The Community Activities Association along with the help of the Davisburg Junior Chamber of Commerce sponsored the First Annual Little League Picnic at Davisburg Park.

The Association members, all men, made all the plans for exhibition games put on for the benefit of parents unable to attend baseball games this season and other games and contests.

JayCee members helped make a success of the Little League season by contributing labor and money to the association. They helped build dugouts and prepare the baseball diamond for use.

A pot-luck dinner was served in the closed pavilion. After dinner more contests were held and the evening's entertainment ended with dancing.

This completes the Little League games for the season. However, the Babe Ruth League has several more games to be played. Randy Grooters was a guest

WHAT TO MAKE By Alian Carpenter Director, Service Bureau Popular Mechanics

BACKYARD TUMBLER

Your youngsters can bounce to their hearts' content this summer on a full-size 5x10-ft. backyard tumbler. This one is unique in that it converts to a kingsize wading pool by remov-ing the tumbling bed and lashing a plastic liner to the framework. Strong polyethylene film makes a sturdy liner for the pool. Standard creosoted fence posts make the six legs. Complete building instructions and diagrams are given in "Shop Projects," Book B51, available for 75¢ (cash or money order) from Service Bureau, c/o this newspaper, 200 E. Ontario St., Chicago 11, Ill. A listing of more than 500 other What-To-Make projects is available

The most frequent cause of food poisoning is failure to keep foods properly refrigerated in warm weather, Dr. Monroe said.

chickens. United States Public Health Service scientists have shown that bacteria commonly causing food poisoning will grow and multiply in foods at temperatures as low as 42 degrees F. Perishable foods should therefore be stored at no higher than 40 de-

grees F. In addition to poultry and meat particularly processed meats, foods most commonly affected are fish, custards, and cream-filled pastries. Although highly distressing, food poisoing is usually not serious and seldom fatal. At the first sign, which is usually sudden,, call a doctor and if possible go to bed.
