Head On Collision Cause Of Girl's Death

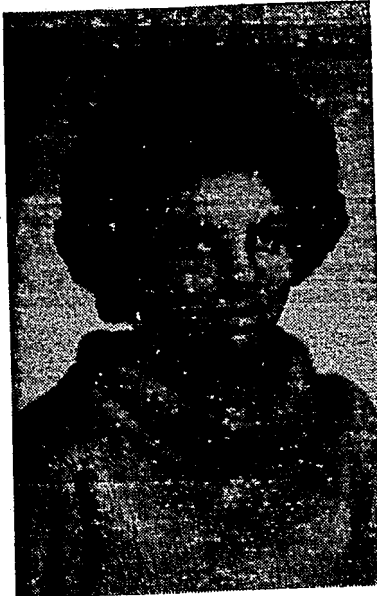

Perry Lake Road near Sherwood in Brandon Township was the scene of a head-on crash last Wednesday, January 29 which later took the life of a twelve year old Brandon Township girl.

Sharon Morgan, 12, of 1895 Perry Lake Road, a passenger in a car driven by Eva L. Balmer, also of Brandon Township, died Friday in Pontiac General Hospital two days after the accident.

According to sheriff's deputies, James Coak of Holly, driver of the other car thought he saw the Balmer car in the middle of the road and skidded on ice when he applied his brakes. He received facial lacerations and a knee injury.

Eva Balmer of 995 M-15 received serious head injuries. Sharon is survived by her parents, Mr. and Mrs. Roy Morgan; three brothers, Murie, Gary and Benjamin; two sisters, Cindy and Antoinette; and grandparents, Mrs. Mildred Bugbee and Mr. and Mrs. Benjamin Morgan.

Services were held Monday at the C. F. Sherman Funeral Home in Ortonville with interment at Ortonville Cemetery. The Reverend Roy Bottruff officiated.

Clarkston Rolls Past Milford 81-50

By Mel Vaara

Clarkston rebounded real well after their first loss at the hands of Holly. They rolled over Milford by the score of 81-50.

Clarkston looked very good in defeating Milford for their 9th win of the campaign. They played very well as a unit. Jon Gary was inserted into the starting line up for the first time and helped to control the boards. Clarkston changed their defense from a loose man-to-man, to a 1-2-2 press, which changed the style of play of Milford. They started to drive with more authority, which resulted in easy buckets. With these three changes, along with hustle, "the smooth-operating machine" as quoted by F. Spears of the Pontiac Press, began to operate on all pistons. By operating in full gear they outscored Milford 50-24 in the 1st half. During the start of the 3rd quarter Clarkston was still scoring at a rapid pace. So with only 4 minutes gone in the 3rd quarter, coach Mauti let his reserve play the rest of the game.

Dan Craven regained his fine touch in shooting, and scored 28 points with long jumpers and some neat drive-ins. Miskin scored only 10 points, but set up many other boys for easy lay-ups with his slick ball handling. During the past few ball games, the M-C boys have been taking turns to be better high point getter in the ball game. In this game it was Craven, in the Holly game Miskin, Northville game Craven, Bloomfield Hills, Miskin, Clarenceville game Craven. In earlier ball games they scored an equal amount in each game.

Mike Bray scored 10 points and was the leading rebounder on the team. One coach commented "Bray is the key to their game". Every team needs that big man to get the ball off the boards and Bray has to be that man, to enable Clarkston to remain on top.

Dan Fife scored only 5 points, but was the number 1 man on Dom Mauti's zone press. Gary Pearson led the reserves with 8 points. This Friday we travel to Brighton, Clarkston soundly trounced Brighton before, but both games will be barn burners, because a game of basketball is very difficult to play in the Brighton gym.

Well - the roof fill in on the Junior Wolves of Clarkston, the rains came down in the form of basketballs going through buckets. Milford literally clobbered Clarkston by the score of 67-27.

