## Local United Fund Goal Set During Kick-off Dinner

The Independence Township United Fund kickoff dinner was held last Wednesday, October 9 at Pine Knob.

Sponsored by the Clarkston State Bank, Clarkston Junior Chamber of Commerce, Pine Knob Resort and Berg Cleaners, the dinner was attended by several of the townships U.F. Board members, area chairmen and their workers.

Lewis Wint, local U.F. Board chairman, introduced the speaker for the evening, Karl Bradley, Executive Director, Pontiac Area U.F. He spoke on the benefits of U.F. and also showed a film.

Speaking briefly were Mrs. Keith Hallman, Women's Residential Chairman and Mrs. Richard Kroninger, Chairman Women's Business Campaign.

A goal of \$2988, residential and \$708.50, businesses, was announced by Virginia Loveland, Women's Div. Secretary, Pontiac Area U.F. The campaign dates are October 9-25.

Mrs. Loveland asked workers to encourage the housewife to give even though her husband may give at work. Every dollar helps.

The Clarkston Board of Education received, opened and read bids for the construction of a new elementary school at an open special meeting Thursday, October 10.

At the regular meeting Monday, October 14, contracts were awarded to the three lowest bidders, as follows:

Work will begin on the sixteen room elementary building within ten days and is to be completed by August 15, 1964.

The school is of a one story design with a double loaded corridor oriented on the site to front on Pine Knob Road. The building will be of brick veneer and painted cinder block walls, cement floors covered with vinyl tile, fenestration and entrances are to be aluminum. Grades K through 3 shall utilize self-contained rooms and will be grouped in the north-south corridor.

Grades 4 through 6 will not be self-contained and will be grouped in the east-west corridor.

In addition to the class rooms, the building will consist of a Principal's office, general office, health room, conference room, library, music room, materials center, teacher's lounge, kitchen and storage room.

Total cost of building, including furnishing, supplies and equipment, is estimated to be \$425,000.00. The funds used to erect and furnish this building are monies that were saved from the estimated \$2,500,000 High School bond issue, plus accumulated interests to date on these invested funds.

## Have You Noticed?

Have you noticed lately that trees are dying all about us — or do you care?

It seems as though one concerned citizen of Ortonville does care, and has stated so audibly.

"... just look around you ... they're dying all over, but nobody notices." Alarming — yet, "nobody notices it," claims Alex Solley.

As Brandon Township supervisor, Alex Solley believes that the once beautifully shaded Hadley Road, where he makes his home, is rapidly becoming "death row."

Though the oncoming winter season naturally claims the "life" of our trees for its brief visit, must we stand by and let some unknown force claim the life of our trees permanently?

Insects could be causing the damage, as Solley believes or perhaps nature with its dry weather, or even man with his sprays; but whatever it is, its killing young and old trees alike in areas all about us.

Although Solley doesn't know the exact reason for the loss of so many trees in these past months, his concern should (and has!) aroused concern in others. He is sure that some definite action must be taken "or," as Solley stated in disgust, "there won't be a blasted tree left in 10 years."

## Calling all Girls!

The Clarkston Area Jaycees announced that they will sponsor the second annual Junior Miss Pageant in December. The date will be announced later this month. Mr. Jackson will be assisted by the entire Jaycee membership in the planning and production of the pageant.

The contest is open to any qualified senior girl in the Clarkston area. Intelligence, fitness, and talent rather than beauty is stressed.

Clarkston's winner will compete for the State crown in January at Pontiac. The winner of the State competition will then go to Mobile, Alabama, for the National Junior Miss Pageant in the spring.

Additional information will be presented to interested girls by contacting the Jaycees.

## Homecoming This Weekend

By Cathy Lessard

This year's Homecoming will be the biggest and best ever. This year the traditional bonfire and snake dance will be held on Thursday night (tonight) after football practice.

Friday, October 18 at 8 p.m. Clarkston will play Brighton for the Homecoming game. During half-time the queen and her court will be presented. There will also be float competition between the four classes and various clubs and organizations throughout the school.

After the game there will be an "Alumni Tea" sponsored by the high school faculty in the school.

Saturday, October 19 at 9 p.m. the Homecoming Dance will be held in the high school. The theme this year will be "Moon River".

