NUMBER 45

## RECORD TURN-OUT FOR JULY 4TH FESTIVITIES

### Reading Winners Receive Award in Recent Contest

Clarkston News Photo

Pictured on the library steps are members of the Summer Reading Club at their party on June 30th. From left to right, back row: Jan Stump Debra Merkel, Laura Biondi, and Beverly Hanson; front row: Steve Rose and winner David LePere. The other winner, Martha Hoopengartner is not pictured. Both winners received books donated by the Township Library Board.

### Bethel No. 25 Attend Session

Several members of Clarkston Bethel No. 25 of the International Order of Jobs Daughters recently attended the Grand Council Session at the Civic Auditorium in Grand Rapids. Taking part in the formation of a large emblematical Star to honor the Worthy Grand Matron, Mrs. Ann Joyce and the Worthy Grand Patron, Mr. Iver Carlson of the Order of the Eastern Star in Michigan were: Larie Walter, Sherry Sparkman, Pat Kath, Cathy Riggs, Jeanette Erkritz, Thea Robinson, Susan Barling, Linda Sparkman, Linda Kizer and Christine Moore.

Recipient of the Grand Triangle of Honor which is the highest award that can be bestowed upon a member of the Order was Miss Christine Moore who is a Past Honored Queen of the Clarkston Bethel. Christine is the daughter of Mr. and Mrs. Clebert Moore of Fenton.

Also receiving special honors at the Session was Miss Thea Robinson who was a nominee for the Coy Honor Award and was one of 25 girls out of 1000 at the Honors and Awards Banquet to be chosen by her Council to be considered worthy of the award. Thea is the daughter of Mr. and Mrs. Al Robinson of Eastlawn St. in Clarkston, who drove to Grand Rapids to attend the Honors and Awards Banquet at which Thea received her ribbon, distinguishing her as one of the few to be chosen for the award.

### Colonial House Prize Winners

A drawing Saturday evening brought to a close the Grand Opening celebration at Auten's Colonial House in Clarkston.

The recipients and their prizes were as follows: Spence Butters, colonial chair; Mrs. John Landon, mattress; Gerald Hodge, picture; The Reverend and Mrs. Jack Giguere, colonial wall clock; Mrs. Fannie, colonial wall plaque; and Robert L. Jones, colonial napkin box.

### Bobbins From Bob

The Independence Township Fire-fighters Association is to be commended on their fine job preparing the July 4th entertainment for the people of this area.

The circus, parade and fireworks were all very well executed and provided residents with a day filled with fun and excitement.

As is always the case, few people realize the work that goes into the preparations for such an event.

Starting with this issue of the Clarkston News a new series on "Should Your Boy Play Football?" will be presented weekly.

Written by Bill Hanson, line coach at Clarkston High School, the series will explain football and how it is handled in the Clarkston Schools.

### EXAMINATIONS URGED BEFORE AUGUST

The doctors of this area have requested that the parents of children beginning kindergarten this fall, avail themselves of the opportunity to avoid the last minute rush, and get their children's pre-school examination before the last of August.

### Area Man Newly Elected Vice President

Clarkston News Photo

Edgar R. Augur

Edgar R. Augur, 6517 Snow Apple Clarkston, is the newly elected vice president of the Woodward Council, Telephone Pioneers of America.

A PBX installer with Michigan Bell Telephone Company, Augur will help to direct the 1,314 member group within the Wolverine Chapter, the statewide organization.

Augur and other officers will be

guiding the 1964-'65 activities of 7,700 active and retired Pioneers in Michigan, with emphasis placed on community service activities.

The Telephone Pioneers of America is an international organization of 234,500 working and retired men and women who have spent 21 or more years in telephone work.

### ★ ★ ★ ★ Thousands Throng to Witness Many Events

To start July 4th off right many families from the area were on hand early Saturday morning to watch the Cole Circus set up their tents for performances later that afternoon and evening.

At 10:00 a.m. an exceptionally large crowd attended the parade in downtown Clarkston.

Leading the parade was the Clin-

ton Valley Baracks No. 2803 World War One Veterans under the command of Herman Jaenichen, Displaying their colors for the first time were Arthur English, I. Smith, Ori Adams and Clarence Goglin. Auxiliary members in the detachment were Mrs. Jaenichen, formerly a W.W. I nurse and Mrs. Clifford Waterbury.

Children on decorated bikes, fire fighting equipment, Scouts, the band and new cars and lovely horses made their annual appearance.

The local Civil Air Patrol displayed a rescue unit trailer, while the Pontiac post of the American Legion marched and presented arms.

An exciting feature of Saturdays parade was the appearance of Myrtle and Pinky. Due to unforeseen circumstances these "lovely ladies" were followed by Bob Tilly and Roy Gallipio with a wheel barrow and shovel. Those who didn't meet Myrtle and Pinky last weekend may be interested to know that they were the elephants from the Cole Circus.

Although the overall number of floats in the parade was down, there were some lovely, work filled entries. The Clarkston Area Jay cees won in the Best All Around class while the "Spirit of '76" by Robert Morse of Snow Apple Dr. took the Most Original prize. Prizes for the Most Humorous float ended in a tie between Clarkston Cafe and Cranberry Lake Yacht Club.

Following its appearing in the parade the Oakland County Sheriff Department's Navy Duck took load after load of children for a ride on the Mill Pond.

A moment of excitement erupted when the fire department interrupted the parade to answer a fire call. Contrary to the thoughts of many, it was not a gag.

Throughout the afternoon games were played at the school under the direction of the Independence Township Recreation Department.

