Honored on Area Students Test Ability

Certificates of Educational Development were awarded to thirty seven Clarkston High School students this week in recognition of outstanding performance on the 1964-65 National Educational Development Tests.

Grade Nine students so honored were: Nancy K. Chapman, Kathy L. Donohoe, Nikki K. Kratt, Anne C. Lausten, Lennie K. Lee, Harriet D. Lomas and John T. Lynn.

Others were Nancy M. Milligan, Lana M. Moore, Patti D. Mulrone, Karen S. Norman, Joyce L. Pine, Mark L. Pope and Sandra L. Ryckman.

Completing the list were Sandra L. Swick, Carol D. Taylor, Al A. Ventimiglia, Lyle A. Walter, Nancy Jo Weiss and Joan M. Willis.

Tenth grade students receiving the award included Richard J. Curtis, Patti A. Davidson, Mike C. Dougherty, Larry W. Duncan, Terry E. Dutcher, Kathy M. Eudis, Jack W. Frost, Gary L. Haviland and Linda K. Heath.

Also honored were Carol Quertomous, Nancy E. Richmond, Hugh E. Rose, Jack R. Sansom, Neil J. Stalker, Mike Schweitzer, Tim Wall and Clayton D. Wilson.

Local Man Receives Award

An Independence Township resident, Dr. Herbert R. Lissner of 7800 Dixie Hwy., received the Alumni Honor Award for Distinguished Service in Engineering from the University of Illinois. He is chairman of the Wayne University engineering mechanics department.

A bronze medal was included in the award presented to Dr. Lissner during the Engineering Honor Convocation on the University of Illinois campus.

In giving the convocation address, Dr. Lissner talked on "The Developing Field of Biomechanics."

Council Studies Proposal

A general summary of proposed Village parking lot plans has been submitted to Clarkston Village Council for their consideration. Included in the outline presented by Clarkston merchants are accommodations for 71 parking spaces.

Land for the project would be donated by local merchants with the cost of leveling, grading and blacktopping being assumed by the Village. Location for the proposed lot is from Washington to Buffalo Streets with entrances and exits planned at both ends.

Millage Rates Set for Area

Preliminary rates in the 15 mill tax split between Oakland County, township governments and school systems were released this week by the County Allocation Board.

A slight increase was set for Clarkston Community Schools, from 8.31 to 8.38, while millage of 1.32 remained the same for Independence Township.

Preliminary hearings on submitted County, Township and school budgets ran from May 11-17. Deliberation on the needs of all three units will take place May 25 with final millage rates to be set May 27.

In giving their reasons for the necessity of such a facility, the businessmen stated that the area would relieve congestion and double parking on Main Street and would eliminate the loading and unloading of vehicles at store fronts.

Included in the blue prints would be a six foot green belt of sod and trees sloping away from the residential line to the parking area. Further adding to the beautification thought, it was suggested that an island of flowers and other plant growth be created and that all existing landscaping be preserved.

A 14 foot service area behind the stores would be used for loading and unloading purposes and for construction to conceal unsightly boxes, garbage cans, etc.

The proposed project has been placed under study by council.

First Quarter Highway Figure Given

The State Highway Department has started distributing first quarter Motor Vehicle Highway Fund collections to Michigan counties and incorporated cities and villages.

Howard E. Hill, Acting State Highway Director, said net receipts of the Highway Fund during January, February and March of 1965, amounted to \$90,896,324, a decrease of \$1,042,491 under revenue for the same period in 1964.

The decrease, Hill said, was because thousands of motorists bought their 1965 license plates earlier than usual. License plate sales during November and December were up 67 per cent compared to the previous year and this resulted in a \$6 million increase in Highway Fund collections during the final quarter of last year.

Gross collections during the first quarter amounted to \$92,876,591 from which collection costs of \$1,818,284 and the Waterways Commission's share amounting to \$203,935 were deducted before distribution.

All state gasoline and diesel fuel taxes, license plate fees and a small amount of miscellaneous fees are deposited in the Motor Vehicle Highway Fund.

After deductions, the money is distributed under provisions of state law which provides that 47 per cent goes to the State Highway Department for use on state highways.

Beer Party Results in Two Arrests

An epidemic of teen age beer parties in the immediate Clarkston area resulted in the arrest of three teenagers last week-end. Clarkston Village Police Chief Robert Phillips said that the youths were charged with minors in possession of alcoholic beverages.

Chief Phillips stated that beginning next week, speed limits and other safety precautions will be enforced at the Village owned Deer Lake beach. The area will be patrolled daily.

A warning was also issued that the no swimming posted area at the Mill Pond (off the Village parking lot) would be enforced.

State Police Seek Clues

Continued malicious mischief at the Clarkston school bus parking area prompted further action by the Michigan State Police this week. According to department records 12 gas caps were removed last week-end and scattered about the vicinity.

Also being investigated by state police officers is the theft of a 15 foot aluminum canoe and sailing equipment from Hillside Drive property at Deer Lake.

Total estimated value of the items taken from the summer home property of Rolfe C. Spinning of Birmingham was \$250.

Librarian Appointed by Township Board

Independence Township Board, in accepting recommendations of the newly formed Library Advisory Board, appointed Mrs. Phillip Smith as the new librarian. She will receive a salary of \$2 per hour. Assistant Librarian, receiving a salary of \$1.50 per hour, will be Mrs. Esther Smith. Two other part time employees were authorized and will be paid \$1.50 and \$1 per hour.

