## Community Survey Under Way

Clarkston News Photo

Gordon Spielbring, local Jaycee member, is shown briefing Mrs. Donald Auten on the correct procedure to follow when filling out the Citizens Attitude Survey.

All Independence Township residents are urged to co-operate with the local Jaycees in making the survey a success.

The object of the survey is to discover the areas which need improvement in the community.

## "Bobbins" From Bob

A relatively unheard of club in this area, until recently, deserves much more favorable recognition than they have received in past months.

The Oakland County Sportsmen's Club consists of such divisions as: Junior and Senior Rifle Clubs, Archery, Pistol, Skeet and Trap Shooting, Sports Car and Midget Car Clubs and Conservation Committee, to mention a few.

Many family activities such as the Annual Picnic, Children's Christmas Party, Turkey Shoots and Races, to mention a few, are planned with the family in mind.

Anyone wishing further information on the club may call their office at OR 3-7441.

Following is a reprint of a portion of the O.C.S.C. president's column in the club's monthly publication, The Sportsman —

"We members of the Oakland County Sportsmen's Club are deeply concerned in preserving those rights and privileges which were vital in the lives of our forefathers: the right to bear arms with lawful intent, and the right to go into the fields and forests and legally harvest the game. We hold that these rights and privileges are a part of our heritage, and that they are constantly threatened by unappreciative people and by unnecessary destruction.

### LOCAL MAN LEARNS ABOUT NEW POLICIES

Tor A. Hegland, 6085 Cramlane Drive, Clarkston, attended a two-day meeting for Lutheran Mutual Life Insurance company general agents in Waverly this week at which a new series of life insurance policies was introduced by the company.

The new plans, called the Fortunate series, feature lower rates for all insureds as well as special discounts for women. More than 50 general agents for the company attended the meeting. The Lutheran Mutual Life Insurance company was founded in 1879. More than 290,000 policyowners have over \$325,000,000 insurance in force with the company. Assets are listed at more than \$150,000,000.

## Hal Newhouser Visit Clarkston Junior High

Wednesday morning students in the Clarkston Junior High School were honored with the presence of Hal Newhouser, former Detroit Tiger Pitcher, who showed film highlights of the 1963 World Series. A question and answer period followed the films as Mr. Newhouser answered questions asked by the anxious students.

Arrangements for this special treat for the students were made by George Tuson, owner of the Elbow Furniture Company in Waterford. Hal Newhouser joined the Tigers in 1939 at the age of 17. He pitched for the Tigers through 1953 and won 200 games. Two years in a row he was voted "Most Valuable Pitcher".

## Local Store Closing Doors

Gentry's Colonial House in Clarkston is closing. A going out of business sale this week will end several years of service to the people in this area.

Since the death of Herman Gentry in July of 1963, the store has been managed by Mrs. Ray (Ruby) Podger.

Mrs. Herman Gentry has expressed her appreciation and thanks to the people of Clarkston and the surrounding area for their patronage and kindness in the past.

Although Mrs. Gentry has made no definite plans for the future Mrs. Podger plans to leave Clarkston when school is out. Mr. Podger was recently promoted to Chief Plant Protection at Turnstedes Division of the General Motors Company in Cleveland, Ohio. The family plans to make their home there.

## Services Held For Infant

Baby James Michael Williams, son of Mr. and Mrs. Robert W. Williams of Kennett Rd., Pontiac, died suddenly last Saturday, February 22. He was two months old.

Services were held Monday, February 24 at the Lewis E. Wint Funeral Home. The Reverend E. Dale Evanson of St. Stephen Lutheran Church officiated. Burial followed at Babyland in Lakeview.

Surviving are grandparents, Mr. and Mrs. Sherman A. Williams of Clarkston and Mr. and Mrs. Stanley Dobinsk of Pennsylvania. Robert, a brother, also survives.

## Clarkston Hands Clarenceville Defeat; Score 70 - 48

Clarkston Varsity Defeats Clarenceville by the score of 70-48. Clarkston remains in a deadlock with Bloomfield Hills for the league title.

Only 4 points separated Clarkston and Clarenceville at the end of the 1st quarter. In the 2nd quarter Clarenceville narrowed the gap to 2 points, but by halftime the Wolves started to pull away and enjoyed a 9 point lead. Free throws kept Clarenceville in the ball game during the first half. They made 11 out of 14 attempts. Clarkston had only 2 attempts in the 1st half.

