Water Authority Airs Plans at Special Meeting

Blighting the area and scattering the beauty of Independence Township scenes such as these. Dotted throughout the Community, some of the eye sores adjoin main roads clearly visible for all to see and an unpleasant welcome to the community, to visitors, residents and passers by.

Township Board officials and members of the Planning Commission are presently seeking methods to erase the problem. Although cooperation has been asked from the offenders and court action taken, giant steps of elimination are yet to be taken.

Children's Village Offers Aid

Oakland County Probate Court Judges Donald E. Adams and Norman R. Barnard have announced May 5 as the date for dedication ceremonies of Children's Village, a new three unit facility for children who are wards of the court.

About 90 youngsters will be housed in the facility which will include a special services unit for boys and girls with specific problems and two rehabilitation cottages for boys. Two other rehabilitation cottages are already in use.

The new buildings will afford the juvenile court the opportunity to carry out various programs planned to meet individual needs of children who are removed from their homes and to provide special services to meet their complex problems.

The public is invited to participate in the dedication and to visit the units following the ceremony. Staff members will be on hand to conduct tours and to explain the program.

Originating the idea for Children's Village was Judge Arthur E. Moore.

Local Doctor Named Director

Among those recently appointed to anew board of directors of the Oakland County Heart Unit of the Michigan Heart Association was Dr. Robert Liechman of Clarkston. Officers were elected and committees appointed at the dinner meeting held at Kingsley Inn in Bloomfield Hills.

Home Rule Symposium Scheduled for Saturday

Changes are coming in county government. The directions these changes could take ideally, and may take realistically, will be explored by citizens, legislators, state and county officials at a symposium entitled, "HOME RULE for Oakland County?"

The symposium will be held Saturday, from 9 a.m. - 3:30 p.m. in the Oakland County Court House auditorium and will be the first public issue forum of the recently established Mott Center for Community Affairs at Oakland University. Though discussion will focus on Oakland County, the subject matter presented will be pertinent to any county in the state.

Michigan Attorney General Frank J. Kelley will be lead-off speaker with a brief presentation of the legal aspects of county home rule. Other speakers include Horace Hodge, Bay City Assessor; Robert Fryer, director of the Michigan

Municipal League; Robert Queller, director of research of the Citizen's Research Council of Michigan, and Dr. Edward Hubel, chairman of the political science department at Oakland University.

Co-sponsoring the symposium are The Board of Supervisors of Oakland County, the Oakland County Democratic Party, the Oakland County Republican Party and the League of Women Voters of Birmingham-Bloomfield, Farmington, Ferndale, Oak Park-Huntington Woods, Pontiac, Southfield, Rochester and West Bloomfield Township.

Four breakout sessions are scheduled to follow up on the topics introduced at the opening session. Representing Independence Township will be Supervisor Duane Hursfall.

Library Plans Discussed

Operational procedures will be discussed next week in a joint meeting between Independence Township officials, a State Library Board representative and Clarkston Women's Club members.

According to Township Clerk, Howard Altman, the meeting will take place to determine the steps required by the state in the functioning of public library in order to qualify for financial aid and benefits.

The library, operated on a voluntary basis by Women's Club members since its founding ten years ago, is now under the jurisdiction of Independence Township.

State Police Yearly Report

Michigan's 88,175 fires in 1964 claimed 282 lives, both totals being new annual highs, and caused an estimated \$55,064,904 in property damage, according to the annual report of the fire marshal division of the State Police.

The monetary loss, fourth worst in the last 24 years, was \$4,088,065 less than in 1963. It included \$31,835,318 on buildings, and \$20,887,014 on contents. Fires involving motor vehicles, aircraft, boats, unhusbed machinery, grass, etc., accounted for \$2,342,571.

The deaths were nine more than in 1963 and included four firemen, 197 other adults and 81 children. It was the first loss of a fireman since 1961. Not included in the toll were 30 deaths attributed to fires which resulted from auto and aircraft accidents.

The fires were 1,330 more than the previous high of 86,845 in 1963.

