

TOWNSHIP ANNUAL BUDGET APPROVED

Up \$13,000 Over Last Years Figures

A total budget of \$173,247 was approved for Independence Township last Saturday at the annual Township meeting. Exceeding last year's budget by \$13,000, the new figures included raises for three township officials.

Newly added to the budget is the administration and maintenance of Independence Township library with a proposed figure amounting to \$9,328. A further breakdown of monies show a sum of \$25,700 slated for administrative costs. Of this amount raises were indicated for the supervisor (from \$9,000 to \$9,500), the clerk (\$7,000 to \$8,000), and the treasurer (from \$6,500 to \$7,000).

Operating expense for the building department, cemetery depart-

ment and planning commission were listed at \$14,820, \$18,950 and \$12,800 respectively.

Topping the list of general operating expenses is \$12,000 to cover Oakland County Police patrol; \$6,874, assessor's salary; \$24,300 clerical expense; \$4,500, buildings and grounds improvement and maintenance and \$5,000, insurance and bonds.

Slotted for township labor costs is \$5,000. Expense accounts totaling \$4,200 were scheduled for the supervisor, assessor, clerk and treasurer, \$3,000 was to be used for recreation contributions; \$6,500, utilities and office supplies and \$2,500 for legal expense. A sum of \$20,000 was allocated for the revolving fund.

Complete budget figures may be obtained at the township office. Named as depositories of township funds were Clarkston State, Community National and Pontiac State Banks.

Other business coming before the board was an audience request that at the next township election residents be allowed to vote on a two man increase to the township board. Expansion and growth of the area was given as the reason for the proposed increase.

A motion was passed to extend a letter of recognition to the Women's Club of Clarkston regarding their continued support of the library.

Petition Passes on Teen Dance Hall

Consent was given last night by the Independence Township Board for the opening of a teen age dance hall on Dixie Highway. The petition, presented by Johnnie Irons of Lake Orion and John Garlack of Clarkston, was unanimously approved.

To be known as The Platter Box, the new dance hall will be located in the former Rollercoaster building. Plans call for the establishment to be open from 8 p.m. until midnight on Saturdays and occasionally on week nights until 10:30 p.m. Opening date has been set for April 24. Irons and Garlack stated that the building would be available for use by the Department of Recreation and that the area would be policed.

Other business covered at the board meeting included the approval of preliminary subdivision plans for Deer Lake Heights, at White Lake and Deer Lake Roads and Dixie Highway.

In recognition of his extra effort the monthly token salary of Assistant Fire Chief Frank Ronk of Independence Township Fire Department was raised from \$50 to \$75. The board tabled a rezoning request to change a section of property at Rattalac Lake Road between Allen and Reese Roads from R1 to Suburban Farms. Also tabled was the renewal of application by Oakland County Sportsman Club for a race track permit on Waterford and Pelton Roads.

School Budget Approval Set For Next Monday

A preliminary budget approval and progress reports on land purchases hold prime spots on the April 12 Clarkston Community Schools Board meeting agenda.

Other topics scheduled for the 7:30 p.m. open meeting will be progress reports of the high school and elementary additions, new school bus purchases and the general obligation bond sale proposal. Appearing at the meeting will be representatives of the elementary P-TA.

May 17 Deadline For Nomination Petitions

Qualified electors seeking nomination to the two expiring vacancies on the Clarkston Community Schools Board of Education must have their

nomination petition in the Board of Education office not later than 4 p.m. on May 17. Each of the vacancies carry four year terms of office.

The petitions, according to Board of Education Secretary, Walter Wilberg, must be signed by not less than 50 registered school electors of the district. They may be obtained at the board office, 6955 Middle Lake Road.

Wilberg further stated that in order to be eligible to vote at the June 14 annual school board election citizens not now legally registered, and who reside within the boundaries of the Clarkston Community School District, may register prior to 5 p.m. May 17 with the township clerk.

Best way to carve a tombstone is to chisel in traffic.

