"The Caine Mutiny Court-Martial" This Week-end

Standing: Bob Vackaro, Vern Vackaro, Bob Russell, Al Pavlish, Al Levy, John Johns
Seated: Leroy Conley, Howard Heitzig, Jack McCaffrey and Don Dryden

The Lakeland Players will present the Court Martial proceedings against a young, upright lieutenant who relieved his captain of command in the midst of a harrowing typhoon on the grounds that the captain was psychopathic in the crisis, and directing the ship and its crew to its destruction. "The Caine Mutiny Court-Martial" will be presented this Friday and Saturday at the C.A.I. Building in Waterford. Curtain time will be

8:30 p.m. Under the direction of Pat Hott, the play promises to keep you on the edge of your seat. The odds and naval tradition are against the lieutenant and his decision. But as the witnesses and events, some serious, some unwittingly comic, cross the scene of the trial, the weakness in the character of the captain is slowly revealed in a devastating picture of disintegration.

tiac have been selected for this year's study trip.

Mr. John Miller, greater Pontiac YMCA youth director remarked: "Many boys have been availed of a fine learning experience in the fifteen years this special program has been in operation. I attribute much of the success to its originator, Mr. Walter Van Hinc, associate executive secretary of the Detroit Fisher YMCA, and to the intense screening process for each delegate. Mr. Berg was impressed with requirements each boy must meet in addition to having an academic rating of not less than a B average."

Another Day

In the 1880's before the turn of the century, the most important day of the week for Clarkston merchants was Saturday. The village was the trading center for miles of outlying farms, and people came in wagons and carriages or sleighs in the winter, to do their shopping, have their farm equipment repaired at the blacksmith shops, their shoes cobbled, or cattered down the wooden sidewalks to make a visit to the doctor if necessary. It took a bit of doing to get their illness to coincide with Saturdays, but Saturdays and Wednesdays were the only days of the week that Clarkston doctor's kept office hours. The rest of the time, from early morning to late at night, the doctor's made their rounds of house calls.

The drug stores, which were often run in conjunction with grocery stores, were busy places. Druggists were almost as scarce as doctors and some of our earliest ones filled prescriptions for patients by mail order, and dispensed medicine for the farm animals as well. In the days before man made miracle drugs, the prescription record books held remedies that called for things like tansy, gentian, blood root and unicorn. When the population increased to the point where these herbs could not be supplied by individuals living in the vicinity, they were ordered from drug houses in Detroit and Chicago, and came by rail to the Clarkston depot where station wagons brought them over the dirt roads into the village. It was a great day for patent medicines and the storekeepers lined their shelves with bottles bearing names like Baxter's Bitters, and Piso Consumption Cure. There were no restrictions on the use of narcotics, no records needed to be kept and it was so easy to obtain these drugs that except for the restraint of individual doctors, addicts. Patent medicines not only often contained some of these powerful drugs, but to the dis-

gust of many conscientious doctors, promised cures for diseases which at that time had no cure. On the back of one handbill advertising a concoction that promised to cure consumption in its early stages, Doctor Robertson tongue in cheek, wrote his own prescriptions.

