NUMBER 22

## Local Store Owner Shot Down During Hold up

Sheriff Frank Irons (left) and a detective stand over the spot where the murder victim was found.

Many curious spectators wait outside Boucard's Country Shoppe for word on the fate of the shop's owner.

### Cash Register Rifled But Other Money Overlooked

The Oakland County Sheriff's Department is still investigating an apparent holdup at Boucard's Country Shoppe (formerly Rochon's Country Shoppe) at 8650 Dixie Highway in Independence Township Monday night.

The store owner, Maurice Boucard, who was working alone, was shot and killed.

The murderer was believed to have taken \$50 which was in the cash register, but overlooked other money in the store and on the forty-seven year old victim.

According to an autopsy, Boucard was shot once with a small-caliber weapon. He had also, been struck on the head with an unknown object.

Two customers, David Bevy of Clarkston and Ronald Maki of Cen-

terline, entered the store together and discovered Boucard's body at about 10:40 p.m. in front of a beer cooler.

Questioned in connection with the death was Paul Rochon of Pontiac. Rochon, said to be a partner in the store, told police he visited Boucard that night and left about 10:10 p.m.

Betty, the victim's wife, left the store earlier in the evening to go do her laundry. She said her husband gave her the .25 caliber automatic pistol the officers took from her.

She said the pistol was usually kept at the store for protection, but Maurice, her husband, had her take it when she went to do her laundry alone.

Captain Leo Hazen, chief of detectives, believes the murderer was a stranger to the area.

Among the evidence sent with a team of detectives to the State Police Crime Lab was three .22 caliber cartridges found on the floor of the store.

## Township Board Designates Feb. 14-20 as Jaycee Week

The Clarkston Jaycees are a group of hard working young men of action who have one purpose in mind: to serve and improve their community. Their many projects are accomplished by the unselfish giving of time and energy by young men.

The 1964-65 year began in June with the election of Lewis Wint as president. Other officers are Ted Jackson, Internal V.P., Bob Jones, External V.P., Bill Dennis, Ways and Means; Harry Fahner, Sec.; Gordon Spelbring, Treas., and Kelly Burnett, Chuck Robertson, and Duane West, Directors.

The Jaycees continued support of the Water Safety Program at Deer Lake with the purchase and installation of marker buoys to identify the swimming area. The emergency telephone was also maintained by the Jaycees.

National recognition came in the form of two local Jaycees being named to the 1965 edition of Outstanding Young Men of America. They were Frank Runk and Lewis Wint.

A six week Junior Golf program was sponsored in mid-summer in cooperation with the Independence Township Recreation Dept. Instruction in fundamentals and rules of golf were made available to youngsters.

A tournament was held at the conclusion of the program and trophies were awarded to the winners.

The First Annual Junior Champ Track Meet was also held with medals being awarded to the winners of each event.

The Community Survey was continued and results were made available to community leaders as to the attitudes of the people.

### Dixie Saddle Club Planning Supper

The Dixie Saddle Club will hold a pot luck supper, Saturday, February 13, 7 p.m. at the Clarkston Community Center.

All "horse lovers" are invited to attend and bring their own passing dish and place setting.

Movés will be shown by Judge Ralph Freeman.

### Kiwanis Club To Sponsor Dinner

The Holly Kiwanis Club is sponsoring a Spaghetti Dinner next Wednesday, February 17 from 11 a.m. to 7 p.m.

Open to the public, the dinner will be in St. Rita's Church in Holly.

Proceeds will go needy children.

The third annual Chicken Bar-B-Q in September was a success with over 500 dinners being served.

Perhaps the busiest time during the current year for the Clarkston Jaycees was the Labor Day Weekend, when they sponsored a carnival and a lunch wagon during the four days.

On Halloween night, the Jaycees gave 50 transistor radios to school age children selected at random. This project was to encourage children to be home at a reasonable hour.

The Junior Miss Pageant was held on November 28th with 14 local girls competing for the honor. A capacity crowd saw Miss Sandra Smalley crowned Clarkston Junior Miss of 1965.

Three projects were sponsored by the Jaycees during the Christmas season. These were the Outdoor Decorating Contest, providing gifts for needy children of the community, and the Community Christmas Party attended by over 2,500 children.

In January, a donkey basketball game sponsored by the Jaycees was enjoyed by a capacity crowd in the Clarkston Junior High gym.

At this time, the Jaycees are pre-

paring for the Third Annual Bosses Night. The Boss of the Year award will be presented, along with the announcement of the outstanding young man of the community. This is perhaps the outstanding event of the year for the 68 Jaycees.

The Winter Sink Contest is now in progress as a financial project to help provide funds for future community improvement.

Later in the spring, the Jaycees will have their second Auction Sale. Also, during the year, the Jaycees have participated in parades and other projects aimed toward the betterment of the community. They have given financial aid to United Fund, Clarkston Student Aid, Olympics, and several other worthy organizations.

As the year progresses the Jaycees will continue to serve their community and strive towards its goals of a better community in which to live.

The Jaycee membership is open to every young man of the community from 21 to 35 years of age and what better way to gain leadership training and serve the community at the same time. Yes, the Jaycees are truly young men of action.

### Services Held for Local Woman

Services were held February 3 for Cora B. Weiss, 90, of 60 Waldon Road in Clarkston. Mrs. Weiss was the wife of the late Oscar Weiss. She passed away February 3, 1965.

A members of the Wautoma Methodist Church, Wautoma, Wisconsin, Mrs. Weiss was also a member of the Clarkston Pioneers Club and a charter member of the O.E.S. in Wautoma.

Among the survivors are two children, Mrs. Heinrich G. Kobrak of Clarkston, and Mrs. Howard S. Stowell of Yacolt, Washington; four grandchildren.

The Reverend Lewis C. Sutton officiated at the service in the Lewis E. Wint Funeral Home. Burial was in Wautoma, Wisconsin.

### Local Infant Dies

Services were held Saturday, February 6, for Baby Girl Adams, of 6501 Maybee Road, Independence Township, at the Sharpe-Goyette Funeral Home.

The baby was stillborn, February 4, 1965.

Besides her parents, Mr. and Mrs. John Adams, she is survived by her brothers, Tim, Jerry, Berry and Paul, at home.

Burial followed at Lakeview Cemetery.

