## Jeanne Shoots to Attend Girl's State

Campbell Richmond Unit No. 63, The American Legion Auxiliary has selected Jeanne Shoots of Clarkston to attend Wolverine Girl's State to be held on the campus of the University of Michigan, June 14th through June 21st.

As a Junior of Clarkston Senior High School, Jeanne's schedule is pretty full. Along with a B plus average, she has served as class treasurer for two years, and vice-president one year. She has served in Student Government and Pep Club.

As piano accompanist for the Varsity Choir, Jeanne's greatest interest is shown in her music. She has been a member of Wayne-Oakland League Chorus for three years, Stage Band, two years, and Girl's Glee Club one year.

For seven days the girls attending Wolverine Girl's state will play the role of Junior Politicians and build a unit of government, electing from their own representatives, city, and state officials for a model state.

Under the sponsorship of the American Legion Auxiliary the girls will be assigned to cities, petition for offices, form party platforms and caucus their way into a whirlwind of self-government.

At the close of their session, two girls will be selected to represent Michigan at Girls Nation held in Washington, D.C.

Jeanne Shoots, seventeen year old daughter of Mr. and Mrs. James Shoots, 9070 Sashabaw, listens to Independence Township Supervisor, Duane Hursfall, as he explains one of the many aspects of

a government in action. Miss Shoots will be using the knowledge as she attends Girl's State this summer at the University of Michigan.

## School Election - June 13, Swimming Pool is Included

In an effort to clarify items which will appear on the ballot of the June 13 annual school election, The Clarkston News will publish three articles prior to the election.

Six items will appear on the ballot.

1 - Election of one member of the Board of Education for a four year term; 2 - Building and site bond proposition; 3 - Swimming pool bond proposition; 4 - Operating millage proposition; 5 - Fund transfer proposition; 6 - The election of six members of the Board of Trustees of the Community College.

The building and site bond proposition will ask the voters if Clarkston Community Schools shall borrow the sum of (not to exceed) \$2,500,000 and issue its bonds therefor, for the purpose of erecting, furnishing and equipping school buildings and facilities and additions to and remodeling of school buildings, and acquiring school sites and additions to school sites and developing and improving the same.

Based on a study by Clarkston's Superintendent, Dr. L. F. Greene and his assistants, Floyd Vincent and George Barrie, the following improvements and additions are necessary within the school district:

1 - Elementary Education

a - Andersonville Elementary - a total of \$247,000 is needed to upgrade the present building thru the provision for rooms, for administrative and instructional needs and for improvements to the grounds.

b - Bailey Lake Elementary - a total of \$20,000 is needed to complete improvements to the grounds.

c - Clarkston Elementary - a total of \$447,000 is needed to upgrade the present building thru the provision for rooms, a special education complex, and improvements to the grounds.

d - Pine Knob Elementary - a total of \$234,000 is needed to upgrade the present building thru the provision for rooms for administrative and instructional needs and for improvements to the grounds.

e - Sashabaw Elementary - a total of \$238,000 is needed to upgrade the present building thru the provision for rooms, for administrative and instructional needs and for improvements to the grounds.

The study recommended a staff increase in elementary education totaling \$73,000. Suggested needs were five remedial teachers, one librarian and five library clerks.

According to Mr. Barrie's report a new elementary building containing twenty-four classrooms will be needed by 1969. Another elementary building will be necessary by 1974. The growth of the area in the past five years was used as a guide to future needs.

Needs at the junior high school level (grades 7 thru 9) were outlined by Mr. Vincent.

His study disclosed the need for a new 1000 student capacity junior high school by 1968.

A total of \$50,500 is needed to make necessary improvements to the present junior high building. This total includes improvements in plumbing and bleachers and a

new gym floor in the physical education department.

Needs in the Industrial Arts Department include such items as: a blueprint machine, router, electric drill, sander, plastic oven, drafting machine, textbooks for electricity class, etc.

Increased storage space, risers, music stands, chairs, instruments, etc. are needed in the music department.

Necessary remodeling in the science room include plumbing, lab tables and gas fixtures.

Administrative needs include increased office space, while 200 desk top chairs must be purchased for classrooms. 150 student lockers and various teaching equipment are also necessary in the Junior High.

In evaluating the future needs of the Senior High School (grades 9 thru 12) Mr. Vincent made two studies on the growth pattern.

Based on the growth in the past five years, he found a new high school will be needed by 1973. On the basis of the past ten years growth pattern a new high school will be needed by 1971. The facts, therefore, reveal the need for another senior high within five years.

