tor radio, several gift certificates, as well as a new full length evening gown to wear in the State finals compliments of the Jaycees. ### "BOBBINS" FROM BOB

There must be an easier way to make a living then sitting around on housetops, don't you think so Howard?

Friends of Terry Thomas will be pleased to know that Terry was guest speaker at "Back To School Night" held last Wednesday evening at Our Lady of The Lakes School in Waterford. Comments from various sources confirm the report that Terry made an outstanding contribution to a very successful and well attended program.

Not without humor Terry used a direct and firm approach to several subjects — "dropouts", "going steady", "broken homes" and other such topics which have and which will continue to confront and test the abilities of the teachers, parents and teen age students.

Terry is the editor of the "Guidance Corner" appearing occasionally in this paper.

I believe that the teaching and Guidance Staff of our school system could stand more teachers of this caliber.

Well, winter is here, the mice are back in the shop, and unless the three of us, me-mysel-and I, find a way to do away with these furry friends, I'm afraid we'll loose our best help, my wife (I have to tell her that). Even though I had a heart to heart talk with these furry friends the other day, one had to ruin it all by running across her foot!

Talk about confused! Mrs. Vern Hewett reports a rose bush in her yard on Hadley Road with one rose in bloom and two buds. Goes to show this mild weather affects even the plant life in strange ways.

### GERTRUDE ATKINS CIRCLE

**Guidance Corner**

Test results should only be used as part of a total picture. When one uses test scores they should review all other known information about the student. A test is a tool of education which can be constructive or destructive. They can be effective tools of guidance if used by qualified personnel. If used by unqualified personnel they can be weapons of destruction.

The following tests are available to the students of Clarkston High School.

**Grade Nine**

1. **The Differential Aptitude Test**—Given during the school day. An aptitude may be regarded as potentialities which can be trained into special skills. For example, clerical aptitude may be a potentiality which can be trained to do bookkeeping, accounting or filing.

2. **The Kuder Interest Inventory**—Given during the regular school day. This test is used by the student to assist him in vocational planning. It helps identify the interest of a student. The counselor must interpret interest data with the greatest possible

care and thoughtfulness.

3. **The National Education Development Test**—This test is given on Saturday during the month of March. We offer this test to all ninth graders, however, the students do not have to take it. This test covers the areas of English, mathematics, social studies, science and vocabulary. It helps a student to evaluate himself in terms of his educational weaknesses and strengths.

**Grade Ten**

1. **The Large Thorndike Intelligence Test**—Given during the regular school day. This test provides the counselors with two scores. A verbal and a non-verbal score. It provides the counselors with additional information in regard to a student's potential. It can help to explain some of the difficulties the student is having in school.

2. **The National Education Development Test**—Given on Saturday during the month of March. This is the same test the ninth graders take, only at an advanced level.

**Grade Eleven**

1. **The Preliminary Scholastic Aptitude Test**—Given on Saturday during the month of October. These scores represent a measure of two kinds of scholastic ability—verbal and mathematical. If a student is thinking about going to college, he can use his PSAT scores to compare his verbal and mathematical abilities with those of other students in the same grade across the country. A number of scholarship sponsors use PSAT scores in the consideration of applicants for awards.

2. **The National Merit Scholarship Qualifying Test**—This test is given on Saturday during the month of March. This test consists of five parts: English, Mathematics, Social Studies, Reading, Word Usage.

The National Merit Scholarship Corporation was organized to facilitate the awarding of college scholarships on a national basis. Monies are provided by industries, foundations, and other organizations. Some Michigan colleges and universities require for their own scholarship programs, the submission of the results from this test.

**Grade Twelve**

1. **College Entrance Examination Board**—Given on several different dates throughout the year. This examination is not given at Clarkston High School, but is offered through testing centers throughout the state. The results of this test must be submitted to some colleges or universities before the student can be admitted. The counselors have a list of the colleges and universities that require this examination.

Parents are welcome to visit with the counselors to discuss any tests which their children may have taken in high school. Call MAple 5-5841 for an appointment.

**Another Day**

**Early Clarkston History**

By Connie Lektzian

"Michigan is completely unfit for farming, and in fact, it is so full of bogs and swamps that it is even doubtful if it can be considered fit for habitation". With these doleful words, the surveyors that had been sent out by the Federal government killed part of a grant made for the American soldiers who had been engaged in wars with Great Britain. Two million acres of Michigan Territory had been set aside in 1812 for the soldiers, but after these glum reports, the government turned its attention to finding land elsewhere to give out as bonuses. Fortunately, not everyone accepted the surveyors' opinions and enough brave souls came this way so that by 1839 nearly all of the public land was taken up.

Our township was organized in 1836 and named Independence

and it wasn't. William Danie's, a penniless Welshman, split 14,000 rais in one season to help pay for his farm stock and equipment. One family from England lived on potatoes for three weeks, potatoes at every meal, but as they said, they had gone hungry in England, and over here, no matter what they had to eat, they still owned their land. Linus Jaycox built the first house in the vicinity of Sashabaw Plains, a cedar pole shanty, and he came close to being the first hotel keeper in the township, for almost every family that came lived in that shanty while their own cabin was being built.

Widely scattered and with the most meager resources these pioneers early began to organize churches and meeting places where they could gather. The Methodist circuit riders were a blessing to these people and as early as 1843, they held classes. The Baptists had their first meeting in a schoolhouse in 1843 in the village.

by a homesick Joseph VanSycle, who had emigrated to Michigan from a town of that name in New Jersey. It wasn't until the following year, in April, that they got around to having a township meeting. Having rattled over corduroy roads and labored thru muddy wagon tracks to get to the meeting, the board solemnly appointed a Commissioner of Highways. Not until the 1890's did a Commissioner have anything

By 1840, this area was called Clarkston but it wasn't until 1842 that the Clark brothers platted a tract of land for the village. Until 1877 there was neither village nor organized settlement in the township.

No pioneer who came to this area expected living to be easy,

and with the farmers, came storekeepers and merchants and soon the village was a thriving center. In the picture above, the store to the right was one of the early drugstores owned by a Mr. Charlie Smith, and the spot is now the location of the Masonic Hall.

**Old Bridges To Be Replaced**

The Board of County Road Commissioners of the County of Oakland announced that they have made application for matching funds from the Housing and Community Facilities Administration, Home Financing Agency Commission as a part of the accelerated Public Works Agency.

The Federal grant requested is in the amount of \$212,100. It is proposed that this amount, together with County Road Funds in the amount of \$232,100, would be used to finance ten projects, the estimated cost of which amounts to the sum of \$444,200.

These ten projects consist of the replacement of ten outmoded and potentially dangerous one-way bridges located on local roads in various parts of the county. Duo to the existing State law which requires matching on local road construction projects and the extreme limitation of funds for all local road purposes; these bridges represent projects which could not otherwise be financed from funds available.

Among the bridges to be replaced will be the ones on Bridge Lake Road, 0.3 mile east of U.S. 10, and Pontiac Lake Road, 0.2 mile east of Airport Road.

## NEARING THE "HOME STRETCH"

With the crack of the referee's pistol, the Yale mile began. At the first turn, an unknown runner was knocked down. He was badly skinned and cut. As he rose to his feet, everyone was surprised to see him begin to run again. With pain plainly showing in his eyes, he began to give the race something he had. Slowly, the passing runners. Each was giving his best. Still, he was suffering, with only ten yards to go, he moved into first place. As he crossed the finish line, a mighty yell went up. The unexpected had happened—a "nobody" had won the Yale mile.

The unknown runner, whom no one had expected to win, won because he had determination and perseverance. His desire to win was foremost in his mind, and it gave him the additional strength he needed.

A person who really desires to be a Christian will stay in the race and run in spite of every discouragement and trial. Living a Christian life isn't easy, but it brings a deep peace and contentment that only Christ can give. He fills the emptiness and gives abundant life. Christ gives

strength and courage as He guides us day by day.

Jude 3 says that we should "earnestly contend for the faith." We can never be successful trying to get by with a minimum of consecration. It takes everything we have. With our hearts centered on God in wholehearted consecration, we will be winners in this heavenly race.

We're very near the end of our race here on earth. In fact, we're in the "home stretch" of the last lap.

Jesus is coming soon! Will you be ready to meet Him? If you do not know Him as your personal Saviour, accept Him now. You, too, will know the happiness and joy of being a child of God. There is great satisfaction in knowing you are on the winning team and that you have a wonderful coach like Jesus Christ.

He is by your side now. Put your hand in His and let Him show you the way. By putting your faith and trust in God and pressing ever onward, the heavenly race will be won. Victory will be yours.

