

Summer Reading Program Planned for Clarkston

Mrs. Genevieve Van Roer, Reading Improvement Co-ordinator, is preparing to offer qualified students as many conveniences as possible in this summer reading improvement plan.

One such convenience will be the holding of a reading improvement class in each of the five Clarkston Elementary Schools, plus a class on the Junior and Senior High level.

The children will not be required to attend classes at their present school.

Teachers will decide, after testing, which children will receive the most benefits from this summer program. Upon notification from the teacher, parents may then enroll the child at the principals office.

Offered without charge, the six weeks course will begin on June 20 and run thru July.

There will be two morning classes, five days a week. The first will begin at eight and last until

ten. The second will start at ten fifteen and end at twelve fifteen.

Student-teacher ratio is expected to be on a ten to one basis. The smaller group size is one of the biggest advantages to the student.

Bus transportation will not be available.

If classes of sufficient numbers are requested, the subjects of math and science will also be added to the summer educational program. There will be a \$15 charge for these specially formed groups.

It is hoped that the summer teaching will provide an inservice program for the teachers, with instructors coming from one of the Universities.

Repeating his previous summer efforts will be speech correctionists, Jack Hayden.

A limited number of preschool and kindergarten children will be accepted for this summertime assistance in speech correction.

Action Taken on Beating Incident

Township Makes Move

Tuesday evening (March 29) at a special board meeting, Supervisor Duane Hurstfall instructed township board members that he wished to

Vote is Monday On Annexation

Brandon residents will go to the polls Monday to cast their vote for or against annexation.

Although, through annexation, they will become a part of the Clarkston Community Schools system, the names of the Brandon schools will remain the same.

School board officials from both districts feel the two systems could work more economically as one larger organization.

"clear the air" on the incident believed to have taken place at Manzella's Lounge on Dixie Hwy. a little over a week ago, in which a local man was severely beaten.

The resolution Mr. Hurstfall requested calls for Nick Manzella and John Adams to appear next week on Wednesday, April 6, 7:30 p.m. before the Independence Township Board.

"The law provides for a hearing on the matter, and I am exercising that right so that the people involved may make a formal statement. After all, the township board does have some control and responsibility toward a class 'C' licensed business.

"At this time I anticipate nothing more than hearing both sides of the story", said Mr. Hurstfall.

The regular Independence Township Board meeting will be held Tuesday evening April 5.

Area Residents Angry

Last week the citizens of Clarkston and Independence Township responded to a situation described as an unfortunate misunderstanding.

Their response to the treatment of Mr. and Mrs. John Adams in Manzella's Lounge on the night of March 18 reflects their concern as a community that such an occurrence should never be repeated.

Here is just one letter we received.

To The Editor:
The Editor of the Clarkston News

is to be commended by the responsible citizens of our Community for the article which appeared in the March 24th issue regarding the savage and uncalled for attack on a local citizen by the Manzella Brothers who own and operate a Bar on U.S. 10 near Deer Lake Road.

It would seem that a very serious and undesirable element has moved into the community, the contempt and apparent irresponsible character of the Manzella establishment is something Clarkston can do without.

The revolting conduct of the Manzella Brothers should stand in full view of public criticism and protest for their savage beating of a local youth who could very well have died from the beating and in the presence of his wife and friends.

The finger of Society often points to guilt, let the hand of justice administer a due reward to Nick and Tony Manzella and let us pray that the cowardly attack on John Adams is the beginning of the end for their business in our area, and for the good of others, anywhere else.

"Concerned"

Astronaut Anders to Speak at Oakland U.

Astronaut William A. Anders will speak at Oakland University on April 5 in a special conference open to both adults and students in the area. The "Mankind in Space" program will be held from 10:30 a.m. until noon in the Gold Room of Oakland Center on the University campus.

Appointed by NASA in October of 1963 to the third group of astronauts in training for the manned Gemini and Apollo space flights, Captain Anders had logged over 2200 hours flying time before being assigned to special duties as a nuclear engineer and instructor pilot at Kirtland Air Base. Born in Hong Kong, he was graduated from the U.S. Naval Academy at Annapolis

and received his masters degree in nuclear engineering at the U.S.A.F. Institute of Technology, Wright-Patterson Air Force Base.