This year promises to be the best Homecoming Clarkston has ever had, and we'd like to see the biggest turn-out of Alumni yet. This will be an excellent chance to see many of your old classmates and teachers. So come on, good "ole" CHS hasn't forgotten you.

## "BOBBINS" FROM BOB

This week, October 13-19, is National Newspaper week.

What is it? It's a nationwide celebration which pays tribute to the 1770 daily and 9,000 weekly newspapers published in this country.

Its purpose is to emphasize the big difference papers make in your life, the vital role they play in protecting the people's three great freedoms — Freedom of the Press — Freedom of Speech — and Freedom of Religion.

The freedoms which the press protects make an important difference in your life. They guarantee your right to KNOW what your governments, local or national, are doing, to VOICE your own opinions about current problems, and to BELIEVE in whatever ideals you choose, even if they don't coincide with the ideology of the men in Power.

There are many places in the world today — not just in Russia — where editors are throttled for "causing public unrest" or "insulting the government. Cuba is one of those places. People are not free where the press is gagged. The big difference between our lives and theirs is a free press.

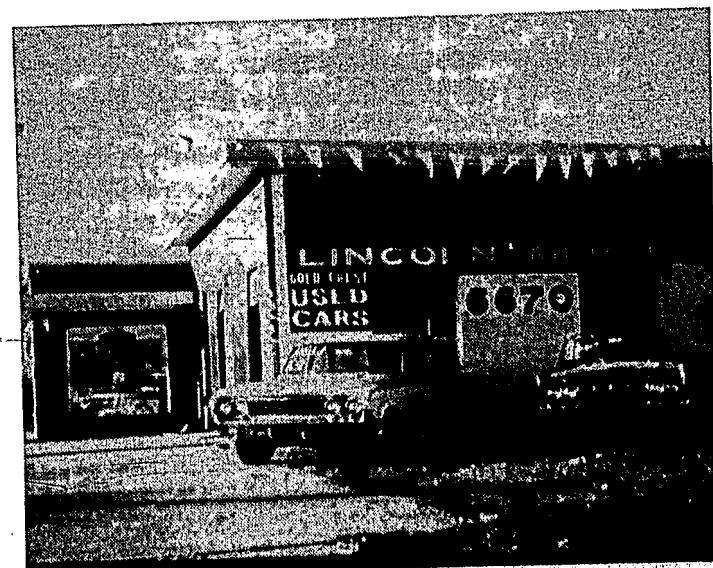

Newspapers make a difference in people's lives everyday. Their news articles tell what is happening in the community; their editorials tell why. The ads are a complete shopper's guide in a nutshell. And that's not all. This newspaper, every newspaper, is constantly trying to improve itself, to serve you better today.

Please stop in at our office on M-15 across from First Federal Savings Friday afternoon or Saturday morning and see the interesting operation of a weekly newspaper. Free refreshments. I'm looking forward to meeting you.

## STRICT CURFEW ENFORCEMENT

According to Robert Phillips, Clarkston Chief of Police, strict enforcement of the 10 p.m. curfew for minors is in effect. Parents of teenagers would do well to see that teens are home before the curfew. It is the parent that pays for the wrongs of their children!

## New Dealer in Area

Lloyd Motors of Pontiac recently opened a branch showroom on Dixie Highway at Maybee Rd. According to the manager, Chuck Montgomery, Lincoln, Mercury, Continental, Comet and English Fords, as well as used cars are available here.

farmer.

man, Glenn Mills; Secretary, Mrs.  
George Gray; Treasurer, Mrs. James

ALL OF US at Bell Telephone are  
constantly seeking ways to keep  
our costs down. For example,  
Western Electric, our manufactur-  
ing and supply unit, has found a  
way of using a new, less costly  
plastic to produce six sets of telephone parts for the  
former cost of five. Such reductions in costs help us  
offset the rise in other costs. This never-ending search  
for savings is an important reason your telephone re-  
mains one of the biggest bargains in your home today.

