## A do-it-yourself

## retirement plan that really works

Just a few pennies a day invested now in U.S. Savings Bonds can help you build security for the future.

Here's a retirement plan you can set up yourself, administer yourself with no fees or expenses, and go into with absolute confidence.

Start with Series E Bonds You begin by buying E Bonds where you bank, or automatically on the Payroll Savings Plan where you work. When you hold them for 17 years, 9 months, you get almost double your money back \$1.93 for every \$1 in-Y 2 vested.

When you retire, you can exchange your E Bonds for H. Bonds, H Bonds pay interest to you semi-annually in

cash-at 3.75% when held to maturity. There's no charge for trading. And the interest you accumulated before the trade is not taxable until you cash in your H Bonds.

A riskless plan A U.S. Savings Bonds retirement plan is completely without risk. Your money keeps on growing, guaranteed by the Government. You can get it anytime you want with interest. And if your Bonds are ever lost or destroyed, the Treasury replaces them free. Why not look into this plan today?

The fire and shift for 24 out the