In active astronaut training at the present time, he specializes in environmental control systems, radiation shields and thermal control. His talk on the U.S. Space Program will be presented by Oakland University, Michigan State University and the University Center for Adult Education in cooperation with the National Aeronautics and Space Administration.

Although the program is free of charge, those planning to attend should contact the conference department, Mott center, Division of Continuing Education, Oakland University, so that seating arrangements may be assured.

Millions Meet

Deadline Date

Michigan counted more than 3 1/2 million vehicles registered during the rush period which ended February 28, in a sale that was described by Secretary of State James M. Hare as "remarkably smooth with few major complaints or problems."

Reflecting the "rush" period was revenue received through March 8 when a total of 3,501,339 vehicles had been registered. This was an increase of 148,000 over the same date a year ago.

Hare said that his offices reported sales during the final days as "going smoothly for the most part." Some lines were reported.

The Secretary of State said it would be some time before he would have a complete tabulation on the Motor Vehicle Accident Claims Fund and how many uninsured drivers there are in Michigan.

Hare estimates that there are possibly 150,000, but the exact number must wait for a final count.

The final phase of this two-session program is scheduled for April 19 when Dr. Richard Lesher, Deputy Administrator for Technology Utilization, NASA, will discuss "The Impact of Space on U.S. Industry."

United Fund Makes Annual Awards

Pine Knob Resort will again be the setting for the Pontiac Area United Fund's Annual Awards Tea. The affair is slated for April 21 and will honor volunteers of the 55 agencies which make up the United Fund. Starting time is 1:15 P.M.

This year, over 160 men and women, including several from Clarkston and Independence township, will be receiving certificates and engraved plates denoting their years of service to agencies or committees.

Mrs. James Cowen, who served as Independence Women's Chairman in last Fall's campaign, will be co-chairing tea table arrangements along with Mrs. Francis McMath of Birmingham. Co-chairmen of the affair are Mrs. Paul Gorman of Pontiac and Mrs. J.D. Boardman of Waterford township.

Other area ladies assisting in preparations are Mrs. William J. Freymuth, invitations; Mrs. Adrienne Ish, decorations; Mrs. William G. Wright, program, and Mrs. Richard Veazy, publicity. Mrs. John Bills and Mrs. Traver Miller, both of Waterford township, are in charge of hostesses.

Speaker for the event is Elinor K. Rose of Royal Oak, syndicated poet, writer and author of "Sugar and Spice" and "Relax, Chum", whose topic is "Once Over Lightly".

The awards will be presented by Mrs. Merrel D. Petrie, Women's division chairman, and Virginia Loveland of the United Fund's staff. Also assisting will be Ted Pearson, Jr., of Oxford, who will be serving as master of ceremonies.

The affair, which is expected to attract over 200 from the Pontiac area, township and southern Oakland County, is being sponsored by Pontiac State Bank.

Seven students from the Bailey Lake Elementary School take a camera break. They are part of the Reading Improvement Program in the school, which is in its third week.

The students are left to right: John Winter, Penny Abbott, Mary MacLeod, Joan Miller, John Van Dyke, Steve Flannigan and Billy VanCurler.

Mr. Swanson, the instructor, finds the smaller group makes it much easier for him to help each student on an individual basis.

Easter Week at The Pontiac Mall

Easter-centered exhibits will be displayed in the Mall concourse prepared by churches of the Pontiac and Oakland County area. These will include various settings of paintings, ceramics, stained glass, posters, Scriptures, films and Biblical scenes.

According to Reverend Robert H. Shelton, First Baptist Church of Pontiac, the purpose of these displays is to confront the general public with the fact of Jesus Christ, His Crucifixion, and His Resurrection.

An Easter Cantata, "No Greater Love" by John Peterson, will be sung in the Pontiac Mall by the Greater Pontiac Evangelical Ministers' Fellowship Choir. The Cantata will be sung between 7:00 p.m. and 8:00 p.m. on Saturday, April 9.

Musical Director, Rev. James DeGraw, Music Director of Sunnyside Chapel, Pontiac.