Current needs required to put the added facilities (new addition) in the senior high into operation total \$174,000.20. The largest item here is for the large, new industrial arts department where equipment needs total \$89,500.

Next on the ballot will be the swimming pool proposition asking if the Clarkston school district shall borrow the sum of \$600,000 and issue its bonds therefor, for the purpose of building and equipping a swimming pool in conjunction with the Senior High.

The Clarkston Jaycees, on the basis of a survey they conducted in 1964, petitioned the school board to place the swimming pool issue on the ballot.

According to Robert Brumbach, chairman of the Swimming Pool Committee, now that the issue is on the ballot, the people of the school district can decide whether or not a swimming pool is needed.

The dangers at Deep Lake, where swimming lessons are conducted each summer by the Independence Township Recreation Department, prompted the Jaycees to ask for the swimming pool.

Next week the remaining propositions that are on the ballot will be discussed in The Clarkston News.

### Fifth Graders Treated to Dinner

The fifth grade students of Pontiac Lake School in Waterford were surprised recently with a Heritage dinner, served in recognition of Michigan Week.

Their teachers, Mrs. Watchpocket and Mrs. Bonneson planned this unique dinner with the children's parents.

Cookbooks went into action as Mothers, Grandmothers, and Great grandmothers were consulted, from which beautiful and delicious food dishes were prepared and brought to school.

In addition to the children, teachers and parents, the entire building personnel, including Mr. Meritt Vaughn, the principal, participated.

Mrs. Watchpocket and Mrs. Bonneson really appreciated the cooperation and assistance rendered, making this heritage dinner a success.

"How terrific our parents were without their this could not have happened", said Mrs. Watchpocket. The walls of the school's multi-purpose room were covered with murals representing industries of Michigan.

Also a 17 by 12 ft. Michigan map, showing counties of both upper and lower peninsulas was displayed. All of the art work was done by the fifth grade students.

Flags and name tags representing all the nationalities and the food were part of the learning.

Chimpanzees are the only apes known to make tools.

## Jury Trial is June 14th on Roy's Junk Yard Issue

A jury trial has been scheduled for Tuesday, June 14 on a charge brought by Independence Township against Jean and John Roy.

The Roy brothers, owners of a service station at the corner of M-15 and US-10, have been charged with the operation of a junk yard without a license, at that location. Judge James S. Thornburn has

been assigned the case. Several postponements on the

### Equalized Value Up \$4,300,000

The state equalized value of Independence Township land and property increased approximately \$4,300,000 in 1965 over 1964.

According to Supervisor Duane Hursfall, the increase was due to new construction and adjustments on acreage.

One hundred and ninety-one permits for new houses were issued in 1965 as well as three homes moved into the township.

Additions to buildings totaled 60, four of which were for commercial buildings.

Applications were made for the construction of 93 residential garages and six commercial buildings, as well as a forty-six unit apartment building.

Other permits were: remodeling, 16; swimming pools, 4; public utility, 1; fire repairs, 3; aluminum siding, 15; barns and tool sheds, 7; underground tanks (six tanks), 2; demolished, 3; miscellaneous, 10; cancelled, 30.

Four hundred and twenty permits totaling \$4,491,560 were issued by the Independence Township Building Department in 1965.

case by Roy's attorney, Anthony Renne, caused Judge Thornburn to order Renne to show cause why he should not be held in contempt of court.

Representing the Township will be their attorney, Paul Mardel. Jean Roy presently has an option on 15.73 acres of land in the west half of section 31 in Independence Township.

December 7th the Independence Township Board denied a request by Roy Brothers to rezone the above acreage from agricultural to manufacturing 2.

Prior to the Board's decision, the Township Planning Commission and Oakland County Coordinating Committee both recommended approval of the zoning request.

Jean and John Roy have since started a civil case against the Township claiming that the present zoning of the property in question is unreasonable.

### White Lake Twp. Police to Fight Obscene Literature

The White Lake Township Police Department apprehended an individual over the week-end, who had in his possession a numerous amount of obscene magazines and literature.

Police Chief, Louis Marsh, called this to the attention of the White Lake Township Supervisor, Edward Cheyz. At the White Lake Township Board Meeting held Tuesday, May 17th, Supervisor Cheyz forwarded this information to members of the Township Board and stated the fact that he has never realized that such literature and magazines could be printed and made available to the general public.

A request was made by Cheyz to the Township Board to support him to appoint Chief Marsh to make a complete survey of all the business places in White Lake Township that is selling magazines by so doing, he will check the magazine racks and if he should happen to come into possession of any magazines which may be classified "Indecent" to the general public, he in turn will bring it to the attention of the store manager and request that these magazines be removed from the rack and forbidden in this area.