Circus big top performances at two and eight on Saturday and two o'clock on Sunday drew an estimated crowd of 300 spectators.

The exciting "Fourth" celebration came to a close Saturday evening with a \$400 display of fireworks at the Clarkston High School.

### Stewart-Nadolsky Day Camp to Open July 13

Shama E. Stewart and David S. Nadolsky recently exchanged vows in the St. James Methodist Church Southfield. Reverend William J. Richards performed the ceremony.

The bride chose a white lace dress and blue petal hat and carried white roses, blue carnations and ivy.

Mrs. William Gehman was honor matron for the daughter of Mr. and Mrs. David P. Stewart of Clarkston.

Serving as best man for his brother was Carl Nadolsky. They are the sons of Mr. and Mrs. Sidney Nadolsky of Grand Rapids.

Following the ceremony the wedding breakfast was held at The Country House, after which the young couple left for Niagara.

Mrs. Nadolsky is a graduate of Ferris State University school of Commerce.

They will reside in Big Rapids when Mr. Nadolsky is enrolled in the school of pharmacy.

### News Reporter Loses Father

Word was received yesterday (Wednesday) of the death of Mr. Stewart Clive Matheson who passed away July 2 following a stroke.

Mr. Matheson, who was born, raised, and made his home in Australia, was a Mason. Full Masonic rites were held.

Surviving are two daughters, Mrs. Phyllis Tognon of Australia, and Sylvia Seaman of Clarkston. Also surviving are eight grandchildren.

### Day Camp to Open July 13

The annual Day Camp programs offered by the Pontiac YWCA will open July 13, lasting for six weeks. Each age group of girls will attend three days a week, with both meetings together on Wednesdays for their swimming lessons (held in the YWCA pool) and their field trips.

Mrs. Jane Stagg, Program Director for the YWCA, will be in charge of both programs, assisted by high school girls as junior counselors.

Girls aged eight to 12 years will attend Monday, Wednesday and Friday. The older girls, aged 12 through 15 years, will have their activities Tuesday, Wednesday and Thursday.

Girls may enroll for any two weeks of the six week session, or for the entire session. Younger girls may attend on their mother's membership. Those 12 years of age or older may become Junior members.

Crafts, cooking, sewing, hiking, nature study, and supervised recreation comprise the program, in addition to the weekly swimming lessons. Field trips include visits to the Detroit Zoo, Cranbrook museums, Detroit Children's Museum and the Detroit Institute of Arts, with the annual trip to Bob-Lo as the highlight of the "Summer Fun" program.

Folders and information are available by calling the YWCA.

### Card of Thanks

To those who expressed their sympathy with flowers, cards, and gifts during my recent stay in the hospital, I wish to extend my heartfelt thanks.

Jean Jones

## Should Your Boy Play Football

Beginning a series by Bill Hanson, Line Coach at Clarkston High.

It may seem strange that here in the season when baseball, the game that is generally accepted as our national pastime, is in full swing, we should even consider beginning a series of articles dealing with football. Especially when the Yankees are out of first place in the American league and there are four or five clubs battling for the National league leadership.

However, whether we realize it or not, this is the season of the year when hundreds of young fellows with their fathers and mothers must make the decision as to whether the boy will start playing football come fall, or perhaps decide whether he will continue to participate in the game he has played with varying degrees of accomplishment during the past year or so.

Actually, the time to pull on the helmet and pads is nearer than we think. In about two weeks, the professional teams will begin gathering at their respective training camps, and from that time on, the great game of baseball must

share the national spotlight with the pigskin parade.

While locally we have a little more time before we actually issue the invitations for football practice and begin serious preparations for the football season, we would like to present at this time, a few ideas about the game of football to the parents and boys of the community; ideas that have been gleaned from much reading on the subject, as well as ideas that have developed through the years while dealing with young men playing the game of football.

We feel that this sport has much to offer the active school age fellow. In order that the boy and his parents will have full understanding of what is undertaking, we will, in subsequent issues of the Clarkston News, undertake to present our ideas on football. We hope they will help some of the parents and the sons to make their decision about the game, with full knowledge of the ways in which we operate the football program at Clarkston High School.

### U of M Eye Center Seeks Donors

The Michigan Eye Collection Center at The University of Michigan Medical Center is approaching the midway mark in a drive to recruit 25,000 pledges, to ensure a steady supply of eye material for the sight-saving operation.

Eye Bank information forms, donor cards, and new business reply envelopes provide a simple procedure for donating one's eyes. Donor cards may be signed, witnessed by two persons and mailed directly to the Michigan Eye Collection Center.

The Center is a joint project between individual Lions Clubs of Michigan and University Hospital. There are 25 sub-stations throughout the state, each supported by an individual Lions Club.

The idea for an eye bank to serve the state grew out of the need for healthy corneal material to be used by the Ophthalmology Department of The University of Michigan Medical Center for transplantations, as well as to supply corneas to ocular surgeons through-

out the state.