To Investigate Misuse of Phones

S. Jerome Bronson, Oakland County Prosecutor, today revealed an area-wide investigation of the fraudulent use of telephone facilities.

Mr. Bronson stated, "based upon information supplied to our office by the District Manager of the General Telephone Company, it is very evident that pranksters are intentionally making long distance calls to parties unknown to themselves and then charging the costs to others. Such charges are wrongfully made through the giving of false information to long distance operators. This practice, by members of the community, results not only in a monetary loss to the telephone companies, but also great inconvenience and embarrassment to the innocent parties involved."

"It is the intention of our office to implement efforts in the apprehension and prosecution of the parties involved under the appropriate state statute. Convictions could result in 90-day jail sentences, and/or \$100 fines. Parents are particularly urged to discuss this matter with their children and explain the seriousness of this offense."

Groups Benefit From Town Hall

"Pontiac Oakland Town Hall Inc. is an organization composed of all volunteer help for the purpose of promoting and encouraging educational and cultural activities in Pontiac and Oakland County, the entire net proceeds are distributed in these areas. Since our inception in 1959 we have given over \$8000 to the Pontiac Symphony and \$6000 has been distributed among many Oakland County organizations such as Oakland Community College, Oakland University, Pontiac General Hospital, St. Joseph Mercy Hospital, Pontiac Business Institute and others. Tickets are now available, at \$10.00 the series, by contacting Mrs. Frederick Cogle of 2942 Shawnee Lane, Drayton Plains."

Calendar of events for the 1966-67 series include an October 5th visit from Dr. Norman Vincent Peale, minister, lecturer, and author who will speak on "Creative Thinking and Creative Results".

November 9, Beverly Younger, actress, radio, and television personality will present "Original Character Sketches".

Reaching Out

Quest of God
Philip said unto Jesus . . . Lord, show us the Father; and Jesus replied . . . Philip, he that hath seen Me hath seen the Father.
John 14:8-9

If God can be found He should be found in the highest and greatest thing in our world, the moral character of Jesus of Nazareth.

Looking at nature apart from man one might well conclude that God is Law, but law does not suffice; we are not subjects speaking laws, we are children seeking a father.

Nature does not reveal God clearly, nor does the full revelation come from the prophet, the poet or the teacher.

The full and perfect revelation comes by way of a life, a character, a Person able to show us what God is like, and that character is Jesus, the human life of God, that of God which we are able to see and understand.

God is the Spirit in Jesus, the Christ Spirit, and God's Kingdom is that Spirit reigning supreme.

It is the great "ought", that divine urge in the hearts of men for God and His Will, for compassion and brotherhood and peace.

The Kingdom of God will come only on Jesus' terms. From Him it derives character content and personality content, and when we give ourselves to the Kingdom we give ourselves to the Person who embodies the Kingdom, even Jesus.

OUR FATHER: Constrain us to see, we beseech Thee, that Jesus is the Way and the Truth, that the words of His Teaching, they are Spirit and they are Life. AMEN.

Only those who repent of sin and forsake the unreal, can fully understand the unreality of evil."

A NOTE OF THANKS

My dear wife died a year ago. Now there's just myself and my little daughter Janice. Don't feel sorry for us, though, because we're managing pretty well.

Last year when the blow came, I admit I went to pieces. We'd only lived in the neighborhood for a few weeks, and it's hard to say what would have happened if it hadn't been for our church. Suddenly I was surrounded by friends. The minister came at once with convincing words of comfort that helped me to face life again. His wife alerted other members and they brought meals, laundered clothing, took care of Janice, and ultimately found the wonderful elderly housekeeper we have now.

I had never given much thought to the meaning of Christian fellowship. Today I know that miracles of kindness can result when people unite in following the "perfect pattern" of self-sacrifice and unquestioning love.

Girl Gets Call From Netherlands
Susan Davis was one surprised young lady last Saturday night as she answered a 7:30 p.m. phone call from Rotterdam.

The call to the fifteen year old had been placed from it's Netherland origin at 2:30 in the morn, by seventeen year old Peter Muller. Peter has been a pen pal to Susan for the last nine months.