Legislature May Ban Orion Sunday Hunting

A bill that would give Orion Township permission to close the area to Sunday hunting was introduced in the House of Representatives recently by Representative Robert J. Slingerland of the 63rd District.

This bill, if passed, would allow residents of the township to hold a referendum to vote for or against the ban.

According to Slingerland many residents citing instances of carelessness with guns and trespassing, would vote in favor of banning Sunday hunting.

Slingerland pointed out that the

reason for the high density of Sunday hunters is because much of the surrounding area is already closed to Sunday hunting.

Village Budget to be Reviewed

A review of the proposed Clarkston Village annual budget has been scheduled for next Monday's council meeting. Also listed on the 8:15 p.m. council agenda will be the appointment of new committee heads.

College Offers Orientation Sessions

A chance to explore a career in speech and hearing plus an expense paid week on the Western Michigan University campus is being offered twelve high school girls this summer.

The girls must be between their junior and senior year in high school and planning to go to college.

During the week of July 18-23, they will be a part of the Speech and Hearing Clinic of Western Michigan University at Kalamazoo. They will watch diagnosis and treatment of children and adults who have speech and hearing problems. They will learn about speech pathology and audiology from professionals and how to qualify for careers in the field of speech and hearing.

Girls who are interested may write or call Dr. Milton Hill, audiologist for Oakland Schools, Campus Drive, County Service Center, Pontiac.

The orientation week is sponsored by the Speech and Hearing Clinic, Western Michigan University, and Psi Iota Xi, a professional speech and hearing sorority.

Peace Corps Tests on April 10

An opportunity for Clarkston area residents to test their aptitudes for Peace Corps service will come at 9 A.M., Saturday, April 10, at the Federal Building, Room 1, E. Huron and Perry Streets in Pontiac.

The opportunity is the Peace Corps Placement Test. It is not passed or failed, but simply indicates where your greatest potential lies. The Peace Corps Questionnaire, which must be filled out and brought to the exam unless previously submitted, tells what an applicant has done in the past. But the placement test is aimed at showing what he or she CAN do in the future. Applicants do not have to register for the test ahead of time.

The Peace Corps Questionnaire can be obtained at all Post Offices. On college campuses, they are available at college placement centers or the offices of Peace Corps liaison officers, who are members of the faculty or college administration. If you can't find a Questionnaire, write the Peace Corps, Washington, D.C. 20525.

There are two parts to the Peace Corps Placement Test: a general aptitude test and a modern language aptitude test (for which knowledge of a foreign language is not necessary). Applicants should plan on about one and a half hours at the testing center, unless they wish to take the Spanish or French language achievement test, which requires an additional hour.

Test results are used, with the character references and Questionnaires, to provide the most suitable assignment for Volunteers overseas.

Area Police Advise Alert Home Protection

Burglary is a problem, but to avoid it happening to you, something can be done! Whenever you leave your residence to spend an evening at the movies, or take off for a weekend of fun in the sun, housebreakers can and will move in if they're certain you've left. Burglars

spend their daylight hours canvassing neighborhoods, looking for uncut lawns and overstuffed mailboxes. They spend their spare evening hours looking for darkened houses or lights that are left on too long. You can help your police department reduce burglaries in your city.

Optimist Sponsor Speech Contest

The 6th Annual Boys' Open Oratorical Contest, sponsored by the Lakeland Optimist Club of Waterford, will be held on Monday, April 12, at 8:00 P.M., in the Waterford Township High School Auditorium. Students everywhere and the general public are invited to attend. Ten contestants will each give a five minute speech on the official subject: "Optimism - Spirit of Youth".

Those entering will come from four area schools: Waterford Township High School, Waterford Kettering High School, Our Lady of The Lakes High School and Clarkston High School. Any boy who has not reached his 16th birthday by December 31, 1964, is eligible.

Winner of this Club Contest will compete with eight other club winners in a zone contest to be held Tuesday, April 20th, 8:00 P.M., at Waterford Kettering High School Auditorium. Winner of the zone will compete in a district regional contest and that winner will compete in the Michigan District contest finals at Optimist Michigan District Convention in Traverse City May 21st.

