CLARKSTON, MICHIGAN 48016 THURSDAY JANUARY 21, 1965

NUMBER 19

Localites in Barber Shop Group

Four Clarkston men will have active roles when the Pontiac Revelaires chorus performs Saturday night, January 23 on the Northern High School auditorium stage in "Holiday of Harmony."

The show is the annual, popular presentation by the Pontiac chapter of the Society for the Preservation and Encouragement of Barber Shop Quartet Singing in America, Inc., and is set for 8:15 p.m.

Directing the 22-voice men's chorus is Clarkston pharmacist Rawley Hallman, 6101 Ortonville, one of the real veterans in the Pontiac chapter. Tickets may be purchased from Mr. Hallman at the Professional Center Pharmacy.

Lead singers Water Arsenault, 5456 Columbia, and Jerry Leroux, 5357 Columbia, are active behind the scenes in organizing the annual show in addition to their vocal talents.

Homer Richmond, 6101 Overlook, supervises the advertising soliciting, is manager of the chorus and fills a bass singer's role in the chorus.

Drayton Plains also is well represented with bass Chase Sanborn, 2612 Edgevale; Lead Leonard Barnes (program chairman), 4063 Edmore; and tenor John Smith, 2380 Fairport.

The Revelaires are not the only talent on the program. Four talented quartets will participate, headlined by the Rhythm Counts from Toronto, Canada.

They have only recently returned from a tour of England, Scotland

and Ireland. In 1963 the Rhythm Counts finished among the top ten quartets in the SPESQSA international competition.

Also on the talent bill are the Roadrunners, Gary, Ind.; the Trebleshooters, Detroit; and the Foremasters, Muskegon. The Motor City foursome is the current Michigan district champion quartet.

The Muskegon group are renown for their novelty routines. The Roadrunners were Indiana-Kentucky champions last year.

The international SPESQSA headquarters has agreed to support the Institute of Logopedics at Wichita, Kansas, located on the campus of Wichita University.

Part of the proceeds from the Pontiac chapter's annual show will go toward the logopedics program is an attempt to correct speech deficiencies.

Red Cross — CAP Cooperation Pledged

National Headquarters, Civil Air Patrol, has announced the signing of an agreement formally pledging the assistance of Civil Air Patrol to the American Red Cross for disaster relief. Under the agreement the American Red Cross may request CAP assistance through USAF channels, but local Red Cross officials may also call on local CAP units for their commanders, for help in air-lifting Red Cross personnel and supplies to stricken areas. CAP units would also make their personnel and communications equipment available for Red Cross use.

January 13th was "test night" for the Clarkston Squadron with all Cadets present taking achievement tests on the various phases which have been studying. T/Sgt. Kathy Eudis reviewed "Introduction to Aerospace" with the new Cadets while Captain Charles Klann reviewed "Airways, Airports and Electronics" with the Phase II Cadets prior to the test. Passing grades on these tests will mean promotions to the Squadron.

January 24th is the date of the Michigan Wing Senior Conference at Kellogg Center in Lansing. All Seniors attached to Clarkston Squadron are planning to attend.

Other dates to remember: February 6th — Michigan Wing Cadet Advisory Council Dance at the Park Shelton Hotel in Detroit. The first week in March, applications will be distributed to eligible Cadets for the Michigan Wing Summer Encampments.

Girl Scout Cookie Sale To Begin This Weekend

A goal of 180,000 boxes of cookies has been set by Northern Oakland County Girl Scouts in their annual cookie sale this year. Each Girl Scout needs to sell 30 boxes to meet the goal. The girls and their leaders will be taking orders Friday, January 21 through Monday, February 1. Deliveries and direct selling of cookies will take place March 5 through March 21.

Five kinds of cookies will be available again this year: mint, peanut butter patties, sugared shortbread, chocolate and vanilla cremes, and the lemon-lime sandwich introduced last year. The price remains at fifty cents.

All Council Scouts benefit from cookie sale profits, both directly and indirectly. Each troop keeps five cents per box for their troop treasury. Less obvious but equally important are the larger benefits. Cookie profit maintains and develops Camp Sherwood, the Council's resident camp near Lapeer which is also available year-round for troop camping.

Cookie money provides camperships (camp scholarships) for those Scouts who might not otherwise have a camping experience.

