CLARKSTON, MICHIGAN 48016, THURSDAY, AUGUST 18, 1966

NUMBER 51

Protective service committee seeking interested volunteers

Names of 32 persons recommended for the Clarkston Community School District's Protective Service Committee were approved at a recent meeting of the Township Board. They must now be approved by the Village Council and the Board of Education. They will then be sent to the Oakland County Juvenile Court for final approval.

The committee which has been formed since May 1961 works in this area to prevent the further spread of delinquency. Working under the direction of County Juvenile Court, they are assisted by a local case worker, Ralph Strohm and Edgar Flood of the County office.

Chairman of the committee is Mrs. Henry Brendle of 8809 Lakeview. Meetings are held the 4th Monday of every month with the exception of July and August. First meeting of the new year will be Sept. 26 at the Township Hall. Mrs. Brendle urges anyone interested in working in this line of endeavor to plan to attend. There are 10

separate committees within the organization and there is a great need for volunteer workers.

The program was originally instituted by Judge Arthur Moore, but is now handled on the County level by Judge Adams and Judge Barnard. It is strictly a local initiative in conjunction with the county program. Case-workers work with committee members in all "areas of concern." They assist youths and families who have a problem and try to help juveniles from re-occurring trouble.

Interested persons are urged to contact Mrs. Brendle for further information regarding the program.

A repeat showing of the television program "Oakland County Juvenile Court and Protective Service" will be given at 7:00 p.m. on August 24 on WWJ-TV channel 4. This was first shown on July 24 in the afternoon. There were so many requests for an evening re-run that this will occur on Aug. 24.

Timm Wall, right receives last minute make-up application from Lee Moore, director of the musical production "Oliver". It will play this weekend and next at the Little Theater at 8:00 p.m..

Curriculum additions announced this week

When Clarkston High School opens for the new school year on September 7, school authorities expect to be unusually crowded for about the first 4 weeks. After that time the new building should be completed and the entire high school, 9th through 12th grades will be housed there. Last year it was necessary to split the 9th grade due to crowding.

Milford Mason, Senior High School principal, announced this week that there will be several new courses available for students because of the new building program. Many of these courses have come about because of the addition of auto mechanics and machine shop laboratories.

A full 2-year course of auto mechanics will now be offered as well as a full 2 year course in electronics. State approval has recently been granted under Title 111 of the National Defense Education Act which will enable the school to set up a complete electronics laboratory. It will be approximately Sept. 15-30 before this is definitely underway.

Also available for the first time will be a straight machine shop course for those interested students. There will also be a full semester course, complete on "welding". Also new to the curriculum will be courses on "Architectural Drafting" and "Prob-

lems in Design".

For the first time there will be some grouping of students in common learning areas in the 10th grade. This will be tried on a small scale as an experimental project. Troy High School has found it so satisfactory that it is being used throughout their whole high school. The aim of this program is "to try to get youngsters to take more independence in their own study program", states Mr. Mason. This will be done by means of team teaching in the field of Biology, English and Algebra.

There will be 22 teachers new to the system in the High School. Although the yearly turn over was about average, this large number of new teachers in the system is occasioned by the enlargement of the staff necessitated because of the new building.

Guidance direction will be handled by Mr. McGrath and Mrs. Hansen, with Mr. Adams devoting a period each day to assistance with college applications. Terry Thomas, Director of Guidance had resigned his post earlier in the summer and so far a replacement has not been hired.

As of last week 58 high school teachers had been hired. Still lacking were 3. Two Industrial Arts instructors were needed and one in the Home Economics division.

Junior High staff announced

The student enrollment in the Junior High School is up somewhat over last year. The seventh grade at present time consists of 455 students and the eighth grade 420—reaching a new high for these two grades of 875 as compared to last year's total of 767. This does not include the inevitable increase that occurs each year just prior to the opening of school.

For the 1966-67 school year the instructional staff will number 31. This is an increase of 3 staff members. The new staff members are: Barbara Baserdette - Science, Shirley Kinnepe - English and Social studies, Virginia Shelton - Math and Science, Bernard Biddinger - English and Science, Paul Dennis - English, and Earl Solly - Math. Last year the Junior High School housed an additional 170 9th grade students, but for this year the entire 9th grade class will be in the Senior High School. The Junior High, however, retained on their staff the 9th grade instructors thus explaining the increase of 3 staff members.

Bill Bonnell is returning to the

staff after a years leave during which time he completed his Masters Degree in Guidance and Counseling. His prime purpose for the coming year will be to organize a more extensive counseling and guidance program. Mrs. Mickie Beattie will continue as Girls Counselor. The two counselors, Mrs. Beattie and Mr. Bonnell plus the Assistant Principal, Mel Vaara and the Principal, Kelly Burnette will place the total of professional staff at 35.

Basically the curriculum offered to the seventh and eighth grade students will be the same as last year with the exception of an added eighth grade elective entitled "Michigan" which deals mainly with local history.

All students are required to take 5 subjects and select 2 electives. The required subjects are English, Math, Science, Social Studies, Geography for 7th grade and History for 8th grade, and Physical Education. Electives consist of Home Economics (foods and sewing), Shop (metal, electricity, drafting, woods), Chorus, Band, Art and for 8th graders Michigan. Special emphasis will be placed on reading improvement through the English Department.

More plat approvals issued by board

A new subdivision known as Hubbard Hills Estate No. 1 was given final plat approval at the last meeting of the Independence township board. Located at the corner of Hubbard and Allen roads, it will consist of 10 lots.

A recent public hearing was held at which time a street lighting project was approved for three Woodhull Lake subdivisions. Township officials state that the annual service charge for this lighting service would average about \$4.24 per lot. Another public hearing regarding lighting will be held on September 6 at 7:30 p.m. This one will be in regard to the Stevens Farms Subdivision located in the southeastern section of the township. It would encompass property on Stevens, Pine Knob and Maybee roads.

Timberline Estates No. 1 Subdivision on White Lake Road, northeast of the Grand Trunk Western Railway tracks was granted preliminary plat approval. This will include 61 lots.

In other business during the Board meeting Lee Hill was hired as a special inspector to enforce the township's weed, nuisance and junk ordinances. His remuneration will come on a fee basis.

Phone company spokesmen to discuss new service

As a public service to area residents, the Campbell-Richmond Auxiliary Unit # 63 have arranged a meeting with representatives from Michigan Bell Telephone company. It will be held at 8 p.m. on Monday, August 22 at the American Legion Post on M-15, north of the expressway.

Two representatives from the phone company, Mrs. Phillips and Mrs. Ward will be present to discuss the new phone system and the improvements and benefits that will be forthcoming for Clarkston and Independence township subscribers.

The Auxiliary hopes that many interested persons will be present to hear this discussion.

Get ready, kids

Vacation time is over and school is about to start! This was brought home to the youngsters this week when dates were announced for the opening of school.

School will begin officially on September 7. A half day session will be held on that day as well as September 8. On Friday, September 9 school will convene for the first full day.

Teachers will attend their "Teacher meetings" all day on Tuesday, September 6.

The Book Stores will be open all day beginning, Tuesday, August 30. There will be some "trying conditions" until all of the new rooms are completed at the high school, but this condition should last only about a month.

