April 12 at 1:00 p.m.

Another Day

Constance Lektzian

Ever hear of a wet bee? It sounds like a dampened down insect but back in the early pioneer days of Independence Township, wet bee was a work bee where hard cider and similar drinks were served for refreshments. Of course, there were dry bees, too. It depended on the incinations and finances of the man for whom the work bee was being held. Whenever there was a need for a new cabin or barn, the neighbors in the area were there to lend a hand. There was very little cash in the pockets of the early settlers and working together was a necessity. Often the wet and dry opposing factions would each take a different wall of a building and vie with one another to see which side got done first. There were no statistics left to give us any idea which side had the most winners.

The workers didn't have to depend strictly on liquid refreshments. Every family brought a basket of food to share with the others, and each woman, in addition to the ordinary fare, tried to bring some delicacy in which she specialized. She didn't have a large store of supplies to draw on, but butter and eggs were plentiful; and by 1839 Clarkston

had a grist mill whose flour was know for its high quality for miles around. Judging by some early cookbooks, pioneer fare was as hearty as the work was hard.

Work bees weren't all work, however. The women especially welcomed them as an opportunity to see all their friends and neighbors, and catch up on the latest news. Pioneering was arduous and confining, and for the life. Mail was uncertain, and sometimes months went by before word was ever received from the families left behind when the settlers migrated. Every social contact was quite an event in early settler woman's life. She made her influence felt in many ways, too, by encouraging the early establishment of schools and churches. In fact, it's doubtful if many lasting advancements could have been made without her.

If there is anyone in this area who has old documents, letters, journals, etc., that contain items of interest that could be used for this column, we would like the opportunity to look them over. Invoices from old stores or pictures of people or places taken in this area could be used. Anything that covers the period from the early 1800's up to the first World War.

Four Speakers At Drayton Heights Free Methodist Church

The Reverend Victor Macy, area Secretary of Free Methodist Missions in Africa south of the Sahara, will be guest speaker at the Drayton Heights Free Methodist Church, now meeting in the Pine Knob Elementary School, 6620 Sashabaw Road, this Sunday at 11:00 a.m.

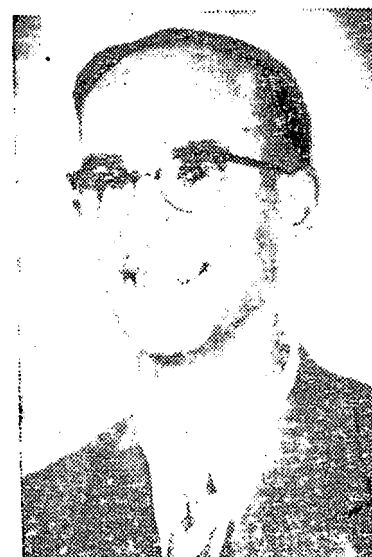

Mr. Macy is counselor, leader and liaison for the 82 missionaries and 19,400 members of Free Methodist Churches in Africa, south of the Sahara. His twenty-five years of missionary experience uniquely qualifies him for this strategic post.

Sunday afternoon at 7:00 p.m., the Reverend Frederic J. Ryff, missionary to southern Africa for twenty-two years, will be guest speaker at the home of Mr. Edwin Stevens of 5426 Heath Ave., Clarkston.

Mr. Ryff has served in the Natal and Transvaal Provinces of the Republic of South Africa.

This Friday, March 30, the Reverend Phillip Kline, missionary to Africa since 1954, will speak at the Edwin Stevens' home. Mr. Kline was principal of the Edwaleni Technical College in Africa until its closing by the government in 1958.

Mr. M. Doane Bonney, missionary to the Dominica Republic, West Indies, will speak at the

Reverend Victor Macy

Stevens home this Saturday, March 31, at 7:30 p.m.

For two years Mr. Bonney served as director of the Institute Evangelico, a co-educational residential and day school sponsored by the Free Methodist Church near the city of Santiago. During that time enrollment increased 50 per cent. Its graduates hold responsible positions in the professions and in government throughout the Republic.

Lent is now more than half over for this year. As we come closer to Easter preparations for it are intensified. As we prepare for this, the greatest of holidays,

let us bear in mind the occasion and the act that it commemorates, the Resurrection of our Lord Jesus Christ. The real significance of this event in the history of the world, when completely comprehended, is overwhelming. Don't lessen or cheapen the joy of Easter by substituting any lesser reason for celebrating it than that which has been proclaimed by Christians everywhere down through the centuries. Join them in the cry, "Christ is Risen! Learn the significance of it to you, in your life, and you will indeed know what it means to have a happy Easter. Join the church of your choice in preparing for this great day.

The Episcopal Church in Clarkston invites you to worship Almighty God in the company of its Christian fellowship.

DAVISBURG FIRST BAPTIST CHURCH NEWS

Jack McCurry, Pastor

The Ladies' Missionary Guild will meet April 2, 7:30 p.m. at the home of Mrs. Emery Pierce.

Officers of the Guild elected recently are: Mrs. Emery Pierce, president; Mrs. Ben Powell, vice-president and devotional chairman; Mrs. Herbert Parker, secretary; Mrs. Dan Deever, treasurer; and Mrs. Everett Campbell, missionary corresponding secretary.

The young people of the church, a high school and college age group, have instituted a new program for their Sunday evening meetings. They are using Scripture Press material. This past Sunday night their program included singing, a skit by three young men, answering questions previously given, and a buzz session whereby the group was divided into smaller groups and a basic understanding of their discussion on the subject allotted was reported back to the larger group. Future programs will be varied, but Scripture Press material will be used. Sponsors of this group are Mr. and Mrs. Glen Stormont of Detroit.