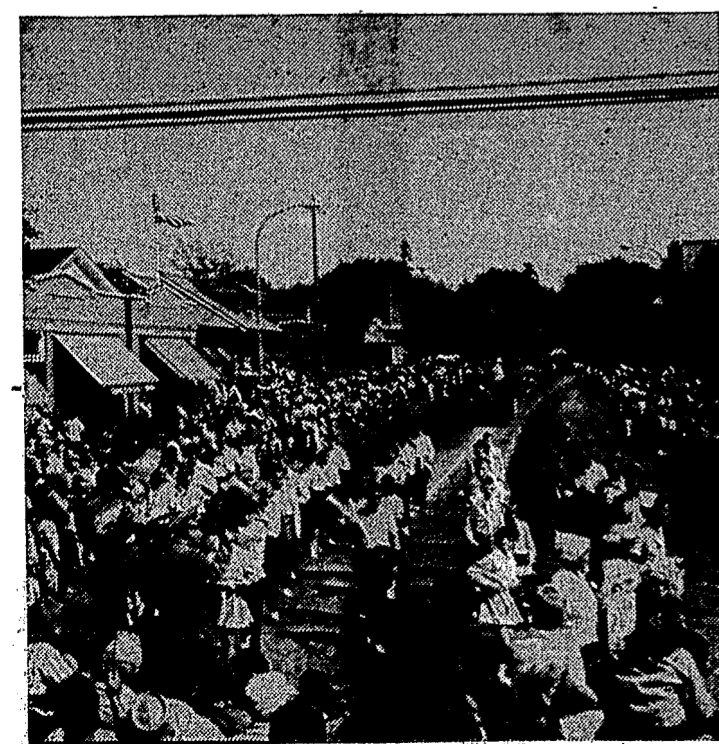

Eyes from any person of any age can be used in the operations. Even those who have had cataract operations or corneal transplants. Eyes from those who wear glasses can be used as well as those with 20/20 vision.

Modern surgery has a variety of ways to restore sight. In the "corneal transplant operation," the healthy cornea from a donated eye replaces the scarred or diseased cornea of a blind person.

Eyes cannot be designated for a specific person. They are neither bought nor sold and are used for the next patient on an eye surgeon's list.

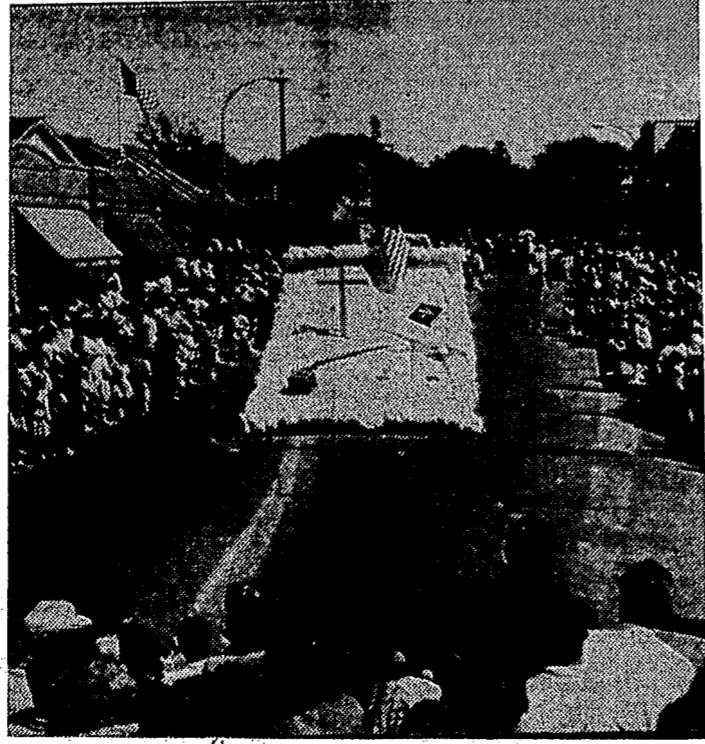

A donor's eyes must be removed within two hours after death and used in a transplant within two days.

Envelopes, information and donor cards may be obtained by writing or calling the Michigan Eye Collection Center, University of Michigan Medical Center, Ann Arbor, NOrmandy 3-1531.

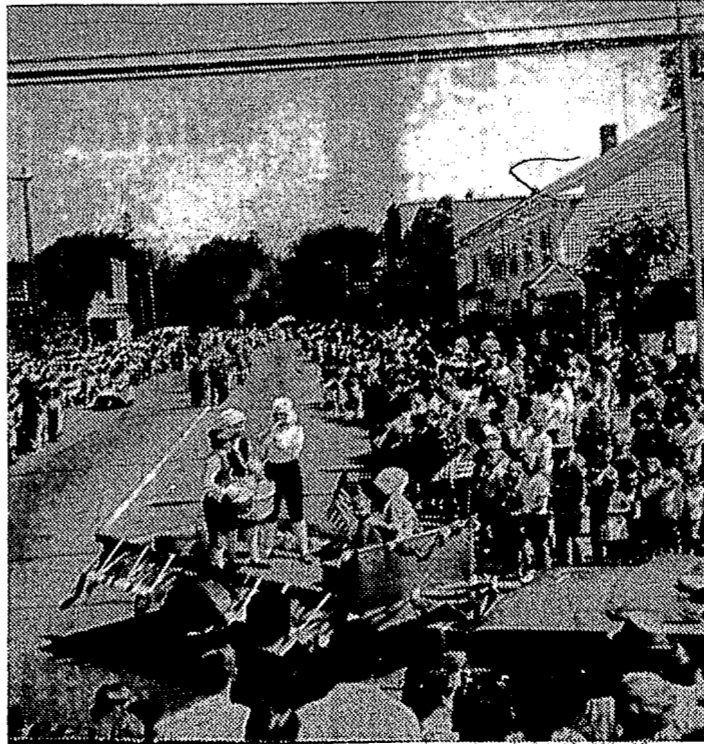

Clarkston News Photo

The Clarkston Marching Band was on hand for the July 4th parade.

Clarkston News Photo

The Clarkston Jaycee's float depicting Independence Day took top prize in the floats department of the parade.