The Book Rental system is still in effect and parents are urged to come to the Junior High office beginning August 15 to pay the \$5.00 rental fee. It is very important that this is done prior to the student reporting to school as they will need the receipt to receive a set of books. Books will be issued to receipt holders during their first hour class on the first full day of school. Seventh grade students will report to school for 1/2 day September 7, and eighth grade students will report for 1/2 day on September 8 and first full day (for both grades) will be September 9th.

"Oliver" slated for presentation two weekends in Little Theater

Eleven young actors and actresses from the Clarkston area and others from Ortonville and Grand Blanc, are winding up the final week of rehearsal for the hit musical, "Oliver", to be presented at the Clarkston Little Theatre at 8 p.m. August 19, 20, 26, 27.

Portraying the cruel, Bill Sikes, terrorizing even his fellow thieves as he sings the threatening "My Name," is Ron Lundy (the carefree Irishman Finian MacLoneran of "FINIAN'S RAINBOW"). Singing the ghoulily funny "That's Your Funeral" as the undertaker Mr. Sowerberry and his wife are John and Marion Walker.

Brothers Hugh and Chris Rose are featured as the kindly Dr. Brownlow (who rescues Oliver from the clutches of Sikes), and his friend, the pompous Dr. Grimwig. Solos in the hauntingly beautiful "Who Will Buy" are taken by Charlene Bachand and Miki Smith as rose-sellers; Diane Lundy and Mary Wertman as strawberry sellers; Timm Wall as the milk vendor; and Gary

Fitch as the knife grinder. All have additional opportunity to display their talents as they reappear (after costume and make-up changes) as tavern singers and dancers in the rousing "Oom-Pah-Pah" number, and as beggars, street entertainers, and London slum toughs who welcome Oliver into their lives with "Consider Yourself One of Us."

Other hit songs from Lionel Bart's beautiful musical score are "Where is Love," "I'd Do Anything For You," and "As Long As He Needs Me". "OLIVER" is being presented by Moore Studios Musical Theatre, directed by Lee Moore, and musical director Sherry Moore. Tickets are available from cast members or may be purchased at the door.

CLASSIFIED ADS
Really work

Bill Sikes (Ron Lundy) threatens tavern customers Timm Wall and Charlene Bachand, in the production of "Oliver". Moore Studios will be in charge of the play which will be given at Clarkston's "Little Theatre" this weekend and again next Friday and Saturday evening.

Swerves to avoid dog, loses control of car

Oakland county sheriff's officers report that they investigated only one auto accident in Independence township over the weekend. That one occurred at 2:20 a.m. on August 14.

Donald Dorman, 18, of 6156 Andersonville Road, Waterford, was driving his 1965 Mustang convertible on Maybee Road, west of Marvin when a dog ran out in front of him. He hit his brakes and lost control of the car.

The driver, who was alone received slight injuries, but did not require hospitalization.

Highway fund money disbursed

The Village of Clarkston received \$1,526 as its share of the second quarter distribution of the Motor Vehicle Highway Fund.

All state gasoline and diesel fuel taxes and license plate fees go to the Fund. After deduction of collection costs and the Waterways Commission's share, the money is distributed under provisions of state law which provide that 47 percent goes to the Department of State Highways, 35 percent to the State's 83 counties for use on county roads and 18 percent to incorporated cities and villages for their roads and streets.

The State Director stated that there is a 3.7 percent increase compared to the same period of 1965.

Loses control of car is hospitalized

A Davisburg woman was taken to Pontiac General Hospital on August 8 when her car went out of control on Andersonville Road. She is Leona Gravelle, 42, of 11231 Andersonville Road. The accident occurred at 9:10 p.m. just north of White Lake Road.

She told sheriff's officers who investigated that she did not know what happened. She was cited for not having her auto under control.

Bowling leagues will organize

Bowling Leagues in the area are beginning to schedule their fall meetings and arrange for their fall play.

The Waterford Merchant Bowling League will meet next Tuesday, August 23 at 7:30 p.m. at Howe's Lanes.

The Clarkston Women's League will meet on Thursday, August 25 at 8:00 p.m. at Howe's.

Labor Day parade will highlight Village Days

Members of the Clarkston Rotary Club are arranging their traditional Labor Day Parade. It will be held following Village Days which will go on Friday and Saturday, September 2 and 3. The parade is scheduled to begin at 10 a.m. and units will form at the corner of M-15 and

Miller Road. Heading the arrangements for the parade is Robert Wertman. He is being assisted by Dr. Denne and Bill Kelly.

Special sales events are being planned by the merchants to celebrate Village Days. Some merchants will be having old-

fashioned sidewalk sales. There will be prizes for various activities and a still to be disclosed grand prize for some family.

The Area Jaycees are working on plans for rides, concessions and numerous other activities which will be set up in the Vil-

lage Parking lot. Merchants hope to encourage local groups to set up stands and concessions for the weekend affair. "The More The Merrier" will be the theme of the Holiday weekend here in Clarkston.

WPON will have their Mobile Radio set-up here on Main street.

This portion of the affair is being arranged by the Town Shop.

It will be the last free weekend before school starts and plans are well underway for one of the most successful "Village Days" ever staged in Clarkston.

Kindergarten to begin Sept. 12

Monday, September 12 will be the first day of school for Kindergarten students. However they may be enrolled any day previous to that time from 9:00 A.M. until 4:00 P.M. They must present proof of age at the time of enrollment. They must also submit either a statement signed by a physician that they have been immunized against smallpox, diphtheria, tetanus, pertussis and polio, and tuberculin tested to determine the presence of infection from tuberculosis; or a statement signed by one parent to the effect that the child has not been immunized or tuberculin tested because of religious convictions or other objection to immunization; or a request signed by one parent that the local health department give the needed protective injections and diagnostic test.

Calendar of Events

Friday & Saturday, Aug. 19 & 20 "Oliver" being presented in the "Little Theatre" at Clarkston High School, 8:00 p.m.

Tuesday, Aug. 23

7:30 p.m. Regular meeting of the Independence Township Board at the Township Hall. This is the meeting regularly scheduled for August 16.

Friday & Saturday, Aug. 26 & 27 "Oliver" being presented in the "Little Theatre" at Clarkston High School, 8:00 p.m.

Monday, Sept. 5 Labor Day Parade sponsored by Clarkston Rotary Club. Parade to commence at Miller Rd. and M-15 at 10 a.m.

Tuesday, Sept. 6 Teachers' meetings scheduled in all schools in the system.

Wednesday, Sept. 7 First Day of School for grades 1-7 and 9-10. Half day session excludes grades 8-11-12.

Monday, Sept. 12 First day of school for kindergarten students.

Monday, Sept. 26 Clarkston Community School District's Protective Service Committee will meet at the Township Hall at 8 p.m. Public urged to attend.

"Fabulous" describes travels, classes, castles in Scotland

Several area students will be back in Clarkston this Friday following several weeks spent in Scotland, England, and France. They travelled first to Dundee, Scotland where they studied for 4 weeks at the University of St. Andrews.

Nancy Richmond, daughter of Mr. and Mrs. Homer Richmond was one of the touring students. Following are excerpts from some of her letters written to her parents.

"This money system here is real wild—the weather is very cold. It has been raining for about 48 hours steady—we're supposed to have a required field trip for 1 of my classes (Epochs in Scottish History) today. I just hope that they don't make us go out in this rain."