Results of recent planning by church members:

1. Daily Vacation Bible School in August.

2. Removable prefinished paneling partitions for the new church basement making possible small classrooms or one big banquet room which will seat 160 people.

3. A larger furnace installed in the place of one already installed in the new church basement.

Saturday night the adults and young adults will attend the Waterford Community Church Beacon's Club Annual Ladies' Night Banquet at the Waterford Community Church.

Mrs. C.T. Crowley, Mrs. Robert Munro, and Mrs. Leon Yale assisted in the preparations for the Thursday evening meeting.

APRIL CANCER CRUSADE

April is crusade month for the Michigan Cancer Foundation.

This year the crusade will carry a two fold message:

1. Educational literature and film showings on early detection and treatment of cancer.

2. A drive for white goods so urgently needed to make the dressings for cancer patients.

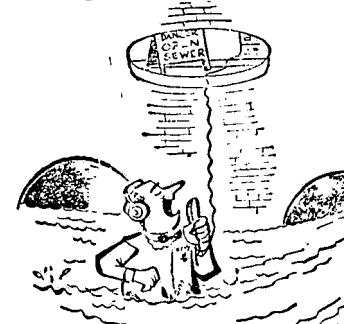

Clarkston will join with Waterford to present a film showing on April 17 at 8:0 P.M. in the C.A.I. Building in Waterford. The program is free and open to the public. It will include a doctor qualified to answer any questions about cancer.

The drive for white goods will be conducted during the first two weeks in April.

Bob's Hardware at 27 South Main and Taylor's Five and Ten in the Clarkston Plaza, have generously agreed to be collection centers. A large box will be in each store, when donations may be left. The Foundation requests that linens be freshly laundered.

Your generous support of The United Fund Drive makes possible the work of the Michigan Cancer Foundation and the services it provides without charge. The Foundation again seeks your support in making this drive to save lives a success.

It happened 100 YEARS ago

The oldest incorporated trade association in the country, the United States Brewers Association, was organized in 1862 . . . the same year that

IN MICHIGAN, hearing of the gallant fighting of the 1st, 4th, 5th and 7th Michigan regiments against the Confederacy, folks all over the state toasted their troops' bravery with foaming steins of beer.

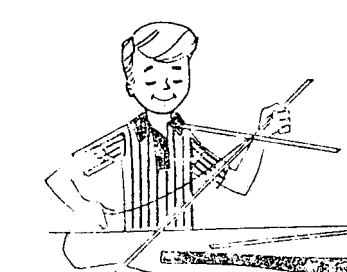

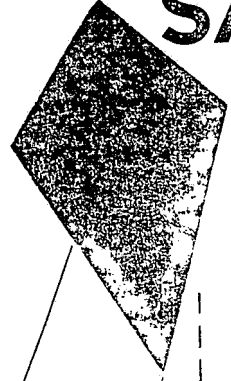

For then as now, beer was the traditional beverage of moderation. But beer means more than enjoyment to our state. The Brewing Industry pays more than 16 million dollars in taxes to Michigan each year, money that helps support our parks, hospitals and schools.

TODAY, in its centennial year, the United States Brewers Association still works constantly to assure maintenance of high standards of quality and propriety wherever beer and ale are served.

SAFE KITE FLYING

1. CONSTRUCT the kite frame of light wood. If nails or pins are used be sure they are covered to eliminate chances of cuts, scratches or torn clothes.

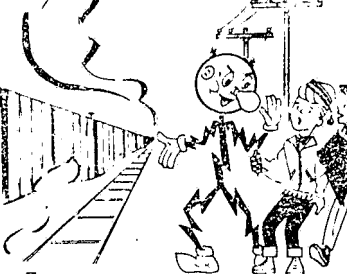

2. CONTROL the kite with stout, dry, cotton cord. Avoid metallic string or wire in kite control. They can short circuit electrical equipment.

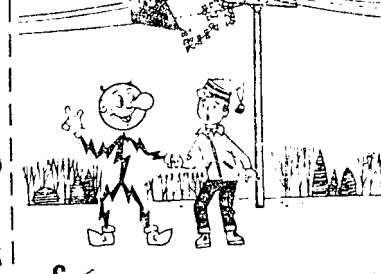

3. CHANGE altitudes in kite flying by letting out or reeling in cord. Prevent tangles and falls by keeping cord off ground, wrapped tightly on a spool or stick.

4. FLY a kite with alertness. Sudden gusts of wind may cause loss of balance or pull the control cord roughly through the hands leaving a bad burn.