Supervisor Cheyz was unanimously supported by the Board in his request.

Cheyz stated further to the citizens in attendance at the meeting, that he is also soliciting their support in this drive and not only in White Lake Township, but throughout the area and, "Whenever you may view any magazines or literature of this type in a place of business, you yourself should bring it to the attention of the owner and in turn express your opinion that you do not appreciate this type of literature being exposed and for sale to youth."

If this is done, the merchants themselves will without a doubt, cooperate, however, it is up to each and everyone of us to do our part to bring it to the attention.

### Early Deadline Next Week

## Veterans Invited to March in Memorial Day Parade

Campbell Richmond Post No. 63 has invited all Veterans who wish to march in the Clarkston Memorial

Day parade to assemble at 9:30 A.M. at Church and Buffalo Streets. Hundreds of Michigan American

Legion Posts will conduct Memorial Day Services in communities throughout the state May 30. Tribute will be paid to fallen comrades of World War I, World War II, Korea and Vietnam. In addition, Legionnaires will participate in many local parades around the state.

The American Legion urges all citizens to join in the observance of Memorial Day by decorating the graves of all veterans, attending memorial services and parades, and by flying the American Flag.

Memorial Day originated as an occasion for decorating the graves of soldiers killed in the Civil War but, since World War I, has been a day commemorating also those who died in later conflicts.

George S. Frederick, State Commander of The American Legion, says, "Regardless of our personal views on the Vietnam situation, with Americans fighting and dying in combat there we have all the more reason to pay tribute to our honored dead. An all-out observance of Memorial Day will help show our troops in Vietnam that they are not forgotten and never will be."

Campbell Richmond Post No. 63 invites all interested Veterans to march with them in the parade Memorial Day.

### Reaching Out

God Lives No man hath seen God at any time, yet if we love one another, God dwelleth in us, and His love is perfected in us. Hereby we know that we dwell in Him, and He in us, because He hath given us of His Spirit. I John 4:12-13.

Wait patiently, trust humbly, diligently seek the God of Light, of Mercy and Compassion, whose habitation is forever the inmost depth of thy being and thou shalt surely find Him.

The invisible Upholder of all Creation has His hidden Heaven within thee and it shall open unto thee as soon as thy heart be wholly turned to His eternal Word and Presence.

Run not in any hasty ways, but faithfully try to do His Will. Be patient under the weight of thy vanity and weakness and trust the great God to do His own work in His own way.

Then shalt thou gain the peace that is Thy birthright as a child of God, that peace which passeth understanding.

OUR FATHER: We are Thy children, fashioned in Thy spiritual image. Thou hast made us for Thyself, our hearts are restless till they rest in Thee. AMEN. Everett Butters.

Christian Science churches this Sunday will present a Bible Lesson-Sermon on the fallacies of hypnotism and other forms of mental control and servitude. Responsive Reading will include these verses from Ephesians: "Have no fellowship with the unfruitful works of darkness, but rather reprove them . . . Wherefore be ye not unwise, but understanding what the will of the Lord is."

The theme is explained in detail in selections to be read from the Christian Science textbook, including these: "In a world of sin and sensuality hastening to a greater development of power, it is wise earnestly to consider whether it is the human mind or the divine Mind which is influencing one . . . No person is benefited by yielding his mentality to any mental despotism or malpractice . . . The truths of immortal Mind sustain man, and they annihilate the fables of mortal mind, whose flimsy and gaudy pretensions, like silly moths, singe their own wings and fall into dust" ("Science and Health with Key to the Scriptures" by Mary Baker Eddy).

Subject of the Lesson-Sermon is "Ancient and Modern Necromancy, alias Mesmerism and Hypnotism, Denounced."

STRENGTH FOR THESE DAYS from The Bible

The joy of the Lord is your strength. (Neh 8:10) As we approach our senior years, we should continue to enjoy the breath in us that God has given, and to live happily and joyously. We too are children of God, and when our minds are filled with the thought of happy life is for living then we refuse to give way to negative opinions or appearances. Through prayer we keep in tune with the healing power of God.

without cooling off the rest of the house

consider electric heat

Give your new room its own heating system—a modern flameless electric heating system. Electric heat is clean, comfortable, perfectly controllable. Simply dial the warmth you want and you get it exactly—without stealing heat from the rest of the house. How much will electric heat cost to install and operate? That depends on your particular home. One thing sure, it won't cost you a cent to find out. An Edison Heating Specialist will gladly come out to discuss equipment and cost of operation with you. No obligation for this estimate, of course. Just give us a call.