Clarkston News Photo

"The Spirit of '76", a float submitted by Robert Morse of Snow Apple Drive, was a prize winner in Saturdays parade.

Clarkston News Photo

This float from Clarkston Cafe tied with the Cranberry Lake Yacht Club for Most Humorous entry in the July 4th parade.

Sunday Service 11:00 A.M.  
Sunday School 11:00 A.M.

Spiritual baptism will be emphasized at all Christian Science churches this Sunday.

"Blessed are the pure in heart: for they shall see God" (Matt. 5) is the Golden Text which will begin the Bible Lesson on "Sacrament."

The theme will be carried through in related readings from "Science and Health with Key to the Scriptures" by Mary Baker Eddy, including the following (p.241): "The Baptism of Spirit, washing the body of all the impurities of flesh, signifies that the pure in heart see God and are approaching spiritual Life and its demonstration."

**July Skies Features Milky Way**

July is the month of the Milky Way.

Rising almost parallel to the eastern horizon, it shines as a soft misty light, says University of Michigan astronomer Hazel M. Losh.

"Because it looks like a broad hazy band to the naked eye its true nature has always been a riddle to man. Over the centuries it has been thought to be a pathway, a glistening river, a heavenly snake, or according to an old Indian legend dust picked up by a buffalo and horse racing across the sky.

"But telescopes show it to be made up of myriads of faint stars, star clusters, star clouds, bright nebulae, and dark dust clouds."

It is unusually bright in the summer because "we are located midway between the center and edge of our galaxy, and in the summer night sky we are looking toward its farther border, and therefore through a greater number of stars than during the winter."

Notable in the Milky Way are Cetus (The Swan) and Aquila (The Eagle) with its bright star, Altair. Just above and to the left of Aquila are two small constellations, Sagitta and Delphinus. Sagitta resembles an arrow and Delphinus (The Dolphin) or Job's Coffin is composed of four stars in a diamond shaped figure.

"Toward the southeastern horizon," Professor Losh notes, "one comes to Sagittarius (The Archer), one of the finest of the summer figures. This Archer with his bow outstretched is aiming a shaft at the flaming red heart of the Scorpion, Antares, lying just to the west of Sagittarius."

"Another feature of July," she adds, "is that on the 5th the Earth will have reached its greatest distance from the Sun." Can we then expect cooler weather? "No, for we will not be too much farther from the Sun, about 1,500,000 miles farther than the average distance.

Telephone Lines

By CHARLES B. WOODHEAD, Mgr.

**\$96.4 MILLIONS!** That's what your telephone company plans to spend on construction this year, to keep pace with the telephone needs of Michigan businesses and families. "Construction" includes such things as laying cable, installing equipment, and putting up new buildings or building additions.

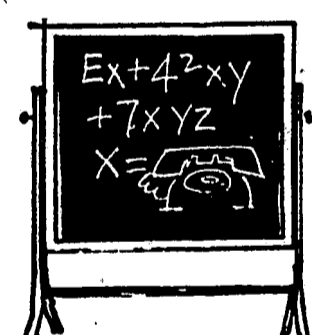

This year, and in the future, we expect to keep on building to meet Michigan's increasing needs for communications. And we'll be putting millions of dollars directly into our state's economy at the same time.

**HALF THE FUN** of a vacation is sharing it with the folks back home—by telephone. (Can't you just see the fish you caught, or the putt you sank?) And of course a considerate person always lets the folks know at once, when he reaches his destination safely. Make a note now to phone back often while you're away. It's almost as essential to happy vacationing—as phoning for reservations before you go!

**EASY TO HOLD** plus easy to talk into plus easy to listen to... equals your modern telephone! A lot of scientific research and engineering know-how went into making it so. Research, for instance, on the average distance between mouth and ear, the range of loudness of people's voices—even the width of their fingertips. (Those dial openings have to be big enough, you know!) It all contributed toward making your phone a pleasure to use.

**GOVERNOR ROMNEY REPORTS**

This week I would like to report to you on some of the progress Michigan has made this year in our 1964 session of the legislature. In Lansing this year, the Legislature considered almost fifteen hundred bills and, as Governor, I signed 285 new laws. I also vetoed a few, as some of you may know.

One year ago, I pointed out that the 1963 Legislature had written a notable record of achievement, and I praised the 1963 session as "the most productive and encouraging in many years."

At the same time, that was an accurate analysis. But today, I think that the 1964 session, in light of its own unique problems, was even more productive and more encouraging.

From the moment the 1964 Leg-

islature convened, and air of uncertainty and doubt hovered over it. The question of legislative apportionment was up in the air all year, and hardly anything can disrupt legislative deliberations more than not knowing whether members can come back, who their new constituents might be, or even if there will be a legislature at all next year.

With this pervading uncertainty, it is a credit to all members of the 1964 Legislature, in both parties, that so much was accomplished.

This administration decided on a two-year approach to responsible government when it was given the public trust by the voters in 1962. Our approach was simple and sound.

During our first year, our primary concern was the return of fiscal stability and integrity to state government. And this was accomplished. Our budget was prudent, yet progressive and our general fund deficit was eliminated.

During our second year, with our course of financial integrity firmly charted, our first priority was to provide adequate statutory and financial support for the essential government services which help people, primarily in the areas of education, mental health and young people. This week I want to report to you what we have done in the field of education.

Perhaps the most dramatic and most deserving improvements have been for education. The post-war population boom will hit our 10 state-supported colleges and universities with full effect next fall.