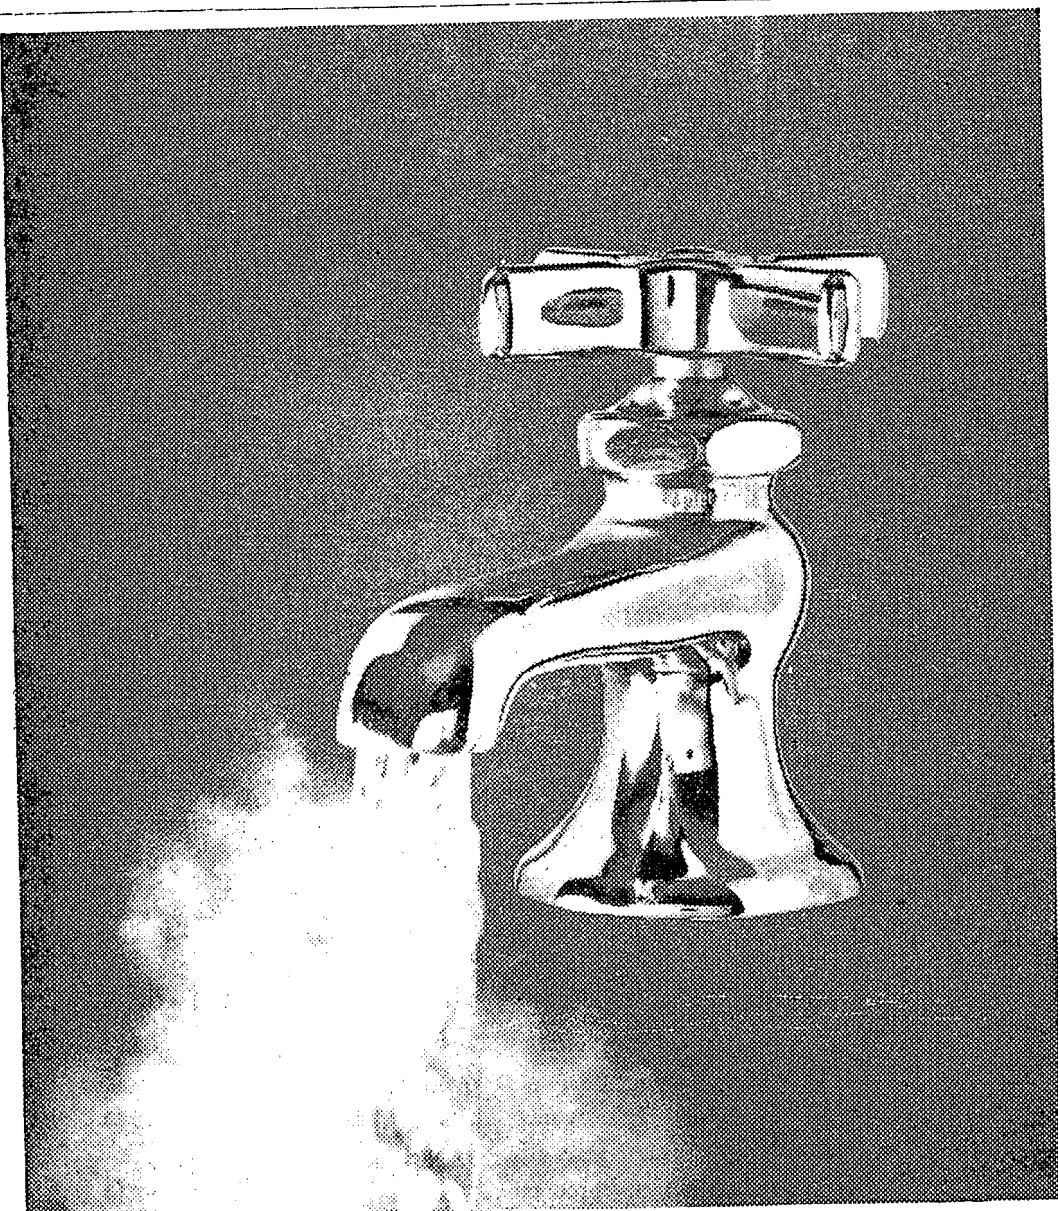

5. SELECT a kite-flying site away from trees, highways, railroad rights-of-way and overhead lines. Kite flying is most fun without all these obstacles.

6. ABANDON any kite that gets tangled in a high tree or overhead wire. No attempt should be made to retrieve it.

WEATHER FACTS AND FANCIES

by Margaret Keech

On Tuesday, March 20th, Mrs. Beach gave her eighth grade students a memo-graph paper with some weather facts and fancies on it. Some of them were: When the stars begin to huddle, the earth will soon become a puddle, "falling star at night, rain in sight," "March comes in like a lion and goes out like a lamb," and "year of snow, fruit will grow." The students wrote down whether the sayings were true facts or just fancies and used a scientific explanation why. It has been interesting to learn that some weather sayings are really based on scientific fact.

Mrs. Beach's eighth grade classes, also, have been forecasting the weather for March 19th, through March 23rd. They have not been very good forecasters, thought.

HELP FROM THE COUNSELORS

by Margaret Keech

On March 23rd, and 26th, the senior high's counselors, Mr. Thomas and Mrs. Wilkinson talked with the eighth grade students in their English classes. They answered many questions for the students. They also passed out registration cards to the students. The registration cards are to be signed by their parents advisors or one of the counselors and themselves.

ACHIEVEMENT DAYS

For the Clarkston community Schools there will be "Achievement Days", held on March 30th, and 31st. There will be art exhibits and demonstrations, industrial arts, homemaking, literature, and science exhibits at the senior high school. On Friday, March 30th, from 7:00 p.m. to 10:00 p.m. and on Saturday March 31st, from 8:00 p.m. to 6:00 p.m. There will be prizes and ribbons given to the best exhibits.

SCIENCE

by Dianne Martin

Mrs. Beach's 8th grade science classed have been studying about the weather.

Trying to be weathermen last week they kept a record of the weather.

They also talked and worked with weather facts and fancies trying to prove them right or wrong.

MATH

by Dianne Martin

Mrs. Anderson's 8th grade math classes have been studying about insurance.

They are learning how to figure insurance, and all about it.

They studied about, car insurance, fire insurance, life insurance, and a lot more.

She hopes, when she is through that the classes will know something about insurance.

BOW MAGIC

by Dianne Martin

On Tuesday, March 27 the sixth seventh and eighth graders of the Clarkston Junior High saw the Gordons present Bow Magic.