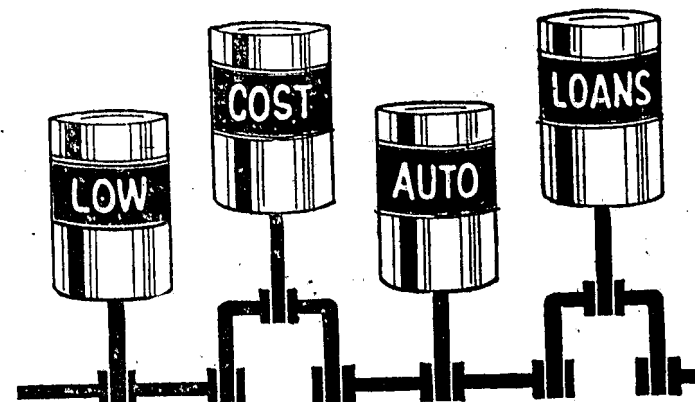

MANY FOLKS who don't see their out-of-town relatives  
or close friends very often have developed the pleas-  
ant habit of visiting them every week at the same  
time—by telephone. Knowing that the person they  
want to talk with will be there at that time, they call  
station-to-station instead of person-to-person. "Station"  
calls cost less than "person" calls. And they go through  
faster, because in most cases you can dial them your-  
self. Why not phone tonight?

INFORMED CITIZENS  
give added strength to  
this nation of ours. Dur-  
ing National Newspaper  
Week, October 13-19, we  
pay tribute to the part  
played by our newspapers  
in keeping us well in-  
formed. And it's a week  
when we at Michigan  
Bell are especially proud  
of the part telephone  
facilities play in helping  
the newspapers gather  
the news and get it to  
you—fast and accurately.

## NEWS for truck owners who need a new one now

Things Chevrolet has developed  
since the last time you bought to  
give you more for your money:

**Double-wall construction.** This fea-  
ture of Chevrolet cabs and the Fleetside  
pickup body has two advantages. Insula-  
tion and sound-deadening material is  
sandwiched between the two layers of  
steel in the cab to give you more comfort;  
in the body, the lower inner wall acts as  
a buffer against load damage, preserving  
the outer appearance of the truck.

**Suspension to fit the truck.** Conven-  
tional half- and three-quarter-ton models  
have independent front suspension with  
variable rate coils in the rear. Variable  
rate coils do not "bottom out" as readily.

Mediums and heavies have I-beam  
suspension with variable-rate leaf springs.  
It automatically stiffens as the load  
increases—and vice versa. It means a  
smoother, flatter ride regardless of load,  
a better handling truck.

**The right engine.** Chevrolet never has  
been in better position to give you the  
type and size you need for maximum  
efficiency. Today there are many dif-  
ferent capacities of gasoline and diesel

Chevrolet truck engines—fours, sixes,  
V8's.

**Stronger frames.** Every conventional  
1964 Chevrolet truck has a ladder-type  
frame. This type is more resilient, better  
able to give with the load and terrain.  
Its simple design also makes it easier to  
mount special bodies on the truck. Its  
riveted side rails are stronger.

**Greater model selection.** This time  
you're going to find it a simple matter to  
pick the exact type of Chevrolet truck  
for the kind of work you do. In delivery  
trucks, for instance, in addition to regu-  
lar panels and pickups, we have eleven  
different sizes of ready-made walk-in  
vans, some with full-width rear doors.

**Quality and value.** Chevrolets today  
are a lot more truck than your money  
bought the last time, and yet the price  
tag is just about the same as 5 or 6 years  
ago. Call your Chevrolet dealer for infor-  
mation or for a demonstration.

Quality trucks always cost less!

Leaders who accompanied the girls were Mrs. Elwyn Leece, Mrs. Wayne Tilton and Mrs. Stewart Owen.

# NEWS PLANS OPEN HOUSE FRIDAY

An open house will be held this Friday from 1 to 5 p.m. and Saturday from 9 a.m. til noon at The Clarkston News to celebrate National Newspaper Week.

Bring the family. Free refreshments. A tour of the shop may prove to be very interesting and educational to young and old alike.

We (Bob, Sonja, Roger, Brenda and Dave) are anxious to meet our vast reading public and show you the operation of a "small town weekly."

Pictures on these two pages are presented to give you an idea of what's in store when you visit us.

The first three pictures show three of the people writing for this paper.

Bringing you some club news and the Clarkston Locals is Mrs. Elwood (Sylvia) Seaman of Snow Apple Drive in Clarkston. Born in Australia, Sylvia has 5 children. Because it is impossible for her

to call everyone each week, births, illnesses, birthdays, visiting friends or relatives, etc. may be called in to Sylvia before noon each Monday. Her number is 625-1895.

