NUMBER 15

Township Board Considers Sewage Proposal

Public Meeting to Discuss Proposal and Alternatives

'66 March of Dimes area key leaders for Independence Township are (left to right): Mrs. James Mahar township Mother March chairman, Clarkston, and Mrs. Richard Wolfe, county Mother March Chairman, Bloomfield Hills. Mrs. Mahar is

president of ladies par 3 golf league of the Waterford Hill County Club. Other campaign committee chairmen will be announced as they are appointed.

Area March of Dimes Leaders Make Plans for '66 Campaign

Nearly 120 community leaders and area key leaders for the Oakland County's '66 March of Dimes have met in two campaign organizational and planning meetings during October and November. Harold J. Havermale, Birmingham, and Al Kaline, Franklin, county campaign directors. Community and area campaign general chairmen are currently appointing their area committee members to cover the business and industry division, teen program, canisters and poster division, special school and fraternal fund raising events, schools division, and the traditional Mothers' March for the January campaign.

Funds are needed to aid victims of birth defects and to continue the programs of national medical research, local diagnostic and treatment centers, health career scholarships, and direct medical and patient aid program, according to Norman D. Hosking, Chapter Chairman, Southfield. The local county chapter assists in supporting the Birth Defect Center at University Hospital, Ann Arbor with \$91,635.00 grant under the medical direction of David G. Dickinson, M.D. and Don'ta Sullivan, M.D. Other March of Dimes grants at

the University Hospital is a medical grant of \$93,644.00 for birth defect-virus research and a \$294,000 grant for long-term epidemiological research in chronic diseases under the medical direction of Thomas Francis, Jr., M.D.

The Oakland County chapter of The National Foundation-March of Dimes has assisted 113 families in Oakland County with a birth defective child according to M. O. Awe, executive director. He stated that crippling birth defect-victims in Michigan number 1 out of 10 newborns or approximately 12,800 victims each year.

The county chapter's public information in prenatal care program will promote healthier babies by providing the most authoritative information available.

Operation Kickoff for the 1966 March of Dimes campaign will be held on Wednesday evening, December 8th.

A county-wide Speaker's Bureau under the leadership of Ralph F. Bonanata, Birmingham, will be available with free films and speeches to all clubs, organizations, and fraternal groups. Program reservations may be made now by calling LI 9-6778 or PE 8-0411.

Public information meetings are being scheduled by the Independence Township Board to discuss and consider the possibilities and alternatives of a sewage proposal.

The proposal was presented by officials from the Department of Public Works at a recent meeting of the Township Board. The officials requested that Independence Township, along with seven other municipalities, join with the Oakland County DPW in a contract for the Clinton-Oakland Sewage Disposal System. The contract would provide payment and construction of a sewer line for the transmission of raw sewage to the treatment plants in Detroit.

CIST BORN BY 8 MUNICIPALITIES:

A cost of \$16,500,000 plus interest at 4 per cent or less has been estimated for the trunk line by the DPW. This cost would be prorated on estimated use by the eight units of government.

The maximum cost to Independence Township becomes 9.81319 per cent of the total. This cost could be further reduced by additional expenses that could benefit other units without effect.

Jaycees To Judge Outside Decorations

The Clarkston Jaycees are sponsoring the third Outdoor Christmas Decorations Contest for residents of the Clarkston area. The Jaycees hope that the many people of the community will continue to beautify their homes during the Christmas season by participating in the decorating contest.

As in the past, there will not be categories, as all decorations will be judged for overall attractiveness and originality. Invitational judges from another community have been selected by the Clarkston Jaycees.

A gift certificate for \$25 will be awarded to the winner. Second and third place awards of \$15 and \$10 will also be made. These certificates will be redeemable for merchandise from Clarkston merchants. The Traveling Santa Trophy, now in the possession of the 1964 winner, Mr. and Mrs. R. T. Novotney, will be presented to the 1965 Christmas Decoration winner.

Any family in Independence Township may enter the contest. However, to assure that no home will be overlooked the contestant is asked to write his name and address on a post card and mail to Christmas Decorating, 6688 Wealthy St., Clarkston, before Dec. 15th. All decorations will be judged on the evening of Dec. 21st.

Poon Deck Paul will return to Clarkston again this year to entertain youngsters between the ages of three through elementary school age. Under the sponsorship of the Jaycees, the program will be held Saturday, December 18, 4:00 p.m. in the Clarkston Senior High School Gym.

Santa Claus, Mike Patterson, the magician and Ken Maynard, the mechanical man, will also be on hand to entertain the youngsters.

While the 9.81319 per cent could not be increased at present contract figures, a government grant could conceivably reduce the cost by one half.

\$350 INITIAL CHARGE TO INDIVIDUAL UNITS:

The study by the County DPW shows that the Township is expected to have a population growth of 22,000 in a given period of time. When this figure becomes an actuality the trunk line would serve over 60,200 homes or units.

The projection shows that a connection charge of \$350 plus a \$14 debt retirement service charge for each home or unit per year would raise revenues in excess of the projected cost of the trunk line.

The facts and figures presented to the Township Board would make available the trunk line to the Township. It would not, however, include the internal system which would consist of sewer mains and laterals to serve individual homes or units.

The internal system, under this proposal, would be the sole responsibility of the township. Such a system would most likely be designed to serve the more populated areas and extend through areas expected to develop in the immediate future.

PROPOSED TRUNK-LINE CONNECTS TO DEQUINDRE INTERCEPTOR:

The proposed trunk-line would

connect at the existing Dequindre and 14 Mile Roads interceptor separating Oakland and Macomb Counties.

This trunk-line and interceptor has been designed to handle a capacity load based on projected estimation of population and use. A surge of growth in any area could cause an adjustment, but would not necessitate a hardship on the proposed system.

INTERNAL SYSTEM WOULD BE SEPARATE:

Howard Altman Township Clerk noted that it would be essential that property owners realize that the two systems would be separate. "If the Township were to contract

with the county for capacity and transmission lines and then fail to go ahead with an internal system, the wisdom of the investment would seem questionable," he added.

If the Township were to decide on an internal system to serve the residents, such a system would have to have an outlet. The trunk line to the Dequindre Interceptor would provide such an outlet.

The decision of the Township on both the trunk-line and the internal sewage systems and the policy they must ultimately establish concerning these may well have a tremendous effect on the property values and the general pattern of growth in Independence Township.

SEPTIC TANKS AND TILE SERVE HOMES NOW:

At the present time property owners in Independence Township must rely upon septic tanks and field tile. There are no community sewers.

