Birthday Calendar Drive To Begin

Clarkston Women's Club members will soon be knocking at doors around town to sell the members of our community their annual Birthday Calendar. Heading the drive this year is Mrs. Barton Connors of 6334 Snow Apple.

The Birthday Calendar lists schedules for school activities, meeting dates of organizations in town and names and birthdays or anniversaries of Clarkston residents.

The sale of this unique calendar

seems to gain momentum each year as more and more people find that they rely on it for information as to WHAT'S GOING ON IN TOWN.

The proceeds from the calendar sales are used to support the library, which is the main project of the Clarkston Women's Club. Lacking this support your community would most likely be without a library.

Help the Women's Club provide you with a better library and at the same time provide yourself with an invaluable calendar and memorandum to keep you aware of the activities and dates of importance within the Clarkston area.

Kettering Loses Title To Clarkston

By Mel Vaara

For the 7th straight year, Clarkston will be wearing the district crown by defeating Kettering 54-52. Clarkston defeated Grand Blanc 73-56 and Kettering defeated Milford 63-41 for the right to meet each other for the district title.

It was a cliffhanger all the way. The game left everybody breathless and many fans appeared to be exhausted after watching the teams perform so admirably.

Clarkston was the last team to defeat Kettering as they were defeated in the last years district play. In that contest Clarkston hammered them by 30 points, when the same trio of Bray, Craven and Miskin, plus Larry Gardiner and Bob Osgood went wild. Since then Kettering mowed down 16 straight opponents until they met the Wolves.

When the final buzzer sounded for this game, it was a dejected team, and coach that headed for the locker room. They had worked so hard for the big game to gain revenge for last year's pasting. So again the cry from Kettering will have to be "Wait until next year". Clarkston will be playing Kettering in regular season play so they will

have that opportunity.

Kettering took 6 straight shots at the start of the game and missed at every attempt. Kettering was very "tight", for the big ball game. At first they gained control of the boards but couldn't find the hoop. Miskin scored the first basket of the game and Clarkston gained their composure. The game developed into a "You score first than we'll score".

Kettering was ahead only twice in the whole ball game and each time by one point. Constant pressure was on Kettering to catch up to Clarkston. Clarkston led by 6 points at the half and by 7 at the 3rd quarter mark. In the last quarter Kettering outscored Clarkston 16-11. But Clarkston's lead was too much to overcome.

Clarkston was in foul trouble at the outset of the game. Craven picked up his 3rd foul with 3:40 to go in the 1st quarter, but finished the game. Ken Miskin picked up his 4th foul with 1:52 left in the 1st half, and didn't play until 4:20 left in the ball game. John Wilberg replaced Miskin at the forward spot.

During the 3rd quarter Craven shocked the Kettering crew, particularly Hook and Panky (Kettering's 1-2 scoring punch) by hitting on 5 straight long jumpers. All of them 20 to 25 feet in range. They were set up with good screens by Mike Bray, Craven hit with unerring accuracy.

The last minute and 10 seconds had enough action to fill a 100 page book. Craven made two driving lay-ups to give Clarkston a 4 point lead. Clarkston regained the ball, but Miskin missed a 20 foot jump shot, Kettering rebounded and Bogart scored for Kettering. The score was 54-52. Kettering put a full court press into affect, but without any success, as Fife broke loose for a 10 foot jumper with 44 seconds left on the clock, but the shot fell short. Bogart rebounded, Kettering brought the ball down fast, but M'grath missed a 15 foot jumper from the corner. Bray rebounded, passed to Miskin and as Miskin was dribbling down the floor, he spotted Bray racing down the floor. Miskin fed him for an easy lay-up, but Mike blew the shot. Kettering rebounded and called time out. 23 seconds remained on the clock. Coach Dubey decided Bogart should take the shot for Kettering. With 11 seconds left Bogart let fly and 18 footer, he missed and Bray rebounded the ball, but was tied up by Panky. Bray tipped the ball to Miskin and he grabbed it as you would a loose \$1,000.00 dollar bill, and that was the ball game. A tremendous victory for Clarkston and coach Dom Mauti. A sad climax to a great season for Kettering and coach Joe Dubey.

Who would you pick as the outstanding performer for Clarkston in the district wins? Was it Ken

Central Takes Lead In 3rd Quarter

By Mel Vaara

Clarkston loses a heart thumper to Pontiac by the score of 56-52. Clarkston had Pontiac hanging on the ropes at the end of the 1st half, and were leading by the score of 30-18. But in the 3rd quarter Central came out with a full court press and scored 23 points to only 6 for the Wolves. They played an extremely tough man-to-man press, which caused numerous errors on the part of Clarkston.

In the disastrous 3rd quarter, Bray scored 2 points, Gary 1, Miskin 2 and Fife 1, for a total of 6 points. Mel Dewalt led the press for Central and scored many easy lay-ups. Dewalt eventually ended up with 20 points.