"Classes at the University are fabulous. I love my Romantics class—the professor is an absolute gem. We have classes in the morning and usually bus tours in the afternoon. You wouldn't really believe these trips—on a flat road the busses still bounce!"

"In Edinburgh last week we went to Hollyrood Palace which wasn't so good and Edinburgh castle which is fabulous. The whole thing is like a little village in itself—ranging from 900 years old to 39 years old. The Scottish crown jewels are kept here. The Crown isn't at all complicated but it's very pretty."

"We were sent out to stay with Scottish families weekend before last and Chris and I got the same woman as our hostess. We went to Glamis Castle which is where

the current Queen is supposed to have grown up. It was kind-of nice, but so complicated and cluttered that I surely wouldn't have liked to have grown up there."

"We stayed in guest houses—the kind who advertise 'Bread and Breakfast'—we did some shopping and the quality of woolen goods here is sure fabulous!"

"We went on a field trip for 1 of our classes and did a lot of climbing around in a bunch of ruined buildings—Churches and castles and we all got into a patch of nettles and did they itch!"

"Thursday night we danced to the music of 'The Dines'. We'll be leaving here

on the 9th for stop-overs in Birmingham, London, LeHavre and Paris—then home. I can't wait until we get to some warm weather."

In order to avoid travel complications due to the airline strike Pontiac Travel Bureau has re-routed part of the trip. They will arrive at Kennedy Airport in New York on the evening of the 18th and will stay in a Motel near the airport with departure for Detroit scheduled for Friday morning at 8:53 A.M. aboard American Airlines—previously they were to have flown out of New York shortly after arrival there on Northwest, one of the struck lines.

Niece of local resident appearing in movie

Mrs. Charles Scott of 5450 Marvin Road, Clarkston is a pretty proud "aunt" these days as she looks forward to seeing the movie "And Now McGill". Her niece, 7 year old Emma Tyson will have a role in the picture being produced by Universal Studios. It is scheduled for showing in this area soon.

Emma is the daughter of Mr. and Mrs. William Tyson, former Pontiac residents who now make their home in Pacima, California which is near Hollywood. They have 4 other daughters, but it is Emma who has taken to "acting". She has done some television work appearing in an Alfred Hitchcock presentation and also appeared once in "Outer Limits". Her movie parts have been "bit" parts

until she landed this one with Universal.

"And Now McGill" is the story of a sheep-herding family in New Mexico. Emma plays the part of the little sister to the star.

When she had photographs taken at the age of 3 she came to the attention of some directors. She was sent briefly to drama school and these roles have developed as a result of that.

obituaries

Blanche Stieglitz

Private funeral services were conducted on Wednesday August 17 for Blanche Stieglitz, 84 who died on Sunday. She lived at 5075 Clarkston Road. She had been ill for a short time.

She was a member of the Christian Science Church of Boston.

Manley Bailey Funeral Home in Birmingham will conduct the services and cremation will be in White Chapel Memorial Cemetery in Troy.

She is survived by one brother, Van Reade Stieglitz of Bloomfield Hills.

Leonard Augugliario

Leonard Augugliario, 64 of 4563 Waterford Road, Waterford died on Wednesday, August 10 following a short illness. He had been the owner of Leo and Son Mobil Service Station in Waterford for 22 years.

He was born in Italy, the son of Vito and Detrenella Augugliario. Two sisters and two brothers who still live in Italy survive him.

His services were held at 10 a.m. on Saturday, August 13. They were conducted from Our Lady of the Lakes Catholic Church with the Rev. F.J. Delaney officiating. Wint Funeral Home made the arrangements and burial was

in Mt. Hope Cemetery, Pontiac.

Surviving are his wife, Anna; one daughter Mrs. Earl (Pat) Bruske and one son William J. Augugliario, both of Waterford township and 3 grandchildren.

Honored on

50th anniversary

A family celebration recently marked the 50th Wedding Anniversary of Mr. and Mrs. James H. Stevens, 16244 Princeton, Detroit. They were guests of honor at a dinner given by their sons and daughter-in-laws, Mr. and Mrs. James E. Stevens, Clarkston, and Mr. and Mrs. Kenneth W. Stevens, Birmingham. The couple have three grandchildren. Among the guests present were Roy Woodward of Hessel, Michigan, Mr. and Mrs. Frank Hoching, Mrs. Cecil Pollard, and Mrs. Jack Toth.

Seymour Lake

By Miss Gladys Sherwood

The annual Seymour Lake homecoming will be held in the Methodist Church Saturday, August 20. The dinner, sponsored by the W.S.C.S. will be served at 12:00. Program will be held in the Church auditorium at 2:00. Besides organ and vocal numbers by Mrs. John Cook and Mrs. Jerry Ballard, a special feature will be a group account of a recent trip to

Mexico by Mr. and Mrs. George Grainger and son Charles of Independence township also George Wallowby on Baldwin.

Miss Shella Bundy of South Carolina became the bride of David Porritt son of Rev. and Mrs. Marvin Porritt in the New Hope Bible Church on Sashabaw Plains, Saturday evening. The groom's father officiated. The newlyweds have been students at a Holiness College in Georgia and plan to resume their work this fall.

BLACK EEL SOLUTION

When the solution in your jar of black eel pork kind begins to run dry, fill the bottle with a solution of black vegetable dye and alcohol.

Two area people receive OU degrees

Theresa A. Wooley of 9333 Rattalee Lake Road received her undergraduate degree from Oakland University last Saturday. Her field was Elementary education.

Roger A. Ward of 7260 Garvin in Waterford was awarded his degree in Business Administration. They were part of the 95 students who received degrees at the summer commencement.

The outdoor ceremony featured several selections by the Meadow Brook Orchestra under the direction of Albert Tipton. Chancellor D.B. Varner conferred the degrees.

Michigan's Seagulls Range Entire State, Says WSU Prof.

Herring gulls on a Lake Michigan pier.

DETROIT—A seagull in Midland? Why not? Actually, the "seagull" is a popular misnomer applied indiscriminately to the various kinds of gulls, many of which range far from the sea, points out Prof. William L. Thompson of Wayne State University's biology department.

Eleven species of gulls have been recorded in Michigan," he says. "The most common are the herring gull and the ring-billed gull. Most of the others only pass through the state during their migration and from more northerly nesting areas. All are large, white-breasted, gray-backed birds with black wing tips.

Gulls feed on insects as well as fish," Dr. Thompson points out, "and it is for this reason that they are often found inland so far from the water. Gulls have been observed flying above plowing farmers, in search of insects or worms that may be turned up. A monument in Salt Lake City commemorates the time seagulls saved the Mormons from a plague of grasshoppers.

In their marine-area eating habits, both the herring and ring-billed gulls are primarily scavengers, feeding on dead fish washed up on the beach or floating in the water," he says. "They also gather about fishing vessels or at refuse dumps near lakesides.

Herring gulls use "aerial bombing" to open clam shells and get at the soft clam inside. They pick the clam up from a mud flat, fly over a hard surface, and drop it from a height of about 40 feet, repeating the process if necessary.

Gulls usually nest in colonies, often on islands where they can be safe from small mammals that might eat their eggs or young. The nest is usually built on the ground of sticks, grass and moss but occasionally built in trees if the colony is subject to disturbance by man," says Dr. Thompson.