The Michigan District winner will compete in the Optimist International Grand Finals Contest at the Optimist International Convention to be held in New Orleans, Louisiana June 20-24th.

First, second and third place winners Tuesday night will receive trophies. First place winner receives an all expense paid trip to the Regional Contest and the winner of this contest receives an all expense paid trip to New Orleans for a chance to compete for the \$1,000.00 Scholarship and first place trophy. Each of the other three finalists at that event will receive a \$500.00 Scholarship.

This is the first time that the Club Contest has been open to the general public. The National Association of Secondary-School principals has placed this Contest on the approved list of National Contests and Activities for 1964-65.

If you're leaving home for an evening or extended period of time be sure to; Cancel all daily deliveries; Leave a lamp or two connected to an automatic timer, so that your lights turn on at dusk, turn off again at bedtime to create a "lived-in" look while you're away; Discontinue the newspaper (or arrange to have it forwarded); Notify your Police Department and a neighbor as to date of your departure and return; Leave shades or blinds in normal position - not completely closed.

Also close and lock all windows and doors-including the garage; Arrange to have your lawn cut; Arrange with a neighbor or post office to hold all mail; Use pin-tumbler cylinder locks (with a dead lock mechanism) on all exterior doors; Rent a safety deposit box for storage of all valuables.

Help your Police Department combat burglaries by following this guide when leaving your home and always report-SUSPICIOUS PERSONS-QUESTIONABLE OR DANGEROUS ACTIONS-to your police department by dialing "O" for operator.

In case of emergency you may contact the Clarkston Police Department by calling police chief, Robert Phillips at 625-0451 or Patrolman, Michael Thayer, 625-6161; Albert Domroese, 625-1816 or Rex Fenstermaker, at 625-7492.

Teachers Will Attend Assembly

Mrs. Florence Foster, 970 Baldwin Road, and Mrs. Elizabeth Siddall, 35755 Teggedine Road, both of Clarkston, have been named as delegates to the Michigan Education Association's annual Representative Assembly, April 8-10.

Gov. George W. Romney will be among the speakers addressing the 300 plus delegates who will meet at Lansing's Civic Center.

News Notes from Clarkston High

John Merkel

Last Friday night a hootenanny was held in the high school gymnasium, sponsored by the Student Government.

It was scheduled to last until ten o'clock, but didn't quite last that long. With the help of Dave Sutton, John Bickford and Tim Carr, The Plainsmen, the hootenanny lasted until nine-thirty.

The fault did not lay with the Student Government though. The scheduled program most likely would have lasted until ten, but a few of the acts backed out or didn't arrive in time.

Students sat in a semi-circle on the gym floor and sang along, when they knew the words.

Spotlights were fastened to the back of a backboard to illuminate the stage and still leave the rest of the gym in darkness.

Singers from the high school in the hootenanny were Jane Hallman, Robyn Rutzen, Ted Hollis, Greg Donahoe, Chuck Golden and Morris Hyatt.

John Bickford, Tim Carr and Dave Sutton formed a group they call "The Plainsmen" and sang several songs.

Dave Coulter and Dennis Potulsky joined, individually, a singer or a group, in unscheduled numbers.

All in all, the evening of folk music was a lot of fun. Members of the faculty and several parents were in the audience with the students.

Speaking of musicals, another one is coming up in the high school. Naturally, it's our first musical, "My Fair Lady" by Lerner and Loewe.

Tickets are on sale now from any member of the cast. It will be presented on six separate evenings this month, the 22, 23, 24, 28, 29 and 30.

Saturday night a few of the cast

members gave a sampling of the numbers in the play to a club meeting in the Clarkston Community Center. Another show was given last Tuesday to another group.

A tremendous amount of work is being put into this play by all of the cast members, depending upon the size of their part.

More work has and is being done backstage by everyone. This musical is very definitely going to be the biggest play that has been performed in the high school in a long time. The cost is a little more than average, but is well worth it.