Chairman and secretary of the Advisory Board will be named at the first regular monthly meeting to be held in June. Making up the board are Mrs. Kenneth Valentine, Mrs. Evan Leonard, Rev. Paul Johns, Mrs. Phillip Stomberg, Mrs. Glenn Berner and Mrs. Richard Kroninger.

New library hours, released at the township meeting, will be from 1-9 p.m. Monday, Tuesday, Thursday and Friday and from 10 a.m. to 6 p.m. Saturday.

A charge of \$5 will be assessed library users living outside Independence Township, with the exception of students attending Clarkston school system. Such students may obtain a card to use the library facilities including all North Oakland Library Cooperative privileges, for fifty cents per year.

It was also decided that library fines and charges remain the same and that one of the first duties of the Advisory Board shall be the formulation of library policy to be submitted for Township Board consideration.

Other action taken by township officials was the approval of the application for a Class C and SDM license from Oliver Wright to Nicolas D. Manzelia.

The board also established paying stations for the convenience of township water customers. Effective immediately, water bills may be paid at either Pine Knob Pharmacy (at Sashabaw and Maybee Roads) or at O'Dell Drugs on Main Street. Township Clerk Howard Altman was directed to notify customers of the new service.

An amusement park ordinance and a nuisance ordinance were presented, board members for action. Both ordinances were tabled for further study.

Attending Village councilmen, Harold Goyette and John Witherup, requested a Village-Township meeting to discuss procedures regarding proposed joint maintenance and operation of the Village owned

beach area at Deer Lake. A special meeting will be arranged to consider the proposal.

An American Legion representative requested the board to consider increasing its present \$75.00 Memorial Day program donation.

Application approval was given to Oakland County Sportsman Club for a special Liquor Control Commission beer and wine permit to be used May 29 and 30.

To Honor Room Mothers

Expressing their gratitude for work done during the past year, Clarkston Elementary School P-TA will honor home-room mothers and teachers next Tuesday at an appreciation dinner. Following the dinner will be an 8 p.m. children's fashion show to be presented by the Marta-Lore Shop of Clarkston.

The public is invited to attend the fashion show which is to be held in the Clarkston High School auditorium.

Poppy Sale Starts Today

Commander John Lynch of the Campbell-Richmond Post 63 announced the dates for the annual sale of Poppies will be Thursday, Friday and Saturday, May 20, 21, and 22.

According to Commander Lynch, a portion of the proceeds will be retained by the local post for use in child welfare work. The remainder will go to disabled veterans in the Veteran's Hospital.

Last year the post used \$450 of the proceeds to help sixteen families and 68 children.

Resident Hurt in Accident

A two car accident at the intersection of M-15 and Dixie Highway last Friday resulted in minor injuries to Clarkston resident, Mrs. Roy Cooper, 30, of 6050 Van Srekle. Also involved was Frank Wall, 43, of 4555 Major Street, Drayton Plains.

According to Oakland County Sheriff's Department, the Cooper vehicle had stopped for a red light at the intersection and was struck from behind. Wall stated that the other car had attempted to pull out into the right lane of traffic to go around a stalled auto in the left lane and in approaching the stop light had braked suddenly. He said that he could not stop in time to avoid hitting the Cooper car.

Mrs. Cooper was taken to an area doctor for treatment of injuries.

Walters Lake Hit by Grass Fires

Independence Township firemen were called out for three grass fires this past week. All of the blazes occurred Saturday and all were in the Walters Lake region.

Started in the brush growth of a wooded area, the cause was listed as unknown. No extensive damage was done according to department records.

Petitions Filed for School Board Seats

Three area candidates have filed petitions seeking election to Clarkston Community Schools Board of Education. Up for vote at the June

14 annual school board election will be two expiring four year terms of office.

Candidates who filed are incumbent Harold Hicks of 5031 Clintonville Road; Richard Funk of 6184 Crumlane Drive and Frank Ronk of 6056 Overlook.

Board President Keith Leak, of 6195 Middle Lake Road, is not seeking re-election. He has been a member for the past 20 years. Incumbent Hicks has served on the board since 1960.

Driver of the car, Rebecca Orr, 23, of Davisburg, stated that she did not know anyone was behind her when she was backing out of a driveway. The accident occurred on Crosby Lake Road according to Oakland County Sheriff's Department.

Davisburg Boy Struck by Auto

A four year old Davisburg boy, Donald Bible of 3055 Auburn Heights, was taken to Pontiac General Hospital last week with injuries sustained when he was struck by an automobile.

Driver of the car, Rebecca Orr, 23, of Davisburg, stated that she did not know anyone was behind her when she was backing out of a driveway. The accident occurred on Crosby Lake Road according to Oakland County Sheriff's Department.

Public Hearing for Planning Group

Independence Township Planning Commission will hold a public hearing tonight at 7:30 p.m. to consider zoning changes affecting a parcel of land on White Lake Road.

A map showing the proposed changes, from suburban farms to manufacturing 2, may be examined at the Township Hall, location for the hearing.

Local Students Receive Degrees

Among the 3,668 University of Michigan students to receive degrees this month was Charles Neal Fusilier of 8970 Dixie Highway, Clarkston. He was awarded the degree of doctor of dental surgery.

Other area students who participated in the 121st commencement ceremony were Charles Harrison Collins, 4024 Baybrook Drive, Drayton Plains, master of Business Administration; Karen Merle Craven, 988 Seneca Trail, Lake Orion, Bachelor of science in education; Ann Louise Farrah, 3610 Orion Road, Lake Orion, Master of arts.

