Cathy is a lovely 5 foot 4 inch brunette with blue eyes and a sparkling smile. For her talent presentation she sang, "A wonderful Guy" and "Dites-Moi." Both numbers were taken from "South Pacific."

A senior at Clarkston High, Cathy maintains a "B" average and is active in numerous extra curricular clubs.

### Free Newspaper for Boys in Vietnam

The Clarkston News will send their publication to servicemen in Vietnam in cooperation with the American Legion Auxiliary Department of Michigan's "Operation Hometown Newspaper."

"I am still reading a hometown newspaper of two months ago. A friend of mine received it wrapped around a package." Comments like this and the feeling that our servicemen in Vietnam should not be forgotten has prompted the American Legion Auxiliary to announce "Operation Hometown Newspaper."

In cooperation with the Department of Defense, an announcement has been made to the servicemen in Vietnam that if they request copies of their hometown newspaper, the 14,000 American Legion Auxiliary Units throughout the United States will make provisions for this "bit of home away from home."

Last year's Junior Miss, Sandra Smalley is shown crowning Cathy Lessard 1966 Clarkston Area Junior Miss. Runner-up for the Junior Miss pageant is Sue Peters. The pageant was sponsored by the Clarkston Area Jaycees.

### CAP Observes 24th Anniversary

Clarkston Composite Squadron of the Civil Air Patrol will join more than 2,300 other CAP units throughout the United States in observing the 24th Anniversary of Civil Air Patrol on December 1st.

An official auxiliary of the United States Air Force, Civil Air Patrol was founded in 1941 by a band of patriotic, air-minded individuals who volunteered their services and their privately-owned aircraft to patrol America's coastlines and borders.

During World War II, CAP pilots flew more than 24 million miles on anti-submarine patrol and thousands more miles on courier missions for the Armed Forces.

Today, CAP carries on the work begun by those pioneers, flying search and rescue missions, cooperating with Civil Defense agencies at all levels of city, county, state and federal government in emergency training, and flying mercy missions to relieve communities stricken by flood, hurricane and other natural disasters.

CAP cadets, boys and girls ranging in age from 13 to 17 years, participate in CAP's aerospace education program. CAP senior members conduct the cadet activities; participate in mercy missions and training exercises in support of Civil Defense; operate some 4,442 light aircraft, all but 864 of them privately-owned; operate a 14,900-station radio communications network and operate and maintain a fleet of 4,500 surface vehicles of all types needed to support CAP's flying missions.

In a congratulatory message to all units, Col. Joe L. Mason, USAF, CAP National Commander, said that 1965 has been a year of significant achievement in Civil Air Patrol and urged CAP's members to "even greater achievements in 1966."

### Township to Hold Meeting on 'Junk Yard' Proposal

A public meeting has been scheduled by the Independence Township Board to be held December 7 for the purpose of weighing the opinions and sentiments of area citizens concerning the controversial 'junk yard' proposal.

A large group is expected to attend the meeting to voice their opposition to the proposed rezoning of 15.7 acres of land for the purpose of storing junk cars.

The controversy has been growing since the first request last April by Harry Bates owner, and Jean J. Roy purchaser, to have a section of land located on White Lake Road rezoned from suburban farms to manufacturing 2.

The land in question is bordered on two sides by land that is already zoned manufacturing 2. A Standard Oil Bulk station, the Ann Arbor Construction Co., and an old coal yard are among the establishments situated in the immediate area. The site is located near the Grand Trunk Railroad crossing between Dixie Highway and Andersonville Road.

Mr. Roy is the proprietor of Roy Brothers, a service station located on the corner of Dixie Highway and M-15. He currently stores more than 50 junk cars at the station.

Roy Brothers was officially notified to conform to the Township 'junk' ordinance before December 1, following action by the Township Board at a meeting October 14.

Mr. Roy has not complied with the ordinance and said that he will wait for a court order before he will take action to remove the stored cars from his service station.

"We realize that the automobiles at the station are an eyesore," he said. "But, our hands are tied as long as we have no place to move them."