Mrs. Vern (Doris) Mayhew has done very well as editor of the Ortonville Eagle portion of The Clarkston News. People in the Ortonville area are urged to call Doris at National 7-3191 if they have any news. Her deadline is also noon on Monday. Doris has 3 children.

If you have an occasion to call or stop in at our office you will be greeted by Brenda Wilson, a recent addition to our staff. Brenda was graduated from Waterford-Kettering High School last June and has worked with us since July 1.

Display advertising, which pays for the newspaper, is collected by the editors wife, Sonja Wilson. Deadline for display ads is 5 p.m. Mondays.

Sylvia Seaman is busily collecting local news items from Clarkston residents.

Speaking to one of her many clients is Doris Mayhew editor of the Ortonville Eagle.

## GOVERNOR ROMNEY REPORTS

My recent tour of 24 cities in Michigan to explain my fiscal reform program has convinced me more than ever that the people of Michigan will support tax reform.

In addition, the experience added to my belief that now is the time for tax reform.

During those six days of traveling, I visited cities from Houghton to Wyandotte, and spoke to more than 7,000 Michigan citizens.

The questions and comments from these people — plus the questions and comments in the many hundreds of letters I've received from Michigan citizens — indicate to me that the majority of people accept the basic structure of the tax reform program I have placed before the legislature.

The doubts and disagreements, generally speaking, have been concerned mainly with various elements of the tax reform program and not with its basic fundamentals.

From these contacts, a pattern has developed. I would like to answer here the questions most frequently asked about my tax reform proposals:

Q. Wouldn't school districts, cities, townships and other local units of government now receiving earmarked funds lose out through repeal or reduction of the property, sales and intangible taxes?

A. Not at all. One of the key features of the program is to replace this revenue so that local government — including schools — would receive exactly the same amount of money they now get from these taxes.

Q. How can we be sure the income tax level will not get out of hand, rising to the heights of the federal income tax?

A. The only certain way to hold taxes down is to hold down spending; if government spends, then taxpayers pay. I would not object to reasonable ceilings for the personal and business income taxes as a part of an acceptable program. I would have no objection if these reasonable ceilings were written into the constitution by a vote of the people, so that future legislatures would have to go back to the people if they wanted to raise tax levels above that point.

Q. Why don't you submit your entire program to a vote of the people?

A. The people elected me knowing that I would propose fiscal reform, including an income tax as part of fiscal reform. I would not be doing my job if I were now to ask the voters to decide what should be done when I was elected on a platform importantly based on straightening out Michigan's tax structure. Besides, how could my entire program be submitted on a ballot? It involves much more than just an income tax; if that were the only question, I'd oppose it myself. My program is a complicated but comprehensive one, which includes business tax relief, property tax relief, consumer tax relief, optional taxing

authority for local government, and other items. It is my responsibility as governor to propose tax reform; it is now the legislature's responsibility to either pass it or defeat it.

Q. Does your program give more money to schools?

A. No. This is a program of tax reform, and not of school financing. I believe improvements must be made in our state school aid formula, to make it more equitable, and I will propose them in January. But I don't believe that tax reform should be confused with school aid improvements. My program does not give more dollars to schools. The 20 percent reduction in school property tax, to be replaced by funds derived from the income taxes, will provide property tax relief for homeowners and businesses. However, it also will loosen up the squeeze on property as the basis for school support in many areas of the state, and needed improvements in local financing of school support should be easier to make. Schools also should be helped by the non-property taxing authority granted to cities and counties which could relieve the property tax base for locally-approved school support, and also by the permission in the new Constitution to fix the allocation of property taxes among schools, counties and local government.