Michigan ranks second among the 14 leading industrial states in manufacturing productivity as measured by value-added per employee.

Safety patrollers from Clarkston and Pontiac had the special honor of meeting the second-ranking member of the United States House of Representatives while visiting Washington as guests of the Automobile Club of Michigan. House Republican Minority Leader Gerald R. Ford, of Grand Rapids, greeted 130 white-belted Michigan youths from 105 cities who visited the capital May 7 to 9 during Auto Club's 20th annual trip to

the National Patrol Rally there. Shown above with Ford in the Nation's capitol is Edward Butters, at the right, a sixth grade student at Clarkston Elementary School. Others in the photo are, left to right, Samuel Corey of Stanley Street who represented Alcott School, Ronnie Splide of Lakeside Drive, a student at Wisner School, and Charles Dohner of Gertrude Road who attends Sandburg School.

STRENGTH FOR THESE DAYS
from The Bible
He made thee to hear his voice, that he might instruct thee.—(Deut. 4:26).
One of God's greatest gifts is the conscience He has instilled in all of us. Acting like a warning bell this conscience tells us when we are about to do something that will cause harm to us or to others. We should heed it at all times.

Entered as second class matter, September 11, 1951, at the Post Office at Clarkston, Michigan, under the Act of March 3, 1879.

The other day Grandad read an account in our newspaper about the miraculous speed of a B-58 bomber. He contrasted this accomplishment with the experience in his youth when he spotted his first airplane five miles outside of town — and then rode a bicycle into town in time to see the plane circling the capitol building.

It seems incredible the technological advances mankind has made in the past fifty years. Men who rode to Sunday School by horse and buggy as boys, today follow the flight of astronauts on TV. Their wives do the family laundry with the twist of a dial, and their grandchildren learn Algebra from programmed textbooks.

One unchanging fact remains. Man still needs God as the center and circumference of his life. And the Church, as God's expression, remains constant in the teaching of His Truths.

THE CHURCH FOR ALL... ALL FOR THE CHURCH

The Church is the greatest factor on earth for the building of character and good citizenship. It is a storehouse of spiritual values. Without a strong Church, neither democracy nor civilization can survive. There are four sound reasons why every person should attend services regularly and support the Church. They are: (1) For his own sake. (2) For his children's sake. (3) For the sake of his community and nation. (4) For the sake of the Church itself, which needs his moral and material support. Plan to go to church regularly and read your Bible daily.

News Notes from Clarkston High

John Merkel

Last Thursday night was achievement night at the high school. On display were the results of almost a year's work by the high school students.

For the benefit of you who asked, the designs on display in the art exhibit were those dreamed up by art students for the Wayne-Oakland League.

As mentioned before, two of our students won this contest. The winning shield was a composite of the designs of Kerry Sanford and Paul Taylor.

At seven-thirty and eight-thirty choral programs were presented by the vocal music department's boys and girls ensembles.

The Home Economics department girls modeled the dresses they had made in class. Three classes presented a show at eight o'clock and the other three classes modeled at nine o'clock.

The Industrial Arts department displayed numerous projects made by boys during the year. Also included in this exhibit were several scale models of houses they had designed.

The English department's exhibit came principally from three boys of one class. The class displayed an original novel, some poems and a few other items.

The commons areas were filled with paintings and sculpture which comprised the Art department's exhibit.

This week has been a busy one for the choral department. An assembly was presented Tuesday and their Spring concert "Echoes of Spring," will be presented tonight (Thursday) in the high school auditorium.

Friday, during the first period all three Chorus classes rehearsed for their program in the auditorium.

The announcements and name cards for Seniors came last Thursday.

The plans for the Senior class party were revealed last Friday at a special meeting. It is tentatively scheduled for June 7, 10 to 2 a.m., the night of commencement, at the Pine Knob Ski Lodge.

Some junior English classes have been spending their time working on plays. They've been holding class in the auditorium or the cafeteria so they would have enough room to work.

This Saturday the annual Clarkston High School Junior-Senior prom is going to be held in the cafeteria from nine to twelve. Admission is three dollars a couple.

Card tables have been collected from almost every source to use at this gala occasion. For seniors, it will be the last dance before graduation.

Future Homemakers of America Chapter at Clarkston High School recently elected its officer slate for the coming school year. Left to right in the front row are Mary Fellows, historian-parliamentarian; Cheryl Gura, treasurer; Elaine Keeley, president; and Margaret Keech, chairman of delegates committee. In the back are Phyllis Goodall,

chairman of the program of works committee; Joyce Roy, point secretary and Edy Beach, reporter. Laura Sonerant, vice president and Cathy Callen, secretary, were not present for the picture. Following the elections meeting the group went bowling with their advisor, Judy Kabbleisch. Clarkston News Photo

Men in Uniform

Seaman Recruit Dennis M. Zimmerman, USN, son of Mr. and Mrs. Frank J. Zimmerman of 12940 Big Lake Road, Davidsburg, has begun nine weeks of Navy basic training at the U. S. Naval Training Center, San Diego, California.

In the first two weeks of his naval service he will study military subjects and live and work under conditions similar to those he will encounter on his first ship or at his first shore station.

On completion of his recruit training he will be assigned to a school, shore station or ship, according to the results of his Navy classification tests, his own desires and the needs of the Navy.