He selected the parcel of land in question in an attempt to comply with Township zoning 'junk' ordinances, feeling that it is the most appropriate location in the Township.

The Independence Township Planning Commission approved the rezoning recommendation on October 20. Their recommendation came after meetings with the Township Attorney, Paul Mandel and Roy Brothers Attorney, Donald McGaffey.

This recommendation stipulates that if the junk yard is approved the installation of fencing and a green belt around the property be provided.

Citizens objections have grown since the Planning Commission's recommendation for approval of the proposal.

Mr. Jerome Wilford one of the opposing citizens stated, "We are striving to upgrade the community rather than downgrade it. Mr. Roy has stated that he has no other place to take the junk cars and numerous advertisements show that many already established junk yards would accept these automobiles. If there were no other place to take the cars, perhaps, they would be different. We fear that allowing a 'junk' yard in one section of the Township could lead to the deterioration of other sections of the community. It seems that we are prepared to form a committee to prevent this type of occurrence."

Following the recommendation of the Planning Commission, the Township Board submitted the proposal to the County Coordination Committee who will in turn submit their approval or disapproval of the action.

To date the recommendation

Sorting and delivering packages keeps Postal employees busy during the month of December. Postmaster Elizabeth Ronk is shown adding a few more packages to a stack carried by Assistant Postmaster Ray Klein. Clarkston residents are urged to mail now for the Christmas season.

### Postmaster's Christmas Mailing Suggestions

"Last Christmas the post office handled more mail than ever before, yet the operation was the most efficient in history," Postmaster Elizabeth Ronk said today. Nationally about 99 per cent of the Christmas mail reached its destination before Christmas Eve. "Zip Code use and the cooperation of the public in mailing early were the main reasons for our success. With the same or better cooperation this year, we expect to handle an even greater volume of mail with less effort than during the 1964 Christmas rush."

Postmaster Ronk had advice which would help mailers prepare for the upcoming mailing season.

A. Up date last year's address list and include ZIP Codes. The phone book is usually a good source for local addresses.

B. Prepare a gift list as soon as possible. Shop early to

take advantage of full stocks. Be sure to have on hand enough shipping materials: boxes, tape wrapping paper, etc.

C. Use first class postage on greeting cards. This assures their being forwarded if the recipient has moved or that undeliverable cards will be returned if a return address is on the envelope.

The postmaster emphasized again this year that poorly wrapped and loosely packed cartons are the major cause of parcel post damage. He urged that cartons be packed tightly by using stuffing material to fill up the empty space around the merchandise. He also asked that all mailers make an effort to address their letters, cards and packages as clearly as possible and that they make every attempt to mail often, not waiting until the last minute to deposit all their gifts and greetings.

### Club Presenting 'Syncopated Skirts'

Excitement is mounting as the Clarkston Women's Club completes preparations for their variety show, "Syncopated Skirts." The show will be held Saturday, December 4th at 8:00 p.m. in the High School Little Theater.

Final rehearsals are in progress, and finishing touches have been completed on the songs, dances, and skits that will be presented by the Womens Club members. Director Laura Logan says the production will afford the audience with an evening of laughter and entertainment.

Producer for the show is Marty Johnston. Assisting the director and producer are Marietta Jones and Kay Robertson. Beth Ladd is the Choreographer with Pat Race as director of music.

The public is invited. Ticket information may be obtained by phoning 625-1446.

Mrs. Garnet Polton is pictured purchasing a Goodfellow paper from Rotarian Jess Berg. The Goodfellows annual sale of papers will be held December 3 and 4. Proceeds from the sale will be used to purchase shots for needy children, decorate the Christmas tree, and will also benefit the Clarkston-Independence area.

A braille watch was presented to twelve year old Michael Hall by the Waterford Township Lions Club and the Waterford-Drayton Kiwanis Club recently. Shown presenting the watch are (left) Harvey Craft of the Lions and Loren Aris representing the Kiwanis. Michael, son of Mr. and Mrs. P. J. Hall of 4165 Quillen, Drayton Plains, is blind since birth. He is a sixth grade student at the Michigan School for the Blind in Lansing. Michael's hobbies include fishing, bowling and music. He plays the piano, guitar and trombone.