Their performance was an inspiring event which aroused everyone's interest in the sport.

They took the audience back through the ages to the days when the long bow was the standard fighting equipment of the armies of the world, and Robin Hood and his merry men roamed through Sherwood Forest and thrilled the people with their best shooting, to the present with stories of big game hunting.

Following the history of archery they gave simple information about the sport and explained their equipment.

The best part of the program was when they presented an amazing demonstration of bow and arrow shooting as only champions can perform.

They demonstrated the power

of an ordinary thirty pound bow when they shot a balloon from an assistant's mouth. They did many other trick shots as well as those which demonstrated accuracy in the sport.

REGISTRATION INFORMATION

by Margaret Keech

On Wednesday, March 21st, Mr. Thomas and Mrs. Wilkinson talked with the eighth graders, during first hour, about registration information. They passed out registration information sheets prepared for students in grades 8, 9, 10, and 11.

The purpose of the information is to help students select their courses of study for the 1962-63 school years.

The sheets of registration information gave general information, about Clarkston High Schools curriculums, and gave information to prepare courses of study or registration card. The three curriculums are: college preparatory, commercial, and general.

A WONDERFUL JOB

by Jeanne Shoots

The Wizard of Oz was presented March 16th and 17th. We should give credit to all those who participated in putting the play on especially to Mrs. Beattie and Mrs. Foster. They did a very nice job, but it couldn't have been possible without the wonderful cast.

They all deserve very much praise for their wonderful job.

CIVIL WAR NOTEBOOKS

by Star Bailey

Mrs. Beattie's history classes have been studying the Civil War. The students have been assigned to making a Civil War notebook.

Some of the notebooks have very clever covers. Notebooks have been turned in by Joanne Keis, King Robinson, Sue Diss-

more, Virginia Thrift, Gwenda Ostrom, Tom, Masters, Donna Welch, and Sharon Rhoads.

The notebooks were due last Friday. The students have had about two months to work on them, so many good ones are expected.

Some students have even sent away for information.

PLAY CAST PARTY

by Cathy Richardson

By Saturday, March 17 the play cast, crew, and Mrs. Beattie, and Mrs. Foster were exhausted. But, not too exhausted to have a party.

After the play Saturday night, everyone hurried to the Old Methodist Church on Buffalo Street. Thirst and hunger were satisfied by sloppy-joes, potato chips, and cokes.

A record player was set up and the dancing began. Photos were taken by some of the guests. Mary Wertman and Morris Hyatt showed their piano-playing talents, too.

Everyone agreed it was a wonderful way to celebrate the success of *The Wizard of Oz*.

MOVIES IN GEOGRAPHY

by Joette Schultz

The seventh grade geography classes saw two movies on China. They showed the people, their ways of living, and their homes. They told how China is progressing in industries, transportation, and in manufacturing goods for export. They also showed the climate, rivers, mountains, and landscape of China. Chinese architecture religion, languages, and writing are far different from ours. These movies were very interesting.

GYM

by Dianne Martin

Mrs. Isola's gym classes have started to work for the Track Meet.

First the girls had to show her they could throw a softball correctly. If they didn't they had to continue practicing, but if they did they could either climb the rope or do something on the bar.

Besides all that they have been doing exercises.

Hypochondria

Compare the life of a man subject to imaginations with that of a laborer who suffers himself to be led by his natural appetite, measuring things only by the present sense, without knowledge and without prognostics—who is only ill when he is ill, whereas the other has the stone in his soul before he has it in his bladder. As if it were not enough to suffer evil when it shall come, he must anticipate it by fancy and run to meet it.

—MICHEL DE MONTAIGNE (1533-1592)
French essayist

The hypochondriac withdraws both interest and libido—the latter specially markedly—from the objects of the outer world and concentrates both upon the organ which engages his attention. A difference between hypochondria and organic disease now becomes evident. In the latter, the distressing sensations are based upon demonstrable organic changes; in the former, this is not so.

—SIGMUND FREUD (1856-1939)

Furniture Refinishing

by BOB WILKEN

We're in the home stretch now. Your pine table is stripped, sanded, stained, and sealed—all in six short articles. Let's varnish.

Q. Great. I've got some good varnish left over from doing the living room.

A. Sorry. Forget about floor varnishes, spar varnishes and anything else that isn't specifically known as a furniture varnish. Brush on a thin coat of a high-grade gloss varnish and let it dry at least five hours out of doors, longer inside. When THOROUGHLY dry, sand lightly with a finishing grade paper.

Q. Why the gloss varnish? I wanted an antique finish.

A. Right. Apply a second coat of dull varnish over the gloss. Try to use both a gloss and dull varnish made by the same manufacturer. The dull gives you the effect you want; the gloss is sturdier and insures resistance to temperature, humidity, detergents, alcohol, salts, etc.

Q. And that's it?

A. Almost. When COMPLETELY dry, dust with a clean, soft cloth and rub with a high-grade canuba-base paste wax. Work on only a small section at a time because wax tends to "set" quickly.

Had we wanted to end up with one of those antique effects which comes from a "two-tone" or "highlight" method, here's what we'd have done. After we'd applied our sealer over the stain and sanded, we'd go over the entire area with another coat of slightly-darker stain applied with a soft cloth pad. For this process, we'd have purchased a specific type of stain called "Japan," or "ground in Japan."

We'd wipe this off the major part of the surface but leave the darker stain along the edges and in corners and creviced parts of rungs and turnings. This second coat is called "glaze."

When thoroughly dry, we'd have applied a second coat of shellac sealer and continued with the varnishing steps.