Campaigns for Student Government began officially last Thursday morning as posters were put up all over the halls.

In reality, the campaigns began sooner, it takes quite a while to paint or make the types of posters that are currently decorating the high school halls.

The slogans, for the most part, are quite interesting and, occasionally, humorous to read. I won't quote any here, wishing to stay out of politics, but if you happen to come to the high school soon, take a look at some of them.

Plans are continuing for the three Chorus classes' Spring program, which is also coming up. No defini-

ite date has been set for it yet. Mrs. Jervis' office skills classes were scheduled to switch from one machine to the one they selected last Friday, on Monday. Since Mrs. Jervis was ill Monday, the changes were made Tuesday.

It's a— Womens World

Women who are concerned about shaking off extra pounds before summer approaches should heed the results of a clinical study by a top psychiatrist who found night-eating to be the leading cause of overweight among his patients. The majority of persons studied by Dr. Albert J. Stunkard had the same eating characteristics — all suffered sleeplessness, most being awake beyond midnight more than half of the time. None wanted more than a cup of coffee and a small glass of orange juice for breakfast, if anything. And all consumed one-fourth of their daily calories after a large evening meal.

Heavy dieting for those who are caught in the web of night-eating could have immediate physical and emotional strains. The easiest way to prevent the ill effects of a cut in food is by continuing to eat while dieting. And this can be done by eliminating all starchy foods. By counting carbohydrates instead of calories, most of the best foods can be eaten without such grim alternatives as one glass of skim milk, and two tablespoons of cottage cheese with de-fatted French dressing.

The idea for a starch diet was given major prominence a hundred years ago by William Banting who wrote a best seller telling how he had reduced fifty pounds by avoiding starch. Banting's name has achieved such prominence today that it has become a language idiom. In England, "going banting" means going on a diet.

Women should take note of the latest report of Senator Harry F. Byrd which shows that the federal civilian payroll has grown from \$4.9 billion in 10 years, with raises and upgrading more responsible than an increase in the number of employees.

Keep in the rut too long and you'll dig your own grave.

Lots of people play dumb. Unfortunately too many aren't playing.

INSURANCE

Do you understand your life insurance policy? It is surprising how many people don't! If you have an understanding of the 4 basic types of policies, you will be in a better position to decide which is best for you.

TERM

You buy term insurance for a

certain number of years. If you live to the expiration date of the policy, you get nothing back. Therefore, what you pay is small, because chances that you will die in a set number of years is also small. With this type of policy, you are paying for protection and are not using your insurance policy as a cash value plan.

STRAIGHT LIFE

You pay specified premiums, determined by your age, for as long as you live. The company will pay a specified sum to the beneficiary when you die. Under a straight life policy, you build up a cash value which you can borrow on and if you die, the policy, the cash value is returned. This policy costs more than term, but less than limited payment life and endowment.

Income Tax Data Available

The 100 largest metropolitan areas of the U. S. accounted for well over half of the individual income tax returns filed and income and tax reported, the Internal Revenue Service announced today.

State and metropolitan area data for 1959, 1960 and 1961 individual income tax returns are available in a new supplementary report to the Statistics of Income series which the Revenue Service issues. The data in this supplement include many tables that have been published before.

For each of the 50 states, detailed information is shown for the years 1960 and 1961 for such items as ad-

justed gross income, sources of income and loss, exemptions and income tax.

Also included is information on standard deductions and itemized deductions, including separate figures for State and local sales taxes, contributions, interest paid, total taxes paid, and medical and dental expenses.

The table concerning State and local taxes presents the number of returns by size of deduction for these taxes classified by States.

For example, there were 18 million returns on which deductions for State and local sales taxes were claimed. Over 10 million of these returns claimed a deduction between \$50 and \$150.

The publication "Statistics of Income, State and Metropolitan Area Data for Individual Income Tax Returns - 1959, 1960 and 1961" is available for 50 cents from the Superintendent of Documents, U. S. Government Printing Office, Washington, D.C. 20402.