Training of leaders, purchase of camping equipment, and aids for troop program and day camp are additional benefits derived from the cookie sale.

Cookie funds will help send eight Senior Girl Scouts from the Coun-

cil to the Senior Roundup in Faragut, Idaho next July. Currently training for the event, these girls will join 30,000 Girl Scouts from all over our country and the world as they camp together for two weeks. Attendance at other Senior events is made possible through cookie profits.

Council cookie chairman is Mrs. DuWane Jones of Waterford, Mrs. Carlyle Bragen of Auburn Heights is co-chairman.

District cookie chairman include: Mrs. William Graff, Pontiac; Mrs. Clifford Holforty, Rochester; Mrs. Jack Holland, Walled Lake; Mrs. Joseph Rusch, Pontiac; Mrs. Max Potter, Waterford; and Mrs. Frank Burrell, Orchard Lake.

Mrs. Howard Altman is cookie chairman for Clarkston.

Engagement Announced

The Reverend and Mrs. Edmund C. Snyder of Spring Arbor announce the engagement of their daughter, Nancy Elizabeth Snyder, to Daniel Curtis Ragatz, son of Mr. and Mrs. Paul P. Ragatz of Clarkston. A July 3rd wedding is planned.

Miss Snyder is attending the W.A. Foote Memorial Hospital School of Nursing and her fiance is enrolled in Spring Arbor College.

Donkey Basketball Played To An Overflowing Crowd

Laughter filled the Clarkston Junior High School last Wednesday night as a crowd of over 750 people attended the Clarkston Area Jaycees sponsored Donkey Basketball game.

Laughter was the theme of the evening as the Clarkston Rotary Club and the Clarkston Area Schools Faculty competed against two teams of Jaycees. This reporter was unable to get a statement from Jaycees pertaining to the score of the two games, but rumor has it that the two guest teams were victorious by close scores.

Deadeye Chuck Beach was said to be high scorer for the evening.

The audience was also entertain-

ed by the Majestics between games.

The Jaycees would like to thank all those in attendance for their fine cooperation and also apologize to those who had to stand in line to get in and also to those who were turned away because of lack of room. Advance sales made the game a sellout before game time and Jaycees felt a responsibility to ticket holders to have first chance at obtaining a seat. The unusual advance sale was impossible to predict and was the reason for the confusion at the ticket desk at the game.

The response to Jaycee projects is deeply appreciated by all members of the Clarkston Area Jaycees.

Rawley Hallman, pharmacist at the Professional Center Pharmacy, is shown going over one of the numbers to be sung by the men's chorus in "Holiday of Harmony" Saturday evening.

Dancing or Not Dancing; Who's to be The Judge?

During the intermission of the Jaycee Donkey Basketball game last Wednesday, The Majestics, a local teen-age band played several numbers for the audience. This music quite naturally prompted teenagers in the audience to take to the gym floor and display their dancing talents.

Many comments were made then and since about the style of their dancing. Remarks like, "Did you ever see such disgusting dancing?" "When my kids grow up I'll never let them dance like that!" — "Don't they look silly?" From where I was sitting I couldn't see one disgusting thing about their dancing. It was mostly girls just two boys. They formed two lines facing one another and did a very clever, catchy step. There were no "suggestive" motions like the teen dancers on such TV shows as "Shindig."

The only complaint I had was the short tight skirt (at least three inches above her knees) worn by

one of the girls. It was very unbecoming.

What type of dances were you doing when you were teen-agers? The Charleston, Jitterbug!

The Charleston was done as a solo, with a partner or in a group. A very jerky dance, the Charleston step was interspersed with such stenuous movements as kicking forward and backward. Much less graceful I would say, then the dances encountered by our Clarkston teen-agers.

The Jitterbug was an exuberant, youthful form of ballroom dancing. Jitterbug patterns included such dances as lindy hop, flea hop, Jersey bounce and west coast swing. Recognize any of those names?

Township Man Dies Suddenly

Conrad W. Burlison (53) of Dora Lane, Independence Township, died suddenly January 15, 1965.

Services were held January 16 at the Voorhees Siple Chapel in Pontiac. Burial followed at Oak Hill Cemetery.