At half time Clarenceville's fine coach Jim Leary made the comment, "I only hope we can stay close to your team". Coach Leary's team couldn't stay close, as Clarkston led by 20 points at the 3rd quarter mark and eventually winning by 22 points.

Dan Craven led all scorers with 22 points, keeping up his average in Oakland County. Ken Miskin contributed 17 points to the cause.

## Degrees Awarded 9 from Area

Majority Degrees were conferred on nine members of the Jobs Daughters, Bethel 25 of Clarkston last Monday evening during the regular business meeting. Receiving the degrees, were Phyllis Aldred, Carolyn Ruggles, Janet Nelsey, Judy Fife and Beverly Poorman.

Others were the mesdames Steven Bradshaw (Lois Stuyt), Larry Phelps (Andrea Andrews), Denoy Smith (Joan Payne), and Richard Roy (Carolyn Kaff).

Installing Miss Margaret Cinque as musician of the Bethel was Miss Christine Moore, a past honored queen of Bethel 25.

Preceding the meeting a pot luck dinner was served in the dining room.

## Friends Of Art Plan Meeting

Clarkston's Village Friends of Art Club will meet on Friday evening, February 28th at 8:00 in the Township Hall. On the agenda is a discussion of the Mall Art Show. The response to this show was most gratifying, and many thanks to those who helped so tirelessly, especially the Club's President, Mrs. Kate McLean.

The program will consist of two informative movies, "Grandma Moses" and "Making of a Mural".

Mike Bray netted 7 points, but again looked very impressive on the boards. Jon Gary played one of his finest games since he was inserted into the starting line-up. John Wilberg entered the game as a replacement for starter Dan Fie who had four fouls and responded with 8 points. Wilberg hasn't played much ball this year, but he showed a lot of poise on the basketball floor.

Bloomfield Hills defeated Holly 47-35, so both Clarkston and Bloomfield Hills are still tied for 1st place in loop play. This Friday Clarkston will play Northville and Bloomfield Hills will play Clarenceville. Friday night around 10:00 p.m., one will know who will be W. O. League Champions.

District Action for Clarkston will be held in the spacious gym of Grand Blanc. They have a seating capacity of 3,000. Teams participating will be, Waterford-Kettering, Milford, Clarkston, Howell, and Grand Blanc. — Go Wolves Go.

## JV Wins Also

Clarkston J. V. defeated Clarenceville 67-41. Everybody got into the act in defeating Clarenceville for their 13th win of the long campaign. The starting five for this ball game played only 2 quarters of the game. They were Tom and Rod Allen, King Robinson, Dave Osgood and Bob Gray. The reserves played the remainder of the game with Steve Barnett and John Holcomb looking good.

At the end of the 1st quarter Clarkston led by only 2 points, but by half time they led by 23 points. With 2 1/2 minutes gone in the 3rd quarter, the lead jumped to 40 points.

Rod Allen (player of the week selected by cheerleaders) led the team in scoring with 18. Bob Gray had 11, Tom Allen had 8 and Steve Barnett netted 7 points.

Again the J. V. used the 2-2-1 zone press, which eventually broke the game wide open. This Friday the team closes its successful season against Northville.

## Crocus In Bloom

(Spring Maybe?)

Nine year old Gordon Mason, son of Mr. and Mrs. Milford Mason, of 6279 Cramlane Dr. made a startling discovery last week. While tossing snowballs at the house he found a crocus in full bloom by the corner of the garage. He immediately called The Clarkston News. We were as thrilled as he to know that Spring is on its way.

Thank you Gordon for letting us share your discovery.

One of the main themes at Christian Science churches this Sunday will be from John (1:17): "The law was given by Moses, but grace and truth came by Jesus Christ."

The Bible Lesson on "Christ Jesus" will also include this selection from the Christian Science textbook: "Christianity as Jesus taught it was not a creed, nor a system of ceremonies, nor a special gift from a ritualistic Jehovah; but it was the demonstration of divine Love casting out error and healing the sick, not merely in the name of Christ, or Truth, but in demonstration of Truth, as must be the case in the cycles of divine light" (Science and Health with Key to the Scriptures by Mary Baker Eddy, p. 135).

Words Of Life

A recent newscast states that there will be a great change take place in our spiritual lives. Now YOU can be one of the first to learn how this change will bring Peace, Love, and Happiness to the lives of God's people, and will affect the lives of all people.