Excelsior  
Excelsior means higher  
As onward and upward we go.  
To join that heavenly choir  
More faith and love we must show  
To rise above out station  
Down here below on earth,  
We must build a new foundation;  
We must welcome a second birth.  
We must accept our Savior  
And also our Father's will  
Our Father in heaven we must adore;  
His plans we must fulfill.  
One God, one Son, one Spirit,  
Each in His way does inspire  
All Christians who would merit  
His love by going higher.

**The Book Nook**

This article written by Mrs. Mel Vaara.

Seldom have I read a book that I care to recommend to all friends, relatives and acquaintances with no reservations. I have found such a book to be Catherine Marshall's "Beyond Our Selves."

Catherine Marshall begins her book with the statements "If you are satisfied with your life and feel no need for any help outside yourself, this book is not for you. The search for God begins at the point of need." I would like to go one step further and say, whether man will accept the fact or not, man does need to come to a relationship with God in order to have a complete, fulfilled life of commitment to something greater than himself--something "beyond our selves."

It is no accident that millions of words have been written about "man's quest for God;" the quote from Saint Augustine "Thou has put salt in our mouths that we may thirst for Thee" is familiar to many people.

"Beyond Our Selves" attempts to answer the needs of anyone who is searching for a more meaningful life, a more direct relationship with God.

Catherine Marshall writes that when illness confined her to bed for a length of time, certain urgent questions came to her such as "(1) Is it really possible for us to get in touch with the God who created our world? (2) Why does God allow evil, if He has the power to destroy it? (3) Can God heal where Medicine fails? (4) Can prayer affect the outward circumstances of our lives? (5) Does God guide people today?" She goes on to say "The search for the answer to these questions has brought adventure beyond anything I could have imagined. Beyond Our Selves is the story of that search."

It is impossible to share all of the wisdom of this book in one article. However, I would like to share with you some thought of this author on faith.

"Much of my own problem with faith arose from an early misunderstanding of what faith is... I used to believe that faith had something to do with feeling... now I realize how foolish it is to rely on feelings when those feelings obviously have no bearing on the facts... Another misconception was that faith is trying to believe something one is fairly certain is not true... But faith is not hocus pocus, opposed to knowledge and reality. In fact faith does not go against experience at all; rather it appeals to experience, just as science does. The difference is that it appeals to experience in a realm where our 5 senses are not supreme rulers. Nor faith simply believing

Now that fall is here, indoor living is with us again and thoughts turn to redecorating the house.

Here are five suggestions for inexpensive, small-scale refurbishing which will give a new look to your summer-lonely home.

1. Make color the key to a bright new look. Get out the paintbrush and color chart. Paint an old chair or chest in a dramatic accent color and add some unusual hardware. If you have tired ladderback chairs, paint each a different color.

2. Add a few gaily colored towels to your bathroom supply. Coordinate with a new shower curtain, rug or smaller items. Make sure your purchases are vat dyed for colorfastness. Little touches in the littlest room in the house can make all the other rooms seem fresh, too.

3. Give the beds a new look. For each bedroom, buy at least one set of sheets and pillowcases in solid colors, stripes or floral patterns. Color-fast linens can be washed right along with white, so they are practical as well as pretty.

4. Decorate the master bedroom with versatile colored sheets. For example: Have a striped sheet do double duty as top sheet and bedspread—accompany it with mix or match pillow cases. Make sprightly cafe curtains, dust ruffles, dressing table skirts from contrasting or matching sheets.

5. Cover dining room chairs with bold patterned upholstery fabric in colorfast, textured cotton.

Friends got together last Saturday evening at the home of the Jacob Drakes of Snowapple Drive, to welcome Mrs. Elwood Seaman as a new American. Attending the surprise affair arranged by Mrs. Keech and Mrs. Drake were Mr. and Mrs. Francis Keech, Mr. and Mrs. Clarence Ingersoll, the James Leavers, the Richard Svetkoffs, Mr. and Mrs. Warren Navarre, all of Clarkston, and Mr. and Mrs. William Cross of Waterford.

Mr. and Mrs. Edward Keeley of Waldon Road will observe their 44th wedding anniversary December 8th.

Mark Warren of Snowapple Drive celebrated his 8th birthday November 27. Last Saturday Mark hosted a party for 10 boy friends.

Mr. and Mrs. Keith Hallman of Overlook marked December 4th as their 19th wedding anniversary.

Open house, in honor of newly weds, Mr. and Mrs. Claude Pierson, was hosted by his parents, the Silas Sadlers' at their N. Holcomb Road home last Sunday afternoon. Some One hundred guests attended.

Mr. Clayton Frick Sr. of M-15 and son Donald, of Flint, flew by jet to Chicago last week on business. While there they were able to visit some of the interesting places in that area. Donald is president of Better Lites Inc. in Flint.

Mr. and Mrs. Floyd Rickett of Brighton were week-end guests of Mr. and Mrs. Russell Blackett. Mrs. Rickett is Mrs. Blackett's cousin. The Rickett's made the trip to attend the marriage of the Blackett's son, Larry.

## Ortonville 1904

All of you who yearn for the "good old days" or who just want to know what Ortonville really was like fifty years ago, should read the July 8, 1904 issue of the Ortonville Hustler, Editor, William B. MacCloy.

Recently, when the old Oakland County Courthouse Building in Pontiac was torn down, this particular copy of the newspaper was found in the cornerstone of the building. It was presented to Supervisor Alex Solley by Oakland County Clerk, Daniel T. Murphy. Mr. Solley had two pages of the paper photostated and it is now in the custody of Marilyn Featherston at her Village Dry Goods store.

Just step back fifty years and we find that business in Ortonville is thriving. W. C. Clark sells "Anything in the Furniture Line"; Sweets and Proffrock advertise everything from groceries to corset covers; F. D. Brigham carries in stock "Strictly Pure Paris Green" also "Paints, Drugs, Medicine and Stationery".

Robert Skinner, Dealer in General Merchandise has "A full and fresh line of fancy and staple groceries always on hand". Canned goods for a picnic or fishing luncheon are supplied by E. W. Seranton.

You, perhaps, feel a little queasy from an overdose of that "Strictly Pure Paris Green" or all those fancy eatables? — Well, Dr. M. J. Uloth, Dr. William Aitchison and Dr. Earl B. Guile all assure you "Calls Night and Day Promptly Attended To."

Harness, whips and saddles are manufactured and repaired by H. R. Jones. W. L. Guiles will respectfully plane moulding, saw logs, or dry lumber. Bert Guiles,

## Happy News And Views

At my mailbox, the mailman stopped.

And into it, a paper he popped; A paper which was full of news Of local interest and other views. These printed sheets are what we need

To tell the public of local deeds; Of things that are being done By one, or two, or everyone. I truly hope that this will be A great success, then we can see The news in print, of what people do

Which is of interest to me and you.

## Christmas Party By Vets Auxiliary

Members of the Ortonville Veterans' Auxiliary and their families will hold their annual Christmas party on December 9th at the Veteran's Hall on Varsity Drive.

There will be a co-operative dinner about two p.m. with the meat and rolls being furnished by the Club.

Gifts are planned for the children rather than a gift exchange, but the women have chosen to present a gift to the Lapeer for adults.

The after-dinner program will be arranged and presented by the children of the members.

## FB Women Tour Court House

Mrs. Stewart Owen of Mill Street represented the Ortonville Farm Bureau at the meeting of the Oakland County Farm Bureau Women's Committee held at the new courthouse in Pontiac on Tuesday, December 4th.

The program, which began at 10:30 a.m. included the meeting children's home.

Ten Christmas boxes prepared by the women were presented to male patients at the Oakland County Infirmary.

## Businessmen Double As Musicians

Every week Robert Button, general insurance agent of Ortonville and his brother, Donad Button, State Farm representative, do a quick-change act, putting aside their business details to rehearse with the Pontiac Symphony Orchestra of which they are both members. Bob plays first violin, while Don is a first French horn player.

Last week the orchestra under the direction of Felix Resnick presented its second concert of the season in the auditorium of Pontiac Northern High School. Guest artist, soprano Roma Riddell from Toronto, Canada, was the featured soloist.

The orchestra played Mendelssohn's "Ruy Blas" overture, the Eighth Symphony of Beethoven and concluded with the brilliant "L'arlesienne Suite number II" by Bizet. Flutist Roger Welton, gave a notable performance of the solo flute passages in the concluding orchestral number.

Miss Riddell's clear lyric soprano voice was featured in three selections with the orchestra: "Un Bel Di" from "Madam Butterfly" by Puccini, "Tacea LaNotte Placida" from "Il Trovatore" by Verdi and Magda's Aria" from "The Consul" by Mendotti.

The orchestra and soloist combined to present an evening of outstandingly excellent musical entertainment. It is not often that this community is privileged to hear in person a performer of Miss Riddell's caliber.

