

Davisburg Locals

by Pat Haslock
MEIrose 4-3592

Mrs. Ted Hayhow of Hillsdale was a recent visitor at the home of Mr. and Mrs. Floyd Vergin. Mrs. Hayhow is a former Davisburg resident and for a time was in business here.

Funeral services for Mrs. William (Maude) Becker of Pontiac were held recently at the Sparks Griffin Funeral Home with burial at Oak Hill Cemetery. Mrs. Becker's daughter is Mrs. Floyd Vergin of Scott Road.

Mr. and Mrs. Milo Hallett of Bigelow Road announce the engagement of their daughter, Ruth Ann, to Robert Hawley, son of Mr. and Mrs. Harvey Hawley of Holly. No date has been set for the wedding.

Monday night was the "monthly award night" at the Stalite Club meeting. Miss Ruth Ann Hallett won the award money, which is made up of dues and penalty money for the month. Mrs. Milo Hallett lost the most

weight for the week, and Mrs. Doris Tatton gained the most. (Although Miss Tatton gained three pounds this week, she is the second member of the club to have lost over thirty pounds.) Penalties for gaining weight have been increased to fifteen cents a pound or fraction of a pound to give members a greater incentive to lose.

A new member, Mrs. Art McLaughlin, now brings the total membership to twenty. The invitation to join is still in effect, and those who wish to lose weight along with others, who have the same goal, are welcome.

Mrs. John Lowe will be program chairman for next week.

Mrs. Paul Stack attended the Five Hundred Club meeting Tuesday at the home of Mrs. J.L. Krasnick in Holly.

Albert Walz of Detroit is visiting at the home of his brother and family, Mr. and Mrs. Oscar Walz. Sunday evening the Walz visited their daughter, Mary, at Ypsilanti.

A birthday dinner Sunday given for Lee Walz by his wife was attended by Mr. Walz's parents, Mr. and Mrs. Oscar Walz and Mr. and Mrs. Malvin Higgins and family of Holly.

Mrs. John Land was taken to Pontiac General Hospital Monday evening.

The engagement of Miss Carol Sue Ashley of Waterford Township to Bill Aldrich has been announced by her parents, Mr. and Mrs. Clifton F. Ashley. Bill is the son of Mr. and Mrs. Kenneth Aldrich of Eaton Road.

Mr. and Mrs. Lewis Hutchinson announce the birth of a son, Kendall Lewis, at Flint Osteopathic Hospital Thursday, September 13. The baby weighed five pounds twelve ounces at birth. Grandparents are Mrs. Elizabeth Rademaker of Hazel Park and Mrs. Lillian Hutchinson.

Seventeen members were present at the Dorcas Circle meeting last Wednesday at the home of Mrs. Harold Rioux. A pot-luck

luncheon was held prior to the meeting. Birthday cakes baked by Mrs. Joe Pennell and Mrs. Al Day were for Mrs. Millie Rohm of Holly and Mrs. Earl Terry. Both ladies have birthdays this month. Mrs. Rohm is eighty-five and Mrs. Terry eighty-nine.

The marriage of Miss Shirley Szymanski, daughter of Mr. and Mrs. Ed LaCost of Holly, to James Clark, son of Mr. and Mrs. Stanley Clark, will take place at the Davisburg Methodist Church Saturday, September 22 at 7:30 P.M. The Reverend Warren Lear will read the marriage lines.

We have often heard—

that there are days when people "should have stood in bed". We don't know why they say "stood". At any rate, we can tell you that there are days when people "should get up when the alarm rings". We have just experienced such a day. After getting up late, we had to rush one son to high school because he missed the school bus. On the way there we had to wait for a train, and you can believe that they don't make trains like they used to do. This one was undoubtedly the longest one we have ever seen. Driving across the tracks at five minutes to eight, we arrived at the school on time, but it seems that a student has to be in class at two minutes to eight or they are late and have to go to the office for an excuse. So you know whose fault it was! Then driving home to prepare the other son's lunch before he left for college, we stopped at the scene of an accident. After we got all the information about it for the Clarkston paper from a friend who was driving the wrecker, the driver of the vehicle involved in the accident asked us not to print it. Having heard about "discretion being the best part of valor" or something or other, we decided to comply with his wishes and so frustratedly hurried home. Incidentally, we got the lunch prepared in time. (Moral of this story—don't turn off the alarm and just lie there for a few minutes. Get up!)