Helping Hand is Offered

There isn't a student who leaves Clarkston High School who cannot receive advanced training because he lacks the necessary finances. This is due to the Clarkston Community Student Aid Fund. Through this program a student may receive funds to attend any training institution beyond high school, including for example, business schools, trade schools, beauty schools, barber colleges, or a four year college degree program.

The Student Aid idea was born in 1959 through the efforts of the Faculty Guidance Committee. Composed of six classroom teachers

and three counselors, the group works together formulating new, and evaluating present, programs within Clarkston High School.

Early sources contributing to the fund were the high school talent show, school organizations and members of the faculty.

During the past three years various community organizations have been interested and donated money. Individuals in the community have also helped, through

personal donations. Now entitled The Clarkston Community Student Aid Fund, it presently involves the community at large.

If any interested group or individuals would like additional information about the fund please contact the counselors at Clarkston High School, MA 5-5841.

Dedication ceremony of the Church of the Resurrection Episcopal will be presided over this Sunday by Right Rev. Archie H. Crowley, Suffragan Bishop of Michigan. Delivering the sermon for the occasion will be Rev. C. George Widdifield, Rector of All Saints' Church, Pontiac. Other area Episcopal priests will also participate in the 3:30 p.m. program at the church site, 6490 Clarkston Road. The first Episcopal service in Clarkston was conducted by Bishop Crowley just over five years ago in the Main Street home of

Mr. and Mrs. Jack Haupt. Regular church services were held in Clarkston Elementary School. The Church of the Resurrection was formed as a Diocesan Mission and Rev. Alexander T. Stewart was called to be its first Vicar in November 1960. Architect for the church was Robert Yokom of Detroit and the builder was Ray Misch and Son of Birmingham. Members of the congregation cordially invite area residents to visit the new church facility. Clarkston News Photo

Promote Safe Driving Habits

You can find out just how good a driver you are by sitting in your living room. Sound impossible? Not at all if you watch when CBS News presents the National Drivers Test Monday, May 24.

This unique telecast . . . aside from providing helpful tips to drivers . . . allows every driver in a family to take a driver test in his home. Test blanks are being distributed by various methods throughout Michigan according to Secretary of State James M. Hare, chairman of the Michigan State Safety Commission.

Hare said that the Michigan safety commission, composed of state officials, and organized safety groups had "given unqualified endorsement to the program.

"If we can help people become aware of their driving habits . . . good or bad . . . we'll have contributed tangibly to a safer Michigan," Hare noted.

He said 2,125 persons were killed on Michigan highways last year and nearly 150,000 were injured, some of them permanently. In addition, Hare noted, accidents cost Michigan wage-earners a whopping \$400-million in costs . . . more than \$1 million each day.

The program will feature a team of stunt drivers who will put millions of viewers "behind the wheel" to give them the experience of the "sight and sound of highway slaughter," Hare said.

Viewers will be tested on their driving judgment in two-car collision situations, and on their ability to perceive driving hazards.

Other specially prepared sequences which were filmed on public highways will show how accidents develop and happen. One of the test cars will give viewers the feeling that they are in the driver's seat.

Purpose of the National Drivers Test, produced in cooperation with the National Safety Council and top safety experts, is to enable drivers and their families to experience . . . in dramatic fashion . . . the circumstances of fatal or disabling collisions so that they may become familiar with the fundamentals of defense driving.

Hare said that most Michigan TV stations would carry the telecast at 10:00 p.m. but that viewers should watch their local listing for program time and details.

DAR News

The May meeting of the General Richardson Chapter of the Daughters of the American Revolution met Thursday at 1 p.m. at the Silver Lake home of Mrs. E. G. Clark.

Regent, Mrs. T. W. Jackson opened the meeting asking for reports from delegates to the continental Congress held in Washington, D.C. in April.

It was announced that the chapter received a special citation award from the National Society, given for outstanding accomplishments and highest honor roll attainment.

During the five day conference, delegates, Miss Grace Clark and Mrs. E. G. Clark told of attending a banquet of DAR officers from all over the United States. They also heard Senator Margaret Chase Smith speak. Mrs. John Tomlins, as page, was privileged to be up-stage holding not only the Michigan flag, but the Missouri flag. Several members toured the White House and grounds.

In the National Defense program Mrs. Monroe's report trended toward the Memorial Day history and

sentiment. Mrs. L. C. Barner reported that a Rochester Jr. H. school science teacher, Mr. Al Valencia will attend the usual D.A.R. sponsored week's course at the Conservation Camp at Higgins Lake this summer.

Officers for the coming year were installed by Mrs. A. Monroe. The new regent will be Miss E. Grace Clark with the 1st vice regent being Mrs. John Tomlins. Miss Margaret Steward will serve as recording secretary and Agnes Hilton as corresponding secretary. Miss A. Serrell was named treasurer and Dr. Sarah Janes registrar.

Helping the hostess serve refreshments were Jessie Brewer, Mrs. Wm. Kalwitz, Mrs. Frank Gerls and Mrs. Harold Haskins.

Dedication ceremonies for the First Baptist Church, 5972 Paramus, will take place this Sunday. Three services have been planned, at 11 a.m., 3 p.m. and at seven in the evening. Speaker at the morning service will be Rev. Gordon Lindsay of Five Points Community Church in Pontiac. In the afternoon ceremony, Rev. David D. Allen of Calvary Baptist Church, Hazel Park, will be the keynote speaker. Special music titled, "I Will Build My Church," will be performed by the

choir which is under the direction of Ralph Chambers. Allen Somers of Marimont Baptist Church, Pontiac will sing, "Bless This House." Rev. Phillip Somers is to be the 7 p.m. evening service speaker. Also participating will be the Young People's Choir. An invitation for the public to attend the dedication services of the new church, which was wholly constructed by members of the congregation. Aircraft to To Compete

Residents of Michigan and northern Ohio can expect silent wings overhead this summer. The thirty-second National Soaring Championships take place in Adrian, Michigan June 28 through July 9, 1965.