### Rotary To Hear Talk On Storms

Modern techniques used in man's age-old battle against the rampaging elements will be discussed by a Detroit Edison weather specialist at the Monday, February 15, meeting of the Clarkston Rotary Club.

In his talk, "Dueling the Thunderstorms," Mr. Crockford will discuss the use of present-day methods and equipment in predicting and analyzing weather trends and explain how Edison uses forecasts to minimize interruptions.

Mr. Crockford has played a major role in developing Edison's storm-warning program.

He was born in London, England, but was graduated from Cass Technical High School in Detroit and later studied electronics and engineering in evening and extension courses at Wayne State University and the University of Michigan.

He joined Detroit Edison in 1929 in the meter department and worked for several years in the meter standards laboratory before being assigned to the overhead lines department in 1940.

Besides his Edison duties he teaches electronics in evening at Cass Technical High School and is active in the Detroit Meteorological Society.

The meeting will be held at Howe's Lanes and is scheduled to begin with dinner at 6:30 p.m.

## Clarkston Defeats West Bloomfield 66 - 56

In a battle for 4th place in league play between Clarkston and West Bloomfield, Clarkston came out on top by the score of 66-56.

The first half was a nip and tuck battle with only two points separating the teams at intermission. Both teams missed many easy shots, with the lay-up shot the hardest one to make. However, in the 2nd half Clarkston began to hit with regularity and they quickly built a 10 point lead. Many points coming on their well executed fast break. Gary Pearson hit on an out of five shots and John Wilberg scored with amazing regularity. Wilberg scored 16 points in the second half and wound up with a total of 20 points for the night.

### Child Study Club Meets

Clarkston Child Study Club held their meeting last Thursday at the home of Mrs. Richard Johnston on Northview Drive. Co-hostesses was Mrs. David Vincent.

The guest speaker was Mr. John Judwin, Psychologist, who talked on "Mental Health Problems".

Several members will attend a Joint Child Study luncheon which is to be held at Devon Gables February 16. They will hear Dr. Lowell Eckland who is Dean of Continuing Education at Oakland University. The topic will be "A Time for Excellence".

Mrs. Frank Runk of Overlook Drive will be hostess for next month's meeting.

Coach Paddy of West Bloomfield wanted to know, "If this was the same John Wilberg that played in the first game between the two schools?" Wilberg isn't known for his scoring ability and if it continues Clarkston can move up a notch or two in league play.

Dan Fife ended up with 20 points. He was in foul trouble and had to sit out seven minutes of the game. Fife hit on some nice jumpers, but had trouble on the free throw line, hitting on two out of eight attempts. Fife is one of the top scorers in Oakland County, comprising an average of 18 points per game.

Coach McGrath and his boys playing some "pressure basketball" in the first quarter. It resulted in several turnovers against West Bloomfield. If Clarkston could have made their lay-ups they would have broken the game wide open.

Clarkston 67, Bloomfield Hills, 55.

### Michigan's Traffic Death Toll Down

Michigan's 136 traffic deaths in January were 34 or 20 per cent less than 170 in the same month a year ago, according to State Police provisional figures.

This was the third month in a row showing a reduction compared with the corresponding months a year earlier. There was a decrease of 19 deaths in November and 12

### Conservatory Plans Unusual Concert

Musical history will be made in Clarkston on Sunday, March 14 when the first program in the mid-west for three pianos is performed in the Clarkston High School Little Theatre.

Also unusual, and included in the program will be the American performances of works by European composers.

Norman Gufford and Sally Dow, distinguished Detroit duo pianists and Ivan Rouse 1st pianist will be heard in the program.

The Clarkston Conservatory of Music is presenting the program.

### OES To Hold Initiation

Joseph C. Bird Chapter 294, Order of Eastern Star will hold their initiation Monday, February 15, 8 p.m. at the Clarkston Masonic Temple.

In December, the latest counts show,

The January toll was 13 more than the month's average of 125 for the five years of 1960-64, and 16 greater than the average of 120 for the 10 years of 1955-65.

The highest January death toll was 189 in 1937 while the low was 59 in a war year, 1942.

Michigan finished 1964 with a provisional toll of 2,096. Delayed deaths have now raised this figure to 2,121.

### Obituary

Services will be held Thursday, February 11 at the Lewis E. Wint Funeral Home for Maurice J. Boucard, age 47, of 8650 Dixie Highway, Springfield Township.

Mr. Boucard was shot to death Monday as a result of an apparent robbery at his store, Boucard's Country Shoppe, on Dixie Highway, Independence Township.

Surviving besides his wife Betty, is his mother, Mrs. Blanche Boucard of Clarkston.

Also surviving are a brother and sister, Joseph L. of Clarkston and Mrs. Harold Meininger of Royal Oak.

The Reverend Lewis C. Sutton officiated, with interment at Lakeview Cemetery.

### Scout News

Cadet Girl Scout Troop 547, under the leadership of Mrs. Walter Norberg and Mrs. Harold Goyette, have had a busy year.

Since September all the girls in the troop have completed their First Aid Badge and their Child Care Badge. This has kept them busy.

On January 29, 44 Girl Scouts attended a "Splash Party" at Oakland University. Everyone had a wonderful time.

The girls would like to thank Mrs. Elliott, Mrs. Byers, Mrs. Chad and Mrs. Hess for helping to make this party possible by donating their time and cars.

The troop is looking forward to another "Splash Party" in March.

Receiving their God and Country Awards, the highest scouting award the church can bestow upon one of her members; are Greg Hutchins, Kevin Urick, and Robert Chapman.

The Rev. Lewis C. Sutton (left) and The Rev. Jack Giguere presented the boys with their awards at the First Methodist Church on February 7, Scout Sunday.

### FIRST CHURCH OF CHRIST SCIENTIST

Oxford, Michigan

The dramatic account from the Book of Genesis telling how Joseph met the many challenges to his trust in God through the years will be heard in detail on Sunday at Christian Science churches in the Bible Lesson entitled "Soul".

The Golden Text is from Psalms (99:9): "Exalt the Lord our God, and worship at his holy hill; for the Lord our God is holy."

Selections from "Science and Health with Key to the Scriptures" by Mary Baker Eddy will also be heard, and will include this: "Soul has infinite resources with which to bless mankind, and happiness would be more readily obtained and would be more secure in our keeping, if sought in Soul" (p. 60.)

