CLARKSTON, MICHIGAN 48016, THURSDAY, SEPTEMBER 9, 1965

NUMBER 2

Clarkston Village Days top prize winner, Howard Bliss, Jr. (top center) was present with 50 silver dollars for his winning ticket by Ron Sandage, Jaycee Junior Miss, Sandra Smalley, assisted in the drawing.

Clarkston and Pontiac Banks Propose Merger

Robert Jones, Executive Vice President of the Clarkston State Bank has announced the proposed merger of this bank and the Pontiac State Bank.

Directors of both banks have reached an agreement on the merger which is awaiting final approval by State banking authorities and stockholders of both establishments.

The Clarkston Bank will relinquish their position as being one of the last of three independent banks in the county if the merger is effected. South Lyon and Oxford would remain as the two lone independent banks. According to banking authorities, consolidation of banks is becoming a necessary part of modern growing communities.

To be adopted, the merger must meet with a two thirds vote of

the stockholders. Under the proposed plan the Clarkston facility would become the ninth branch of the Pontiac State Bank.

Robert Jones stated that a meeting of stockholders would be held in the near future to determine the issue. If approved at this time the merger could be completed by the year's end.

As of June 30, Pontiac State Bank had assets totaling \$58,330,000.

The Clarkston State Bank, as of the same date, had assets of \$8,370,000.

The Clarkston Bank was founded in 1913, by a group of Clarkston businessmen. Having efficiently served the community for the past 52 years, banking personal hope to continue this service under the new plan.

Labor Day Safe For Area

State Police and Sheriff Department records show that Independence Township had a safe holiday weekend with only one property damage accident reported and no water accidents.

The lone holiday weekend accident occurred on M-15 and Hubbard Road. According to State Police records a car driven by Elmer Moore, of 6350 Clarkston Road, was struck by a vehicle driven by Lavern Bolton of Pontiac just after Moore had pulled onto M-15.

Mr. Bolton stated that he had observed the Moore vehicle pulling into the roadway just as he came over the hillcrest. He tried to avoid the accident by pulling into the shoulder.

Mr. Moore was given a summons by State Police for failure to yield the right-of-way.

An open water skiing tournament, sponsored by the Cass Lake and Lake Oakland ski groups will be held September 11 and 12th. Entries will be accepted for either or both of the events at the skiing sites at 8 a.m. each day.

On Saturday, September 11th, the tournament will feature slalom water skiing, and will be held at the Lake Oakland Heights association beach on the south side of the lake off Walton Blvd.

Water ski jumping will be featured at the tournament, Sunday, September 12th and will take place at the Bay Side Marina on Cass Lake. Trophies will be given in all divisions. The public is invited.

Taking time out during practice for the tournament are (top boat) Bill Denton, (standing 1 to 4) Tom and Judy McDonald and Jim Mote.

Accident Claims "Chuck" Beach

Zoning for Apartments Approved by Township

Rezoning of a nineteen acre parcel of land in Independence Township, which will permit its owners to erect an apartment complex to house employees of a Pontiac Foundry, was approved by the Independence Township Board at a meeting held Tuesday.

Request for the rezoning of the parcel located on Sashabaw Road, Section 27 (across from Pine Knob School) was made by Noble Hall and Clyde Reid. The new zoning residential 2, will permit multiple zoning. It was previously zoned suburban farms.

A restriction, placed by the planning commission, limits the complex to 60 units until such time as sewers are available to the property.

The rezoning action met with the approval of the township board by a 4 to 1 vote. The six members of the planning commission present unanimously approved the plan as did the four members of the Oakland County Co-ordinating Committee.

Residents from Woodhull Lake were again present at the Township Board Meeting and requested that the township rezone six lots presently zoned commercial to residential thereby conforming to the surrounding use. The township board will request that the members of the planning commission make a study of the area in question in an effort to determine the value of this request in relation to

the over-all master plan for the township.

According to Howard Altman, the planning commission may petition the township board to rezone the property in question if they find the request valid. This could be effected following a public hearing and normal procedures for zoning requests.

The Township Board established by a resolution a fee of \$75.00 to be paid with each zoning request. The reason for the charge is that those submitting requests would then be defraying the additional expenses, (such as attorney or consultants) required for processing. According to Howard Altman, these expenses are frequently necessary, and should not be paid for by the uninterested tax payers. This is a common practice in many communities. Mr. Altman added, and may also eliminate non-serious requests.

Due to the many miles traveled by the township inspectors and assessor the Township Board approved the purchase of two compact cars from Haskins Chevrolet. In the past the township paid the inspectors for use of their car on a mileage basis. Board members expressed the belief that by owning the car and furnishing the fuel this move should prove financially beneficial within a short period. The board further felt that a township owned and marked vehicle would contribute toward providing coverage and enforcement of the building codes and ordinances.

Schools to Serve Type "A" Lunch

The Clarkston Community School's Lunch Program will get under way Friday, September 10, the first full day of school, with all cafeterias open to serve children a type 'A' lunch.

Lunches will be prepared in the school's five kitchens and served in seven schools. Twenty-eight employees will help prepare and serve what should amount to well over 330,000 lunches during the school year.

The type 'A' lunch, served by the Clarkston School will meet the requirements set by the United States Government for this class. These include a 2 ounce protein food, 1/4 cup of fruit or vegetable, 1 slice enriched bread, 2 teaspoons butter, and 1/2 pint of whole milk.

These five food groups of the type 'A' lunch form the foundation of the school lunch and will meet one third of the daily requirements for a growing child. This is, however, a lunch program and is not a substitute for breakfast or dinner.