In the final article, we'll offer some refinishing tips.

INDEPENDENCE TOWNSHIP ORDINANCE NO. 35

Food Establishment Ordinance
An Ordinance Regulating Food Establishments Providing Sanitation Requirements Thereof, Providing Disease Control, Providing For The Licensing of Said Establishments, For License Fees Thereof, Providing For The Enforcement Of Said Ordinance And Penalties For The Violation Thereof.
The Township of Independence, Oakland County, Michigan Ordains:

1. Definitions. In the interpretation of this Ordinance the following definitions shall apply except where the context clearly indicates otherwise:

(1) A "food establishment" is any building, vehicle or place where foods, beverages, and/or alcoholic beverages for human consumption are prepared, handled, stored, sold, or offered for sale or delivered in pursuance of standing orders or other predetermined arrangements or schedule, and shall be deemed to include: restaurants, itinerant restaurants, part-time restaurants, taverns, grocery stores, retail poultry markets, soda fountains, fish markets, bakeries, meat markets, cold storage plants, luncheon stands, store houses, cafes, caterers, and road side stands.

(2) "Utensils" shall include any kitchen ware, tableware, glassware, cutlery, containers, or other equipment with which food or drink comes in contact during storage, preparation or serving.

(3) "Bactericidal Treatment" shall be deemed to be the application of any method or substance for the destruction of disease-producing bacteria and all other bacteria as far as practicable and which, in the opinion of the Health Officer, is effective and does not effect the equipment, the food and drink, or the health of the consumer.

(4) "Single Service Container" shall be deemed to mean any food container made of paper or plastic and which cannot be sterilized after use by the application of soap and boiling water.

2. License Required. It shall be unlawful for any person to operate a food establishment or engage in the business of selling, handling, or delivering food in the Township of Independence without first obtaining a license therefor.

3. Approval of the Building Permit. It shall be unlawful for any person to remodel or alter an existing building or portion thereof which is being used or is proposed for use as a food establishment, or to construct a new building which is to be used in whole or in part as a food establishment until the application for a building permit shall have been approved by the Health Officer in addition to the other requirements of the Building code. This application shall be accompanied by plans and such other data as will completely describe the food establishment or the addition or alteration proposed in the application.

4. Examination and Condemnation of Unwholesome food or drink. Samples of food, drink or other substances may be taken and examined by the Health Officer as often as may be necessary for the detection of unwholesomeness or adulteration. It shall be the duty of the Health Officer to seize, condemn or exclude from sale, delivery or distribution in the Township any spoiled, contaminated or adulterated food or any food otherwise unfit for human consumption. It shall be further the duty of the Health Officer to destroy or denature all food condemned unfit for human consumption and issue an order or statement to the person in charge of such food establishment, stating the reason therefor.

5. Sanitation Requirements for food Establishments. All food establishments shall comply with all of the following items of sanitation:

(1) Floors. The floors of all rooms shall be of such construction as to be easily cleaned, shall be smooth, and shall be kept clean and in good repair.

(2) Walls and Ceilings. Walls and ceilings of all rooms shall be kept clean and in good repair. All walls and ceilings of rooms in which food and drink are stored or prepared shall be finished in light color. The walls of all rooms in which food or drink is prepared or utensils are washed shall have smooth washable surface up to the level reached by splash or spray.

(3) Doors and Windows. All doors and windows shall be in good repair. When flies are prevalent, all openings into the outer air shall be effectively screened and doors shall be self-closing, unless effective means are provided to prevent the entrance of flies.

(4) Ventilation. All rooms in which food or drink is stored or prepared or served or in which utensils are washed shall be well ventilated. A properly designed metal hood shall be suspended

and extended over all cooking equipment at a convenient height and properly connected with an exhaust fan or blower and ventilating flue sufficient to carry off cooking odors and vapors.

(5) Lighting. All rooms in which food and drink is stored or prepared or served or in which utensils are washed shall be well lighted.

(6) Toilet Facilities. Every food establishment shall be provided with adequate and conveniently located toilet facilities for its employees. The doors of all toilet rooms shall be self-closing. Toilet rooms shall be properly ventilated.

(7) Water Supply. Running water under pressure shall be easily accessible to all rooms in which food is prepared or utensils are washed.

(8) Lavatory Facilities. Adequate convenient, and clean hand-washing facilities shall be provided in each food establishment. These facilities shall include hot and cold running water under pressure, soap, and approved sanitary towels. The use of a common towel is prohibited. Lavatory facilities shall be convenient not only to the toilet room but also to the food preparation areas. In food establishments where toilet facilities are not on the same floor as the food preparation areas, then lavatory facilities shall be provided on the same floor where food is prepared.

(9) Construction of Utensils and Equipment. All multi-use utensils and all show windows and display cases, counters, shelves, tables, refrigerating equipment, sinks, and other equipment or utensils used in connection with the operation of a food establishment shall be so constructed so as to be easily cleaned and shall be kept in good repair. All soda fountain equipment, dishwashing machines and other such equipment as may be deemed necessary by the Health Officer must be approved by the Health Officer who shall use the standards of the National Sanitation Foundation as his guide. Utensils containing or plated with cadmium or lead shall not be used, providing that solder containing lead may be used for joining.