## THE GOOD LIFE

### THE CHURCH FOR ALL ALL FOR THE CHURCH

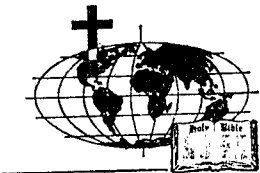

The Church is the greatest factor on earth for the building of character and good citizenship. It is a storehouse of spiritual values. Without a strong Church, neither democracy nor civilization can survive. There are four sound reasons why every person should attend services regularly and support the Church. They are: (1) For his own sake. (2) For his children's sake. (3) For the sake of his community and nation. (4) For the sake of the Church itself, which needs his moral and material support. Plan to go to church regularly and read your Bible daily.

When Grandmother and Grandfather Todd came to say their goodbyes before leaving for Florida, we took their picture. Looking at it, I remember them as they were that day, serene and happy, anticipating their trip. To them there are no sunset years but always a new day ahead.

Life has truly been a table spread before them. Oh, there have been sorrows and trouble aplenty, but always His rod and staff have comforted them. Even in the shadow of death God has been with them, for the Lord is their Shepherd.

Such faith may be yours. Your church is the open door through which you may find that fellowship of understanding which has been to my grandparents their greatest treasure.

Attend your church and find there, through worship and prayer, the inspiration you need for religious growth.

Nineteen Boy Scouts from Troop 105 of the American Legion Chief Pontiac Post 337 spent a weekend at Gladwin, Michigan recently putting into their effect one of their motto's, "doing a good deed." The boys cut and store wood for an elderly man whom they affectionately call, "Uncle Bruno."

Uncle Bruno Braun lives alone and depends solely upon the wood for heating and cooking during the long winter months. The boys have been cutting his wood for several years.

A few of the boys and their chaperons who helped in the project are pictured above. They are (left to right) Alfred Watson, Jr., Howard Bliss, Jr., Randy Carpenter, Chuck Chamara, Howard G. Bliss, Louis Carpenter, and Alfred Watson.

**Minimum Height Lower for Police**

The minimum height requirement for applicants to join the Michigan State Police has been lowered to 5 feet 9 inches to increase the number of good recruiting prospects, Col. Frederick E. Davids, department director, announced.

The minimum height requirement in recent years has been 5 feet 10 inches. A study, however, shows that between the new minimum and the old one there is available a large reservoir of young men well qualified to be troopers and this opportunity is now open to them.

In progress at East Lansing headquarters is the first of a series of recruit schools to add 200 troopers authorized by the 1965 legislature. Eight-week schools with no elapsed time between them will be held throughout this fiscal year to reach the new complement of 1,459 officers.

No changes have been made in other enlistment qualifications. Candidates must be between 21 to 29 years of age, high school graduates or the equivalent, of good moral character and residents of Michigan for at least six months. The weight range is 150 to 230 in proportion to height. Candidates may be single or married. Trooper rank pay begins with the first day of recruit school and tops \$6,100 in the first year with increases following automatically to \$8,656. There is also a subsistence allowance and many other benefits. Promotions bring substantial pay increases and an officer may retire after just 25 years of service at half pay which also protects his wife.

**Letter To The Editor**

Dear Mr. Wilson:

Once again the United Foundation Torch Drive has been conducted. Again its results have meant a tremendous victory for all of this community.

Perhaps more than any other steady source, the local newspapers at the many regions have been responsible for carrying the Torch Drive message to our contributors.

All of us are most grateful for the outstanding support your newspaper gave the Torch Drive and particularly for the year-around cooperation that we receive in the crucial task of keeping our contributors informed of Torch Drive services.

Thank you for your continued interest and support and congratulations for your part in achieving this great victory.

Sincerely yours,  
John W. Fisher  
Associate Director

**What's Up At C.H.S.**

With the sales of the Clarkston High School annual yearbook getting into full swing, anyone that doesn't purchase a 1965-66 Hill-topper will be classified as an "oddwadd". Sue Powell the editor and Mrs. Kenyon the advisor are trying very hard to make this years yearbook the best one ever published.