In their first meeting Clarkston defeated Milford, but in this outing they were of no match for the

Redskin Five. Milford played a tough 2-3 zone and forced the smaller Wolves to shoot from outside the normal shooting range. They took 67 shots and made only 10. Clarkston played a hustling game, but Milford could do no wrong. Everything Milford threw up in the air came down through the hoop. Milford controlled the boards with their giants, 4 maintained a real good fast break pattern, scoring many points on easy buckets.

This was the first team we have faced this year. It's a wonder they have lost 4 games with three over grown boys and two fine guards.

Rod Allen was the only boy who played up to par. He got 9 points and hauling down 10 rebounds. The remainder of the starting unit was way off form and they left the game during the middle of the 3rd quarter with the 12 reserves finishing the game. They had lots of fun playing, but scored only three points.

Masons and Stars To Be Honored

The Job's Daughters of Bethel No. 25 of Clarkston will honor the Master Masons and the Eastern Stars at their regular meeting next Monday night at the Clarkston Masonic Temple at 7:00 P.M. The ceremony of initiation will be conferred upon Miss Doretta Conley and Miss Margaret Cinque by the Honored Queen, Pat Kath and her officers.

Reservations are still being taken for the dinner and reception honoring Mr. Jess Sparkman, Associate Grand Guardian of the Grand Guardian Council of Michigan who is from the Clarkston Bethel. The dinner is at 5:30 p.m. this Saturday at the Davisburg Masonic Temple and anyone wishing to purchase tickets are asked to call Mrs. Frank Strother at MA 5-4151 before Friday. After the dinner, the Grand Bethel officers will exemplify the initiatory degrees upon Miss Deborah Burling and Miss Linda Sparkman. The dinner is open to the public but the Grand Bethel exemplification will be held at a closed meeting.

Women's Club Visits Art Dept.

The Clarkston Women's Club held their January meeting in the art department of the Clarkston Senior High School. A business meeting was held first and then Mrs. Virgil Campbell, the art instructor for the high school, proceeded to acquaint the club with the facilities of the art room.

Weaving, metal work, and ceramics are three of the crafts which seem to be very popular with the students so Mrs. Campbell tried to familiarize the group with each skill. The department has two large looms and several small ones. The projects chosen by the students range from suit material to place mats and each is given a chance during the year to become acquainted with the loom.

Numerous metal pieces were displayed and the various methods used in making them were explained. The silver bowls, pitchers, silverware, and jewelry were so beautiful that it was hard to believe things such as this were made by high school students.

Mrs. Campbell showed us the process a piece of clay goes through to be transformed into a ceramic object such as we see in a shop. The art department fires their own work and they have one electric and one manual potters wheel. She shaped a bowl on the electric wheel which was a most interesting demonstration to watch. The high school and our art students are indeed lucky to have such a fine instructor.

Chorus Plans Friday Concert

"Manhattan Towers," a musical tour of New York City will be the theme of the concert to be presented by the Waterford Civic Chorus on Friday, February 7, 8:15 p.m. at Pierce Junior High School on Hatchery Road.

Under the direction of Arden Sears, the chorus will sing a variety of religious folk and Broadway numbers.

Special features will include an operatic duet by Roy Lambert and Dave Cliffe, solo by Agnes LeVigne,

and Gordon Jenkin's "Manhattan Towers" sung by the chorus and narrated by Don Dasek.

Tickets may be purchased from any chorus member or at the door.

The chorus is sponsored by the Waterford Recreation Department.

Clarkston Debators Eligible For Detroit Free Press Award

With two victories in the final Wayne-Oakland League meet at Northville, the Clarkston debaters became eligible for the Detroit Free Press wall plaque which is awarded each year to those schools winning 75% of their league debates.

Final wins were gained over Holly, by the negative team of Rick Lausten and Roger Pearson, and over Brighton, by the affirmative

team of Gary Fitch and Tom Masters. Clarkston finished the league season in third place with 6 wins and 2 losses.

The team also completed its state schedule debates last week, gaining two decisions over Oak Park. Added to three previous splits with Waterford Kettering, Pontiac Northern, and Plymouth - the final record in state competition is 5 wins and 3 losses. Coupled with their 6-2 league record, Clarkston ended the regular season with an overall record of 11 wins and 5 losses.

