CLARKSTON, MICHIGAN, THURSDAY, FEBRUARY 21, 1963

NUMBER 24

Wed In Candlelight

Mrs. Ray Williams

Bouquets of white roses graced the alter of the First Methodist Church, Clarkston, for the wedding of Suellen O'Dell and Ray Lamar Williams. The soft glow of cathedral candles illuminated the sanctuary for last Saturday's 7:30 p.m. service.

Suellen is the daughter of Mrs. Gerald O'Dell of 6235 Middle Lake Road, Clarkston. The bridegroom is the son of Mr. and Mrs. S. G. Williams of 20247 Broadacres, Mt. Clemens.

The rites were read by the Reverend William J. Richards before two-hundred fifty guests. Mr. Paul Nicalia of Utica sang "O Perfect Love" and the "Lords Prayer". He was accompanied on the organ by Mrs. Nicalia.

The bride presented a romantic picture in her full length brocade gown. The sabbina neckline, long pointed sleeves and chapel train created a lovely setting. Her shoulder length veil descended from a pill box hat which was graced by a millinery rose. The brides bible, presented to her by the groom, was surrounded by white roses and carnations.

Mrs. James Tisdale was her sisters matron of honor. Her gown had an emerald green bodice and a blue and green brocade skirt. She wore a matching millinery rose hat.

Mrs. Bernard Koehne of Wickliffe, Ohio, Miss Cynthia Blanks of Trenton and Mrs. Lawrence Morgan of Mt. Clemens were the bridesmaids. Their gowns featured royal blue velvet bodices and green and blue

Letter To The Editor

Dear Editor:

Mr. Wilson I would like to take this opportunity to thank the person or persons who deliberately broke in to the many Ice Houses on Deer Lake last Monday night. It must give them a great deal of pleasure to saw off the locks and take the articles inside. This is the second year in a row that we have had this happen. If anybody has any information as to these break-ins please call MA 5-0451.

A disgusted fisherman.

Clarkston Evening Extension Club

The Clarkston Evening Extension had a Smorgasbord dinner February 6th at the Independence Township Hall. Mrs. Sue Thomas, Mrs. Florence Kelly and Mrs. Melva Kelly planned the meal.

Each member prepared a dish from a Scandinavian recipe. The people of that county are large eaters and are known for their delicious food which is very rich and high in calories. Dairy products are used extensively in their recipe's. The cold climate in Scandinavia makes it imperative that the people eat high caloric foods.

Mrs. Sue Thomas gave the lesson on "Scandinavian Food and Customs". According to the Cooperative Extension Service, understanding the customs of other countries can help keep peace in the world. The lesson was the first of a series on other countries.

Easter candy will be available from club members soon. If you are interested contact Mrs. Sue Thomas at 625-2465 or Mrs. Melva Kelly, 625-1620.

Gay Twenties Extension Club

Twenty-one members and three guests met at the Community building on Thursday to hear the lesson on Interior Decorating very ably given by Mrs. Arthur Lausten and Mrs. Jessie Kobrak. It was very interesting and much was learned about color in the home.

Mrs. Kobrak brought a floor plan of her home, drawn to scale and colored, also samples of paint and carpeting so that we might see how she is redecorating her home.

Nine members of the club plan to attend the Flower Show at Cobo Hall March 9th. Vera Hubbard and Helen Alander served a delicious lunch at noon.

Township Directory Nears Completion

The Clarkston High School Faculty Student Aid Committee is in the process of completing a Directory for Independence Township. This directory will include the names and telephone numbers of the present officers.

The directory will sell for approximately (1.00) one dollar. All proceeds will go to the Clarkston High School Student Aid Fund. This fund was organized three years ago for the sole purpose of helping students, who have financial difficulties, attend an advanced training institution beyond high school. This money may be used for beauty schools, Barber college, trade schools auto mechanics schools, business schools or for the degree college program. It is a non-interest bearing loan and the repayment schedule is of a very flexible nature decided on by the parent, student and the director of the student aid fund.

If you belong to a dance club, sub-division association, church, or any organization which you feel should be included in this directory please call Mr. Terry Thomas at Clarkston High School, MAPLE 5-5851.