Mr. Burlison leaves his wife, Rita, and children: Mrs. Betty Anderson, Rochester; Rudolph, U.S. Navy Boston, Mass.; Conrad, Jr., Ralph Linda, Jonh, Michael, all of Pontiac and 11 grandchildren. His mother, Mrs. Flossie Eads of Hot Springs, Ark. and step-mother, Mrs. Flora Burlison of Pontiac also survive.

Jaycees Again Looking for Young Man of the Year

Jaycee President, Lew Wint announced today that the third annual Bosses' Night will be held February 17th. For the first time tickets will be available to male members of the community who wish to attend this outstanding banquet.

The highlight of the evening will be the selection of the outstanding boss of the year an presentation of the Distinguished Service Award to the Young Man of the Year in the Clarkston Area. An outstanding speaker will also be present to give the key note address.

Area residents are again asked

to cooperate in the selection of the young man of the year by submitting nominations to Keith Hallman who will serve as Chairman of the judging committee. More information will be announced in next weeks Clarkston News.

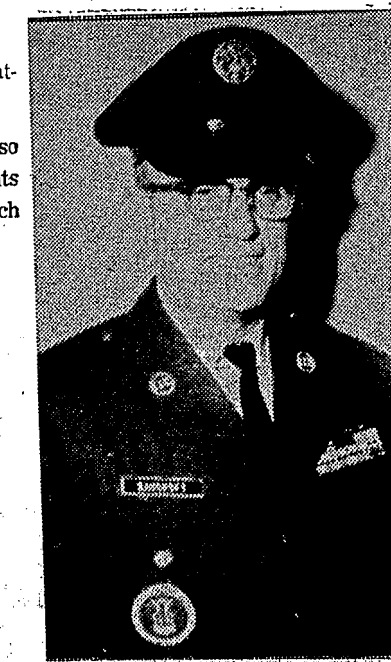

Opera House Curtain Comes To Life Again

Almost sixty-four years have passed since the first Opera House, sometimes called the Assembly Hall, became the focal point for the social and cultural life of the Clarkston community. It was located on the second floor of the Maccabee Building on Main Street and presently occupied by Alger's Hardware, O'Dell's Drug Store, and the Clarkston Bakery. Needless to say, there had been other popular places to assemble, especially for the gentlemen, before 1900. The Opera House offered adequate space including a stage and kitchen for social gatherings, lectures, musical presentations, school affairs, regular weekly dances for the young set, plays, and even roller skating.

The hall is now empty and quiet since the condemnation for assemblies. But the curtain from the Opera House stage which made its first debut around 1930, is coming out of its retirement this year of 1964 for its second debut. It is typical of the asbestos curtain so familiar in the Opera Houses and theaters in the early days, especially the silent movie and vaudeville era. It is completely covered with colorful advertisements of the many local business prospering at that time. The curtain was made possible through the cooperation of the businessmen of that period. The ads in themselves tell a great story of the growth and development of a community which was then a hundred years old.

ing was reduced from eight to six weeks. The reason for this change was to permit the young man or lady to enter Technical Training sooner.

Sgt. Bancroft was a resident of Genesee County before entering the service in 1940. He resided in Flint and attended Flint Northern High School. He is the son of Mrs. Mammie Bancroft, 926 Victoria, Flint. Sgt. Bancroft stated he is anxious to meet the people of Oakland County and to give them first hand information about the Aerospace Team, our country's first line of defense. If you have any questions or would like Sgt. Bancroft to stop by and talk please call Pontiac FE 2-8116 and he will be more than happy to accommodate you.

Pressure Pressure — this is the latest call of coaches. "Force pressure on the offensive pattern of the opposing team." Do not give them opportunity to play their type of game, change pattern of the game by pressure.

There are many means of applying pressure, there are various zone presses, half court, full court, 2-2-1 press 1-3-1 press, man-to-man press, you name some coach has devised a new means of applying pressure.

River Rouge always uses the man-to-man press and they are rated No. 1 in the state and they have won four state titles in a row.

Last Saturday on wide T.V. Iowa used a 2-2-1 zone press and they intercepted 11 straight passes and due to their press they led state at halftime 64-25.

The U. of M. was down 25-13 against Northwestern and they switched to pressure basketball and outscored Northwestern 21-5 in one stretch.