The program will receive some commodities from the government. These will include flour, butter, dried milk, cheese and rolled wheat. At times the school will receive meat, either canned or frozen, chicken and turkey. While these items are most helpful they are still not enough to complete a meal. However, it is with the help of these commodities that the school is able to prepare a meal and offer it to school children at a lower cost.

This year all elementary and junior high students will be offered the regular type A lunch at the same cost as last year. The senior high students will have a choice of the regular type 'A' lunch, a super lunch (larger portion of the regular lunch) or a salad type 'A' lunch. Prices will vary according to the students choice.

Each week a menu will appear in the Clarkston News. Occasionally changes may occur due to deliveries, weather, or an unforeseen emergency. As the menu is made out a month in advance it is not always possible to foresee these emergencies. However, parents of Clarkston School children may always be assured that their child will be served a nourishing school lunch.

Episcopalian Rummage Sale

A rummage sale, sponsored by the Church of the Resurrection, will be held September 11 from 9 to 1. Clothing in good condition and antiques will be among the many items offered for sale to the public.

Attempted Thiefs At Area Business

Six persons have been apprehended and arraigned following two unsuccessful thefts in the Clarkston area.

Arraigned before Judge William H. Stamp were John Creed and Donald Brandon both of Clio and Archie Brown of Flint. The three were accused of breaking into the Robert Hall clothing store on the Dixie Highway during the night of September 5. The suspects, who apparently fled when they thought they had been detected, were apprehended by the State Police. Bail has been set for the trio at \$25,000, and they were set over for examination scheduled for September 9.

A looting attempt at the recently fire ravaged Whoopie Bowl ended in the arrest of Mr. and Mrs. Joseph Jordan, Jr. of Detroit and Dale Bentley of Southfield.

Mr. Dale Wilder, owner of the second hand store, caught the three as they attempted to steal two tubs of semi-precious stones and a large quantity of tools from the gutted building. Mr. Wilder told them to leave the building and when they returned about forty five minutes later, he had a warrant, shot into the air and held the three at gun point until State Police could arrive at the scene.

These three appeared before Judge Emmet L. B. of Springfield Township, who would examination. A bond of \$500.00 each was set pending arraignment September 21 before Circuit Judge Erick Ziem.

Rummage Pick-up

Rummage items will be collected next week for the annual Clarkston Farm and Garden Club Rummage Sale to be held Friday and Saturday the 17 and 18th of September. The rummage will benefit the Scholarship fund which helps an area student go to College.

Wife and Two Sons Seriously Hurt

A family vacation ended in tragedy when a head-on collision, September 1, took the life of Mr. Charles R. Beach, of 6900 Hidden Lane, Clarkston. His wife, Patricia, and sons, Charles and William, were seriously injured in the 2:40 p.m. accident.

CHARLES R. BEACH

The collision occurred on a two lane highway (No. 401) near Prescott, Ontario, Canada. Because of the high number of fatal accidents occurring on this stretch of highway, local sources have dubbed it, "Death Alley".

According to police investigations a car driven east by Sidney James Cohen, pulled into the north lane of the highway to pass another car and collided head-on with the west-bound Beach car. Both vehicles were completely demolished as well as the travel trailer being pulled by the Beach car.

The death of Charles Beach, 43, came as a shock to Clarkston residents among whom he was well known and respected for his business ventures and community services.

Mr. Beach owned and operated the Beach Service Station at U.S. 10 and M-15 for many years and was a salesman for Haskins Chevrolet in Clarkston at the time of his death.

A member of the First Methodist Church of Clarkston, he was also active in the Clarkston Rotary Club, Joseph C. Bird Chapter No. 294 O.E.S., Cedar Lodge No. 60 F. and A.M., Campbell-Richmond Post of the American Legion, and Rochester Lodge No. 2225 B.P.O.E.

Mr. Beach's wife, Patricia, remains in serious condition in the Brookville General Hospital suffering a broken jaw, facial lacerations, a concussion, and internal injuries. Doctors, who report that she is making satisfactory progress are waiting for her condition to improve before informing her of the death of her husband.

Fourteen year old, William (Billy) is in serious condition at St. Vincent de Paul Hospital, at Brookville. He is making satisfactory progress suffering internal injuries and two broken legs and arms. He is expected to be confined to the hospital for at least three months.

Sixteen year old, Charles, Jr., is in satisfactory condition with internal injuries and a broken jaw.

The recent tragedy occurred less than one year after the sudden death of Charles Beach's brother, Mr. Herbert R. Beach, former owner of the Beach Fuel and Supply of Clarkston.

Mr. Charles Beach was a life time resident of the Clarkston area. Besides his wife and sons he is survived by two brothers, Donald G. Beach of Clarkston and Robert C. of Ortonville, and a sister Mrs. Raymond Graessle of Drayton Plains.

Services were held September 7, from the Lewis E. Wint Funeral Home with Rev. Lewis C. Sutton officiating. Burial was in Lakeview Cemetery.

Injured Child Much Improved

Six year old Eric Strilecky who saved his right foot in a lawn mower accident August 5, is making satisfactory progress at the Pontiac General Hospital.

Mr. and Mrs. Alfred Strilecky of 6294 Sunnydale, Clarkston, Eric's parents, report that the little chap has remained in good spirits throughout his confinement. Eric is in an isolation room, number 333, where the only visitors he may have are his parents.

He is presently awaiting skin grafts which doctors have told his parents may be performed later this week.

Eric has enjoyed the many cards and flowers sent to him by his Clarkston friends.

Rev. Johns Accepts Illinois Call

Rev. Paul A. Johns, Pastor of the Calvary Lutheran Church of Clarkston, has accepted a call to pastor the Shepherd of the Hill Lutheran Church of Lockport, Illinois. He will deliver his last sermon at his present church, Sunday, September 26, after which he and his family will leave for Lockport where he will assume his new duties.