It looked like a run-away for Pontiac, as they took a 5 point lead. But the fighting Wolves came back with vengeance. Craven, Gary and Fife sunk their shots and the game was tied 45-45.

Central took the lead again, but Clarkston came back and Miskin scored 5 straight points. The score was 52 to 50 in favor of Pontiac, with 1:05 left on the clock. Clarkston had a chance to score, but two bad passes and one easy shot was missed by the Wolves. Pontiac scored two more baskets and Craven scored again for the Wolves with 11 seconds to go in the game.

Dan Craven led the Wolves in scoring with 17. Ken Miskin had 16 points, Mike Bray had 13 points, Jon Gary and Dan Fife had 3 apiece.

Clarkston certainly gave Pontiac a tremendous scare in this region-

al battle. Clarkston's defense forced Central to shot way out the normal shooting range. If Pontiac's press wouldn't have been so successful, it would have been Clarkston all the way. One has to admire the Clarkston boys for their never-say-die attitude. With an enrollment of only 970 as compared to 2300 for Pontiac, the Wolves certainly put a dent into the proud Saginaw Valley League. Clarkston was the last team to go down in the W. O. County League, and they certainly represented their league well. Clarkston's finest hour was lost by just a whisker, hats off to a great performance put on by Clarkston and coach Dom Mauti for making it all possible.

Trooper To Speak At P-TA

Trooper Howard Kelly of the Pontiac Police Post will speak on "State Police Juvenile Relations". At the Clarkston Elementary P-TA meeting Thursday, March 12th 7:30 p.m.

The problem of Juvenile relations is no longer strictly a city problem, because of the increased suburban population. Clarkston, being a suburban community should find this topic extremely timely. See you there!

The twins boast of having seven great-grandparents. Mrs. Raymond Vanderford of Oxford; Mr. and Mrs. Alex Solley, Mr. and Mrs. John Westerby of Ortonville, and Mr. and Mrs. David Heichel, Penn.

Bus Stop To Be A "Slice Of Life"

The cast for the Clarkston Village Players production of Bus Stop is pictured above. They are (seated from left) Marie Luzi (co-director), Thayer Wilson (on table), and Pat Bridenbaugh (co-director); stand-

ing) Tull-Lasswell, George Gray, Jim Davidson, Nancy Lasswell (publicity chairman), Pete Rose, Vince Luzi (president of players) and Marilyn Igou.

In 1955 the New York Drama Critics described William Inge's Bus Stop as a slice-of-life. And this is the adult treat being served-up by the Clarkston Village Players on March 20-21 at 8:30 P.M. at Clarkston High's Little Theater. The cast has been diligently at work

under the double direction of Pat Bridenbaugh and Marie Luzi, while the production crew, under the guidance of Donna and Harry Fahner, has been busily setting the stage to look like a Kansas Bus Stop, the scene of the play. The audience should enjoy the little

glimpses into the lives of the characters (from dance hall girl to college professor) their contact on stage and the results of the contact. From all indications the play will be superbly performed (what type-casting) assuring the audience of full value and a wonderfully theatrical evening.

Spiritual "Substance" will be the subject at all Christian Science church service next Sunday.

Responsive Reading will include this passage from II Corinthians (4:18): "We look not at the things which are seen, but at the things which are not seen: for the things which are seen are temporal; but the things which are not seen are eternal."

Related readings from "Science and Health with Key to the Scriptures" by Mary Baker Eddy will include the following: "As God is substance and man is the divine image and likeness, man should wish for, and in reality has, only the substance of good, the substance of Spirit, not matter" (p.301).

enormously beneficial in developing a sound and positive foreign policy for our country.

"Yet there is a danger that this debate will be entirely occupied with the political aspects of our foreign policy — the military counter-measures, the diplomatic counter-measures which form the backbone of each day's news.

"The danger of this eventuality is a debate which ignores the economic aspects of our foreign policy blinds itself to the most insidious arm of the communist threat; and if a man occupies himself solely with the pistol in his adversary's right hand, he is only half-prepared to deal with the danger.

"Yet the weapon which the communists are wielding with their left hand is a weapon which they are wielding with increasing skill and aggressiveness. This is the weapon of economics, the extension of trade and the eventual communist domination of world markets as the ultimate goal.

"When Krushchev said he would bury us, I don't believe he meant he would bury us in the ashes of a nuclear holocaust. He meant that he would bury our economic system under his — a goal that does not seem unrealistic to a mind fully devoted to the superiority of communism over freedom.

"Three barometers can importantly gauge our success in this economic war — the balance of payments, our success in world trade, and the effect of our economic policies upon the have-not nations.

"A glance at any of these barometers should not cause us to rejoice.

"In this country, we worry about pockets of poverty. The concern must seem ironic in countries where there are only pockets of prosperity in a sea of poverty.