There are usually three eggs. Young chicks are able to swim not long after hatching but do not usually take to the water soon unless they are forced to. The parent seagulls feed the chicks for about five weeks, after which they are able to care for themselves.

Flower Show in Oxford

The Oxford Garden Club are presenting their 32nd annual Flower and Vegetable show. This year the theme will be "Over the Rainbow". It will be held at the Daniel Axford School on Mechanic street in Oxford on Saturday and Sunday, August 27 and 28.

Speaking for the club, Mrs. Walter F. Hubble stated, "We feel this is a worthy project for promoting the spirit of neighborliness and good will in the community. We hope that the public will visit our show and enjoy the exhibits. The love of gardening and flowers give a deeper meaning to life for people of all races and creeds."

There will be 20 different sections in the show including a children's division. Mrs. William Rossiter and Mrs. Josephine Skinner are the general chairmen.

Hours of the show will be from 3-10 p.m. on Saturday and from Noon until 7 p.m. on Sunday.

Enthusiastic peace corps volunteer doing 4-H work in Malaysia

A Clarkston girl, Lynn Walton Emmons is busy as a 4-H supervisor in the Peace Corps in Malaysia. Lynn is the daughter of Mrs. Clarence Seaman of Hadley Road and a 1961 graduate of Clarkston High school.

She departed for her tour of duty in that Asian country in June 1965 following training for 3 months in Hawaii. Instead of coming home for a brief leave following that indoctrination period, she with other Corps volunteers did some "island hopping" in the Pacific before starting on their Asian assignment.

Lynn is stationed in Bau, Sarawak. It is a small village not too far from Kuching. She is the only Peace Corps volunteer in the village. She is enthusiastic about the cooperative and nice people who comprise this area. The government furnishes her a house to live in and a motorcycle to go about her appointed tasks on. She does not feel that she is deprived of modern conveniences—it is just a case of "make-do". Her house is placed on stilts as many in the village are. Her water supply comes from a rain barrel strategically

located outside. Although there are few supplies of fresh meat and milk, she has quickly adapted to using canned supplies. And as the project develops and chickens and rabbits are introduced into the area, there will be a chance for fresher varieties of meat besides the traditional pork that the native Malaysians eat. Her home was recently equipped with electricity.

Lynn, who graduated as a registered Medical technician from the Elkhart Medical School in 1962 had expected to go into some

phase of the Medical corps, but when officials learned of her 4-H background, she was quickly assigned to that phase of the Peace Corps operation. She replaced 2 boys who were finishing their stint with the corps. One young man lived in North Dakota and the other one in Washington. Both men visited Lynn's family here in Clarkston enroute to their homes and made the Seaman family acquainted with what Lynn was doing and the area in which she was living.

Learning, under her direction, is a Chinese boy, who in turn will be teaching and helping his people when she leaves to come home. Her early farm training is invaluable to Lynn as she endeavors to teach the native villagers the care of small livestock, good hygiene, and gardening techniques. In fact, with the assistance of the Chinese lad, Lynn hopes to soon be able to leave these projects in his charge, then she will work part-time in a Veterinary clinic in Kuching. Part of Lynn's work is to try to interest the local "Head Man" (comparable to a Village Mayor) in the work of the Corps. He, in turn will encourage his villagers to cooperate with and follow the work and instructions of the Peace Corps volunteer.

The village in which she is working is several miles inland from a main transportation artery, so these people have not had benefit of too much education. However, there is a swimming pool there and other recreational facilities that are available to Lynn and other volunteers.

She recently was given her first vacation which she and a friend decided to spend in Australia. The villagers stood on the dock weeping visibly as the girls departed—the girls trying meanwhile

to reassure them that they would be returning. They toured the "country down-under" as much as time would allow before returning to their Asian home. One of the first things they did upon their arrival in Australia was to hurry to a restaurant to order what they had missed the most—"a pizza and chocolate malt".

Holidays are festive occasions in this colony, which was once under British protectorate. Village activities come to a complete halt for many days in preparation for and actual celebration of these festive days. United States supplied the traditional turkey and treats for the Peace Corps people at the time of Christmas and New Year celebrations.

As a 4-H girl in the States, Lynn had raised Black Angus cattle, ducks, chickens, horses and in later years sheep. So she is completely familiar with proper feeding of livestock to prepare them for market. This is one of the difficult projects to teach the natives. To combat this, feed is sold to them at cost to encourage them to raise livestock which will become a good meat supply. Rabbits are being shipped in from Australia to encourage the natives to raise them to aid their diet in protein.

Despite the extremely hot humid weather experienced there, Lynn is enthusiastic about the country. Rainy months are September and October, but she was partially prepared for this climate due to the rigorous 3 month training period that she and other volunteers underwent in Hawaii. They experienced actual jungle living there, learned to eat oriental food, and had intensive foreign language instruction. It was necessary for her to learn 2 foreign languages—Malaysian and Dyak (the native dialect used by the river people).

The Machine and Metal Shop at Clarkston High School will be open when school starts on Sept. 7. An expanded curriculum will be possible this year because of the additional vocational facilities.

BE CAUTIOUS WITH RACKS
Most of our tips tell you what you can do. This time a reader offers some welcome advice on what NOT to do. His suggestion grew out of a tip that said old refrigerators could be used as smoke houses. A hot plate of hickory chips in the bottom serves as a source for the smoke. Seems that some refrigerator shelves are cadmium plated. Under intense heat, cadmium melts and if eaten with food can result in cadmium poisoning whose effects are similar to food poisoning. Unpleasant to say the least. Smoking probably wouldn't raise temperatures into the dangerous area... but don't take a chance. Replace racks or have them checked for safety by a competent authority.

While in training and since her assignment, she has met many school teachers who are serving in the Corps. There is still a need for people in the Medical field.

Lynn's Mother, Mrs. Seaman eagerly awaits her letters which usually take a week to arrive and incidentally cost Lynn 30¢ to mail. But from the letters she states that Lynn is tremendously impressed with the success of her work and the Corps in general.

She will be through with her tour of duty in June, 1967. And then, she like many others will undoubtedly cash in her return ticket (furnished to her by the government) and go the reverse way—around the world to arrive back in the states. Lynn then, plans to continue in some phase of medical work, which she did before she entered the Peace Corps.

Baptist Church scene of Thornton-Parrott vows

Miss Bertha M. Thornton of 2785 Williams Lake Road, Waterford became the bride of Raleigh C. Parrott of 9716 Hadley Road, Clarkston on Saturday evening, August 13. The bride's parents are the Calvin Thornton's and the groom's mother is Mrs. Charles Parrott.

The 7 p. m. ceremony was performed by Rev. Glenn Ray, uncle of the bride and Rev. Dee in the Clarkston Baptist Church. White gladiolus and carnations decorated the altar for the candlelight, double ring ceremony.

The bride, who was given in marriage by her father chose a gown of white lace over satin. Her bouquet of white carnations and roses were arranged to form a cross. Her only jewelry was a strand of pearls which was a gift from the groom.

