Special Program for Senior Citizens

In keeping with the plan inaugurated a year ago by the Bowling Proprietors of Michigan, a Senior Citizens Club again is being organized across the State. Among those participating is Howe's Lanes on Dixie Highway in Clarkston.

This "Senior Citizens Club" was organized to provide places where its members could go and enjoy watching the leagues bowl, visit a bit, and even engage in the sport of toppling the pins when they so desired and at reduced rates.

This program, the first of its kind in the country, drew praise from Governor Romney, who stated that it was the most logical approach to the Senior Citizens problem he had ever seen.

According to "Barb" Howe the program this year will include a State wide Senior Citizens Tournament and banquet. Each member bowling alley will be permitted to send one Senior Citizen to the tournament and banquet.

Those Senior Citizens interested in this program may register and receive their membership cards at Howe's Lanes.

Letter to the Editor

We have enjoyed the paper very much and have found the notices, regarding school, sports and projects very helpful.

One activity that has not been mentioned is the Civil Air Patrol. Our son belongs to the Squadron here in Clarkston and we think that the adult leaders are to be commended for the excellent work they are doing with our young people.

In July he and three of the Clarkston boys went (flew) to Shaw Air Force Base, South Carolina for the 1964 Michigan Wing summer encampment which lasted 8 days. At this time our boys experienced barracks life, eating in the mess hall, classes, drill, even K.P. as part of Air Force routine. Captain Klann is assisted by other Clarkston adults whose time and help is voluntary but given willingly to benefit girls and boys 13 to 18 years of age.

Sincerely,
Mrs. C. E. Moore

Editors Note:
We try to give all organizations of this area a boost in this paper

we have printed articles from time to time on the Clarkston Squadron of the Civil Air Patrol and hope to continue to do so. But, it is impossible for us to cover all meetings, therefore if this group wanted to appoint an individual to write up an article on their meetings and submit them to us I am sure that they will be printed.

I will admit that I was suppose to take a picture of this group one time but circumstances beyond my control prevented this and if this group would contact the office we will make every effort to take such a picture.

Linda Wright - Clifford Irwin Exchange Vows

Miss Linda Alston Wright, daughter of Mr. and Mrs. William E. Wright, of Marquette and Clifford Roy Irwin, son of Mr. and Mrs. Robert B. Irwin of Clarkston, were united in marriage Saturday afternoon, August 8 at 4:00, in the First Methodist Church, with the Reverend Norbert W. Smith officiating at the double-ring ceremony.

The bride wore a floor-length gown of peau de soie having a full train, and accented with jeweled Alencon lace which also outlined the neckline. A pearl-and-crystal tiara encircling organza rosebuds secured her bouffant illusion veil and she carried a white cascade bouquet of white roses and feathered carnations.

Miss Karen Wright was her sister's maid of honor. Bridal assistants were Miss Shirley Wood of Newberry and Mrs. David Melin of Menasha, Wisconsin.

They wore long gowns of two-toned aqua taffeta styled with short sleeves, scoop necklines and Watteau trains. Matching head bows held nose veils of illusion. They carried cascade bouquets of white gladioli and aqua feathered carnations.

A/2c-Ronald Irwin of San An-

tonio, Texas brother of the bridegroom, served as best man and the groomsmen were Alan Wells of Clarkston and David Melin of Menasha, Wisconsin. Ushers were James Manley and Bruce Dally, both of Ishpeming, Michigan.

The bride's mother wore a soft jade-green silk frock to her daughter's wedding, with a matching pillbox hat and a corsage of yellow sweetheart roses and white feathered carnations. Mrs. Irwin was costumed in a bone-beige sheath of silk taffeta with an over-panel of beige and white brocade. Her accessories were pink, with a pink corsage.

The bride is a graduate of L. L. Wright High School in Ironwood, and received a Bachelor of Science Degree from Northern Michigan University in June. She is a member of Alpha Xi Delta.

Mr. Irwin completed high school in Clarkston, and was graduated from Northern Michigan University in June with a Bachelor of Science degree. He is a member of Phi Theta Pi social fraternity, and Blue Key honorary fraternity. Mr. and Mrs. Irwin are teaching in the Clarkston schools and are residing at 5215 Indianwood Road, Clarkston.