Peter, who has been very adept in learning the English language in school, had no trouble in their first voice to voice contact.

The weekly letter exchange for the young couple began last summer after the return of a Bailey Lake Elementary school teacher Mrs. Preseau had met the Muller family, while traveling in Europe. She then began the exchange ball rolling.

A return trip is being planned by Peter for late this summer, when he will visit an aunt in Grand Rapids before visiting Clarkston and the Davis family.

Clarkston Rotary Members Hear Judge William Beer

Members of the Clarkston Rotary Club listened to a very interesting talk by Judge Beer during their meeting Monday evening, March 21. Following are a few of Judge Beer's remarks:

REMARKS BY JUDGE BEER BEFORE THE ROTARY CLUB

"Persons with little or no experience have overly concerned themselves with the rights of criminals. Nearly all criminals I've met are cruel, cowardly and craven. Practically 100%, they are school dropouts. They are lazy, expect everything for nothing, and too many misguided Americans are ready to give it to them. (The judge emphasized their cruelty by displaying two wicked switchblade knives used in crime. The lethal nature of these weapons caused gasps from the audience.)

"DECISIONS of the U. S. Supreme Court are filtering down, broadening the privileges and protections accorded defendants and opening the jails and penitentiaries for those whose past convictions do not comport with the newly discovered rules of procedure. Police and prosecutors are aghast as they watch their hands being tied by decision after decision. The spectacle of the President declaring his crusade on criminal activities while federal courts are so heavily preoccupied with the 'rights' of alleged offenders is a strangely contradictory one. No thoughtful person would attempt to fasten on the courts and their softness the entire blame for this grim situation. But the defensive disclaimers of

any responsibility sound singularly hollow and unconvincing. The war on crime may turn to be nothing but a grand retreat unless the courts begin a reappraisal of the course which they have set.

"CONSTITUTIONAL right to a fair trial is fundamental in the American judicial system and has been since 1791 when the Bill of Rights was adopted. But recent attempts of the courts to clarify and broaden this right have raised the question, 'Fair to whom?' Fairness implies impartiality, balance, not a system heavily tilted in favor of the defendant. Yet, in legal circles one hears it said that certain things infringe the 'right of a guilty man to a fair trial.' This has raised the reverse comment that we have established a new American right - the 'right to get away with it.' This would be the 'right' of a guilty man to escape punishment by legal subterfuge, and implies an obligation on society to provide avenues for his escape. The idea, in simple terms, is that the courts should grant him a 'sporting chance' to evade just penalty. We question whether a legal obstacle course is a proper element in a fair trial.

"In essence, this means that the rights of certain individuals - in this case, the accused - are given superior status to those of other individuals, the law-abiding citizens of the nation.

"THERE is no disposition here to defend police brutality or the forced confession. But it is a long, long way from the rack, the rubber

horse and the third degree to a situation in which the police are virtually inhibited from pursuing normal process of fact-finding and investigation.

"We have now reached a point where police must not only tell a suspect that what he says may be used against him, but are required to 'advise' him of his rights. In our view, it is one thing to compel a man to incriminate himself and quite another to educate him in evading proper interrogation. But the courts now say that the police must tell him that he does not have to answer any questions and that he is entitled to have an attorney present if he is questioned. When this injunction is fulfilled, the police may just as well add, 'If you're not utterly stupid, you'll shut up. Now, do you have anything to say?'

"A fair trial should mean a just trial, and nothing else. If a man is guilty, he ought to be found guilty. If he is not guilty, 'beyond a reasonable doubt,' he ought to be found not guilty. But fairness should not require that society over-balance the scales of justice to turn patently guilty men loose because of a minor error in procedure. Such an error in technique does not make a guilty man innocent. The only legitimate reason, and the one long recognized, for reversal of a verdict should be that the proper evidence was inadequate to support a finding of guilty.

"HOW remarkable that it has required 174 years to discover all of these new 'rights'! The legal profession has attached great im-

portance to precedent but lately precedent has gone out the window in the words of an associate justice, personal preference has been 'escalated' to the status of constitutional rule.

"The courts today seem pre-occupied with the 'rights' of the individual, rather than his guilt, with mechanics rather than justice. Are law-breakers the only ones with rights?