The No. 2 team in the state in the state in class "A" is Pontiac and they started with a press in the 1st quarter and outscored Bay City 24-5. Fenton the number 2 team in class "B" uses all sorts of pressure tactics and they trampled all over Flint Bendle. At halftime the score was 41-12.

The age-old question of "What is truth?" is given a fresh exploration in Christian Science churches this Sunday. The Bible Lesson is on "Truth," and the Golden Text is from Psalms (96:11): "Teach me thy way, O Lord; and I will walk in thy truth."

One insight into the question is presented in a paragraph from the opening pages of the Christian Science textbook: "Truth, independent of doctrines and time-honored systems, knocks at the portal of humanity. Contentment with the past and the cold conventionality of materialism are crumbling away. Ignorance of God is no longer the stepping-stone to faith. The only guarantee of obedience is a right apprehension of Him whom to know aright is life eternal" (Science and Health with Key to the Scriptures by Mary Baker Eddy).

News Notes from Clarkston High

John Merkel

Try-outs for League Choir are being held this week during the Chorus classes. They are being held in the instrument room.

The students are given a number, then they come in and sing three songs or parts of a song. They are permitted to choose one song; one song is chosen for them by Miss Williams, and the third is one they haven't seen before.

They are then judged by four Choir students from one of the other classes, usually two from each class.

First they sing the scale, either with numbers or syllables, then the songs. The judges do not see the person who is singing at any time during this process.

This way a person is judged on; by how well they can sing their parts.

Last week, at Clarenceville, League Band try-outs were held. For comparison let's go through how they tried out.

First, they had to go to Clarenceville, just to try out. Twenty-nine members of our band were chosen to try out.

They went to Clarenceville and tried out before a panel of judges. These judges were musical directors from schools which were not in our league.

They were given a number, then judged by their number rather than names.

They had a number of scales prepared and were told to play a certain one. This counted for ten points out of a possible one hundred.

Next, out of the eight league pieces, they chose one to play their part on. This was worth a possible forty points.

Their final test was another of the league pieces, this could be worth fifty points to the hopeful student.

Eleven of the twenty-nine band members that Clarkston High sent

to Clarenceville made it into League Band.

This number placed our Band second in the League. The only school that did better was Northville. Thirty-two of their fifty-six candidates were accepted.

Here is a list of our band members that were accepted and the instruments they play: Cindy Glavach, B Flat Clarinet; Roger Rolfe, B Flat Clarinet; Brenda Shaw, Flute; Caroline Giles, Alto Clarinet; Jim Jackson, Bass Clarinet; Herb Hipsler, Trumpet; Gary Fuller, Alto Sax; Paul Hoxie, Baritone Sax; (the above two boys made first chair on their instruments.) Don Norris, French Horn; Penny Fox, French Horn; John White, Sousaphone.

Instructing the high school band, and six other bands this year, is Mr. Barton Conners, the head of the music department.

He has been teaching for eleven years, all of them at C.H.S. He received his B.A. degree from Albion.

Currently he is working for his Master's degree at Michigan State University.

His job is perhaps one of the most traveling ones at the high school. During his school week, he teaches at every school in our school system.

Like surprises? Come see some! One is the elegant, trend-setting, big luxurious '65 Chevrolet. The car looks downright expensive! It has more room than many expensive cars have—extra foot room with its new frame and forward engine design, extra shoulder room with its curved side windows. And it actually feels expensive when you ride in it. (It should—new Full Coil suspension, wheels wider apart, over 700 sound and shock absorbers between you and the road.) There's plenty of power, too—including an improved Six. And you can personalize a Chevrolet more than 150 ways. Come let us show you how, along with how easily your old car and modest monthly payments will put you in a new beautiful '65 Chevrolet—just the way you want it. Life is full of surprises. GOVERNOR ROMNEY REPORTS

Recently we have discussed the many improvements in Michigan, but this very improvement, conceals the magnitude of the challenges we face.

Based on the actions taken and the directions assumed in the next two years, the coming decade can be either one of renewed deficiency and difficulty, or one of unequalled progress.

We have entered a period of unprecedented change and explosively expanding needs — a revolutionary rising in expectations.

For most citizens, learning and acquiring new skills will become life time processes. The "scientific age" is giving way to a "learning age." Current and new knowledge will revolutionize education, work, travel and recreation.