Saturday night was a big night for the twenty-two girls competing for the title of Junior Miss. When they first came out in their sportswear to show athletic ability, they sang a different version of the popular song which they entitled, "Hey Look Us Over." Then after each girl did her talent act, they appeared in their evening attire.

Within the beautiful setting of red, white, and silver, Sue Peters was chosen as runner up. Then relinquishing her crown, of 1965 Sandra Smalley crowned Cathy Lessard as the 1965-66 Clarkston Area Junior Miss.

With a typical farm field background making her talent more interesting, Cathy sang "A Wonder-

ful Guy" and "Dites-Moi" from the musical, South Pacific. She plans on entering Michigan State University next fall to study Political Science.

Sue portrayed a shy but vivacious little girl getting into her mother's cosmetics. The comical skit including eye make-up, powder, perfume, rouge, and lipstick was enjoyed by the audience as well as the other participants.

The Student Government has planned an open meeting for the whole student body and faculty. This will enable the students to see what goes on in these meetings.

While the basketball team readies themselves for the first game of the season with Brighton, they have been practicing to music. The song is the "Harlem Globe-trotters Theme". Everyone is urged to attend and support the team and promote better school spirit.

Students have been anxiously awaiting the opening of the "Whoopie Wolves Den". Typing paper, pens, pencils, polo shirts, and wind-breakers are some of the items that will be on sale.

At a recent class meeting, Seniors ordered their graduation announcements, thank you notes, name

cards and in some cases, a memory book.

It was also voted upon and decided that for the annual trip in the Spring, they will go to Washington D.C. and New York.

As a gift to Clarkston High School the class of 1963 bought an activity board. It shows the date, opponent, and place of the coming game and events. It has been placed on the back of the scoreboard at the north end of the football field and can be seen from Waldon Road.

The students that are interested in going to Europe this summer, met with Miss Tellen one night last week. Parents of the interested students met last Tuesday evening to discuss the various aspects of the trip.

The students will leave New York on approximately July 11. They will go to school at the University of Wales and visit England and France. After receiving a degree from the U. of Wales, they will be back in New York six weeks later.

More than 217,000 raccoon were taken in Michigan last season, shattering the previous record set in 1963.

**Pack 126-Cub Scouts Win Awards**

Each of the five Dens in Cub Scout Pack 126 participated in skits at the monthly meeting held in November. Parents of the cubs attended the meeting witnessing the presentation of awards.

Earning the rank of "Bear" were Greg Cole and Bobbie Folding. The rank of "Lion" was presented to Mitch Cossolman, Cliff Vanloon, and Albert Domrose.

Receiving the "Gold Arrow" awards were Mitch Cossolman, Greg Cole, Steve Curt, Gerald Curt and Albert Domrose.

The finest achievement in Cub Scouting (the earning of the "arrow of Light") was presented to Chris

Green and John Whittmer.

A hay ride in the snow at Dr. O'Neill's farm proved to be an enjoyable outing for Pack 126 November 28. The Cubs found eating hot dogs and drinking hot chocolate second in popularity only to hitting their dads with snow balls. The fathers had an interesting day also. The warm camp fire had a definite appeal to them especially after the numerous times they had to push the tractor which was frequently stuck.

The outing committee announced their need for a large coffee pot and would welcome any donations.

Pack 126 extends their appreciation to all who contributed baked goods for the Bake Sale held in October. The proceeds from these gifts are used to sustain the pack.

Our new Executive Hardtop Coupe. Like all 1966 Pontiacs it includes outside mirror, padded dash and visors, backup lights, front and rear seat belts, dual-speed windshield wipers, and washers to clean your windshield for better visibility.

Just once we'd like to have people fall in love with the inside of our cars before they flip for the outside. We spend so much time and effort in there.

Why, this year alone we've made available brand-new wraparound buckets and profile bench seats. Not to mention extend-

ing our use of rich, genuine walnut paneling. And nicer instrument clusters you've never seen.