So if you are a boy 8, 9, or 10 years old or a parent of a boy in this age group, come on to a Pack Meeting and join in the fun. In fact, if you have a friend in the age group who lives in the community, or attends the Clarkston school or belongs to the Methodist Church bring him and his parents along with you.

GO, GO, GO, ROUNDUP WITH PACK 128

Hello, here we are again back in full swing and launching into a fun filled fall program.

Our summer meetings proved very successful and well attended. The theme for July was "Strength and Skills." All Den meetings were devoted to outside activities with the Pack Meeting being held at Kelly's Beach on Square Lake. A good time was had by all and prizes were given for various relays races.

August had as its theme "Wild West Show". We started with a picnic dinner on the lawn of the old Methodist Church. The boys were dressed as cowboys and Indians. The activities were in keeping with the theme.

So that brings us up to the present time. Along with the September theme "2000 A.D.," special emphasis is being placed on "Go Roundup." We know there are many boys who would like to belong to a Cub Pack and we have just the Pack to fill the bill. Lots of fun and activities for both the boys and their parents.

So if you are a boy 8, 9, or 10 years old or a parent of a boy in this age group, come on to a Pack Meeting and join in the fun. In fact, if you have a friend in the age group who lives in the community, or attends the Clarkston school or belongs to the Methodist Church bring him and his parents along with you.

Our Pack Meeting this month will be a Space Rocket Derby. We meet in the North Wing of the New Methodist Church. A Bake Sale has been planned for Saturday, September 29, on Rudy's vacant lot next to Gentry's Colonial House.

Anyone wishing to help the pack and would like to donate bake goods please call either Den Mothers: Donna Redwood at MA 5-1561 or Lee Funk at MA 5-1063. Pick up will be available anytime Friday, September 28.

CAMP FIRE GIRLS

The Camp Fire Girls had their first meeting the 11th of September at The Clarkston Elementary School. We started out by saying the Camp Law then elected officers: President, Judy Lesdard; Vice-president, Jill Sansom; Secretary, Sharon Straly; Scribe Girls, Sue Tower and Sue Bates.

We made pads for the Medical Facilities Building of Oakland County. Then the group sang songs. Any girls interested in being a Camp Fire Girl call Mrs. Sansom

Mr. and Mrs. Garrett H. Marks of Dixie Highway attended the Cavanaugh family reunion held in Ionia, September 9th. Sixty eight were in attendance to enjoy the pot luck dinner, the eldest member of the family being 76, and the youngest 3 weeks old.

Attending the Saginaw Fair recently, were Mrs. Alvin Day, and Mrs. Louella Sommers of Andersonville and Mrs. Garrett Marks of Clarkston.

Mr. and Mrs. James Leaver of Snow Apple Dr. attended the special preview of the 1963 Buicks at the I.M.A. auditorium in Flint last Tuesday night.

Fourteen year old Guy Riddle of Tappan Dr. suffered a broken ankle while playing last Sunday.

Guests at the home of Mr. and Mrs. Elwood Seaman last Sunday evening were Mr. and Mrs. William Cross and her parents, the John Sheads of Waterford.

Mr. and Mrs. William Porritt of Crab Apple St. marked September 16th as their 12th wedding anniversary. For the occasion the couple dined at the "Villa".

Beginning her freshman year at the University of Michigan is Caroline Ruggles, daughter of the

Raymond Ruggles, Reese Road. Another daughter, Donna, has begun her Junior year at the University of Indiana, where she is majoring as a Medical records librarian.

Mr. Robert Kraud of Wealthy St. is recuperating nicely after a bout with pneumonia.

Tom and Ben, sons of the Eugene Norths' of Foster Rd., have entered the service. Tom is stationed at Lackland A.F.B., Texas, while Ben has joined the Army and is stationed at Fort Knox, Kentucky.

Five year old Brian Nowlin of Northview Dr. suffered a fractured collarbone after a fall from the bathtub. Kindergarten will have to wait a while for Brian.