Tickets for the remaining concerts of the season are still available from Mr. Robert Button whose office is in the old post-office building on Mill Street.

## Mary Narrin Circle Has Progressive Dinner

A sumptuous progressive dinner was enjoyed by approximately ten members of the Mary Narrin Circle of the Ortonville Methodist Church on Tuesday evening, November 27th.

The group first gathered at six p.m. at the home of Mrs. Ira D. King, 164 Ball Street, where juice and vegetable soup were served. From there they proceeded to "Ambrosia" salad at the home of Mrs. Dane Guisbert, 283 Granger Road.

Hostess for the entire of Swiss steak, potatoes and relishes was Mrs. Thomas Sims, 400 Ortonville Road.

Final destination of the diners was the home of Mrs. Ellis Jencks, 608 Mill Street. Here they were served their dessert of cheesecake and coffee.

After dinner a brief business meeting was held by the Circle. It was proposed that members have a fifty-cent gift exchange and in addition, each would contribute fifty cents toward a gift for the Sunday School kindergarten class.

Honored guests for the evening were the Reverend Mr. Kyle Elliott, pastor of the Ortonville Methodist Church, and his mother Mrs. Frances Elliott, of Birmingham, Alabama.

Next week (December 11th) Dr. George Jarga is responsible for the program. He will introduce Mr. Mitchell I. Kafarski, president of Chemical Processing Company of Detroit, who will narrate and show movies taken on his recent trip to Sweden.

Rotary Christmas newspaper sale will be December 14th and 15th.

## Community Building Board Chosen

Chosen for the Board of Directors to administer the business of the new community building purchased from the Brandon School Board were: Allan Brown, Jack Hamilton and Charles Sherman from the Rotary Club and Richard Wilcox, Raymond Campbell and Louis Williams of the Jaycees.

A meeting scheduled for November 30th to elect officers of the corporation was postponed because Mr. Brown was called to West Virginia to attend the funeral of his uncle.

## Goodbye Purple Panel

That brilliant magenta panel truck you've noticed (how could you miss it?) buzzing around town and brightening the country roads will be seen no more. It was killed by a horse at 8:00 p.m. on Thursday evening, November 29th.

Lynn Hamilton, former owner of the panel, (or rather, owner of the former panel) was coming home for the week end from Michigan State University where he is a student. He had rounded the curve at the Grange Hall and was driving east when suddenly he noticed a horse (without lights) in the road. When he swerved to miss the horse, the panel truck rolled over two or three times. When the truck finally came to rest, Lynn found himself in the back part of the panel body. He crawled out the back door and went to the home of Delbert Wilson to phone for assistance. Luckily, Lynn was not injured. He is the son of Mr. and Mrs. B. L. Hamilton of Ortonville.

The horse, which also was uninjured, is owned by Mr. Thomas

tin, Charles W. Merrick, Ronald H. Porritt, James D. Paschal, Russell Herbert, Richard H. Francis, D. E. Francis, Patrick Mcnulty.

Everett R. Shaver, Jeffery E. Barnhart, Hoten L. Kessler, Francis E. Crane, Charles M. Schramm, Douglas G. Brandt, James Frick, C.G. Langford, Lon R. Grovesteen, Timothy Hyde, Charles Adkins, Lawrence Martin, Richard Ferguson, Marion Noble.

There are forty-six members in the Moms' Unit at the present time but more are needed. All mothers who have sons or daughters in the Service would be very welcome.

## O.E.S.

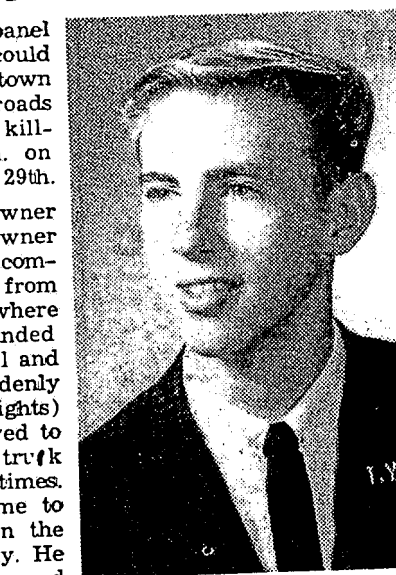

The Ortonville Chapter No. 286 of the Order of Eastern Star, will hold its regular meeting on Wednesday, December 12 at the Masonic Temple on South Street at 8:00 P.M. A Christmas party and fifty-cent gift exchange will follow the business meeting.

In charge of the refreshments for the evening will be Mr. and Mrs. Ronald Sutton, Mrs. Galen Whipple and Mrs. Alfred Cooper.

Haffaker also stated that after completion of Recruit Training at Bainbridge, Maryland 3 out of 4 graduates qualify for specialist schools in 1 of the 20 ratings that are open for women. Some of the occupation fields are Aviation, Electronics, Medical and Administrative. Those interested and qualified are encouraged to contact the local Navy Recruiter for further information. He is located in the Riker Building, room 206, 35 W. Huron Street, Pontiac, Michigan.

The purple panel which was owned by Lynn Hamilton was damaged beyond repair.

## You Will Be Called On

Beginning Monday, December 10, the Junior class at Brandon High School will be going door to door for the purpose of selling subscriptions to The Clarkston News. Your cooperation in the next few weeks will determine whether or not we will continue an Ortonville page in this paper.

A portion of the subscription money will go into the Junior Class treasury for their Senior trip.

## 4-H'er Visits Chicago

Marilyn Palshan

"Awwfully exciting and just real nice." was Marilyn Palshan's verdict of her recent trip to the 4-H Club Congress at Chicago. Marilyn, the daughter of Mrs. Mary Palshan, 319 South Street, a Brandon High School senior, was one of a group of four boys and four girls who were selected to make the trip to Chicago by reason of outstanding work in their 4-H activities.

The boys and girls were chosen by a Board of nine Oakland County 4-H leaders. Marilyn's club leader, Mrs. Leona Hutchings, who is a member of the selecting board said that Marilyn was chosen because of all-around excellence but most particularly because she was a blue ribbon winner in the field of flower judging at the State 4-H Fair this year. Marilyn's specialties in 4-H are projects in Home Economics and conversation.

## The Grapevine . . .

Now we know what a Florida Christmas must be like. Last Saturday in Ortonville, while the mercury hovered around seventy, sunlight sparkled on the holiday decorations making one feel that the disc-jockey had goofed. The loudspeakers should have wafted the "Spring Song" rather than Christmas carols.

Mrs. Frances Elliott, the mother of the Reverend Mr. Kyle Elliott, will notice hardly any difference between Michigan and Alabama weather when she reaches her home in Birmingham. Mrs. Elliott had been spending the final week of her three-week vacation with her son in Ortonville. She left for home last Friday.

For those who asked us the names of the prize winners in the Brandon Senior raffle, here they are: Mr. Jack Ferris, Ortonville, won a turkey; Mr. Leonard Riggs, Oakhill Rd., Clarkston, won a turkey; the ham went to Mr. Frank Hillas of Waldon Road, Clarkston. The meat was contributed by Green Lake Meats, Ortonville; H & S Market, Ortonville; and Sefa Bros. of Goodrich.

Harold and Shirley Schmidt had a busy week. Tuesday evening they attended a meeting of the Oakland County Marketing Commission and on Wednesday evening all IGA Food Store owners were entertained at dinner at Northwood Inn.

"How Dry I Am" is the theme song of Mr. Alex Solley, Brandon Township Supervisor — he had to drill two hundred feet to get water in his new well.

**CORRECTION:** In last week's paper the cost of the Brandon Band uniforms was incorrectly stated. It should have been thirty-five hundred dollars. Also, the contribution of the Veteran's Auxiliary was twenty-five dollars.

The regular meeting of the Brandon Township Democratic Club will be held December 12th at the Eagle's Nest. Business of the evening will be the drafting of a slate for the spring election. When asked if he intended to run again, Supervisor Alex Solley replied, "I certainly do, barring an act of God."

There are two happy men (and we'll bet wives, too!) in the community. Wilmer Kilbourn and Burl Glendening are both up and

The group left on Thursday by Michigan Central train from Detroit and returned on Monday by plane, landing at the Detroit Metropolitan Airport. They were accompanied by Mr. Jack Worthington, Oakland County 4-H Agent and Mr. and Mrs. Keith Middleton, leaders in the East Orton Club. All of their expenses except for breakfast and a few lunches were paid for by Oakland County Service Clubs.

While in Chicago, Marilyn said, activities were planned for every minute of their time. They visited the Museum of Science and Industry, Shedd's Aquarium, the Planetarium, the Board of Trade, the International Live Stock Show and the 4-H Club Congress which was in progress at the Conrad Hilton Hotel. At the Congress they met two other delegates from Michigan and had a fortunate reunion with members from the Maine 4-H Clubs who had visited in the Ortonville area last summer as part of a 4-H exchange program.

