CLARKSTON, MICHIGAN 48016, THURSDAY, SEPTEMBER 2, 1965

Fire Destroys Whoppee Bowl

Township to Negotiate for Waterford Water

Independence Township officials, who have for some time been considering a water supply program for the township, are now contemplating an agreement with Waterford Township to secure water for Independence Township.

According to Howard Altman, Independence Township Clerk, the agreement would be entered into to alleviate a water supply shortage for the Independence Square Apartments located at Waterford Hill on the Dixie Highway. Donald White, owner of the apartments, is

requesting the arrangement and has agreed to pay all cost of installation and hook-up of the water system. Planning an even more extensive development on adjoining property, he foresees a water shortage problem if he has to rely upon private wells.

Waterford Township, which has undertaken a water program for the entire township, has a supply line that ends at the township line near the Old Mill Tavern. Mr. White's proposal would be to install a water main from that point to his

apartment complexes. The water main would then become the property of Independence Township.

If the proposed hook-up becomes a reality, other business' with property abutting the proposed line would be eligible for water should the supply and demand factor be met. Independence Township would control this system charging a fair rate to all customers.

Such a step, if and when agreed upon and completed, would coincide with the plan of Independence Township to extend and provide their own water supply system.

Some time ago township officials made an informal inquiry to the Federal Home and Housing Administration for consideration of financial assistance under the 702 program for developing a water supply program. Due to recent events, the township expects to renew this interest, making a formal application to undertake this program, according to Mr. Altman.

Mr. Altman added, "In view of the fact that the county has indicated that a sewer trunk line will be available to Independence Township shortly (possibly within the next two years) our plans to step up a water supply program are not premature."

Jack Zeunen Retires from Detroit Edison

JACK ZEUNEN

John R. (Jack) Zeunen, manager of Detroit Edison's local office in Pontiac since 1955, retired September 1 after more than 46 years of company service.

A native of Amsterdam, Holland, Mr. Zeunen moved to Michigan as a child and received his education in Detroit. While still a high school student, he worked for Detroit Edison as a part-time office boy and spent some time during World War I as assistant paymaster for the American Shipbuilding Company. He joined Edison's sales department full time following graduation from Southeastern High School in Detroit.

Before his transfer to Oakland County in 1927, Jack worked in both Wayne and Macomb counties in various staff and supervisory capacities. His first Edison assignment in this area was as accounting supervisor.

Since moving to Oakland County, he has taken an active part in community projects and affairs. He is a past president of the Pontiac Lions Club and has served in the Pontiac Area United Fund Campaigns. He is also a member of the Pontiac Elks Club, the Y.M.C.A. and the Chamber of Commerce and has served as vice-chairman of the Keego Harbor Planning Commission.

Jack and his wife, Isabel, make their home at 2089 Devonshire Road in Bloomfield Hills. They have two daughters, Jean Huber and Lois Ann Christian, and two granddaughters. The couple was honored Monday evening with a dinner party at the Pontiac Elks Club. 208 civic officials and community leaders, company associates, and area friends attended.

Corn Roast

A corn roast, featuring hot dogs and drinks will be held at the Campbell-Richmond, Post No. 63 of the American Legion on Labor Day, Monday, September 6.

The home is located on Ortonville Road, north of I-75. Free pop will be available for the children.

Two Clarkston boys were presented with special awards recently at the Chief Pontiac Post of the American Legion. Harold Schoff, (left) attained the star rank. He has been in scouting for four years. Dennis Pine (right) attained the life rank after six years in the scouting program. Both boys are members of Clarkston Boy Scout Troop 105 sponsored by the Chief Pontiac Post of the American Legion, Post 377.

Firemen from three departments fought for six hours to bring under control a fire which razed the Whoppee Bowl, a new and used store located on the Dixie Highway in Springfield Township, Saturday night.

Police to Hold Pistol Shoot

The twentyeighth annual Michigan police pistol shoot will be held Thursday, September 9, on the 60-target Roscoe Gray range of the city police department at Jackson.

Police, sheriff departments and other law enforcement agencies will compete in five classes for rotating governor trophies. Class winners also get plaques for permanent possession and members of the top three teams in each class receive gold, silver and bronze monograms.

Other awards go to the top three individuals in aggregate score and in timed, rapid and slow fire events and in the chiefs' match, a feature. There also is a State Police commissioner's award.

The annual match is sponsored by the Michigan Association of Chiefs of Police in cooperation with the Michigan Sheriffs Association and the State Police.