Increased income, leisure time, family formation and urbanization all will develop unexpected demands on our recreation facilities and natural resources, including land and water supplies, and water and air purity.

Advanced — and more costly — physical and mental health methods will not only prolong the lives of the healthy but also of the handicapped.

Our state's population is growing by about 200,000 annually and is expected to reach over 10,000,000 by 1975. It is taking on an hour-glass shape. An estimated 150,000 young people will celebrate their eighteenth birthday this year, as compared to 102,000 last year — a 50 percent of our total state population will be less than 25 years of age. And senior citizens over 65 are the next fastest growing age group.

This roaring population explosion will require a corresponding increase in job opportunities and large investments necessary to supply them. Human and social needs, old and new, will confront our private and public resources, institutions and leadership with unprecedented demands.

Thus the awesome task of the next two years unfolds.

It is to prepare our state with efficient methods of meeting your

needs adequately and the tax structure to yield the revenue justly. And it includes accomplishing this without losing our competitive ability to attract the business investments necessary to provide more and more jobs.

We are fortunate that our present surplus, if used properly, provides us sufficient time to do this.

But we must not be lulled into complacency by our sizable surplus.

Despite our recent record levels of annual economic progress and personal income improvement, our annual revenue growth is not keeping pace with just the unavoidable increases in public service expenditures. And as we improve these services, the gap steadily widens between revenue growth and the built-in level of unavoidable expenditures made necessary by the sheer increase in the number of individuals to be served.

If we consider a three-year period since July 1962, when Michigan experienced its last tax increase, we find that the actual and projected revenue growth average is an estimated \$38.5 million annually. But when we examine for the same period the built-in expenditure increases, the average annual increase is over \$50 million.

Thus, additional revenue over the three-year period, which is a record period of economic expansion in Michigan, averages \$12 million less each year than the built-in cost increases in state government.

The present facts are that on the basis of revenue growth alone, if we didn't have a surplus, we would not be able to meet the built-in costs without a deficit or improvement in services without an even greater deficit.

It is clear we can improve services where necessary in the coming year only by spending a great deal more than our present tax structure will produce. This means the state will dip into this year's surplus to balance next year's budget.

The Tiger of the year was just named Car of the Year by Motor Trend.

If that isn't enough of a hint, try Quick Wide-Track. (This is their year.) Or Turbo Hydra-Matic, the new transmission you can order that does away with roaring between shifts. Coupled with the quicker engines for the '65 Pontiac, it saves the roaring for whenever you need it. When you don't, the extra-potent engines let you just loaf along. And this loafing gives you the kind of economy you wouldn't expect from a looker like the '65 Pontiac. See your Pontiac dealer. He'll show you all 32 Pontiacs that are the "Car of the Year." They're the buy of the year, too.

"RUSH SEASON" LICENSE PLATE OFFICE OPEN

Ten temporary auto license plate offices, located to serve most areas of suburban Detroit, will be open from now through the last day of license plate sales, February 23, 1965, according to Gordon Trave, Deputy Secretary of State.