Celebrating birthdays this week are: Kathy Lewis of Cherry Wood Rd., 6 years old, September 20th; Mr. Russell Lewis of Cherry Wood Rd., September 22nd; Connie Rush of Felix Dr., 11 years old, September 16th; Chris Fuller of Cherry Lawn, 8 years old, September 21st; Twins Lana and Laura Lovett of Eastlawn, 1 year old, September 20th; John Flaugher of Cramlane, 11 years old, September 20th.

Mr. and Mrs. Russell Lewis of Cherry Wood, and children Kathy Gary and Margaret, spent last weekend visiting her parents, Mr. and Mrs. Jesse Rowe of West Branch.

Reverend and Mrs. Virgil Wright of Kankakee, Illinois were the recent house guests of her sister and family, Mr. and Mrs. Jerry Rush of Eston Rd.

Celebrating their 5th wedding anniversary September 21st will be Mr. and Mrs. Mick Monroe of M-15.

Mrs. Frank Corby of Felix Dr. has returned to work at Taylors 5 and 10 after being confined at Pontiac General Hospital where she underwent surgery last month.

D.A.R. Meeting

The September meeting of the General Richardson Chapter of the Daughters of the American Revolution was held Thursday, September 6 at the Sashabaw Ranch home of Mrs. Harry Bates. After a cooperative dinner Regent Mrs. Frank Allen called the meeting to order and asked Chaplain Miss Grace Clark for devotions and members for the flag salute and the Americans' Creed.

Mrs. Harry Chapman then introduced Mrs. Michael Sheridan as speaker. This lady gave a very interesting account of the week spent in study at the Higgins Lake State Conservation Camp and was sponsored by the local chapter of the D.A.R. Field delegates go for recreation, field trips, study and to acquire a better understanding of Michigan and her great and varied resources. Mrs. Sheridan is a second grade teacher in the Roosevelt School in W. Bloomfield Twp. She had many specimens and prepared facts pertinent to a many-sided great state that many persons don't know. She will share her acquired learning with her pupils and friends.

There are 36 million acres of land owned by Michigan and 3,000 miles of lake shore. Other interesting figures are that 44 million people live within a day's drive of the Straits and that there is no community in the state over 80 miles from one of the Great Lakes.

Soil and water are basic materials. A square foot of some Michigan soils may be dynamic in its ability to grow, for example fine potatoes as they do in Kalkaska county. Soils that get rain in many areas make a living thrilling world for farmers hunters, lumber men and sports loving people. On the other hand, the barren sandy dunes, burned over areas and misused lands can become tax reverted land. "too poor to raise a jug of whiskey." Other quotations from an instructor humorously said that "Ulcers are something you get while climbing over molehills," and that, "No one is as smart as all of us."

The minerals of Michigan are of such value that our standard

School Financing

From time to time questions are raised relative to the costs of operating schools and in particular, the cost of operation of your local schools. The following is an analysis and comparison of the Clarkston Schools in relation to all of the schools in the State of Michigan taken from data provided by the Research Division of the Michigan Education Association published June 1962.

There are 537 schools operating grades Kindergarten through the twelfth in the state and they vary in size from Detroit with 285,350 children to Beaver Island with an enrollment of only 54 children. Clarkston with an enrollment of 4,132 ranked 74th which is to say that there are 73 schools in the state with a larger enrollment than that of Clarkston.

In cost of operation the 537 schools vary in the amount of money spent per year per student for education from \$35.18 in the Mastodon school district to \$225.40 in the Leroy school district. Clarkston ranked 327th and spent a total of \$27.48 per student. Thus 326 school districts paid more of living is based upon them. The teacher dealt briefly too in Michigan's valuable water found in its rainfall, in its many, many lakes, streams and rivers. They, indeed make Michigan a Water Wonderland. But we have a growing problem in water pollution. At points where sewage enters some larger body there is the problem of accumulating detritus which do not break down, become absorbed or clear up.

In their field trips the students were ushered into the Dead Stream Swamp near Houghton which is full of birds. There are the least bittern, long-billed house wren, pie-billed grebe and the osprey. Leaders Reuben Waldo and Walter VanDeen told them that the chickadee and screech owl are the only birds native to Michigan. In the jack pine and aspen tree regions were also seen. They heard the prairie chicken, sharp tailed grouse, ruffed grouse, the bob-cat and snow shoe rabbit.