Rev. Johns came to Clarkston in July of 1960 and began the work of establishing the Calvary Lutheran Church. Following a community survey a "first interest meeting" was held early in September of the same year with 22 persons present. The church was organized in January of 1961 with 74 adults listed on the charter roll. Since this time the church has grown to its present membership of 213, under the leadership of Rev. Johns.

Among the church activities which Rev. Johns engaged in while serving Calvary Lutheran Church are the Youth Committee of the Michigan Synod and Chaplain for the Michigan Synod Camp. He has also been a staff member of the Lutheran Youth of Michigan Leadership School and was contact person for Lutheran Youth Research in the Michigan Synod.

Rev. Johns has served in the capacity of guest lecturer and preacher at the Lutheran Bible Institute in Seattle, Washington, during their Religious Emphasis Week; and was guest preacher and lecturer for Evangelism Conferences in Barstow, Illinois and in Mankato, Minnesota.

Displaying an interest in various community projects and activities Rev. Johns is a past president of the Independence Township Pastor's Association. He has also been

Rev. Paul A. Johns and his family are pictured here. Rev. and Mrs. Paul A. Johns are pictured with their children, Stephen (left) and Michael (right). The Johns family will leave their Clarkston parish later this month to accept a call to the Shepherd of the Hill Lutheran Church in Lockport, Illinois.

Evening Worship 7:00 P.M.
Bible school will be held August 15-20. Mrs. Barbara Dawling is director.

FIRST CHURCH OF CHRIST SCIENTIST
Oxford, Michigan

Christian Science churches will explore the subject of "Substance" this Sunday.

Passages to be considered from the Christian Science textbook will include these lines: "Mortals must look beyond fading, finite forms, if they would gain the true sense of things. . . . When we realize that Life is Spirit, never in nor of matter, this understanding will expand into self-completeness, in fact, all in God, good, and nothing; no other consciousness." (Science and Health with Key to the Scriptures by Mary Baker Eddy, p. 264).

Bible passages will include verses from I Corinthians: "As it is written, Eye hath not seen, nor ear heard, neither have entered into the heart of man, the things which God hath prepared for them that love him. But God hath revealed them unto us by his Spirit; for the Spirit searcheth all things, yea, the deep things of God."

Rev. Johns Accepts Call to Illinois

(Continued from Front Page)

a member of the Independence Township Library Board since 1961.

Other community activities include serving on the Clarkston Youth Protective Service, as well as the Oakland County Religious Assistance and Protective Services of which he is secretary of the executive committee. He has also worked as a counselor at Camp Pontiac and was secretary of the Oakland County Marriage and Family Consultation Executive Committee.

Rev. Johns received his Bachelor of Arts degree from Gustavus Adolphus College, in St. Peter Minnesota. At the Augustan Theological Seminary, Rock Island, Illinois, he was awarded his Bachelor of Divinity degree. Since his graduation he has continued his education through post graduate courses at the University of Michigan. Rev. Johns was ordained into the ministry on June 12, 1960.

The Shepherd of the Hill Lutheran Church, to which Rev. Johns has been called, is a new congregation of only three months. It is a merger of an old neighborhood congregation, Zion Lutheran Church with a membership of 230 adults and a new downtown congregation, Trinity Lutheran with a 376 membership. The congregations merged in an effort to better serve the growing, industrial community of Lockport. New property has been purchased and the building of a new church is anticipated in the near future.