"Naturally, the economic system which promises the greatest improvement in the shortest period of time will capture the imaginations of these unfortunate people. But Communism will capture their imaginations only if we fail to sell them on the ultimate superiority of our economic system, and the ultimate unworkability of the communist system.

"The situation is not hopeless for us; far from it. A nation which has achieved the greatest economic strength of any country in the world, a nation which time and again has proved its capacity to solve overwhelming problems, a nation which has huge reservoirs of energy and imagination — such a nation surely is able to prevail in an economic war with those less favored by destiny.

"Before we design solutions, we must first decide this basic question: Is our approach to the economic war with communism going to be primarily through the forces disposed by government, or through the forces disposed by private industry?

"I believe firmly that our greatest hope lies in the successful use of private means — private capital, private talent, and ideas developed by private enterprise.

Miskin who scored 22 points against Grand Blanc and helped stave off Kettering in the last four minutes of the ball game? Was it Dan Fife who scored 12 points and led the team with 13 steals? Was it Jon Gary who had 25 rebounds in the two contests and made 4 of 5 attempts in the Kettering game, and maybe made the Key basket on

Was it the almost forgettable member of the Trio, Mike Bray, who logged in 25 rebounds, and pulled Clarkston out of the doldrums against Grand Blanc by scoring his career high of 23 points, scoring 15 points against Kettering? ARE YOU "Queen of the Kitchen?"

The third annual Detroit Edison cook-off to select the "Queen of the Kitchen" among working women is under way.

The cook-off is held in cooperation with the Central Business District Association's annual Salute to Women Who Work Week which begins March 29 in Detroit.

This year the contest is open to any girl or woman working full time who lives in Southeastern

Michigan. Each is invited to submit a recipe for a one-dish meal to Electric Living, 2000 Second, Detroit Michigan 48226.

Electrical appliances will be awarded to ten finalists.

The grand prize is a new deluxe electric range. The "Queen" will have her choice of six models from nationally known manufacturers.

Detroit Edison will also present a second prize of a family roaster

and a third prize of an electric seven-speed blender. Seven other valuable appliances will be awarded. Deadline for entries is mid night, Wednesday, March 18.

Each entry must include name, address, telephone number and occupation. The contestant must be able to compete in the cook-off which will be held in Edison's Electric Living Kitchen in Detroit on Thursday, April 2.

Professional home economists and cooks and employees of Detroit Edison and members of their immediate families are not eligible.

Home economic experts from newspapers, radio and television will serve as judges and select the ten most interesting and promising entries.

The ten finalists will be announced Wednesday, March 25.

They will be guests at the gala Salute to Women Who Work Week Banquet in Cobo Hall Tuesday, March 31.

Marion Ryan, director of the Electric Living department said that interest in the cook-off has been so great that the contest was extended to include all of Southeastern Michigan, the company's service area. Previous cook-offs were open to working women in Wayne, Oakland and Macomb counties.

Miss Ryan said the recipes of the finalists will be published in a handsome booklet again this year for general distribution free of charge.

Smoking and the State Law

By Terry Thomas
Director of Guidance Clarkston High School

During some of our conferences with parents and on several occasions while speaking before community organizations the question of teen-age smoking is raised. We find many parents as well as the young people themselves are not aware of the State Law in regard to smoking by minors. Many store managers and sales personnel are not familiar with the regulations concerning the selling of cigarettes to minors.

This information is presented for the sole purpose of acquainting citizens in our community with the law in regard to smoking by young people. It is not the purpose of this article to discuss the pros and cons of this law which arise from such a topic.

I have placed this law into two sections to avoid misunderstanding. Part I is in reference to tobacco in any form.

Part II applies only to cigarettes.

PART I SECTION 25.271 SELLING OR FURNISHING TOBACCO TO MINORS, UNLAWFULNESS. SECTION 1.

The people of the State of Michigan enact. That it shall not be lawful for any person by himself, his clerk or agent, to sell, give or furnish any cigar, cigarette, charoot, chewing or smoking tobacco, or tobacco in any form whatsoever, to any minor under seventeen (17) years of age, unless upon the written order of the parent or guardian of said minor. (C. L. '48, Section 722.651; C. L. '29, Section 12824; C. L. '13 Section 15277; Rev. Section 9122c; C. L. '97, Section 11534.)

SECTION 25.272 PENALTY. SECTION 2

Any person who shall willfully violate any of the provisions of this

act shall be deemed guilty of a misdemeanor, and, upon conviction thereof, shall be punished by a fine of not less than five (5) dollars nor more than fifty (50) dollars, or by imprisonment in the county jail for a term of not less than ten (10) days nor more than thirty (30) days, or by both such fine and imprisonment in the discretion of the court. D.A.R. Meeting

Mrs. L. G. Rowley entertained members of the General Richardson Chapter of the Daughters of the American Revolution, Thursday afternoon at her Williams Lake Road home in Waterford.