Fire categories included dwellings, 20,797; auto, 14,999; house trailers, 620; schools, 372; dry cleaning plants, 217; bulk storage plants, 177; theaters, 69; aircraft, 61; grass, 27,819; and miscellaneous, 23,155.

Of 2,320 incendiary fires, 890 were set by adults and 1,430 by children.

Highway Property to be Auctioned

The State Highway Department has announced plans to auction 14 parcels of land located in Macomb, St. Clair and Oakland Counties.

The auction will be held at 2 p.m. Thursday, April 29, at the County City Building, Supervisors Room, Port Huron, Michigan.

Further information may be obtained by contacting J. J. Holefa, District Property Representative, Michigan State Highway Department, 926 Featherstone Road in Port Huron.

Budget Figures Given

An estimated budget for 1965-66 and the appointment of four faculty personnel were approved by the Oakland Community College Board of Trustees at the Board's monthly meeting last night. Frederick A. Chapman, acting chairman, announced.

Estimated expenditures for 1965-66 total \$2,581,500. Approval of an estimated budget at this time is required by law, Chapman said, but revisions may be made to adjust to changing situations.

The staff members whose appointments were approved are:

Eugene M. Freeman, former instructor, Meramec Community College (St. Louis), as Assistant Professor - Law Enforcement.

Mrs. Christine Harris, former instructor, Lawrence Institute of Technology, as Instructor - Economics.

Eugene F. Larson, presently with the Detroit Public Library, as Assistant Professor - Librarian; and Adelchi Valsi, Counselor, Michigan Center High School, as Counselor.

Lloyd T. Blatch, Instructor, Wayne State University, as Assistant Professor - Social Science.

James E. Bradner, Instructor, Berkley High School, as Instructor - Science.

Dorothy A. Cairns, Master's Degree candidate, University of Michigan, as Faculty Assistant - English.

Joel D. Cohen as Instructor, Mathematics; and

Daniel A. Greenberg, Business Manager, Channel 56, as Assistant Professor - English.

Consumers Power Tells of Expansion

A formidable expansion program, involving expenditures of almost \$400,000 for every working day for the next five years, was announced Monday by Robert P. Briggs, Executive Vice President of Consumers Power Company, at a regional meeting of shareholders in Royal Oak.

Mr. Briggs said a substantial portion of this expansion would occur in the company's South Oakland, West Wayne, Macomb and Pontiac Divisions. He recalled that Macomb County, alone, is expected to show a population increase of 65 per cent in the decade from 1960 to 1970, while an increase of 31 per cent is forecast for Oakland in the same period. The suburban portion of Wayne County also is continuing a record rate of growth.

Demands for natural gas have increased so rapidly in these four divisions, Mr. Briggs said, that Consumers Power will have to spend approximately \$19 million this year, alone, in expanding service.

In all, said Mr. Briggs, consumers Power expects to invest at least \$500 million in the five-year period 1965-1969 to meet anticipated demands for electricity and natural gas in 66 of the 68 counties of Michigan's lower peninsula. Consumers Power now serves 668,000 customers with gas, and 932,000 customers with electricity, a total of 1.6 million customers.

Last year, the Company spent \$71,500,000 to expand its facilities.

Grass Fires on Increase

Careless burning of rubbish was the major cause of six grass fires recorded last week in Independence Township.

Seven men responded to a field grass fire at 5449 Walden Road on April 18 before extinguishing the blaze which had spread over a 500 yard area. Thirteen firemen were called to bring under control a fire at 6210 Shippie Road. Other grass fires were occurred on Neesho, Summerhill, Cecelia Ann and Whipple Lake Roads. A Columbia Street house fire was extinguished before members of the fire department arrived.

Independence Favors Joining Group

Township Meeting Water Meeting

Independence Township Board members were asked to go on record Tuesday night as favoring the move to join Genesee Valley Utilities Authority. The request, made by Township Clerk Howard Altman, met with general agreement providing certain conditions might be observed.

Though the township is highly favorable toward the intentions and purposes of the water authority group, it was felt membership obligations should not be binding until such time as a study of available water resources has been completed. By providing this escape clause, participating townships may withdraw if at the end of the study project is feasible regarding their own particular area.