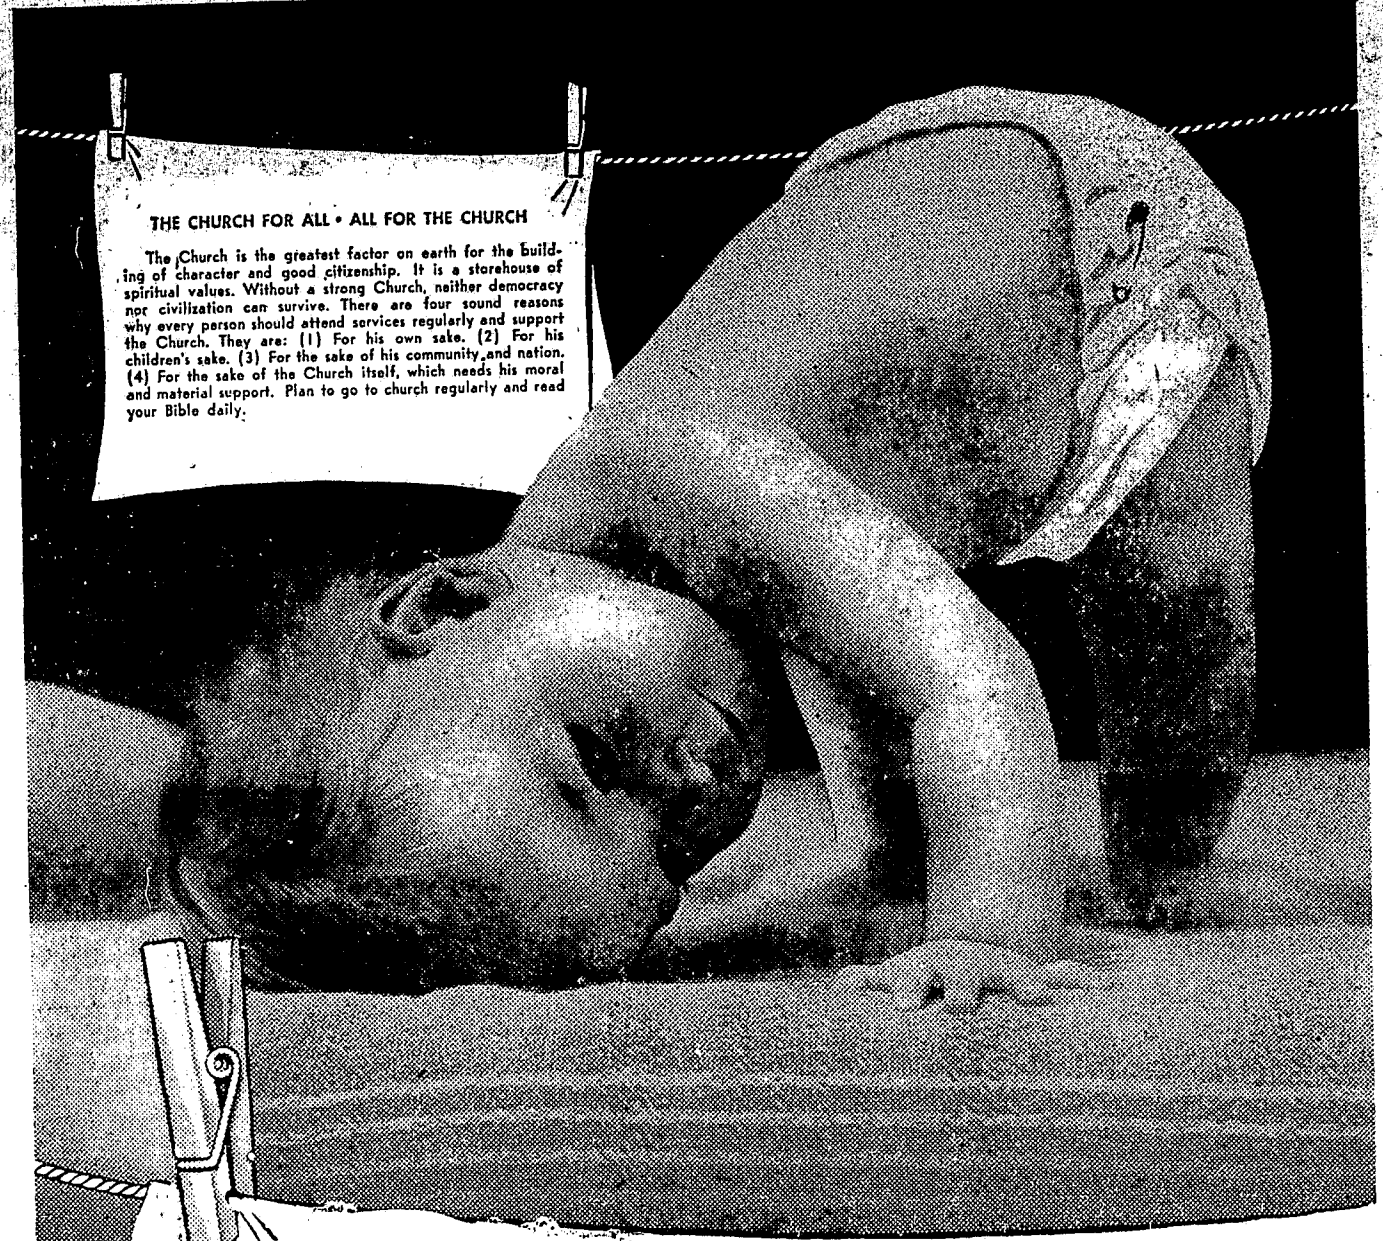

Rev. Johns and his wife Carol Lynn have two children, Michael Paul and Stephen Phillip both born during his ministry in the Clarkston area.

A Change In View

There's nothing like a new perspective to change your attitude toward life. When Junior is bored, he simply stands on his head for a new slant at things. The floor flips to the ceiling, with tables and chairs hanging from it, and people walk upside-down. At least that's the way it looks to him.

It is a good idea to gain a different perspective — to step back and get a new slant on things around you. But you don't have to stand on your head to do it.

Instead identify yourself with a church. Take your family and go regularly to worship. You will find a new perspective. Genuine values will keep their importance; unimportant things will diminish.

Today's life will be happier; tomorrow's full of hope. Nothing is upside-down, but everything claims its rightful place when you view life with the faith of a Christian.

 Services were held Wednesday, September 8, for Mrs. Claude M. Hoadley, 63, of 6099 Van Dyke, Clarkston. She died September 6.
 She was a member of the Oakland Baptist Church, Clarkston.
 Surviving are Mrs. Hoadley's daughter, Mrs. Mary Ann Hoadley of the Oakland Baptist Church, Clarkston, and her son, Mr. Robert Hoadley of 11111 W. 11th St., Detroit.
 Arrangements were made by the Stimpf-Guyette Funeral Home.

Special Choral

Program at First Baptist
 Several Choral numbers will be presented by the First Baptist Church of Pontiac's Choir at the evening service Sunday at the First Baptist Church of Clarkston. The choir, under the direction of Jessie James, is noted throughout the area for their exceptional performances, according to Mr. Ralph Chambers, director of the Clarkston's First Baptist Church choir.
 The service which will begin at 7 p.m. is open to the public.

Goodwill Pick-up

In Clarkston
 The next visit of Goodwill Industries pickup trucks to Clarkston is scheduled for Monday, September 13. Goodwill trucks collect household discards of clothing, shoes, hats, toys, most types of furniture and other household discards.
 To arrange for a Goodwill Industries truck pickup, call the local Goodwill representative Mrs. Alfred Lee telephone number MA 5-3381.