Regent, Mrs. T. W. Jackson conducted a business meeting at which annual reports from committee heads were heard. Mrs. E. M. Peterson told of programs for the year — music, speakers and special activities. Mrs. H. C. Bates gave a quick review of our work with DAR supported schools. This was amplified with information from Mrs. Eldon Gardner who has collected and sent supplies to Bacone College for American Indian students in Oklahoma. Also Mrs. L. L. Echlinaw told of the gifts and help sent to Tamasee, S. Carolina and another DAR approved school, the Kate Duncan Smith in Alabama.

Further reports were from Mrs. Frank Allen on the U. S. Flag and Mrs. Harry Chapman about conservation. The National Defense program was given by Mrs. Harry

Going in the absence of Mrs. Allan Monroe. Press relations, correspondents and publishers for the chapter were reviewed by chairman, Mrs. Frank Gerls.

Assisting Mrs. Rowley was a committee headed by Mrs. L. L. Dunlap who served refreshments with aid of Mrs. Grant Beardslee, Wilma Doebler, Mrs. Bradley Scott and Mrs. Bates. Beverages were served by Mrs. E. M. Peterson and Mrs. F. L. Ward. Two guests were Mrs. Theodore Cleveland of Clarkston and Mrs. Roy Doolin in Waterford.

Besides recipes for daily and party use, a basic cookbook contains general food preparation information. It may list equivalent measures for emergency substitutions, such as cornstarch instead of flour as a thickening ingredient.

Some of the better basic cookbooks are loose leaf and have pages which are easy to remove if the cook wants to prepare a main dish and a dessert without flipping pages.

For the bride, step-by-step illustrations of how-to-do-it food preparations are as necessary as a list of cooking staples.

Even if there are no special recipes for roasts, steaks or candy, a basic cookbook has accurate charts with cooking times and temperatures for oven, broiler and sugar cookery.

A BRIDE'S COOKBOOK

Every bride needs a basic cookbook. Many brides receive cookbooks as wedding and shower presents that spoil the joy of cooking for a new husband.

A good basic cookbook has a table of contents and an index to find recipes fast. It is organized

In Michigan... after bowling, beer is a natural

After you've bowled a game or two, or when you're winding up the evening at the neighborhood bowling center, it's good to relax with friends and compare scores. What better way to add to the sport and the sociableness than with a refreshing glass of beer? However you take your fun—skiing, skating, or at your ease in the game room—beer always makes a welcome addition to the party.

Your familiar glass of beer is also a pleasurable reminder that we live in a land of personal freedom—and that our right to enjoy beer and ale, if we so desire, is just one, but an important one, of those personal freedoms.

In Michigan...beer goes with fun, with relaxation

PULLING OUT THE RUG

It is one thing to announce the winds of change are blowing. It is another to allow them to bustle white colonialism out of a continent and blow that continent towards the rocks of violence, disintegration and black or red dictatorship.

America must accept its responsibility for the retreat of freedom in Africa. Our policy has been sterile. It has gone no further than dollar aid or panic reaction to situations set up by the foes of freedom. And we have failed to supply the moral steel without which freedom is subverted and lost.

Intimidated by fear of world opinion, we have engaged in a systematic campaign to drive our allies out of Africa. In the name of anti-colonialism we pressured Belgium to leave the Congo, and Britain to give up Zanzibar, long before these countries were ready for self-rule. We are pushing an anti-colonial policy in the United Nations that may win votes now but imperil liberty later.

A seemingly incredible ineptitude has blinded us to the Communist penetration of Africa. A Reuters dispatch February 6 said Peking's *Jenmin Jih Pao*, the Chinese Communist Party newspaper, hailed Premier Chou En-lai's African tour as a "spectacular success" ushering in a "new era in the development of Communist China's friendship and cooperation with African states."

On the same day the *Christian Science Monitor's* Washington correspondent reported: "One government policymaker even admits the Chou adventure analysis 'fell between the cracks in the State Department. No one felt he was responsible to counteract his (Chou's) tour.'"

The former U. S. Ambassador to Switzerland, Henry J. Taylor, wrote in the *Los Angeles Times*, February 7: "Famous Arab expert Wendell Phillips, author-explorer, told Washington officials the Red score in Zanzibar months ago. He knew the Castro-Sino-Soviet island-hopping plans and also spelled out in detail what would happen in Tanganyika and elsewhere in East Africa... The incredible pattern of misinformation and surprises, and the endless denials of the undeniable would be utterly impossible unless the Soviet had infiltrated our government, as proven in numerous other Western countries."

Hindsight is the melancholy gift of history to the shortsighted.

Recent events have shown up the weaknesses in post-war colonial policies of the West. It is true that no other empire has triumphed over all her enemies, as did Great Britain, and, after that triumph, handed back freedom to nation after nation, because she thought it was the right thing to do. But it is one thing to give nations their freedom. It is another thing to establish in them the quality of character and ideology that preserves and guarantees that freedom.