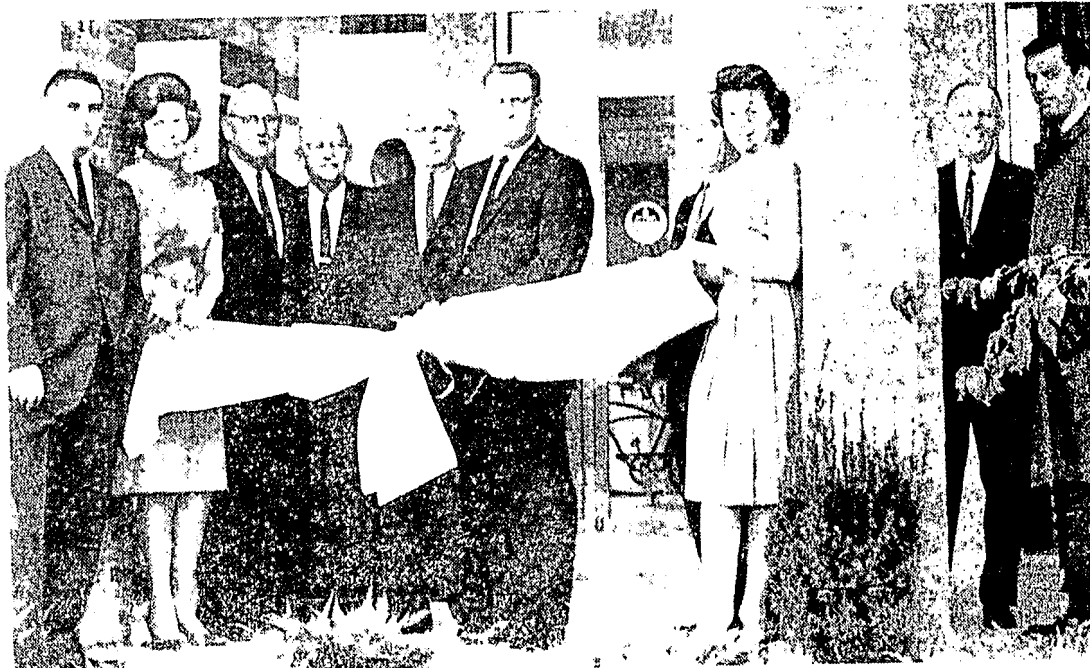

The Prohibition Party had some of its staunchest advocates in Clarkston. Decent people didn't drink liquor for pleasure but when it was needed for medicinal purposes -- Well, there was a remedy, dated in 1885 and put up by an early Clarkston druggist, Charlie Smith, that was used to dose entire families and which read: chop 2 lbs. lean beef, add one quart of fine whiskey and let stand for 24 hours. Strained, the remaining liquid was mixed with sugar, horehound and glycerine. There's no word on how quick'y it cured, but it was popular!

It was a day of plank sidewalks and dirt roads and a much slower pace then we have today. At night the town was illuminated by oil lamps, which stood about five feet high and were placed at intervals down Main Street. Every morning, a lamplighter, as signed by the Township Board, made the rounds, cleaning the wicks and putting in a fresh supply of oil. These were lit on Saturday nights always, for the benefit of stragling shoppers, but during the week, if the moon was bright, the lamplighter stayed home. After all, no one stayed out very long after dark.

Our thanks to Mr. Keith Hallman of O'Dell's Drugs for letting us browse thru the old, old drug records; and to Mr. Guy Walters, who about 60 years ago owned one of the earlier drug stores in Clarkston in the location now occupied by the Clarkston bakery. Mr. Walters was also one of the lamplighters.

Due to lack of space corresponding picture will appear in next weeks paper.

THE WAR WITH CUBA

by Jerry Foust
Editor's Note—The following is written using current song titles.
A little while ago we were playing "Hide and Go Seek" with Cuba; but to us any more they're just an ole "Alley Cat". We

used to think we were right "Next Door to an Angle" but they have turned out to be another "Casanova Brown."
I guess if I ran out of ammunition and guns, and "If I had a Hammer", I'd still fight that "Mama's Boy", Castro. He'll probably be doing the "Hully, Gully Baby" when we bomb him. He wouldn't have time to have "Heartaches."

Kennedy's probably asking himself right now "What kind of Love Is This?" But what else is there to think. After we bomb Cuba, we'll have Russia on our hands, but "That's Life". "That Stranger" Krushiev will be singing "All Alone Am I" when Cuba is gone.

If Kennedy would call Russia and "If a Man Answers", we would have started World War III.

After the war we'll be going "Mind over Matter" to build up a "New Nation". That's if we're still alive. But after that's through we'll be going to look for "Gina", "Susan" and a lot of other girls for our boys, and it will be worth it because then

we can be "Lovers by Night" again.

One of the best History and Geography teachers in the Junior High is Mr. Cox.