Northville Stymies Clarkston 13-0

By Mel Vaara

For the 2nd straight Friday the game was marred by rain, the same as in the Oxford game. The rain did not dampen the spectator interest, as the game was played on an almost packed house.

Clarkston received the kick-off and marched down to Northville's 15 yard line, as Dan Jenks and Randy Armstrong ran for some long gainers. It looked like a quick score for Clarkston, but Northville's defense settled down and pushed Clarkston back 18 yards to the 37. Northville promptly took over, and marched for 67 yards for a touchdown. Most of the yardage was gained over the left side of Clarkston's line.

Northville's 2nd touchdown was

an early Christmas gift, as Dan Jenks fumbled on his own two and Northville had an easy touchdown and the score was 13-0.

Before the touchdown, Northville received another break when the pass from center sailed over Fortins head on a 4th down situation and Northville had the ball on Clarkston's 14, but Clarkston's defensive team did a superb job and held, but the fumble on the two gave Northville another crack at the goal line.

Clarkston's defensive team did a commendable job, as they contained Northville fairly well, except for Northville's first touchdown. Led by Wilberg, Clarkston's right side of the line held Northville at bay.

Kobrak - Allen Vows Spoken

Mrs. Dale Allen Calkins

Gertrude Ann Kobrak and Dale Allen Calkins exchanged marriage vows Saturday afternoon in the First Methodist Church of Clarkston.

The bride is the daughter of Mrs. Heinrich G. Kobrak, of Clarkston and the late Dr. Heinrich G. Kobrak. The bridegroom's parents are Mr. and Mrs. Nelson E. Calkins of Franklin Rd., Independence Township.

Miss Kobrak's gown of white de-lustered satin was fashioned with a fitted bodice and chapel train. Seed pearls appliques accented the front skirt panel. A cabbage rose secured her veil of silk illusion. She carried a cascade of white roses and ivy centered with a white orchard.

Mr. Donald W. Kobrak gave his sister away in marriage.

Miss Marcia Booth assisted as maid of honor and Miss Leslie Hursfall and Pamela Lovejoy were bridesmaids. They wore full length satin peau willow green gowns.

On the esquire side were best man Mr. Donald Rouchy and ushers were Mr. Robert Osgood and Mr. Norman Olafsson.

The couple left for a Canada honeymoon after greeting guests at the reception at the Coral Reef Room Airway Lanes.

The bride attended Flint Junior College and her husband attended General Motors Institute.

**Know Your
Michigan Law**

By Attorney General Frank J. Kelly
(This is a public service article
explaining in general terms a pro-
vision of Michigan law. Individuals
who wish to determine the effect
of any law upon their private legal
affairs should consult a private
attorney.)

For centuries the common-law
right to trial by jury has been re-
garded as a safeguard of life and
property. It has even been sug-
gested that the number 12 has a
special significance. The late English
Lord Coke said: "It seems to me
that the law justly delighteth her-
self in the number of 12 jurors for
the matter of fact, for is that num-
ber not much suggested in Holy
Writ, as twelve apostles, twelve
stones, twelve tribes, etc."

The right to trial by jury in
Michigan is guaranteed by the State
Constitution. In a criminal case the
right is absolute; however, in a
civil case trial by jury is deemed
to be waived unless it is demanded
by one of the parties.

It is no longer necessary in Michi-
gan that the jury be comprised of
12 persons in all cases, however.
The new Constitution provides that
the jury may consist of less than
12 jurors in all courts not of record.
Neither is it necessary in all cases
that the jury unanimously agree in
order to return a verdict. While
unanimity is required in a criminal

case, the new Constitution provides
that in all civil cases tried by 12
jurors a verdict is possible when
10 jurors agree.

You may be interested to know
how jurors are selected in Michi-
gan. The procedure is established
by law and provides that jurors are
to be selected from persons assess-
ed on the assessments roll of the
township or ward for the same year
who qualify as electors. The term
of service is for one year.

The following persons are ex-
cluded from jury duty: Officers and
employees of the United States;
officers and employees of the state;
all judges of courts of record; all
county officers and their deputies;
attorneys and counselors; all per-
sons more than 70 years of age; and
any person who has served as a
juror during the 12-month period
immediately preceding the term to
which he is called to serve as a
juror. In addition the court, for
sufficient reason, may excuse any
person from serving as a juror.