Clarkston debate coach Lee Moore will take the team into district tournament competition at Oakland University Friday.

Rotary Anns Plan Rummage Sale

The Clarkston Rotary Anns held their January meeting at the home of Mrs. L. M. Oakley on Warbler Drive. Co-hostesses were Mrs. Keith Hallman and Mrs. Charles Robinson.

The business meeting was conducted by Past President Mrs. Earl Terry. Among the items discussed was the annual rummage sale which will be held in April. The date of the sale will be announced later. Rummage Sale chairman is Mrs. Earl Terry and her assistants are Mrs. Robert L. Jones, Mrs. Rudy Schwarze and Mrs. W. H. Stamp.

Following the business meeting Mrs. Charles Beach showed a movie in which a Chevrolet car was lifted by helicopter to the top of a pinnacle in a western canyon. The scenery was beautiful but the raising of the car was rather frightening.

To close the evening dainty refreshments were served.

Polio Clinic A Success

The Clarkston Parent-Teacher Association Health Committee, under the direction of Mrs. Richard Kroninger, would like to thank the residents of Independence Township for the fine response given to the Polio Clinic conducted on Tuesday, January 28, 1964. 1,775 persons took advantage of the low cost charged for the polio shots.

Very special thanks to Mr. Keith Hallman, O'Dell Drugs for his time and effort in securing the NEEDLE-LESS type injection-gun which was made available by Mr. Charles Wood, representative of the Eli Lilly Pharmaceutical Company.

Over a year of hard work and study has finally paid off for these five boys. This Sunday they will receive their God and Country Awards at the Sashabaw United Presbyterian Church which sponsors Boy Scout Troop 124. The scout master is Mr. Virgil

Vows Spoken In Candlelight

United in marriage at 7:30 P.M. Saturday, February 1st in the First Methodist Church, Clarkston, were Miss Elizabeth Ann, Pence and Winston Farmer, Jr.

The bride is the daughter of Mr. and Mrs. Ira Pence, Sr. of Clarkston. Parents of the bridegroom are Mr. and Mrs. Winston Farmer, Sr. also of Clarkston.

The Reverend Lewis Sutton, pastor of the church performed the double ring ceremony.

Wedding music was provided by Adele Thomas, church organist.

For the candlelight service the bride chose a floor length gown of embossed peau satin with chapel train. A mantilla of imported lace completed her costume. A white orchid centered her bouquet of white carnations and Lily of the valley.

Attending the bride as maid of honor was Kathy Farmer, sister of the groom.

Serving as bridesmaids were Mrs. Ira Pence, Jr., sister-in-law of the bride and Luelyn Brabbs, the brides cousin. They wore identical gowns of emerald green velvet. Each wore a white fur headband and carried white fur muffins topped with yellow roses and streamers.

Owen Drinhard, uncle of the groom was best man. Ira Pence, Jr., Arthur Fowlkes and Jim Drinhard acted as the groomsmen.

The wedding reception was held in the church parlors immediately following the wedding ceremony.

The brides mother chose a blue lace dress for the occasion, on which she pinned a corsage of yellow roses.

The grooms mother wore turquoise chiffon over taffeta with a yellow rose corsage.

Guests attending were from Detroit, Mt. Clemens, Monroe, Genesee, Hadley, Pontiac and Virginia. Also the brides maternal grandmother Mrs. Joseph Sawyer from Florida.

After a short honeymoon the couple will reside in Auburn Mobile village.

Humphrey - Powell Vows Spoken

Vows were exchanged by Jean Louise Powell and Thomas Russell Humphreys, Jr. before Father Murphy in St. Vincent De Paul Church last Saturday.

Daughter of Mr. and Mrs. Jess C. Powell of 6300 Orion Rd., the bride appeared in floor length white satin with alencon lace. Seed pearls accented the bateau neckline and graceful folds of the line skirt fell into a chapel train. Her bouffant veil fell from a pearl crown. She carried a cascade arrangement of white carnations with pittosporum.