Let our low-cost Auto Loan put you behind the wheel of a new car. When you finance your car at low, money-saving bank rates, you save considerable cash in the end, and you enjoy the advantages of choosing your car wherever you can get the best deal or value. Our convenient monthly payments are scaled to your income, enabling you to repay with ease the money you have borrowed.

Get the cash you need for your car in a hurry by stopping in our loan department for prompt, courteous, confidential service. Investigate our many other banking services, too, including loans of all types, savings and checking accounts.

No window post.  
No floor hump.  
No radiator.  
No power steering.  
No power brakes.

(Some of the things you don't get in a Corvair are among your best reasons for buying it.)

'65 Corvair Monza Sport Sedan

## Corvair by Chevrolet

The beauty of it, of course, goes deeper than the things you don't get. There's the other side of the coin—what you do get in their place.

Take the no window post, for example. What you do get is hardtop styling—with curved frameless side windows—in every Corvair closed model.

The transmission and driveline hump you don't get means more foot room. Thanks to Corvair's rear engine, the floor is practically flat.

No radiator—the engine's air-cooled—also means no water, no antifreeze and no hose leaks to worry about. All

of which add up to some more important pluses.

Power steering? Power brakes? Corvair needs them like a centipede needs crutches. With most of the engine weight on the rear wheels, the front ones are free to steer easily. And stops are quick and sure—with no nosediving.

Come on down to our showroom and discover the difference.

Drive something really new—discover the difference at your Chevrolet dealer's Chevrolet • Chevelle • Chevy II • Corvair • Corvette

# Local News

**By Mrs. Shirley Lynch**  
Maple 5-1065

Gary Cole was 10 years old February 4 but waited till the weekend for ice cream and cake. Gary's parents are the Lyte Cole's of Transparent.

Mr. and Mrs. Robert Whaley of Plum Dr. spent the weekend in Columbus, Ohio visiting his father and brother, both of whom live in Columbus. Their daughter, Tina, 4 years old, spent the weekend with her grandparents, the Russell Sim-

onson's on Amy Dr.

Last week Mollie Lynch cracked her elbow in a fall on the ice and had to wear a binding for two weeks as the result. Not to be out done her brother, Aaron, played master magician and pretended to swallow a nickel for his classmates. The nickel became lodged in the roof of his mouth with such suction the neither his teacher, the school secretary, nor principal could budge it. A trip to the doctor removed the nickel but in the process Aaron lost his nickel. He swallowed it.

Mark Cushman, son of Mr. and Mrs. L. V. Cushman of Holcomb St., was 11 years old February 6th. For a choice of menu he had spaghetti with cake and ice cream and presents.

Mr. and Mrs. Al Robinson and family have been traveling back and forth between Monroe and Clarkston weekends to visit Mrs. Robinson's father, Mr. Hubert Kuhns who is ill and in the hospital in Monroe.

A family birthday dinner was held at the home of the Edward Brisson of Orion Road to honor Mrs. Brisson's father, Henry Bouque who was 78 years old February 3. Eight members of the family were on hand to wish him the best birthday ever.

Stewart See, 2½ years old, had his tonsils out last Monday and is doing fine. He is the son of Mr. and Mrs. Kent See of Eastlawn.

Miss Joan Bailey celebrated her birthday by taking her noices, Debbie and Denies Squires, to see "Emil and the Detectives". They had a wonderful time.

Mr. David Teays is in the Pon-

tiac General Hospital recovering from serious injuries as a result of an automobile accident last weekend.

Mr. and Mrs. Arnold Anderson of Ottisville, were dinner guests at the home of their nephew and family, the Edward Ross' of Middle Lake Road.

Mr. and Mrs. Ed Ratz of Pontiac joined their grandson, John Collins, in celebrating his 7th birthday February 4. His parents, Mr. and Mrs. Maurice Collins, two sisters and two brothers enjoyed the day too.

Mr. and Mrs. John Lynch were guests of Mr. and Mrs. Robert Wilson at the Oakland County Sportman's Club last Saturday evening for dinner and dancing. The occasion was the club's annual Ladies Night Banquet.

Happy Birthday to the following: February 3, Jane Adams, Martin Limbaugh; February 4, Charles Robinson; February 7, Michael Redwood, Melvin Johnson; Three couples celebrated wedding anniversaries: Mr. and Mrs. Jerome Wilford, Mr. and Mrs. Jim Fuller and Dr. and Mrs. Ronald LePere.

Mrs. Fannie Rouse of Waldon Road celebrated her birthday last week with several affairs in her honor. Family gatherings were held at her daughters home, the home of Mrs. Dorothy Kroops of Drayton Plains and also at the home of Mrs. Ben Powell on Orion Road Wednesday her son, Ivan, hosted a dinner at Pine Knob in her honor, Thursday the Neighborhood Club met at her home for lunch and art afternoon of visiting. Mrs. Rouse received many lovely gifts, cards and best wishes from her family and friends.

Thousands of "semester break" skiers covered the slopes where ideal skiing temperatures and snow conditions were more dependable than anywhere in the nation at Boyne Mountain and Boyne Highlands.

Rodney Mellen of Dixie Highway in Clarkston, who was among the skiers, had to ski on one ski as he lost the other when he fell.

## Notice of Public Hearing

The Planning Commission of Independence Township, Oakland County, Michigan, will hold a Public Hearing on February 18, 1965, 7:30 P.M., at the Township Hall, 90 N. Main Street, Clarkston, Michigan, to consider the following changes in Township Zoning Districts:

(1) To rezone from Residence 1 to Suburban Farms: The S ½ of SE ¼, Section 6 and S ½ of NW ¼ of SE ¼, Section 6. (100 acres in all).

(2) To rezone from Residence 1 to Commercial 1: Lots 9 and 10, except the W 127 ft. of Lot 10, Sashabaw Heights Subdivision, Section 22.

(3) To rezone from Residence 1 to Residence 2: T4N, R9E, Section 32.

That part of W ½ of SW ¼ lying SWly of Andersonville Road and NELY of GTRR R/W exc beg at pt dist N 89 degrees 29' 45" E 526.87 ft from SW sec cor; Th N 55 degrees 04' W 427 ft more or less to shore line of Lester Lake; Th NELY and Sly along sd shore line to S sec line; Th S 89 degrees 29' 45" W 220 ft to beg. (28.70 acres).