We've even had our engineers take our test cars apart to see if they can make them smoother, quieter, and more luxurious. And they came up with improvements that,

incredibly enough, make our Pontiacs even more enjoyable to drive.

Really, though—we don't care which one of our features gets you inside one of our new Pontiacs, just as long as it gets you there. And it will. At least judging by the number of Pontiacs you see on the road.

### Offer OCS Bars to College Graduates

Guaranteed assignment to an Officer Candidate School is the Army's enlistment incentive offered to college graduates with no prior military experience, according to the Army recruiter for this area, Sgt. Harry Munroe at 53 1/2 W. Huron, Pontiac Michigan.

The offer comes as part of the current expansion program to meet an increased requirement for junior officers. The OCS training program upped its annual total of candidates from 3,400 to 11,700 beginning the first of October and bested the number of school facilities to nine.

College seniors and men already graduated from accredited colleges may apply for active duty with assignment to Officer Candidate School if they are US citizens and at least eighteen-and-a-half but not over 27 years old.

The special OCS option goes into effect upon the successful completion of Basic Combat and Advanced Individual Training. Applicants may indicate a preference for one of the three combat arms or the technical and specialist careers.

Successful candidates will be commissioned second lieutenants and go on to respective branch officer basic courses. They will serve an obligated tour of at least two years after commissioning; men who do not successfully complete the program will serve the remainder of their obligated tour in enlisted status.

## Clarkston Opens at Brighton Friday at Basketball

Clarkston will travel to Brighton this Friday for their first basketball game of the season. Brighton will be no push-over as they have one of the top players in the league, by the name of Bruce Evanson. Evanson is 6' 4" and is a deadly shot, especially in the Brighton gym. Brighton has a new coach, so no one knows what to expect this Friday.

Coach Bud McGrath will be starting his second year as coach and at Clarkston. His team last year posted a respectable 11-6 record. This year's Wolves will be a little shy of experience, as there will be three new faces in the starting team. Dan Fife and Rod Allen are starters from last years' team, as well as Mike Madison. Madison has a knee injury and will not be able to play for two or three more weeks. It looks like Tom Allen, Mark Richards, Allan Martz, Mark Erickson and Randy Nicolson will be fighting for the remaining positions.

The Wolves are going to miss three of their top players from last year, Gary Pearson (at Flint), J. C. Ben Luppert and John Wilberg (Michigan State University). Some observers feel Clarkston will end in fifth place in the league. However, these same observers picked Clarkston to take fifth place last year and they ended in second.

The J. V. team is coached by Jim Davidson who will be starting his second year as their coach. Rich Johnson, Kim Boatie, Kurt Maslowski, Lyle Waltz, Eric Hall, Gary Ostrum, Bill Medlin, Steve McGill, Larry Lewis and John

Dipietro will be fighting it out for the five starting positions.

I'm real proud of my old Alma Mater, Michigan State is the number one team in the country with 10-0 record and will represent the big ten in the Rose Bowl Northern Michigan University had a 7-3 record against 507 rival competitors. My old high school team the Ironwood Red Devils, led by a star player, they were rated 13th in the state. The upper peninsula teams play a very fine brand of football, but have a very hard time being rated in any sport. I guess they will have to show their stuff in basketball.

The Junior High team I played for had a tough season and ended with a 6-7 record. My kid brother, who plays as an end position, claims they had a couple of tough breaks.

The Clarkston Junior High completed their first year in the football. Eighty-eight eighth grade boys showed up for practice last September and seventy-two boys finished the season in the first week of November, which was concluded with an all-star game. The game was played on the High School field with Mr. Potvin and Mr. Grieco's teams defeating Mr. Hall's and Mr. Irwin's teams, 18-12.

Mr. Hall's team took the teams championship crown with an undefeated season and Mr. Potvin's, Mr. Grieco's and Mr. Irwin's teams took runner-up honors. In individual

scoring honors went to Scott Robbins who piled up 32 points. Listed below are the ten top scorers in tackle football.