Most of the single dwellings have found this system adequate. There are, however, isolated sections of

the township where septic tanks have proved insufficient due to soil conditions.

PUBLIC MEETINGS TO ANSWER QUESTIONS:

Township officials are hopeful that property owners will attend the informative meetings being scheduled to discuss and consider Altman commented. "Is this the proposal."

"Perhaps the primary question is not cost but time," Howard noted that. "He noted that costs are continually rising and it has been predicted that they will not be lower."

At the Public Meetings, property owners may question if sewage is inevitable. If so, shall the township take the step to support it or should they resolve to septic tanks and field tile? What are the dangers and the benefits in either course?

The first public meeting will be held December 14 at 7:30 p.m. in the Independence Hall, 90 N. Main, Clarkston.

Separate Accidents Last Week Claim Lives of Two

Area accidents claimed the lives of two persons last week and injured seven more.

Dead are Paul 'Shorty' Gaber of 9820 Sashabaw, Clarkston, and Mary Sanchez of 426 Midway, Pontiac.

Mr. Gaber died as a result of internal injuries sustained when he was struck by an automobile on Sashabaw Road last Friday. Driver of the car, Alyce Mae Townsend of 3851 Granger, Orionville, told Sheriff Deputies that she did not see Gaber walk in front of her automobile. She was not held.

Mary Sanchez died in the emergency room at Pontiac General Hospital following a three car collision at Oakhill and M-15 Sunday, December 5.

Also injured in the accident were Lloyd Junior Barger of Rochester, Roy and Helen Lowe of Pontiac, and Nathan R. Menold of Davison.

Sheriff Deputies, Hitchcock, Lupton, and Lamberton who investigated the accident said that it appeared that the car driven by Lloyd Barger failed to stop at the Oakhill - M-15 intersection and was struck by a car driven by Ray Lowe. Mr. Lowe's vehicle was struck again by one driven by Nathan R. Menold.

Mary Sanchez was a passenger in the Barger automobile.

A spokesman for Pontiac General Hospital reported Ray Lowe in serious condition suffering a fractured hip and internal injuries. Also in serious condition is Nathan Menold with a fractured skull. Mrs. Lowe is reported in fair condition suffering multiple scalp and facial lacerations while Lloyd Barger, whose injury is a concussion, is in fair condition at the same hospital.

Three persons were injured Sunday, December 5, when the driver of the car apparently lost control on the snow covered highway, struck 40 feet of guardrail and rolled over. The accident occurred on I-75 near Dixie Highway.

The driver of the car, Joseph Russo of Detroit, was taken to Pontiac General Hospital and later transferred to St. John's Hospital in Detroit. Treated at Pontiac General Hospital and released were the two other occupants of the Russo car, Ellen and Richard Gray of Detroit.

A series of automobile accidents involving property damage were

investigated by State Police Officers last week. None of the accidents involved serious personal injuries according to police records. Evelyn Belote, 4832 Clinton, Drayton Plains, was injured in a three car collision December 3, on Dixie Highway at Silver Lake Road. Drivers of the other autos were Robert Heath, 6654 Pear, Clarkston and Jackie Parr of Brown City.

According to State Police Records Mr. Parr was attempting a left turn when he was struck in the right side by Evelyn Belote's car. Mrs. Belote's car was struck between the Heath and Parr vehicles. Malcolm Johns, 5902 Andersonville Road, Waterford, told State Police that he made a turn in front of a car driven by Howard Coleman of Troy because he did not see the other vehicle approaching. The accident occurred on Dixie Highway near Maybee December 4.

A three car collision on Dixie Highway near Telegraph, December 2, occurred when a car driven by Charles Bowers of 429 Glass Road Orionville, struck a car which was stopped for a traffic light ramming it into another automobile. Neither Bowers, Ann Marie Hedler, 2611 Fremont, Drayton Plains; or Florence LaVergne, 3912 Crambrook Lane, Waterford; drivers of the vehicles involved were injured.

Judy Rowe, 680 Sashabaw, Orionville was the driver of an automobile which was involved in an accident on Telegraph Dixie Highway December 3. Judy told State Police that she was stopped when a car in front of her's shifted into reverse and backed into her vehicle. The driver of the car that struck Miss Rowe's fled the scene. His car was without a license plate according to Miss Rowe.

Jack Spratt, 6645 Northview Dr., Clarkston, told State Police that he became sleepy and lost control of his car causing an accident in which the auto struck a steel I-beam supporting an expressway sign. The accident occurred on I-75 near Grange Hall Road, December 2.

Inez Burns, 2320 M-15 told State Police that she struck a car driven by Mildred Russell, 4515 Kempf, Drayton Plains, when she reached for a purse that had fallen from the front seat. The accident occurred in the Village of Clarkston

FR. LEO C. CUNNINGHAM, S.J.

Fr. Cunningham Is Dead at 77

Friday, Dec. 3 at Colombiere College in Clarkston for Fr. Leo C. Cunningham, S. J. who died at the College Tuesday, November 30 four days after his 77th birthday.

Fr. Cunningham, who for nearly student counselor at the University of Detroit, was a native of Cleveland where he studied at St. Ignace College and entered the Society of Jesus in 1909 at Florissant, Mo.

He was ordained in St. Louis in 1923. Fr. Cunningham served Indian missions in South Dakota and at Sault Ste. Marie, Mich. He has been at Colombiere College since 1959.

Burial was at Colombiere College.

Surviving are a brother William, and two sisters, Mary and Mrs. Frank Donlon, all of Cleveland.

Arrangements were made by the Shilpe-Govette Funeral Home.

Jaycees Sponsor Toys For Needy

The Clarkston Jaycees are again planning to supply toys for children at Christmas. This program has been very successful in the past. Last year, over 140 children received toys.

A box will be placed in the Clarkston State Bank where local residents may place toys for distribution by the Jaycees. The members will deliver the toys on Christmas Eve. Any resident knowing of deserving children may add the names to the Jaycee list by calling either 625-4041 or 625-2387. Interest in this project runs very high with the Jaycees, and all help will be greatly appreciated.

All residents are urged to provide a toy of nominal value for the children by leaving it at the Clarkston State Bank. If possible, toys should be wrapped and marked on the outside specifying age and whether for a boy or girl.

Legion Plans Christmas Dinner

The annual family Christmas dinner sponsored by the Campbell Richmond Post No. 63 of the American Legion will be held Sunday, December 12, at 1:30 p.m. at Howe's Lanes.

Legionnaires may make reservations by contacting John Lynch, 625-1065 or Art Kelley, 625-1620. Santa will be present with gifts for the children.