Village Days Open Friday in Clarkston

An interesting and entertaining Labor Day weekend in their own community is assured Clarkston area residents as a result of events planned by several local groups.

Clarkston Village Days, sponsored by the Clarkston Businessmen's Association, will begin on Friday, September 3. This will consist of annual side walk sale during which local merchants offer select items of merchandise at a great savings. The local businessmen will also provide many desirable prizes for a free drawing after the parade on Monday.

Throughout the weekend amusement rides will be available to provide entertainment for the whole family under the auspices of the Clarkston area Jaycees. The Jaycees have contracted with the A. J. Carl Shows for the rides which will include merry-go-round, tilt-a-whirl, ferris wheel, scrambler, octopus, helicopter, and three kiddie rides. A search light will beacon area residents to the show which will be set up in the village parking lot on Washington Street.

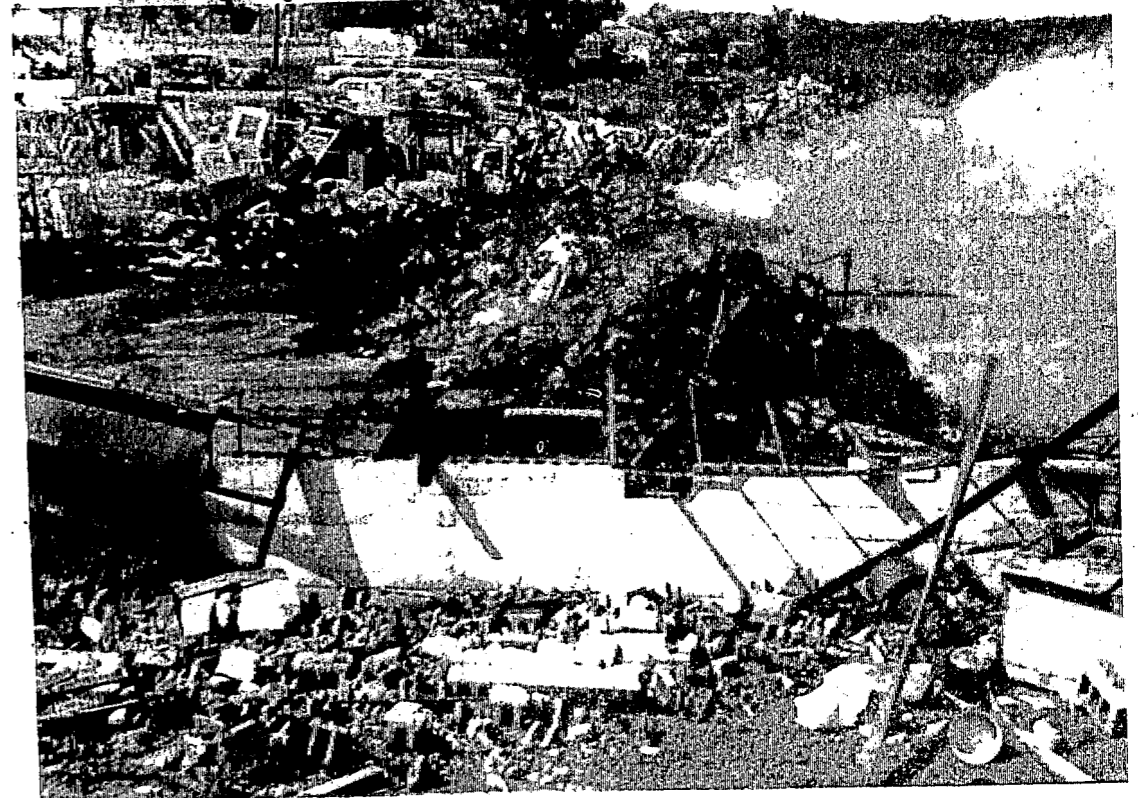

The Jaycees will also arrange for the first time for a dunking machine that will provide members of the community with the opportunity to "dunk" various local civic leaders in a large barrel of water. It is felt that most residents will welcome this opportunity to see for

themselves that their favorite local leaders are "all wet." Refreshments and food will be available for the public at the food concession to be provided by the Jaycees.

The highlight of the weekend activities, the annual Labor Day Parade, sponsored by the Clarkston Rotary Club, promises to be a success once again this year, according to reports from Parade Marshall, Robert Jones. He has indicated that parade entries are coming in beyond expectations but hastens to assure all groups that additional entries are still welcome. He has requested that all groups participating in the parade convene at the corner of Miller Road and M-15 no later than 9:30 a.m. Monday, September 6. The parade is scheduled to begin promptly at 10 a.m.