"If justice breaks down, the people may be forced to take law enforcement chores into their own hands. In parts of New York City citizens are patrolling the streets and apartment halls and elevators to ward off vicious attack. Police with dogs patrol subway stations and trains. And still women are set upon and men are beaten.

"As the toll of major crime mounts, law-abiding citizens may be aroused to demand an overhaul in our system, new statutes, to strengthen, not weaken, law enforcement and to curb the activities of run-away courts."

As Jeff Sees It

Clarkston's forensic's team captured five out of eight categories in the recent local competition.

The contest with six schools participating, was held March 26 in Clarkston High School's Little Theatre.

First place winners were: Terry Dutcher, extemporaneous speaking; Mary Coranado, declamation; Charlene Bachand, serious reading; Lucia Wilford, original oratory.

The team of Chuck Pearson, Kurt Priebe, Hugh Rose, John Slade, Jodie Strothers, Paul Taylor and Brian Thorpe also won first place in the multiple reading division.

Penny Cook finished second in the humorous reading division.

Third place winners were Neil Stalker, also humorous reading and Jeff Fisher, extemporaneous speaking.

Mealtime - and Little Folks

Mealtime with little folks needn't be a time of fuss and stress for parents. A little thought to children's food likes and dislikes can make mealtime pleasant for all, according to June L. Sears, Michigan State University Cooperative Extension Service home economist. She serves Wayne, Oakland and Macomb counties.

Pretty colored foods, ones that can be held in tiny hands, such as rolled lettuce and pieces of carrot, and 'crunchy' foods are popular among small fry and help to keep them happy at the table.

Since a youngster's taste is keener than an adult's it is best to avoid foods which 'bite' the tongue. Vegetables with strings in them, 'gummy' foods which often stick to their mouths, and foods that are too soft and runny, are also avoided.

"Children's food should be warm - not real hot or cold", the home economist says. And only a little bit should be put on their plates at one time. They like to ask for more when the first serving is finished."

Remember, too, that small fry

like their own plate, cup and silverware. And smaller scale utensils are easier for them to manipulate.

A compliment for the child that eats neatly or tries a new food can bring pleasant results. But keep it casual, no theatrical production at mealtime, please. Ordering children to clean up their plates only makes them dislike food.

Children like to help. Setting the table often makes them hungrier for the meal. The vegetables grown in their own gardens may taste better to them. Helping to choose the groceries at the market increases their interest in the food they eat.

Don't always save your pretty table settings for company, Mrs. Sears urges. Children tend to eat much better if with pretty place-mats on the table or even flowers.

This might also be a good time to try out new foods, a little bit at a time, at the beginning of a meal. And don't forget that children love surprises! A bright cherry, maybe hidden in the custard?

Lastly, be sure to give children

their chance to talk at the table.