Q. What about this tax deferral proposal for senior citizens? Is it fair?

A. Under my program, property owners over 65 with incomes less than \$2,000 annually and a homestead with market value of from \$10,000 to \$15,000 could apply to have the state pay up to \$200 of their property tax assessed each year for school purposes. In return, these taxes would become payable when the property was sold or transferred on the death of the owners. The purpose of this plan is to provide property tax relief to senior citizens who need it and who ask for it. The plan is entirely voluntary. This is deferral of property taxes; some senior citizens have proposed outright exemption of property taxes, where the state would pay the taxes but have no right to collect them back later. Personally, I prefer the deferral approach rather than the exemption approach for two basic reasons: (1) Under deferral, with the state recovering some of the money from which it excuses senior citizens, the plan would become self-liquidating and could be extended to all senior citizens in a relatively short time, without regard to income levels or property valuation. Under deferral, the only eventual cost to the general taxpayers would be modest amounts for administration. (2) I believe the aim is to help senior citizens, which deferral does. The principal benefit of exemption is received by the heirs of senior citizens who would inherit the property without tax liability. I think there is a serious question whether taxpayers generally should be asked to pay higher taxes to support tax-free inheritance of property by the heirs of senior citizens.

Next you will see the owner-editor, Bob Wilson, who sets all of the type for the paper and writes "Bobbins From Bob".

Busy at work in the next five pictures are Roger Tate, Dave Dengate, Jackie Chisholm and Sonja Wilson.

Roger, a graduate of Pontiac Central's class of '63, worked here under a co-op basis during his last 3 months of school. Since graduation he has worked full time here. Roger lives with his parents in Pontiac.

Playing the role of a printer in the Junior Class play came easy for Dave Dengate due to

his role as all 'round helper at The Clarkston News. The could not promise you a Thursday paper.

Son of Mr. and Mrs. Richard Dengate of Clarkston, Dave will graduate next June. He hopes to be accepted at General Motors Institute, where he will study engineering.

Well known to Clarkston residents is Jackie Chisholm, our faithful folder. Jackie, the son of Mr. and Mrs. Henry Chisholm, has worked for this paper about 3 years.

A most essential role in the production of a weekly newspaper is played by the post

office. Without their understanding and co-operation we

To give credit where credit is due, we salute our postmaster, Elizabeth Ronk, assistant, John Ronk and the remaining force, Edith Holcomb, Marion Lawson, John Adams, Howard Bliss, Arthur Kelly, Ray Kline, Raymond Jarvis and Fred Luth.

Last, but certainly not least, is you, the subscribers. We have shown only two of 1700 families receiving The Clarkston News. Please accept our invitation to our open house and allow us to meet you personally.

# & SATURDAY TO CELEBRATE NNW

Typing one of the many news items brought or called into The Clarkston News daily is Brenda Wilson, secretary in The Clarkston News office.

At the famous "ad tree" in Bob's Hardware, Clarkston, is Jerry "Mrs. Bob" Wertman and "So Says Sonja" Wilson. Mrs. Wilson, the editors wife, is advertising manager.

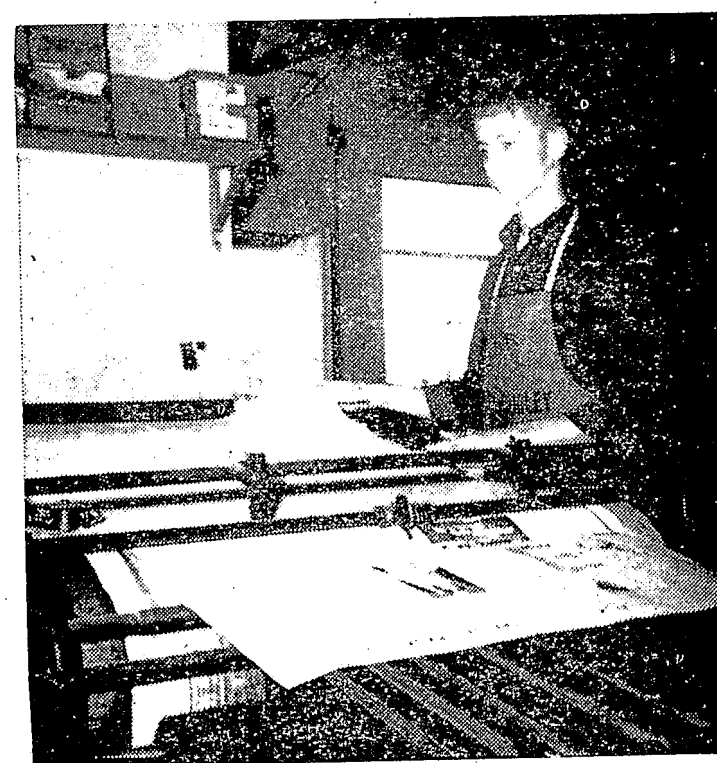

A seemingly complicated machine, the linotype, is manned by the editor, Robert Wilson, busily setting type for the paper.