Mr. Cox was born and raised in Lansing, Michigan. He went to Lansing Eastern High School. He also went to Central Michigan University and M.S.U. He graduated from Central Michigan in June 1961.

During the summer he teaches summer school. He has a Masters Degree from M.S.U.

Most people like Mr. Cox even though he teases them a lot and when he gets a hold of your notes, watch out!

minister them -- realize how important they are to you. The cars that have gone into their preparation and the procedure for scoring and reporting scores guarantee you examinations that are as fair and reliable as can be made.

If a student is planning to attend Albion, Hope, Kalamazoo, Un. of Michigan or Calvin College. He must take one or more of the College Board Examinations.

Contact the high school counselors for information regarding the testing centers and dates regarding these examinations.

IS IT POSSIBLE TO SUBMIT COLLEGE APPLICATION DURING THE JUNIOR YEAR?

(The early decision plan)
There are some colleges in Michigan that will accept applications during the student's junior year. Some colleges will accept applications upon completion of the junior year. Wayne State University for example states: "We will begin accepting applications from any student who have entered the 12th grade and we will grant a tentative admission to those who have the recommendation of the principal and a cumulative "B" average in the academic areas and those special courses most directly related to the student's scholastic adjective."
NEXT WEEKS ARTICLE WILL DISCUSS "HIGH SCHOOL STUDENTS GOING STEADY."

Mr. William Blimka of Drayton Plains celebrated his 89th birthday this past week. Congratulations Mr. Blimka.

St. Stephen's Lutheran Church of Drayton Plains held a Pot Luck Dinner, Sunday following services. The dinner was in honor of the 6th anniversary of the dedication of the church. Guest speaker was Pastor Heinku. Mr. Robert Hillstead was chairman; Mr. Keith Humbert, master of ceremony; Mrs. Inez Hubert, kitchen chairman; Mrs. Frederick Dyke dining room chairman; Mrs. Marietta Jones, clean-up chairman. The Walther Guild helped serve.

Something to Ponder:
"Hereditry determines the color of her eyes but environment is what lights them up"
"If she won't look by the second whistle, she probably is too hard of hearing to be much fun, anyhow."

DON'T PUSH THE PANIC BUTTON

There are many colleges in Michigan and throughout the United States that are not crowded. These are accredited schools offering degree programs and should be investigated. It is wise to visit some of these schools during summer vacation. The counselors will be happy to present you with a list of colleges in Michigan that are in need of students.

In some cases it is wise for a senior to apply to more than one college, but it is most important, to be sure your child is prepared academically to pursue education beyond high school.

What Is The College Entrance Examination Board?
The college Entrance Examination Board is a nonprofit membership association composed of college and school representatives. Its service and research activities all relate to the field of college admissions, and are designed by its members to help students, schools, and colleges to cope with some of the problems in this field.

Perhaps the Board's best-known activity is its program of college entrance tests required by many colleges as part of their admissions procedure and by sponsors of some scholarship programs. These examinations are prepared by College Board committees of school and college teachers with the assistance of the professional staff of Educational Testing Service. The tests are administered for the College Board by Educational Testing Service on scheduled dates during the year at some 1,700 test centers all over the world.

JEHOVAH WITNESSES
The Pontiac North Congregation of Jehovah's Witnesses joined with 18 neighboring congregations in a semi-annual assembly held at Madison Heights, Michigan this past week end, according to Mr. Joseph LaBarge, local presiding minister.

Mr. Nicholas Kovalak, Jr., Watchtower official from the world headquarters of Jehovah's Witnesses declared to the 1522 present, "The greatest problem facing mankind today is survival."

In continuing his theme of "The Bible's Answer to Our Problem of Survival", he added, "The Problem of survival confronts all of mankind. Man-made threats like a nuclear war, CBR warfare, atomic fallout and population explosion, remind one of the grim survival problem."

"Men turn everywhere", said Kovalak, "to find the answer to our problem of survival without success. But God's Word, the Bible, alone has the answer. Read it! Study it! And apply it to your problem of survival."