Now YOU can learn the difference between the WORDS of our God that never change, and the words of this world that change continually; the difference between the "saved" and the "unsaved", by the words they use.

GOVERNOR ROMNEY REPORTS

The programs which I outlined in recent messages to the legislature will go far in meeting the needs of the people, but the problems of the state cannot be solved by money or legislation alone.

If Michigan had unlimited financial resources to devote to human problems, it could not eliminate those problems without first establishing what they are and how they are to be attacked.

One of the greatest myths of our time is that money and government are sufficient to solve all of the problems of society.

It is wrong to believe that we need money to help the mentally ill and retarded, to help the senior citizens, to combat crime, to eradicate juvenile delinquency, to develop our enormous tourist potential to the fullest extent, or to assist in solving the many problems of youth.

All of these problems are so complex, and are of a character that is changing so rapidly, that it will take all of the imagination and creative energy we can muster to make significant progress toward their solution.

Imagination and energy are not to be found in government alone. We can make greater progress by drawing upon the experience, knowledge, wisdom and time of many citizens from many parts of the state and many different backgrounds.

Of course I have attempted to do this in the past, but the effort has been somewhat limited by the extraordinary amount of time required by the constitutional vote and recount, the need to concentrate on fiscal reform, and the special legislative session on constitutional implementation.

Last week I called together two groups of local officials for the first of a series of governor's conferences to explore some of the pressing problems which confront us.

The first of these conferences, both held in Lansing, was attended by county officials - sheriffs, county clerks, supervisors, registers of deeds and others. The second was attended by city and village officials.

The turnout at these meetings was most encouraging. All of the officials with whom I talked afterward agreed that the discussions had been highly beneficial in identifying problem areas and possible solutions.

I have scheduled additional conferences which I am confident will be just as successful as the first two. They are as follows: - Governor's Conference on Youth, about April 1.

- Governor's Conference on Crime, about April 20. - Governor's Conference on Senior Citizens, about June 15.

- Governor's Conference on Student Education Corps, March 18. - Governor's Conference on Full Employment, about May 30. - Governor's Conference on Upper Peninsula Economic Development, about June 17.

By calling upon the experience and knowledge of those most concerned with these problems, I am sure that we can greatly increase the effectiveness of government in helping to meet the needs of people.

Pontiac YMCA To Give Judo Classes

The Pontiac YMCA, 131 Mt. Clemens, is sponsoring a 10 week course beginning next Thursday, 7:00 P.M., and each Thursday thereafter.

Judo is one of the fastest growing sports in the world. Evidence of this is in the fact that this year Judo has been included as an official Olympic event, the first time this has been done. It is a sport which builds muscular strength and coordination as well as being an excellent sport for self-discipline.

Additional details may be obtained by calling the "Y" at FE 5-6116.

# The Guidance Corner

By Terry Thomas

Director of Guidance and Counseling

## HAS YOUR YOUNGSTER HAD A PHYSICAL EXAMINATION RECENTLY?

Children are sometimes described as being lazy, lacking in ambition, or as having a poor attitude towards school. In many of these cases the cause is one of a physical nature.

Some youngsters encounter serious difficulty in school because of poor vision, inadequate hearing, lack of dental care, or other physical defects.

Each year teachers notify some parents that their child appears to have a physical deficiency such as those mentioned above. The sooner these deficiencies are corrected or strengthened the less of a handi-

cap it is to the youngster in regard to his progress in school.

In counseling with students at the high school level it is sad to discover that a youngster is a poor reader due primarily to an uncorrected vision problem. Even though the parents are notified at this time, the damage academically in most cases has already been done. We all realize that youngsters are terribly handicapped in their educational progress by a deficiency in sight, hearing, or when they suffer from anemia, etc.

We as parents have a responsibility to see that our children are in good physical condition at all times. We are aware that financial problems may exist in regard to remedial measures which may have to be taken, such as glasses, dental work, etc. If such conditions do exist in your family, please call the

counselors at Clarkston High School. They will be able to help you arrange medical and dental care for your children.

It is because we have seen many children suffer throughout their school careers because of physical deficiencies which could have been corrected if discovered at an early age that the Guidance Department of Clarkston High School recommends the following:

A physical examination, which should include the vision, hearing and dental areas, should be given to every child:

- (1) as enter Kindergarten,
- (2) at the 5th grade level,
- (3) at the 9th grade level.