AH 'TIS SPRING

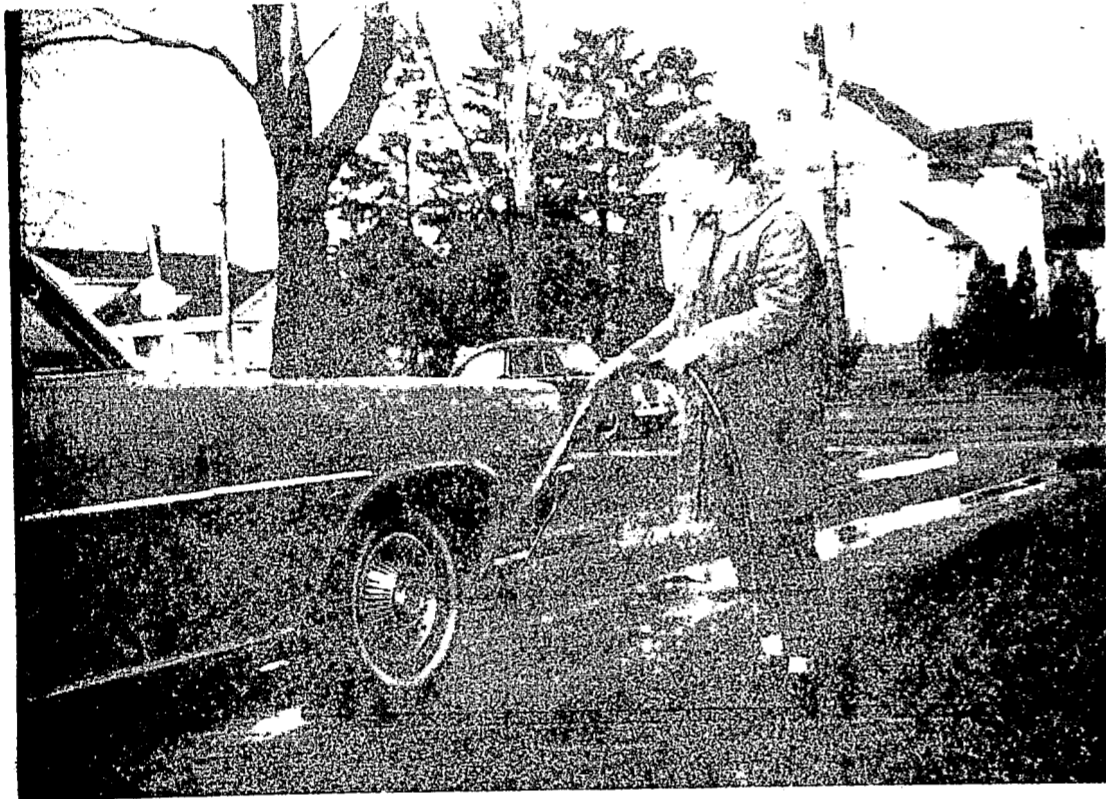

First day of spring found Janet LeClaire on top of the world. It just looks like a rock she's jumping rope on. Janet lives at 6380 Paramus.

Calling all saucers, flying, walking or talking. This walkie-talkie army consisting of Terry Coulter, Craig Peters, and Mike Coulter had enough battery power between them to reach the man in the moon.

Who they really reached was good old Kirk Peters in the background. The Coulter brothers live at 6681 Transpound and Craig and Kirk Peters at 6396 Church.

Washing winter away, Eleanor Sage, 17 North Holcomb, took hose in hand and ended up with a car just sparkling with the spirit of spring.

In such green palaces, the first kings reigned, Slept in their beds, and arches entertained, With such old counsellors, they did advise,

And by frequenting sacred groves grew wise." Edmund Waller, "The Palace, 5916 Hummingbird, seeks the wisdom of the ages.

Youth in all it's glory on a beautiful spring day. Treating themselves to a tasty springtime first are the Fay sisters, Cheryl, Marcia, and Rhonda, with Bill and Eddy Medlin.

Patiently waiting for the rewarding aroma that follows this "staff of life" lesson are Kay Tersigni, Cindy Purves (hidden), Mary Smith, Karen Trubu, and Debra Murphy.

Tommy Winter re-enacts the process of butter churning which the class had taken part in. The butter was then used on their baked bread. Mrs. Burgell, a second grade teacher at Bailey Lake Elementary school had helped the children learn about bread by teaching them about the ingredients that go into it from start to finish. Many small jars of grains line the sunny window in her classroom.

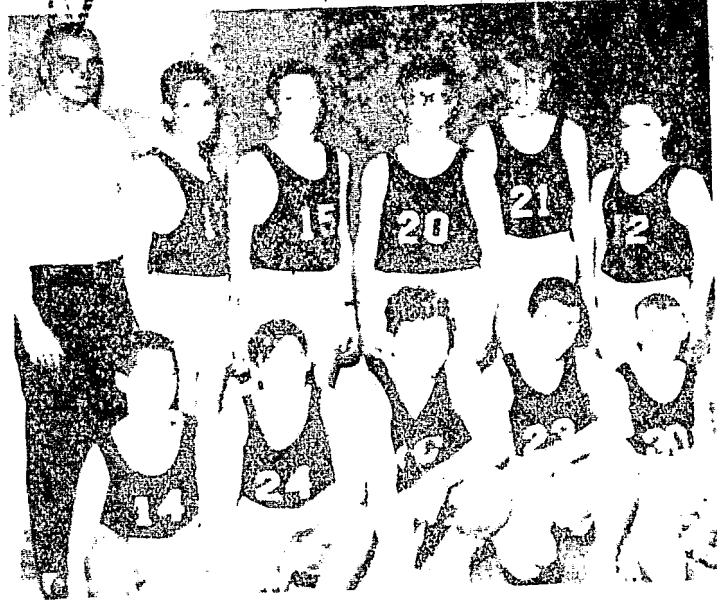

Endowed with more sun than wind this first spring day called for plenty of faith, hope and charity on the part of would-be kite flyerettes, Rachel and Ranette