YMCA Trail Blazers

The Pontiac YMCA which serves greater Oakland County originated in October, 1962, a novel program called "The Trail Blazers".

The "Trail Blazers" are boys and girls ages 8½-17 who are interested in travel and new educational experiences, as well as fun galore!

Saturday, February 23rd, this group is going to the Upland Hills Farm on Lake George Road in Ox Ford. The group will originate and terminate at the Pontiac YMCA 131 Mt. Clemens at Seneca in Pontiac (Leave Y 9:30 A.M. - returned 4:30 P.M.).

The Blazers are in for a long forty-five minute sleighride over snow covered roads and fields behind a team of rugged Belgian horses. Following this invigorating sleighride, they go back to the clubhouse to thaw out and have a hot cup of chocolate and a home-cooked Italian spaghetti dinner (all they can eat) with all the trimmings.

After the Blazers eat they are in for more fun and excitement, tobogganing, games and a visit on the farm with Hilda (700 lb. pig), Pedro (the donkey), Tinker Bell (St. Bernard Dog), rabbits, goats, chickens and horses.

All in all, the Trail Blazers are in for a fun-packed day.

Other trips being planned include: a visit to our capitols in both Lansing and Washington, according to Mr. John Miller, YMCA Youth Director.

For further information regarding this program or any YMCA activity, call the "Y" at FE 5-6116.

My mind was eased when I discovered the hissing noise coming from the front room was not a snake but Melody, reading a book while minus her first front tooth.

Hint to children who crave a head of grey hair while still young: Vigorously rub lava soap into hair and scalp, do not rinse, but let dry on hair. For results and further information contact Mark Wilson (4 yrs. old) c/o The Clarkston News. Note: Report will include mothers reaction.

Tina may only be 12 months old, but she still knows how to hide her face when there's a wash cloth in site. Why is it when you carefully break eggs into a frying pan, half of the time the yolks break, but when dropped on the floor, the yolks remain intact?

DIETING? DON'T SKIP BREAKFAST

According to authorities on nutrition, you may be fooling yourself if you are skipping or skimping breakfast to cut down your calorie consumption.

It's this way, they say: Breakfast skippers or skimpers naturally get hungrier and usually eat more at lunch and dinner. And this results in an increase—not a decrease—in their intake of calories.

Dr. Frederick J. Stare, head of the nutrition department of Harvard University, believes that if you eat a good breakfast you are likely to eat less later. He has called breakfast the most important meal of the day whether you are trying to reduce or to maintain in your weight.

Nutrition authorities also list other reasons why you should not skip or skimp breakfast. For instance:

"The body has been without food for 10 to 12 hours and should be supplied with nutrients needed for the morning's activities," said Dr. Lydia Roberts, chair-man emerita of the University of Chicago department of home economics.

"Failure to have enough to eat of the right kind of breakfast may result in fatigue, irritability and lessened efficiency

and work output." In "An Introduction to Foods and Nutrition" Drs. Henry C. Sherman and Caroline Sherman Lanford wrote: "Breakfast is the meal probably the most often slighted. Yet none is more important in setting the pace for the day's activities."

"... many persons who have been accustomed to eating a very light breakfast and who think this serves them well are surprised to find how much less tired they feel, and how much more efficiently they work through the morning, when they change to a more abundant breakfast."

Doctors and nutritionists advise that breakfast should supply not less than a quarter of the food nutrients needed per day. In amounts an individual can eat comfortably, a good basic breakfast could include: Citrus fruit or fruit or vegetable juice; toast and cereal; eggs with bacon or other breakfast meat and toast; butter or margarine; milk or coffee.

ABUNDANT LIFE

by ORAL ROBERTS

FAITH SEES NO OBSTACLES

A minister was on his way to the West Coast by train. He was a devout Christian and lived by the Scripture, "Delight thyself also in the Lord; and he shall give thee the desires of thine heart" (Psalm 37:4).

Although the minister was a busy man, he was never too preoccupied with life's responsibilities to notice the beauties and wonders of God's creation. As the train sped westward, he was enjoying the ever-changing scenery. The weather was extremely cold. As night slowly covered the sky, the moon came out in full glory.