It is always wise to consider a visit to the doctor when school grades begin to fall below the normal pattern. This should be done only after consultation with the teacher.

## More Students Than Last Year

Nine thousand more children are enrolled in Oakland County public schools this year than last and almost half of them are in senior high.

There is an increase of 4,168 in the tenth, eleventh and twelfth grades in the enrollment figures of the 30 school districts that comprise Oakland Schools.

The six grades of the elementary schools accounted for 3,058-child increase, while in the three grades of junior high school 1,997 youngsters were counted over last year's enrollment.

These numbers, from the official September child-count, are the basis on which state aid is paid to local school districts.

Only the kindergartens are less crowded this year. There is a drop of 216 children, which places the number of beginners of 1963-64 at 18,832.

The eleventh grade, increased by 2,287, and the twelfth, with a 1,603 gain, show how far the bumper crop of post-war babies has gone in school. Some educators also believe this figure indicates a higher percentage of youngsters are staying in high school after the legal school leaving age of 16. The total

number of eleventh graders is 12,244, with 9,383 in the twelfth grade.

Other big gains in grade levels are in the seventh grade - 1,023 more children, the sixth grade - 823 more and the eighth - 719 more.

Fifth grade teachers counted 14,714 children in their classes, but the gain over last year was a mere 27 - just enough to fill one new classroom. The next smallest increase was in the ninth grade with 255 more students - enough for nine new classrooms.

The total number of public school children enrolled in all grades and special education classes was 191,926.

## Save Your Vision

How good are your eyes?

If you're a gambler, you would win money betting that the other guy has defective vision. On the basis of statistics, the chances are slightly more than one in two that something is wrong with your eyes.

Close to 80 million Americans wear glasses. There are at least two million who have inadequate vision even with glasses, and about one million are blind. Every year another 30,000 Americans become blind.

To point up the problem of protecting the nation's vision, Congress has proclaimed the first week of March, 1964, "Save Your Vision Week."

There are many popular misconceptions and myths about vision. Some of them are discussed in "Today's Health," the magazine of the American Medical Association.

Ophthalmologists (physicians who specialize in eye care) usually agree that there is no such thing as eye strain. Those pains and discomforts that sometimes follow long hours of watching a jumpy television screen actually are due to eye fatigue. Your eyes need to rest, too.

Children do not outgrow crossed eyes, and this condition should be treated as early as possible. Otherwise some loss of sight could result.

Good vision is important to safe driving of an auto, but perfect vision is by no means required. The driver who has a few drinks under his belt is much more dangerous than the nearsighted driver whose defect is reasonably well corrected with glasses.

Carrots do not improve the vision. Carrots contain vitamin A, but only a very small amount of it is needed and it is found in many of the foods we eat, as well as carrots.

The most common of the serious eye diseases, glaucoma, cannot be

cured, but it usually can be arrested by treatment, and further loss of vision can be prevented. Regular checkups for glaucoma are most important, particularly to those past 40.

Cataracts, a lens disorder occurring most often in older people, can usually be corrected by surgical treatment. Loss of vision from a forming cataract can be slow and sometimes isn't noticed by the patient at first.

Children should have their first medical eye examination at the age of three or four, and should be re-examined each year. The small child may have grossly defective vision and not know it. This can wreak havoc with his schooling, in that he may not be able to read his textbooks, or to see the blackboard. Many a child labeled stupid by teachers and parents was later found to be nearsighted.

What can you do to protect your vision?

The most important thing is to have regular eye examinations, preferably once a year. And make certain that everyone in your family gets a regular checkup, particularly the children. Any noticeable change in vision also is a clear tip-off that something is happening to your sight and that an examination is needed.

## Joint Meeting Hears Of College

"It is almost inconceivable that we continue to try to run this county without a locally controlled college program," Thomas Atkinson, of the Community College Citizens Committee (CCCC), declared Thursday at a joint meeting of that group with the Board of Education of Oakland Schools.

Atkinson, who is research chairman of the CCCC, added, "The hazards of not educating our young people in the State of Michigan are manifold. The hazards of not educating them in Oakland County are of less magnitude, but just as pressing."

Monroe Osmun, a member of the Board of Education, called for public endorsement of the college, from civic leaders in every Oakland County community. The Board of Education has officially placed proposals establishing a community college, providing tax for its support on the June 8 school election ballot.