Mrs. Sheridan closed her talk with telling the practical knowledge gained in conserving the most valuable life—that of humans. One can learn of ways to prevent forest fires, how to revive a drowning person, and lessons on fire arms safety. The Red Cross will teach adults free about water safety in state conservation camps. Mr. Gordon Bates of Holly, Mich. and son of the D.A.R. hostesses also spoke to the members about the sons of the American Revolution. He is the state president of the S.A.R. and belongs to a Detroit Chapter. Mr. Bates said the objectives and principles are like those of the D.A.R. These are to teach, foster, inspire and promote the ideals and patriotic devotion to the good way of American life.

The business meeting dealt with planning a new year's work and starting the chapter's many activities. There will be a state district regional meeting in Royal Oak held September 26. Hostesses assisting Mrs. Bates today were Mrs. J. L. VanWagoner, chairman; Mrs. Ernest Wallace, Mrs. Fred Lee, Mrs. F. N. Hilton, Mrs. H. M. Hilton, Agnes Hilton, Mrs. Paul Osborne and Mrs. Earl McHugh.

per child for education and 210 schools paid less than Clarkston. It is of interest to note that of the 210 schools that spent less than Clarkston, the remainder are located in the out state area. Further that the 210 schools had a variation in cost of only \$2.80 per year per child while the 326 schools that paid more per year than Clarkston had a cost differential of \$477.70 per child. The basic cause of the wide variance in the amount spent in the various districts for Education can be traced to the taxable wealth of each local district. The taxable wealth per student in the different districts varies considerably. Riverview has \$4,173 dollars of taxable wealth back of each child in its district as compared to Forsyth the poorest district which has only 1,449 dollars of taxable wealth back of each child. The Clarkston Community Schools has a taxable wealth of only 6,759 dollars which can be analyzed this way. There are 455 school districts that are wealthier than Clarkston in the State of Michigan and only 82 districts that are less wealthy. A note of interest is that the average wealth per student for the State of Michigan is 15,000 dollars. Clarkston with a taxable wealth of 6,759 has less than fifty per cent of the average in taxable wealth from which to raise local funds for the operation of its schools.

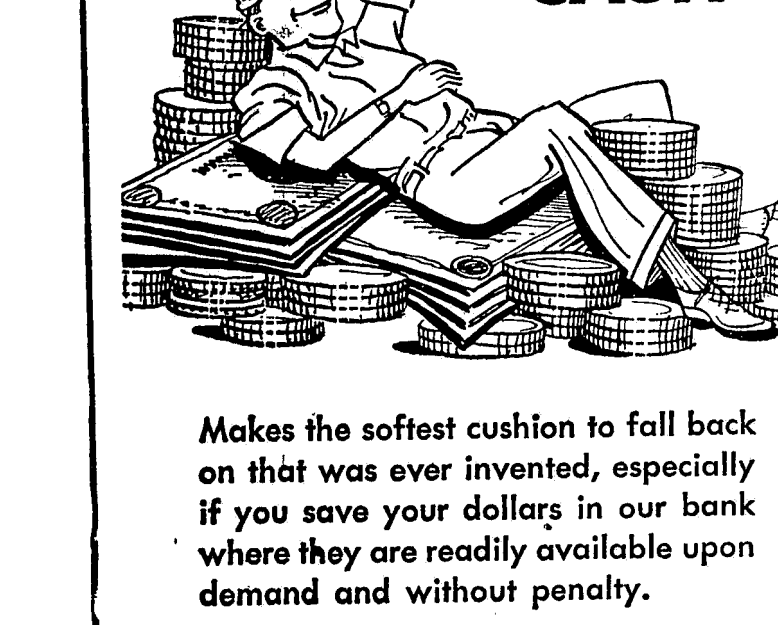

Translating the taxable wealth into dollars for school operation means that Riverview levying an operation tax of 11.43 per thousand would raise 619.19 dollars locally per year per child for Education in Riverview. Forsyth on the opposite end of the continuum levying a tax of 11.43 would be capable of raising only 16.56 locally per year per child. Clarkston with a similar tax levy of 11.43 is capable of raising only 77.25 in local taxes per child per year for operation purposes.