Working on the front page is Roger Tate, press foreman, setting "heads" for that page.

Here, Roger is locking up the front page. From here it is placed on the press.

"Our Man Friday", David Dengate, pulls a proof of the Ortonville Eagle and church pages.

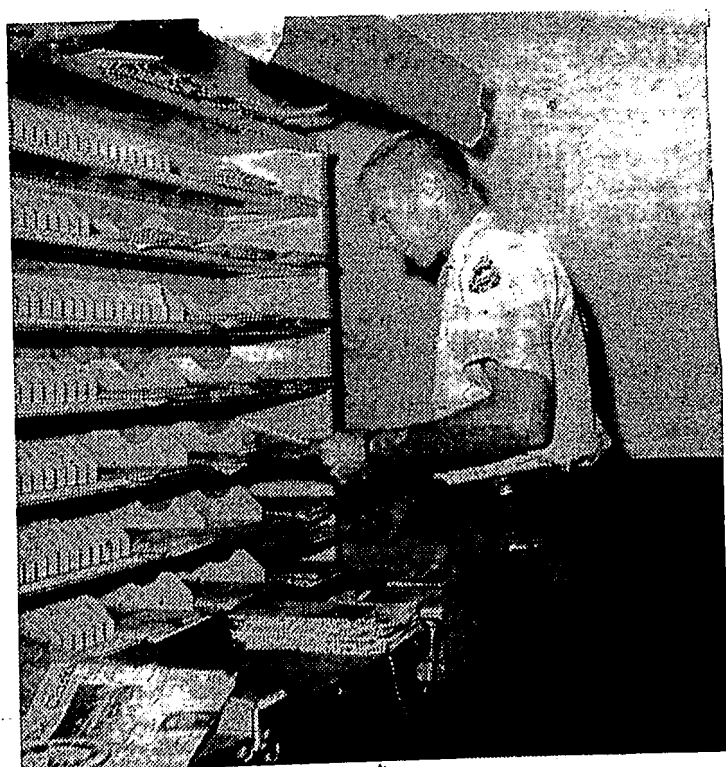

Gathering and folding the completed paper is Jackie Chisholm, a long time employee of the paper.

An hand operated addressing machine is used to address the papers. Sonja Wilson takes charge here.

Nearing its destination, the papers are being sorted and placed in boxes by Clarkston Postmaster, Elizabeth Ronk.

A rural route carrier, John Adams, sorts his papers.

Looking over her copy of the Clarkston News, is Mrs. Lester (Pauline) Westlake of Ortonville.

An interesting headline catches Catherine Graham's eye as she picks up her copy of the paper. She is a Clarkston resident and has three children.

## Local Townships Hold Meetings

Main business of the Groveland Township Board Meeting, besides the payment of bills was listening to a complaint from Mr. Gene Thompson of Tripp Road. Mr. Thompson wanted the township to install speed limit signs at each end of Tripp Road to curb speeders who use the road for a race track. The Board advised Mr. Thompson that the placing of signs would not be the duty of the Township officers.

Mrs. Burek was present to again protest the excavation of gravel behind the motel which she operates. No action was taken on her complaint.

Many events leading up to the big night were under the direction of the Senior class with Mr. Cerasoli as advisor.

Monday was Blue and White Day. All students were urged to be patriotic and wear the school colors. Tuesday was Sweat-shirt Day; this gave a chance to relax a bit. Wednesday was Dress-Up Day; every-

one looked his finest. There was no school today, and will be no school tomorrow. The activities still go on. Tonight, there will be a snake dance, starting at the site of the old school and continuing to the baseball field. On the baseball field, a bonfire will be built. The cheerleaders will lead the spectators in cheers around the bonfire.

Friday night at 7:00, the Homecoming parade will begin. In the parade will be floats, from classes 7-12, and other organizations, and king and queen candidates from classes 9-12.

### GROVELAND HILLS EXTENSION

The Groveland Hills Home Economics Extension Study Group met at the home of Mrs. George Gray on Croup Road.