Sanctioned by the Soaring Society of America, and sponsored by the Adrian Soaring Club and Chamber of Commerce, the contest has already attracted 60 applicants. Every indication points to a record turnout of contestants in their sleek, silent high-performance motorless aircraft. Already applicants have been accepted from all over the United States, and some foreign countries including Germany, Switzerland and Canada.

Contestants from outside the United States will not be vying for the title of United States Champion, for this goes to the outstanding soaring pilot of the nation.

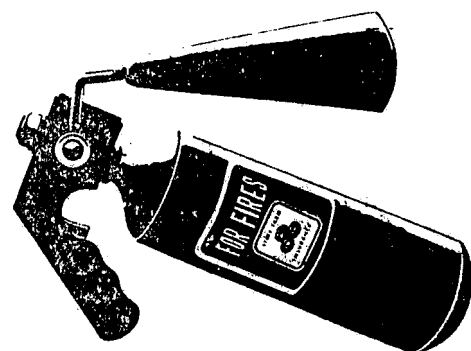

In the course of the contest, there will be tasks assigned for distance around triangular courses, speed dashes, and goal and return flights, usually 90 miles out and return.

Arrangements have been made with customs officials of the United States and Canada to assure a quick return of any contestants who may land in Canada.

The Adrian location offers every possibility of some national records being established because of the outstanding soaring conditions around this mid-Michigan community. The longest distance flight from this city was made in 1962 by Rudy Moyer of Birmingham, Michigan. He flew 396 miles to Frederick, Maryland. A number of flights exceeding 300 miles have been made, and duration flights of eight hours are not uncommon.

For further information please contact Werner Sommer, Contest Manager, City Hall, Adrian, Michigan. Telephone 313-263-2161.

One of the largest lake trout ever caught anywhere was landed at Grand Haven in 1864. It weighed 88 pounds.

SAFETY-MINDED HOMEOWNERS...

prevent fires by observing a few simple precautions. Like making sure heating systems are in proper operating condition . . . and being careful not to overload electrical circuits. They practice good housekeeping too, inside and outside the house, so that fires can't find a place to start.

SAVINGS-MINDED HOMEOWNERS...

choose a State Farm Homeowners Policy to provide all the protection they'll probably ever need for home and belongings . . . and to protect themselves in case of lawsuits. And surprisingly, they actually pay 15% to 25% less for this complete package than the same coverages would cost under separate policies. Call today and get all the details on a State Farm Homeowners Policy to fit your needs.

Know Your Michigan Law

By Attorney Gen. Frank J. Kelley
(This is a public service article explaining in general terms a provision of Michigan law. Individuals who wish to determine the effect of any law upon their private legal affairs should consult a private attorney.)

A student of human nature might

expect that individuals would tend to overlook or neglect a bill or other debt when owed by them. However, he might be surprised to find out that each year tens of millions of dollars in bank accounts, corporate stock, bonds and dividends, as well as paychecks and other property are forgotten and unclaimed by the persons who actually own such properties.

Sometimes there are bizarre cases like the man who inexplicably left his several city lots and a safe deposit box containing thousands of dollars in bonds and moved to the woods of northern Michigan, where he died in apparent poverty many years later.

However, most often there are just a few dollars involved and the owner merely moves without giving a proper change of address to the bank, corporation, or other holder of the property.

What happens to such property? In Michigan, as in many other states, rather than allow the bank, corporation or other holder, or a complete stranger to have a "windfall" by keeping such property, the state, by law after required court proceedings, takes custody of it. The state either retains the property or sells it and keeps the proceeds in trust for the owner or his heirs.

Property is deemed abandoned and escheatable to the state after being unclaimed (or no control is exercised over it) for seven years by the person entitled to it.

The laws of some states provide that a few years after such property is taken over by the state, the state becomes the full owner of such property and no claim for recovery can be made by the owner or his heirs. In contrast, under the Michigan statutes, the right to reclaim the property from the state of Michigan is never cut-off regardless of the number of years that may have elapsed.

All claims for recovery of the property must be filed with the State Board of Escheats. Of course, proper identification and satisfactory proofs and documents must be presented in order to establish the identity of the claimant and his right to recover the property.

Any person, corporation, bank,

or other holder of property, possessing or owing funds or other property which have been unclaimed or abandoned by the owner for seven years, must report such property to the State Board of Escheats, Lansing, Michigan, and he will receive an official receipt which will forever discharge him from any further liability, accountability or responsibility.

Teaching Career Ends for Cecil Howland

A teaching career, spanning the years from 1925 to 1965, will end in June for Mrs. Glenn Howland of 6063 Princess Lane, Clarkston. She will take with her not only the love and respect of countless students and the admiration of fellow instructors, but the expressed thought that if she had her life to live over again she would choose the same career.

Mrs. Howland, who attended Cheboygan Norman College, received a bachelor of arts degree from Wayne State University. Her first teaching position was at White Lake Township Elementary School. In 1926 she accepted a teaching job at what was known then as Clarkston Station where she remained for two years.