"A better job of explaining the need for a community college must be done this year than time permitted last spring," Osmun said. He referred to the scant six week between passage of a legislation act to permit Oakland County to call a college election and the election date.

Mrs. George Mosher, of Birmingham, presided at the joint meeting. Mrs. Mosher was asked what the relationship of the college committee would be to a six-member board of trustees also to be elected on June 8.

The board of trustees would have full authority, under state law, for hiring administrators, selecting sites and setting a time table for putting the college into operation, she said. It is possible that the new board would seek the advice of CCCC committee members, but the board would be the body responsible for policy making.

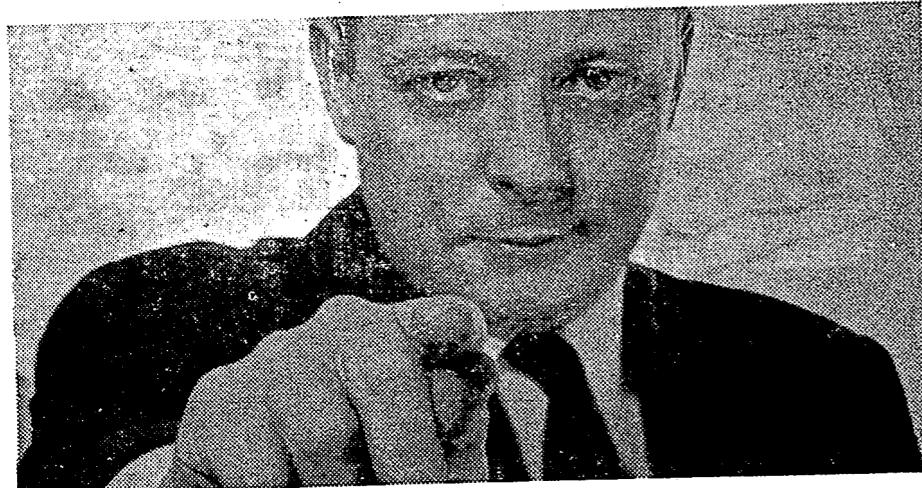

Eugene Kuthy, CCCC finance chairman, reviewed possibilities of operating the college and building classrooms under the one mill tax proposed.

He said that other Michigan communities had found that one mill plus a \$200 tuition charge and state aid of \$210 per student will finance a modest building program and provide for a student body of 1,000 the first year of operation. A one mill levy, based on last year's equalized property evaluation will produce \$2,000,000.

Recent Congressional action, Kuthy said, should provide some financial assistance for buildings, although details of the Federal aid have not yet been announced.

The joint meeting was held at the offices of the Board of Education of Oakland Schools to map a pre-election information campaign. Mrs. Mosher said the Citizens Committee hoped to be able to spread information on a house-to-house basis by the end of May. In Birmingham, where both the college and the tax proposal were approved last year, she said a telephone campaign had been used by college supporters to get out the vote.

Walker Cisler, with Miss Marilyn Ayler of his staff, reviews some of the many letters received in response to the series of messages of which this is the concluding one.

## To the Families Whose Homes are Served by EDISON

I've been writing periodically over the past several months to tell you something about Detroit Edison—to outline some of its principles and policies; to remind you of the services offered you; to reiterate our earnest desire to act in the best interest of you and our other customers throughout Southeastern Michigan.

We have great faith in our state's future and pledge that we will do our share to assure that future. We're happy to be a part of the busy Michigan scene.

Though this concludes this series of letters, it will not end our endeavors to keep you informed about our company and the industry of which we are a part.

To those of you who have written in response to one or another of my letters, I am especially appreciative. Your comments have been most helpful. If you have a question in the future about the company or any of our programs, always feel free to contact my office directly, or any of the 73 Edison customer offices in the area we serve.

It has been pleasant for me to have had this opportunity to communicate with you and to tell you how the Detroit Edison system serves you.

Sincerely,

*Walker L. Cisler*

## Rx for Health

**The Common Cold: Fact vs. Fiction**

Of all the remedies that won't cure a cold, advice is the most popular. Almost everyone, it seems, is an expert on the matter. Through the ages more folklore has sprung up concerning the common cold than any other human ailment, so much that it is often difficult to separate fact from fiction. For example, an old remedy advised wearing a string of onions about the neck. If nothing else, this will keep others away and help prevent spreading the cold.