In addition to shopping, dear to the heart of every girl, they attended the stage play "Carnival" at the Schubert Theater and had a very elegant dinner at the swish Carrousel Restaurant.

On Sunday morning church services were held in the Hugh Continental Ballroom of the Conrad Hilton Hotel for 4-H representatives from all fifty of the United States.

Monday morning the Oakland group visited Don McNeill's Breakfast Club program. Two girls and one boy had an opportunity to appear on the program and talk with Don.

Marilyn said that she enjoyed every minute of her trip but was perhaps most thrilled by the stage play and the dinner.

around again after long bouts of illness. Both had been recuperating at home following long sessions in the hospital.

Mrs. Jay Cox and Mrs. Dorothy Petoskey are playing "Musical Jobs". Mrs. Cox will take over duties performed at Owen Chevrolet by Mrs. Petosky, while Dorothy Petosky has Iris Cox's former position in the office of Charles Pangus.

Corporal David Bilger's efforts to excel in his military training at Union Lake Nike Site backfired on him! On maneuvers in Texas, his battery was made the honor battery of the nation. Corp. Bilger and two other Union Lake men drew the personal notice of General Honeycutt who decided they were needed on the Dew Line more than in Michigan. Corp. Bilger will leave for Alaska around January 1st.

Mr. and Mrs. Robert Mills are now at home in their lovely new house at the corner of M-15 and Groveland Road.

Pillow fights aren't always harmless fun! Last Friday night little Kevin Titworth sustained facial injury requiring six sutures over his right eyebrow when he fell against a wooden bed after being struck by a pillow thrown by his brother, Gregory. The boys' parents are Mr. and Mrs. Donald Titworth of Barron Road. Mr. Titworth is the Groveland Township Clerk.

Lessons in bronco busting will be given by Mrs. Jack Spencer at her corral on Groveland Road. Don't worry if you haven't a horse, Gerry prefers to ride sheep. For complete details, call her.

Guests of Darwin Saunders of Jossman Road helped him celebrate his seventh birthday anniversary on December 1st.

Mr. and Mrs. Paul Walker of Jossman Road entertained seventeen Penuche Club members and guests at a co-operative Christmas dinner and card party. Mrs. Carl Lozier and Mr. Sherman Kendall won top honors for the evening. Arthur Walter and Joey Lozier won booby prizes. High score prize for the evening went to Mrs. Paul Walter, low score consolation award to Arthur Walter. Guests were Mary Kendall, Mrs. MacDiarmid of Jossman Road and Mr. and Mrs. Arthur Walter of Fenton.

### Rotarians Say "Thank You"

This paper sale is put on by the Rotary Club of Clarkston in order to help make a Christmas for the children of this community. It is one of our Community Service projects. We thank you for your help in making this possible. Your splendid cooperation and the very fine work of the active corps of Goodfellow salesmen last year helped us realize the largest fund from the paper sale in the history of the Club. Thus we were able to do more good at Christmas time. I wish to take this opportunity to explain what Rotary is and how it got started.

The first Rotary Club in the world was organized in Chicago, Illinois, on February 23, 1905 by Paul P. Harris, a young lawyer, who gathered together in a spirit of friendship and understanding a group of men, each of whom was engaged in a different form of service to the public. That basis of membership — one man from each business and profession in the community, still exists in Rotary. At first, the members of the new club did not meet at luncheon, but met in rotation at various places of business of the members, and this suggested the name of "Rotary."

Since 1905 the ideals of Paul Harris and his friends have become ideals which have been accepted by men of practically all nationalities, and of many political and religious beliefs. Today there are Rotary Clubs in Algeria and Australia, in Ceylon and Chile, in the Fiji Islands and French West Africa, in Sweden and Switzerland — 128 countries of the world. The universal acceptance of Rotary principles has been so great, there are now more than 11,300 Rotary Clubs which have a membership of some 525,000 Rotarians.

The general objectives of Rotary Clubs in every country are the same — the development of fellowship and understanding, among the business and professional men in the community, the promotion of community-betterment endeavors and of high standards in business and professional practices, and the advancement of international understanding, good will and peace. Rotary Clubs everywhere have one basic ideal — the "Ideal of Service", which is thoughtfulness and helpfulness to others.

The slogan of Rotary is "Service Above Self" and "He Profits Most Who Serves Best". We who are members of the Clarkston Rotary Club, have accepted this slogan wholeheartedly and are trying to plan and introduce to our little community, people, with many projects and have plans for many more. Our members want nothing more from their membership in CLARKSTON ROTARY but the privilege of serving their community with the best.

Charles W. Robinson,  
Secretary  
Clarkston Rotary Club

John The Baptist  
Speaks Again

You have heard the expression, "Paul Revere Rides Again." Just as Paul Revere was the voice for the American Revolution, John the Baptist is heralded as the herald of the Christian Revolution. Down through the ages Christian people have deemed it wise to listen to the voice of John, particularly in preparation for Christmas, because it was he who would "prepare the way" for Jesus.

The story of John the Baptist and his message for 1962 would be something like the following:

Although, I, John, had the blessed task of being a Preparer for Jesus I never have been and never will be a very popular person. People thought I was a peculiar religious fanatic. Much of my life was spent in prison, and my life came to a halt by a woman ordering the King to cut off my head. She wanted me beheaded because I had offended her by pointing out her immoral, adulterous life. You know how people are, they do not like to be told things like this, even if they are true.

Even though I won no popularity contests with people of my day, I was deeply pleased when Jesus referred to me as the greatest person who had been born. In making this compliment Jesus noted that I was certainly "reed shaken by the wind". I guess what Jesus meant was that even though my taking a strong stand for the things of God was offensive to some, it was not offensive to the heart of God. Maybe I was bull-headed about religious things, but Jesus seemed to commend this as being Courageous Conviction.

Let me try to in a practical way to illustrate my conviction. You see nearly everyone in my day claimed to believe in God, but God seldom was allowed to change people's lives. I went so far as to become a social non-conformist, to live in poverty, to live as an ascetic. My way of life is illustrated in the recent, spectacular discovery known as the Dead Sea Scrolls. Even Jesus insinuated that I was a little too stern and anti-social, but Jesus recognized and commended me for the way I took seriously the fact that when God takes hold of a life something happens. Even preparation for Christmas becomes different as it becomes a time of heart-searching, not hurried-selling.

If, however, you think, my friend, that taking God ser-

### And His Name Shall Be Called Wonderful

Nearly two thousand years ago a Baby was born in the city of Bethlehem, Judea. This Baby was the Son of God, Jesus Christ the Lord, who left the glories of heaven to assume a body of flesh.

The Prophet Isaiah looked forward to the birth of Christ when he wrote these words, "For unto us a child is born, unto us a Son is given; and the government shall be upon His shoulder; and His Name shall be called Wonderful, Counsellor, The Mighty God, The Everlasting Father, the Prince of Peace." (Isaiah 9:6) Of all the Titles given Him none seems to be as complete as "His Name shall be called WONDERFUL."

CHRIST WAS WONDERFUL IN HIS PRE-EXISTENCE. The Bible declares that He existed before Abraham even before creation. We

iously like this is going to make your Christmas and your preparation for Christmas an unhappy, morbid occasion you are most mistaken. To be sure my life and my message was one of stern courageous conviction, but it was also one of satisfying consoling contentment.

Let me illustrate. When you bought this paper you helped to put a pair of shoes on some needy child's foot. You made a sacrifice, but it brought you satisfaction. When I, John the Baptist, acted and spoke it was to bring people to the reality of the unpleasantness of sin, but as people saw this they were led to appreciate the pleasantness of God's Salvation. You see there is only one group of people that really want Christ and Christmas, and they are those who need what Christ has to offer, namely forgiveness. I spoke of unpleasant repentance so that it even made some angry, but why couldn't people see that I only wanted them to experience repentance so that they might experience refreshment. I spoke of sin only because I wanted people to crave the Savior and be able to sing with excitement, "Joy to the World, the Lord Is Come!"

It's been nice speaking with you folks again this Christmas. I'm really not such a bad guy after all, am I? Let me close by wishing you a very Merry Christmas. I know that you will have a Joyous Christmas as you look at the Christ and join me in what was probably my most famous statement: "Behold the Lamb of God who takes away the sin of the world."

### The Man Who Missed Christmas

We are Rotarians! When you bought this paper, you bought shoes. Shoes for needy children in Independence Township. When the Clarkston Rotary Club first started this Christmas venture four years ago some of us discovered the desperate need of some of our children. The men who fitted the shoes at school found one little fellow wearing discarded boots that reached up to his hips. When he walked, he walked stiff legged. Another child's feet were wrapped in newspapers. A two year old received her first pair of shoes. The stories go on and on.