(10) Cleaning and Bactericidal Treatment of Utensils and Equipment. All equipment including windows, display cases, counters, shelves, tables, refrigerators, stoves, hoods, and sinks shall be kept clean and free from dust, dirt, insects, and other contaminated material. All clothes used by waiters, chefs, and other employees shall be clean. Single service containers, shall be used only once. All multi-use eating and drinking utensils shall be thoroughly cleaned and effectively subjected to a bactericidal treatment approved by the Health Officer equipped with a minimum of a three compartment sink with drainboards for dishwashing and bactericidal treatment, provided that bakeries, grocery stores, meat, fish and poultry markets, and food establishments where food or drink is not consumed on the premises shall be equipped with a minimum two compartment sink with drainboards. No article, polish, or other substance containing any cyanide preparation or other poisonous materials shall be used for the cleaning or polishing of utensils.

(11) Storage and handling of Utensils and Equipment. After bactericidal treatment, utensils shall be stored in a clean, dry place protected from flies, dust, and other contamination and shall be handled in such a manner as to prevent contamination as far as practicable. Single service utensils shall be purchased only in sanitary containers, shall be stored therein in a clean dry place until used and shall be handled in a sanitary manner. Only single service utensils, which have been manufactured, packaged, stored and transported under sanitary conditions shall be used.

(12) Plumbing and Disposal of Wastes. All wastes shall be properly disposed of and all garbage and rubbish shall be kept in suitable receptacles, in such manner as not to become a nuisance. All plumbing shall be so designed, installed and maintained as to prevent contamination of the water supply, food, drink or equipment. All perishable food and drink shall be kept at or below 46 degrees F. except when being prepared or served. Waste water from refrigeration equipment shall be properly disposed of.

(13) Wholesomeness of food or drink. All food and drink shall be clean, wholesome, free from spoilage and so prepared as to be safe for human consumption. All milk, fluid milk products, cream and other frozen desserts served shall be served in the individual original containers in which they received from the

distributor or from a bulk container equipped with an approved dispensing device which Health Officer shall approve if said dispensing device is capable of dispensing the commodity in a clean and sanitary manner; provided that this requirement shall not apply to cream which may be served from the original bottle or from a dispenser approved for such service, by Health Officer after it is determined that said dispenser is clean and sanitary. All oysters, clams and mussels shall be from approved sources and if shucked shall be kept until used in the containers in which they were placed at the shucking plant.

(14) Storage Display and Serving of Food and Drink. All food and drink shall be so stored, displayed and served as to be protected from dust, flies, vermin, depredation, and pollution by rodents, unnecessary handling, droplet infection, overhead leakage, and other forms of contamination. No animals or fowls will be kept or allowed in any room in which food or drink is prepared, stored or served. All means necessary for the elimination of flies, roaches, other insects and rodents in a manner approved by the Health Officer shall be used.

(15) Cleanliness of Employees. All employees shall wear clean outer garments and shall keep their hands clean at all times while engaged in handling food, drink, utensils, or equipment. Employees shall not expectorate or use tobacco in any form in rooms in which food is prepared.

(16) Miscellaneous. The premises of all food establishments shall be kept clean and free of litter or rubbish. None of the operations connected with the food establishments shall be conducted in any room used as living or sleeping quarters. Where a food establishment is located in the same building as the living quarters there shall be no direct opening between the two. Adequate lockers or dressing rooms shall be provided for employees clothing and shall be kept in containers provided for this purpose.

6. Disease Control. It shall be unlawful for any person affected with a communicable disease or a carrier of such disease to work in a food establishment. It shall be unlawful to employ any person suspected of being a carrier or affected by such a communicable disease. The person responsible in a food establishment shall notify the Health Officer immediately of any person suspected of having a communicable disease. All employees shall have a food handlers card which may be obtained from the Health Officer upon presentation to said Health Officer of a statement signed by a duly licensed doctor of medicine or doctor of Osteopathy that said individual is free from any communicable disease and has had a recent chest X-Ray with negative results. All food handlers cards shall expire 1 year after issuance.

7. Procedure When Infection Suspected. When suspicion arises as to the possibility of transmission of infection from any food establishment employee, the Health Officer is authorized to require any or all of the following measures:

(1) The immediate exclusion of the employee from all food establishments.

(2) The immediate closing of the food establishment concerned until no further danger of disease outbreak exists in the opinion of the Health Officer.

(3) Adequate medical examination of the employee and of his associates and such laboratory examination as may be indicated. The employee shall assume financial obligations, if any, required to perform these examinations.

8. Immediate Suspensions. If the Health Officer finds unsanitary conditions in any food establishments such that it would be immediately dangerous to the health of the general public, he may immediately suspend the license of and close the food establishment until such unsanitary conditions are corrected, following which he shall give a written notice in a reasonable time to the licensee or the responsible representative in charge stating his reasons for closing the food establishment. A continuance to operate after receipt of such written notice shall constitute a violation of this Ordinance.

9. Licenses Required. No person shall engage or be engaged in the operation, conduct or carrying on of the business of maintaining a food establishment without first obtaining a license from the Township in the manner provided herein. Any person duly licensed on the effective date of this ordinance shall be deemed licensed hereunder for the balance of the current license year.

10. License Application. Unless otherwise provided in this Ordinance every person required to obtain a license from the Township to engage in the operation, conduct or carrying on of the business of maintaining a food establishment shall make application for said license to the Township Clerk upon forms provided by the said clerk and shall state under oath or affirmation such

facts, as may be required, or applicable to, the granting of such license.

11. License Renewal. Except as otherwise herein provided as to certain licenses, the license year shall begin January 1st of each year and shall terminate at midnight on December 31st of the same year. Original license shall be issued for the balance of the license year at the full license fee. License applications for license renewals shall be accepted and licenses issued for a period of fifteen days prior to the annual expiration date.