The Maid of Honor, Sandy Berry was gowned in yellow with accents of white lace. She carried yellow roses on a heart shaped pillow. Sue James, Mary Anderson served as bridesmaids and junior bridesmaid was her sister Cheryl. Their dresses were Nile green and were

trimmed in white lace. They carried matching green carnations.

The groom's attendants were Gene Thornton, Lyman Thornton, Dale Sanchez and Charles Parrott. Garry Parrott, brother of the groom was the ring bearer.

The Church Hall was the scene of the wedding reception which followed the ceremony. The same green and yellow theme was used in decorating with accents of white bells.

The bride's mother greeted the guests wearing a dress of ecru lace with which she wore brown accessories and a corsage of yellow carnations. Mrs. Parrott wore a powder blue suit and white accessories. Her corsage was white carnations edged in blue.

For travelling to New York state the bride wore a yellow gown and white accessories. Upon their return they will make their home at 2785 Williams Lake Road in Waterford. The groom will leave for Service on August 19.

Linda Smith
weds Lenford Harless

The Dixie Baptist Church was the scene of the Saturday afternoon wedding of Linda Carol Smith and Lenford Dow Harless. It was performed at 2:00 p. m. on August 6. Pastor Paul Vanaman officiated. The bride is the daughter of Mr. and Mrs. Wallace Smith of Clarkston and the parents of the groom are the Dow Harless' of Isaban, West Virginia.

For her wedding she chose a gown of lace over taffeta. Her veil of illusion was held in place by a tiara of seed pearls. She carried a bouquet of pink carnations interspersed with white roses. Lois Smith was the Maid of Honor and Bridesmaids were Pat Cook, Linda Haynes and Janice Powers. Their bouquets were of turquoise carnations.

The groom was attended by Harold Stacy. Ushers were Nolan Carnell, John Allen and Gary Foraker.

Flower girl was Marie Vance and performing the duties of ring bearer was Jimmy Cook.

A reception followed in the Clarkston Community

Hall after which the couple left for a honeymoon at Niagara Falls. They will make their home at 8411 Dixie Highway, Clarkston.

SO ENDS A SUCCESSFUL SEASON!

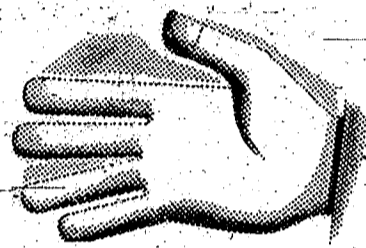

The Independence Township Recreation program last week ended a very successful season. Nearly 1350 area youngsters were able to participate in games and playground activities during the six weeks period in which it was in operation. Of this number approximately 1000 were involved in playground activities, while the other 350 were experiencing competitive sports via the Little League Circuit and tennis matches. Enthusiasm ran high in all fields.

To make a successful program such as this one requires a lot of cooperation on all levels. We hesitate to throw bouquets for fear we will omit someone. But we would like to compliment the director, Bud McGrath on his over-all devotion. The whole program was well planned and directed.

The merchants who sponsored the teams, the managers who directed the teams and the playground workers all deserve credit for the over-all success of the program.

Those in charge talk of seeing all phases of the program doubled in scope for next year, but it is a task that could be accomplished with the same spirit of cooperation and helpfulness that was shown this year. Let's get behind the Recreation Program for next year to give it that needed boost!

Reaching out

-THE GREAT SERMON-

Blessed are the merciful, for they shall obtain mercy. Blessed are the pure in heart, for they shall see God. Matthew 5:7-8.

(Read Matthew 5, 6 and 7.)

One afternoon long ago during the early, happy days of Jesus' ministry among the little people of His beloved Galilee, a crowd assembled and followed Him, some in dire need of the healing touch of His gracious hand, and others anxious to hear His words of wisdom, for He spoke in a strange, new manner, as one having great authority.

Exalted in spirit, Jesus led them to a hillside where He stopped to rest, and when it was quiet He spoke to them those words of great power and beauty which we know as the Sermon on the Mount; He taught them the Beatitudes, the Lord's Prayer, and the Golden Rule.

The Great Sermon is a summing up of the whole wonderful Teaching of Jesus, and it is as well the one perfect portrait of the Christian life. Like a magic mountain it has always attracted this world's greatest men. India's gentle Mohandas Ghandi, France's Albert Schweitzer and our own Abraham Lincoln have all held it to be the very staff of life.

Jesus surely expects that His Teaching will be put into practice by His followers of this present day. The Great Sermon is much more than just an ethical ideal, very much more than just beautiful poetry; it is concrete and specific in its demands upon us. Rightness, on Jesus' terms, is far more than a superficial appreciation of the truth of His claims. It involves rather, a rebirth of the spirit, and a wholly new attitude of mind.

Eternal God, our Father: Constrain us by Thy spirit, we beseech Thee, to recognize the validity of the claims of Jesus upon us and to find, in His gracious words, Thy good and perfect Will for our lives. AMEN. Everett Butters

Your Dental Health

Fifteen minutes is a short and usually unimportant period of time. But there is one 15-minute period which is critical to your dental health.

That's the 15 minutes right after you eat, for that's the time when tooth decay begins its silent attack.

Dental scientists tell us that decay is caused by bacteria in our mouths, acting on the food we eat—especially carbohydrates.

Toothbrushing is the best way to remove particles of food and some of the bacteria before they can do their harm. Brushing should be done right after meals and right after snacks, too.

Most people don't brush their teeth often enough, or well enough.

A survey made a few years ago of 1,000 American families found:

—only 15 per cent brushed their teeth three times a day;

—about 50 per cent brushed their teeth twice a day;

—two-thirds of the toothbrushes in use had bent or broken or matted bristles which had long outlived their usefulness.

PEEKIN' into the PAST

10 YEARS AGO IN THE CLARKSTON NEWS

Mrs. Beth Siddall is attending a two week study trip of natural resources in Michigan's Upper Peninsula.

The Clarkston Merchants are planning their Annual Golf Day. It will be held at the Davisburg course.

A "substantial" wage increase and a 35 hour work week at no reduction in pay highlight the demands of the Communications Workers of America, as bargaining gets underway at Michigan Bell Telephone Company.

There were 34 in attendance at the annual Clarkston School Reunion held at the Community Center last week.

A Pontiac Area chapter of Women's Committee of National Citizens for Eisenhower has been formed.