Bob Skerratt, chairman for the Rotary float committee, said construction of this year's Rotary float is well under way and that the theme is based on one of the several services rendered to the local community by the Rotary group.

All of the weekend events are being planned to assure residents of a fun filled safe weekend by staying in the local area and participating in the many programs and activities.

Ashes and Rubble are the sole remains of the once noted "Whoppee Bowl" located on Dixie Highway in Springfield Township.

Accidents and Thefts Keep OC Sheriff Department Busy

Glenna Filhart of Clarkstonville Road, Clarkston, was injured when the car she was riding in was struck in the rear by a vehicle driven by Larry D. Cross of Console Street, Clarkston.

Michael John Filhart, driver of the car in which Mrs. Filhart was riding, stated that he was making a left hand turn into a drive way, when his car was hit in the rear, according to Oakland County Sheriff Department records.

According to Cross, he had pulled into the left hand lane to pass a car and did not see the Filhart vehicle until it was too late.

Mrs. Filhart was the only person injured in the Saturday morning accident.

A Detroit man, Mr. Henry L. Proulx, died of a heart attack while driving his car on I-75, one mile north of U.S. 10, Saturday.

Mr. Proulx, complained of feeling dizzy just prior to slumping over in his seat. His wife managed to manipulate the vehicle off the expressway where she tried for thirty minutes to get someone to stop and aid her.

Mr. Proulx was pronounced dead upon arrival at Pontiac General Hospital, according to Oakland County Sheriff Department records.

The theft of sliding aluminum windows valued at \$565.45 from the garage of a home being built at 7728 Holcomb is being investigated by the Oakland County Sheriff Department.

The theft which occurred during the weekend, was reported by Mr. Leon Hubbard of the Booth Builders Company.

A garden at the Albert Peterson residence on Clarkston Road was maliciously destroyed last Friday night. Mr. Peterson told Sheriff Department deputies that 1 bushel of tomatoes were crushed and watermelons and peppers stolen.

Mr. Charles Cobb, of Shindler, Springfield Township, reported the theft of a black and white heifer calf from their property during the night of August 26. Sheriff Department officers are investigating the theft.

Two escapees from the Pontiac

Lake Prison camp stole a car parked at the Sportsman Bar on Dixie Highway in Waterford Township, August 26. Donald Richardson of 5377 Burgundy, Clarkston, told Sheriff Department officers that he had parked his car in the Sportsman Bar parking lot and when he returned to the lot at 1:40 a.m. discovered the theft.

The car was recovered and the escapees captured the following day at Western Springs, Illinois, after they had fled from a filling station without paying for their gas. Police took pursuit, and the escapees lost control of the car leading to their capture.

Osteopath Dentist Open Offices in Area

Dr. Francis F. Whitlow, D. O., (above) has recently opened offices in the Pine Knob Clinic at 5563 Sashabaw in Clarkston. Dr. Whitlow, a native of Michigan, is a graduate of the Chicago College of Osteopathy. He interned at the Pontiac Osteopathic Hospital. His new offices include an x-ray room, and diagnostic laboratory. The 34 year old doctor is the father of three children. He and his family plan to move from Pontiac into the Clarkston area as soon as housing is available.

The recently opened offices of Dr. John F. Dirks, DDS (above) are located at the Pine Knob Plaza, 5565 Sashabaw Road in Clarkston. Dr. Dirks is a graduate of the University of Detroit and completed three years of undergraduate training at the University of Notre Dame. A resident of Clarkston, he will be practicing dentistry by appointment at his new office. His telephone number is 625-2155.

No Phone . . . No Call . . . No Help! . . .

A lone telephone pole, devoid of equipment, stands as mute evidence of the precious existence of an emergency telephone at the Deer Lake Beach.

This telephone has not been replaced following the last of two recent malicious destructions. Installed on the beach through the efforts of the Clarkston Junior Chamber of Commerce, this group bore the expense of the project for the past two years in an effort to make Deer Lake Beach a safe swimming area for Clarkston residences.

The Jaycees willingly maintained the telephone as well as spending endless hours and funds to further the safety of the local beach. Buoys were purchased and installed, marking a dangerous drop-off, and beach clean up days were held. JC members considered their returns, of no drownings for the past two swimming seasons (to date) more than ample.

However, there is a bottom to every treasury, a fact the Jaycees were made aware of when Michigan Bell officials informed the organization that they would be financially responsible for any further destruction of telephone property at the beach, (which could easily amount to \$100.00 for a single incident).