Once a person has been sum-
moned to appear as a juror, he
must attend. His failure to do so
may result in a fine not to exceed
\$25, or to be otherwise punished
as provided by law.

The opportunity to serve as a
juror is an important responsibility
of citizenship, and one who is
summoned to this duty will find
it to be a rewarding experience
as well.

Know And Heed Cancer Danger Signals

Cancer is a frightening word a-
mong Americans today. It's a fright-
ening disease. Millions of Ameri-
can families have had experience
with cancer. Millions of words have
been written about cancer in the
public press. Most of us know some-
thing about cancer. But how many
of us really know what cancer is?

During the process of cell divi-
sion — the basis of normal body
growth and repair — cells become
differentiated into the specific kinds
needed for each organ or body
function, says a new pamphlet of
the American Medical Association.

Each kind of cell divides into its
own kind, equipped to do the job
it was designed to do. Under cer-
tain conditions not yet completely
understood, some cells do not dif-
ferentiate in this way. They multi-
ply in irregular and disorderly
fashion and compete with normal
cells for nutrition and space. These
cell masses are called tumors.

Tumors that remain localized are
benign and may not be troublesome
unless they mechanically interfere
with some body function. Tumors
that grow rapidly and spread or
destroy tissue are known as malig-
nant tumors. Collectively, these
are called cancers.

Unrestrained growth of cancer
cells will infiltrate vital organs
and destroy the individual if not
checked. Slow growing cancers may
take months to spread beyond con-
trol. More malignant types spread
so rapidly that they become in-
curable in a few weeks.

Surgical removal of the cancer
and destruction of the tumor with
some form of radiation are the
primary methods of treatment. A
few types of malignancy, particu-
larly leukemia, react quite well to
newly discovered drugs and chemi-
cals. Drug treatment holds much
hope, but it is not yet perfected
and surgery and radiation are still
the major treatments, possibly
supplemented by carefully selected
drugs.

If treated promptly and properly,
some cancers are highly curable.
One-third of all cancers in the
United States are being cured today
and more than one million Ameri-
cans alive today are being cured

today and more than one million
Americans alive today have been
cured of cancers. However, almost
300,000 Americans will die of cancer
this year. Of this total, almost
100,000 might have been saved
through early detection and treat-
ment.

The cause of cancer in man is
not known. Some cancers may fol-
low some form of physical irrita-
tion, such as friction, heat, sunlight,
x-rays and other forms of radia-
tion. Chemical irritants may include
infections, tars, certain of the
heavy metals, hormones and certain
dyes. There is no evidence that
heredity is a factor.

Know and heed the American
Cancer Society's Seven Danger Sig-
nals:

1. Unusual bleeding or dis-charge.
 2. A lump of thickening in the breast or elsewhere.
 3. A sore that does not heal.
 4. Change in bowel or bladder habits.
 5. Hoarseness or cough.
 6. Indigestion or difficulty in swallowing.
 7. Change in a wart or mole.
- If any one of these symptoms persists for longer than two weeks, see your doctor. These symptoms do not necessarily mean you have cancer, but they are a warning sign that it might be fatal to ignore.

One Way to Cut Food Bill

You can save money on your milk bill but still use the same amount of milk, according to Janet Voorheis, extension agent in home economics for Wayne County.

You can do it making a few changes in the way you buy and use milk, she says.

U.S. Department of Agriculture food economists report that a Washington D.C. family of four using the recommended 21 quarts of milk a week could save:

—95 cents by getting its milk at the store in half gallons instead of having home delivery.

—63 cents by buying skim milk in half gallons at the store instead of whole milk.

—\$1.75 by mixing one-half nonfat dry milk (reconstituted) with one-half whole milk bought in half gallons at the store.

—\$3.50 by using all nonfat dry milk instead of whole milk bought at the store.

You can make similar savings in your own community, Mrs. Voorheis says.

In cooking, she continues, you can put another 2 cents into your pocket each time you use evaporated milk in place of a cup of whole milk, or 4 cents if you use nonfat dry milk instead of whole milk.