A map showing the proposed changes in the Zoning Districts may be examined at the Township Hall during regular office hours.

Delton Lohf, Sect., Independence Twp. Planning Comm.

1-21, P. 11

## Township Board Minutes Reviewed

The Township Board at a Regular Meeting held on the 2nd of February, 1965 opened bids from Pontiac Printing, Division Printing and Clarkston News for the printing of a Building and Zoning Code as amended. Clarkston News was awarded the bid at a price of \$500.00 per 1000 copies.

The Board discussed the condition and operation of the Township Dump and changed certain procedures that would establish conditions pursuant to the request of Oakland County Health Department in addition to raising the salary of the Dump Custodian from \$66 to \$70 per month.

The Board Members also approved the request for transfer of a SDM license from Howard Honick to Alfred Lee Parks at 4694 Orion Road, Clarkston, Michigan.

The Board also approved of depositing with the Oakland County Road Commission the sum of \$10,000 on a matching fund basis for the purpose of construction and maintenance of county roads within the Township.

Mr. William Parker was appointed to the Township Planning Commission bringing the Commission to a full membership of nine members. The Board likewise renewed its contract with the Oakland County Sheriff's Department for special police services to be provided the Township.

Howard Alman, Clerk Independence Township

## College News

Mary Robbins, 6495 Waldon Road, is among the 2,700 members of the Senior Class of 1965 of the University of Wisconsin at Madison who have their pictures in the senior section of the 1965 "Badger," the student yearbook at the University.

The 500-page "Badger" yearbook will be distributed late in the spring. Its 1965 editor is Linda Calder, Milwaukee; its business manager, Milton Carr, Janesville. Published annually since 1885 by Wisconsin students on a self-supporting basis, the 1965 "Badger" contains thousands of photos of Wisconsin students and student groups, campus scenes and activities, faculty and staff members, recording the story of the 1964-65 school year from the viewpoint of its student editors, writers, and photographers.

## Sashabaw PTA Meets Thursday

Thursday, February 11, at 8 p.m. the Sashabaw PTA monthly meeting will hold its monthly PTA meeting.

School Director, Mrs. G. Borner, will take charge of a portion of the meeting honoring Founders Day.

Mr. Joseph Zabalski, safety education consultant for the Automobile Club of Michigan, will speak on "Safety Education."

Dr. Alvin D. Loving, professor of education at the University of Michigan, will speak on "The Brotherhood of Man" Sunday February 14 during the 10:30 a.m. worship service at Trinity Methodist Church 6440 Maceday Drive, Waterford.

Dr. Loving, promoted to full professor in 1962, is the first Negro to achieve this rank in the 148 year history of the University of Michigan.

He served as the first Dean of Students at the University of Nigeria while on leave from the U of M in 1960-62.

Dr. Loving came to the U of M from India in 1956. In India he had been serving as a Fulbright Pro-

fessor with the Indian Ministry of Education and the United States Educational Foundation of India.

Three out of the past nine years were spent in the Orient and Africa. These experiences carried him to 27 countries, the Islands of the Pacific and the Caribbean.

Dr. Loving will be speaking on the day reserved as Brotherhood Sunday in Methodist churches throughout the world. His presence will try off a series of six discussions on Brotherhood sponsored by Trinity's Social Concerns Commission, Sunday at 7:30 p.m. church members will meet to evaluate the series and determine a plan of action in the field of brotherhood.

## GOVERNOR ROMNEY REPORTS

This is the second of a number of articles in which I would like to discuss the various aspects and problems of traffic safety.

At the rate of increase during the last two years — an increase each year of more than 200 lives lost in traffic over the year before — more than 14,000 people will be killed on our streets and highways over the next five years alone!

By 1969 we will be killing more than 3200 people in traffic each year — injuries will skyrocket to over 200,000 each year.

To effectively attack the problem,

we need documented solutions — we need informed coordinated and cooperative action.

As an important step in evaluating Michigan's traffic needs, I appointed — during the past year — a Special Commission on Traffic Safety to study, in depth, the strengths and weaknesses of Michigan's traffic accident prevention efforts.

Two-hundred-and-nineteen key Michigan citizens and officials cooperated to review every aspect of traffic safety in Michigan and to recommend needed administrative &

legislative improvements and public action.

Eight Commission study committees produced more than 100 recommendations. They studied Michigan's accident prevention efforts, not in generalities, but in specific detail. They found that responsible officials lack much needed legislation, manpower, financial and public support to keep pace with the ever mounting problem — and their recommendations can be summarized by one key word. That word is "Strengthen!"

We must strengthen our current laws, the basic framework within which our officials charged with responsibility for traffic safety must operate.

We must strengthen budgets to provide necessary manpower and equipment to do the job.

We must strengthen our efforts in traffic law enforcement and accident records — in driver education improvement and control — in highway engineering — in the safety

condition of the vehicle — and in public information.

We must strengthen research programs to allow for more studies of how to more effectively manage our resources and activities and to develop better methods of accident prevention. We must study longrange solutions including the human factors in accident causation.

The Commission's specific recommendations — representing the combined and cooperative thinking of citizens, responsible officials and special consultants — were presented to me in September, and since that time have been further condensed and refined in the light of:

1. Detailed study, comment and suggestions during eight regional Governor's Safety Conferences;
2. Careful review and study by the Michigan State University Highway Traffic Safety Center and by leading officials and traffic consultants; and
3. Forthcoming re-organization steps in state government required by Michigan's new Constitution.

Based on these factors, I will recommend that the bulk of the Special Commission's recommendations requiring legislative action be introduced during the present legislative session. Other recommendations requiring appropriations have appeared in my budget recommendations.

Additional SCOTS recommendations requiring legislative action have been deferred ending constitutional reorganization. These are mainly in areas relating to counts handling traffic cases.

An adequate understanding of the traffic problem depends upon the efficiency of our accident records system. Discrepancies requiring attention include: additional accident information not now consistently reported, more uniform reporting, use of modern electronic data processing systems.

Based on these needs, I will support bills:

1. To strengthen accident and violations reporting by including information not now consistently reported — such as non-fatal accidents, juvenile violations and no driver license violations — and by requiring the reporting to the Michigan State Police of property damage accidents involving \$100 or more in damages.
2. To provide appropriations to allow for modern electronic data processing systems to increase the

## Know Your State's Driver's Licenses Will Soon Take on Color Michigan Law

By Attorney Gen. Frank J. Kelley

(This is a public service article explaining in general terms a provision of Michigan law. Individuals who wish to determine the effect of any law upon their private legal affairs should consult a private attorney.)