Objections were also voiced concerning the authorities' name. If area townships join in the effort to construct a township owned and operated water system, it was the general consensus of opinion that the name of Oakland County, as well as Genesee, should be used. Altman was directed by the board to contact Township Attorney, Paul Mandel, and Oliver Kribbs, chairman of the authority, regarding the suggested changes.

When contacted at his office Altman stated, "If the changes are made I will make a formal resolution that the township join the authority through the study portion of the proposed program." He further commented, "I will also contact other communities to request that they consider the same step toward a positive position."

Other business coming before the board included the approval of an application by Oakland County Sportsman's Club for a road racing permit. A fee of \$100 was paid by the club which also listed the dates of races for the coming year.

Action on the transfer of a Class C and S.D.M. license was postponed until such time as the board was informed of the business operational procedures of the intended new owner.

The preliminary plat of Waterford Hill Manor Four, as presented by engineers Giffels and Webster, was approved. A letter of protest

Providing an abundant supply of water at a reasonable cost for future and present home owners is fast becoming a major problem in almost all of Michigan's outlying municipalities. Caught unprepared for the present population race to open countryside living, small communities are trying to close the gap between citizen needs and area development. Adequate utility facilities now hold prime spots of importance on development plans and schedules.

Independence Township, looking into the crystal ball of future needs, last week spearheaded a joint meeting with other North Oakland Townships regarding the proposed water supply program offered by the Genesee Valley Utilities Authority.

The utility authority group, formed last year by 11 Genesee Townships interested in developing a self owned and operated water system, has invited North Oakland communities to join in the program on a co-operative basis. Applications has been made for a \$321,000 federal loan to explore the feasibility of establishing such a system and to investigate available water sources. \$270,000 of the sum would be slated for preliminary planning of water mains and lateral lines with the remainder going for the drilling of test wells.

Explaining the proposed program to attending township officials were authority financial consultants, E. Price Kimbrough, president of Shannon and Company of Detroit and his associate, William Hetager. It was stated that collectively as an authority they would own and operate the water system and that water could be furnished at a lower rate than could be purchased from any other source. An estimated cost of the township's supplying water was placed at 8 cents per 1000 gallons. Household resident cost per 1000 gallons would be about 27 cents.

Phillip Hampton, geologist at Johnson and Anderson, Inc., of Waterford Township, noted that present water sources in North Oakland townships are recharged at the yearly rate of 380 billion gallons and that only one to four per cent would be needed to supply water under the outlined plan.

Opposing the program is newly formed North Oakland Water Association, centered in the Holly Township area. A zoning ordinance amendment, restricting the use of underground water sources to the township, will be aired at April 26 Holly Township public hearing. NOWA whose legal committee chairman is Robert McKenney, urges support of similar ordinances in other townships in order to keep Oakland County water in Oakland County. The Genesee group however, with informational facts to back them up, say that there is more than enough water available for everyone.

If the program goes into effect it is expected that the GVUA project would be able to serve 200,000 people in the next ten years at the rate of 3,650 million gallons a year per 100,000.

Participating in the Independence Township informational meeting were Oliver Kribbs, chairman of the Genesee Valley Utilities Authority; John West, Supervisor of Genesee Township and president of Michigan

regarding exposed garbage and a rodent problem at a local disposal area, was read into the minutes. Supervisor Duane Hunsfall will contact operators of the business and Oakland County Health Department.

Complaints from local residents attending the meeting registered around the junk car problem found in several areas of the township. A request was made that the township assist in an effort to eliminate the unsightly conditions at Woodhull Lake (north of the Waterford Township line on the west side of Sashabaw.)

Water Meeting

Township Association, Carl Ammermon, secretary of the authority and William Miller, vice chairman of the group.

Among the interested area officials attending the gathering were Charles Sherman, Mayor of Ortonville, Brandon Township Supervisor Robert Wilcox, White Lake Township Supervisor, Edward Cheyz, Kenneth Squires, Superintendent of Waterford Water Department and representatives from several Genesee townships.