The train pulled into the station at Salt Lake City, Utah. In his heart the minister thought, "Won't it be a beautiful sight to see the Great Salt Lake with this full moon shining upon it! This little desire grew into anticipation as the wheels of the train began to turn again.

But slowly, frost and fog formed on every window in the train. A heavy cloud covered the full moon. It seemed impossible that anyone would be able to see the glistening beauty of the lake. The minister opened his Bible and began reading and praying silently.

Suddenly, the train stopped. The cold night air fogged thicker on every train window—ex-

cept one. One window was right in front of a pipe from which hot air was escaping—the window beside the minister. The ice melted on his glass. Slowly the train began to roll across the bridge that ran over the great lake of salt. The clouds lifted, revealing a full, yellow moon beaming its silver light down on the beautiful lake! For the entire distance of the bridge, the minister drank in the panoramic splendor he had desired to see.

As suddenly as his window had cleared and the moon had emerged from behind the cloud, his window frosted over again and the clouds drifted over the moon. But the Lord had given the minister his heart's desire. God delights to reveal His goodness and love, in ways big and small, to those who love and trust Him.

John 11:40 tells us: "And I not unto thee, that, if thou wouldest believe, thou shouldst see the glory of God?" As you apply Christ's teaching of believing to your daily life, you become aware of God's glory and power in everything around you. Your faith sees no obstacles which cannot be overcome by God's omnipotence. You know that nothing is too great or too small for Him to accomplish.

Four different ways to make going more fun than getting there

You can see why one of America's favorite outdoor sports is driving Chevrolets, with four entirely different kinds of cars to choose from. There's the Jet-smooth Chevrolet, about as luxurious as you can go without going overboard in price; the low-cost Chevy II, a good-looking car that would send any family packing; another family favorite, the sporty Corvair, whose rear-engine traction

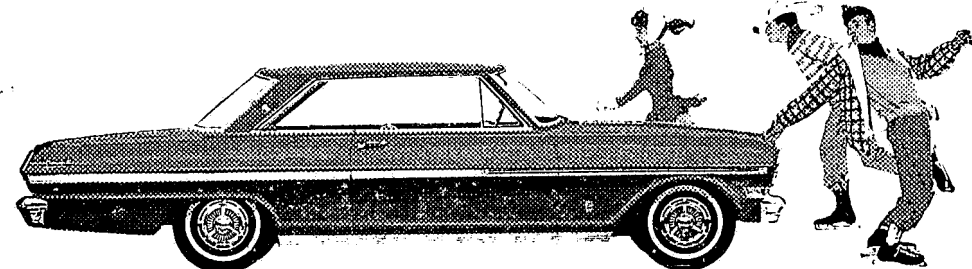

will make you think that ice and snow are kid stuff; and for pure adventure, America's only sports car, Corvette—now in two all-new versions with looks that can stop traffic like a rush-hour blizzard. Picked your favorite already? The next thing is to take the wheel at your Chevrolet dealer's. If that doesn't have you thinking of places to go, maybe you'd rather just have a ball around town!

CLARKSTON AREA

By JOHN D. KAMEGO, Manager

IF CALLING the folks back home has been only an occasional treat, why not make it a regular weekly event... at a time most convenient for you? More and more people are taking advantage of the lower Long Distance rates on many calls within Michigan. During the daytime, you can make a three-minute station-to-station call to anywhere in Michigan for a dollar or less. After 6 p.m. weekdays and all day Sunday, rates are even lower—70¢ or less up to 9 p.m. And after 9 p.m., every day, you can call for 50¢ or less. Excluding taxes, of course. Take advantage of these low rates by calling your Michigan relatives and friends often. No doubt about it, Long Distance is the next best thing to being there.

THERE'S MONEY IN A PILE of old phone books. That's why we ship mountains of old directories back to the paper mill. They're reduced to pulp once again, then made into new paper for future Michigan Bell telephone directories. We salvage about 3 million old directories every year—enough to fill a 76-car freight train to capacity! This behind-the-scenes operation saves us a considerable amount of money. And it's just one of the many ways all of us at Michigan Bell work to keep expenses down so we can continue to provide you with telephone service that's high in value, low in cost.