Usually upon the death of an individual who is the sole owner of property in this state a probate proceeding is necessary. An exception is an individual whose entire estate consists of one or more motor vehicles whose total value does not exceed \$1,500.

The Michigan vehicle code provides that the surviving husband or wife or next of kin, in that order, may apply for a title for the vehicle. This may be done at a branch office of the Secretary of State.

Proof of death of the registered owner must be furnished, together with an affidavit setting forth that the applicant is the surviving husband or wife or next of kin, as the case may be. The form for the affidavit is available at the branch office. The proof of death is established by presentation of a certified copy of the death certificate.

A use tax declaration stating that the transaction is exempt from payment of the 4 per cent use tax must also be presented. Upon a proper showing the Secretary of State is empowered to furnish the surviving spouse or next of kin with a title.

The vehicle code provides for payment of a fee of \$1 for each title.

Registration or license plates issued to the decedent for the vehicle may be used by the surviving spouse or next of kin during the period they are valid in such a case without payment of further fee. A certificate of registration showing the change is issued by the Secretary of State.

value of accident records to law enforcement agencies, to counts and driver education specialists, to driver licensing and improvement officials, and to state, county and local engineering authorities.

Ever wonder how you would look in living color? Well, in less than six months — about June 1 — Michigan's licensed drivers will begin to find out.

Secretary of State James M. Hare doesn't plan to start his own television show. But he does plan to begin issuing a new driver's license which will show the operator's picture in full and living color.

Hare said contract to produce the photo-license has been let to DEK Processes, Inc., of Fort Wayne, Indiana, adding the new license will be among the first color photo driver licenses in the country and "will serve as an excellent identification for law enforcement officials as well as for banks and liquor establishments.

The color photo won't be the only thing new on the license, Hare said. "Actually, when we resumed our exhaustive investigations into the broad field of photo-licenses two years ago, we were not sure whether we wanted color pictures or the more conventional black and white," Hare said. "However, in discussing the problem with enforcement people and business interests, we discovered that they strongly favored the color photo. This helped to share our decision in the matter."

"Actually, the entire license will be restyled," he said. "Both the photo and license will be printed together in a single process on a sheet of sensitized paper. Then the license will be laminated with a plastic which will contain the state's coat of arms. This should foil attempts to in any way alter the license."

Although the first of the photo-licenses are due to start rolling out about June 1, it will be three years from that time before all of Michigan's present 4 and one-quarter million licensed drivers have them. Hare said there were no plans to accelerate the state's normal three-year renewal cycle for licenses. But drivers should have the new license by 1968, he said.

Hare said that the new type of license would be issued to persons who lost their licenses, however. Actually, the photo-license concept

is not a brand new idea in Michigan. This type of license was first approved by the Legislature back in 1949. However, no appropriation was made to implement the plan until the 1964 session when lawmakers voted \$500,000 to get the program started.

"We have explored the photo-license field when the law was first passed in 1949," said Hare, "but we were forced to do it again this year because of the many changes in processes, other innovations and alterations in costs. This has been the prime reason for a delay in getting the program under way."

Laboratory facilities will be set up in Lansing by the DEK Company, but in five years under terms of the present contract, explains Hare, the equipment will become the property of the State of Michigan.

When the program becomes operational, about 2-million licenses — new and renewals — will be issued annually.

"This means we must process between 6,000 and 9,000 licenses each day with the average day geared for about 8,000," Hare said. By the time everyone in Michigan has a new photo-license, Hare estimated the state would have well over 4½ million licensed drivers.

## YWCA to Meet in New Dream Home

The twentieth annual meeting of the Young Women's Christian Association of Pontiac will be held at the large, beautiful mansion they hope to obtain for their future home, and which currently is furnished only with dreams. The luncheon meeting, scheduled for Saturday, February 13 at 1 p.m., will be catered, buffet style, and guests will sit at card tables on folding chairs moved in for the occasion from the Y's present home on Franklin Blvd.

The hoped-for new home is the former Beaudette house, 269 W. Huron. The YWCA is currently conducting a campaign to raise funds for its purchase. Guest speaker for the annual meeting will be Miss Alice Papes, a member of the international division of the national

staff of the YWCA, in charge of interpretation of the Y's work in foreign fields. Her topic will be "The Y Encircles the World." Mr. and Mrs. Victor Lindquist will be guest vocalists. Mrs. William Emerson, president of the association, will conduct the business meeting during which Miss Alice Scrill, Planning Campaign chairman, will report.

Results of the election of one-third of the Board of Directors will be announced, as will the nominating committee for 1966. Mrs. Hiram H. Smith is annual meeting chairman.

A tour of the dream house will conclude the program. The meeting is open to members and friends of the association.

## Sachertorte Is A Viennese Cake

One of the most famous desserts in all the world is Vienna's renowned Sachertorte said to have been created in 1832 by a Viennese cook named Sacher, the same Mr. Sacher who later built the Sacher Hotel. A Sachertorte is a chocolate cake, glazed with apricot and frosted with chocolate. It is quite different from our own American style chocolate cake. To serve, chill thoroughly.

- Sachertorte
- 2/3 cup Mazola margarine
  - 1 cup sugar
  - 6 egg yolks
  - 4 ounces unsweetened chocolate, melted
  - 1/2 cup finely grated almonds
  - 1 cup sifted flour
  - 6 egg whites
  - 1/4 cup sugar (Filling and Frosting)
  - 1 1/4 cups apricot preserves
  - 1/2 cup light corn syrup
  - 3 ounces unsweetened chocolate, melted
  - 2 teaspoons hot water
  - Chopped pistachio nuts (optional)

Cream margarine with 1 cup sugar until light and fluffy. Beat egg yolks until thick and lemon colored, then beat into creamed mixture. Blend in melted chocolate and almonds. Fold in flour. Beat egg whites until thick and frothy, then gradually add 1/4 cup sugar, beating until soft peaks form when beater is raised. Fold into chocolate mixture. Pour batter into greased and floured 9-inch spring form pan. Bake in a 300 degree F. (slow) oven until cake tests done, 50 to 60 minutes. Cool overnight, then remove from pan.