The Guidance Corner

By Terry Thomas, Director of Guidance and Counseling, Clarkston Junior and Senior High School.
HAS YOUR YOUNGSTER HAD A PHYSICAL EXAMINATION RECENTLY?
 Children are sometimes described as being lazy, lacking in ambition, or as having a poor attitude towards school. In many of these cases the cause is one of a physical nature.
 Some youngsters encounter serious difficulty in school because of poor vision inadequate hearing, lack of dental care, or other physical defects.
 Each year teachers notify some parents that their child appears to have a physical deficiency such as those mentioned above. The sooner these deficiencies are corrected or strengthened the less of a handicap it is to the youngster in regard to his progress in school.
 In counseling with students at the high school level it is sad to discover that a youngster is a poor reader due primarily to an uncorrected vision problem. Even though the parents are notified at this time, the damage academically in most cases has already been done. We all realize that youngsters are terribly handicapped in their educational progress by a deficiency in sight, hearing, or when they suffer from onmia, etc.
 We as parents have a responsibility to see that our children are in good physical condition at all times. We are aware that financial problems may exist in regard to remedial measures which may have to be taken, such as glasses, dental work etc. If such conditions do exist in your family, please call the counselors at Clarkston High School they may be able to help you arrange medical and dental care for your children.
 It is because we have seen many children suffer throughout their school careers because of physical deficiencies which could have been corrected if discovered at an early age the Guidance Department of Clarkston High School recommends the following:
 A physical examination, which should include the vision, hearing and dental areas, should be given to every child.
 (1) as enter kindergarten.
 (2) at the 5th grade level
 (3) at the 9th grade level.
 It is always wise to consider a visit to the doctor when school grades begin to fall below the normal pattern. This should be done only after consultation with the teacher.

Stately Home Marks Site of Centennial Farm

The pride of the Samuel Miller, Jr. family is this staunch eighteen room home built by Mr. Miller's grandfather and maintained in perfect

The Samuel D. Miller, Jr. farm, located at 8391 Bridge Lake Road, Clarkston, has been recently designated as a centennial farm by the Michigan Historical Commission.

The farm, located in Springfield Township has been in the possession of the Miller family since 1864. It was originally purchased in that year by the grandfather of the present owner, from Mary Ann Harris.

An eighteen room house built 88 years ago by Mr. Miller's grand-

father, Samuel Miller, Sr., preserved by the families succeeding generation, marks the site of the 100 year old farm and remains today as an exceptional home.

The few modernization projects that were needed to make the stately home more convenient have failed to detract from the original design or decor.

Furnished almost completely in pieces from its original era, the Miller home, would be a haven for any antique dealer. Huge bed-

condition by succeeding generations.

steads fashioned from thick wood, designed with intricate hand carving are still being used in the many bedrooms, as are the solid marble top dressers on which antique hand basins and pitchers are displayed adding to the enchantment of the lovely old home.

Ceilings, nearly 12 feet high, add to the spaciousness of the rooms on the main floor. The original chandeliers still remain and are used by the present owners.

Perhaps the most noteworthy change since the erection of the home has taken place on the third floor. Once the setting of many gala parties and dances, it is more recently being used as an attic.

A circular staircase leading to the second floor from the home's main entrance displays a highly polished black walnut banister, which Mr. Miller tells, was banded by steam to follow the contour of the swirling stairs. Hand carved woodwork nearly two feet deep remains in the parlors of the home in the same perfect condition of its original installation.

Mrs. Marguerite Miller, mother of Samuel Miller, has had a considerable part in preserving the Miller home, according to her son and daughter-in-law. The late Mrs.

Miller assumed many of the household chores until her death this past March.

To build the home, Mr. Miller's grandfather hauled brick for the home from Lapeer, a distance of 30 miles on mud clogged roads that sometimes were impassable. The walls are thick and many thousands of bricks were required. The hauling alone was almost a season's job. Two days were required for a single trip.

The house was built so well that heating has never been a problem. A huge coal and wood furnace fired by both Mr. and Mrs. Miller is more than adequate. Mr. Miller heats the home with wood taken from his own property.

Much of the farm, which originally consisted of 650 acres has been divided between family members or sold. Two hundred and thirty seven acres make up the present property of the Miller farm. Three full time employees are required to farm the present acreage.

The Miller's have three children David of Union Lake, Sharlene, a teacher in Royal Oak and Sam R. a student at Flint Junior College. None of these have any present plans of continuing to farm the family property for another generation.

Know Your Michigan Law

By Atty. General Frank J. Kelley
(This is a public service article explaining in general terms a provision of Michigan law. Individuals who wish to determine the effect of any law upon their private legal affairs should consult a private attorney.)

December 31 is an important date for most Michigan residents. Each year on that day all real estate and personal property is assessed for tax purposes. The tax is for the current year and not the following; thus, if the taxpayer sells or otherwise disposes of the property on the next day, January 1, he is nevertheless taxed on the property he owned on the prior day, December 31st.

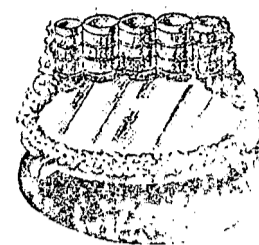

Each district levying a tax has its own assessor or assessors and board of review. The assessor determines the value of the property to be taxed, its location and who should pay the tax. The board of review in each district determines whether the assessor's decision was

fair and uniform. The assessor is not required to give the taxpayer notice of the results of his assessment. It is left up to the taxpayer to determine this for himself by examining the assessment rolls.

If a taxpayer does not agree with his property's assessment, he may protest to the local board of review. The board's first session is held on the Tuesday following the first Monday in March. The second session is held a week later. Usually

the second session is set aside for taxpayer's complaints. Detroit taxpayers first protest to the Board of Assessors.