This existing inequality in taxable wealth causes individual school districts to vary widely in the tax levy that must be spread locally in order to support their schools. There are schools in Michigan spreading a local tax as high as \$1.00 a thousand for operation while others can and are spreading as little as 6.80. Ironically the districts that have the lowest assessments generally have the most money with which to operate their schools. For example East China in St. Clair County currently having the lowest tax levy (6.80) is spending 378.80 per pupil per year while Arcadia with a tax rate of 31.00 has only 291.12 per pupil per year expenditure for education. In order to clarify further the inequities that exist in the amount of monies that are available to schools in the State of Michigan. A simplified comparison of two existing situations are related here as they apply to a single to a single child in each of the districts.

District A
1. Taxable wealth \$50,000
2. Tax rate \$11.00
3. Local revenue \$550.00
4. State funds \$30.25
5. Available income per child per year \$508.25

District B
1. Taxable wealth \$4,000
2. Tax rate \$11.00
3. Local revenue \$44.00

HARD CASH

Member Federal Reserve System Member Federal Deposit Insurance Corporation
CLARKSTON, MICHIGAN

- 4. State funds \$208.50
- 5. Available income per child per year \$252.50

Some progress has been made at the state level in recent years to alleviate some of the financial inequities through revising of state aid formula. However until such time as the formula is completely revised and the inequities removed some school districts will be forced to tax themselves and truly struggle to maintain a sound education program while others with little local effort baffle in the lap of luxury.

The logical question then is why are not these inequities corrected. There are many reasons why they have not been alleviated to date. Each side has its defenders. There are those that can and do present sound logical arguments as to why the present formula for financing school operation is sound and equitable as well as those that staunchly and logically present arguments that it is unsound and inequitable.

The basic reason for the divided opinion stems from the single fact that supporters of one side of the question either live in or receive their electoral support from school district areas that have a per capita valuation greater than the state average. While the supporters of the opposite side live in or receive their electoral support from districts that have a per capita valuation of less than the state average.

Regardless of how the question is ultimately resolved the fact still remains that due to existing laws and distribution formulas some school districts through necessity make greater effort locally and have fewer dollars

CLARKSTON COMMUNITY SCHOOLS MENU FOR SEPT.

- Monday, September 24
Submarine sandwich, buttered corn, potato chips, tomato wedge, fruit, milk.
 - Tuesday, September 25
Tomato juice, beef stew and vegetables, lettuce salad, french bread and butter, gingerbread and whipped cream, milk.
 - Wednesday, September 26

JINGLE! JINGLE! JINGLE!
That's what this year's multi-million-dollar Michigan Bell payroll does to cash registers all over the state. We are the state's fourth largest employer (excepting government), and our employees spend most of their earnings right here at home. They buy all sorts of things vital to Michigan's economy: cars, food, homes, appliances, clothing, recreation—to mention just a few. Michigan Bell jobs help keep cash registers jingling all over the state, adding extra vigor to Michigan's growing economy.

THE COOK'S BEST FRIEND is her kitchen extension phone. When it rings she can answer right where she's cooking — avoid burned steaks and ruined sauces. Besides the convenience of a space-saving Princess or wall phone, the attractive color will add a bright note to any kitchen. The cost? Only pennies a day. Why not include a new extension phone in your Fix-Up-for-Fall program?

A YEAR ON THE PHONE! That does seem like a lot of time. But a recent survey shows that the average person spends 8,760 hours (or 365 days) of his life talking on the phone. When you consider how much longer it would take to do all the many things that need getting done day after day without your telephone, perhaps it doesn't seem so long, after all. Amazing, isn't it, the amount of time, money, inconvenience and worry the phone saves each of us over the years. Put yours to work for you often.

FIRST CHURCH OF CHRIST SCIENTIST
Oxford, Michigan
Sunday Service 11:00 A.M.
Sunday School 11:00 A.M.
What changing one's standpoint can mean in meeting today's challenges will be brought out at Christian Science church services Sunday.
"Love not the world, neither the things that are in the world" is the Golden Text from the Bible (1 John 2). It keynotes a Lesson-Sermon on the subject of "Matter."
One of the selections to be read from "Science and Health with Key to the Scriptures" by Mary Baker Eddy states: "When understanding changes the standpoints of life and intelligence from a material to a spiritual basis, we shall gain the reality of Life, the control of Soul over sense, and we shall perceive Christianity, or Truth, in its divine Principle" (p. 322).