Complaints against two Independence Township businesses, who failed to comply to zoning ordinances, were issued by the township board December 2. Named in the complaints were Perry and Jones, 5709 Maybee and Roy Brothers of 6756 Dixie Highway.

Both establishments were given a written notice more than a month ago to inform to zoning 'junk' ordinances before December 1. Yet, scenes such as the one above still mar their properties.

It was noted by Leonard Bullard, Independence Township Building Inspector, that Perry

and Jones have made some effort to conform, having burned many of the junk cars and moving them to a less conspicuous portion of the property. However, they are still in violation of the ordinance. More than 40 junk cars remain on Roy Brothers' property.

Mr. Bullard said that both establishments will be notified to appear before Independence Township Justice Carr concerning the complaints. They will have the opportunity of either pleading their case at that time or having it bound over for circuit court.

'Junk' Yard Turned Down

A request to rezone 15.7 acres of land for the purpose of storing 'junk' cars was officially rejected by the Independence Township Board at a public meeting held December 7.

The decision came nearly nine months after the first official request by Jean J. Roy, proprietor of Roy Brothers, to have a section of land located on White Lake Road rezoned from suburban farms to manufacturing 2.

Roy said he had been counting on the board's approval so that he could conform to junk ordinances which would apply to his M-15 - Dixie Highway business establishment.

"The action of the board came as a complete surprise to me," Mr. Roy stated. "I couldn't imagine the Township Board opposing a

request unanimously approved by their own Planning Commission. I don't know what I'll do now," he added.

The Planning Commission, which consists of nine members appointed by the Township Supervisor and approved by the Board, voted unanimously to accept the 'junk' yard proposal last October 20.

Independence Township Planning Consultant Robert Dieball, advised the commission in a letter dated November 10:

"... A study of the Township was conducted by Mr. Roy, and he felt that this area lent itself to the type of use he proposes. I must agree that this is the most logical site at this time in the township to provide this type of facility and if Mr. Roy is forced to adhere to the many restrictions being placed upon his proposed use, I don't think it would be objectionable, and would recommend the rezoning."

While there had been a great deal of public sentiment concerning the issue, the public meeting was conducted in an orderly manner. Opinions were calmly stated and little emotion was obvious. Approximately 150 interested citizens were in attendance with six of the number showing their approval of the junk yard. The remainder stood in opposition.

Duane Hunsfall, Township Supervisor, who voted against the rezoning, said he felt that Mr. Roy was a local businessman, had a right to make the rezoning request. Hunsfall said he also felt the request was a logical one.

Howard Altman, Township Clerk, also opposing the rezoning presented his three-fold reason for rejecting the plan.

Altman noted that there are presently about 50 junk cars on Roy's M-15-Dixie property, which amounts to approximately one-fifth of an

acre. On that basis 9,000 junk cars or dismantled vehicles could conceivably be stored on the parcel of land in question.

"If the request had been for one or two acres it may have been viewed differently," Altman said.

Altman went on to say that if the request was approved it would leave a small portion of land containing an occupied residence completely surrounded by a district zoned for heavy manufacturing. In the past it has been the policy of the board to prevent isolated areas of opposite zoning to exist.

Altman added finally that if the zoning were approved and the agreement as proposed accepted it would make the township adjacent land owners in order to enforce the restrictions placed upon the operation.

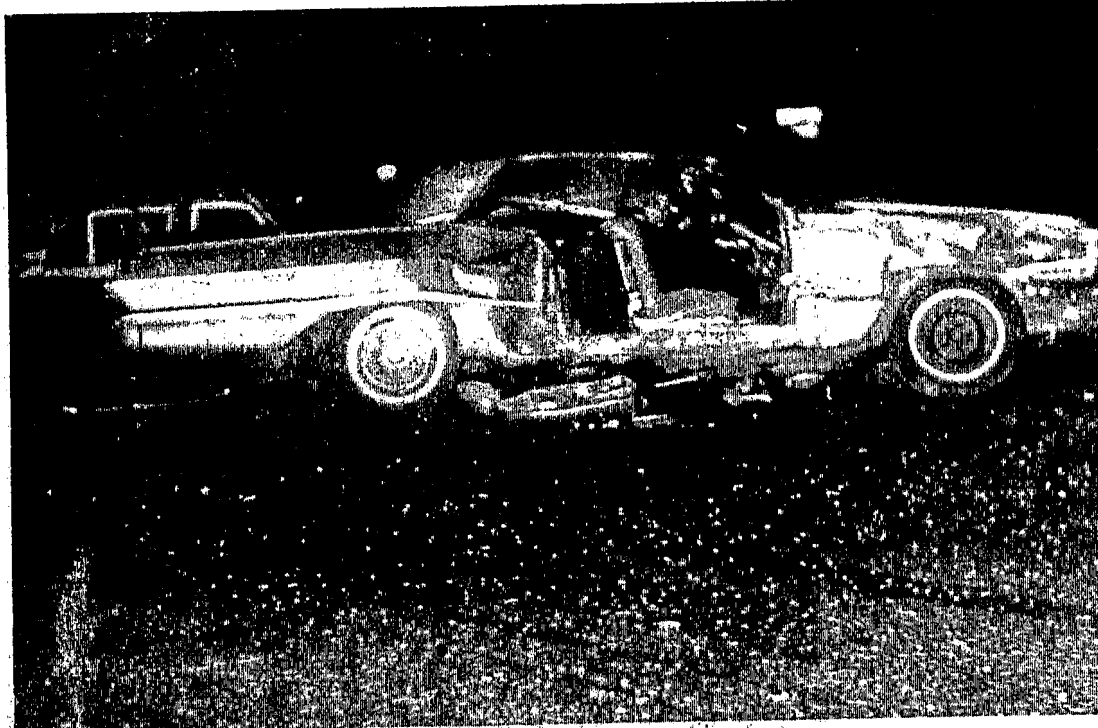

"I would question the advisability of the Township entering into such an agreement," Altman said. Other opposing members of the board were Kenneth Johnson, Township Treasurer, and Merle Bennett, Trustee.

The board arrived at its decision less than an hour after the meeting was called to order.

MacKey Named Edison Manager

The appointment of John D. MacKay to the position of Pontiac customer office manager was recently announced by Harlan Ritze, Oakland division manager of the Detroit Edison Company.

MacKay, formerly staff assistant to Ritze, succeeds John Zeunen, who retired earlier this year. A resident of Rochester, MacKay came to Edison in 1935, and served four years in the U.S. Army Signal Corps from 1941 to 1945.

Death Car. A 5 year old woman passenger in this car lost her life in an accident Sunday.