They hesitantly, and regretfully voted against installing another phone. Noting that the buoys have

been made nearly useless by in and even some of the buoys. Jaycee members felt that until they received help from other sources their hands were tied to continue the project they have so eagerly undertaken to make Deer Lake Beach a safe swim area. By a majority vote they decided against spending any more of their funds on buoys. Filling them with holes and stealing all the flag markers to further this project until this assistance is forth-coming.

Labor day is approaching and with it, weather permitting, our teen-agers, children, and friends will head for the waters . . . perhaps to the Deer Lake Beach. The telephone at Deer Lake, installed solely for their safety, will no longer be available.

In an emergency the nearest phone will be at least a block. This is located in a private home, and perhaps then, the owners will not be available. Your child, or your child, a friend, or a neighbor, may lose their life because of the minutes lost in getting help in a crisis at Deer Lake Beach.

Who is to blame . . . The Jaycees for discontinuing telephone service even though it is constantly and maliciously destroyed? . . . The village for not adequately patrolling the beach, thus preventing this destruction . . . The courts for not

being more severe in fines and punishments when these people are brought before them and charged with destroying property? . . . or . . . ?

Perhaps, everyone must share guilt if a life is lost. But, passing the buck will never save anyone's life. It seems that from past reports some of the members of the teenage set have been mainly guilty for these "games" of destruction. They may be motivated by boredom or a dozen other equally ridiculous reasons. But, the fact remains that property is destroyed.

Destroying a telephone may seem a minor act of rebellion. What can it hurt? . . . They would scoff at the possibility of a life being involved in their "child's play."

Police enforce curfews, wherever possible. Schools provide programs of education . . . Churches teach youngsters to respect property of others. Organizations provide recreation. . . Yet, destruction by juveniles and even more serious crimes are committed daily. Most of these illegal acts take place during the night, midnight or later, at hours when every minor should be off the streets. It is always the same few. Most youngsters would never become involved in these crimes. . . Yet, the

FIRST CHURCH OF CHRIST SCIENTIST
Oxford, Michigan

The concept of man as made "in the image of God" will be presented in the Bible Lesson-Sermon at all Christian Science services this Sunday. The subject is "man."

The following passage from the Christian Science textbook by Mary Baker Eddy will be included: "There is but one creator and one creation. This creation consists of the unfolding of spiritual ideas and their identities, which are embraced in the infinite Mind and forever reflected. These ideas range from the infinitesimal to infinity, and the highest ideas are the sons and daughters of God" (Science and Health with Key to the Scriptures, p. 502).

The Golden Text is from Daniel in the Old Testament: "O man greatly beloved, fear not: peace be unto thee, be strong, yea, be strong."

Railway to Provide 4-H Scholarships

The Chicago and North Western Railway is offering 11 educational scholarships of \$400 each to current or former 4-H youth in its eight-state service area.

One grant will be made in each of the eight states to a student in agricultural economics or agricultural business. The other three scholarships are offered system-wide to students in forestry, agricultural economics or agricultural business. Only residents of Illinois, Michigan, Wisconsin, Iowa, Nebraska, Minnesota, South Dakota and Wyoming are eligible to apply.

Other eligibility requirements include: completion of three or more years of 4-H, and in the fall of 1965, be enrolled as a junior, senior or graduate student in an accredited college or university with a major or minor in agricultural economics, agricultural business or forestry. The candidate must be in good scholastic standing and may have received a scholarship previously in this program.

Applications must be made through the county extension agent or state 4-H Club leader. Supplemental needed materials include a college transcript and a report involving the applicant's study of a phase in marketing and transportation of agricultural commodities or forest products.

Entered as second class matter, September 4, 1931, at the Post Office at Clarkston, Michigan, under the Act of March 3, 1879.

In mills and factories across the country, they never stop working. By night as well as by day, the wheels of commerce grind out the goods we need as a nation.

It's a twenty-four hour job, this business of production, and it's a vital job — to you, your family, your town, our whole country. Like most vital jobs, it can't be stopped.

Faith is a vital job, too. It isn't simply something that God gives you, free of charge, on Christmas and at Easter. You have to work for real faith. You have to earn it. You have to keep at it.

Fortunately, to help you gain and sustain this vital faith, you have the Church to guide you. Start attending every Sunday and there absorb the wonders of God's teachings.