Tough new '63 Chevrolet Trucks are here!

...THE ONES THAT WHIPPED THE BAJA RUN...TOUGHEST UNDER THE SUN...
TO SHOW THE WORTH OF NEW ENGINES, FRAMES AND SUSPENSIONS!

Round trip from Detroit to the end of the Baja Peninsula is over 8,000 miles.

Sometimes the caravan crept along for hours in low gear. It took 17 days to go 1,066 miles! This is the road near Loreto.

Millions of years ago nature fashioned a proving ground for trucks that man can never duplicate. Today it is known as the Baja (bah' hah) California Peninsula, Mexico.

These pictures give you only a bare idea of the place. The road is fine for 140 miles below the U.S. border. Then the beating begins. Rocks and hard-baked ruts bang, jab and jerk the trucks from stem to stern. Loose sand makes them struggle and strain. Dust chokes them. Heat roasts them. Rivers drench them.

The Baja Run took this Chevrolet truck caravan 17 days to go the 1,066 miles.

All the trucks performed magnificently. Not one was forced to drop out because of mechanical difficulty.

Trucks that can take this kind of beating can take on your toughest truck jobs. Come in now and see tough quality-built '63 Chevrolet trucks with all their new improvements.

See the "New Reliabilities" now at your Chevrolet dealer's!

RECIPES BOOK TO BE PUBLISHED

The Mary Circle of the W.S.-C.S. met at 9:30 Monday morning at the new Methodist Church to plan for publication of the recipe book "Cooks of Clarkston".

HARVEST DINNER POSTPONED

The Mary Circle of the W.S.C.S. postponed their plans for a Harvest Dinner on September 21st indefinitely.

ALPHA DELTA KAPPA

Epsilon Chapter, Alpha Delta Kappa Sorority met at the home of Mrs. Lewis Cornell, Landsdown Drive, Waterford Township on Thursday, September 6th. Cohostess with Mrs. Cornell was Mrs. Lola Sandage.

The president, Mrs. John Landon, presided at the business meeting which followed a delicious cooperative dinner. Plans were completed for the founders' day dinner to be held October 4th at Devon Gables in Bloomfield Hills.

Reservations were taken for the members planning to attend the state convention to be held September 22nd at Executive Inn, Warren, Michigan.

Guests attending the September dinner were Mrs. Alice Benson, Mrs. Freeman Stuart, Mrs. Etta Leech, and Mrs. Lola McCune.

TEENAGERS NEEDED IN CAP

The Clarkson Civil Air Patrol will meet at the Junior High School every Wednesday night from 7:30 to 9:30 pm.

The purpose of the C.A.P. is to help the Air Force in time of disaster.

The C.A.P. is lots of fun. For example, August 25 and 26 we went on a camp out. We played lots of games such as baseball, football and lots more. The boys slept in tents and us girls slept

in the back of the station wagon.

Girls as well as boys are invited to join. You have to be at least 14 years old or in the 9th grade. If you are interested in the C.A.P. come to one of the meetings at the Junior High School.

Written by Barb Kirchoff

WCSO HOLDS FIRST FALL MEETING

The Woman's Society of Christian Service of the First Methodist Church, Clarkston, will hold their first fall meeting Sept. 26 at 10:00 a.m. at the church. Coffee will be served and an interesting program is planned by the program chairman, Mrs. Maude Riley. The theme is centered around the church school and our youth. There will be a favorite hymn sing and a "get acquainted"

ed" program.

The nursery will be open. Everyone is invited to come, join, and get acquainted. The meeting will adjourn at noon. Transportation will be provided by calling MApple 5-6631.

ANDERSONVILLE SCHOOL P.T.A.

The Andersonville School P-TA will hold its first meeting of the year on September 20th at 8 p.m. There will be two guest speakers Mr. Floyd Vincent and Mr. George Berry who are Administrator assistants with the Clarkston school system. There will be open house after the meeting with refreshments being served by the P-TA.

