Two Hurt in One of **Three Area Accidents**

Joan Cummings of 5430 Sunnyside Clarkston, and an occupant in her car, Theresa Eldred, 15, were treated and released at Pontiac General Hospital for injuries substained in an automobile accident Thursday, September 9.

Another occupant of the car. John Cummings, 4, escaped unhurt from the 7 p.m. accident at Waterford Road south of Maybee Road, according to Oakland County Sheriff Department records.

Mrs. Cummings stated that the accident occured when her vehicle hit a rough spot on the edge of the road causing her to lose control of the car and hit a tree.

Richard Price of Pontiac was issued a summons for failing to yield the right of way causing a three car collision Thursday, September 14. 9, according to Oakland County Sheriff Department records.

Arthur L. Phillips of Milford stated that he had reduced his speed when a car ahead of the Price vehicle entered Waldon Road from the high school driveway. The Price vehicle followed this car unto Waldon failing to make a complete

car in the school lot and was struck by Mr. Phillips vehicle when he attempted to avoid hitting the Price car.

Occupants of two cars involved in a head-on collision on the Dixie Highway south of White Lake Road, September 11, escpaed serious injuries according to Oakland County

hit a car driven by Leland Walz of Davisburg.

realized the Beach vehicle was heading toward his car he left the road hoping to avoid the collision. The two cars collided on the east shoulder of the road.

Lukemia Drive

Jack Beach of 5350 Columbia told Sheriff deputies that he was south bound on Dixie at seventy-five miles per hour when he noticed a car turning left on White Lake Road. Unable to stop he tried to pass, crossed the center line and

Attends Conference

of the Clarkston Education Association met with leaders from more than 300 teacher organizations affiliated with the Michigan Education Association in Lansing, September 11. The meeting was the first of a series of "schools" preparing them to negotiate with their local school boards.

The initial meeting was basically an orientation meeting allowing teachers a chance to become acquained with one another and with the purpose of the "schools," according to Mr. Wolven.

The conference was part of a program to systematically implement new legislation affecting public employees. Local units of the MEA are seeking recongition of their organizations as the collective

tion. Any parent who was a member

Mr. Kenneth Wolven, president negotiating agency for educators with each of their respective boards of education.

> Stemming from provisions of HB 2953 (Public Act 379) and HB 2954 (Public Act 282), as they amend the Labor Mediation Act and the Hutchinson Act for public employees the program is designed to aid teachers and school boards to enter a new phase of public education as easily and effectively as possible.

The two acts, adopted by the 1965 Michigan Legislature were signed into immediate effect on July 23 by Governor Romney, and provide that school boards must negotiate in good faith with teacher representatives.

While there may be competition between teacher organizations in a handful of Michigan districts, the Michigan Education Association has local organizations in over 500 communities.

In amending these two statues dealing with public employees Michigan lawmakers provided machinery for easing the controversy between teachers and school boards regarding good faith negotiations of salaries, grievances, hours, and

other conditions of work. Growing militancy and dissatisfaction have recently led teachers to demand a voice in devolping policies which affect them and the children they teach. Attempting to stave off negotia-

11, 12 and 13. Seven year-olds who will reach their eighth birthday by January 9, 1966, may compete as 8 year olds. A thirteen year old who becomes 14 on or before January 9, will not be eligible. Punt Pass and Kick finals will take place on January 9, 1966.

For the competition the boys will punt, pass and place-kick, a football on a specially marked field, approximately 150 feet long and 60 feet wide. They will be scored on both distance and accuracy. Only one punt, pass, and kick for each entrant will be permitted.

Each participant scores one point for each foot of distance the ball travels on the fly, minus one point for each foot that the ball lands right or left of a center line.

In each local competition 18 a wards are available. These include first, second, and third places awards for each of the six age groups as follows; first prize - warm up jacket with official NFL colors for 8, 9, and 10 year old winners. Boys 11, 12 and 13 receive plaque trophies. Second prize will be a sturdily made football helmet with PP & K colors going to 8, 9, and 10 year olds. Boys 11, 12, and 13 will receive trophies. Third prizes will be PP & K competition football for 8, 9, and 10 year olds. Boys 11, 12, and 13 will receive trophies. Each first, second and third place winner will also receive a certificate. All local prizes are being displayed at the Clarkston Sporting Goods.

CAP Cadets Honored

Parents and teachers of the cadets of Clarkston Composite Squadron, Civil Air Patrol were guests at Squadron Headquarters Wednesday, September 15th when cadets were given special recognition for their progress in the Cadet Aerospace Education Program.

Guest of honor at the Recognition Ceremony was Howard Altman, Clerk, Independence Township. Mr. Altman explained the structure and hold an Open House in honor of and function of township goevrn-Pastor and Mrs. Johns on Sunday. tions with teachers, some school ment and how youth, by thoroughly September 19th from 4:00 p.m. to boards and school board associa- understanding their local form of government, will be able to become responsible adult voters.

Letter to the

Editor

Dear Editor:

I have an imitation Indian head coin dated 1862. Instead of the "United States of America" on one side, it has 13 stars. On the other side it has M. H. Clark, Dry Goods, Hardware, Boots ? Shoes, Clarkston Michigan.

I am wondering if anyone in the Clarkston area would have information about this store or the issuance of the "coin". I would appreciate it greatly.