Methodist Present "Messiah"

Portions from Handel's "The Messiah" will be presented by the First Methodist Church Choirs, Sunday, December 12, at the regular 10:00 a.m. service. This is but one of the many special meetings planned by the church during the pre-Christmas season.

December 15 is another of the holiday special events planned by the Methodist Church. It is sponsored by the Dorcus Circle of the Women's Society.

Women may bring their pre-school children to the meeting. "Christmas Art," is the announced theme and a 'carol sing' will be featured.

12:30 p.m. luncheon to be held

NOTICE

The Township Board of Independence Township will hold a "Public Information Meeting" at the Township Hall, 90 N. Main, Clarkston, Michigan on Tuesday, December 14th at 7:30 P.M. for the purpose of presenting for public discussion the proposed Sanitary-Sewage program of the County and Independence Township.

Howard Altman,
Independence Township Clerk

It snowed yesterday and when it stopped, I walked along the creek in a world of frosty splendor. The woods were hushed in majestic stillness, and I tread softly. A jay screeched overhead, and bending trees shivered stealthily, with squeaking, ice-coated branches. The falls at the curve of the creek stood immobilized with hoarfrost and icicles, but bending near I heard soft and surely the murmur of the moving creek beneath the icebound surface.

It came to me, how like that creek, my faith has been. At times this faith has been covered by rimes of doubt and selfishness. Often it has been embittered by anguish and despair. But always under that glacial exterior there coursed a stream of consciousness that knew no turning from God—and the things I had been taught from childhood.

How glad I am my parents took me to church and brought me up with such a sure knowledge of God's love that it sustained me even when I tried to turn from His ways.

THE CHURCH FOR ALL ALL FOR THE CHURCH

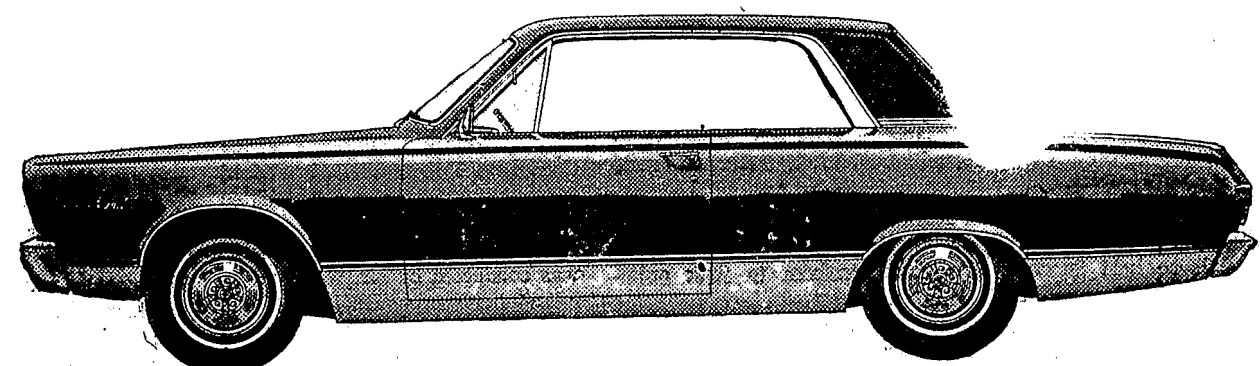

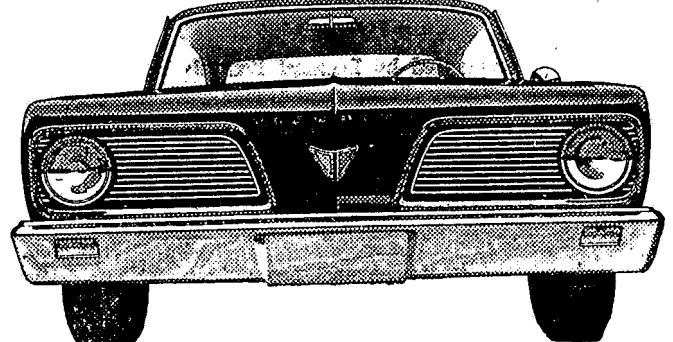

The Church is the greatest factor on earth for the building of character and good citizenship. It is a storehouse of spiritual values. Without a strong Church, neither democracy nor civilization can survive. There are four sound reasons why every person should attend services regularly and support the Church. They are: (1) For his own sake. (2) For his children's sake. (3) For the sake of his community and nation. (4) For the sake of the Church itself, which needs his moral and material support. Plan to go to church regularly and read your Bible daily.

By Mrs. Shirley Lynch
Maple 5-1065

Last Saturday eight guests enjoyed supper with ice cream and birthday cake at the home of Mr. and Mrs. Jackson Byers on Middle Lake Rd., to help Raynette celebrate her 8th birthday.

Louis Seffine of Waldon Rd. was one of the hunters from this area who brought back a deer.

Stener Jackson of Midway, Ohio, has returned home after spending several weeks with relatives in the Clarkston area. Mr. Jackson was a resident of Clarkston several years ago.

Mr. and Mrs. Larry Gehrke and family of St. Clair Shores were the dinner guests of the Robert Kloe family Sunday. It was a special occasion for Mark Kloe who

was 7 years old Dec. 7. Birthday cake and ice cream were the treat for the day.

Mr. T. J. O'Rourke of Snowapple is a patient at Pontiac General Hospital where he is recovering from surgery. He will be there for another week. His room number is 541.

A birthday party for 7 year old, Kirk Baumann, who's birthday was Dec. 6 was held Saturday at the home of his parents, Mr. and Mrs. W. E. Baumann of Pear St. Games followed by ice cream and cake were enjoyed by guests, LuAnn Klamm, Steven Yagess, Erich Braun, and Mark Eloc.

The Frank Glowzinski family has moved from their home on Plum Dr. to a new home on Warbler. Former neighbors gave them a house warming party at their new home recently presenting them with a lovely gift for their home.

A family dinner will be held at the home of the Louis Seffine's on Waldon Rd. Thursday evening to celebrate their son, Chris's birthday Dec. 9. Chris' grandparents will be in town on his 9th birthday.

Mr. and Mrs. Viam Lang of Sashabaw Rd. had as their guests for the weekend, Mrs. Lang's parents, the Edward Smithley's of Long Beach, California. The family had a short reunion before the Smithley's proceeded to New York where they will spend a few weeks before flying to Europe. 27c William Smith returned to his base at Camp Knobel after

spending the weekend with his parents Mr. and Mrs. Cecil Smith on Eastlawn.

Barbara Kidd was two years old Dec. 7 and to celebrate the occasion a family dinner was held with Barbara's six sisters and brothers helping her, eat her birthday cake and ice cream. Barbara's parents are the Charles Kidd's of Ortonville Rd.