Split cake into two layers. Spread about 1/2 cup apricot preserves on top of one layer; stack second layer on top. Spread remaining preserves over top and sides of torte. Bring corn syrup to boil in small saucepan. Remove from heat and add unsweetened chocolate. Let stand until chocolate is melted and syrup is cooled to lukewarm. Blend chocolate and syrup, then stir in hot water. Quickly spread on top and sides of torte. Garnish sides with chopped nuts. Makes 10 to 12 servings.

After six great years like this what could Pontiac possibly come up with next?

**The 1965 Pontiac: Car of the Year! That's what!**

We had to reach a climax somewhere along the line. And what better climax for a car than to win Motor Trend's Car of the Year Award for 1965? Nothing could please us more, except maybe the way people are buying our cars. And they are. Drive one and find out why. First thing you know, you'll buy one, too.

## VOTE MON., FEB. 15

**VOTE FOR Paul A. Kern, Jr.**

14th Senate District  
Republican  
Primary Election, Feb. 15, 1965

"The big issue of our time is our individual and God-given Rights versus the creeping paralysis of state Socialism." Paul A. Kern, Jr. A Government that can give you EVERYTHING, can take EVERYTHING.

Economy and tax reduction are more important than tax reform. I say balanced budget, increase surplus and lower taxes.

**Law and Order** Restrict the force of Government to protection of Life, Liberty and Property. Criminals must be treated as Criminals.

**Education** Make available to local communities, on their own, school construction packages for different size communities. Saves cost. Work out flexible plan to encourage qualified teachers to work part time in their communities.

**Jobs** If we simplify laws, rules and regulations Individuals, business and industry will expand and create MORE jobs.

**VOTE for PAUL A. KERN, Jr.**

# A SALUTE TO CLARKSTON AREA'S DYNAMIC JUNIOR CHAMBER OF COMMERCE (THE "JAYCEES")

## Jaycee Creed

### WE BELIEVE:

That faith in God gives meaning and purpose to human life;

That the brotherhood of man transcends the sovereignty of nations;

That economic justice can best be won by free men through free enterprise;

That government should be of laws rather than of men;

That earth's great treasure lies in human personality;

And that service to humanity is the best work of life.

The Jaycee objectives are to make the Clarkston Area a better place in which to live. To develop leadership among its own membership and to give young men a voice in affairs of their community, state and nation.

# The Dollar Bill - - Can You Describe It?

Ask anyone you know to name the most sought after, most necessary most revered item in our society and chances are the answer will be "money." Ask that same person to describe a \$10 bill and chances are just as good that he won't be able to do it.

Although paper money has been in existence in this country for some 100 years, few people could accurately draw or describe the almighty dollar if their last one depended on it.

Each U.S. Treasury-issued \$10 bill, for example, shows nine specific

items and two signatures. These items are: type of note, Federal Reserve seal and letter, Treasury Seal, series, face plate number, portrait, serial number and check letter. The last two items both appear twice. Without looking, try to place them in their correct position in a ten-spot.

There is about \$31,800,000,000 worth of paper money circulating in the United States today, according to researches with New Standard Encyclopedia.

Broken down, this averages more than \$170 in paper money for every person in the country each year the government prints more than one billion bills with a total value of some \$8 billion dollars.

The life of a piece of paper money is about one year; less for one dollar bills. On the average, every dollar in circulation is spent once every 20 days. Worn-out paper money is destroyed by the U.S. Government at the rate of \$7,500,000,000 a year.

There is an interesting formula for determining the value of a damaged bill. If three-fifths of the bill can be identified, the bill is worth its face value; if less than three-fifths but more than two-fifths is identifiable, it is worth half its face value. Less than two-fifths of a bill is worthless.

The paper used in U.S. Currency is manufactured by a secret process. The U.S. Government is the only user of this paper, and only those connected with the printing process know its formula and the identity of the privately-owned factory where the paper is made. This factory is under the constant supervision of an agent of the Secretary of the Treasury. Each sheet of currency paper is carefully counted and guarded when it is in the mill.

Everyone knows about our shrinking dollar, but how many know that this is actually a fact, literally? From 1861 to 1928, United States currency was of the uniform size of 7 seven-sixteenths by 3 one-eighth inches. In 1928 the size was reduced to 6 five-sixteenths by 2 eleven-sixteenths inches.

Much in the news is the current coin shortage, caused primarily by

the rising number of numismatists (coin collectors) and the vast consumption of coin-operated vending machines. Twice during American's history people have taken almost all the United States coins out of use. People hoarded coins during President Van Buren's administration and during the Civil War. They did this because they were afraid paper money had lost its value. Coins, they thought, would always be valuable if only for the copper, silver, and gold in them. Soon there were almost no metal coins to make change. People began to give a great deal of trouble buying things, because they did not want paper money and there were few coins.

Today there is more than \$2,755,000,000 worth of coins circulating throughout the United States — more than \$15 in coin for each person in the country. Federal law prohibits defacing U.S. currency and does not permit photographing of bills. It is legal, however, to melt coins and change them so they cannot be recognized as money. It is also legal to publish pictures of U.S. Coins.

In the early days of coinage, New Standard Encyclopedia points out, dishonest people often clipped or filed the coins to get particles of gold or silver. To prevent such theft, modern coins are made with raised and milled edges, which show plainly any clipping or filing. These edges also make it easier to stack coins into piles and protect the inner design from wear. The design of any coin cannot be changed more often than every 25 years with the approval of Congress.

The coin shortage is nothing new. In the mid-19th century coins were so scarce in the rapidly growing United States that many private firms began producing coins. This was tolerated by the Federal government until 1864, when private coinage was forbidden.

by Billie S. Farnum

## A Congressman's Workbook

### His Mother's Illness Brought Draft Delay

A Congressman's first duty is to help make laws. A second duty is to see that citizens get fair and equal treatment from Federal Agencies, including Selective Service:

Dear Congressman Farnum: My mother, whom I support, is scheduled for surgery soon after I am to report for induction. Enclosed is a doctor's affidavit and also statements in support of my belief that I am entitled to a hardship deferment from service. Dan G.

An investigation of the young man's plight was requested from Lewis B. Hershey, director of Selective Service. No special favor was asked — just a review of the normal procedures that had been followed. Shortly, Ken Hershey replied: "The registrant's induction has been postponed. Based on new information . . . the local board intends to reclassify the registrant."