If that board's ruling is unsatisfactory to the taxpayer, he may appeal to the Detroit Common Council. If the taxpayer is not satisfied with the decision of the Board of Review, he may file a written protest with the State Tax Commission. This protest must be filed before the first Monday in May.

ready means of entrance and exit to a County primary road or State highway, said County or State highway must have a minimum of two paved traffic lane and a right-of-way width of one hundred twenty (120) feet.

(8) Multiple dwellings in accordance with the requirements as stated in Section 7, Residence 2 District.

Section 9.2

(a) Side Yards. In a Commercial 1 District side yards are not required along interior side lot lines if all walls abutting or facing such lot lines are of masonry fire-proof construction and wholly without windows or other openings. If walls facing such side lot lines contain windows or other openings, side yards of not less than ten (10) feet shall be provided. Side yards abutting upon a street shall be not less than forty (40) feet.

Section 9.8 AREA OF LOT. In a Commercial 1 District no building shall be erected on any lot having a minimum width of less than one hundred (100) feet on the highway or street, together with an area not less than fifteen thousand (15,000) square feet, exclusive of any area of said lot which is provided, however that the requirement shall not apply to a parcel of land platted and approved as a single lot on a plat of land approved and recorded in the office of the County Clerk on or before the effective date of this Ordinance.

Section 10.1 MANUFACTURING 1 (M1) DISTRICT - USES

52. All residential uses permitted in Commercial 1 District shall be prohibited in this district.

Section 11.2 AREA OF BUILDINGS AND LOTS. No building shall be erected on a lot which is less than one hundred twenty (120) square feet in floor area per family.

Section 11.3 YARDS. In this district there shall be a front yard of a minimum depth of forty (40) feet and side yards of a minimum width of ten (10) feet.

Section 11.8 TENANT HOUSE. (REPEAL)

Section 11.9 ROADSIDE STANDS. When operated by and for the exclusive use of the occupants of the land on which the stand is maintained and selling exclusively that which is raised on the premises.

Section 12.2 DWELLINGS. All dwellings hereafter erected in this district shall provide a minimum of seven hundred twenty (720) square feet of floor area per family at the first floor level exclusive of any garage area or area in any accessory building. The area of a utility room shall not be included in the computation of square feet. Dwellings and garages used in connection therewith built in this district shall have a minimum front yard depth of forty (40) feet and a minimum side yard depth of ten (10) feet, and the parcel of land shall have a minimum width of two hundred (200) feet on the highway or street. The depth of any lot or parcel shall not be greater than four (4) times the width of the lot at the front boundary.

Section 12.5 AREA. No any lot in this district shall be less than ten (10) acres in area for use in connection with the principal dwelling, exclusive of the occupants' own use of the land.

Section 12.6 (3) PARKING REQUIREMENTS. In accordance with Section 3.25, 3.26, and 3.27.

(4) A greenbelt is required wherever a recreational use in this district is adjacent to or adjoins a Residence 1 District or Residence 2 District.

Section 12.A GRAVEL-SAND DISTRICT (REPEAL)

Section 13.8 ZONING CHANGES. No application by a property owner for a change of zoning regulations for any property in Independence Township will be considered by the Planning Commission unless and until the following requirements have been met:

(1) Applications shall be in writing, signed by the title owner of record, and shall state the names of all parties in interest, if any.

District or Commercial 1 District.

Section 12.6 (3) PARKING REQUIREMENTS. In accordance with Section 3.25, 3.26, and 3.27.

(4) A greenbelt is required wherever a recreational use in this district is adjacent to or adjoins a Residence 1 District or Residence 2 District.

Section 12.A GRAVEL-SAND DISTRICT (REPEAL)

Section 13.8 ZONING CHANGES. No application by a property owner for a change of zoning regulations for any property in Independence Township will be considered by the Planning Commission unless and until the following requirements have been met:

(1) Applications shall be in writing, signed by the title owner of record, and shall state the names of all parties in interest, if any.

(2) Application shall state the location of the property involved.

(a) By reference to roads, streets, etc.

(b) By description as contained in tax assessment rolls; and

(c) By description as contained in deed or other evidence of ownership.

(3) Map or drawing showing location of property in reference to nearest public highway; adjacent land; and any public lot or lots. This map shall be inscribed with the name of the applicant or owners of the adjacent lands.

(4) Statement of present zoning classification of land requested to be rezoned; property restrictions, if any; zoning classification of adjacent properties.

(5) Specific and detailed reasons for rezoning with statement concerning intended future use.

Section 16.2. In residential 1 district and Suburban Farms District the only signs permitted are as follows: (a) and (b).

Section 16.1. The words "and Suburban Farms District" shall be deleted.

Section 16.6. In Commercial, Manufacturing and Mercantile Districts, signs for advertising or calling attention to a product, use or business normally being produced or conducted on the premises.

Section 16.10. No unobscured signs and billboards.

Signs and billboards shall conform to the regulations as set forth in this Ordinance and its amendments. Any sign or billboard not conforming shall be deemed a

Traffic Deaths

Continue to Rise

August traffic deaths in Michigan totaled 197, one more than in the same month a year ago. State Police provisional figures show.

It was the second month in eight so far this year with an increase over the corresponding month in 1964. The other month was June whose toll of 184 was up by 17.

The August total, which will rise somewhat because of delayed death reports, was 23 higher than the average of 174 for the month in the five years of 1960-64.

August deaths bring the provisional toll for the first eight months to 1,277 which is 100 or seven per cent under 1,377 for the same period last year.

Final figures for the first seven months of the year show 1,072 killed and 82,045 injured in 171,003 accidents. Compared with the same period in 1964, deaths were down nine per cent from 1,181 but injuries were up nine per cent from 75,481 and accidents increased 31 per cent from 151,727.