25 YEARS AGO IN THE CLARKSTON NEWS

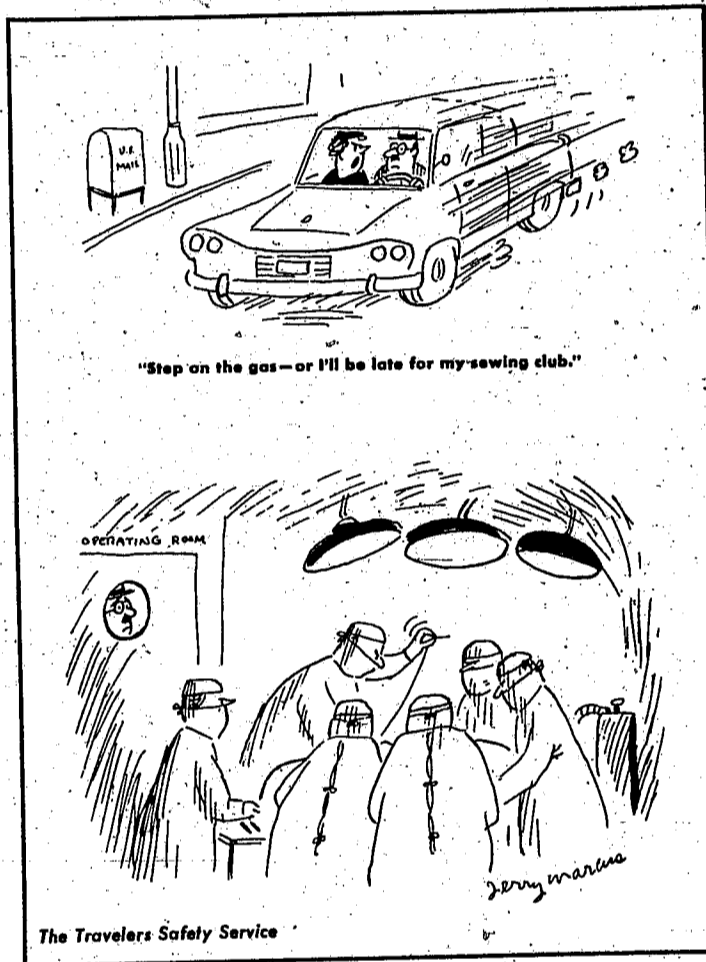

Michigan's few remaining large American chestnut trees are feeling the touch of the dreaded chestnut blight. They may disappear in Michigan within the next decade state forestry authorities.

Among the 27 graduates from the St. Joseph Mercy hospital in Pontiac who received their diplomas last week were Miss Bettie Ann Comstock and Miss Mary Gassick of Clarkston.

The steeple on the Clarkston Methodist Church is being painted. Spray guns are being used.

Due to the fact that woodsmen are leaving the woods for defense jobs, and that the factory workers are joining the army, manufacturers are warning that the supply of paper sacks is getting small. It may be that the old idea of market baskets is revived.

You Bet Your Life

Speed killed or injured more than 1,570,000 persons in 1965.

Get your free Medi-Label now

Do you have your Medi-Label now?

What is it? A small, gummed sticker about the size of three trading stamps put together. It sticks to the new plastic Michigan driver's license and contains a brief medical history of the driver.

Things like blood type, allergy sensitivity, tetanus immunization and other information which would be helpful to a physician called in

during an emergency situation are indicated on the Medi-Label by the family physician.

The Medi-Label, developed by the Michigan State Medical Society, is designed for the new plastic drivers license. There is no space on the old license for it.

Medi-Labels are free. They can be obtained only from a physician. If he is out of them he can get more from Michigan State Medical Society headquarters in East

How should you brush? Your dentist can determine the best method for your particular oral conditions. The following method is one that is frequently recommended:

—teeth should be brushed the way they grow; place your brush bristles on the gums, near the gum line and brush down on the upper teeth and up on the lower ones;

—force bristles into spaces between the teeth while brushing inner and outer surfaces;

—use a scrubbing motion to brush the chewing surfaces;

—brush each area with at least ten strokes.

If you can't brush your teeth after eating, rinse your mouth vigorously with water.

When buying a toothbrush, select one with a flat brushing surface. It should have firm resilient bristles and a head small enough to allow you to reach all surfaces of the teeth. Two toothbrushes are a good investment. Use them alternately to give them time to dry completely.

Proper toothbrushing after meals will clean your teeth. It helps keep your gums healthy, too. It removes decaying food—one of the causes of bad breath.

Remember, the toothbrush is your best weapon against dental decay. Use it well and often.

Lansing.

One of the nurses who checks in patients in the emergency room at William Beaumont Hospital in Royal Oak says, "The Medi-Label is helpful because we know better who they are and how

to treat them." Officers of the medical society are promoting the Medi-Label because they point out, "If you get into an accident it's possible your family doctor will not be the

CLARKSTON, (Mich.) NEWS Thurs., Aug. 18, 1966 7

one to treat you. Medi-Label is his way of telling the attending physician about you. Telling him anything which might help him give you better and more efficient treatment."

NEW MIRACLE FABRICS AND A Gas Dryer TAKE THE DRUDGERY OUT OF IRONING

Waltz thru Washday!

Cut ironing time with a work-saving GAS DRYER

Today's smart new gas dryers are designed with "Wash and Wear" clothes in mind. Many new fabrics come from the dryer ready to wear. And your whole washing will require less ironing—towels will be fluffier, synthetics and other delicate fabrics gently dried at the proper temperature. Yes, with a gas dryer you'll truly "Waltz through Washday." It's too late for last week's laundry—but see your Gas Appliance Dealer and let a gas dryer help you do your ironing.

The Perfect Partner for an Automatic Washer

At this time of year money seems to melt away. So, a meal that is extra good for family or guests... and easy on the food budget is welcomed. Serve Spanish Sautéed Meat, Green Bean Salad Lorenzo, Corn Bread and Pumpkin Pie for a dinner to enjoy.

Spanish Sautéed Meat

1 small green pepper
1 medium size onion
1 clove garlic
1 can (8 to 4 oz.) mushrooms
1/2 cup olive or salad oil
2 tablespoons flour
1/2 teaspoon salt
1/2 teaspoon cayenne

1/4 teaspoon each of rosemary, thyme and marjoram
1 can (10 1/2 oz.) tomato purée
1 can (1 lb.) tomatoes
1/2 cup pitted ripe olives
2 cans (12 oz. each) luncheon meat

Cook coarsely chopped green pepper and onion, minced garlic and drained mushrooms (saving the liquid) in oil until lightly browned. Stir in flour and seasonings. Add mushroom liquid, tomato purée, tomatoes and olives; cook until thickened, stirring. Cut luncheon meat into thin slices, and each slice into half. Put 1/2 of the meat in a baking dish and top with 1/2 of the sauce; repeat until all meat and sauce are used. Bake in a moderate oven (350 degrees) about 30 minutes. Six generous servings.

Green Bean Salad Lorenzo

Mix 1/4 cup bottled French dressing, 1 teaspoon Worcestershire sauce, 1 tablespoon chili sauce and 1/4 cup chopped water-cress or parsley. Pour over a 1-pound can of whole green beans that have been drained. Chill for 1 or 2 hours. Slice a small onion and separate into rings and mix with the beans. Toss lightly with a quart of crisp salad greens torn into pieces. Six servings.

can; toss overboard. Oily food creates a long "slick," attracts baitfish... then big fish.

BACKGROUND FOR SPEARING

Save bright TV dinner plates until you have a real stack. Then, next winter, arrange them on the bottom beneath your fishing shack. Now as you sit there spear in hand, every fish that passes over the shiny reflecting surfaces is an easy target.

PUPPY KEEPS QUIET

First night in the house with a new puppy, no one gets any sleep. Stop puppies' crying with an alarm clock wrapped in a towel. Puppy thinks ticking is its mother's heartbeat, sleeps all night.

BOOT STORAGE

Store boots on horseshoes to make them (the boots) last long. Nail shoes so boot heels can be slipped into them. Hang boots upside down full length in cool spot.

DRY BOOTS

Plenty of good ways to dry boots at home. But how do you dry wet boots in camp? Here are two ways. Can you think of more? Heat sand over fire in a tin can. Pour into boots, then pour out. Second way: Stuff with pine boughs or dead grass.