Dear Congressman Farnum: A lady friend said you told her how to get a stain out of her dress? Did you really? Mrs. H. V.

My answer: No. Stains in dresses are in Mrs. Farnum's department. But I added in my letter that I'd probably send her friend what I was sending to her — the authoritative Government pamphlet, "Removing Stains from Fabrics." There are pamphlets covering hundreds of home problems of all descriptions. A letter to my office is all that's needed to find out if there is something on any topic of interest.

Dear Congressman Farnum: I thought our college library had something on anything under the sun, but it has nothing on plant life in the coastal plains of Columbia. Would the Library of Congress know where I could look? J. V. F.

I said the Library of Congress probably had the actual information and, that as soon as it was found, I would forward it. While a Congressman can't allow himself to do home-work for students, any student or librarian or anyone else has the right to request information on any subject that isn't covered in local libraries. Most libraries are aware of this service, and use it. Anyone in my District (Pontiac, Western Oakland County, Livonia, Redford Twp., etc.) can also use it by just dropping me a note.

### Prosecuting Att'y and Staff to be feted at Dinner

A Dinner-Dance, to introduce newly elected Oakland County Prosecutor, S. Jerome Bronson and all members of his staff will be held at Kingsley Inn, February 19, 1965. The affair, arranged by a group of prominent Oakland County citizens, will be open to the public and will afford an opportunity to meet Mr. Bronson and his staff. Richard L. Wolk, Chairman of Dinner-Dance Committee, stated the invitations have been extended to civic and political leaders from the entire state. "Because of the importance of the Prosecutor's Office," said Mr. Wolk, "many attorneys and others, active in community affairs, have expressed a desire to meet with the New Leadership of the County's chief law enforcement agency. Invitations are extended to everyone interested in attending."

A Reception at 7:00 p.m. will precede the dinner, which will start at 8:00 o'clock. Further information on tickets may be obtained by calling Mr. John Rogers, Pontiac attorney, PE 4-6951.

Dear Congressman Farnum: I make an article of office equipment used in many Government offices. Is it possible for a small manufacturer to get a Government contract, or is that only for the giants? F. X. B.

My advice was to read some printed material included with my reply. There is no reason that just because of smallness a business should give up the idea of competing for trade made possible by tax dollars. The Government offers many services to business and anyone in my District can learn of those applicable to his purposes by writing to: Congressman Billie S. Farnum, House Office Building, Washington, 25, D. C.

### Good Nutrition Vital in Winter

Good nutrition is important the year around, but especially in cold weather when your body needs extra fuel. The homemaker bears the major responsibility for feeding the family, so it is important she plan and prepare appetizing, nourishing meals.

Michigan State University Cooperative Extension Service Home Economics point out that each family member needs to know and eat the basic four foods each day. The four food groups are meat and eggs, milk and milk products, vegetables and fruits, and whole grain or enriched bread and cereals. An adult needs 2 or more meat serving per day, 4 or more servings of fruits or vegetables, 2 or more servings of milk, and 4 servings daily of the bread and cereal group. Each group does not need to appear in every meal, but they should each be eaten at some time in the daily diet.

If your family's menus contain these foods each day, they will be getting an adequate supply of food nutrients.

**NOTICE OF MORTGAGE SALE**  
DEFAULT having been made in the conditions of a certain Mortgage made by Joseph F. Perrault, Jr. and Dorothy F. Perrault, his wife, to Post Lane Farms, Inc., a Michigan Corporation dated December 30, 1961, and recorded in the office of the Register of Deeds for the County of Oakland and State of Michigan, on January 3, 1962, in Liber 4281 of Mortgages, on pages 520 and 521, which said Mortgage was duly assigned by said Post Lane Farms, Inc. to the undersigned George Essex and Helen C. Essex, his wife, and Thomas D. Essex, as joint tenants, with right of survivorship, and not as tenants in common, by assignment thereof, dated June 4, 1962 and duly recorded in the office of the Register of Deeds for said County of Oakland, on June 12, 1962, in Liber 4311 of Assignments of Mortgages on page 428 on which Mortgage there is claimed to be due at the date of this notice, for principal and interest the sum of Seven Thousand Three Hundred Twenty Eight and 36/100 Dollars, and no proceedings having been instituted to recover the debt now remaining secured by said Mortgage, or any part thereof, whereby the power of sale contained in said Mortgage has become operative.

Now Therefore, Notice is Hereby Given that by virtue of the power of sale contained in said Mortgage and in pursuance of the statute in such case made and provided, the said Mortgage will be foreclosed by a sale of the premises therein described or so much thereof as may be necessary, at public auction, to the highest bidder, at Main and south entrance to the Court House in the city of Pontiac, and County of Oakland, Michigan, that being the place of holding Circuit Court in and for said County on May 11th 1965, at 10:00 o'clock Eastern Standard Time in the forenoon of said day, and said premises will be sold to pay the amount so as aforesaid then due on said Mortgage together with seven per cent interest, legal costs, Attorneys' fees and also any taxes and insurance that said Mortgages does pay on or prior to the date of said sale; which said premises are described in said Mortgage as follows, to-wit:

Situate in the Township of Commerce, County of Oakland and State of Michigan described as: Lots numbered 18 and 19, Block 4, Frank S. Salter's Mount Royal Country Club a Sub. of part of Section 10, Tavn 2 North, Range 10 East, Meridian Township, Oakland County, Michigan, according to plat recorded in Liber 48, Pages 1-1A-1B-1C-1D, Plats, Oakland County, Michigan.

No. 86.485 — In the Probate Court for the County of Oakland.

At a session of said Court, held at the Court House in the City of Pontiac, in said County, on the 22nd day of January A.D. 1965.

Present Hon. DONALD E. ADAMS, Judge of Probate.  
In The Matter of The Estate of Ruth H. Carman, Deceased.  
Gordon R. Carman having filed in said court a petition praying that the administration of said estate be granted to petitioner, or to some other suitable person, and for determination of the legal heirs of said deceased. It is Ordered, That the 23rd day of February A.D. 1965 at nine o'clock in the forenoon, at said Probate Office, be and is hereby appointed for hearing said petition, and that all persons interested in said estate appear before said Court, at said time and place, to show cause why a license to sell the interest of said estate in said real estate should not be granted.