The Pontiac North congregation meets five times weekly at King-dom Hall, 4400 W. Walton Boulevard.

Flu Outbreak Expected This Winter

There are strong indications that an epidemic of Asian flu will occur in the United States in the winter of 1962-63. A large number of cases of the disease appeared in Asia last January and has been slowly making its way around the globe.

Just how serious the outbreak will be no one can predict. But at any rate we are well braced. Physicians have been alerted, public health programs outlined and stocks of anti-influenza vaccine built up. In fact, because of the vaccine, American Medical Association leaders think the disease may not be as widespread or devastating this winter as the epidemic of 1957-58.

In the average healthy person Asian flu means four or five days of weakness and misery, just like any other type of flu. But in older people and those with certain chronic disease the flu virus can be deadly. In the five years since Asian flu first appeared in America it has contributed to the deaths of 90,000 Americans. The flu itself usually is not a killer but it weakens the body's defenses against other diseases.

Those with diabetes and with chronic heart, circulatory and kidney diseases are particularly vulnerable. More than half the

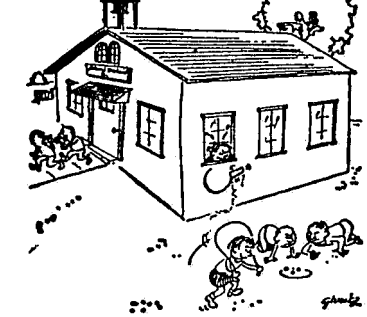

deaths in previous epidemics were in people with these conditions. Pneumonia also moves in on the heels of influenza frequently.

Those with pulmonary tuberculosis, chronic asthma, chronic bronchitis and other ailments of the lungs and air passages also are particularly endangered by Asian flu.

There is no cure for Asian flu once the disease takes hold. But it can be prevented in many instances by the flu vaccine. Everyone over the age of 45 years needs the vaccine, and particularly is it important to those past 65 years.

It's not safe to depend on vaccine shots from past years and previous cases of the disease do not confer immunity. If you and your family haven't had your flu shots, see your doctor right away and start the immunization procedure.

My Neighbors

Who Do You Trust?

A few unscrupulous sellers of home improvements and major appliances are currently reported to be obtaining mortgages upon the homes of their customers by glib double-talk and some fast shuffling of carbon paper.

One such operation involving a large number of citizen complaints features confusion, bewilderment and astonishment on the part of the buyer when he is finally confronted with a recorded mortgage and tough collection policies. The amount collected is often several hundred dollars more than the price he thought he was paying. When making statements regarding the signing of the various papers, including the mortgage, the victims all say the same thing: "The salesman told me it was a trust deed, not a mortgage." "What's a trust deed?" one customer inquired. "Well, it means I trust you; you trust me," answered the salesman.

Be warned that a trust deed is a mortgage, and that no papers should be signed obligating you for large sums of money until your attorney has reviewed them to be sure that you are not obligating yourself to pay more than you agreed, or that you are mortgaging your home without intending to do so. Be careful whom you trust! Most of these salesmen are honest. You should be on the alert for the few that are not.

A day we pause in memory of those men and women who have contributed so much to the greatness of our nation and a day to honor those who defend it.

We will transact no business, Veterans Day, Monday, November 12th

Disappointment seemed to be par for the course last Friday. West Bloomfield and Bloomfield Hills ended up in a 19-19 tie, giving them both a share of the title. Holly suffered a 40-19 beating after being favored to win. Clarenceville completed a winless season by being slammed into the ground by Brighton 40-12. At Clarkston the Wolves ended the season on a sour note!!!

the night, leaving the Wolves at a hopeless 60-6. Joe Hay lead the Northville scoring attack with 23 points and Tom Swiss picked up 12 for the mustangs.

Dan Craven and Norm Olafsson broke up the mustangs shut out hopes with just 32 seconds left to play the game. Olafsson picked off Cravens pass and went over