Commenting that the invitation to join the GVUA is just in the discussion stage, Independence Township Clerk, Howard Altman said that he would recommend joining the authority at the next Township Board meeting. White Lake Supervisor Edward Cheyz agreed that the study warrants investigating and should be made to see just what water resources are available in the area.

MY WISH

Three is such a tender age. Sue isn't a baby any more, yet she's a long way from being a big girl.
When I watched her blowing out the candles on her cake, I felt a surge of that certain kind of love reserved for mothers. And, while she made her wish, I made mine.
I wished, first, that I might be given the gift of memory, so that I would never forget a child's point of view—the importance of even the littlest promises, the oldest dolls, the smallest nothings.
I wished that I might be given the wisdom to care for Sue's body mind, and soul. And I was deeply grateful that I had the Church to help me teach her right from wrong, and to aid me in endowing her with a rich measure of faith, of love, and of tolerance toward her fellow man.
Thinking it over, I guess that my wish for Sue might be called a prayer. Each Sunday, in church, I find myself repeating it.

THE CHURCH FOR ALL . . . ALL FOR THE CHURCH
The Church is the greatest factor on earth for the building of character and good citizenship. It is a storehouse of spiritual values. Without a strong Church, neither democracy nor civilization can survive. There are many sound reasons why every person should attend services regularly and support the Church. They are: (1) For his own sake. (2) For his children's sake. (3) For the sake of his community and nation. (4) For the sake of the Church itself, which needs his moral and material support. Plan to go to church regularly and read your Bible daily.

Zing into spring!
Chevrolet Impala

People who buy other big expensive-looking cars get one thing you won't (big expensive-looking payments)

It looks like a big car. And is—by almost any standard you want to apply.

Width? Nobody builds a car as much as one inch wider. Length? It grew three inches this year. Roominess? Every closed model's got three inches more shoulder room, front and rear, and more leg and foot room up front too. Luxury? Nice little touches like the look of mellow walnut across the Impala's instrument panel. And big touches. Like the fineness of the same Body by Fisher workmanship that makes some of America's most expensive cars look so expensive. How about the ride? Chevrolet engineers took the Jet-1 smooth one and smoothed it out even more this year. Also made it more stable by widening the wheel stance. Price? That's where Chevrolets fall way short of the other big expensive-looking cars. But we wouldn't have it any other way. Would you?

One last question: How soon can you make a good spring buy on a Chevrolet? One last answer: Just as soon as you can get down to your Chevrolet dealer's.

Community College Appoints Business V.P.

Mr. James W. Hobson was appointed Vice-President for Business at Oakland Community College by the OCC Board of Trustees at its monthly meeting last week. Mrs. Lila R. Johnson, Board Secretary, announced. Hobson will leave his position as Vice-President-Treasurer of the Junior College District of St. Louis to assume his new duties.

Prior to his appointment in St. Louis in November, 1962, Hobson was Vice-President of the Lawrence Institute of Technology where he coordinated the development of the institute's 68-acre campus in South-

field and was administrator for both academic and business areas of LIT. A native of Detroit, Hobson holds a B.S. degree in Industrial Engineering from LIT, an M.A. degree in Business Management of Higher Education from Michigan State University, and has done advanced graduate work at the Universities of Omaha and Chicago.

Hobson is financial advisor to the Missouri Commission on Higher Education, and is a member of the National Committee on Junior College Management and the Association for Higher Education.

A demonstration meeting of the Dale Carnegie Course in Effective Speaking and Human Relations was sponsored recently by the Drayton-Waterford Kiwanis Club. Seventy people from the Clarkston, Drayton Plains and Waterford area heard guest

speaker Bud Hogberg explaining the course. A noted author and speaker, Hogberg is president of the Leadership Training Institute. Also appearing on the program was William Piecuch, regional manager.

An Idea Grew

With the advent of National Library Week, from April 25 to May 1, comes the opportunity to give a brief history of Independence Township Library and to give recognition to Women's Club members who assisted in its development. An idea, formed in the minds of several civic minded women 10 years ago has grown into the present facility which houses some 5,000 books available for community use.