Most of our colleges and universities have not fully recovered from the fiscal crisis austerity of the last several years. For the 1963-64 fiscal year, state support for higher education totals \$110 million, and increase of \$6.1 million for one fiscal year.

But for this year, this support will be increased by \$21 million in a single year — a dramatic and deserved single-year increase of about 20 percent. The increase is designed to cover enrollment increases expected to increase by 10,000 students to 128,400 this fall — allow general faculty pay increases, provide more and better equipment for teaching and research, and to provide funds to get ready now for the heavier avalanche of students expected in the fall of 1965.

Our budget has not neglected physical facilities. It will provide more than \$31 million in capital expenditures for higher education, including starts on 20 new facilities. And this without the higher costs of bond financing, but rather on a straight cash pay-as-we-grow basis.

Now in addition to these dramatic improvements, we have also increased both operating grants and building funds for our network of fine community colleges.

Of important significance is the establishment for the first time of a state scholarship program so that talented but needy students can receive help to attend the school of their choice, public or private, to help prepare themselves for a better life and to contribute more adequately to the entire society. We have improved our student loan program to further broaden the opportunity toward equal education in the American heritage.

**The Case for Case-Hardened Lenses**

Parents who spend the few extra dollars needed for case-hardened lenses for their children's glasses are not only providing eye safety, but also contributing to the all-around social development of their child, according to Ed Radke, chief of the vision section of the Michigan Department of Health's Division of Maternal and Child Health.

Radke has been making a strong plea for the unbreakable glasses at refresher conferences for vision technicians held at seven locations throughout the state.

"If a child needs to wear corrective lenses, he should be able to wear them while engaged in recreation or athletics so that he can perform to the fullest extent of his capability," Radke said. "The practice of having children lay their glasses aside in gym classes should be made obsolete," he said.

According to Radke, nearly one out of four school children wear glasses. Among high school students, it's one out of three. Only a few wear the unbreakable glasses.

"Safety dictates that those with ordinary lenses take them off while engaged in strenuous activity," Radke said. "The trouble is that there has been no way for a gym teacher to distinguish between breakable and unbreakable lenses since they are similar in thickness, weight, and appearance."

However, a new, simple, and inexpensive device known as a polariscope, which consists of two pieces of polarized plastic in a leather case, can instantly identify safety lenses. By placing the lens between the pieces of plastic, shadowy lines will appear if the lens is unbreakable.

Two hundred vision technicians employed by local health departments to conduct vision screening in the schools are being supplied with polariscopes by the Michigan Department of Health.

With the use of the polariscopes, the vision technicians will be able to help teachers and physical education instructors to identify children with safety glasses.

"It is hoped that as those children known to have safety glasses are permitted to wear them during gym classes while those who do not have the unbreakable glasses continue while those who do not have to participate without the benefit of corrected vision, that parents will begin to insist on safety glasses for their children," Radke said.

In addition to safety, he said that the investment of the few dollars more needed for unbreakable lenses can also save parents the cost of replacing broken glasses.

training and instruction without violating the principle of separation of church and state.

**Know Your Michigan Law**

By Attorney General Frank J. Kelly  
 (This is a public service article explaining in general terms a provision of Michigan law. Individuals who wish to determine the effect of any law upon their private legal affairs should consult a private attorney.)

Your right to vote in the 1964 election and the officers to be voted for this year have been significantly affected by new changes in our state laws.

First, you should make certain that you are properly registered to vote. Under an act adopted by the legislature last year, if you did not vote in the 2-year period prior to last December, you must re-register by August 3 to be able to vote in this year's primary election. If this has not been done already, you should do so immediately in the city or township in which you reside.

Another significant change in this year's election picture is that we will be voting for many more offices in 1964 — as a matter of fact, the largest number of different offices in Michigan's history. This is because the 1963 Constitution requires the election of state, county and township officers, as well as the members of the new Court of Appeals, several state-wide education offices and many county judicial posts. There may also be some propositions on the ballot. In addition, of course, we will be voting on many national offices.

If you have questions about these matters or if you are one of those who must re-register, contact your city or township clerk. Be informed, and above all, don't lose your right to vote.

by Sylvia Seaman  
phone: MApte 5-1895

Mr. and Mrs. C. C. Frost of Niagara Falls, New York arrived last Tuesday for a short visit with their son and family Mr. and Mrs. Jack Frost of Cramlane Dr. The Frost's son Gary joined his grandmother Mrs. C. E. Gallas of Goodrich Farms yesterday for the trip to Chicago. There they met Gary's great grandmother Mrs. Mary Scott who returned with them for a visit.

An outdoor steak barbecue will be hosted by Mr. Jack Frost at his Cramlane Dr. home Saturday for the 9 Jr. leaders of Boy Scout Troop 51 who will be leaving July 15 for the National Troop Jamboree at Valley Forge.

Nine friends were on hand to help Steve Leaver celebrate his 10th birthday on June 29. Attending the party were Hughie Massie, Mark Warren, Ricky and Billy

Svetkoff, Kirk Peters, Gary Seaman, Patty Gallivan, Cindy Easler, Cathy Navarre and, of course, brother and sister, Mickie and Terrie. Steve hails from Snow Apple Drive.

The Kenneth Valentine's are at home on Phelan Dr. after vacationing for 17 days on their chartered cabin cruiser. Mr. and Mrs. Valentine boarded the craft at St. Albans Bay in Vermont and sailed down through the Champlain Canal and down the Hudson River to the Harlem River. From there they cruised to Long Island where they stayed at the Marina located near the Worlds Fair. They attended the Fair for two days before sailing for home.