When you buy this paper, you buy shoes for needy children. This is a natural thing for Rotarians to do not only in this Christmas season, but throughout the year. We have adopted as our special project the Michigan Society for Crippled Children, and dedicated ourselves to the needs of crippled children for the great keynote of Rotary is, "Service Above Self!"

As Rotarians we have discovered that life loses its purpose without this dedication. A little story I read somewhere illustrates what I mean:

It was Christmas Eve. As

"For this is the promise that He hath promised us even eternal life." (I John 2:25)

Then one Final Thought, CHRIST DESIRES TO BE WONDERFUL TO YOU,

NOW. "For God so loved the world that He gave His only begotten Son that whosoever believeth in Him should not perish but have everlasting life." (John 3:16) Did not the angelic messenger say, "I bring you good tidings of great joy, which shall be to all people. For unto you is born this day in the city of David a Saviour, which is Christ the Lord." (Luke 2:10)

Yes, Christmas hails the birth of Him who was born to die . . . for YOU my friend so that you might have eternal life. "For the wages of sin is death; but the gift of God is eternal life through Jesus Christ our Lord." (Romans 6:23) This season makes us again mindful of the most WONDERFUL GIFT ever given to man. Receive Him . . . be the most meaningful, the most WONDERFUL ever. Without Christ you have no Christmas. "Believe on the Lord Jesus Christ and thou shalt be saved." (Acts 16:31)

### Rotarians Plan Yule Activities

Each year the Clarkston Rotary Club sponsors the annual Goodfellow Newspaper Sale. This year the chairman Chuck Beach has worked steady in his spare time to get the Rotarians all lined up for their turn at selling this paper on the streets for these two days to try and sell as many papers as possible. The funds received from the sale of the paper will be used to buy shoes for children of some families in our community that are not as fortunate as most of us at this Holiday Season. Another use of the money collected from the paper sale is in aiding the Oakland County Society For Crippled Children. The Society each year has a special Christmas program for the children of the home with a gift for each child plus candy and all the things that make Christmas for children, (including Santa Claus).

The Rotary Club has already decorated the Main Street of town and we hope to add more decorations before the week of the holiday season. The financing of the decorations does not come from the money of the Goodfellow Sale but rather from the programs such as the Pancake Supper that lots of you enjoyed about six weeks ago.

Another Christmas Eve activity of our club, is the delivering of roses and cigars to the aged of the community. Some of the members of the club, give their time on Christmas Eve to go door to door and present a rose to the elderly women and a cigar to the men. This does not seem like much to most of us but to these people who receive the gifts it means a great deal just to know that someone is thinking of them.

Every year we receive many calls from people who live next to or know of a family that needs help. We take care of as many of these people as possible but we just don't have the money to do it. We do however try to refer the ones we can't help to a larger organization with the hopes that they can help them in some way.

On the 17th of this month the club with their wives will again go to the doors of the shut-ins and sick singing carols and trying to bring as much cheer to these folks as possible.

It is the hope of the Rotary Club that the time and work put forth through the holiday season will bring as much happiness as possible to as many people and homes as we can.

FIRE PREVENTION WEEK - OCTOBER 7-13

**NORTHVILLE UP-ENDED 52-45**

Northville pulled out in the first quarter with an early lead and at the end of the first quarter the Wolves found themselves trailing 14-9. At the start of the second quarter the Wolves found the range and at intermission, they had evened the score at 24-24.

In the third quarter the Wolves kept up the pace and pulled out a five point lead. With less than three minutes to play in the game the Wolves had a slim three point lead. Northville went into a press and fouled time after time, giving the Wolves the extra margin they needed to pull away.

Northville's Craig Bell lead the scoring with 23. Bob Osgood was high for the Wolves with 13, fol-

lowed by Dan Craven with 12 and Mike Bray with 10.

Clarkston's junior varsity lost a heart breaker after coming from behind to even the score and then lose by one point 37-38.

Bloomfield Hills rolled over Clarenceville 56 to 29 and Holly pulled out a 50 to 39 victory over Milford. West Bloomfield made short work of Brighton in defeating them 57 to 25. This weeks schedule may turn everything upside-down. The two games that may tell the story are Northville facing Bloomfield Hills and Holly at Clarkston.

This weeks action W-3, L-1 Northville over Bloomfield Hills Milford over Brighton W. Bloomfield over Clarenceville CLARKSTON over Holly.

**Christmas Trees Now On Sale**

Christmas trees are now on sale at both the old and new Methodist Churches in Clarkston.

The Women's Society of Christian Service and the Methodist Men's Club are in charge of the sales.

Proceeds will help pay for the lighting of the new church yard.

The trees are hand sprayed, pruned and fresh cut from the Vern Spooner farm.

**Davisburg Stalite Club**

The Stalite Club monthly award was given last week to Mrs. Fred Kramer. Mrs. Art McLaughlin won the weekly prize and Mrs. Milo Hallett gained the most. Miss Lynda Hutchinson was accepted as a new member.

This week Miss Hutchinson lost the most weight and Mrs. Kramer gained the most. Mrs. Harold Rose took over as program chairman for Mrs. Orville Lawson. Mrs. Don Chamberlain and Miss Doris Tatton won game prizes and Mrs. Hallett won the door prize. Final plans were made for the Christmas party on December 17 and food slips were given out. A special point contest is now underway to keep members conscious of their weight for over the holidays.

A prize will be awarded January 17 for the member with the most points.

**TESTING IN CLARKSTON HIGH SCHOOL TODAY**

The tests we are describing in this article are not the daily classroom variety, but tests that are used for guidance purposes.

Many students and parents have great confidence in test results. Let us begin by saying that all tests and all test results are not always reliable.

Tests are given in Clarkston High School for two reasons.

- (1) As an aid in helping the counselors and teachers develop an understanding of students so they can give them needed help.
- (2) To help the student understand himself in terms of his own weaknesses and strengths. This will enable the student to make wiser decisions in solving his own problems effectively.

Test results should only be used as part of a total picture. When one uses test scores they should review all other known information about the student. A test is a tool of education which can be constructive or destructive. They can be effective tools of guidance if used by qualified personnel. If used by unqualified personnel they can be weapons of destruction.

The following tests are available to the students of Clarkston High School.

**Grade Nine**

1. **The Differential Aptitude Test**—Given during the school day. An aptitude may be regarded as potentialities which can be trained into special skills. For example, clerical aptitude may be a potentiality which can be trained to do bookkeeping, accounting or filing.

2. **The Kuder Interest Inventory**—Given during the regular school day. This test is used by the student to assist him in vocational planning. It helps identify the interest of a student. The counselor must interpret interest data with the greatest possible

care and thoughtfulness.

3. **The National Education Development Test**—This test is given on Saturday during the month of March. We offer this test to all ninth graders, however, the students do not have to take it. This test covers the areas of English, mathematics, social studies, science and vocabulary. It helps a student to evaluate himself in terms of his educational weaknesses and strengths.

**Grade Ten**

1. **The Large Thorndike Intelligence Test**—Given during the regular school day. This test provides the counselors with two scores. A verbal and a non-verbal score. It provides the counselors with additional information in regard to a student's potential. It can help to explain some of the difficulties the student is having in school.

2. **The National Education Development Test**—Given on Saturday during the month of March. This is the same test the ninth graders take, only at an advanced level.

**Grade Eleven**

1. **The Preliminary Scholastic Aptitude Test**—Given on Saturday during the month of October. These scores represent a measure of two kinds of scholastic ability—verbal and mathematical. If a student is thinking about going to college, he can use his PSAT scores to compare his verbal and mathematical abilities with those of other students in the same grade across the country. A number of scholarship sponsors use PSAT scores in the consideration of applicants for awards.

2. **The National Merit Scholarship Qualifying Test**—This test is given on Saturday during the month of March. This test consists of five parts: English, Mathematics, Social Studies, Reading, Word Usage.

The National Merit Scholarship Corporation was organized to facilitate the awarding of college scholarships on a national basis. Monies are provided by industries, foundations, and other organizations. Some Michigan colleges and universities require, for their own scholarship programs, the submission of the results from this test.

**Grade Twelve**

1. **College Entrance Examination Board**—Given on several different dates throughout the year. This examination is not given at Clarkston High School, but is offered through testing centers throughout the state. The results of this test must be submitted to some colleges or universities before the student can be admitted. The counselors have a list of the colleges and universities that require this examination.

Parents are welcome to visit with the counselors to discuss any tests which their children may have taken in high school. Call MApple 5-5841 for an appointment.