After a dessert luncheon Mrs. Jack Spencer and Mrs. Ray MacDiarmid presented the lesson, "Art In The Home". They exhibited a kit demonstrating the proper framing of pictures and placing them on the wall area. There was also a discussion of artists, paintings and other types of art.

By Doris Mayhew  
National 7-3191

Friends who think the fantastic things that happen to us are much more interesting than the gossip we print, have suggested that we do a column called, "A Day With Doris". Our reply is, "Who would believe it?" For instance, who would believe that last Friday night on Highway I-75 we smashed our car in a collision with an overstuffed living-room chair?

Clyde Hartwig of Groveland Road will be "batching" it for a couple of weeks while Mrs. Hartwig makes a tour of the west with her brother's family, the Charles Pratts of Horton Road, Goodrich. They plan to visit the Grand Canyon, and will also include visits to Abilene, Kansas to the Eisenhower Memorial and to Hannibal, Missouri of Mark Twain fame. The highlight of the trip for Mrs. Hartwig will be a visit with her son, Mr. Thomas Scranton of Phoenix Arizona.

So that the majorettes may appear at their prancing best for the homecoming parade Friday night, seven needwomen are busily stitching spanking new uniforms for them. The volunteers are Mrs. Gardner, Mrs. Edward Kassuba, Mrs. Bud

for the lead with two wins apiece. The two meet at Brandon's homecoming next Friday, which should prove to be one of the best games of the year. Game time is 8 p.m. following the homecoming parade through Ortonville.

Box Score:  
Brandon 12 6 7 0 - 25  
Goodrich 6 0 0 0 - 6

Hiser, Mrs. Elwyn Leece, Mrs. Monroe Frick, Mrs. Alan Solley and Mrs. Dexter Moore.

Mr. and Mrs. Harold Schmidt attended the annual Fall Lectureship at Michigan Christian College, Rochester.

Mr. and Mrs. Jay Cox of Thayer Road entertained her parents, Mr. and Mrs. McGee of Maceday Lake, Sunday for dinner to celebrate Mrs. McGee's birthday.

We hope the Brandon Freshman Class has enough able-bodied members left to enjoy the homecoming. So far Paulette Girdley has an injured ankle, Dennis Jacobs broke his foot in Physical Education class and Norman Mills sustained a severe injury to his kneecap while working on the class float.

Newlyweds, Mr. and Mrs. Johnnte Stayton have moved into an apartment in the home of her parents, Mr. and Mrs. Jack Spencer of Groveland Road.

Mr. and Mrs. P. D. Edwards from Cloquet, Minnesota were houseguests at the home of Mr. and Mrs. Joseph Roman of Groveland Road. Sunday they all went to Clawson to visit Mr. and Mrs. Phillip Darga.

As usual, lack of adult leadership is keeping many potential Cub Scouts and Brownies from enjoying the many benefits of the Scouting programs. The Cub Scouts need a Cubmaster and Den Mothers. The Girl Scouts need leaders before they can accommodate the many little girls on their long waiting lists. Some of the adults generously devoting their time to the program do not have children. They would appreciate the help of the parents or some of the prospective scouts.

Don't forget to order your cider from a band or chorus student. The Music Boosters will be grateful for your support. If you can contribute any gallon jugs, please contact Mr. Gardner, the band director, or Mr. Harold Schmidt at H. & S. Market in Ortonville.

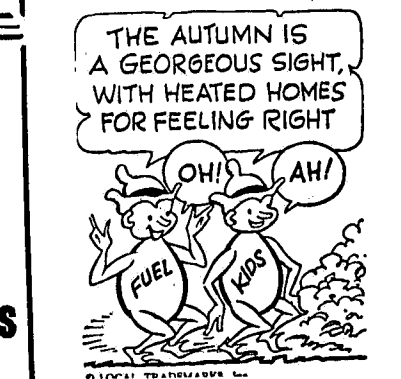

We know at least one downy woodpecker who thinks he has solved his winter housing problem. For the past month he has been tap-tapping away and now has a hole the size of a baseball in the corner of our house. Our problem: After all that effort should we let him alone or should we fill the hole and cover it with a metal lid? Suggestions?

Have you people who drive on Perryville Road noticed the beautiful dahlias grown this year by Mr. and Mrs. Martin Ball and Mr. Alfred Smith?