Capt. and Mrs. Paul R. Kempf with their three children have left for Forbes Air Force Base Topeka, Kansas where he is now stationed. They enjoyed a ten day visit with Mr. and Mrs. Robert Kempf of

Plum Dr. Mr. and Mrs. Alfred Keuzer, Joyce Keuzer of Drayton Plains, Mrs. Elmer Thorpe, and Mrs. Jerry Staley and children of Pontiac were guests Saturday evening at the home of Mr. and Mrs. Stanley Roosa of Eastlawn. It was a special evening for Douglas Roosa for they celebrated his sixth birthday which was Dec. 4.

Mr. and Mrs. J. O. Warren of Owosso and Mrs. Richard Steiner of Midland were guests Sunday at the home of Mr. and Mrs. John J. Lynch of Eastlawn Ave. The Warrens are Mrs. Lynch's parents and sister of Mrs. Steiner.

Ford Dealers sell more Used Cars than anybody else in these parts.

There must be a reason.

(Like this 3-Way Guarantee, for instance!)

1 Serviceability Guarantee... Your Ford Dealer has inspected, road-tested and, when necessary, re-conditioned every A-1 Used Car or Truck and guarantees that it is in serviceable condition.

2 First-Month Guarantee... Under this guarantee your Ford Dealer, for the first 30 days (or 1,000 miles), will give a 50% cash discount from his regular retail price on any repairs he makes that are necessary to keep your car or truck in serviceable condition. (Except for tires and tubes, glass, or radio. And, of course, except in case of accident or abuse.)

3 Two-Year Guarantee... Under this guarantee your Ford Dealer, for an additional period of two years, will give a 15% cash discount from his regular retail price on any repairs he makes that are necessary to keep your car or truck in serviceable condition. (Except, of course, in case of accident or abuse.)

Santa will visit many children in our town Vietnam via Miss Jill Winterle's third grade class at Bailey Lake School. Packing puppets and dolls, which the youngsters fashioned from socks, are (left to right) Daryl Cohou, Susan Cowling,

Ronald Coners, Tim Johnson, and Mary Fall. The package will be sent to Miss Winterle's brother, stationed at DaNang, for distribution among the needy children.

Know Your Michigan Law

By Attorney General, Frank J. Kelley

(This is a public service article explaining in general terms a provision of Michigan law. Individuals who wish to determine the effect of any law upon their private legal affairs should consult a private attorney.)

Who has the responsibility of looking after the estate of a person who dies without a will, leaving no known heirs? Most states, including Michigan, have a State Public Administrator, who is the official responsible in such situations and who has jurisdiction to arrange the funeral and collect and protect the assets of the deceased.

In Michigan, the Governor appoints the State Public Administrator upon the recommendation of the Attorney General. The post must be filled by appointment of an Assistant Attorney General. In turn the State Public Administrator is empowered to appoint local County Public Administrators who he supervises in the handling of such estates of deceased persons.

The County Public Administrator under the jurisdiction and direction of the local probate judge arranges the funeral, collects and marshals the assets of the estate; pays all valid claims, debts and charges. When his final account is filed with and approved by the probate judge, he turns over the residue of the estate to those who have properly established that they are heirs of the deceased.

In the absence of proven heirs claiming the estate, the remainder is escheated to the state of Michigan. In the event that heirs are subsequently discovered or subsequently make claim for the property, they may obtain the amount escheated by presenting proofs.

Judith Leach Becomes Bride of Arnold J. Collins

Judith Ann Leach became the bride of Arnold J. Collins at the Waterford Community Church, Saturday, November 27, before an altar banked with white gladioli and mums. Rev. Robert Winne performed the double-ring candle-light service.

The bride's parents are Mr. and Mrs. Norman Leach of 9431 W. P. Shores. Parents of the bridegroom are Mr. and Mrs. Julius Collins of Clarkston.

The bride wore a lace gown complimented by a crown of seed pearls. She carried a bouquet of white carnations and yellow roses.

Mrs. Howard Collins, the bride's

single attendant, chose a powder blue brocade gown. Her bouquet was blue carnations and white roses.

Serving the bridegroom as best man was the matron of honor's husband, Howard Collins. James Pettaprim, Randall Lochlar and Dennis Leach seated the guests.

The mother of the bride chose a royal blue knit dress complimented by matching accessories. Her corsage was of white carnations.

The senior Mrs. Collins selected a green brocade dress for her son's wedding. Beige accessories and a corsage of white carnations complimented the effect.

A reception at the Italian American Club in Pontiac followed the ceremony. Out of town guests came from Ohio, Detroit, Roseville, Warren, Riverview, Pontiac, Riverdale, Livonia, Plymouth, Union Lake, Lake Orion, Mancelona, St. Louis, and Madison Heights.

Following a northern honeymoon the newlyweds will be at home at Wendiate Drive in Waterford Township.

Both the bride and her groom are Clarkston High School graduates.

Family Service Will Provide Play For Organizations

Mrs. Fred D. Hendrick, Jr. of Birmingham announced today that Family Service of Oakland County is ready again to provide to PTA's and churches in Oakland County a program that is unique and educational. The agency has available, through the co-operation of 5 Community Player Groups in Oakland County, a play written by the professional playwright Nora Stirling, which does focus the audience attention on marital adjustment, child behavior problems and on problems faced by individuals in their later years.

This is the 4th year that the agency has offered such a program to communities. This type of family life education program was initiated by the Family Service Association of America, Plays For Living Division, whose honorary

chairman is Katherine Cornell. Other member agencies, like Family Service of Oakland County, have developed specialized programs.