12. Conditions for Issuance. No license or permit required by this Ordinance shall be issued to any person who is required to have a license or permit from the state of Michigan, until such person shall submit evidence of such State License or permit and proof that all fees appertaining thereto have been paid. No license shall be granted to any applicant thereafter until such applicant has complied with all the provisions of this Ordinance.

13. Where Certification Required. No License shall be granted where the certification of any officer of the Township is required prior to the issuance thereof until such certification is made.

14. Health Officer's Certificate. In all cases where the certification of the Health Officer is required prior to the issuance of any license, such certification shall be based on actual inspection and a finding that the person making application and the premises in which he proposes to conduct or is conducting the trade profession, business or privilege comply with all the sanitary requirements of the State of Michigan and of the Township.

15. Late Renewals. All fees for the renewal of any license which are not paid at the time said fees shall be due, shall be paid as "late fees" at the rate of one hundred and ten percent (110%) of the license fee.

16. Right to Issuance. If the application for any license is approved by the proper officers of the Township, as provided in this Ordinance, said license shall be granted and shall serve as a receipt for payment of the fee prescribed for such license.

17. Fees — When Paid. The fee required by this ordinance for any license or permit shall be paid at the office of the issuing authority prescribed in this Ordinance upon or before the granting of said license or permit.

18. Suspension or Revocation. Any license issued by the Township may be suspended by the Township Supervisor for cause, and any permit issued by the

Township may be suspended or revoked by the issuing authority for cause. The licensee shall have the right to a hearing before the Township Board on any such action of the Supervisor, provided a written request therefore is filed with the Clerk within five

(5) days after receipt of said notice of such suspension. The Board may confirm such suspension or revoke or reinstate any such licenses. Upon suspension or revocation of any license or permit the fee therefor shall not be refunded.

19. "Cause" Defined. The term "cause" as used in this section includes the doing or omitting of any act, or permitting any condition to exist in connection with any trade, profession, business or privilege for which a license or permit is granted under the provisions of this ordinance, or upon any premises or facilities used in connection therewith, which act, omission or condition is:

(1) Contrary to the health, morals, safety or welfare of the public.

(2) Unlawful, irregular or fraudulent in nature;

(3) Unauthorized or beyond the scope of the license or permit granted; or

(4) Forbidden by the provisions of this Ordinance or any duly established rule or regulation of the Township applicable to the food establishment for which the license or permit has been granted;

20. License Renewal. Unless otherwise provided in this Ordinance, an application for renewal of a license shall be considered in the same manner as an original application.

21. Exhibition of Licenses. No licensee shall fail to carry any issued in accordance with the provisions of this Ordinance upon his person at all times when engaged in the operation, conduct or carrying on of any trade, profession, business or privilege for which the license was granted; except that where such trade, profession, business of privilege is operated, conducted, or carried on at a fixed place or food establishment, said license shall be exhibited at all times in some conspicuous place in his place of business. Every licensee shall produce his license for examination when applying for a renewal thereof or when requested to do so by any Township police officer or by any person representing the issuing authority.

22. Transferability: Misuse. No license or permit issued under the provisions of this Code shall be transferable unless specifically authorized by the provisions of

this Ordinance. No licensee or permittee shall, unless specifically authorized by the provisions of this Ordinance, transfer or attempt to transfer his license or permit to another nor shall he make any improper use of the same.

23. Misuse-Automatic Revocation. In addition to the general penalty provision for violation thereof, any attempt by a licensee or permittee to transfer his license or permit to another, unless specifically authorized by the provisions of this Ordinance, or to use the same improperly shall be invalid and result in the automatic revocation of such license or permit.

24. Fees for Licenses. Fees for licenses shall be as prescribed as follows:

Food Establishments, including Grocery and/or Fish, Meat Poultry retail Each 500 sq. ft. of floor space or fraction thereof	Annual fee ----- \$ 4.00
Maximum Annual fee shall not exceed	50.00
All other food establishments	Annual fee ----- 10.00

25. Severability. Should any provision or section of this Ordinance be held unconstitutional or invalid such holding shall not be construed as affecting the validity of any of the remaining provisions or sections of this Ordinance.

26. Penalty. Any firm, corporation or person who is convicted of violation of any of the provisions of this Ordinance shall be fined not less than \$25.00 nor more than \$100.00 for each offense or shall be punished by imprisonment in the County Jail for a period not to exceed 90 days for each offense, or may be both fined and imprisoned as provided herein.

27. NEED. The provisions of this ordinance are hereby declared to be necessary for the preservation of public health and welfare, and are hereby effected as prescribed below.

of Waterfront Drive are home after a two week vacation in Somerset, Kentucky, where they were the guests of Mrs. Randalls sister and family, the Esker Parkes.

Mrs. Arthur Lane of Waterford hosted a birthday dinner honoring her son Jeffrey's first birthday March 25. Attending the dinner were Jeffrey's grandparents, Mrs. Roberta Thayer and the Arthur Lanes of Pontiac.

listed in the book *Calories Don't Count*. Spokesmen for the medical profession have derided Dr. Taller's prescribed diet as "sheer idiocy" and "nutritionally unsound."

Dr. Taller has upset the calorie-chart, maintaining that the low-calorie diet, itself a fad originating in the early '30's, is not only detrimental to good health but also an ineffective way to lose weight. His research, based on work done by other doctors, carried him on to the conclusion that there is a difference in the way the body utilizes carbohydrate calories and fat calories. People with a tendency to be overweight lack the proper body chemistry to burn up the carbohydrate calories and keep the body at its normal weight level. On the other hand, a large quantity of fat calories will add fuel to the fire to burn up fat deposits, leaving muscle tissue intact. He therefore prescribes a high-fat diet and absolutely eliminates all foods high in carbohydrates. A patient on his diet may eat meat, fish, eggs, meat, cheese, corn oil margarine, and vegetables low in sugar counts, plus potatoes. He must have three meals a day and not leave the table hungry. The doctor claims to have had one hundred per cent success with himself and his hundreds of patients.