INDEPENDENCE Township Ordinance

DISPOSAL ORDINANCE
An ordinance of Independence Township, Oakland County, Michigan for the control of deposit, collection and disposal of garbage and rubbish, and disposal of sanitary wastes in said Township of Independence, in order to prevent the spread of infectious and contagious diseases in said Township of Independence; and to provide penalties for any violation thereof.

The Township Board of Independence Township, Oakland County, Michigan, Ordains as follows:
Section 1. Definitions.

(a) The term "garbage", as used in this Ordinance shall be construed to mean rejected food wastes, and to include every refuse accumulation of animal, fruit, or vegetable matter, used or intended for food, or that attends the preparation, use, cooking, dealing in, or storing of meat, fish, fowl, fruit or vegetables.

(b) The term "rubbish" as used in the Ordinance, shall be construed to mean washed food containers, waste paper, glass, tin cans, cardboard and ashes.

Section 2. Receptacles.
It shall be the duty of owners, proprietors or persons in charge of every residential premise, commercial property, manufacturing establishment or other structure in the Township of Independence, to place or cause to be placed any decaying vegetable or animal substance, garbage or any substance that may be injurious to the public health or a source of filth, in a suitable metal or concrete receptacle which shall be covered at all times with an appropriate cover. All individuals, persons, firms or corporations subject to the provisions of this Ordinance shall provide a sufficient number of containers to store all garbage from said premises and structures in accordance with the terms hereof. All receptacles shall be thoroughly cleaned by the owners as often as shall be necessary in order to prevent insects and rodents from being attracted thereto and from emitting offensive odors.

Section 3. Storage.
No garbage or any substance that may be injurious to the public health or a source of filth may be stored in receptacles on any premises for a period in excess of ten days.

Section 4. Transportation.
All garbage and rubbish transported within the limits of Independence Township shall be carried in an enclosed truck or watertight containers, and shall be moved in such a manner that no part thereof will be deposited upon the public roadways or private property.

Section 5. Burning.
It shall be unlawful for any person, firm or corporation to burn any garbage or rubbish within the Township of Independence, except in a suitable incinerator. Provided that it shall be lawful for the owner or person in charge of the premises to burn, on the premises, in a suitable container, unsoiled papers, unsoiled cardboard or unsoiled paper containers if such burning is done without creating a fire hazard and by or under the supervision of such owner or person in charge of such premises, or other responsible person over the age of fifteen (15) years.

Section 6. Disposal of Garbage.
Garbage shall be deposited only on land for which a permit has been issued by the Independence Township Board of Health and shall be covered in a sanitary manner by at least 12 inches of dirt within 24 hours of its being dumped.

Section 7. Disposal of Rubbish.
Rubbish shall be deposited only on land for which a permit has been issued by the Independence Township Board of Health, and shall be covered and so managed and controlled so as not to become a nuisance, a fire hazard, a breeding ground for rodents or vermin or in any way endanger the health or welfare of any person or persons.

Section 8. Transportation of Wastes from Septic Tanks, Cesspools, or Seepage Pits.
No person shall transport or carry wastes from septic tanks, cesspools or seepage pits in a vehicle in said Township of Independence unless said vehicle has been first duly licensed and provided for by Act 243 of the Public Acts of 1951 as amended. The tank shall be kept tightly closed in transit, to prevent the escape of contents or odors, and the outside of all vehicles and accessory equipment shall be kept clean.

Section 9. Disposal of Waste from Septic Tank, Seepage Pit or Cesspool.
(A) Wastes from any septic tank, seepage pit or cesspool may be buried on private property in locations over 200 yards from any residence, public or private place of business, public gathering place or public thoroughfare, subject to

written approval of the property owner; said written approval must be available at all times to the inspection of all officials of the Independence Township Board of Health. Provided, however, that all said wastes must be either immediately covered with at least 12 inches of earth and protected until settled or immediately treated with an appropriate chemical disinfectant or decontaminant.

(B) Waste removed from septic tanks, seepage pits or cesspools may be buried on the property from which it originated at least 75 feet from any water supply and 25 feet from any body of water; provided, however, it is either immediately covered with at least 12 inches of earth and protected until settled, self-inactivated by oxidation, or treated with an appropriate chemical disinfectant or decontaminant.