## Spring Sports Drawing Near

### Tennis

The tennis season is drawing near to a very successful ending. The record is 12-3, with one match remaining. In the W.O.C.L. the tennis team finished 2nd. In the Regional the team finished 4th, defeating the likes of Pontiac Northern, Waterford Kettering, Waterford Township, Lapeer, Flint Northern and Flint Western.

Many, many times the tennis team was called the "Dark Horse" — and they sure are proud to be just that.

Mike Dougherty pulled one of the biggest upsets of the tournament in defeating Ralph Potter from Lapeer 2-6, 7-5, and 8-6. Mike also went on to meet competition in the semi's and missed a chance to compete in state competition by being defeated 7-5, 4-6, 4-6.

The tennis team will compete in the Walled Lake Invitational on June 1, 2, 3.

Coach Larry Thibault will be losing only Mel Greep from this year's squad.

The best individual record for this

year is held by a pair of sophomores Kim Beattie and Tom Bullard. Their record is 17-3. Coach Thibault is very proud of his boys and their fine record and well he should be!

### Baseball

The baseball squad ended their regular season with a record of 10-4, as Bloomfield Hills pounded out a 7-0 victory. Bloomfield Hills roughed up Clarkston's ace Dan Fife by collecting 7 hits. This defeat gives Fife a record of 7-3.

Last Saturday Clarkston clubbed West Bloomfield 8-2. Rich Johnson did the pitching and Dan Fife contributed by knocking in five runs. Tom Allen had two big hits, a triple and a double.

For the 8th straight time Milford defeated Clarkston 2-0. This was a big game for Milford as it kept them in the lead for the league title. This loss knocked Clarkston from any chance in gaining a share of the title.

Milford scored two runs in the first inning, and Fife blanked them the rest of the way. Clarkston blew a golden opportunity in the 6th

inning as Clarkston filled the sacks on two hits by Tom Allen and Wayne Goinis and a walk. But Dan Fife and Rod Allen struck out to end Clarkston's last threat.

An unusual tidbit about the Clarkston Milford baseball series.

In the last four years, 8 ball games of 64 innings, Clarkston has not scored a run on the Milford team. That must be some sort of record.

This week-end the baseball team will compete in the Pontiac Press Invitational. Clarkston will play Southfield at 3:30 Saturday at the J. C. Park.

### Track

The track team ended up in 3th place in the W.O.C.L. track meet. Bloomfield Hills won the meet followed closely by Clareneville. Bloomfield Hills had 63 points and Clareneville had 61½ points. Milford took 3rd place, Northville 4th and Clarkston 5th with 14½ points.

Placing in the league meet were: Mike Madison, 2nd, low hurdles; Ralph May, 3th, low hurdles; Mike Madison, 3rd, High Hurdles.

Rod Allen, 4th, 220 yard dash. Neil Stalker, 4th, broad jump. 880 yard relay team, 3rd, Neil Stalker, Mike Madison, Tow Allen and Rick Blimka.

In a dual meet against Northville the Mustangs defeated Clarkston 73-36. This meet concluded the track season for Clarkston.

### Golf

The golf team ended up in 7th place in the W.O.C.L. meet. Bloomfield Hills took first place with a score of 323.

Holly	329
Brighton	333
Northville	341
West Bloomfield	356
Milford	359
Clarkston	362

The individual scores for the league meet —

King Robinson	85
Larry Parker	92
John White	92
Kurt Maslowski	92
Tracy Tucson	99

On Monday the tennis team defeated Davison, and they will close their season this Friday when they compete in the Pontiac Press Invitational.

### Short Shots

Bloomfield Hills is running away with the "all sports trophy" for W.O.C.L. They have 69 points followed by Northville 53, Milford 42, Holly 40, Clarkston 39, Clareneville 32, West Bloomfield 27½ and Brighton 16½. In fact Bloomfield Hills has won practically everything in the league for 1965-66. They won

the title in football, cross country, golf, track and tied for title in basketball. This is quite an achievement for this school.

A couple of former Clarkston athletes have returned to spend the summer in the Clarkston area. They are making the headlines in the state of Florida in the sport of basketball. Their names are Dave and Chuck Funk. Chuck is now a senior in college and has scored over 24 points a game and Dave is a freshman in college and he too is pushing 24 points a game.

Chuck Funk played on the championship club of Dom Mauti's and Dave Funk played on an undefeated J.V. team when he was a freshman.