When Africans warned that after the British moved out the Communists would be sure to try to move in to fill the vacuum of power and prestige, and that a moral ideology should be established before the authority of military might was withdrawn, they were often ignored and their plans frustrated by the white authorities.

In Kenya, before Independence, Jomo Kenyatta, the present Prime Minister, asked for the MRA African film "Freedom" to be shown to his people. It is a film, made in Africa by Africans, which shows how lasting freedom must be based on a revolution of character which is the only answer to a revolution of bloodshed. For months the showing of this film was blocked by the white authorities. Finally the demand for it from Africans in Kenya, vigorously supported by certain newspapers, prevailed. It has been shown in Swahili and in English to three-quarters of a million Kenyans. Many of them attribute to this the fact that the elections were carried through without bloodshed. The news magazine *Reporter*, published in Nairobi, commented on "the large following" of MRA in Kenya and said,

The world-wide advance of Moral Re-Armament is paid for by hundreds of men and women who give from conviction and sacrifice. Many contribute regularly. If you wish to have a part, please fill in the coupon.

"Moral Re-Armament has done a great deal to stabilize our recent election campaign."

By contrast, white officials prevented the showing of the film "Freedom" in Zanzibar, and at the subsequent elections violence broke out and sixty people were killed. Today the island is in danger of becoming the Cuba of Africa. An effort was made one year before Kenya's Independence to increase the force of Moral Re-Armament in that country. The Kenyans invited and desired it. It was blocked by the bigotry and blindness of a few petty European officials.

"Freedom" was prevented by European authorities from being shown in Uganda for three years, in spite of the personal plea by African leaders that it be made available to their people. Requests for it to be shown to African contingents of the armed forces in East Africa were rejected. Yet it is the subversion of some African soldiers that has threatened the whole design of freedom for East Africa, when they could have been the moral as well as the military strength of their countries.

Now Britain's military help is being urgently sought. Is not this the moment for America and Britain to learn from the past and, in addition, offer them the revolution of character which alone can secure order and freedom?

Some nation which is supremely equipped by tradition and history has got to rise and answer the challenge of history, and say to the listening earth, "In our society we have answered the divisions that will destroy humanity. We have learned to live like sons and daughters of God, because we are guided by the living God. Our homes are united, our families are united, our men are faithful, our women are pure, our industries are honorable, labor and management both serve the community, both put people before profits, wages or hours."

A Negro said recently, "A civil rights bill will be passed by Congress. Legally my people are going to be given equality in the United States—eventually in South Africa, perhaps everywhere. But no laws can make men like myself trust a white man. I hate them. It is in my bones." He met white men who had changed. He met black men who had changed. He himself changed. He said that the power of Christ could end hatred in human hearts and bring answers that no politics and no laws, necessary as they are, can accomplish. He realized the truth that honest Communists and non-Communists now face

together, that environment, education, legislation, welfare and wealth do not by themselves create the new type of man without whom humanity may destroy itself. God can—and will—if we let Him.

Events are moving at a colossal speed. The choice for Africa is the moral re-armament of the continent or Communist take-over.

For the Communist world the choice is moral re-armament or world war, for free men assuredly will never allow red imperialism to triumph on the earth.

Today the challenge to the Communist and the non-Communist world is to take up the supreme revolutionary task of this era: to remake the whole world and take humanity into the next great step of evolution.

We can decide to turn the tide of history before the tide of history sweeps us into the forgotten depths of its fathomless oceans.

We read that men cannot live by bread alone. A house built on sand cannot last. A civilization built on dirt cannot endure. If men believe we can last for long solely pursuing wealth, sex, comfort, dreading atomic desolation, in a climate which seeks to prove that evil is good, good evil, then men are mad. Those who concentrate on the purse and belly of the national economy but neglect the idea in the head and the answer in the heart, the soul and the spirit of nations, do so at their peril.

Moral Re-Armament is a plumb line through the heart of modern man.

It is a test by which individuals and society pass judgment on themselves.