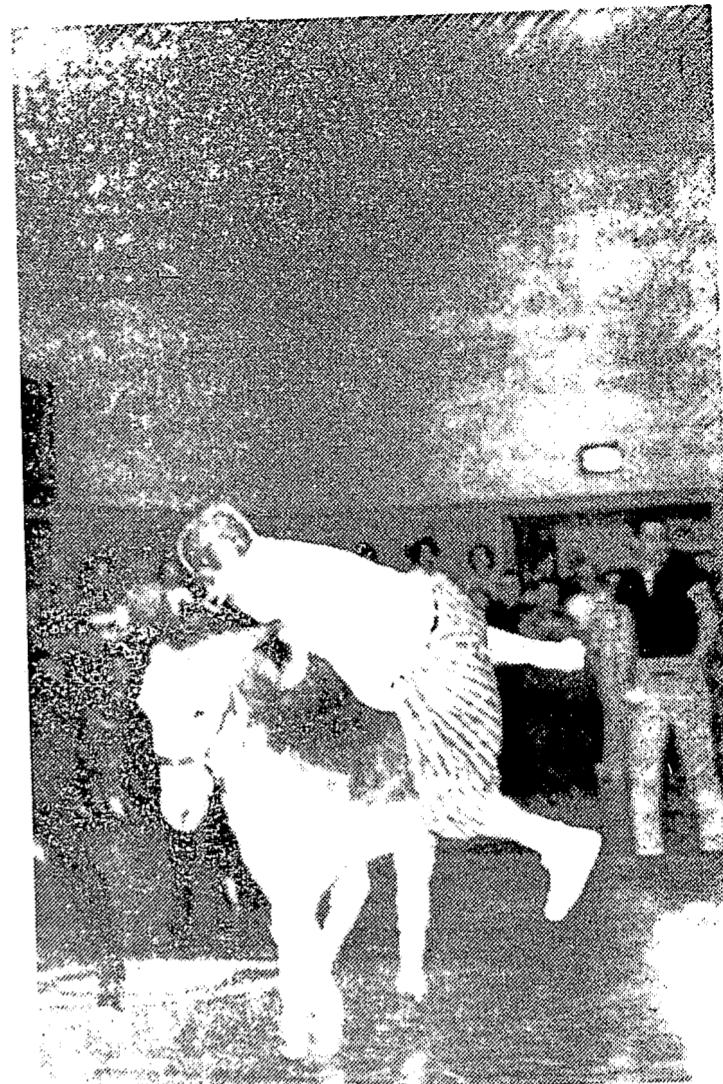

"This" Trave said, "is one of the many extra service programs instituted by Secretary of State James M. Haru which provide more services at no extra cost to the people of Michigan. These extra offices help alleviate the long line-ups on deadline days."

Offshoots of regular fee branch Secretary of State offices in Wayne, Oakland and Macomb counties, the temporary offices are at these locations: Federal's store, Eastgate Shopping Center, Roseville; Eastland Shopping Center; Madison Heights Shopping Center, 12 Milly Road at John R.; Troy Bank, Troy; Kroeger's, Tel-Maple Shopping Center, Bloomfield; Northland Shopping Center; K-Mart, Garden City; Woonerland Shopping Center, Livonia; the Redford Township Hall, and at 20521 Grand River, at Redford, West Detroit.

Most of these sub-branches will remain open during the regular store hours where located. Other regular branch offices are open from 8:30 to 5:00 p.m., daily, Monday through Friday.

Trave urged plate purchasers to get in as soon as possible to beat the deadline rush and reminded them that either their title or last year's registration slip are acceptable proof of ownership to apply for plates.

Braille Makes Books Come Alive For Girl Aided by March of Dimes

It's very comforting for a certain little girl of 11 to know that four members of her family love to read to her anytime she asks, day or night.

Trouble is, to Susie's way of thinking, no matter how ready her parents and two sisters may be to read aloud to her, they seem to take forever to get on with the story. It took an entire week, for instance, to untangle why d'Artagnan and his three musketeers took a dim view of Cardinal Richelieu.

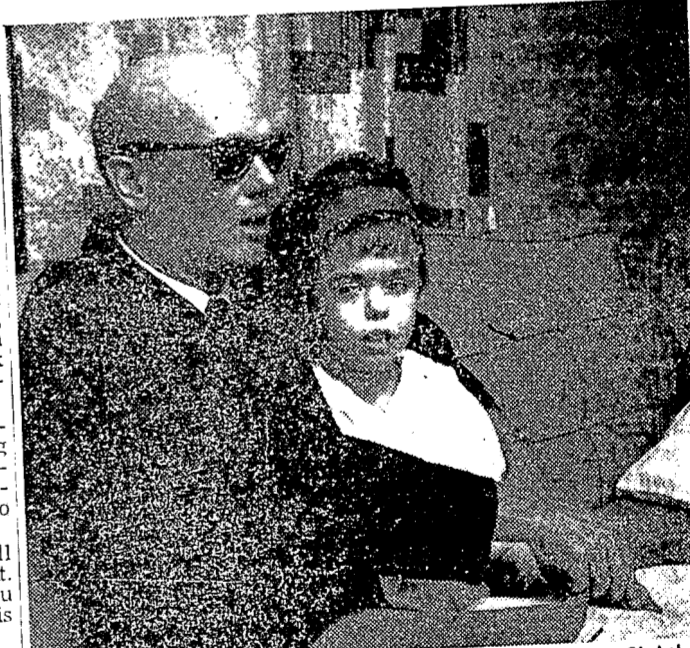

There're always interruptions such as mother's having to get dinner ready, or her sisters' boy friends phoning incessantly, or daddy having to go off to work.