Byers. The two girls kite flying attempt was made in a field in back of their home at 6051 Middle Lake Road.

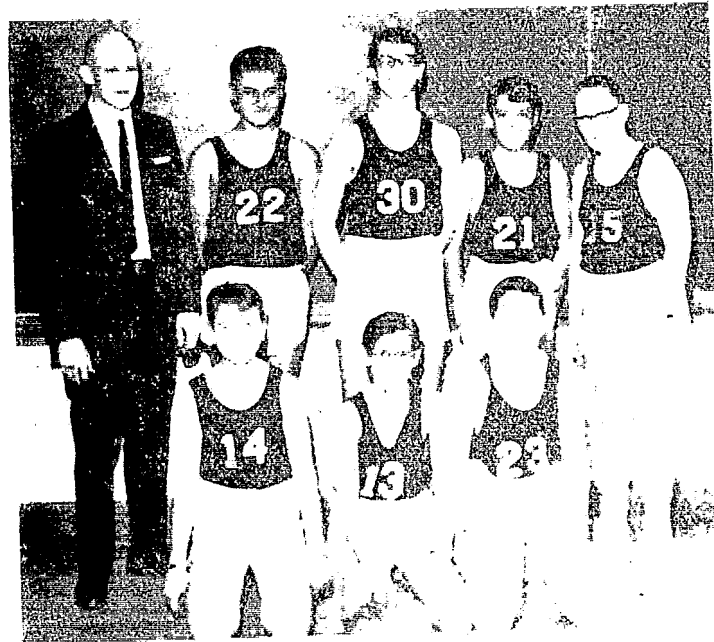

Mr. Irwin's 8th grade team had a record of 3-4 in league play and a 2-2 tournament play record. Dennis Storrs led the team in scoring with 76 pts., followed by Ricky Fox's 69 and J. J. Jennings 65.

Awards Given at Banquet

The Clarkson Senior High Athletic Department sponsored the winter sports banquet last week in the High School cafeteria.

There was a very large turnout of parents and interested fans for this banquet.

Dom Manti was the master of ceremonies and the coaches Max Inman, Jim Davidson, Ralph Kenyon, Bill Hanson and Bud McGrath passed out various awards.

Wrestling

The coach of the wrestling team was Max Inman. The wrestling team competed on an intramural basis, with some meets against area schools. There were 15 boys for wrestling.

Larry Franklin and Larry Kostin were elected captains of the team.

Award winners were Ron Gallely, 133 lb. class; Lee Galiyan, 145 lb. class; Wayne Gons, 146 lb. class; Mike Golembeski, 154 lb. class; Brian Hoxie, 185; Paul Hoxie, 186; Doug Miller, 196; Dennis Pine, 175; Ralph Porter, 95; Bob Larson, 112; Charles Warner, 106; Rick Sutton, 120; Larry Franklin, 154; Larry Kostin, 127.

Ninth Grade Basketball

Coach Bill Hanson gave a very brief but interesting talk on athletics. He had two very good comments for the young athletes: No. 1. Some athletes listen to the coach, some do not, which will you do? No. 2. Will you be like a thoroughbred when whipped, he drives for the finish or could you be like a mule, when whipped he balks and sits down?

The freshman team plays an intramural schedule and also participated against the 8th grade.

The 9th grade won twice, but also lost one game against the 8th graders.

Coach Ralph Kenyon gave the 21 awards to the players.