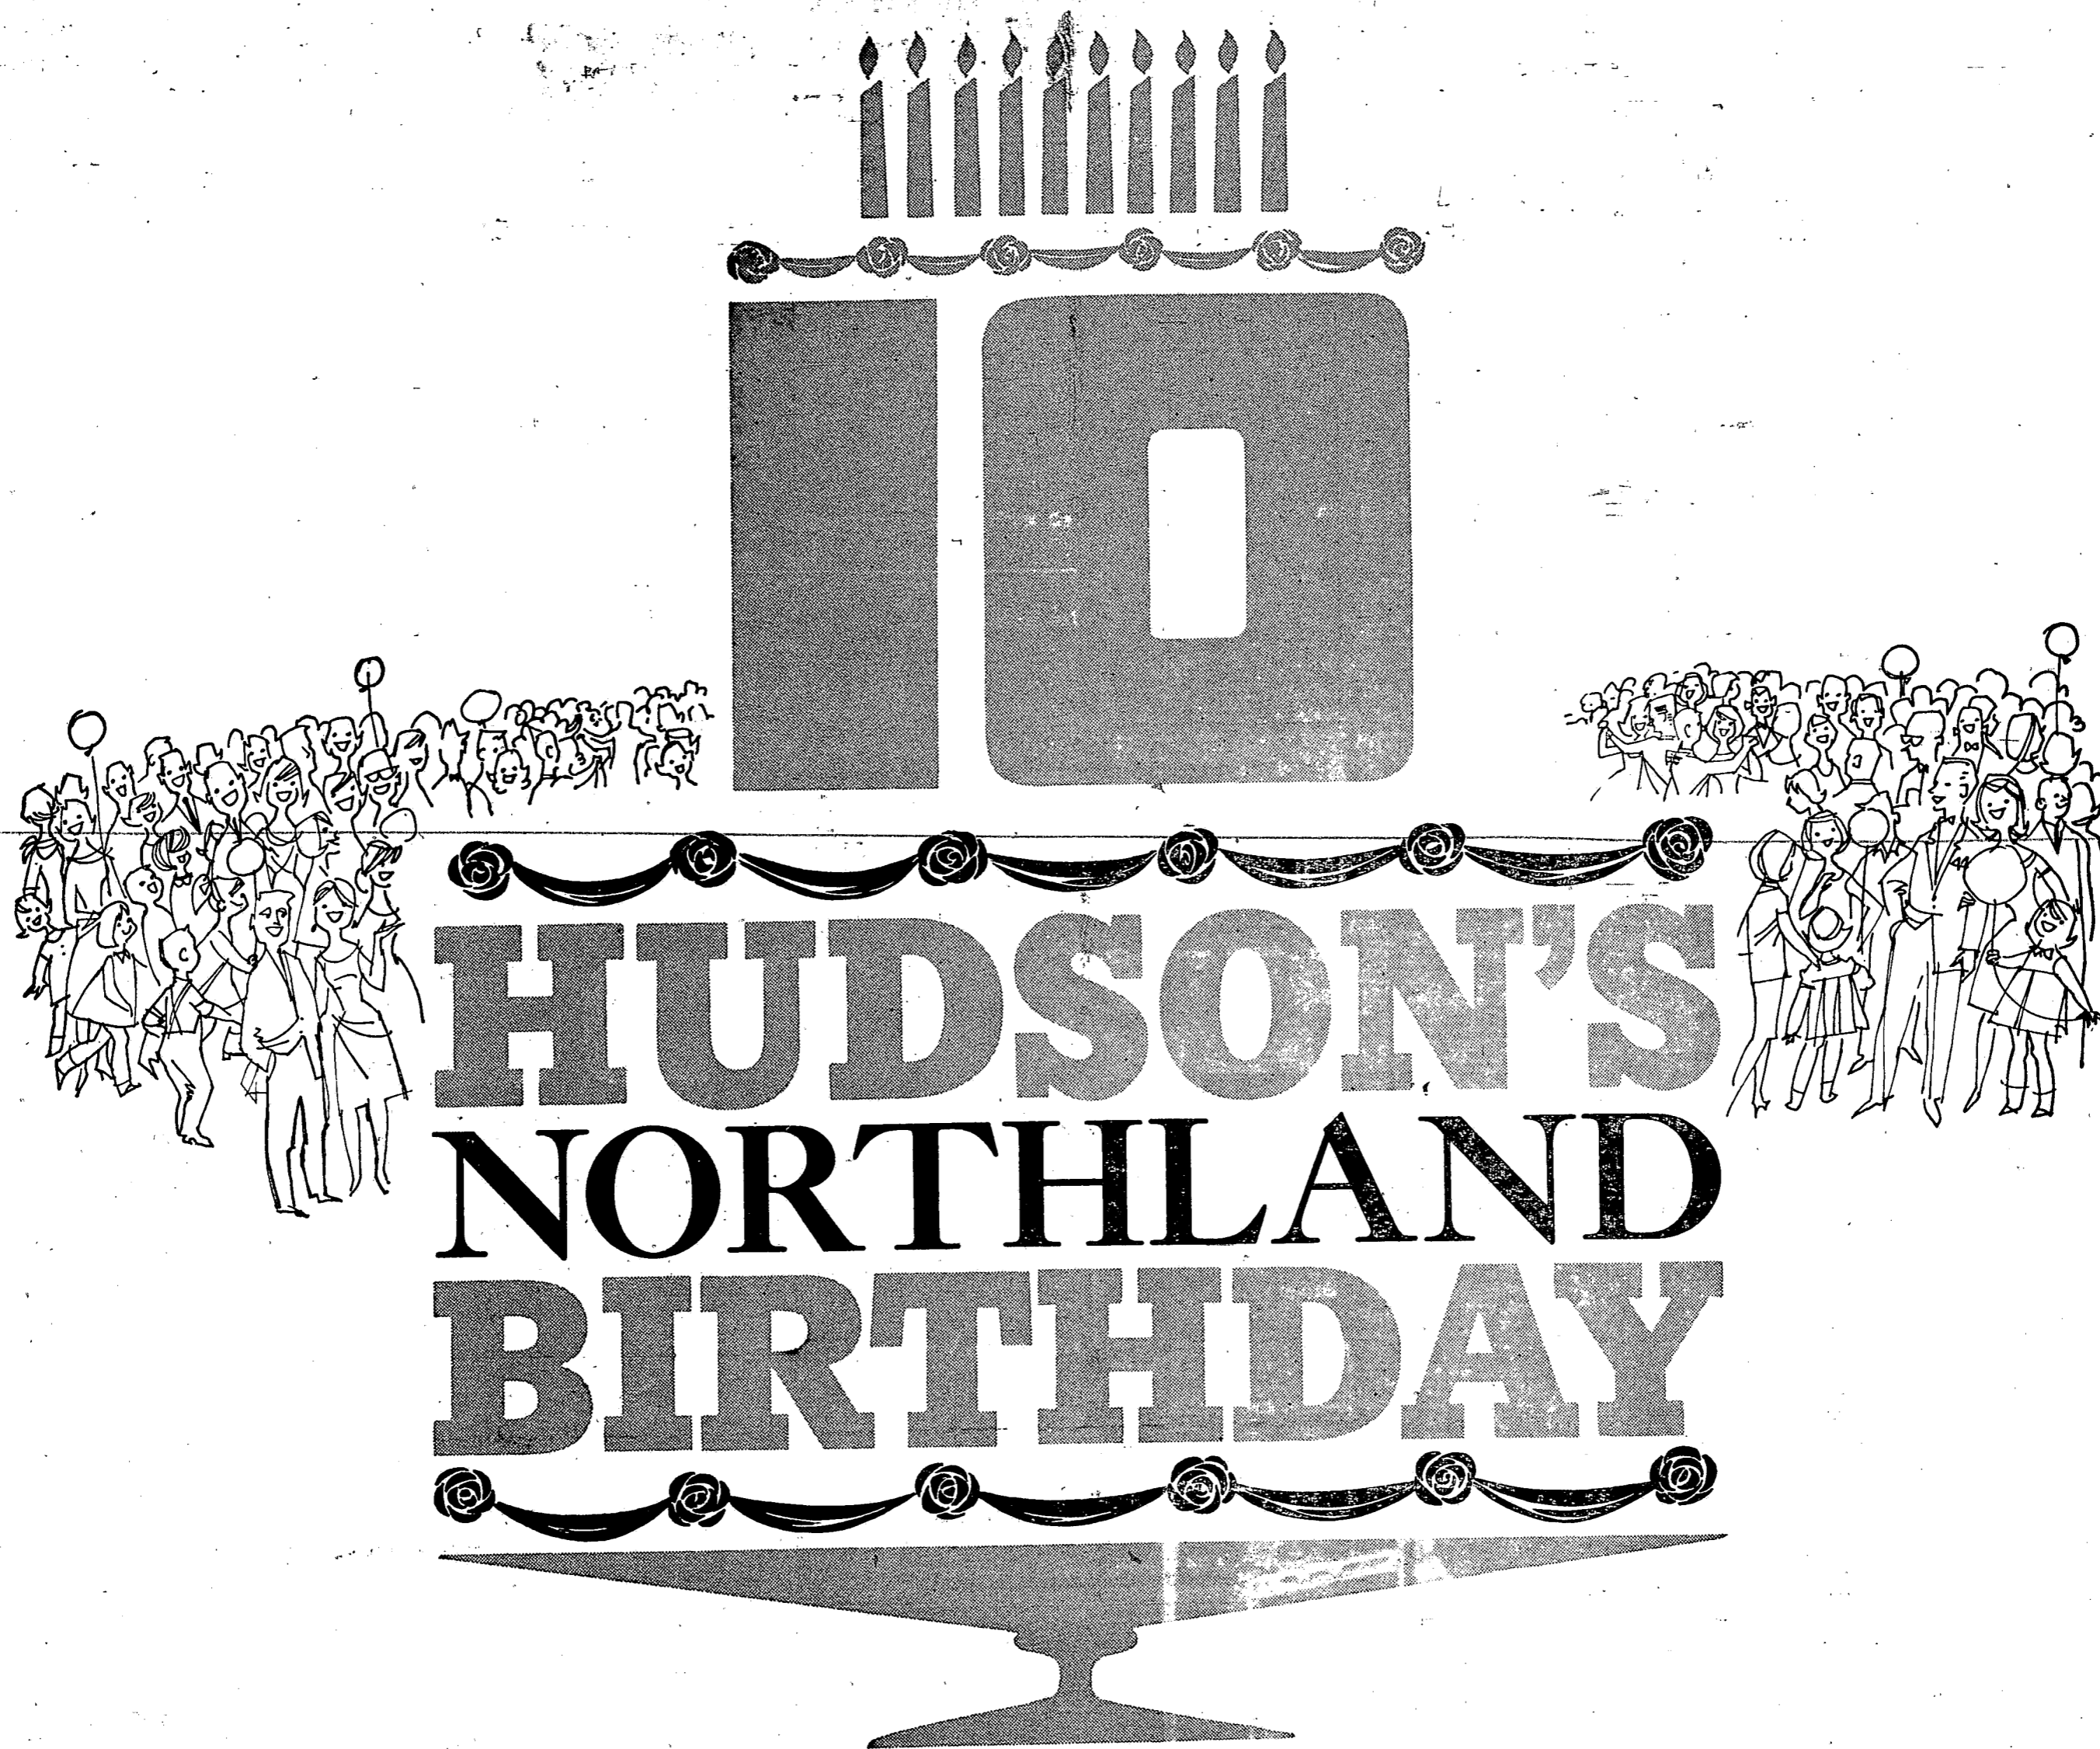

Its Christian standards of absolute honesty, purity, unselfishness and love remain the challenge and the charter for the conscience of mankind. They embody the decencies of life which the common man everywhere instinctively wants and knows to be right.

We have faith in the common man. We believe that as the crisis of our times grows more acute and clear, he will accept the challenge, he will be willing to pay the price of change, he will understand that there is nobody more reactionary, whether Communist or non-Communist, than the person who wants to see the world different but refuses to become different himself.

TRICK OF THE WEEK

Divide a deck of cards into two piles, and let a guest take a card from one pile, look at it, and without showing you what it is, place it into the other pile. Let him shuffle the pile into which he has placed it as many times as he wishes. Now, take the shuffled cards from him and you can instantly tell him which card he drew from the other half.

The secret? The two piles of cards have been previously separated into red and black. Thus, when your guest puts a black card into the red pile... or vice versa... you can spot it immediately.

Local Scouts In Competition