1. Scott Robbins 32
2. Dana Carlson 30
3. Steve Warren 24
4. Dennis Storer 15
5. Pete Dougherty 13
6. Orson Bullard 7
7. Dan Stranton 7
8. Tom Grace 6
9. Bill Logan 6
10. Tom Lane 6

Members of the winning Mr. Hall's team are Dana Carlson, Ken Warren, Steve Kraft, Terry Mize, Herb Morris, Tom Lane, Scott Robbins, Fred Sanchez, Jim Jones, Larry Armstrong, Pete Dougherty, Bill Logan, Tom Topilski, Steve Fancher, Jim Decker, Dan Gerritt, Russ Carpenter, George Bennett, John Chad and Jeff Smith.

The Junior High also offered touch football to the boys. There were ninety boys out for touch football. They were divided into eight teams. The coaches for touch football were Don Cooper and Jim Erickson. The winners led by Captain Mike Turk took first place honors with a record of 6-0-1. Members of the winning team are Mike Turk, Bob McKinstry, Tom Hall, Paul Brown, Mark Strangell, Rich Szykoff.

The twenty leading scorers in touch football are:

1. Dennis Johnson 51, Kirk Dougherty 42, Kurt Richardson 32, Don Brown 27, Mike Mosher 27, Rich Klion 24, Rick Szykoff 24, Tom Gates 24, Greg Curry 18, Ed Jennings 18, Tom Hall 14, Mark Strangell 13, Randy Rouse 13, Tom Mau 11, John Hux 12, Eric Johnson 12, Victor Allen 12, Dave Thomas 8, Jim Booth 8, and Don Cameron 8.

## Gift Suggestions For State Hospital Patients

Donald W. Martin, M.D., medical superintendent of Pontiac State Hospital, advised that an early issuance of a suggested Christmas gift list for patients was necessary because many community organizations and individuals frequently contact the hospital seeking this information.

The superintendent felt that the suggested gift list and adherence to a few rules were in the best interest of the patients' comfort and safety and also allowed the public to better decide what is needed and can provide.

Dr. Martin said that, "all Christmas donations should be new because of the therapeutic effect on the patients who realize that their presents are of a personalized nature, not just used second-hand gifts to second-choice recipients." Postage stamps are greatly needed for patients' cards.

Gifts should be donated unwrapped and accompanied by gift paper and ribbon in order that employees and volunteers may prepare each gift for a patient's individual needs.

All donations should be mailed or brought to Ted A. Panaretos, director community relations department, Pontiac State Hospital, Pontiac, Michigan. Further information may be obtained by calling Federal 5-8146 and asking for the community relations department. Deadline for receiving gifts is December 23rd in order that they may be made ready for the patient's on Christmas morning.

## Clarkston Missioner at Maryknoll N.Y. Workshop

The Rev. Donald L. Hessler, a Maryknoll missioner from Clarkston, Mich., serving in Mexico City, is attending the fifth annual Missioners' Workshop at the Maryknoll major seminary here.

More than 70 Maryknoll missioners, all currently in the United States on their sixty-year furloughs, are gathered for the two-week session called annually to keep the society's missioners abreast of the latest developments in mission technology.

Father Hessler, an assistant national chaplain of the Christian Family Movement in Mexico, began his mission work in the Kwelin section of China in 1939 following his ordination. During World War II he was taken prisoner by the Japanese and held for one year.

In 1950, father Hessler was assigned to Mexico where he served in the Yucatan Peninsula among the Mayan Indians for nine years.

In cooperation with other Maryknoll missioners in the area, he established educational and social projects to help his parishioners raise their living conditions. He assumed his present position in

1959 in Mexico City.

His duties include working with 56 families who serve as liaisons in each diocese to extend the Christian Family Movement all over Mexico and consolidate its unity. Father Hessler reports that the movement has formed nearly 1,000 lay apostles. Another one of his projects is the development of lay teams to work among Mexico's poor workers and farmers. Already, eleven of his teams are at work in the Tula diocese.

Father Hessler is the brother of Mrs. Ted Hennig of 8180 Allen Road, Clarkston. He attended public schools in Lake Orion before entering Maryknoll in 1934.