THE CHURCH FOR ALL • ALL FOR THE CHURCH
The Church is the greatest factor on earth for the building of character and good citizenship. It is a storehouse of spiritual grace. Without a strong Church, neither democracy nor civilization can survive. There are four sound reasons why every person should attend services regularly and support the Church. They are: (1) for his own sake, (2) for his children's sake, (3) for the sake of his community and nation, (4) for the sake of the Church itself, which needs his moral and material support. Plan to go to church regularly and read your Bible daily.

By Mrs. Shirley Lynch
Maple 5-1065

Mr. and Mrs. Samuel Miller and daughter, Sharlene, of Bridge Lake Road returned Saturday following a week in New York at the World's Fair and other points of interest.

Mr. and Mrs. Richard Funk and sons took a trip to Marquette and through the upper peninsula last week.

A two week sightseeing trip through the west was recently completed by the Jack Frost family of Cramlane.

A family dinner was held at the John Adams home in celebration of Berry's birthday, August 30. An ice cream and cake treat completed the celebration.

Mr. and Mrs. Robert Kloc and family have returned to their home

on Waldon Road after vacationing in Texas where they visited relatives.

The Richard Hyman's and sons were guests of Mrs. Hyman's brother and family, the John Geukes of Snow Apple, for a week recently. They returned to their home in Edmonds Washington early this week.

Mr. and Mrs. Robert Smith and family of Eastlawn enjoyed spending several weeks in Tennessee visiting relatives.

The Edward Springer's of Foster Road were guests of the Roy Carters of Detroit last weekend.

James, son of Mr. and Mrs. John Geukes of Snow Apple, was three years old August 27. To celebrate the occasion twelve neighborhood children joined him for ice cream

and cake. Sister Susan with cousins, Ricky and John Hyman were special guests.

Mr. and Mrs. Norton Redwood and children of Snow Apple have just returned from a weeks vacation which they spent touring the western part of Michigan.

Mr. and Mrs. William O'Roark and family of Lakewood have returned home after spending a delightful week at their cabin near Cadillac. Mrs. Edward O'Roark of Washington Street was their guest for the week.

Glenn Evans' unusual birthday treat, a trip to Bob-a-lo, will be one he will long treasure. Seven friends accompanied him along with his parents Mr. and Mrs. Glen Evans, Sr. of Ortonville Road.

Mr. and Mrs. Stanley Roosa and sons, Doug and David, spent several weeks visiting Mrs. Roosa's parents near Houghton Lake.

Mr. and Mrs. Richard Roy and family of Clarkston Road returned home last week after spending eight days at Cross Village where

they visited Mrs. Roy's grandmother, Mrs. Carrie Cath.

Mrs. Jeanette Bates and son, Steve, Mrs. Richard Roy with Greg and Traci spent a week as the guest of Mrs. Cath of Cross Village.

Mrs. Wade Dean entertained her sister and brother-in-law, Mr. and Mrs. Buel Wall of Chattanooga, Tenn. over the weekend. They are vacationing in Michigan where they formerly lived. Mr. Wall is a retired Captain of the Coast Guard service. After leaving here they went to Flint to visit another sister and family, Mr. and Mrs. Jack Carreras, where a family reunion and picnic was attended on Sunday, by Mrs. Wade Dean, Mr. and Mrs. Thomas Miller and family, Mr. and Mrs. Martin Johnson and family, Mr. and Mrs. Cecil Carreras and son, Mr. and Mrs. Lawrence Irwin and family.

Bob Porritt, who serves as JV football coach in Okemos, received

second and third degree burns on his feet when a deep well cooker blew up in his hands. Mr. Porritt is convalescing at his home in Haslett, Mich. He is the son of Mr. and Mrs. Edward Porritt of Clarkston.

HAPPY BIRTHDAY: Harlan Cagle, Ronald and Donald Wilson, John Jones, Mrs. Blanche Jones, Lorna Bickerstaff, Annetta Armstrong, Paul Erickson, Jack Frost, September 3; Mark Pohkotte, September 4; Tim Birtas, Mark Cook, Jon Kenyon, September 5; Brian Davis, Sandra Smith, Tim Hinkley, Vickie Sandage, September 6; Jimmy Norberg, Terry Foster, Jimmy Jensenius, September 7; Betty Wilson, September 8; Caron Tilley, Floyd Tower, Gus Birtas, Denise Squires, Steven, Gerald Curry, Dorothy Milner, Fred Wertman, September 9.

ANNIVERSARIES: Mr. and Mrs. William Paul, September 4; Mr. and Mrs. John Weber, September 6.