Full time duties as wife and mother caused the years to slip away until 1948 when Mrs. Howland again rejoined the Clarkston School system as a temporary substitute teacher.

The supposed three day substitute period has stretched in time into the present, 17 years later . . . 17 years well spent according to the soft spoken teacher. The past nine years, according to Mrs. Howland, have been spent at Clarkston Elementary School where she instructs students in the fourth grade.

Future plans, although somewhat indefinite, will include traveling and spending more time with her family. Hobby interests of the ever active teacher include needlepoint, dancing, cards, and fishing. With her husband, who also is on the Clarkston Community Schools staff, Mrs. Howland hopes to revisit some of the 44 states they have toured and expects to spend a good deal of the summer months at their cottage in Howell.

In commenting upon her retirement, Mrs. Howland said, "I've enjoyed every minute of my teaching career and have spent some of my happiest years right here in Clarkston. I've made a lot of good friends with parents and the administration and have enjoyed working with children."

Tuesday Nite's Club, sponsors of the benefit for March of Dimes, have arranged for roller skating from 7:30 to 9:30 P.M. Dancing will be from 9:30 to 11:30 P.M. with the Teensmen providing the music.

Gifts will be awarded during the dance intermission. Net proceeds will go to help fight crippling birth defects.

Tickets are available at the Rolladium and high schools.

Antique Show and Sale Plans in Progress

Have you a bright red or green crayon in the house? Then circle the calendar dates of June 10 and 11, for that is when the women of the Clarkston First Methodist Church are to present their first annual antique show and sale. Location for the affair will be the church parlors of the new church building.

Quality dealers will offer merchandise for your pleasure and purchase from 11 a. m. to 10 p. m. Among the items to be shown will be early pine tables, a space saving Amish bench, a child resistant marble topped table and colorful old glass.

Food will be served those attending the show in an attractive outdoor tea room.

Tickets are available from W.S.C.S. members, the church office, at the door or from Mrs. Jessie Kobrak.

Scholarships In June

Scholarships to Oakland Community College for graduates of Oakland County high schools will be announced in June, Dr. John E. Tirrell, OCC President, disclosed today.

Scholarships consisting of waiver of tuition costs will be awarded on the basis of two to each county public and private accredited high school although each school will be guaranteed only one scholarship with the remaining 50 percent awarded on the basis of need, Dr. Tirrell said.

Tuition cost for county residents is \$103 per session. Criteria for the awards were established by a committee composed of representatives of county organizations of superintendents, principals and counsellors. Students will be evaluated on their potential, need, and academic achievement.

The screening committee is composed of the following members: Dennis Boyle, principal, Milford High School; Sister Bernadine Marie, O. P., principal, St. Mary's (R. O.) High School; Francis Staley, principal, Pontiac Central High School; Frederick Holdsworth, assistant principal, Berkley High School; Thomas Purdy, assistant principal, Hazel Park High School.

Also, George Grisdale, counselor, Oak Park High School; George Stringer, Rochester High School; Patricia Hot, Waterford Township High School; and Clayton Timmons, North Farmington High School.

The scholarships were approved by the Board of Trustees of Oakland Community College.

Contest Open To Area Men

The Detroit Edison Company will mark the observance of Father's Day this year with a "King of the Patio" cooking contest for all males who enjoy outdoor culinary art.

First Prize for the "King of the Patio" will be an outdoor living Patio Cart. Eleven other awards will also be presented.

The Contest is open to all males 18 years of age and over who reside in Wayne, Oakland, and Macomb Counties. All contestants need to do is to send their favorite Patio Recipe to the Electric Living Division, 2000 Second Avenue, Detroit, Michigan, 48226. Entries must include name, address, and telephone number.

Deadline for entries is midnight, Friday, May 28.

Professional chefs, cooks, Edison employees, and members of their immediate families are not eligible.

The judges will select the 12 most interesting and promising recipes; and the talented 12 will compete in the Cook-Off for the "King of the Patio" honors on Tuesday, June 8, at 1:00 p. m. All finalists must be available to compete on June 8. Judging the event will be George Pierrot of WWJ-TV, Mark Beltaire of The Detroit Free Press; Len Barnes of Motor News and Mort Neff of WXYZ-TV.

Michigan's Upper Peninsula, with 16,538 square miles of land area, is equal in size to the combined areas of Connecticut, Delaware, Massachusetts and Rhode Island.

Four flags have flown over Michigan - French, English, Spanish and American.

Big Names Enter Open

The first 32 official entries have been filed for the field of 159 in the \$100,000 Buick Open at Warwick Hills Golf & Country Club only three weeks away.

The list is headed by two of the reigning Big Four of Golf - Tony Lema, British open champion and the Buick's defending champion, and Bobby Nichols, PGA champion and winner of the Carling World Open last year at Oakland Hills.

Two former Buick Open champions signed up formally, Lema and Billy Casper, winners of the first one in 1958. So, too, did Doug Sanders, current money leader on the PGA tour.

Others include the Hobert brothers, Jay and Lionel; Mason Rudolph, Don January and Johnny Pott.

All signed during the Colonial National at Fort Worth. Additional official entries will be taken on the PGA tour during this week at the New Orleans Open, next week at the Memphis Open and the week after at the "500" Festival Open.

Final close for official entries under PGA rules will be at 6:00 P.M. Sunday, May 30, at the end of the "500" Open.

The Buick Open will be played Thursday through Sunday, June 3-6, preceded Monday and Tuesday by PGA practice rounds and the annual Pro-Am Wednesday. The qualitying round will be played Tuesday, June 1, at nearby Flint Golf Club.