Mr. and Mrs. James Chipman, Jr. of Lexington, Ohio returned home Tuesday after enjoying a weeks vacation here where they visited his parents the Senior Chipman's of Ortonville Rd. and many other

friends and relatives in the area.

The Jim Frady family of Center Circle returned home last week winding up a holiday travelling through the south. Their agenda included a visit with his brother and family the Charles Frady's of Columbia, South Carolina after a side trip to Cumberland Falls, through the Smokies and the Blue Ridge Mountains.

John Seaman enjoyed the holiday weekend with Miss Jackie Cross and her family the Bill Crosses of Waterford at their family cabin in Mio.

Birthday greetings to: Sherri Clements, Scott Anderson and Jerry Wilford, July 10; Kristana Altman, Jane Fuller, Gloria and Gregory Seaman, July 12; Janice Logan, July 13; Billy Hamilton, Beverly Hanson, Jerry Anderson, Beth Anderson, Jo Ann Skarritt and Nancy Fredrick, July 14; Debra Calvin, Bobette Buchrig, and Denise Jadwin, July 15; Mary Fuller, Jaquie Leonard and Doris Hursfall, July 16.

Scott Anderson, son of the G. W. Andersons of Snow Apple Dr. will celebrate his third birthday July 10. In honor of his grandparents visit over the holiday weekend the party was moved ahead to July 4. Following the parade and circus a family dinner with grandparents Mr. and Mrs. J. Bock of Toledo, Ohio was enjoyed by all.

Mr. and Mrs. James Leaver of Snow Apple Dr. entertained members of their families over the Fourth of July. On hand were his sister and family the Chuck Eddy's of Clawson; his mother and aunt Mrs. Nova Leaver and Mrs. Peggy Leaver of Royal Oak; and her sister and family Mr. and Mrs. Don Massie and five children, Hughie (who spent a week with the Leavers) Donna, Linda, Diane, and Karen.

Mrs. A. Cecil of Snow Apple Dr. had as her house guests over the holiday weekend her nephews, Dan and Kevin Armstrong of Lake Orion.

Mr. and Mrs. LeRoy Haertler and daughters of Snow Apple Dr. are looking forward to the end of July when they will leave for their beautiful new year round bi-level home they have just purchased at Brutus, Bert Lake. Mrs. Haertler and Susan and Sandra will spend most of the summer in their new home which boasts a 100 ft. frontage right on Bert Lake, while Mr. Haertler will return to Clarkston.

Mr. and Mrs. Richard Morgan and their son John returned to their

home on Overlook Dr. recently after spending a 10 day vacation at Bar Harbor, Maine. The family spent a very relaxing holiday in their trailer touring the shore line of Bar Harbor, eating lots of lobsters and enjoying the swimming.

Mrs. Fred Prichard of Holcomb Rd. with her sister, Mrs. Irene Brooks of Lansing, returned via train recently following an eight day trip to the Worlds Fair. They were enthralled by Michael Angelo's "Pieta" and the General Motors Exhibit.

The ladies stayed at the Edison Hotel downtown New York, for seven nights.

Two Broadway stage plays were also on their agenda.

Mr. and Mrs. Guy Murphy and sons have been visiting at the home of her sister and husband, Mr. and Mrs. Ralph Jones. Mr. and Mrs. Murphy have been in Germany and are being transferred to the state of Washington.

Regional Director Tor A. Hegland 6085 Cramlane Drive, Clarkston, has just returned from a two-day Eastern Regional Meeting of Lutheran Mutual agencies from Michigan, Indiana, Ohio, Pennsylvania, New York, and New Jersey.

The meeting at the Pick-Carter Hotel in Cleveland, Ohio, was devoted to new developments in sales techniques. Approximately 50 agents, and their wives, attended the meeting.

Mr. and Mrs. Fenton Weaver and daughter Jane spent this week in Cincinnati, Ohio visiting his mother.

Mr. and Mrs. Roy Johnson and three children of North Branch visited with his aunt and uncle the J. J. Fridays of Eston Rd. last Friday. Saturday Mr. and Mrs. E. R. Allen of Manitou Beach, were callers.

## To Appear in Play

Ralph O'Neal, 5240 Whipple Lake Road will appear in the production, "All the Way Home", produced by the Will-O-Way Apprentice Theatre in Bloomfield Hills.

"All the Way Home" Ted Masel's Pulitzer Prize winning adoption of James Agee's novel will be presented at 8:00 p.m. Friday, Saturday and Sunday for three weekends starting July 10th.

## Guest Editorial

THERE ARE DEEPLY HUMANE and merciful phases of law enforcement which are generally overshadowed by the daily clashes of law and order with these criminal underworld. Typical of these significant public services are the day-to-day operations of the FBI Identification Division, which celebrates its 40th Anniversary today.

Some months ago a distraught mother wrote the FBI pleading for help in locating a son from whom she had not heard for more than two years. She explained that while in the Armed Forces he suffered a head injury which required brain surgery, but that he did not fully recover. Files of the Identification Division revealed that authorities in a neighboring State had recently submitted a fingerprint card on an individual possibly identical with the missing man. This information was furnished to the mother. A few days later, she wrote me a personal note of gratitude, saying she had located her son and that, thanks to the assistance received from the FBI, she now could help him with his problem.

There is nothing earth shaking about this little act of courtesy. It is merely indicative of the thousands of small favors afforded the public by law enforcement officers and agencies daily in every community of the land. However, to the mother, its value was priceless. We are indeed proud that the FBI can participate in a humane program of this nature, a cause to eliminate anxiety, despair, and grief.