But these frustrations will soon be a thing of the past. For Susie, who by now you will suspect doesn't see, is learning to read for herself.

Susie is the pretty daughter of Horace and Ella Edwards of Nashville, Tenn. She was born with hydrocephalus, and paralyzed below the waist. Surgeons at the March of Dimes Birth Defects Center, Vanderbilt University School of Medicine, Nashville, were successful in saving the child's intellect, and today her IQ is above average.

Unfortunately, however, the pressure of the accumulating fluid in the brain caused irreversible deterioration of the optic nerves. Gradually, sparkling noon became twilight and two years ago twilight faded to total darkness. That is the way it will be for the remainder of Susie's life.

To save the intellect and to avoid mental retardation, and even save her life, "shunt" tubes were inserted into her skull on five separate occasions to drain off the blocked fluid. Then there was additional surgery for still other disorders. A long time was required for Susie to recover from all these operations. This meant that, even though her world was turning cloudier and dimmer, and a life without light lay ahead, there just wasn't

MR. JIMMY guides Susie's fingertips over dots and points. Sightless child is a patient at March of Dimes Birth Defects Center, Vanderbilt University Hospital, Nashville.

time to learn Braille during those long stays at the March of Dimes Center. You could stretch a point though, and say that Susie is blessed in one way. She was not born blind, and at one time learned the alphabet as one arm around Susie's neck. Braille on his little, too. This has now made memorizing Braille characters a less tearful occasion when Mr. Jimmy comes to teach Susie every Tuesday and Thursday.

She is blessed in still another way, which explains how Susie is very firm and determined about learning the language of the sightless, and "reading" it swiftly. The decision was hers alone. All this relates back to its taking so long for her family to read aloud "The Three Musketeers" and "Alice in Wonderland" and the other stories.

Mr. Jimmy, otherwise James J. McCormack, is himself sightless. He is a professional Braille instructor provided Susie by

these county people downtown. To Susie, he's apparently also a very comical fellow who is always telling jokes that one can understand. The two of them sit there quietly on the sofa, the lanky Mr. Jimmy's arm around Susie's neck to support her, and the little girl guides Susie's fingers over the dots and points.

Then abruptly they both burst into laughter which is to any one else, some private joke. It is not see.

"Susie promised me a Christmas present," Mr. Jimmy says. "It took her four weeks to wrap it up pretty, but she had it all ready for me Christmas Eve when I came by for our lesson. In the short period of time—a stunning record for a child—Susie had memorized the alphabet we people must live by."

Area Men In Uniform

Aerographer's Mate Second Class Philip D. Bogert, USN, son of Mr. and Mrs. Durward D. Bogert of 923 Lakefield Lane, reported for duty December 14, at the Navel Air Station, Jacksonville, Florida.

The air station is home for more than 60 per cent of the Atlantic Fleet's air striking arm in addition to being a primary supply base for aircraft carriers and patrol bombers operating in the Mediterranean.

Seaman Recruit Leroy Franklin, USN, son of Mr. and Mrs. Cecil H. Franklin of 6180 Pine Knob, began nine weeks of basic training December 21, at the Recruit Training Center, San Diego, Calif.

During his early days of training he will receive a series of aptitude examinations to determine which of the Navy's 65 specialty fields he will enter on completion of recruit training.

Physical fitness training, drill, naval customs and courtesies, water survival, first aid, personal hygiene, marlin-spike seamanship and general naval orientation will highlight the first three weeks of his transition from civilian to military life. The large-scale instruction program at Recruit Training Command features both live instructors and closed circuit television.

Seaman Recruit Micheal D. McKinney, 19 USN, son of Mr. and Mrs. Merl M. Ingersoll of 9950 Ellis Road, completed two weeks of active duty training January 2, at the Navel Training Center, Great Lakes, Ill.

During the two weeks he studied basic military law, customs and etiquette, seamanship and a basic knowledge of shipboard routine.

Also included in the training was extensive military drill, first aid, swimming, water survival tactics

and physical fitness. He has returned to his local reserve unit for regular training sessions.