Estimated vehicle mileage for the first six months, the latest information available, was 19.2 billions, a gain of five per cent, while the death rate of 4.6 per 100 million vehicle miles was decreased 13 per cent.

nonconforming use, and shall either be made to conform or shall be removed by the owner within five (5) years from the date of the building (ship) Board of Independence Township or the effective date of the amendment. If the owner of said sign fails to remove such nonconforming sign or bill, board it shall be deemed a violation and the property owner shall be charged with a violation and subject to the provisions of Section 14 of the Zoning Ordinance.

"It shall be the duty of the Township Board of Independence Township to notify the sign or billboard owner, and the property owner upon which all nonconforming signs exist, via registered mail, of the nonconformance and the date by which said sign or billboard must either conform or be removed. Such notice shall be given within ninety (90) days of the effective date of this amendment."

News of CAP Squadron

If you don't get all the hot water you need with an electric water heater,

SATISFACTION GUARANTEED
DETROIT EDISON

you get your money back!

Every cent! Including installation cost, if any! That's the kind of guarantee you get from Edison when you buy an approved electric water heater. It's good for a full year, and you don't have to buy your heater from Edison. If you'd like, we can have an Edison Specialist come out to your place to tell you what size tank you need, the price of the heater, and its surprisingly low operating cost. To get all the hot water you need—guaranteed—call your Edison Office or see the retailer who displays the Edison Satisfaction Guaranteed sign.

Colonel John Issitt, Michigan Wing Commander is shown presenting Major Charles Klann,

Clarkston CAP Squadron's golden oak leaves indicating his new rank.

CAP Commander Klann Promoted to Major

Michigan Wing, Civil Air Patrol has announced that Charles W. Klann, Commander of Clarkston Composite Squadron, CAP, has been promoted in grade to the rank of Major, CAP. Major Klann received the golden oak leaves, indicating his new rank, at the Michigan Wing meeting recently.

Major Klann, of 6682 Pear St., Clarkston joined CAP three years ago. He is a qualified pilot with the ratings of Check Pilot, Mission Pilot and Emergency Services Pilot in the CAP Program. As Commander of Oakland County Group, CAP, Major Klann directs the activities of CAP Squadrons in Clarkston, Rochester and Lake Orion. In 1964 he served as Training Officer at the Michigan Wing Cadet Summer Encampment at Shaw AFB, S.C., and this summer was the Encampment Commander of the Cadet Encampment at Shaw AFB, Michigan.

National Headquarters, CAP, has announced that academic scholarships amounting to \$17,900 have been awarded to 26 Civil Air Patrol members. Included in the 1965 scholarship list are 23 undergraduate scholarships in the fields of

engineering, humanities, science, education and technical-vocational; two advanced undergraduate scholarships and one workshop grant. Cadet Lorraine Denby of Dearborn Squadron received a \$500 grant for the study of the field of education and Captain Joanne Schamel, Michigan Wing received a \$200 workshop grant for aerospace education.

Clarkston CAP Cadets Return from Shaw AFB.

The second 1965 Summer Encampment for the Michigan Wing, Civil Air Patrol was held at Shaw AFB, S. C. August 22-29th. Air Force personnel in charge of the Encampment were provided by the Air Force using C-119's to transport the CAP personnel from Selfridge AFB to Shaw. During the eight day training period the cadets learned of the many phases of activity conducted at an Air Force Base. Lectures, demonstrations and tours through many of the facilities at Shaw

pointed out the training needed by Air Force personnel to carry out these activities. The cadets were also briefed on the use of equipment issued by the Air Force. Lt. Col. Kurt Pfister, Medical Officer, Michigan Wing, instructed the cadets in water survival and the use of equipment needed.

Cadets from Clarkston Composite Squadron, CAP who attended the Encampment were:

Leroy Hawkins, 6457 Snow Apple Ct., Clarkston, Mich. 48065, 27 E. Washington, Clarkston, Leonard Mann, 1205 Nantwood Dr., Pontiac, Cadets Hawkins and Mann were among nine cadets to appear before a Screening Board which selected the Outstanding Cadet of the Encampment. In this competition Cadet Hawkins tied for third place. Cadet Hawkins was also appointed Cadet S/S of the CAP Squadron which was Honor Flight for Friday, August 27th.

Alcoholic Danger Scored by Doctor

Just how dangerous is the alcoholic on Michigan's roads and highways? A well-known Lansing physician described him as "an accident going some place to happen."

Dr. Richard Bates, head of the Alcoholism Clinic at Sparrow Hospital in Lansing, said the alcoholic driver is dangerous because he releases all his "inhibitions, hostilities, frustrations, and anger" while driving after a drinking bout.

"He needs medical help," Dr. Bates said, and he urged driver improvement interviews to try to get him to get aid.

"The alcoholic profits from treatment whether he seeks help of his own volition or gets it as a part of his punishment for bad driving," Dr. Bates said in exploding a pet theory that alcoholics must seek help on their own.

He urged officials to be on the "constant alert for the alcoholic personality because you are among the first to see him outside his immediate family."

He described some of the characteristics of the alcoholic.

"Bad work record . . . jumps from one job to another . . . sometimes as many as two different jobs in a single year.

"Limited education . . . 56 per cent are high school dropouts, and an additional 16 per cent are college dropouts. However, the alcoholic is above average in intelligence.

"Remarriage or bachelorhood in men . . . 70 per cent are either remarried or single, and one-half to two-thirds are divorced.

"Immoralization in other things . . . smoking, eating, sleeping . . . among them Nine out of 10 alcoholics are extremely heavy smokers."

Dr. Bates charged that punishment without treatment is a waste of taxpayers' money. "Alcoholism is a disease and you can't legislate

Women's Golf Tournament Scores

The Clarkston Golf Club Women's League played an 18 hole tournament Tuesday, September 7.