Tickets may be obtained by sending a self-addressed, stamped envelope to "Tickets, Warwick Hills, P. O. Box 205, Flint, Mich."

The golf tournament will be televised for 2 1/2 hours, from 4 - 5 p. m. Saturday, June 5, and 4 to 5:30 p. m. Sunday, June 6.

Letter—

The following letter was received recently by the Clarkston High School principal.

May 10, 1965
 Mr. Milford Mason, Principal
 Clarkston High School
 Clarkston, Michigan
 Dear Mr. Mason:

It was my pleasure to come home on the same plane from New York with the Clarkston students. I want to say that they looked pretty worn out and tired but they were very enthusiastic about such a nice trip. I understand that they behaved very well.

Congratulations on this venture and to the people who handled them.

Cordially,
 "Bogie" Munn

Theatre to Begin On June 26th

In conjunction with the celebration of its 10th Anniversary of Adult Theatre, this season, in addition, Northland Playhouse will inaugurate a regular schedule of Children's Theatre presentations, to begin on Saturday, June 26, with a new adaptation of "Cinderella."

"It will be fulfilling a 10-year dream," said Northland Playhouse Producer Kenneth E. Schwartz. "While we have frequently wanted to institute Children's Theatre before, it was our desire to wait until our facilities were adequate and our standards could be consistent with evicting professional demands."

Five productions, all musicals, will be presented, each on two consecutive Saturdays, beginning with "Cinderella" on June 26 and July 3.

Helmet and driving gloves on and all ready to head for the track for his second year in midget car racing competition is 11 year old Larry Kuder. The young race car enthusiast, who is the son of Mr. and Mrs. Edward Kuder of 6219 Waterfront Drive, Waterford, took first place honors last year in the Novice Division at Oakland County Sportsmen Club.

Larry, who will enter his first race this Sunday in the Modified Division, has been spending spare hours at home assisting his father in constructing a new modified car.

Competition at the Sportsmen Club race events is open to both area boys and girls. Youngsters 12-15 compete in the 1/2 Midget event; 5-15 age group competes in 1/4 Midget event; Modified,

5-15 year age limit and the Stock event is open to all age groups.

Race events, which are conducted three Sundays per month, are closely supervised and take place on an asphalt tenth of a mile track. A championship race at the end of the season is followed by a recognition banquet at which time various awards are presented.

Officers of the organization are Edward Rassey, president; Philip Sauer, vice president and Robert Horton, secretary treasurer. Board Directors are Peter Pontious, Richard Schütz, Abe Qutan and Edward Kuder.

Watch Space Needed When Building New Home

Kitchens today receive a great deal of attention from builders, homemakers, real estate dealers, magazine editors . . . in fact, everyone seems to be interested. But, some of the newer kitchens are long on glamour and short on convenience, particularly storage convenience, so says Mrs. Carol Kurth, Michigan State University Extension Home Economics Agent for Oakland County.

Many homemakers have lived in the same house and worked in the same kitchen for years. Often times, these kitchens are inconvenient with far too little, poorly arranged storage space. So many times, home-

makers learn to work in such kitchens by force of necessity which becomes habit.

Working conditions in any kitchen can be more convenient and enjoyable if the storage is ample and well organized. Supplies and equipment should be stored where they will be used. This makes it easier to get ready for the job, to do it, and to clean up after the job. Proper storage also makes it easier for children and others to help with the work in the kitchen. Remember, there should be a place for everything and everything in its place.

Here are some practical and

simple principles or suggestions to remember:

Kitchens should be planned by work centers, with the equipment, the work space and the storage for that center all together.

Items to be stored should be sorted carefully and homemakers should consider who will use it, when they will be used and where.

Arrange frequently used items so that they are easy to get and replace. Store them so they can be seen easily, reached safely, grasp-

ed readily and replaced rapidly.

Protect stored items. Also make sure your storage space is flexible so it can be adjusted to suit your storage needs as they change.

Be sure to check space needed and either buy or build storage devices or aids to provide more storage space for your family living needs.

Over 500 Michigan residents have served in Peace Corps projects.

No other state has as many college and university faculty members abroad on educational missions as Michigan.

Calling All Fishermen
DO YOU HAVE a favorite fishing spot in a particular lake or pond — a place where you often drop anchor and bait fish for what ever will bite? If so, here's a way to doctor up the spot, call more fish and get up the fishing and catching.

Buy or beg a bag of live minnows from some farmer, and if it's spotted and musty, so much the better. Weight it with a couple of fairly heavy rocks, then sink it where you usually fish.

Fish don't feed on minnows, of course, but the bag will provide an ideal breeding place for a multitude of small organisms. These will soon attract numbers of small fish, and the minnow feeders — bass, walleye, bluegill, perch, crappies and the like — will promptly move in to prey on the concentration of bait fish.

To mark the spot, drop a rock anchor and tie the rope to a plastic jug or some other float. Place it just far enough away so that when you tie your boat to the anchor you can fish directly over the bait.

Come back in a week or so with a bucket of lively minnows. You should do a real brisk business.

Nylon In The Kitchen

The growing group of greaseless, stickless cooking enthusiasts include creative cooks who detest scouring pans, modernists with a zest for the up-to-date, people who love fried foods but in the past have had to resist for health reasons, and anyone who's ever fried a sunny-side-up egg and tried to live up to the full-color illustrations in women's magazines. All sing the praises of Teflon-coated frying pans.