It is further Ordered that notice be given to all interested parties as shown by the records in this cause by delivering a copy of this order to each of them personally, or by mailing such copy to each of them by registered or certified mail with return receipt demanded addressed to their respective last known addresses as shown by the files and records in this cause. And it is further Ordered, that public notice thereof be given by publication of a copy of this order once each week for three successive weeks previous to said day of hearing in the Clarkston News a newspaper printed and circulated in said county.

**STATE OF MICHIGAN**—In the Probate Court for the County of Oakland.  
At a session of said Court, held at the Probate Office in the City of Pontiac in said County, on the 5th day of February A.D. 1965.  
Present, Hon. DONALD E. ADAMS, Judge of Probate.  
In The Matter of The Estate of L. Clare Utley, Deceased.  
James R. Jenkins having filed a petition praying that an instrument filed in said Court be admitted to Probate as the last will and testament of said deceased, and that administration of said estate be granted to James R. Jenkins, the executor named in said Will, or to some other suitable person, and for determination of the legal heirs of said deceased. It is Ordered, That the 9th day of March A.D. 1965 at 9 o'clock in the forenoon, at said Probate Office in the City of Pontiac, Michigan, be appointed for hearing said petition.

It is Further Ordered, That public notice thereof be given by publication in said Court once each week for three successive weeks, previous to said day of hearing, in the Clarkston News a newspaper printed and circulated in said County, and that proponent cause a copy of this notice to be served personally or by registered or certified mail, return receipt demanded, to each of the known heirs at law, legatees and devisees at their last known place of address at least ten days prior to said day of hearing.

# Sports Beat

By Mel Vaara

Two former Clarkston athletes are making big names for themselves in the state of Florida at Ortonville. Both boys played on the undefeated J.V. basketball team a couple of years back and both boys are seniors in high school. They are Dave Funk and Steve Bolyea.

Funk is averaging between 27-30 points a game for his school in Florida. Reports have filtered to Clarkston that Dave Funk could make a fine player during his freshman year at Clarkston. He had several earmarks of a possible great one. Steve Bolyea is a senior playing at Ortonville and scored 9 points in the last quarter to help his victory for Ortonville.

The Ben Powell Truckers continue to lead in class "B" Pontiac. They have a record of 5-0.

The Clarkston Junior High Teachers are leading in their league with a record of 6-1.

There are only two more weeks until tournament time. The top picks for the state are: Class "A" Berton Harbor, Class "B" River Rouge or Fenton, Class "C" Portland or Hancock and Class "D" Barryton or Neg. St. Paul or Hermansville.

Ben Powell Truckers will play the Clarkston Junior High Faculty in a benefit March of Dimes game on Saturday, February 20th. The game will start at 8:00 P.M. with a preliminary contest starting at 6:45. The preliminary contest will pit the 8th grade intramural team against the 9th grade intramural team.

The game will take place in the Junior High Gym.

Both the Truckers and the Faculty are leading their respective leagues so this should be an exciting game.

Playing for the Truckers will be: Jerry Powell, Ken M. Etn, Bill Powell, Dick Lippert, Jack McCall, Dick Moore, Harold Weston, Jim Hennig, Roger Rolfe and Gar Wilson.

Playing for the Faculty are: Gus Birtas, Bob Mills, Bill Potvin, Mel Vaara, Larry Thibault, Don Cooper, Conrad Bruce and John Leppanen.

OOOH these Wolves of Clarkston are playing some mighty fine ball. Clarkston has been improving in their last few ball games and are now pushing Northville and Helly for second place in league play.

Bloomfield Hills came over to Clarkston with the thought of another easy game on their schedule and consequently their game suffered. Their offensive play was ragged and they didn't start to play defense till the 6:10 mark of the last period. Clarkston had many open shots, especially Gary "trigger" Pearson, with Hill's weak defense. Clarkston built up a 16 point lead in the second half. Early in the 4th period Hill started applying some defensive pressure and narrowed the gap to six points, but when Anderson of Bloomfield Hills missed a one on one situation Clarkston rebounded the missed free throw and promptly scored another basket to lead by eight points. There was 2:10 left on the clock when Clarkston had the eight point lead and for all practical purposes. The game was all Clarkston's.

This was Clarkston's finest hour of the season and as coach McGrath commented, "This was a mighty big one to win".

This win will give the boys all the confidence that they need to be a definite threat in league play and the up and coming District Tournament play.

Six boys were responsible for this victory. Gary Pearson 28 points, Dan Fife 16 points, Ron Lippert 11 points, Mike Madison 4 points, John Wilberg 4 points and Rod Allen 3 points. This is a "dream team" and one fan remarked from Bloomfield Hills, "Boy they sure have great team work."

Clarkston will play Clarenceville this Friday at Clarenceville.

The J.V. team cost two games. One to West Bloomfield by the score of 39-37 and Bloomfield Hills by the score of 65-49. Mark Erickson was the leading scorer in both games with 11 and 19 respectively. The J.V. record is 6 wins and 6 losses.

## Dental Tips From A.M.A.

Good teeth start in childhood and there are things parents can do to help insure that their children have a minimum of dental health problems both in childhood and later years.

To point up the fundamentals of good dental health for children, the American Dental Association has declared the week of February 7th to the 13th, as National Children's Dental Health Week.

The ADA lists four simple rules which, if followed faithfully, can help to reduce decay. They are:

1. Cut down on sweets, especially between meals.
2. Brush teeth immediately after eating (snacks as well as regular meals). When this is not possible, rinse mouth thoroughly with water.
3. Have regular dental checkups. This enables the dentist to discover decay and other problems at an early stage. Just as with other diseases, early treatment of dental disease is easier and more likely to be effective.
4. Fluoridation of community water supplies greatly reduces decay, says the ADA. Where water supplies are not fluoridated, dentists may suggest applying fluoride directly to children's teeth.

Sugar is named as the major mouth act on sugar to produce... part of the diet. But it can be controlled. Nibbling on sweets throughout the day is hard on the teeth. Eat your candy all at once, then brush your teeth. Many children, perhaps most of them, lose a tooth or two through an accident with a baseball bat, a fall or other playground scramble. Even if it's a baby tooth that will eventually come out anyway, prompt professional care is important. First, wrap the tooth in a wet towel or place it in water. Don't clean the tooth; you may re-