(C) Under no conditions shall dumping be permitted into or adjacent to any public or private lake, pond, stream, river or any other body of water, nor shall any vehicle be permitted to pump directly from such body of water into and out of said vehicle for flushing and cleaning the tank or other equipment on the vehicle. All wastes must be so disposed of, as to create no public nuisance or health hazard.

Section 9. Penalty.
Any person, firm or corporation violating any of the provisions of this Ordinance shall be deemed guilty of a misdemeanor and, upon conviction thereof, shall be punished by fine not exceeding the sum of one hundred (\$100.00) Dollars or imprisonment in the Oakland County Jail for a period not to exceed ninety (90) days, or by both such fine and imprisonment, in the discretion of the Court.

The sentences, section, provisions and phrases of this Ordinance are declared to be severable and if any such portion is declared unconstitutional or invalid by a court of competent jurisdiction, such finding shall in no way affect or invalidate the remaining provisions of this Ordinance.

Section 10. Severance Clause.
This Ordinance is to be effective 30 days after publication and therefore is effective on the 24th day of March 1963.

Passed by the Independence Township Board on the 5th day of February 1963.

Township Clerk

WHEN YOU HEAT WITH NATURAL GAS IT'S HARD TO BELIEVE THAT January this year was one of the coldest we've had in many years

Throughout most of the month gas appliances worked harder than usual. Your gas furnace worked overtime—maintaining the steady, even, comfortable temperatures that you and your family have come to demand and enjoy. The gas water heater was busier too, because the water coming into the home was colder than normal. More hot meals and beverages were prepared for cold weather menus.

This helps explain why your gas bill for January was higher than usual. It really is easy to forget how cold it has been when you let automatic gas heat take over your heating worries.

Personality Peeps

As shown by this specimen, George Washington who wrote this at the age of twenty-five years was a man who was quick to answer a question, feel another's deep concern or flash a ready smile in accordance with the occasion.

George Washington
10.8.1732-1797

G. Washington

His writing shows that he possessed ethical as well as practical qualities resulting in the high standards of conduct he set for himself, his reasoning, his fairness and the strength of his convictions.

As a child of twelve, his writing shows a curiosity and a craving to learn. He reasoned step by step and could not be hurried into action. Even then he showed a desire to acquire a name for himself with enthusiasm and determination sufficient to achieve.

Lake Fenton Bumps Hawks 77-63

By Harold L. Webb, Jr.

At sixteen when Washington assumed the families responsibility upon the death of his father, his small writing shows his concentration on the task; thrift and perfection are also shown. His fine sense of rhythm indicates a good co-ordination between mind and body.

Brandon started out like a house afire but dogged down and at the half were trailing 45-36.

Right after the half the Hawks stole the ball two or three times, but missed easy shoots which would have given them the lead.

The big hero of the evening was Gary Bancroft who pored through an exceptional 38 points and hauled in 25 rebounds to lead the Blue Devils in every quarter except the second.

John Myers equalled his best efforts of this year by hitting 33 points. Individual scoring: Brandon: Myers, 33; Sutton, 12; Kilbourn, 9; Richardson, 5; Giroux, 2; Brake, 2; Pangus, 1. Total 63.

Lake Fenton: Bancroft 38; Borski 16; Markby 12; Moulton 7; Meier 2; Cooper 2. Total 77.

Race Relation Sunday

His last writing made just a few days before his death shows a tapering off on his strokes showing force. But pride in name has been present from boyhood thru' the first president's life as has dignity a good basis for the structure of a nation! A finer United States first president we could not have had!

(Next week we will analyze the writing of a young woman who asks which of two young men she should marry. We will follow with their writing the next week and make our recommendation. Send your problem to us. Your letter must be signed, but we will omit your name in using it if you will give your permission to print it. Send your request for a "Candid Shot" of yourself with 50c to us c/o The Clarkston News).

On Sunday, February 17th, the Ortonville and Seymour Lake dedicated their services to race relations.

Special guests were the fine choir from St John's Methodist Church in Pontiac. The choir sang at both churches. Some of the selections sung were, "How Great Thou Art", "Leaning on the Lord", a duet entitled "City Not Made With Hands" and others. The St. John's minister, Reverend Ballanger, preached the sermon "Who is My Neighbor?"