HOOK COMES OUT

A firm stick, as round as your little finger and about five inches long, makes an emergency hook disgorger. Wrap line around stick several times, slide down hook and twist hook tight. Then you can back the hook out.

DOG PERFORMANCE

The way your pointer or setter performs will depend in great part on how conditions are for scenting. Worst: dry frozen snow. Best: wet misty fog.

COOKING WITH OILY FLIES

Try this tip to hypo dry-fly fun for pan fish. Dip flies in cooking oil from time to time as you fish. Oil floats fly and adds to natural, fishy appearance.

CUT PAW

Tobacco sacks of the roll-your-own variety can be used to cover a cut on a dog's pads. Wash cut and apply antiseptic. Slip tobacco sack over paw and tie fast. The dog will probably chew the sack off but not before the antiseptic has had time to work.

OUTDOOR TIPS

from the Ancient Age Sportsman's Idea Exchange

FLUFF FLIES

Surely everybody knows that old matted flies can be fluffed up to their original appearance by steaming over the tea kettle spout.

CHUM CATS & DOGS

Several prepared cat and dog foods make excellent chum for most fish. Puncture cat food

Clarkston schools bookstore schedule

Clarkston Community Schools bookstores will be open on the following schedule:

Elementary Aug. 29-Sept. 2.
Middle School Aug. 29-Sept. 2.
Senior High School Aug. 30-Sept. 2.

Hours in all buildings will be as follows:

8:00 a.m. to 12:00 noon
1:00 p.m. to 3:30 p.m.

Book rentals and fees remain the same as established in 1964. Book rentals for grades are announced as follows:

Kindergarten \$2.00
Grades 1-8 5.00
Grades 9-12 6.00

In order to facilitate the distribution of text books and the collection of Book Rental charges the following procedures will be observed: In the Elementary Schools, book rentals may be paid any time after August 29, and

prior to opening of school. A receipt will be issued at the time of payment of book rental fees. The student will then receive books at the time he begins school attendance and presents the receipt.

In the Middle School, book rentals and fees may be paid anytime after August 29, and prior to opening of school, and a receipt only will be issued. The students will then receive books at the time of school attendance, and the presentation of the receipt.

Fees:

Shop Fee	\$2.00
Art	.50
Home Economics	.50
Senior High School students will receive books at the time book rental is paid. Students should also plan to pay fees if enrolled in the classes listed below:	
Art	\$5.00
Mechanical Drawing I	10.00
Mechanical Drawing II & III	4.85

Towels 4.00
Shop Charges 3.25
Shop Card 2.50

Will take vows August 22

Twenty men will pronounce perpetual vows in the Society of Jesus, Monday, August 22, at Colombiere College, Clarkston.

Rev. Marshall L. Lochbiler, S.J., Rector of Colombiere College, will officiate at the Mass at which these twenty men will commit themselves to lives of chastity, poverty and obedience.

Following the taking of their vows which bind them to the Society of Jesus, most of the twenty men will remain at Colombiere College for one or two more years working for their A.B. degrees.

Those pronouncing vows at Colombiere College on August 22 are: Mr. Matthew J. Beach, S.J., Saginaw; Mr.

The WHEATERS

DAD AND I WERE TALKING ABOUT GOING TO THE DETROIT ZOO TOMORROW. HOW ABOUT IT, MOM?

SOUNDS SWELL TOMMY. I'LL PACK A LUNCH.

WHAT'S THE DRIVER AHEAD PUTTING HIS HAND OUT FOR, DAD?

I'M GLAD YOU NOTICED, JANIE. HE'S WARNIN' ME OF CONGESTION AHEAD. ALTHOUGH THERE IS NO STATE LAW COVERING THIS, IT'S A UNIVERSAL SIGNAL. MOST DRIVERS UNDERSTAND.

IF YOU WATCH THE SECOND AND THIRD CARS AHEAD AS WELL AS THE ONE DIRECTLY IN FRONT, YOU WILL BE ABLE TO FORESEE TROUBLE THAT MAY BE DEVELOPING AND AVOID IT.

IT'S NICE TO SEE THE ANIMALS OUT IN THE OPEN.

YES, HELEN. THIS WAS THE FIRST AMERICAN ZOO TO MAKE EXTENSIVE USE OF MATED ENCLOSURES.

Bring 'em back ALIVE!

Pier Warehouses To Serve As Historical Museum

Scene of yesteryear - the lake steamer "Islander" arrived twice daily from Mackinac Island, docks at Lakeside pier on Coryell Island. Guests at the Lakeside greet friends, say farewell and watch the unloading of freight, luggage and mail. This mellow photo taken around 1915 was given us to accent the association's research into the past history, by Ralph McBain of Coryell Island.

A major upsurge of community interest in the newly organized Les Cheneaux Historical Association was evidenced by the crowd on Monday evening, many offers of historic relics and materials, and the prompt acceptance of office and committee heads.

With Mrs. Frank Taylor presiding at this open meeting, plans were firmed up to establish a non-profit educational organization incorporated under the laws of Michigan. A fund raising and membership drive is now in progress. Of four possible sites for the planned museum, two warehouses on the Hossack dock were chosen by the group for a temporary museum.

An association spokesman expressed the vital importance that this historical program would be in continuity with the growth and expansion of Les Cheneaux Islands and communities. Guy Hamel, working with Leonard Rye and Walter Cordes, presented their findings on possible sites prior to the final decision on the Hossack dock location.

The present board of directors is made up of Mrs. Frank Taylor, Mrs. Stanfield Wells, Mrs. Paul Tobin, Oliver Birge, Gordon Goehring, Wilson Brumleve and Lyle Hudson. The

group is indebted to Mrs. Hartwell Olmstead for the donation of the temporary museum building.

Committee chairmen are being named and it is anticipated that a well-organized committee will be set up to accept all articles and historic materials before donors and contributors leave for the summer.

Annual Farm Bureau Bazaar

The annual bazaar of the Chippewa County Farm Bureau Women's Committee will be held at the Kinross Fair on Labor Day. Mrs. Frank Schwiderson of Brimley is chairman for the 1966 bazaar.

Donations should be sent to Mrs. Schwiderson any time this month. Baked goods will also be featured and should be sent or taken to the booth as early as

Shrinks Hemorrhoids Without Surgery

Stops Itch—Relieves Pain

For the first time science has found a new healing substance with the astonishing ability to shrink hemorrhoids and to relieve pain—without surgery. In case after case, while gently relieving pain, actual reduction (shrinkage) took place. Most amazing of all—results were so thorough that sufferers made astonishing statements like "Piles have ceased to be a problem!" The secret is a new healing substance (Bio-Dyne®)—discovery of a world-famous research institute. This substance is now available in suppository or ointment form called Preparation H®. At all drug counters.

possible on Labor Day.

The "Country Kitchen Cookbook" will also be featured at the booth this year.

Proceeds from this bazaar, the only money-making project for the year, are used for annual state projects, county projects, sending delegates to meetings, helping sponsor young people to Citizenship Seminar, and like projects.

Tiny Pine Tree--Symbol Of American Visit

A very small . . . but very upright . . . pine tree from the green forests fringing the outlying area of Hessel will start life anew in a fairytale-like garden in Wurttemberg, Germany.