Junior bridesmaid Cheryl Powell, sister of the bride appeared in yellow nylon over taffeta and carried a colonial arrangement of yellow tipped carnations.

Matron of honor, Mrs. David Womack of Pontiac, wore pale aqua taffeta and aqua tipped carnations were her flowers.

David Womack of Pontiac, was best man and brothers of the bride, Norm, Donald and Brian Powell were ushers.

Mrs. Powell wore red accessories with her Navy blue sheath dress and Mrs. Humphreys chose deep yellow accessories with her Navy blue silk shantung dress.

Some 125 guests attended the noon reception at St. Michaels Hall in Pontiac.

The couple will make their home in Pontiac.

The bridegroom is a graduate of Radio Electronics Television Schools in Detroit.

Mrs. Thomas Russell Humphreys, Jr.

★ Know Your Michigan Law ★

By Attorney General Frank J. Kelly
(This is a public service article explaining in general terms a provision of Michigan law. Individuals who wish to determine the effect of any law upon their private legal affairs should consult a private attorney.)

Since 1899, Michigan has had an inheritance tax. It provides for the taxation of inheritances, transfers of property by will, transfer of property by interstate laws of this state or transfers of property by deed, grant, bargain, sale or gift made in contemplation of death of the grantor, vendor or donor or intended to take effect in possession or enjoyment at or after such death where the value of the property is \$100 or over.

The Michigan inheritance tax does not apply to jointly owned savings bonds, joint bank accounts nor to life insurance. An inheritance tax does apply where a grant or gift is made by the grantor or donor when he is in fear of imminent death and, thereby, desires to dispose of his property. Such transfers are deemed to be made in contemplation of death.

The act provides an exemption from taxation to any transfer of property of the clear market value of \$5,000 when the person or persons entitled to any beneficial interest in the property is the grandfather, grandmother, father, mother, child, brother, sister, widow or a daughter; child or adopted child widow of a son or the husband of the decedent grantor, donor, or vendor. Where the transfer is to a husband or wife, the inheritance tax extends an exemption to property of the clear market value of \$30,000.

Any transfers of property to these relatives are taxed after the exemption is excluded at a rate of 2% on the first \$50,000; 4% on the next \$250,000, etc.

Transfers of property to all other persons is taxed at 10% up to \$50,000, and above such amount on an ascending scale. However, transfers of property to corporations and foundations incorporated in Michigan (outside Michigan if recip-

city exists) for benevolent, charitable and similar purposes are exempt from tax. In other words, there is no tax on a transfer to persons or corporations exempt by law for taxation on real or personal property.

The Michigan inheritance tax is computed on the clear market value of the property transferred at time of death. If the inheritance tax is paid within 12 months from the death of the deceased, the law allows a discount of 5%; the tax can be paid within 18 months from date of death without any interest charges. However, 8% interest per year is charged from date of accruing where the inheritance tax is not paid within 18 months.

You should also know that there is a federal estate tax which must be considered in these questions. The best advice is to contact an attorney.

It is said that two things are inescapable in our lifetime: that is, death and taxes, and the Michigan inheritance tax continues after our death.

Consumers Power To Expand In This Area

More than \$2,000,000 will be invested by Consumers Power Company during 1964 on projects to expand and improve natural gas service in its Pontiac division area, Division Manager Charles F. Brown announced Thursday.

Mr. Brown said that more than 65 miles of new gas mains will be installed at various locations in the general Pontiac area during the year to bring gas service to an estimated 3,100 new customers.

In addition, he said, several miles of older mains will be replaced or refurbished, improving service to another 1,000 gas customers during the year.

Extensive remodeling of the company's downtown Pontiac sales floor will also take place during the year, Mr. Brown said. The project is designed to provide more efficient and convenient facilities for customers who visit the building on business. Offices of company people who have frequent contact with customers will be located on the floor for easy access, and re-lighting and redecorating will enhance the general appearance of the building and the neighborhood as well, Mr. Brown added. Considerable remodeling will also be effected at our Wessen Street Service Center and minor changes at our local office in Rochester.