**Early Clarkston History**

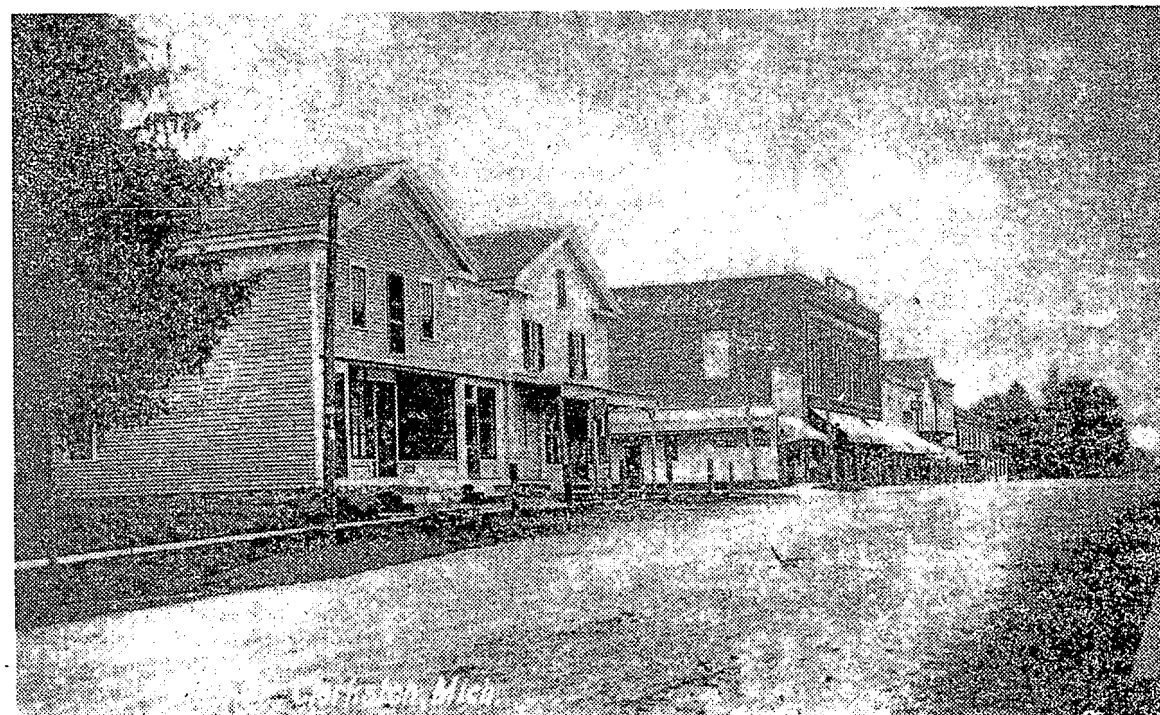

By Connie Lektzian

"Michigan is completely unfit for farming, and in fact, it is so full of bogs and swamps that it is even doubtful if it can be considered fit for habitation". With these doleful words, the surveyors that had been sent out by the Federal government killed part of a grant made for the American soldiers who had been engaged in wars with Great Britain. Two million acres of Michigan Territory had been set aside in 1812 for the soldiers, but after these glum reports, the government turned its attention to finding land elsewhere to give out as bonuses. Fortunately, not everyone accepted the surveyors' opinions and enough brave souls came this way so that by 1839 nearly all of the public land was taken up.

Our township was organized in 1836 and named Independence

but dirt and plank roads to overcome. Harrassed by wandering livestock, the board passed a law that read — "A lawful fence must be 4½ feet high and strong enough to turn a 50 pound hog." At that first meeting, they also granted a bounty of \$5.00 for every wolf scalp turned in at the township office, which at that time was in the private home of Arthur Davis. And the Overseer of the Poor gave one of Clarkston's early families, who were deemed to be paupers, \$54.00. Not \$54.00 a month but \$54.00 until their crops were harvested. This was considered a very great sum, since at the next meeting, held the following September, it was discovered that the entire township expenses had been \$66.41.

The Village of Clarkston was named after Jeremiah and Nelson Clark, who came to Michigan in 1831 and settled in Detroit. Deciding that the big city was no place to raise children, Jeremiah moved to Oakland County in 1834.

by a homesick Joseph VanSycle, who had emigrated to Michigan from a town of that name in New Jersey. It wasn't until the following year, in April, that they got around to having a township meeting. Having rattled over corduroy roads and labored thru muddy wagon tracks to get to the meeting, the board solemnly appointed a Commissioner of Highways. Not until the 1890's did a Commissioner have anything

**Olive Brondige Extension Group**

A regular meeting of the Olive Brondige Extension group met for a cooperative dinner at the home of Mrs. Edmund Horton, 9029 M-87. Christmas workshop ideas were presented by very enthusiastic and interested members. A special workshop was held Monday, November 26, at Davisburg Methodist Church to make pine cone wreaths.

By 1840, this area was called Clarkston but it wasn't until 1842 that the Clark brothers platted a tract of land for the village. Until 1847 there was neither village nor organized settlement in the township.

No pioneer who came to this area expected living to be easy.

Along with the farmers, came storekeepers and merchants and soon the village was a thriving center. In the picture above, the store to the right was one of the early drugstores owned by a Mr. Charlie Smith, and the spot is now the location of the Masonic Hall.

Mr. and Mrs. Peter Notch were Sunday dinner guests of Mr. and Mrs. Fred Miller at Davison.

**Old Bridges To Be Replaced**

The Board of County Road Commissioners of the County of Oakland announced that they have made application for matching funds from the Housing and Community Facilities Administration, Home Financing Agency Commission as a part of the accelerated Public Works Agency.

The Federal grant requested is in the amount of \$212,100.

It is proposed that this amount, together with County Road Funds in the amount of \$232,100, would be used to finance ten projects, the estimated cost of which amounts to the sum of \$444,200.

These ten projects consist of the replacement of ten outmoded and potentially dangerous one-way bridges located on local roads in various parts of the county. Due to the existing State law which requires matching on local road construction projects and the extreme limitation of funds for all local road purposes; these bridges represent projects which could not otherwise be financed from funds available.

Among the bridges to be replaced will be the ones on Bridge Lake Road, 0.3 mile east of U.S. 10, and Pontiac Lake Road, 0.2 mile east of Airport Road.

## ABUNDANT LIFE

by ORAL ROBERTS

### NEARING THE "HOME STRETCH"

With the crack of the referee's  
pistol, the Yale mile began. At  
the first turn, an unknown run-  
ner was knocked down. He was  
badly skinned and cut. As he  
rose to his feet, everyone was  
surprised to see him begin to  
run again. With pain plainly  
showing in his eyes, he began  
to give the race something he  
had. Slowly, the passing  
runners. Each was giving  
his best. Still, the runner suffer-  
ing, with only ten yards to go,  
he moved into first place. As he  
crossed the finish line, a mighty  
yell went up. The unexpected  
had happened—a "nobody" had  
won the Yale mile.

The unknown runner, whom  
no one had expected to win, won  
because he had determination  
and perseverance. His desire to  
win was foremost in his mind,  
and it gave him the additional  
strength he needed.

A person who really desires to  
be a Christian will stay in the  
race and run in spite of every  
discouragement and trial. Liv-  
ing a Christian life isn't easy,  
but it brings a deep peace and  
contentment that only Christ can  
give. He fills the emptiness and  
gives abundant life. Christ gives

strength and courage as He  
guides us day by day.

Jude 3 says that we should  
"earnestly contend for the  
faith." We can never be success-  
ful trying to get by with a mini-  
mum of consecration. It takes  
everything we have. With our  
hearts centered on God in  
wholehearted consecration, we  
will be winners in this heavenly  
race.

We're very near the end of  
our race here on earth. In fact,  
we're in the "home stretch" of  
the last lap.

Jesus is coming soon! Will  
you be ready to meet Him? If  
you do not know Him as your  
personal Saviour, accept Him  
now. You, too, will know the  
happiness and joy of being a  
child of God. There is great  
satisfaction in knowing you are  
on the winning team and that  
you have a wonderful coach like  
Jesus Christ.

He is by your side now. Put  
your hand in His and let Him  
show you the way. By putting  
your faith and trust in God and  
pressing ever onward, the heav-  
enly race will be won. Victory  
will be yours.

Excelsior  
Excelsior means higher  
As onward and upward we go.  
To join that heavenly choir  
More faith and love we must show  
To rise above our station  
Down here below on earth,  
We must build a new foundation;  
We must welcome a second birth.  
We must accept our Savior  
And also our Father's will  
Our Father in heaven we must adore;  
His plans we must fulfill.  
One God, one Son, one Spirit,  
Each in His way does inspire  
All Christians who would merit  
His love by going higher.