Flight I First, Vera Thompson; second, Lillian Wasnick.

Flight II: First, Bert Johnson; second, Connie Rugenstein.

Flight III: First, Janet Knapp; second, Arlene Miles.

Flight IV: First, Beatrice Bierwirth; second, Fern Rhoades.

Starting next Wednesday at 9 a.m., the Snow Ball League will begin. Call the Clarkston Golf Course for further information.

Water Deaths Lower This Year

Michigan's 209 deaths in 445 water accidents in the first eight months this year decreases of 22 and 31 respectively compared with the same period in 1964, according to State Police provisional figures.

In addition, 197 persons were reported injured.

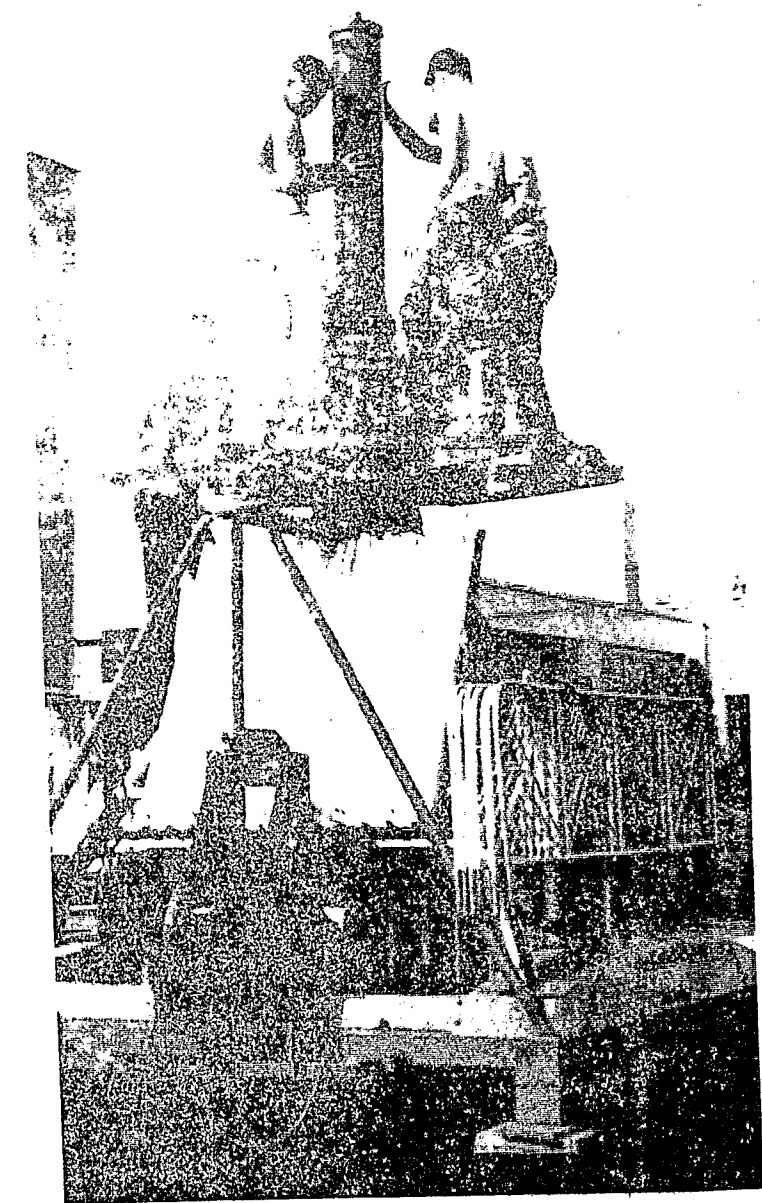

The breakdown of 191 deaths on which official reports have been received showed 79 swimmers or waders, 32 boat passengers, 32 who fell from bridges, banks or piers, 30 boat operators, 14 who fell through ice, two who drowned attempting rescues, and one water skier and one skin or scuba diver.

Available provisional information showed 18 other deaths.

a disease out of existence."

He said the sooner the alcoholic gets help, the more chance he has to overcome the problem.

He said the driving alcoholic can be deadly because his underlying hostilities, anxieties, and depressions can manifest themselves in self-destructive acts. He said that some one-car accidents are "in truth" suicides by alcoholics.

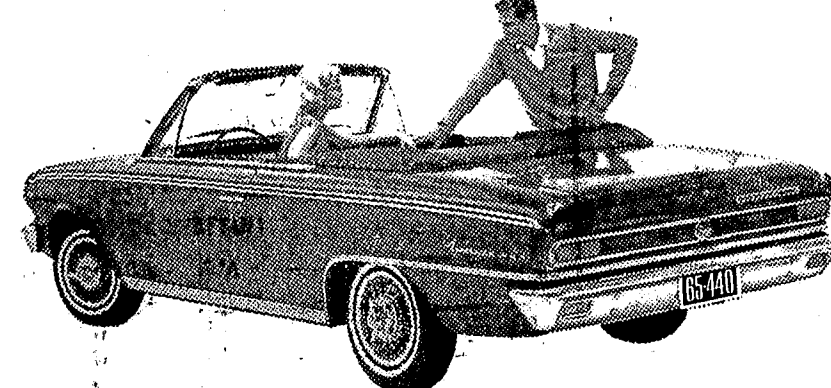

Shown are boys from the Clarkston area who answered the "appeal for help" published in the last issue of the Clarkston News. The boys, who helped set up rides, found the experience very profitable. Clarkston News Photo

"Do you serve families of our faith?"
This is a question in the minds of many, for obvious reasons. It makes no difference what the family's religion is, our answer to this question is: yes . . . we can properly serve those of any faith.