Oliffe, Miss Virginia Gallivan and Mr. Lloyd Jacobson. They all enjoyed seeing "The Mad, Mad, Mad, World" with dinner at the Susie Q after.

W.S.C.S. of the First Methodist Church, heard Rev. Jack Giguere speak on the subject "We Would See Jesus" which is part of a series that is being presented. Many members and friends attended.

Just this last week Mr. and Mrs. Harry Nicholson and sons John 9, Brett 6, have moved from Elizabeth Lake to their new home at 5746 Warbler. Welcome to Clarkston.

Mrs. Edward Curran was honored with a birthday party Sunday afternoon given by her daughters, Mrs. Irvin Johnston of Drayton Plains and Mrs. Lavern Bowers. The event was held in the home of the latter near Rochester, Mrs. Ethel Rowley and Mrs. Belle McIntyre attended.

Mrs. William Harrison will entertain the Mothers Club Monday evening. Mrs. Mead Myers is co-hostess.

Recent guests in the William Harrison Home were Mr. and Mrs. L. C. Plastridge of Saginaw, Mr. and Mrs. C. W. Eppert of California and on Thursday, Mrs. Edwin Albright of Muir, Michigan.

Federal-state relations is a topic that can always provoke lively discussion. Governors debate it, political science professors spend long hours lecturing on it and citizens have a legitimate concern over the trends occurring within this field.

Are the states growing weaker at the expense of the federal government? Should we re-examine the whole federal concept? In his book, *The Future of Federalism*, Governor Nelson Rockefeller of New York attempts to answer these and related questions.

In the area of federal assistance programs, we are making progress in improving state policy. Now I'm no "States-Rights" er. States have no rights; only people have rights. States have responsibilities. State governments should be judged by the same standards against which all governments should be judged: their capacity to help people.

Too many politicians in both parties are for States' rights because they want to keep things from happening because the doctrine of States' rights is the surest way to maintain the status quo. They are afraid of change; they want to make states into roadblocks in the way of progress. It is absurd to preach states' responsibility, if the states are citadels of inaction and irresponsibility.

Generally, I am opposed to establishing vast new federal programs when the problems can be handled as well or better by states, local governments, communities, voluntary groups or individuals. But once a new federal program is on the books, I will work and cooperate to see that Michigan gets full benefit. I hate to see dollars drift down to Washington, but once they're gone, I'll strive to get as many back as possible.

Using this approach, we have qualified Michigan for ADCU funds. We have stepped up Michigan participation in Kerr-Mills and other human welfare programs and saved millions of dollars for local government and Michigan taxpayers.

Michigan is ready for the federal college construction money. We have increased vocational training and retraining and other matching programs. We are going all out on the anti-poverty program. These examples are characteristic of the progress we've been making in the vitally important area of helping people, the prime responsibility of the state.

Northville Beats Clarkston

(Continued from page one)
in fact in the 2nd half Northville seldom tried to squirt the right end.

In the two games that Clarkston has played, they haven't been able to break their seasoned half-backs for any long touchdown runs. At the outset of the game they do well, as the game progresses, the holes are rapidly closed by line-backers. Palladino has been directing the team well and Fife looked much better in the Northville game. With the improved play of the two quarterbacks, Clarkston could jell well into a winning team when they play against Bloomfield Hills this Friday. Both teams will be looking for their first win, so it should be a mighty fine game to witness!

Clarkston's J. V. team defeated the Oxford team by the score of 19-12. Freshman quarterback Rich Johnson led the team to victory. Freshman halfback's Mark Erickson and Steve Crabtree ran very well as did sophomore backs Ray Chenoweth and Ron Sanchez. The line-man Lyle Walters, Doug Strleky, Bill Miller, Brian Galipo and Phil Kayga and ends Rich Bass and Mark Richards did a fine job for their 1st game victory. Coach Bill "Woody" Mackson was well pleased

with the victory. The J. V. team will play seven more games so one can expect a lot of fine action from these enthusiastic boys.

Scouts Enjoy Trip

Boy Scout Troop 126 from Clarkston enjoyed a two day trip at Grayling, Michigan, September 26 and 27. Twenty-eight scouts and eleven leaders paddled down the Au Sable River between the rain drops. However there was added thrill when four leaders checked the water temperature in the center of the river and not one scout joined this river club.