Also in Pontiac, where Consumers provides electric as well as natural gas service, some \$250,000 will be spent on electric system improvements or on modifications necessitated by general construction activity downtown.

The Pontiac division projects are part of Consumers Power Company's general 1964 construction

and improvement program, in which the company is investing \$58,000,000 in its 65-county Outstate Michigan service area to provide for the growing demands for both electricity and gas, Mr. Brown added. The Pontiac division serves all the municipalities in North Oakland County.

Did You Get Your Refund?

"When will I get my refund?" one of the most frequent tax questions according to Mr. R. I. Nixon, Detroit District Director of Internal Revenue. He said that the failure to receive a refund - check or savings bond - is usually caused by illegible names or addresses.

Mr. Nixon said that it is permissible to sign your name at the bottom of the return the way you always sign your name, even your signature is a hurried scrawl. At the top of the return, however, your name should also be carefully printed or typed along with your social security number. In other words, eliminate any doubt as to who you are and where you live.

Each year thousands of refund checks are returned to Internal Revenue offices because the postman cannot deliver them.

Mr. Nixon said that if the taxpayer has moved, he should show his new address to promptly receive refunds and other mail from Internal Revenue. If he moves after filing, a forwarding address should be left with the post office.

Community College Teenagers Urged to Speakers' Workshop Quit Smoking Set for Feb. 12

A speakers workshop for proponents of a Community College has been set for 8 p.m. Thursday, February 12, at Pierce Jr. High School, 5145 Hatchery Road, Drayton Plains.

Mrs. John May, chairman of the Speakers Bureau for the Community College Citizens Committee (COCC) said this is the third such workshop to be scheduled.

The first session will be held at 10 a.m. Saturday, February 1, at 200 N. Woodward. A second workshop is set for 8 p.m. Monday, February 3, at 17600 W. Eight Mile, Southfield.

Prospective speakers will see a film "The Community College - Catalyst of a Community," which has been loaned to the COCC from Henry Ford Community College in Dearborn.

Harold J. Abrams, COCC secretary, will demonstrate the use of an overhead projector in presenting facts and figures on educational needs on national, state and local levels.

Legal aspects of establishing a two-year college in Oakland County will be presented by Burton R. Shifman of Oak Park. Eugene Kuthy of Royal Oak, will brief the financial proposals made by the Citizens Study Committee in 1962.

Speakers will be available to P-TA groups, unions, clubs, professional and other organizations, Mrs. May said. Arrangements for speakers may be made by calling the Speakers Bureau, MI 6-2599, or writing to Mrs. May at 2012 Yorkshire, Birmingham.

"Resolved - if I am not smoking now, I won't start; if I am smoking now, I'll quit."

This was the Resolution proposed primarily for teenagers - but not omitting anybody older, particularly fathers and mothers - by Dr. Par W. Willis, president-elect of the Michigan Heart Association and cardiologist at the University of Michigan Hospital in Ann Arbor.

"And mean it when you resolve not to start," said Dr. Willis.

"The price you pay in good health is just not worth it. At least twice as many cigarette smokers as non-smokers die of heart attack, disease which is the leading cause of death in America today. And far more cigarette smokers get lung cancer or difficult, chronic lung diseases.