The FBI Identification Division today stands as a monument to the coordinated efforts and mutual cooperation of local, State, and Federal law enforcement agencies across the country. Its stature as the world's foremost identification division is attributable to the support participation of law enforcement on all levels. The Division was established with a nucleus of 810,188 fingerprint cards representing 987 police agencies. Today, there are some 13,700 contributors, and this repository contains more than 170 million sets of fingerprints representing nearly 78 million persons. One hundred twenty-five million of the total fingerprint cards are in the civil files of the Division.

The FBI receives over 23,000 fingerprint cards during an "average" working day. About 40 percent of these involve arrests for violations of law. The others are non-criminal and relate to a wide variety of civil matters. Each month approximately 1,600 fugitives from

justice are identified through fingerprint records, and local authorities seeking these wanted men are notified of their whereabouts. This is an average of about 53 fugitives every 24 hours.

In 1940 the FBI Disaster Squad was organized. It is comprised of highly trained fingerprint experts. Upon request from appropriate authorities, the Squad answers the urgent need for on-the-spot identification of victims of devastating storms, fires, plane crashes, and other major tragedies. In 38 disasters since January 1, 1959, the Squad has secured one or more fingerprints from 1,079 adult victims. From this number, positive identifications were made by fingerprints of 871 persons, representing a percentage of 80.7.

The FBI Identification Division is an inexhaustible reservoir of fingerprint records made possible through the willing and intelligent cooperation of law enforcement agencies and other organizations having an interest in the science of fingerprints.

John Edgar Hoover

## Mothers and Girls Enjoying Camping

Three hundred Camp Fire Girls are participating in camping activities at Camp Oweki near Clarkston this summer.

The activities at day and resident camp include archery, open fire cooking, tenting, hiking, nature study and campcraft.

Six mothers and twenty two girls from the Clarkston-Drayton Plains area are joining the fun. The mothers assisting with units are: Mrs. Richard Yarbrough, Mrs. Melvin Smith, Mrs. Wm. Postle, Mrs. Roy Pendergrass, Mrs. Forrest Dennis, Mrs. Wallace Hillman.

"Through our camping program", explained Mrs. Pamela Harrison, Camp Co-ordinator, "we try to provide our girls with activities that develop their enjoyment and appreciation of the out-of-doors, activities that grow from the outdoor living situation or contribute to it, and activities that develop self-reliance, resourcefulness and initiative".

Camp Fire Girls is a national organization providing leisure-time activities for girls 7-18. The local council is a member-agency of the Pontiac Area United Fund.

## News From College Students

One student from the Clarkston area was among the 844 seniors granted degrees or certificates at Ferris State College's commencement here Sunday, June 7.

This student was Shanna Stewart, associate of applied science, executive secretarial.

Donald L. Lipsey, of 5576 Alter Road, Detroit, Mich., was one of 111 medical students to receive the doctor of medicine degree today (June 18) from the Wayne State University School of Medicine at the annual Commencement exercises held in Detroit's Cobo Hall.

Dr. Lipsey is married and he and his wife have four children.

He is the son of Mrs. J. C. Lawrence, of 7015 Felix Drive, Clarkston, Michigan.

A 1933 graduate of Saginaw High School, Saginaw, he attended Michigan State University before coming to Wayne.

The following students from the Clarkston area will be among approximately 276 seniors receiving the bachelor's degree from Albion College at the Commencement exercises on June 8: Robert Lee Porritt son of Mr. and Mrs. Edward L. Porritt of Clarkston, and Richard William Mansfield son of Mr. and Mrs. William H. Mansfield of 6593 Orion, Clarkston.

## Summer Honors College Under Way at Albion In Uniform

Sixty-three students and 16 faculty members at Albion College have initiated project work under a new week Summer Honors College.

The program consists of 12 projects which are designed to provide unusual learning experiences for both students and faculty members. All student participants are receiving full tuition and a maximum of six hours of academic credit.

Richard Sheldon, Clarkston junior is enrolled in a project titled "Topics in Applied Analysis and Analog Computation". He is the son of Mr. and Mrs. Donald G. Sheldon, 6700 Princess, Clarkston.

Dr. Merle W. Milligan of the Albion mathematics department is directing the project which has a twofold purpose: to offer experience, in depth in topics of mathematical analysis not ordinarily pursued during the regular academic year, and to introduce the principles of analog computation and programming in the solution of mathematical and physical problems.

Enrolled in a project called "A Profile of Economic and Social Potentials in Albion, Michigan" is Dave Smith, Clarkston, Jr., son of Mr. and Mrs. Phillip R. Smith, 6830 Cranberry Lake Rd. The project group will prepare a profile of the potentials for progress in the city of Albion. The research will cover a study of manpower as well as a study of part and recent developments in various community institutions.

Robert E. Miner, shipfitter fireman, USN, son of Mr. and Mrs. C. J. Miner of 5420 Center St., Clarkston, recently participated in a sea assault exercise called "Packard XV" aboard the Navv amphibious command ship USS Pocono off the coast of North Carolina.

The exercise serves as a graduation ceremony for Marine Officer Students of Amphibious Warfare Schools at Quantico, Va. The officer students are confronted with different types of amphibious and sea assault problems during the exercise.

In addition to the Naval units and students, the Second Marine Division at Camp Lejeune, N. C., and the Second Marine Aircraft Wing at Cherry Point Marine Corps Air Station also participated in the exercise.

Robert J. Vargo, shipfitter fireman, USN, son of Mr. and Mrs. Julius Vargo of 5424 Ceceila Ann, Clarkston, recently returned to Norfolk, Va. aboard the Navy attack transport USS Fremont completing a tour of duty with the Sixth Fleet in the Mediterranean.