Clarkston Squadron at SARCAP

Because the United States Air Force calls on Civil Air Patrol to assist in Search and Rescue operations CAP Wings are tested annually to accurately evaluate their capabilities. An Evaluating Team from the USAF plans a carefully controlled problem for CAP consisting of a Search and Rescue mission.

Nearly 300 CAP cadets and senior members from units throughout Michigan participated in the 1965 Michigan Wing Effectiveness Test held July 31st and August 1st. Primary base of operations was Mt. Pleasant, Michigan, with an advance base at Reed City.

The "problem" assigned Michigan Wing by the Air Force was to search for a KC-97 or its 7-member crew. The plane had reported fire aboard when it made its last contact near White Cloud. The Michigan Coordinator, Col. Kenneth Kirton, began search operations, with planes from Mt. Pleasant searching the grids near White Cloud. "Leads", planned by the Air Force, kept coming in to the Base of Operations to the effect that 2 crew members had bailed out and walked in to Stanwood to report, and 2 had bailed out and walked in to Altona to report. The aircraft assigned to flying search grids reported sighting another "chute" near Slayton Lake. Search operations were suspended late in the afternoon because of bad flying weather.

At the Mission Critique held August 1st, Michigan Wing was commended by the USAF Evaluating Team for scoring 97 of a possible 100 points on the effectiveness of the search. Ground and Flying Safety Officer, Captain Charles Klann, Clarkston Squadron Commander, was commended for the excellent safety conditions practiced by his crew of cadets, many from Clarkston. Clarkston cadets were commended for their work with the Land Rescue Teams, and the female cadets for their work in the Base Dispensary. Lt. Col. K. W. Pfister, Michigan Wing Medical Officer, in charge of Medical Facilities, had requested the assistance of Clarkston cadets in his unit, because he knew of their proficiency in First Aid.

The following personnel from Clarkston Composite Squadron, Civil Air Patrol participated in the 1965 Michigan Wing Effectiveness Evaluation Test:

Captain Charles W. Klann, Ground Safety and Flying Safety Officer; CWO Kathleen Hawkins, Log Clerk, Mission Coordinator's Office; CWO Marilyn Moore, Log Clerk, Mission Coordinator's Office; A3/C Herbert Green, Ground Safety Crew.

Also cadets Cadet 2/Lt Kathy Eudis; Cadet 2/C Karen Hawkins; C/IC Ruth McDermott; C/2C Cathy Witherup. All assigned by Lt/Col Pfister to work in the Base Dispensary.

These cadets were rotated between the Ground Safety Crew and the Land Rescue Teams. C/3C John Bushart, C/1C Leroy Hawkins, C/B Paul Hoxsie, C/B Gary Klann, C/3C Leonard Mann, C/2C Stewart Moore, C/3C Timothy Wall.

groom, also a Clarkston High School graduate, attended Western Kentucky State College.

Following their honeymoon the young couple will be at home at 477 North Johnson, Pontiac.

Virginia Galligan Studebaker Bride of Jon E. Becomes

MRS. JON STUDEBAKER

Wearing a floor length chantilly lace gown featuring a modified skirt and sweetheart neckline highlighted with sequins, Virginia Galligan became the bride of Jon Everly Studebaker at Saturday, August 28 evening nuptials spoken before Rev. Lewis C. Sutton at the First Methodist Church of Clarkston.

The bride's lace and pearl crown held four layers of illusion veiling. She carried a bouquet of white roses, carnations, and stephanotis.

Mr. and Mrs. Jerome Galligan of Ortonville Road, Clarkston, are the parents of the new Mrs. Studebaker. The bridegroom's parents are Mr. and Mrs. Enoch Studebaker of Holcomb Street, Clarkston.

The bride's sister, Mrs. Melvin (Joyce) Joseph, preceded the bride as her matron of honor. Her maize liltique, floor length gown featuring a scooped neckline and three-quarter length sleeves was identical to the dresses of the bridesmaids, Mrs. Martin (Kathy) Bushman (sister of the bridegroom) Sherry Chamberlain, and Pat Snyder. Their matching maize headpieces securing bouffant veiling complimented the gowns. Yellow daisies in white bird cages carried by the attendants completed the effect.

Gerald Galligan, the bride's twin brother, served the bridegroom as his best man. Ushers were Richard Studebaker, Robert Studebaker, (brothers of the bridegroom, Martin Bushman, Melvin Joseph and Gregory Galligan, (brother of the bride.)

The bride's mother wore a chiffon and lace mint green ensemble with beige accessories. The mother of the bridegroom chose a turquoise silk suit complimented by white accessories.