FORGET ME NOT

Remember.....to tie that little string around your finger.....so you'll remember not to forget to save "stuff" for the Clarkston Farm and Garden Club's Annual Rummage Sale. It will be on the 12th and 13th of October... REMEMBER.

SPORTS CORNER

by Jarring Jack

Wolves Loose Opener 19 - 7
Clarkston's 1962 football season got under way last Friday with the Wolves kicking off to Oxford. Nine plays later, Cork Sandor plunged over the line to score for Oxford. Clarkston came right back with a tally after a couple of fine runs by Dan Jenks and Randy Armstrong.

After Clarkston scored, Oxford received the ball and fumbled on the first play, with Clarkston recovering. The Wolves failed to move the ball and punted on fourth down. The ball landed in Cork Sandor's arms and he marched 70 yards to score again for Oxford. The Wolves made three plays as the half ended.

At the start of the third quarter Oxford kicked off to Clarkston, but the Wolves lost the ball on downs. Oxford seemed to have the same trouble until late in the third quarter Oxford's Barry Wheeler found an opening and broke around end to score. That was all of the scoring for the night, even though Clarkston

did move the ball down to the six yard line, but they were forced back with penalties. Final score, Clarkston 7, Oxford 19.

LEAGUE PLAY STARTS TOMORROW AFTERNOON

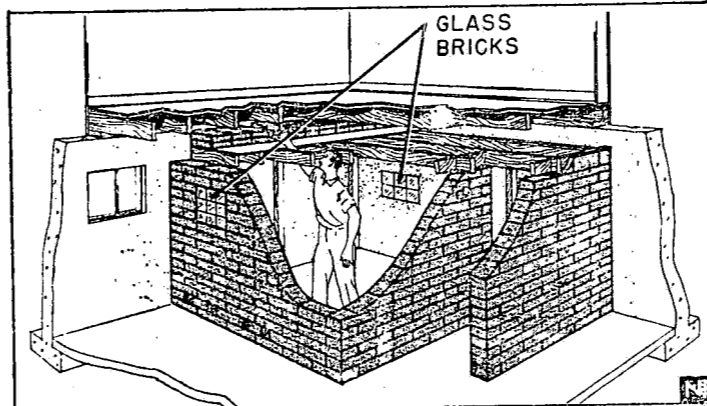

Clarkston travels to Bloomfield Hills tomorrow afternoon at 3:30 to open the W-O play. The Barons are the favorites mainly because of their fine running back, Roger Stewart and the look of experience on the Wolves defense.

If the Wolves can stop Stewart, the Barons may be in for trouble. Bloomfield Hills is rated a W-O power this year, but without an experienced quarter back they may fall short of their expectations.

THIS WEEK'S ACTION

Bloomfield Hills over Clarkston — 34-12.
Northville over Clarenceville — 27-14.
Milford over Brighton — 14-6.
West Bloomfield Over Holly — 20-12.

Glass Brick Admits Light to Fallout Shelters

A major psychological objection to fallout shelters is the cave-like atmosphere created by the absence of natural daylight.

Now this problem may be solved by the installation of solid glass bricks that transmit light while affording full protection against radiation.

These bricks have a density — 149 pounds per cubic foot — equal to that of solid concrete. Density, or mass, is a key factor in stopping deadly gamma rays.

The Office of Civil Defense advises that the bricks meet the requirements for use in fallout shelters when substituted for concrete on an inch-for-inch thickness basis. In practice, the bricks would be installed back to back in a wall as a frameless window. Three layers of 2-inch thick brick — 9 inches of solid glass — would give the same protection as 9 inches of concrete

and still transmit 54 per cent of the available light. This is more light than is transmitted through a quarter-inch of the glare-reducing glass often used in modern office buildings.

According to Civil Defense authorities, light is one of the most important requisites for shelter living, ranking immediately after the absolute necessities of air, water and food.

With adequate thicknesses of solid glass bricks, enough light still would reach the interior of the shelter to allow the performance of certain tasks and ease the strain of limited battery-powered light sources. But of even greater importance would be the higher morale of those in the shelter as the result of the outside light and partial visibility.

Produced by Pittsburgh Corning Corporation, the bricks come in two sizes: 5 inches square by 2-5/8 inches thick and 8 inches square by 3 inches thick.