Fremont carried combat ready Marines for sea assault landings while with the Sixth Fleet. Her crewmembers had an opportunity to visit ports in France, Spain and Italy while in the Mediterranean.

# Township Recreation Department News

## Space Week at Playgrounds

After preparing for Independence Day, the summer recreation program has slowed down on playgrounds. This week is space week so everyone is building rocket ships and space masks in preparation for their flights to the moon.

At Andersonville Tom Thumb, Hansel and Gretel, The Three Sillyies The Milk Pitcher and Home Is The Sailor are being read. At Pine Knob Snow White is being completed while Super Car and Fireball XL-S are begun. Wong Kim's Ox is being completed at Clarkston.

Checker champs at Pine Knob are Robbie Fox, Doug Evans, and Ferdie Sanchez. A Jacks tournament is scheduled for tomorrow.

Attendance is still rising with over 350 at the playgrounds. Total attendance was 1880 last week, including swimming and little league baseball.

Next week is nature week. Among the new activities scheduled are cave construction, collecting nature objects, and making nature pictures. Junior champ contests will continue as will sports, games, and crafts.

## Public Notice

TAKE NOTICE that a public hearing will be held at 7:30 P.M., Tuesday, the 21st day of July 1964 at the Independence Township Hall, 90 Main Street, Clarkston, Michigan to hear any objections to the proposed Independence Township Budget for the fiscal year ending March 31, 1965. A copy of said proposed budget is on file at the Independence Township Clerk's office, 90 Main Street, Clarkston, Michigan and available for public inspection between the hours of 9 A.M. and 5 P.M. Monday thru Friday.

In other Board action at a regular meeting held on July 7, The Board heard Township Engineer Howard Kieft explain several objectionable factors in a plat of 23 lots located on Dhor Rd. and then tabled action on the Plat until such corrections were made.

The Clerk Howard Altman stated that a meeting has been scheduled at which he, Township Attorney Paul Mandel and Howard Kieft will discuss and perhaps arrive a schedule of procedure and requirements that would guide future developers as well as co-ordinate and simplify the process of handling the new plats by the Township Board.

Howard Altman  
Independence Township Clerk

## Food Care Vital In Warm Weather

To reduce chance of food poisoning during the warm summer months, keep hot foods hot and cold foods cold. This particularly applies to picnic-goers and cook-out devotees.

Often during warm weather, food poisoning cases are reported to the Michigan Department of Agriculture because meals are exposed to summer temperatures without adequate refrigeration after the food is prepared.

Foods that are especially susceptible to food poisoning organisms unless they are properly cared for are potato salad, puddings, cream sauces, mayonnaise, cream fillings, and salad dressings, particularly those in which cream and eggs are used.

During hot weather, microbiologists in the Department's laboratory detect bacterial contaminants in food samples submitted by the Foods and Standards Division, which has responsibility in this state for the wholesomeness of food. These food samples are taken in cases where people, often picnic-goers, became ill after eating certain food.

Foods and Standards Chief J. L. Littlefield cautions that foods to be eaten hot should be kept heated during the time between preparation and eating. In the case of cold foods, chilling and good refrigeration are suggested between the time the dish is prepared and when it is served.

Mr. Littlefield and workers at the Department's laboratory suggest food to be served cold should be kept at a 45-degree temperature or less. Temperatures of 140 degrees or higher should be maintained for hot foods. Keeping food at room temperatures is hazardous in either case.

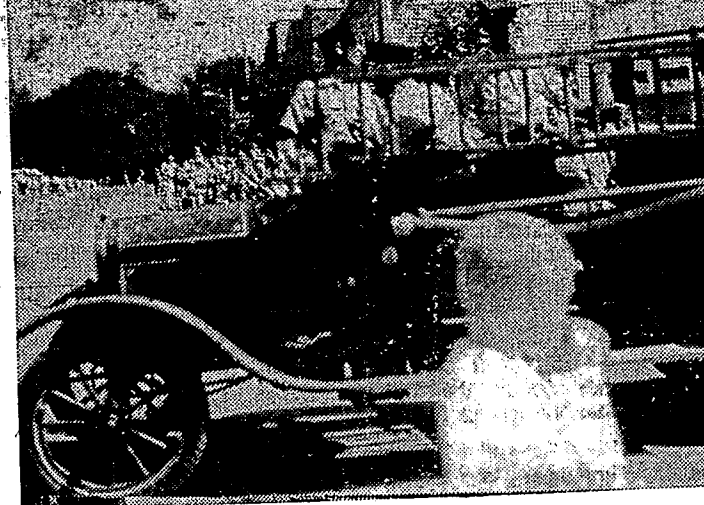

Clarkston News Photo

Rather difficult to recognize in their clown paint were Robert C. Jones and Lewis Wint, Independence Township Firemen, selling tickets for the Circus during the parade.

## Chevrolet dealers sell more cars than anybody Because they sell great cars

Chevrolet has brought a whole new kind of excitement to everyday driving this year—with 5 different lines of cars and 45 different models.

And whether you're cushioned in the bucket seat of a luxurious Chevrolet Impala Super Sport or behind the wheel of the roomy Chevelle, you'll feel it.

Whether you're gobbling up a hill in a thrifty Chevy II or making tracks on a sandy beach with a rear-engined Corvair, you'll feel it.

So why not stop in at your Chevrolet dealer's soon and see what we mean. And don't be surprised if you see your neighbor there. More people do.