A reception followed the ceremony and was held in the church parlor, after which the newlyweds left for a southern honeymoon. For her going away outfit the bride selected a turquoise and white checked knit suit and white accessories.

Out of town guests came from Canada, Pontiac, Holly, Davidsburg, Brighton, Bridgeport, Flushing, Wayne, Detroit, Jackson, and Ann Arbor.

The bride is a graduate of Clarkston High and attended Eastern Michigan University. The bride-

From Soup to Nuts Well Almost

"If we ain't got it, it'll be hard to find" is the motto of America's most unusual store, The Whoopee Bowl. Housing over 100,000 different articles this new, used and surplus merchandise business displays a vast array of items ranging from 2 footnails to 17 foot army bolloons.

A unique store where the unusual is commonplace, The Whoopee Bowl purchases most of its merchandise by the truckload.

"We handle a volume of about 2 tons a day," said Mr. Dale Wilder, proprietor of the store. This amount also includes the items people bring in to swap or sell and a large number of army surplus items.

Among its nearly 100,000 items there is little the Wilders are without. Their stock includes 10 cent records, \$12 televisions, \$40 furnaces and over 50 tons of nuts and bolts. However, included in this number are many less exotic items such as rugs, appliances, pipes and every type of tool imaginable. This is in accord with Wilder's philosophy. "We buy, sell and exchange anything." As an additional fea-

ture there is nearly \$1000 worth of merchandise hanging from the ceiling.

Moving from Dearborn to their location on Dixie Highway 18 years ago, the Wilders did not intend to go into the second hand business. Originally they planned a recreation area with acrobatic swimming and diving. The equipment was set on and over a small five acre lake called the Whoopee Bowl because it was shaped like a bowl. Finding the season too short for their recreation area the Wilders began a used merchandise business, but kept the name of the lake, The Whoopee Bowl, for their store. At first, they purchased most of their merchandise at auctions. However, the volume of their business soon became so great that they had to give up that phase and rely on swapping and, more recently, army surplus. "It is an awful lot of work" admitted Mr. Wilder "but you certainly learn a lot about human nature."

Admittedly every day is an unusual experience, however there have been some happenings which

have been more bizarre than others. Several years ago a man came in on a bet and asked if the Whoopee Bowl had any human skulls in stock. There were and the man returned with one to his office, winning the bet. Later he returned wanting three or four more. Unfortunately by that time there weren't any left. As a result of its wide array of items the store has built up a large clientele. It is known from coast to coast and has as many as 1000 customers on a weekend.

In addition to their second hand business the Wilders also own and exhibit many rare animals, some not found even in the largest zoos. Exotic animals have been Mr. Wilder's hobby for years and he has had nearly 50 different types of wild animals. Presently there are white squirrels, Japanese deer, Sandinian donkeys and prairie dogs, on exhibition outside the Whoopee Bowl.

The wild animals are only the last facet of The Whoopee Bowl's unique achievement, something for everyone.

"Doc" Richardson (with glasses) dips into the delicious food cooked by the wives of the Drayton-Waterford Kiwanis Club for their picnic last Thursday. The picnic, which included two meals, was held at the American Legion Post on Mary Sue in Independence Township.

Guidance Corner

By Terry Thomas, Director of Guidance for Clarkston Jr. and Sr. High School.