On August 18, 1954, a group of Clarkston women met to discuss the possibility of forming a Civic Club. Among its purposes would be the founding of a public library. September 15, 1954 was the date of the 1st meeting held at the Community Center and presided over by the Club's first president, Mrs. Arthur Rose. Thus, the task of bringing a library to Clarkston began.

Citizens of the community, through their donations of time, books, money, lumber, furniture and equipment, soon turned the small stucco building next to the Community Center into a public library. Service began March 3, 1955 and by September 1956 the library boasted some 2,500 assorted books.

In April 1957, thanks to the Township Board, the library had a face-lifting in the form of new aluminum siding and the township took over the utilities cost of the building.

Outwardly the library has remained much the same since then but inside it's a different story. The former one-room schoolhouse on Main Street today fairly bulges with a wide selection of books for all ages. Currently some 5,000 volumes and loans from the North Oakland Library Cooperative and Michigan State Library are available.

At the present time there is no charge for a library card. Facilities may be used Monday, Tuesday, Thursday and Friday from 3:30-8:30 p.m. and on Saturday from 10 a.m. until 2 p.m.

Samples of recent fiction book additions to the library are: Song of Sixpence by A. J. Cronin; Armageddon by Leon Uris; The Lavind Reed by Pearl Buck; Shoes of the Fisherman by Morris West and Flood by Robert Penn Warren. Non-fiction books include, A Moveable Feast by Ernest Hemingway; After the Fall by Arthur Miller; A History of Latin America by Hubert Herring; Vietnam Diary by Richard Tregaskis; The Feminine Mystique by Betty Friedan and Primer of America Antiques by Dreppard.

The Independence Township Library is also a member of the North Oakland Library Cooperative which enables it to offer new books every month. Many new award winning books have recently been acquired for the children's shelves of the library.

May 1, 1965, the last day of National Library Week, will mark yet another milestone in the history of the library as it officially becomes the Independence Township Library. An Open House honoring this occasion will be held at 11 a.m. Residents are cordially invited to attend.

Road Projects Plans Announced

The State Highway Department has announced low bidders on 25 construction projects in 20 counties at a total cost of \$8,337,867.

Included in the projects is 5.88 miles of traffic signing on M-59 and

I-75 in and around the I-75 interchange area of Oakland County. Low bid of \$76,585 was entered by the F.R.S. Corporation of Lansing. Completion date was set for November 15, 1966.

The best selling book in the world is the Bible with more than twenty-five million copies being printed annually.

SCHOOL ADMINISTRATOR

The public school administrator is, in a sense, a businessman — a businessman in charge of our most important industry. He must be a combination personnel director, legal expert, architect, building maintenance engineer, accountant and public relations man. Above all these, however, he is an educator.

The main concern of the school administrator is quality education for the boys and girls of his district. His philosophy of education will govern the quality of instruction throughout his school or school system. He must give his teachers a sense of direction, then oversee and evaluate their teaching methods.

The administrator's position is an important and often difficult one. He must maintain the respect and cooperation of his teachers, his school board and the

community. Too often he becomes the scapegoat for everything that goes wrong within the schools — from a losing football season to inadequate buildings.

To be effective, the administrator must have the support of his community. All education is expensive. Good education is more expensive but poor education is the most expensive in the long run. Even the very able executive will be held back if there is no money for a good teaching staff, necessary supplies and adequate buildings.

The role of the administrator is extremely complex. He must act as a professional leader for his teaching associates; he must run his school system efficiently and economically, and he must guarantee educational opportunity for the students under his jurisdiction.

THIS IS ONE OF A SERIES OF EDUCATION FEATURES PUBLISHED AS A PUBLIC SERVICE IN COOPERATION WITH THE MICHIGAN PRESS ASSOCIATION, THE MICHIGAN EDUCATION ASSOCIATION, AND THIS NEWSPAPER.

News Notes from Clarkston High

John Merkel

This week is the opening week for Clarkston High School's first musical, "My Fair Lady" by Lerner and Loewe. As a matter of fact, the first performance starts tonight at 8 o'clock.