As Dr. Taller states in his book, "Entrenched medical theories, however erroneous, are a long time in dying." Hence the furor the medical profession has raised against this man who is telling them they have been using the wrong principals to treat obesity. However, the American Medical Association, itself, conducted a follow-up survey of patients reducing on a low-calorie diet and found that it is not the satisfactory answer to the problem of overweight. DuPont Laboratories and Lever Brothers both experimented with high-fat reducing diet and found it to be both successful and healthful.

The Food and Drug Administration has stepped into the contro-

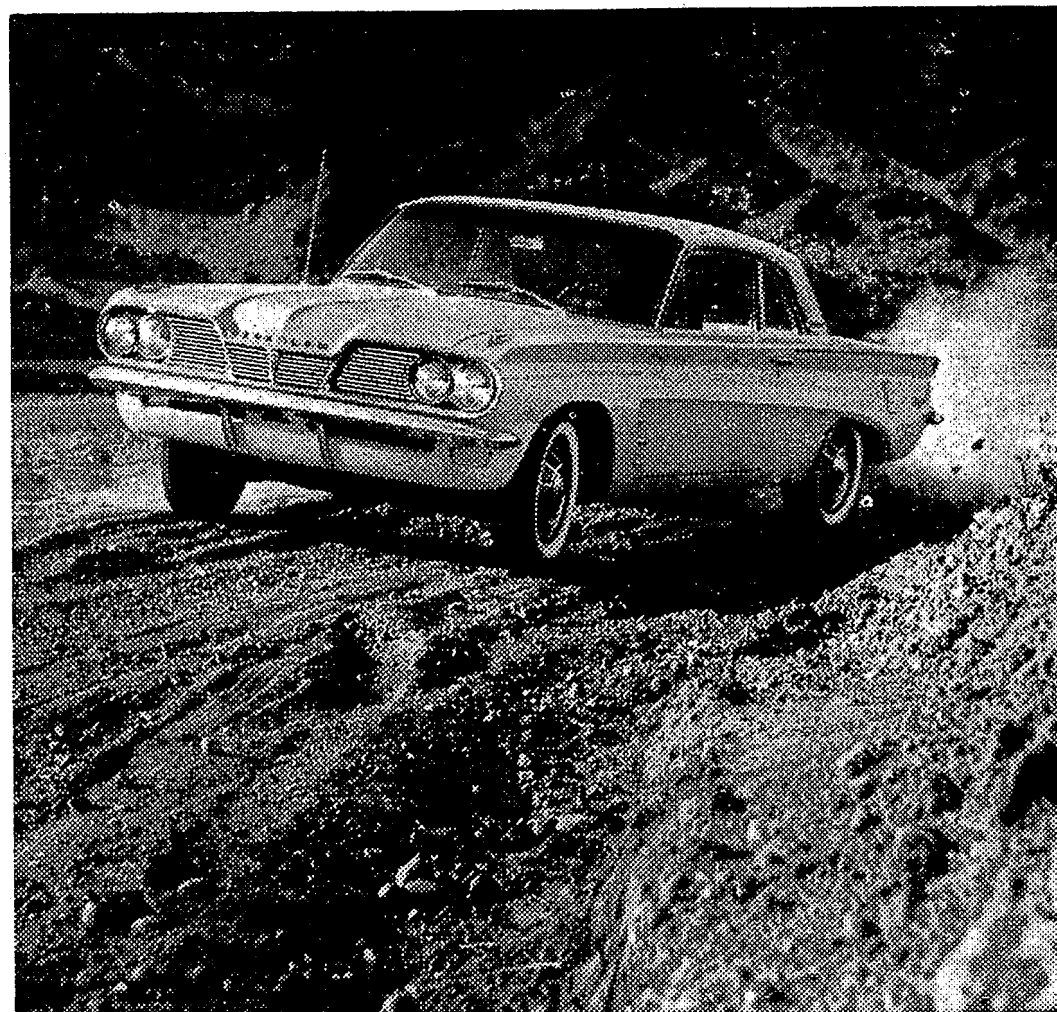

versy by confiscating copies of the book when they are being used to promote the sale of safflower oil capsules. Dr. Taller mentions, but does not necessarily recommend these capsules in his book. Contrary to the charge, he does not claim them in themselves to be reducing agents. If anyone, it is the pharmaceutical company that is guilty.

Among his critics there has been a great deal of misrepresentation and misunderstanding. Read the book carefully for

yourself and then judge whether Dr. Taller was first of all sincere in his search for an effective treatment of obesity; secondly, whether his theory and the diet seem logical and sensible; and, thirdly, if you yourself have a weight problem, put the diet to the real test and follow it. The fat is in the fire.

The 4 that goes around acting like a V-8...Tempest!

Used to be that people swore by V-8's and V-8's alone. And then along came Tempest's spunky 4 to steal their thunder. The hottest version* of this 4 (166 hp) puts out more horsepower than any other production 4 in the world. More torque, too. And every version, standard 110 hp on up, is smooth and silent and effortless. About the only thing Tempest doesn't share with the big boys is its appetite for gasoline and spare parts. Try a drive in a Tempest 4 soon, hear? You might as well save while you're swinging! **Pontiac Tempest**