Sincerely, Mrs. Edgar Bowerman Swan Motel East Jordan, Mich. 49727

Successful Approximately 45 Clarkston teen-

agers joined with others across the nation in a door to door "March Against Lukemia," Sunday.

Clarkston area residents responded by donating \$516.00 to the cause which will aid Lukemia victims throughout the world. Much of the money will be used is research with the hope of discovering a cure for the presently fatal disease which strikes children and young adults. The teenagers who responded to

the plea initiated by Danny Thomas were led by chairman Jeri Skarrett daughter of Mr. and Mrs. Jack Skarrett of Clarkston.

Each of the participants in the canvas have been awarded a free ticket to the Cobo Hall in Detroit where they will view the Danny Thomas Show

An 11,000 mile trip to Alaska was recently completed by the Joe H. Rhoades' of 8954 Woodlawn, Clarkston, who made the trip in a newly purchased pick-up truck and camper, without having even one flat tire.

"The 1600 miles of Alaskan Highway which is all gravel, is not nearly as bad as we had been told before leaving," reported Mrs. Rhoades. "The secret is driving sanely so as not to hit unexpected pot-holes at high speeds," she added. Stocked with staples and. "too many clothes," the Rhoades began their two month trip on June 16. One of the early high points of the venture was the Stampede at Calgary, Alberta, Canada. The Stampede, which is the largest in the world, drew a crowd of 180,000. Traveling to Alaska by way of

the Alaskan Highway, the Rhoades made part of their return trip through the Inland Passage. They were aboard a boat that rescued two fishermen who had tipped their 14 foot skiff. Another fisherman was drowned in the icy waters before he could be rescued. The

Rhoades were impressed with the efficiency of the rescue operations. The largest single expenditure of the trip was gas and oil which amounted to more than \$500.00. The high prices of everything in Alaska took its toll on their pocketbook. The cost of gas was 70 cents a gallon and food was proportionately high. Fresh vegetables are sold by the pound with lettuce costing 39 cents per pound. Mrs. Rhoades paid 42 cents for two small potatoes.

Most of the Rhoades meals were cooked in the camper which is equipped with a stove and oven. Jue fished often and his catches made up a substantial portion of their diet. Food proved to be an meidental item with the facilities for preparing home cooked meals so readily available.

Purchasing souvenirs proved to be the biggest dissappointment of the venture. Nearly all of these were labeled, "Made in Japan."" "After traveling 11,000 miles we were disappointed in not being able to purchase mementos made locally," Mrs. Rhoades commented. The Rhoades, who returned to Clarkston August. 23, reported an interesting and educational trip, but both agreed that Michigan is the better of the two States.

Mr. Joe Rhoudes is pictured beside the truck and camper which was the home of he and his

wile during two months vacation to Alaska

"Lay up for yourselves treasures" in heaven, where neither moth nor rust doth corrupt, and where thieves do not break through nor steal" (Matthew 6:20). , This passage from the Bible will be the Golden Text for all Christian Science churches on Sunday. The subject of the Lesson-Sermon is "Matter," and it will feature the story of Job.

Quotations to be read from the Christian Science textbook include the following: "Job said: 'I have heard of Thee by the hearing of the ear: but now mine eye seeth Thee.' Mortals will - echo Job's thought, when the supposed pain and pleasure of matter cease to predominate. They will then drop the false estimate of life and happiness, of joy and sorrow, and attain the bliss of loving unselfishly, working patiently, and conquering all that is unlike God" (Science and Health with Key to the Scriptures by Mary Baker Eddy, p. 262).

Church of Your

Faith This Week

The Clarkston News Published every Thursday at 6818 M-15 (near Dixie) Clarkston, Mich. Robert D. Wilson Publisher Subscription price \$3.00 per year, In

advance. Phone: 625-1611 Entered as second class matter, September 4, antered as second chass matter, September 4, 1931, at the Post Office at Clarkston, Michigan, under the Act of March 3, 1879.

Sure, I know this scene is commonplace. I saw a hundred villages with their white steeples peering above the trees and their comfortable old houses nestled around the church. And each one had a pond with pines and birches guarding its shore.

But this picture says more than all the others. It speaks not just of beauty and natural wonder . . . it tells of a good land populated by a great people. It reminds me of God . . . and of my neighbor. It whispers that all 1 cherish can endure for generations.

The landmarks of a great people provelly point to Faith. The Church belongs at the center of our life. But only you and I concern it there!

Clio, and New York.

Pat Reynolds admits she was wrong!

(She was sure electric dryers were more expensive. Then we showed her these money-saving facts.)

Gas dryers cost a couple of pennies less per load to operate; we'd be the first to admit it. But with electric dryers you still come out ahead. Read on.

Electric dryers cost less to buy. Model for model, prices run about \$20 to \$40 lower than gas dryers.

And now, for a limited time, this lower price includes instal-lation and wiring, if needed, when you buy from one of the many dealers participating in this special sales event.

Electric dryers cost nothing for electrical repairs or labor. Gas dryers? Well, you can get a manufacturer's repair service policy—but it will cost you up to \$120 over the first five years of operation alone. Of course, if your dryer is electric, Edison comes out, repairs electric operating parts, and leaves with-out leaving you a bill! (It's the only no-charge dryer repair service offered by a utility company in this area.)

Add up ALL the costs and you'll see what Pat Reynolds saw -electric dryers actually cost less to own.