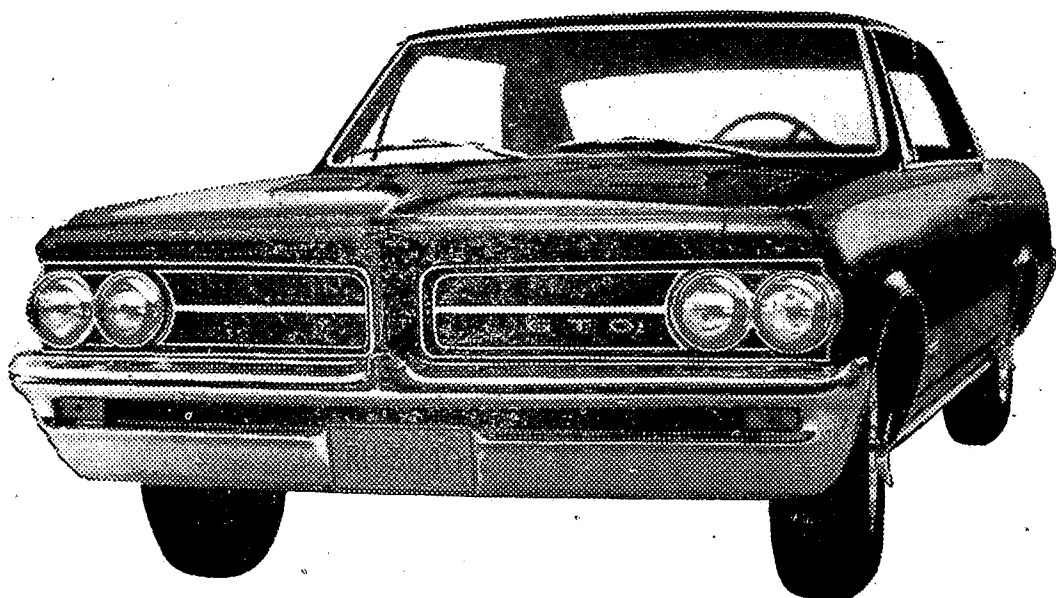

"One of the better ways to stop or avoid starting is to keep in mind all the disagreeable things," Dr. Willis added. "List the stained teeth and fingers, bad breath and odors and holes burned in clothing and rugs. Consider the money gone, the loss of your good wind on flavors of food and a tyranny that can take you out in the snow at 2 a.m. because you are out of cigarettes."

Dr. Willis, who cited a recent decision of the Board of Directors of the American Heart Association to discourage smoking, urged parents to quit as an example to their children. "Twice as many students smoke when both parents smoke," he said. Strongly expressed parental disapproval of smoking will also help."

NOW THAT ALL THE SHOUTING IS OVER

WE WANT TO ANNOUNCE THAT THE PONTIAC GTO WON CLASS 2

OF THE PURE OIL PERFORMANCE TRIALS

WE'RE NOT SURPRISED

In three grueling tests of acceleration, braking and economy, Pontiac GTO with an optional 348-hp engine outscored every other car in its class to cop the winner's trophy for Class 2 of the NASCAR sanctioned and supervised

event. This meant beating five other makes with large V-8 engines of 362 to 400 cubic inches, each a finely-tuned production car with a skilled driver at the wheel. Which merely proves that the Tempest GTO is all Pontiac.

YOU AND ATOMIC ENERGY

Mrs. Enrico Fermi and Walker L. Cisler at Enrico Fermi Atomic Power Plant, October 13, 1960. The plant is named in honor of the late, famous Italian-American physicist.

Machines greatly increase the productivity of the men who work in industry. They help make possible higher wages, shorter hours and our country's superior living standards. The energy the machines use, electric power, is one of the lesser costs of production. Nevertheless, it is a part of the total cost of the finished product.

Michigan doesn't contain much native coal, oil or gas—not nearly enough to provide all the energy necessary to run our great industries and provide for the needs of the state's more than 8-million citizens. So fuel must be imported and its transportation costs money. About half of Edison's cost of coal is in the transportation of it, literally by the train load and boat load.

In contrast, uranium, processed to run an atomic energy power plant, is measured by the pound. So its transportation cost is an insignificant factor. Going a step further, the Enrico Fermi Atomic Power Plant, near Monroe, has a special kind of nuclear reactor, a breeder reactor. I believe that this type of reactor, which produces more fissionable material than it consumes, is one of the most important projects of its kind in the world.

As Dr. Fermi said in 1945, "The country which first develops a breeder reactor will have a great competitive advantage in atomic energy."

It is good that Michigan is the site for this kind of research and development work, and that the power it produces will be distributed over our lines. It's one of the ways by which we seek to overcome higher generating costs and produce electric energy at as low a cost as possible.

An important part of our service to you is preparing for the future in this way, by pioneering and participating in the research and development that are so meaningful to you, to our state, our nation and to the world at large.