Work has been done quite feverishly to ready the musical for opening night. While most of the student body was home enjoying Easter vacation, the "My Fair Lady" cast was at the school preparing for curtain time.

Rehearsals were held Thursday, Saturday and Monday. Everyone was doing their best. If you didn't happen to be onstage rehearsing, and weren't busily studying your lines, there were always props to make and sets to finish.

Help given to the production of

the play was by no means limited to just the members of the cast. Several mothers were kind enough to donate time to work on costumes and other preparations.

The musical has just about everything you could ask for in the way of entertainment. Do you think I'm kidding? All right, here are a few examples!

Hope — Eliza (Mary Wertman and Penny Cook) hears Prof. Higgins (Arnold Taylor) tell Col. Pickering (Paul Walker) that he could pass her off as a dutchess at an Embassy ball in just six months of lessons. She envisions what her life would be like.

Comedy — Alfred (Paul Taylor), Eliza's father, and his two cronies, Jamie (Rodger Chrysler) and Harry (John Merkel), are thrown out of a pub by the bartender (Charles

Pearson) and, after getting half a crown from Eliza break into their own reverie.

Suspense — At the Embassy ball, Eliza is swept away from Mrs. Higgins, Prof. Higgins' mother (Carol Taylor), Pickering and Prof. Higgins by Zoltan Karpathy, an international blackmailer.

What happens next? Does Karpathy (Charles Pearson) see through Higgins' training and expose Eliza as a fraud and thus put all three of the conspirators in jail?

Will one of the ladies or gentlemen attending the opening day of the Ascot race track see through Eliza's front? Will one of them actually crack a smile? (Horror!) There is only one way to find out, unless you buy a copy of the play. Come to the Clarkston High School Little Theatre the 22nd, 23rd, 24th, 28th, 29th or 30th of this month to see Lerner and Loewe's "My Fair Lady". (You may order a ticket from any member of the cast.)

Last Wednesday was four times as exciting as an ordinary day at the high school for the members of the student body.

First of all there was the natural excitement of knowing that the offices of Student Government President and Secretary were going to be decided upon. Randy Locklar was elected President and Joette Schultz was elected Secretary.

Second, it was the day before Easter vacation and vacations are always a welcome break from school life, according to most students.

Third, two musical numbers were presented during all four lunch hours by members of the play cast. The numbers were "Lovely" and "With A Little Bit of Luck".

Last but not least, the day was ended by a concert given during fifth hour by the high school band, under the direction of Bart Connors.

They played several Jazz numbers, "An American in Paris," "The Three Jacks," "Harlem Nocturne," "Riffin' the Blues," "Manhattan Tower overture" and "Artistry on Boogie" after opening with the "Star Spangled Banner" and "A Festival Prelude."

Connoisseurs of music will be happy to hear that the high school band is presenting a concert this Sunday, April 25th in the high school auditorium.

Student Selected for Counseling Staff

Women's and men's resident advisor and counseling staffs have been named for the 1965-66 academic year at Albion College. Among the 30 women named was Joan Mansfield of Clarkston. She is the daughter of Mr. and Mrs. William Mansfield of 6593 Orion Road.

Clarkston News Photos

A three car accident involving Clarkston resident, Valeta Hamilton, 34, of 6134 Overlook, occurred last week on Dixie Highway in front of the Drayton Plains Shopping Center. The Hamilton auto, on the inside lane prior to making a left hand turn into the shopping center, was struck

from behind. The second vehicle then veered off to the left and struck the third auto which was passing in the right hand lane. Occupants of the second car, Mrs. Margaret Sherrill, 46, of Dryden and her daughter, Donna, age nine, were taken to Pontiac General hospital.

In Michigan, after golf beer's the one... for good taste, good fun

After a hard-played 18 holes, it's good to settle down on a soft chair in the club house and add up the score with friends. What better time for the drink that scores with almost every golfer—cool, thirst-quenching beer? Yes, beer's great to relax with, great for refreshment, great for taste. So whatever your sport—boating or baseball—swimming or tennis—relax afterwards with the zestful taste of beer.