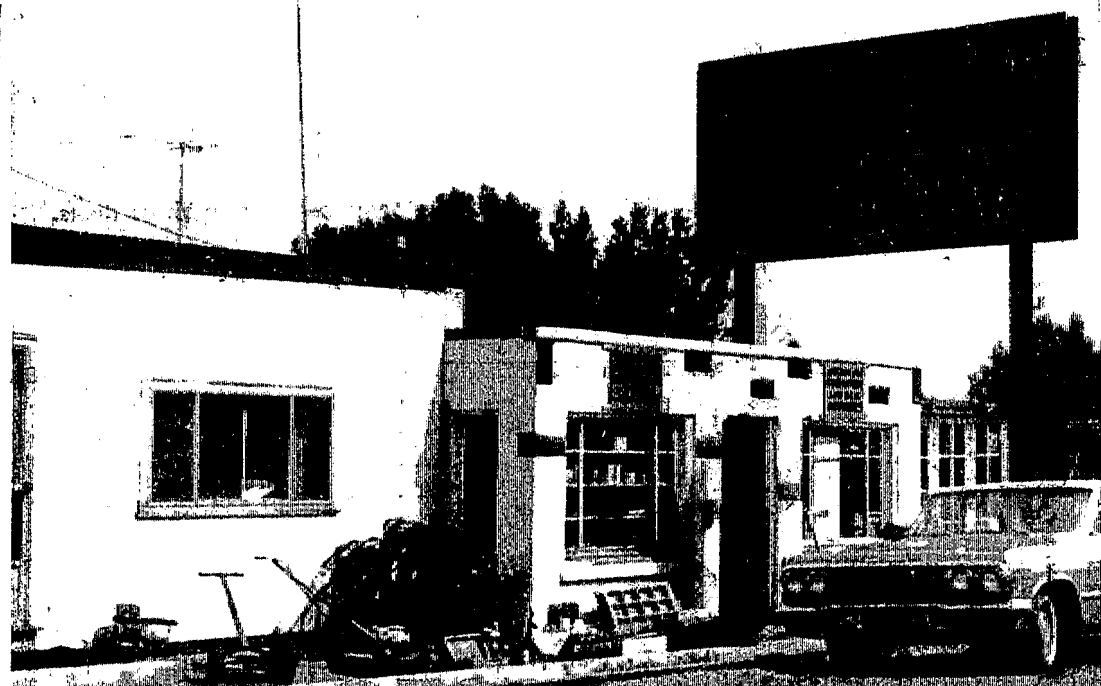

With the opening of school just a few weeks away we believe it important to discuss the important role of the parent in helping their child in school.

This article was written with the cooperation of elementary and junior high school teachers from the Clarkston Community School system.

HOW PARENTS CAN HELP CHILDREN WITH THEIR ELEMENTARY EDUCATION

1. Encourage and enforce regular school attendance.
2. Insist that your child bring his papers home from school. Check these papers and help him strengthen the areas in which he exhibits a weakness. Constantly check his academic progress.
3. Listen to your child read and help him understand the words.
4. Instill the proper attitudes and values toward education and school. Teach your child respect for school

5. If homework is required, help your child to understand the work. Be sure he has a well lighted and quiet area in which to do his work.
 6. Be aware of the new methods of education and see that any home instruction in methods agrees with school procedures. If in doubt, consult with the teacher.
 7. Have your child maintain good health habits and acquire the necessary rest. Be sure the clothing that he wears is appropriate for prevailing weather conditions.
 8. Provide good reading material at home to supplement the reading program at school.
 9. If you are in doubt about school policies or any part of the school's educational program, consult with the teacher or principal.
 10. Let your child do his own work. Help and encourage your child to be neat in all his work and do his best at all times.
 11. Encourage your child to do more than is expected of him.
 12. Develop proper study habits beginning with the early grades. Poor habits are not changed overnight. A close home-school relationship will aid in establishing good work habits in the lower grades.
 13. Each child should be taught responsibility for his own personal behavior in the classroom and in conjunction with other children.
14. Participate in school programs such as the P.T.A. etc.
- ### HOW PARENTS CAN HELP CHILDREN WITH THEIR JUNIOR HIGH EDUCATION
1. Provide for a minimum of one hour study time every day at home.
 2. Parents should check to see if homework is being completed. If your child says he does not have homework, then the time should be used for concentrated study.
 3. Instill in your child the importance and the value of acquiring a good education.
 4. See that your child attends school regularly and maintains respect for school authorities.
 5. If you do not understand the methods by which your child is being taught then a conference with his teachers should be held.
 6. Have your child get plenty of

Behind the Whoopee Bowl's unpretentious facade is America's most unusual store. Owned and operated by Mr. and Mrs. Dale Wilder this cavernous building houses over 100,000 different items.

No Phone . . .

(Continued from Page One)

problem exists . . . and, it exists in our town.

What then is the answer? who holds the key? We would like to suggest that parents of these teenagers are initially responsible. Every parent should make it his and her business to know the whereabouts of their youngsters at all times, but particularly after dusk!

Parents, you hold the key! . . . even if it is just to the front door. You are capable of locking this door at a reasonable hour every evening, keeping bored Johnny off the streets and away from the temptation of doing something wrong!

Perhaps, then, an emergency telephone will once again be available for Deer Lake swimmers.

Editor's Note: The Clarkston News would welcome all comments concerning this or any other problem and will be glad to publish these. Names will be withheld on request but must accompany each letter.

A record total of 850 entries is expected this year in the Dairy and Dual Purpose Cattle department of the Michigan State Fair, which runs from Friday, August 27 through Monday, September 6.