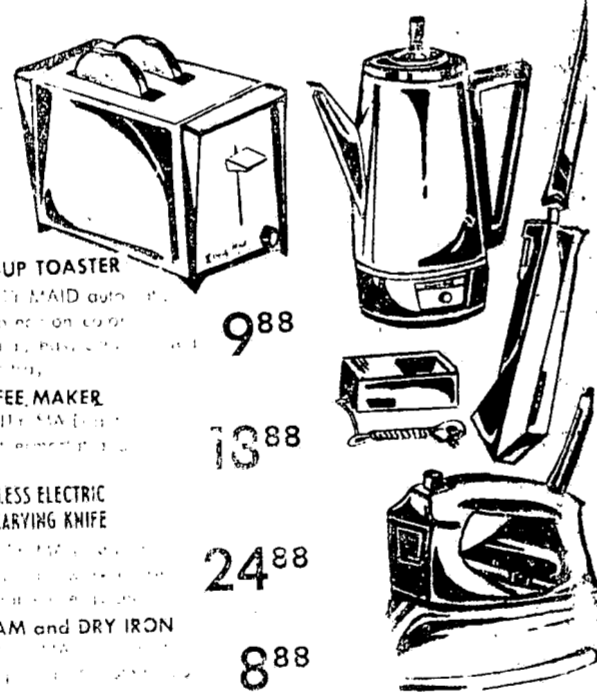

Mrs. Hendrick, representing the Junior League of Birmingham, is the chairman of the agency's Plays For Living Committee. The following are representing their group serve with her: Mrs. Albert Flemming of Lathrup Village represents Ridgedale Players; Mrs. Stanley Richmond of Royal Oak represents Royal Oak Civic Theatre; Mrs. Richard O'Reilly of

Birmingham represents St. Dunstons; Mrs. Joseph Neal of Bloomfield Hills represents the Village Players; John M. Dorsey Jr., M.D., President of the agency, stated that without the dedication and voluntary effort of these groups, this type of program, which is aimed at prevention of problems, could not be offered to the community. These groups will cover the following areas: Berkley, Birmingham, Bloomfield Hills and Township, Clawson, Ferndale, Hazel Park, Madison Heights, Oak Park, Pontiac and Pontiac Township, Royal Oak, Southfield, Troy, Waterford.

It is suggested that if anyone is interested in further information, that they contact Paul Yutz, staff member in charge of the program, at 548-8411.

Area Deaths

CHARLES W. CORBETT
Charles W. Corbett, 64, of 6095 Cramlane Dr. Clarkston, died December 3 in the Illinois Central Hospital, Chicago, after an illness of two weeks. He was a section hand for the Illinois Central Railroad.

Surviving are his wife, Mary; three children, Ronnie of Clarkston and Bobby and Mrs. James Biggs, both of Orion Township.

Also surviving are eight grandchildren and a brother, Carrel of Wadesville, Ind. and a sister, Vena Radica of Linnwood, Calif.

Services were held Tuesday, December 7 at the Sharpe-Goyette Funeral Home. The Rev. George Smith officiated with interment in White Chapel Memorial Cemetery.

FRANK J. MORAVEK

Service for Frank J. Moravek, 72, of 5024 Sashabaw, Clarkston, was held Tuesday, December 7, from Coats Funeral Home in Pontiac with burial in White Chapel Memorial Cemetery. Dr. Milton

H. Banks officiated. Mr. Moravek who was born in Thief River Falls, Minn., died suddenly December 4.

He was a member of the Central Methodist Church of Pontiac, Oakland County Barracks No. 49, Veteran of WWI, and a member of 1317 VFW.

He is survived by a brother William Moravek of Aberdine S. Dakota, and a sister-in-law, Mrs. Joseph Moravek of Eveleth, Minn.

PAUL GABER

Service for Paul George 'Shorty' Gaber, 65, of 9820 Sashabaw Road, Clarkston, was held December 9, from Coats Funeral Home in Pontiac with burial in Lakeview Cemetery. Officiating minister was Meyers Sline.

Mr. Gaber died December 5 of injuries sustained when he was struck by a car December 3.

Employed as an expeditor for General Motors Truck and Coach, he was also a life member of the Oakland County Sportsman Club. He is survived by his wife, Margaret.

There's more to Chrysler's popularity than meets the eye. Like under the hood.

AUTHORIZED DEALER CHRYSLER MOTORS CORPORATION

Every Chrysler is a big V-8. Starting with the husky 383 cubic incher that runs on regular gas. Or any of three others - up to the 440 TNT engine.

Of course, the way every Chrysler is built has a lot to do with its popularity, too. And think of all the protection you get.

As for looks, come in and give Chrysler a long, hard look. The move up to Chrysler is beautiful. CHRYSLER '66

If you're ready to move up... we're ready to make it easy.

BILL SPENCE, INC. 6673 Dixie Highway at M-15 Clarkston, Michigan

Township Adopts Ordinance No. 50

An Ordinance for the regulation and licensing of Junk Yards and premises or establishments for the storage, dismantling, wrecking or disposing of junk refuse materials in the Township of Independence, Oakland County, Michigan and/or automobiles prescribing rules and

regulations thereof and providing for penalties and violations of this Ordinance.

THE INDEPENDENCE TOWNSHIP BOARD ORDAINS AS FOLLOWS:

Section 1. No person, firm, individual, corporation, association, partnership or society shall, after the effective date hereof conduct within the geographical limits of the Township of Independence a "Junk Yard" as herein described

without first obtaining a license from Independence Township Board so authorizing such conduct or operation.

Section 2. DEFINITION: Junk Yard as defined within the terms of this Ordinance shall be any area used for the storage, keeping or abandonment, of scrap materials or other refuse for the dismantling, demolishing or abandonment of automobiles or other vehicles or machinery or parts thereof; any

premises where worn-out or discarded material is bought, kept and/or inoperable vehicles or trailers are kept or stored for a period of 15 days or more.

Section 3. LICENSE APPLICATION: Before any license as required by Section 1 is granted, an application shall be made to the Independence Township Clerk, upon forms to be provided by said Clerk to the applicant. Said application shall be in writing and under oath which shall include among other things the following information to wit:

(a) A drawing, diagram, blueprint, and/or sketch of the premises involved showing the proposed site location, all buildings on the premises or to be erected thereon, and all adjacent structures to the premises, said drawing, sketch, diagram and/or blueprint shall be drawn to scale. Said application shall be accompanied by deposit of the required license fee, in cash or certified check, which fee in the event said application shall be denied, shall be returned by the Clerk to said applicant.

Section 4. All premises or establishments and operations as defined herein coming within the scope of this Ordinance shall: (a) be located in an area zoned as manufacturing 2 district (M2) reference hereby being made to Independence Township Rural Zoning Ordinance.

(b) conduct all operations of such business between the hours of 8 A.M. EST and 6 P.M. EST only, and no such business or operation shall be conducted on Sundays.

(c) Such establishment and/or operation shall be enclosed within an 8 foot, well painted board fence of solid construction, said fence to have 2 (two) entrances or exits only; both plainly visible from the road or highway on which such establishment or premises is located, such entrances or exits to have gates of same construction and equal height as the fence.

(d) GREENBELT: Such an establishment or business shall provide for a greenbelt between the fence of such business or establishment and road or adjacent premises as follows: Said greenbelt shall consist of not less than two (2) rows of four (4) foot high evergreens, check rowed, and so planted that with normal growth they should in two (2) years attain sufficient density to form an effective barrier between two zones or abutting properties of dissimilar use.