Following the service a potluck dinner was served to about seventy-five guests.

The program and dinner were sponsored by the Social Concerns Commission to help promote friendship and understanding among all races which is our Christian responsibility.

Hope College Band Coming To Brandon

Robert M. Cecil

Robert M. Cecil, who will conduct the Hope College Band when it appears March 9th at the Brandon School Gymnasium, is a musician of broad experience. Mr. Cecil received his Bachelor of Science degree from the Julliard School of Music where he was a French Horn major and a student of James Chambers, first horn of the New York Philharmonic. He received his Master of Music degree at Yale University.

After completing his studies at Yale, he was appointed as instructor in the Yale School of Music and Assistant Conductor of the Yale Band posts he held for four years.

In 1956 Mr. Cecil became the French horn player in the New Art Wind Quintet. During his two years with the quintet, he toured extensively in the United States and Canada and made recordings.

Because of the activities of the quintet, Mr. Cecil moved his family to New York where he remained until coming to Hope College in the fall of 1962.

As a free-lance musician in New York, Mr. Cecil played in the orchestra for many Broadway shows. He also toured as principal hornist with the Royal Ballet of England on its last North American tour. The last Broadway show to have his services is the current hit "A Funny Thing Happened on the Way to the Forum", starring Zero Mostel. Last spring Mr. Cecil played in the New York Philharmonic under Leonard Bernstein for several of its concerts. Since he joined the Hope College faculty as assistant professor of music in 1962, Mr. Cecil has gained a reputation for presenting outstanding band concerts. He also directs the activities of smaller brass ensembles.

As hornist, Mr. Cecil performs regularly with the college's Faculty Woodwind Quintet.

Farm Bureau

Mrs. William Scramlin gave an account of her trip as delegate to the meeting of the National Farm Bureau at Atlanta, Georgia, to the Ortonville Farm Bureau members when they met Tuesday, February 22 at the home of Mr. and Mrs. Clyde Hartwig of Groveland Road.

Also present as speaker and guest was Mr. Scramlin who spoke in connection with his work as community chairman of the Farm Bureau, co-ordinating groups and members.

Alden Mills spoke urging everyone to secure information about the new constitution and to be sure to vote in the April election.

JV Comeback Not Enough

By Harold Webb, Jr.

The JVs had a rough time the first half of their game with Lake Fenton, falling behind 19-10. They almost bounced back enough the 2nd half to turn the score in their favor but Lake Fenton held on to win 57-54. One of the big factors in Lake Fenton's win was Dick Maser who hit 33 points, 24 of which came in the first half.

Melvin McDowell led Brandon with 14. McDowell hit 9. Steve Hubbs, 22 and Dave Myers 9 in the second half which almost turned the tide for Brandon.

Individual scoring: Brandon, McDowell, 14; Hubbs, 11; Myers 11; Palahan, 8; Saunders 5; Bolyea 2; Cunningham 2; Wagner 2. Total 54.
Lake Fenton: Maser 33; Higgins 11; Lutz 6; Mehall 2; Furey 2; Tyler 2; Lanning 1. Total 57.

Solo Concert At Flint

Sixteen musicians from the Brandon High School Band participated in the District Solo and Ensemble Contests at Beecher High School in Flint on Saturday, February 16th. The number taking part was an improvement over last year when only four attended.

The players do not compete against each other but are graded according to a standard of musical excellence in technique and musicianship. Ratings for the Brandon students were:

Piano Solo: Carla Burget, 1st; Faye Ann Schmidt, 1st.

Clarinet Solo: Lloyd Davis, 2nd; Gail Kilbourn, 2nd.

Flute Duet: Karla Burget and Jan Mayhew, 2nd.

Cornet Solos: James Schank, 2nd; Wayne Wills, 2nd.

Drum Quintet: Jim Munsil, Skip Stensil, Jerry Ashby, Steve Gordon, Lloyd Case, 2nd.

Flute Solo: Jan Mayhew, 2nd; Diane Krantz, 3rd.

Saxophone Duet: Tom Seelbinder and Allen Bess, 3rd.