Now that fall is here, indoor living is with us again and thoughts turn to redecorating the house.

Here are five suggestions for inexpensive, small-scale redecorating which will give a new look to your summer-lonely home.

1. Make color the key to a bright new look. Get out the paintbrush and color chart. Paint an old chair or chest in a dramatic accent color and add some unusual hardware. If you have a tired ladderback chair, paint each a different color.
2. Add a few gaily colored towels to your bathroom supply. Coordinate with a new shower curtain, rug or smaller items. Make sure your purchases are not dyed for colorfastness. Little touches in the littlest room in the house can make all the other rooms seem fresh, too.
3. Give the beds a new look. For each bedroom, buy at least one set of sheets and pillowcases in solid colors, stripes or floral patterns. Color-fast linens can be washed right along with white, so they are practical as well as pretty.
4. Decorate the master bedroom with versatile colored sheets. For example: Have a striped sheet do double duty as top sheet and bedspread — accompany it with mix or match pillow cases. Make sprightly cafe curtains, dust ruffles, dressing table skirts from contrasting or matching sheets.
5. Cover dining room chairs with bold patterned upholstery fabric in colorfast, textured cotton.

**The Book Nook**

This article written by Mrs. Mel Vaara.

Seldom have I read a book that I care to recommend to all friends, relatives and acquaintances with no reservations. I have found such a book to be Catherine Marshall's "Beyond Our Selves."

Catherine Marshall begins her book with the statements "If you are satisfied with your life and feel no need for any help outside yourself, this book is not for you. The search for God begins at the point of need." I would like to go one step further and say, whether man will accept the fact or not, man does need to come to a relationship with God in order to have a complete, fulfilled life of commitment to something greater than himself—something "beyond our selves."

It is no accident that millions of words have been written about "man's quest for God," the quote from Saint Augustine "Thou has put salt in our mouths that we may thirst for Thee" is familiar to many people.

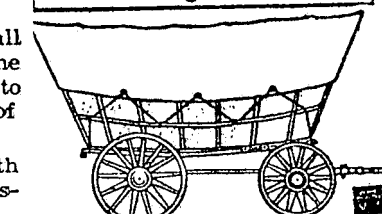

"Beyond Our Selves" attempts to answer the needs of anyone who is searching for a more meaningful life, a more direct relationship with God.

Catherine Marshall writes that when illness confined her to bed for a length of time, certain urgent questions came to her such as "Is it really possible for us to get in touch with the God who created our world? (2) Why does God allow evil, if He has the power to destroy it? (3) Can God heal where Medicine fails? (4) Can prayer affect the outward circumstances of our lives? (5) Does God guide people today?" She goes on to say "The search for the answer to these questions has brought adventure beyond anything I could have imagined. Beyond Our Selves is the story of that search."

It is impossible to share all of the wisdom of this book in one article. However, I would like to share with you some thought of this author on faith.

"Much of my own problem with faith arose from an early misunderstanding of what faith is. . . I used to believe that faith had something to do with feeling. . . now I realize how foolish it is to rely on feelings when those feelings obviously have no bearing on the facts. . . Another misconception was that faith is trying to believe something one is fairly certain is not true. . . But faith is not hocus pocus, opposed to knowledge and reality. In fact faith does not go against experience at all; rather it appeals to experience, just as science does. The difference is that it appeals to experience in a realm where our 5 senses are not supreme rulers. Nor faith simply believing

## Ortonville 1904

All of you who yearn for the "good old days" or who just want to know what Ortonville really was like fifty years ago, should read the July 8, 1904 issue of the Ortonville Hustler, Editor, William B. MacCloy.

Recently, when the old Oakland County Courthouse Building in Pontiac was torn down, this particular copy of the newspaper was found in the cornerstone of the building. It was presented to Supervisor Alex Solley by Oakland County Clerk, Daniel T. Murphy. Mr. Solley had two pages of the paper photostated and it is now in the custody of Marilyn Featherston at her Village Dry Goods store.

Just step back fifty years and you find that business in Ortonville is thriving. W. C. Clark sells "Anything in the Furniture Line"; Sweets and Proffrock advertise everything from groceries to car set covers; F. D. Brigham carries in stock "Strictly Pure Paris Green" also "Paints, Drugs, Medicine and Stationery".

Robert Skinner, Dealer in General Merchandise has "A full and fresh line of fancy and staple groceries always on hand". Canned goods for a picnic or fishing luncheon are supplied by E. W. Scranton.

You, perhaps, feel a little queasy from an overdose of that "Strictly Pure Paris Green" or all those fancy eatables? — Well, Dr. M. J. Uloth, Dr. William Aitchison and Dr. Earl B. Guile all assure you "Calls Night and Day Promptly Attended To."

Harness, whips and saddles are manufactured and repaired by H. R. Jones. W. L. Guiles will respectfully plane moulding, saw logs, or dry lumber. Bert Guiles,

## Happy News And Views

At my mailbox, the mailman stopped.

And into it, a paper he popped; A paper which was full of news of local interest and other views. These printed sheets are what we need.

To tell the public of local deeds; Of things that are being done. By one, or two, or everyone. I truly hope that this will be a great success, then we can see The news in print, of what people do.

Which is of interest to me and you.

## Christmas Party By Vets Auxiliary

Members of the Ortonville Veteran's Auxiliary and their families will hold their annual Christmas party on December 9th at the Veteran's Hall on Varsity Drive.

There will be a co-operative dinner about two p.m. with the meat and rolls being furnished by the Club.

Gifts are planned for the children rather than a gift exchange; men but the women have chosen to present a gift to the Lapeer for adults.

The after-dinner program will be arranged and presented by the children of the members.

## FB Women Tour Court House

Mrs. Stewart Owen of Mill Street represented the Ortonville Farm Bureau at the meeting of the Oakland County Farm Bureau Women's Committee held at the new courthouse in Pontiac on Tuesday, December 4th.

The program, which began at 10:30 a.m. included the meeting children's home.

Ten Christmas boxes prepared by the women were presented to male patients at the Oakland County Infirmary.

## Businessmen Double As Musicians

Every week Robert Button, general insurance agent of Ortonville and his brother, Donat Button, State Farm representative, do a quick-change act, putting aside their business details to rehearse with the Pontiac Symphony Orchestra of which they are both members. Bob plays first violin, while Don is a first French horn player.

Last week the orchestra under the direction of Felix Resnick presented its second concert of the season in the auditorium of Pontiac Northern High School. Guest artist, soprano Roma Riddell from Toronto, Canada, was the featured soloist.

The orchestra played Mendelssohn's "Ruy Blas" overture, the Eighth Symphony of Beethoven and concluded with the brilliant "L'arlesienne Suite number II" by Bizet. Flutist Roger Welton, gave a notable performance of the solo flute passages in the concluding orchestral number.

Miss Riddell's clear lyric soprano voice was featured in three selections with the orchestra: "Un Bel Di" from "Madam Butterfly" by Puccini, "Tacea LaNotte Placida" from "II Trovatore" by Verdi and Magda's Aria" from "The Consul" by Mendotti.

The orchestra and soloist combined to present an evening of outstandingly excellent musical entertainment. It is not often that this community is privileged to hear in person a performer of Miss Riddell's caliber.

Tickets for the remaining concerts of the season are still available from Mr. Robert Button whose office is in the old post-office building on Mill Street.

## Mary Narrin Circle Has Progressive Dinner

A sumptuous progressive dinner was enjoyed by approximately ten members of the Mary Narrin Circle of the Ortonville Methodist Church on Tuesday evening, November 27th.

The group first gathered at six p.m. at the home of Mrs. Ira D. King, 164 Ball Street, where juice and vegetable soup were served. From there they proceeded to "Ambrosia" salad at the home of Mrs. Dane Goussard, 283 Granger Road.

Hostess for the entree of Swiss steak, potatoes and relishes was Mrs. Thomas Sims, 400 Ortonville Road.

Final destination of the dinner was the home of Mrs. Ellis Jencks, 608 Mill Street. Here they were served their dessert of cheesecake and coffee.

After dinner a brief business meeting was held by the Circle. It was proposed that members have a fifty-cent gift exchange and in addition, each would contribute fifty cents toward a gift for the Sunday School kindergarten class.

Honored guests for the evening were the Reverend Mr. Kyle Elliott, pastor of the Ortonville Methodist Church, and his mother Mrs. Frances Elliott, of Birmingham, Alabama.

Proceeds from the sale will be put into the fund reserved for trips to special 4-H events, the trip fund pays half of the traveler's expenses.

## Community Building Board Chosen

Chosen for the Board of Directors to administer the business of the new community building purchased from the Brandon School Board were: Allan Brown, Jack Hamilton and Charles Sherman from the Rotary Club and Richard Wilcox, Raymond Campbell and Louis Williams of the Jaycees.