In the event that weather or seasonal conditions prevent transplanting of such trees, cash or certified checks shall be deposited with the Township of Independence

in an amount to be established by the Building Inspector to insure compliance with this provision. The landowner shall, by means of an effective agreement authorize the Township of Independence upon failure to complete transplanting within one year of application for permit, to commence and/or complete same and utilize the funds so deposited to defray expenses of such transplanting. Excess funds, if any shall be returned to the depositor upon completion of transplanting by the Township. It shall be the responsibility of the property owner to maintain said Greenbelt for its original intent and purpose.

(e) Junk, automobiles or other scrap material and/or refuse material shall be piled no higher than the height of the required fence.

(f) No portion of land other than that enclosed by the prescribed fence and/or greenbelt shall ever be used for storage or junk yard operation.

Section 5. Every such establishment or place shall be under the personal direction and supervision of some person of good moral character and who shall have never been convicted of a felony nor a misdemeanor involving moral turpitude.

Section 6. No such place or establishment shall be located within 300 feet of any other building unless such building be used for manufacturing purposes only or unless such building is owned by the owner or owners of said junk yard and/or automobile dismantling place.

Section 7. That all licenses coming within the scope of this Ordinance shall keep a separate set of books open at all times for inspection by the Independence Township officers or any police officers of the State of Michigan or any Michigan municipal corporations including counties, cities, townships, and villages. Such books are to be kept in the English language and shall set forth every article purchased with a separate number for each article, the price paid, and from whom purchased, with a description of the person from whom purchased and all articles purchased shall be numbered, such number to correspond with the number set forth in such books. All articles purchased shall be retained at least fifteen days before resale unless purchased from a person, firm, association or corporation having a fixed place of business.

Section 8. That the licensee shall at least once per month, prepare and mail to the Independence Township Supervisor and the Commissioner of the Department of Public Safety at East Lansing, a

sworn statement of all purchases made by said licensee in the previous month.

Section 9. DANGEROUS OR OBJECTIONAL ELEMENTS:

(A) No land or building located on a premises licensed hereunder shall be operated in such a manner so as to create any dangerous, injurious, noxious or otherwise objectionable fire, explosive or other hazard; noise or vibration, smoke, dust, dirt or other form of air pollution; electrical or other disturbance; glare; or other substance, condition or element in such amount as to adversely affect the surrounding area or premises (referred to herein as "dangerous or objectionable elements") provided that any use permitted herein may be undertaken and maintained if it conforms to the regulations of this section limiting dangerous and objectionable elements at the specified point or points of the determination of their existence.

(B) LOCATION WHERE DETERMINATIONS ARE TO BE MADE FOR ENFORCEMENT OF PERFORMANCE STANDARDS. The determination of the existence of any dangerous and objectionable elements shall be made at:

(1) The point or points where such elements shall be most apparent for fire and explosion hazards, for radioactivity and electrical disturbances, for smoke and other forms of air pollution.

(2) The property lines of the licensed premises hereunder.

(C) STANDARDS TO BE ENFORCED.

(1) FIRE AND EXPLOSION HAZARDS: All activities involving all storage of, inflammable and explosive materials shall be provided with adequate safety devices against the hazard of fire and explosion and adequate fire-fighting and fire suppression equipment and devices standard in this industry. Burning of waste materials in open fires is prohibited. The relevant provisions of State and local laws and regulations shall be complied with.

(2) NOISE: At the points of measurements specified in subparagraph (B) immediately above, the maximum sound pressure level radiated in each standard octave band by any use or facility (other than transportation facilities or temporary construction work) shall not exceed the values for octave bands lying within the several frequency limits given in Table 1 after applying the corrections shown in Table II.

The sound pressure level shall be measured with a Sound Level Meter and associated Octave Band Analyzer conforming to standards prescribed by the American Stan-

dards Association, Inc., New York, N. Y. (American Standards Sound Level Meters for Measurement of Noise and other Sounds, 224.3-1944 American Standards Association, Inc., New York, N. Y., and Analysis of Noise and other Sounds, American Standard Specification for an Octave-Band Filter Set for the 224.10-1953, or latest approved revision thereof, American Standards Association, Inc., New York, N. Y. shall be used.)

TABLE I Frequency Ranges containing Stand. and Octave Bands and Octave Bands Level in Decibels Re: 0.0002 ond

TABLE II Type of Location of Operation or Character of Noise

other odorous matter in such quantities, as to be readily detectable at the property line of the premises licensed hereunder from which they are emitted without instruments as herein before defined.

(3) OTHER FORMS OF AIR POLLUTION. No emission of fly ash, dust, fumes, vapors, gasses and other forms of air pollution shall be permitted which can cause any damage to health, to animal, vegetation, or other forms of property, or which can cause any excessive soiling.

Section 10. INSPECTION BY TOWNSHIP OFFICIALS. It shall be a condition of all licenses issued hereof, that the operation and facilities be at all times subject to inspection of duly authorized officials of said Township.

Section 11. TERM OF LICENSE. All licenses issued hereunder shall expire the 31st day of December following the issuance thereof.

Section 12. FEES. The fee for issuance of any such licenses shall be to wit: One Hundred and 00/100 dollars. Said fee shall be payable to the Independence Township Treasurer at the time of applying for said license.

Section 13. SEVERABILITY. If any section, provision, phrase, or word of this Ordinance shall be held void, ineffective or unconstitutional by a Court of Competent jurisdiction, then such finding shall not affect the validity of the remaining sections, provisions, phrases, or words hereof.

Section 14. PENALTY. Any person, firm, corporation, partnership, Association, or society that violates any of the provisions of this Ordinance shall be deemed guilty of a misdemeanor and upon conviction thereof, shall be subject to a fine of not more than One Hundred and no/100 (\$100.00) Dollars and/or confinement in the Oakland County Jail for a period not exceeding 90 days or both. Each act committed in violation of the provisions hereof shall be deemed a separate offense and shall be punished accordingly.

Section 15. EFFECTIVE DATE. Independence Township Ordinance No. 50 adopted on the 30th day of November, 1965 to become effective on the 8th day of January, 1966.

Moved by Bennett supported by Johnson that the Township of Independence adopt Township Ordinance No. 50 an Ordinance for the Regulation and Licensing of "Junk Yards" and premises or Establishments for the storage, dismantling, wrecking or disposing of junk, refuse materials and/or automobiles.

Roll: Hursfall yes, Altman yes, Johnson yes, Bauer yes, Bennett yes.

STATE OF MICHIGAN IN THE CIRCUIT COURT FOR THE COUNTY OF OAKLAND

Walter C. LaPort, Plaintiff versus Maryann L. LaPort, Defendant.