While Teflon takes the bows for revolutionizing America's frying, cooking and pot-washing habits, gentle nylon works quietly in the wings doing its part to help Teflon keep its no-sick promises.

Nylon spoons and spatulas (usually sold with Teflon cookware) have a soft, soapy-like texture that will not scrape the delicate Teflon finish.

Commission Backs Fund Hike

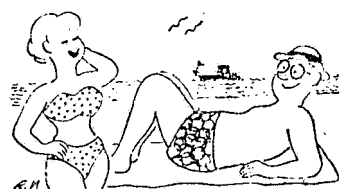

The Michigan State Highway Commission has endorsed four measures pending in the Legislature to provide for increased revenue for highways and revise fund distribution

formulae. An official study of construction needs "shows a serious deficiency in construction programs" planned to keep abreast of expected traffic loads, the Commission said. "As highway needs accumulate and as the period of time to 1980 grows shorter, the percentage of adequacy of the highway system

as a whole, goes down." The Commission resolution endorsing the legislative package said. The measures, previously supported by the Michigan Good Roads Federation, are: A one-cent increase in state gasoline, diesel and liquefied petroleum taxes; A new fee system for automobile licenses ranging from a minimum of \$14 per car to a high of \$29 for the heaviest passenger cars; An adjustment in the present distribution formula for earmarked highway funds from 47 per cent for the State Highway Department to 46 per cent, from 35 per cent for the counties to 34 per cent and from 18 per cent for cities and villages to 20 per cent; A reduction by one-half of the sum of money which cities of more than 30,000 population must contribute to trunkline improvements within their borders.

The Highway Commission stated specifically that nothing in its endorsement should be construed as opposing any legislative proposals dealing with the refinancing of the Mackinac Bridge.

The gas and weight tax increases under the revised formula would boost the state's revenues by \$30 million to about \$151 million next year.

Achievement Night for CAP

Wednesday, May 12th was Recognition Night for Clarkston Composite Squadron, Civil Air Patrol. Captain Charles Klann, Squadron Commander welcomed the visitors and introduced Colonel J. Issitt, Michigan Wing Commander, Lt. Col. E. W. Barry, Michigan Wing Executive Officer, Chaplain L. Kaiser and T/Sgt. LeRoy Bancroft, USAF Recruiter.

Chaplain Kaiser gave the invocation and addressed his message to the cadets, congratulating them on their progress in the Cadet Aerospace Education Program. Opportunities available to cadets through Civil Air Patrol's Special Activities Program were outlined by Col. Issitt. These included the International Air Cadet Exchange Program and the many encampment and exchange programs to be carried out during the summer of 1965.

Sgt. James Hubbell read orders promoting the following: Cadet M/Sgt. Kathy Eudis and Robert Grace; Cadet 1/c. Leroy Hawkins, Ruth McDermott and David Rowden; Cadet 2/c. Joe Fredericks, David Hawkins, Karen Hawkins, Stewart Moore and Cathy Witherup; Cadet 3/c. John Bushart, Leonard Mann, Timothy Morris and Timothy Wall.

Having completed the training requirements of Phase I, Karl Fredericks, Gary Klann, Douglas Miller and William Smith were promoted to Cadet Basic. Senior Member Herbert Green was promoted to Airman 3/c. Col. Issitt gave each person a copy of the orders and the insignia of their new rank.

Cadet M/Sgt. Kathy Eudis and Cadet M/Sgt. Robert Grace received the Billy Mitchell Award which is given to cadets who have completed Phase II of Cadet Training and have attended a summer encampment.

T/Sgt. LeRoy Bancroft from the USAF Recruiting Office in Pontiac showed a film, "Letter from an Airman", which is used in the Air Force Recruiting Program.

Among those visiting Clarkston Squadron were Sister Mary Paul, principal, and Sister Mary Gorretti, science teacher, from Our Lady of the Lakes School, Waterford, Michigan. Max Inman and Ralph Kenyon who teach science classes at Clarkston Senior High School also attended.

Receiving Billy Mitchell Awards at the Clarkston Composite Squadron Civil Air Patrol Recognition Night held May 12 were Cadet M/Sgt. Kathy Eudis, second from left, and Cadet M/Sgt. Robert Grace. Presenting the honors were Colonel J. Issitt, Michigan Wing Commander, C.A.P. (left) and Captain Charles Klann, C.A.P.

Squadron Commander (right). Other guests in addition to Colonel Issitt were Lt. Col. E. W. Barry, Michigan Wing Executive Officer, Chaplain L. Kaiser and T/Sgt. LeRoy Bancroft, USAF Recruiter. Clarkston News Photo

55th Exhibition Of Artists

From 1,690 entries submitted, 116 works by 102 artists were selected by a three-man jury as the 55th Exhibition for Michigan Artists. The exhibition opens at The Detroit Institute of Arts Wednesday, May 19 and continues through June 13.

A show of paintings by Philip W. Wilburn will be exhibited during the same period. As winner of the Flunders Society Detroit Institute of Arts Purchase Prize in the 1964 Exhibition, Wilburn is given this one-man show.

The 55th Exhibition for Michigan Artists includes 52 works in the painting, collage and assemblage classification; 28 sculptures, 11 watercolors, eight drawings, nine prints, five mixed media and four photographs.

The exhibition may be seen during the museum's regular hours: Tuesday through Friday, 9 a.m. to 9 p.m.; Saturday and Sunday, 9 a.m. to 6 p.m. The museum is closed Mondays and holidays.