Kirk Beattie, Dawson Bell, Mark

Christie, Dan Cuader, Greg Galligan, Charles Gramer, Mark Gribble, Everett Grier, Raymond Kell, Gordon Kostin, Mike Mason, Gary McMillan, Larry Neelof, Steve Nicholas, Richard Porter, Richard Savelle, Bill Sauer, John Sauer, Mark Westbury and Bill Westman.

Cheerleaders

Mr. Manti presented awards to all the cheerleaders. They worked out the many hours of hard work that the cheerleaders spent in practice. They also performed the cheerleaders' lead during the summer and have won many awards for their outstanding performance.

Mr. Manti expressed his gratitude for the cheerleaders' hard work. He said they were the most successful and well and are the reason in the area.

The season his knee responded to treatment and his assets to the team improved 1965. Mike was second in team rebounding with 89. Madison possesses a fine ability in jumping and many instances he could out jump the 6'2" boys, even though he was only 5'10". His finest game of the season was against Flint Northwestern. On this Clarkson Wolves team, one couldn't find a more deserving boy than Mike Madison. Nice going Mike.

Housing Needed For Troopers

Housing is badly needed for Michigan State Police troopers who have recently been assigned to the Pontiac post.

Anyone having a two or three bedroom house or apartment to rent is urged to call the State Police post at 332-9172.

State Police Get Recruits

Forty-nine Michigan State Police officer candidates became probationary troopers in the sixty-first recruit school graduation Friday afternoon in Kellogg Center at Michigan State University, East Lansing.

Class awards went to Donald L. Collins, of Monroeville, for academic achievement and to Terry L. Brenay, of Kalamazoo, for scholarship.

Members of the graduating class included William J. Grace, whose father is Sgt. Bernard O. Grace, post commander at Manistique, and two former civilian employes of the State Police, James D. Archer, Langsburg, and John A. Wilson, of Jackson and formerly of Marquette Archer and his brother, Hugh G., of Ovid, former state highway department employee, were the only brother pair in the group. Eighteen of the class had some college training and 11 had previous police experience.

The sixtieth State Police recruit school begins Monday, March 28, at East Lansing headquarters with 86 candidates enrolled.

Understanding Your Health

If you have a driver's license, and especially if you are one of the almost two-million Michigan drivers who will be renewing your driver's license this year, I would strongly urge you to request your doctor to place a "Medi-Label" on it.

This small sticker, containing medical information important in an emergency, could conceivably save your life.

Now, just what is this Medi-Label and why do Michigan doctors hope that each driver will obtain one for his license? The label, which fits on the back of the permit, will allow your physician to include such medical information as an allergy to certain drugs, whether you wear contact lenses, have a history of heart disease, or any other special medical information.

In addition, your blood type can be included on this Medi-Label and that could be extremely important in a very time after a serious accident, or before you to remember your own blood type or you could help another.

And anyone suffering from an affliction that requires periodic medication, such as diabetes, should make the label a necessary part of their health protection.

A diabetic who goes too long with out insulin may look as if he is drunk to people around him. If he doesn't receive the medication quickly he will suffer a reaction that may lead to a diabetic coma — which could prove fatal.

For instance, would you think that many who are afflicted with diabetes could have a serious effect on you after an accident? Yes, that's so. If it isn't discovered that you are wearing lenses, and they are left in they might erroneously injure your eyes. After an accident, in one of your contact lenses, the physician who is treating you.

Of course, it almost goes without saying that if you happen to be involved in a serious accident, that it is especially important that the doctor know the Medi-Label will tell him your blood type and he will be able to help you.

Finally, I would like you to understand the value of the Medi-Label in regard to tetanus — a disease that poses a potential threat every time you cut yourself. The label will contain the dates of your tetanus immunization shots, so the physician can be certain you are adequately protected.

So, have your doctor put a Medi-Label on your license — the next time it takes to obtain one — may pay you big dividends in the future.

It's 1968.

(Aren't you glad you bought a Pontiac?)

Sure you're glad you picked a Wide-Track Catalina back in '66. For a year after your first ride it still shows that she's with one of the best resale values in the industry. After all, used car buyers go for that

handsome Pontiac styling and lively performance, too. For the '68, Wide-Track rides and performs like she's made us third in sales a year ago (1964). (We know it's still to — still here! — a Catalina.)