Airman Apprentice Thomas J. Lawless, USN, son of Mr. and Mrs. Bernard S. Lawless of 7698 Phelan Ave., has reported for duty at the U.S. Navel Base, Norfolk, Virginia.

This base provides docking facilities and limited supply support for units of the Atlantic Fleet.

Local Girl Excels in Honors Program

Colorado State University's honors program for the fall quarter, which just ended, lists 20 out-of-state students who maintained a 3.0 (B) grade average or better in this work.

Only 153 students of the more than 10,000 at CSU participated. Qualifications for doing work in this program are set by the individual department instructors involved and students are in the program by invitation.

Professor Willard O. Eddy, director of the program, states that it is "designed to attract the student whose intellectual interests and ambitions are unusually strong. Specifically, it fosters high standards by facilitating close intellectual association with the faculty and other students of a like mind. The program also urges the student to exercise independence, initiative, self-education and challenges his maximum ability."

Miss Judith L. Hoffmann, freshman, wildlife management, daughter of Mr. and Mrs. Carl E. Hoffmann of 9543 Whipple Shores Drive, is one of the students to excel in the Honors Program.

College News

Michigan's governor, George Romney, will present the commencement address on Saturday, January 23, at 2 p.m. when 684 Western Michigan University students are awarded diplomas during mid-winter graduation ceremonies in the university's Read Field House.

During the exercises, Romney, who was recently inaugurated for his second term as governor, will be presented with an honorary degree of Doctor of Laws by WMU President James W. Miller. A 1929 graduate of the University of Utah, Romney will be the only honorary degree recipient during the exercises.

Margaret E. Malstrom, MA, of 6773 Transparent Drive will receive her diploma.

Sports Beat

(Continued from Page 1)

In the second half Northville switched to a zone defense and this choked the Clarkston offense as they outscored Clarkston 18-8.

In the 3rd quarter Fife picked up his 4th foul, and had to leave the game and with Wilberg out and Pearson playing below par and Fife sitting on the bench next to the manager Mansfield, this isn't exactly the strategy the coach McGrath planned in defeating Northville.

Fife was high for Clarkston with 19. Pearson added 15 and Bob McCarrick had 10. Clarkston took 52 shots and connected on 17 for a per cent of 30. The team netted 29 rebounds with Lippert having 6 and Dave Coulter had 5.

Clarkston's J.V. team won a thrilling game in overtime by the score of 48-44. Mark Erickson made the overtime play possible by scoring on a driving lay-up with 9 seconds left. Mark ended up with 21 points. Clarkston was behind by 12 points at half time and with a new defense and a hot shooting hand by Al Mortz a transfer student from Pontiac Central, Mortz had 15 points all in the second half. Clarkston made a fine come back to defeat Northville. A great win for Coach Davidson's boys.

hopes of Holly. Coach McGrath sent out a pack of eager Wolves and they took all the kick out of the Bronco's from Holly. This was a different ball club than the one that performed last Friday at Northville.

The boys were out to redeem themselves and they responded with a beautifully played ball game. As Ed Sullivan would say, "We have a real big show planned". Clarkston can steal the same phrase, because they really really provided a big "Showwww" for the fans.

This was Clarkston's finest hour in defeating Holly. They defeated a good, well coached ball team loaded with explosive scoring ball players. Coach McGrath's boys shook up Holly with their zone box defense and added a chaser on their

talented shooter Tom Fagen. Ron Lippert played the roll as the villain and stuck to Fagen like a twin brother.

Lipert held Fagen to only 8 points and all of them in the 4th quarter. This type of defense caused Holly to lose the ball 25 times on turnovers or bad passes.

Clarkston's talented sophomore, Dan Fife scored 25 points most of them coming on driving lay-ups. Holly's ace defensive player Mark Phalen just couldn't cope with Fife on this particular evening.

Ron Allen and Ron Lippert added 11 points each to the winning cause. Gary Pearson had 7 points, all in the 4th quarter.

The Clarkston J.V. played another cliff-hanger and won with 15 seconds

left, when Mark Erickson caused two-free throws to win 54-53. The J.V. team has been providing their share of thrills for the fans. Coach Davidson's record is now 5-3. Mark Erickson was high point getter with 19, Al Mortz and Randy Nicolson added 12 points each to the winning cause.