One of the most prevalent suggestions is to "starve a cold and feed a fever." Ignore it. A balanced, light diet, with plenty of fluids, should be followed by cold victims.

An old Russian remedy called for a salted herring about the neck. In ancient China, licorice was part of the treatment. In some cultures, they used to perform wild dances about the patient; and even today there are those who believe that strenuous exercise, "to work up a good sweat," is good for a cold. For severe colds, bed rest is an important part of the treatment.

The truth is that with all our effort to find a "cure" for the common cold, the accomplishment doesn't seem to be close. The major problem is that the cold can be caused by many different viruses, possibly even hundreds. To cope with this wintertime villain, the makers of Bayer Aspirin recommend the following:

Dress warmly when going outdoors; avoid chilling and wet feet. In extreme cold, ears should be protected.

Indoor heat, and humidity, are important. Many people over-

### TAKE A CAN OF SALMON SALMON PUFF OMELET

You'll need  
6 eggs  
¼ cup milk  
salt and pepper  
1 lb. can salmon  
butter or margarine 1 tbs.  
1 tbs. flour  
chives

Separate yolks and whites of eggs. Beat yolks combine with milk. Season to taste. Beat yolks until stiff and fold into yolk mixture.

Pour into greased heated skillet (not too hot) cook over low heat folding gently 5 minutes. Don't scrape bottom place in pre-heated 350 degree oven bake 10 minutes.

The following sauce is prepared before the omelet. Drain salmon and flake a reserve liquid. Melt butter and blend in flour. Add salmon liquid and bring to boil. Add salmon and chives.

Fold Omelet in half on heated platter. Lift top half and fill with salmon mixture. I sometimes add the salmon to white sauce and serve between halves and over top of omelet.

Remove skin and bones from salmon, chop fine. Add 1 tbs. onion, 1 tbs. minced parsley plus ¼ cup chopped celery and 1 cup soft bread crumbs. Beat eggs well add to salmon mixture. Mix thoroughly and shape into patties. Brown in butter or margarine. Combine salmon, liquid and 1 can condensed cream of mushroom soup. Pour over patties. Serve on toast rounds if desired.

### CRISPY GREEN SALAD

1 quart mixed crisped greens  
2 tbs. Roquefort cheese  
pinch oregano  
½ tsp. mustard (dry)  
2 tbs. olive oil  
2 tbs. red wine vinegar

Brak greens into easy to eat pieces, mash cheese with fork in salad bowl, rub up into sides. Place greens in bowl and sprinkle with seasonings rubbing oregano well between fingertips. Add oil and vinegar. The tossing action will pick up the cheese flavor and coat the greens evenly with the dressing.

### SUPPER SALMON ROUNDS

Drain salmon and reserve liquid.

## '64 Corvair Monza by Chevrolet

It's got a frisky new engine  
(that puts superior traction under you)

Ever see a Corvair wearing tire chains? Not likely.

And it's not often you'll find a Corvair owner bothering to switch over to snow tires either.

Why? Rear-engine traction. The engine weight over Corvair's rear wheels gives them remarkable gripping power without any assist from special winter driving paraphernalia.

Reassuring to know this time of year—and also in the months to come when all that tidy white countryside turns into a melting pot that's likely to add to the misery.

Another thing about Corvair's engine: It's bigger this year.

### Are Women Who Work Good Cooks?

Proof of this pudding is in the eating, for sure, and women who work have the opportunity to prove their culinary skills during a "Salute to Women Who Work".

The best recipe for a one-dish meal entered in the "Queen of the Kitchen" contest will earn the choice of one of six very best deluxe electric ranges. Second prize is a meal-size electric broiler-rotisserie and the third place award a 7-speed blender.

A feature part of "Women Who Work" week, which will be observed the week of March 29, the contest is open to any woman in South-eastern Michigan who is employed full time outside her home. She may

be married or unmarried and of any age.

Ten finalists will be judged by the Newspaper and Broadcast Food Editors of Detroit. Judging will be done at a cook-off to be held at the Edison Electric Living Kitchen in Detroit on April 2. Contestants must be present.

Working women are invited to send their favorite recipe for a one-dish meal, along with name, address and place of employment to "Queen of the Kitchen", Edison Office, 58 W. Huron, Pontiac. Deadline for entries is March 18, 1964. Judges decisions are final.

ARCHERY CLINIC AT OAKLAND U.