Tuba: Tom Rexford, 4th.

Chaperones attending with the students said that the group exhibited excellent behavior and were representatives of whom the community could well be proud.

To Attend Legislative Seminar

Mrs. Leona Hutchings is one of the 56 delegates from 30 Michigan counties who will fly to Washington, D.C. for a Legislative Seminar February 24-27.

Leona Hutchings

They plan to visit the capitol, listen to committee hearings, meet with the Michigan legislators, and attend a luncheon which has been arranged by the Michigan Farm Bureau with Michigan's senators and representatives.

Although the delegates have a full schedule, they expect to have about half a day free for sightseeing.

Mrs. Hutchings says that when she returns she will be available for groups who wish to have a report on the seminar.

Death Takes W. H. VanRiper

The loss of W.H. Van Riper, 90, will be sadly felt by the many in the community who knew and respected him. Members of Groveland Grange and the Oakland County Pomona Grange remember him as a loyal member and friend.

Mr. Van Riper died February 14th after an illness of two days. He was a member of Holly Lodge No. 134 F & A M; Electa Chapter No. 160, Order of the Eastern Star; the Calvary Methodist Church of Holly, and Pomona Grange. As a retired employee of the Holly Post Office, he was also a member of the Rural Letter Carriers Association.

Masonic memorial service was held Sunday, February 17th at the Dryer Funeral Home, Holly; funeral services on Monday, February 18 at 2 P.M. Burial was in Lakeside Cemetery.

Surviving are his wife, May T.; a grandson; two great-grandchildren.

BOY SCOUT BANQUET

About eighty Boy Scouts, parents, leaders and friends were present at the Scout Anniversary Banquet on Monday, February 11th at the Brandon High School cafeteria.

Mr. Whipple of the Clinton Valley Boy Scout Council spoke to the group about camping at Camp Agewam. Mr. Charles Stewart, Scout Master, also spoke, remarking that the boys had not been working toward advancement as energetically as they might.

The essay entitled "The Christian Attitude Toward Race Relations" by Jedine Huff, 2220 Hadley Road, won first prize of \$25.00 in the contest sponsored by the Social Concerns Commission of the Seymour Lake Methodist Church. Jedine may use her prize during the summer either toward tuition at a church camp of her choice or she may use it to participate in the annual two-week Senior High Bus Caravan trip. God loves us, God made us all equal in his sight.

"Let us set our minds and reasoning to make this a better world to live in by showing our love toward our fellow men and this will also show our appreciation and love toward God for making us all equal. There is no limit to the amount of love we can show to our fellow men. No one, not even God, has set a limit on love toward all people on the earth."

The Commission of the church said that they had a difficult time trying to pick a winner from the excellent essays entered in the contest which was initiated to tie in with the special Race Relations Sunday the Seymour Lake and Ortonville Methodist Churches observed on Sunday, February 17.

Following is a copy of Jedine's essay:

"Man is a human being containing a mind that is used for reasoning. Usually the mind turns out good reasoning with one exception, the racial problem.

"Christians should treat their brothers with different colored skin just as they do their brothers that have skin pigment similar to their own. Do not try to place them as superior or inferior to us. God placed everything on the earth for a reason. He made men with different colored skin pigment for a reason and it wasn't to have people scorn them and push them around. He made love and we should love our brothers as

People are "quirky". We know a man who can find the value of X (squared even) without resorting to pencil and paper when he helps the children with their homework. Yet this same man is thrown for a complete loop by the teeniest discrepancy in his wife's figuring of their joint checking account.

On February 22nd Jimmy and Harold Schmidt will attend Father and Son Night at Michigan Christian College at Rochester where Darris McCord of the Detroit Lains will be the speaker.

Don't forget the Boy Scout supper on February 22nd at the Veteran's Hall, Varsity Drive. Serving will be from 5 p.m. until all are served. You may be served a little earlier if you plan to attend the basketball game.

Saturday, February 23, is the date set for the Dog Rabies Vaccination Clinic at the Brandon Fire Hall from 1 to 4 P.M. This always brings out an array of every kind and color of dog. Remember to bring a leash or there may be a few unscheduled dog fights.