Sincerely,

Walker L. Cisler

New Hair Style For Spring

Anita Clark displays a new coiffure for Spring, "Bonita". This ultimately feminine hair style was achieved through special shaping and a professional permanent wave for softness.

It was styled by "Ruth" of Coiffure par Anne in Drayton Plains.

The three beauticians, Delia Garcia, Ruth Roberts and Betsy Boyce, as well as Anne Howard, owner of Coiffure par Anne, plan to attend the North American Beauty and Fashion Show in Detroit, February 9, 10 and 11.

Because of the show, the shop will be closed Monday, February 10.

KAY'S KITCHEN KAPERS

By Kay Lewis

Don't you think sometimes we're living too much out of cans boxes and freezers? When I get in one of these moods I get out this old recipe given to me by a very dear friend many years ago.

Next I take my courage in hand and go shock my butcher by asking for, of all things, a six pound (or less) beef brisket. He will probably have to order it for me. On the way back I stop at the drug store and purchase a small amount of salt peter.

When I get home I retrieve a small crock, which I keep for these purposes, which has found it's way to the basement again. Now I'm ready to corn some beef. Here's the recipe of Florence Ladd.

CORNED BEEF

6 lbs. beef brisket
5 lbs. salt
3 lbs. sugar
2 cloves garlic if you like Kosher
Salt peter size of a hazel nut
Dissolve above in enough water to cover meat. Let stand 36 hours.
Cook beef in sauce water after the 36 hours are up. I add about 10 pepper corns (whole black pepper) and a couple large bay leaves. Cook meat until done.

I put the meat in the crock, after washing (the meat of course). Cover with the brine, invert a plate and weight down with a stone. I then cover with a clean cloth fold out of childrens and dogs reach fold my arms akimbo and feel oh so

domestic.
After the beef is cooked it keeps very well. You can have corned beef and cabbage or sliced cold. Remember to slice across the grain of the meat.

If you like capers try this. Sprinkle a few over individual servings of hot buttered broccoli. Its really different!

CHEVELLE! MALIBU SUPER SPORTS by CHEVROLET

What's so super about the Chevelle Malibu Super Sports?

Inside? Front bucket seats. All-vinyl interior. Ammeter, oil pressure and water temp gauges. Floor-mounted straight-line shift lever for Powerglide* or sporty 4-Speed* stick shift.

Under the hood? Lots of choice. Two Sixes—standard 120-hp and optional 155-hp*. Three V8's, from standard 283-cu.-in. up to (you're reading it right!) 327-cu.-in.* Try this one to flatten out hills!

Options** Electric tachometer, Positraction

rear axle, sintered-metallic brake linings and sports-styled simulated walnut steering wheel, to name just a few of them.

Outside? Special moldings and wheel covers, SS identification. Actually, about all that's not super about these Malibu SS Coupes and Convertibles is their price.

And the best way to find out what everything else is that makes them so super is to drive one. Your Chevrolet dealer can take care of that.

HIGHER EDUCATION

As never before, this nation is experiencing a dynamic upsurge of concern over our future supply of what is logically referred to as "specialized or leadership" talent. Accelerated economic and technological growth conflicting with international tensions has made us more aware of our dependence upon qualified scholars and leaders.

What do these facts mean to us as a nation? Quite basically, they mean that we must become more active in the areas of higher education as well as becoming to a greater degree more reliant upon our colleges and universities. It is from these sources that will rise the professional careermen who will operate or guide our schools, hospitals, plants, farms, churches and research centers. Now, and in the future, the 71 Michigan public and private colleges and universities, community colleges, professional and technical schools will train men and women for responsible positions within their communities and at the various state and national levels.

Currently, more than 178,000 students are filling the campuses and classrooms of Michigan's schools where they share the talent of 10,000 faculty members who "light the way to a brighter future for all of us." Your support is vital to the continued development of higher education in Michigan.

This is one of a series of education features published as a public service in cooperation with the Michigan Press Association, the Michigan Education Association and this newspaper.