A meeting scheduled for November 30th to elect officers of the corporation was postponed because Mr. Brown was called to West Virginia to attend the funeral of his uncle.

## Goodbye Purple Panel

That brilliant magenta panel truck you've noticed (how could you miss it?) buzzing around town and brightening the country roads will be seen no more. It was killed by a horse at 8:00 p.m. on Thursday evening, November 29th.

Lynn Hamilton, former owner of the panel, (or rather, owner of the former panel) was coming home for the week end from Michigan State University where he is a student. He had rounded the curve at the Grange Hall and was driving east when suddenly he noticed a horse (without lights) in the road. When he swerved to miss the horse, the panel truck rolled over two or three times. When the truck finally came to rest, Lynn found himself in the back part of the panel body. He crawled out the back door and went to the home of Delbert Wilson to phone for assistance.

Luckily, Lynn was not injured. He is the son of Mr. and Mrs. B. L. Hamilton of Ortonville.

The horse, which also was uninjured, is owned by Mr. Thomas

tin, Charles W. Merrick, Ronald H. Porritt, James D. Paschal, Russell Herbert, Richard H. Francis, D. E. Francis, Patrick Mcnulty.

Everett R. Shaver, Jeffery E. Barnhart, Hoten L. Kessler, Francis E. Crane, Charles M. Schramm, Douglas G. Brandt, James Frick, C.G. Langford, Lon R. Grovsteen, Timothy Hyde, Charles Adkins, Lawrence Martin, Richard Ferguson, Marion Noble.

There are forty-six members in the Moms' Unit at the present time but more are needed. All mothers who have sons or daughters in the Service would be very welcome.

## O.E.S.

The Ortonville Chapter No. 286 of the Order of Eastern Star, will hold its regular meeting on Wednesday, December 12 at the Masonic Temple on South Street at 8:00 P.M. A Christmas party and friendly gift exchange will follow the business meeting.

In charge of the refreshments for the evening will be Mr. and Mrs. Ronald Sutton, Mrs. Galen Whipple and Mrs. Alfred Cooper.

The qualifications for this highly sought after occupation are: an American citizen with a high school diploma, between the ages of 18 and 26, in top physical condition and unmarried without dependents.

Haffaker also stated that after completion of Recruit Training at Bainbridge, Maryland 3 out of 4 graduates qualify for specialist schools in 1 of the 20 ratings that are open for women. Some of the occupation fields are Aviation, Electronics, Medical and Administrative. Those interested, and qualified are encouraged to contact the local Navy Recruiter for further information. He is located in the Riker Building, room 206, 35 W. Huron Street, Pontiac, Michigan.

## 4-H'er Visits Chicago

Marilyn Palshan

"Awwfully exciting and just real nice," was Marilyn Palshan's verdict of her recent trip to the 4-H Club Congress at Chicago: Marilyn, the daughter of Mrs. Mary Palshan, 319 South Street, a Brandon High School senior, was one of a group of four boys and four girls who were selected to make the trip to Chicago by reason of outstanding work in their 4-H activities.

The boys and girls were chosen by a Board of nine Oakland County 4-H leaders. Marilyn's club leader, Mrs. Leona Hutchings, who is a member of the selecting board said that Marilyn was chosen because of all-around excellence but most particularly because she was a blue ribbon winner in the field of flower judging at the State 4-H Fair this year. Marilyn's specialties in 4-H are projects in Home Economics and conversation.

## The Grapevine . . .

Now we know what a Florida Christmas must be like. Last Saturday in Ortonville, while the mercury hovered around seventy, sunlight sparkled on the holiday decorations making one feel that the disc-jockey had goofed. The loudspeakers should have waffled the "Spring Song" rather than Christmas carols.

Mrs. Frances Elliott, the mother of the Reverend Mr. Kyle Elliott, will notice hardly any difference between Michigan and Alabama weather when she reaches her home in Birmingham. Mrs. Elliott had been spending the final week of her three-week vacation with her son in Ortonville. She left for home last Friday.

For those who asked us the names of the prize winners in the Brandon Senior raffle, here they are: Mr. Jack Ferris, Ortonville, won a turkey; Mr. Leonard Riggs, Oakhill Rd., Clarkston, won a turkey; the ham went to Mr. Frank Hillas of Waldon Road, Clarkston. The meat was contributed by Green Lake Meats, Ortonville; H & S Market, Ortonville; and Sefa Bros. of Goodrich.

Harold and Shirley Schmidt had a busy week. Tuesday evening they attended a meeting of the Oakland County Marketing Commission and on Wednesday evening all IGA Food Store owners were entertained at dinner at Northwood Inn.

"How Dry I Am" is the theme song of Mr. Alex Solley, Brandon Township Supervisor — he had to drill two hundred feet to get water in his new well.

CORRECTION: In last week's paper the cost of the Brandon Band uniforms was incorrectly stated. It should have been thirty-five hundred dollars. Also, the contribution of the Veteran's Auxiliary was twenty-five dollars.

The regular meeting of the Brandon Township Democratic Club will be held December 12th at the Eagle's Nest. Business of the evening will be the drafting of a slate for the spring election. When asked if he intended to run again, Supervisor Alex Solley replied, "I certainly do, barring an act of God."

There are two happy men (and we'll bet wives, too!) in the community. Wilmer Kilbourn and Burl Glendening are both up and

The group left on Thursday by Michigan Central train from Detroit and returned on Monday by plane, landing at the Detroit Metropolitan Airport. They were accompanied by Mr. Jack Worthington, Oakland County 4-H Agent and Mr. and Mrs. Keith Middleton, leaders in the East Orton Club. All of their expenses except for breakfast and a few lunches were paid for by Oakland County Service Clubs.

While in Chicago, Marilyn said, activities were planned for every minute of their time. They visited the Museum of Science and Industry, Shedd's Aquarium, the Planetarium, the Board of Trade, the International Live Stock Show and the 4-H Club Congress which was in progress at the Conrad Hilton Hotel. At the Congress they met two other delegates from Michigan and had a fortunate reunion with members from the Maine 4-H Clubs who had visited in the Ortonville area last summer as part of a 4-H exchange program.

In addition to shopping, dear to the heart of every girl, they attended the stage play "Carnival" at the Schubert Theater and had a very elegant dinner at the swish Carrousel Restaurant.

On Sunday morning church services were held in the high Continental Ballroom of the Conrad Hilton Hotel for 4-H representatives from all fifty of the United States.

Monday morning the Oakland group visited Don McNeill's Breakfast Club program. Two girls and one boy had an opportunity to appear on the program and talk with Don.

Marilyn said that she enjoyed every minute of her trip but was perhaps most thrilled by the stage play and the dinner.

around again after long bouts of illness. Both had been recuperating at home following long sessions in the hospital.

Mrs. Jay Cox and Mrs. Dorothy Petoskey are playing "Musical Jobs". Mrs. Cox will take over duties performed at Owen Chevrolet by Mrs. Petoskey, while Dorothy Petoskey has Iris Cox's former position in the office of Charles Pangus.

Corporal David Bilger's efforts to excel in his military training at Union Lake Nike Site backfired on him! On Maneuvers in Texas, his battery was made the honor battery of the nation. Corp. Bilger and two other Union Lake men drew the personal notice of General Honeycutt who decided they were needed on the Dew Line more than in Michigan. Corp. Bilger will leave for Alaska around January 1st.

Mr. and Mrs. Robert Mills are now at home in their lovely new house at the corner of M-15 and Groveland Road.

Pillow fights aren't always harmless fun! Last Friday night little Kevin Tisworth sustained facial injury requiring six sutures over his right eyebrow when he fell against a wooden bed after being struck by a pillow thrown by his brother, Gregory. The boy's parents are Mr. and Mrs. Donald Tisworth of Barron Road. Mr. Tisworth is the Groveland Township Clerk.

Lessons in bronco busting will be given by Mrs. Jack Spencer at her corral on Groveland Road. Don't worry if you haven't a horse, Gery prefers to ride sheep. For complete details, call her.

Guests of Darwin Saunders of Jossman Road helped him celebrate his seventh birthday anniversary on December 1st.

Mr. and Mrs. Paul Walter of Jossman Road entertained seventeen Penuche Club members and guests at a co-operative Christmas dinner and card party. Mrs. Carl Lozier and Mr. Sherman Kendall won top honors for the evening. Arthur Walter and Joey Lozier won booby prizes. High score prize for the evening went to Mrs. Paul Walter, low score consolation award to Arthur Walter. Guests were Mary Kendall, Mrs. and Mrs. MacDiarmid of Jossman Road and Mr. and Mrs. Arthur Walter of Fenton.