Girl Scout Cadette Troop 233 of Clarkston is pictured above. They are (back row from left to right) Penny Norris, Valerie Warren, Katy MacGregor, Janet Cobb, Bonnie Hess, Laurie MacGregor, Nan Kayga, and Cindy Brewer; (front) Ann Bellant, Sandy Van Horn and Chris Bryce.

Cadette Troop 233 of Clarkston enjoyed a day of winter fun activity called "Olympics in Scouting" at Hidden Lake Park. Boy Scout Troop 106 of Goodison sponsored the event and invited our girls to participate along with other area scout troops.

Our Troops "Klondike sled" was constructed of materials gathered from the woods and then lashed together. We used the sled in the Slalom Race, which was based on speed and maneuvering of sleds around flags, and also for the Olympic Course, which consisted of 7 stations. We received a problem testing scouting ability in Signaling, First Aid, Compass, and etc. at each station. Our girls made a very

fine showing of their scouting skills and were the highest scorers of the day in Signaling and in the axe yard.

Troop members, who took part in these events are: Ann Bellant, Cindy Brewer, Chris Bryce, Janet Cobb, Bonnie Hess, Nan Kayga, Laurie MacGregor, Katy MacGregor, Penny Norris, Jil Steinhoff, Sandy Van Horn, and Valerie Warren. We were very pleased to have had the opportunity to participate in an event of this type and our "Thank You" goes out to the

Scouts of Troop 106. Our Troop attended the Ice Capades at the Olympia in Detroit on "Salute to Scouting" night, March 2nd.

Our warm "Thanks" to all who made our cookie cupboard sale a fine success, especially to Mr. Jones of Clarkston's State Bank and Leeta of Leeta's Beauty Saloon for the courtesy extended to us so we could sell our cookies.

'64 Chevy II Super Sport with V8 power

...and just the place to enjoy it

Find out for yourself what this Chevy II can really do. If there are hills nearby, let it give them a good going-over. Then see it give slow-moving trucks the run-around. With its new extra-cost V8 you need but give the accelerator an inch, and this Super Sport will take a mile. And this great highway performer looks the part it plays so well. A glance at its all-vinyl interior and door-to-door carpeting will tell you that. There's your choice of either the floor-mounted Powerglide or Four-Speed Synchro-Mesh transmission. Both are optional at extra cost, along with a Positraction rear axle, AM-FM radio, and many other accessories. And for all its new power, Chevy II rides so softly it seems to glide along the highway. That's because it has high-mounted independent coil springs in the front and Mono-Plate single-leaf springs in the rear. With everything Chevy II Super Sport has going for it, it's no surprise your Chevrolet dealer is anxious to show you its price tag. Because that's the only thing about it that isn't super.