On the 19th day of November, 1965, an action was filed by Walter C. LaPort, Plaintiff, against Maryann L. LaPort, Defendant, in this court for absolute divorce.

It is hereby ordered that the Defendant, Maryann L. LaPort, shall answer or take such other actions as may be permitted by law on or before the 13th day of January, 1966. Failure to comply with this order will result in a judgment by default against such Defendant for the relief demanded

in the Complaint filed in this Court.

SPORTS

By Mel Vaara

CLARKSTON OUTLASTS BRIGHTON 70-59.

In a game marked with extreme roughness, Clarkston subdued the Bulldogs from Brighton 70-59. The game was closer than the score indicates as Brighton was behind by only two points when the score read 55-53.

Brighton is a difficult gymnasium in which to play a game of basketball. The ceiling is low, as is the lighting and four steel pillars which are very close to the playing floor. So any time a team defeats Brighton on their gym they

have won a well earned victory. I remember when a Dom Mauti coached team was rated 8th in the State "class B" with an 11-0 record before Brighton lowered the boom on Clarkston. Last year Brighton defeated the Wolves, but then they played in the Wolves Den, they were hammered by 35 points.

I was appalled as to the roughness of the game. Some writers call the Wolverines of Michigan "down bloody nose lane" - However, one would have to say this game was at least equal to the task.

Not too many fouls were called,

as it wasn't until the fourth quarter when both teams had numerous opportunities at the free throw strip. Brighton failed on their attempts and Clarkston cashed in on the opportunity. In the fourth quarter Fife hit on four out of four, Mark Richard, three out of four, Al Nicolson two for two, Mike Schwitzer had one, and Rod Allen had one, for eleven out of nineteen. Brighton hit on four out of twelve.

Clarkston led throughout the ball game and at one point had a 13 point lead. But, Brighton, led by their big boy Bruce Evanson, fought back and in the second

half cut the margin to two points. However, he scored 22 points in the For some strange reason Evanson didn't play in the first quarter. The one-two punch for Clarkston

were Dan Fife and Rod Allen. Fife led all scorers with 31 points, 22 coming in the first half. Fife hustled all over the court grabbing for loose balls. One time he was a little over zealous in his attempt to go after a loose ball and almost left his head on one of the pillars in the gym. Rod Allen played a very steady game and dropped in 19 points. Mark Richards added seven points, all of them coming in the last five minutes of play. King Robinson, a surprise starter, added five more, but had to leave the game in the third quarter when a Brighton boy drilled him to the floor earlier in the game. Tom Allen also had five points and played

a smart floor game. Nicolson and Schwitzer had 3 points together, but I thought they did a fine job as defensive replacements. The Brighton Junior Varsity de-

feated Clarkston Junior Varsity 60-53. Rich Johnson poured in 20 points and Freshman Eric Hood was second high with 14 points.

OPEN DAILY 9 TO 9

Area children will be the benefactors of the Drayton-Waterford Kiwanis Club's annual sale of Christmas trees. Each year the money received from this project is given to children's organizations.

The Christmas trees will be offered beginning Saturday, December 11 and will continue until

Christmas. The sale will be held on the lot adjoining Tenuta's Foodland located at 3515 Sasshaw, Drayton Plains.

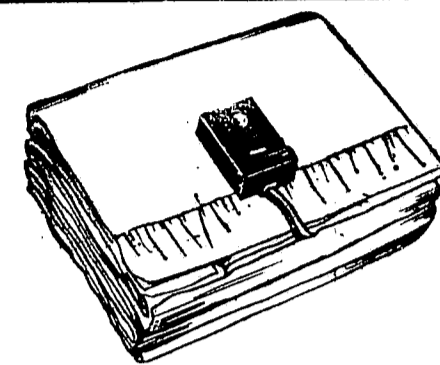

Pictured cutting a tree for the event are (front left to right) Westley Steward, and Earl Hawke, (back) John Yungk and Gerald De Wees.

College News

The first concert of the fall semester to be given on campus by the University Choir of Western Michigan University is scheduled for Thursday, Nov. 18, at 8:15 p.m. in Kanley.

A Clarkston resident, Mary Hukley, is a member of the choir.

The program by the 35-voice choir under the direction of Thomas C. Hardie, Assistant professor of music, will be open to the general public free of charge.

Within the next month, the singing group will also take part in the annual Christmas Assembly on Dec. 12 in Central High School auditorium, as well as frequent appearances before high school audiences throughout the state.

Hunting on another man's land is a privilege, the Conservation Department reminds sportsmen. Abuse of that privilege has but one result -- loss of a place to hunt.

PACEMAKER

It's warm . . . warm . . . warm . . . and completely waterproof! American-made all rubber boot for children and juniors has inside snow-shedding cuff . . . jiffy no-snap adjustable strap closure at top . . . easy for little fingers. Prices to appeal to family budgets.

More people buy Chevrolets? **Yes!**
Than any other make car? **Yes!**
Any other? **Yes!**
There must be reasons. **Sure!**
Name ten. **OK:**

- All these comforts are available: steering wheels that tilt or tilt and telescope; AM/FA Multiplex Stereo radio, first ever offered in cars; and Strato-bucket seats (to give you just a sampling).
- Comforton automatic heating and cooling you can order—Just dial the temperature and turn it on; Comforton automatically keeps you comfortable no matter what the weather outside.
- More engine choices—the widest horsepower range available: the 425-hp Turbo-Jet V8 in Chevrolet and Corvette to a 90-hp Four in Chevy II.
- Body by Fisher—Craftsmanship by the world's best known coachmakers with everything from luxurious interiors to the long luster Magic-Mirror acrylic lacquer finish.
- Self-cleaning rocker panels flush out salt and other corrosives with rainwater, dry themselves with outside air—another way Chevrolet takes extra care so you needn't bother.
- A hushed and gentled ride with body mounts designed to isolate vibration better and shock absorbers matched to body style—coupe, sedan, convertible, wagon.
- America's only rear-engine car, Corvair, with more weight over the driving wheels where you need it and less on the steering wheels where you don't.
- America's only true sports car, Corvette, with fully independent suspension, four-wheel disc brakes, and engines you can order up to 427 cubic inches.
- Higher resale value—Chevrolets traditionally are worth more at trade-in time because more people want Chevrolets . . . new or used.
- All these safety features standard now: seat belts, front and rear; padded dash and sun visors; outside mirror (use it always before passing); shatter-resistant inside mirror; 2-speed electric windshield wipers for better visibility in a downpour; windshield washers; back-up lights.