Mrs. Welhelm (Anna) Wallbrett of Weil in Schoenduch, Wurttemberg, Germany, visited in Hessel on Sunday as part of a month's tour of the United States. Arriving via a German Airliner in

New York City, she is visiting her daughter and son-in-law, Mr. and Mrs. Bruce Butler of Grosse Pointe Woods. Mrs. Wallbrett, the Butlers and Mrs. Dorothy Butler stayed one night at the Wilson Motel enroute to Mackinac Island and other historic spots.

Mrs. Wallbrett, who smiles her satisfaction at the beauty and picturesque charm of Les Cheneaux, will carry her pine tree gleaned from the George Gellasch woods in Hessel, when she boards her airliner bound for the Stuttgart Airport in Germany.

Mail is delivered on 31,000 rural routes.

207 feet frontage on north side, of M-134, near DeTour. Less than \$6 foot.

Forty acres, deer area, SW-SE, Sec. 15, T42N, R2E.

One-acre with one-bedroom unfurnished cabin, two miles north Cedarville. Near good hunting. Well, electricity. \$2,000. Some terms considered.

Beauty Shop with living quarters, on Cedarville's through street, M-134. Details on request.

Four adjoining 100 foot lakeshore building lots in Hamel's Eastern Shores Subdivision, \$2000 each.

Ten acre tract just off M-134 with connecting lot to highway 318 feet in width. Public access to sand beach across highway. \$2,000. Terms.

Two bedroom cottage, pine-paneled, insulated, bath with shower, combined kitchen and dining room and large living room with fireplace. This desirable lakefront lot is well elevated and through picture windows a marvelous view is afforded. Available soon. \$10,500.

Attractive commercial or private site having 387 feet lake frontage. Ideally wooded. Beautiful view of scenic waters, boating, fishing. Now available \$31 foot.

Road frontage, 222 feet, between residences of Archie Dunn and Kent Hamel on 4-mile block. Nicely wooded and has good view of channel. \$3,000.

New, nearly completed 2-bedroom hunting cabin on 135 foot lot on north side of M-134 ten miles east Cedarville. Place for bath, 5x7, no well, but includes furnishings and materials now in cabin for finishing. \$4,000, 1/4 down \$35 monthly.

Two 2-bedroom furnished cottages on deep, nicely wooded 80' lot. Choice sand beach. \$12,000.

Five two-bedroom cottages, with 200 feet frontage, Caribou Lake, facing south. Room for expansion, 7 boats. \$22,000. Terms, \$6000 down, 4 1/2% interest.

Beautifully wooded deep lot, on SW side accessible Hill Island, 180 foot shoreline, \$2500.

Insulated, fully furnished four-room vacation/hunting cabin; one bedroom, davenport in living room, kitchen, dining room, bath. Good drilled well, electricity, new refrig-freezer. Forty acres, access by blacktop (old US-2), north of St. Ignace. Near vast public lands, \$4950 cash.

Large old-fashioned but well maintained lakefront home. Gorgeous view. Excellent water supply from deep well. An all-season home with 1 1/2 baths, dual fireplaces that are a delight in the spacious dining-living room. Many other attractions, not the least of which are the wide porches and the site itself. Dock, boathouse and 150 feet lake frontage. Near Cedarville. Mail delivery. Only \$15,000.

Five-unit rental resort on 200' lakefront, plus owner's cottage, seven boats, two motors. Established clientele. Immediate possession. \$29,500. Terms with low interest.

Eighty foot lakefront lot. Offered separately or with Lone Susan Island, off shore. Price \$2500.

520 acre hunting tract six miles north and one west Pickford. Investigate this one. \$22 acre. Terms.

Two bedroom insulated home, furnished. Includes Deep Freeze, Television. Near boats, bait. Excellent water. Price only \$7000. Terms.

Magnificent drive-on crib dock, eight cottages, 7 boats partly describes this 500 foot St. Mary's River Resort. Desirable three-bedroom home, bait tanks, two flowing wells. This is an established resort, priced right. Owner will consider dividing property.

One hundred fifty feet lake frontage in central mainland. Secluded, nicely wooded. \$4500, Terms.

280 acre hunting tract four miles north and five miles east of Cedarville on Swede Road. Includes a furnished cabin, sleeping ten. \$15,000.

Insulated, nearly new vacation retirement home, beautifully wooded acre, 500' frontage. Automatic oil heat. Two bedrooms, fireplace in living room. Unfurnished. Garage, dock, flowing well. \$14,500. Terms.

Successful all-year hotel, consisting of lobby, fully-equipped coffee shop, two kitchens, dining room and twelve bedrooms. Famous for its Sunday smorgasbord and congenial hospitality. After 18 years of operation the owner is seeking retirement. Price, terms, further information on request.

300 foot building site on SW side Hill Island, causeway-reached. \$4500.

Ideal 240 acre hunting tract, north and east of Cedarville with insulated 4-bedroom home with bath. Includes drapes, carpeting. Oil furnace. Three-car garage. Priced at only \$16,500 cash.

On a well-elevated acre of land near the Hessel Bay waterfront is a new all-season home consisting of living room with fireplace and dining area at one end, kitchen, utility room (that could be used as a second bedroom), the main bedroom, bath and attached garage. Walking distance postoffice, supplies. \$12,900. Terms.

Established vacation resort; six modern two bedroom furnished cottages, fully insulated all-year home, complete workshop. Six 14 foot boats, solid crib dock. Approximately 500 feet sand beach and excellent play area. Also suitable for company or club recreation use.

Insulated three bedroom lakefront home, pine paneled throughout. Fireplace. Marvelous view of sunsets and scenic channels. Automatic furnace heat. Further information upon request.

250 foot restricted building site, well wooded, sand beach, including water rights to well. \$35 ft.

For the Sportsman, a king-size virgin island, the great HAY ISLAND in Georgian Bay lying one mile from the Bruce peninsula. 1680 acres. Plenty deer. Beautifully timbered, but has suitable area for a landing field. Aerial view available.

Top location, deep lot, 300x1600, off M-134 with 2-bedroom insulated lakefront home, 2-car garage, dock, boathouse, 2-bedroom furnished all-season cottage. Private or commercial. Ask for details.

Stalwart Ladies Aid

"Harmony or Unison" was the theme of the devotions used by the president to open the Stalwart Ladies Aid meeting as it met at the home of Mrs. Robert Sims on August 3.

The lesson from the Bible study book, "Rightly Dividing The Word," was led by the hostess.

Secretary's, treasurer's and committee reports were heard. The group is still collecting Betty Crocker coupons for the missionary plane.

Plans were made to have the rest of cupboards built in the church kitchen, to make other repairs, and plans were made for the dessert which this group is to serve at the Women's Retreat at Northwoods in September.

The next meeting will be at the home of Mrs. Russell Sims on August 31.

4-H Knitting Projects At U.P. Fair

Local 4-H club knitters exhibiting their projects at the U. P. Fair at Escanaba this week are Jean and Lois Baker, Rita Dutcher, Kathy Hessel and Florence Nye, all of Hessel.

These projects, selected at Mackinac County 4-H Achievement Day last spring, will represent the

county at the fair and will compete with entries from the entire upper peninsula.

Farm Bureau Board Of Directors

Reports of various meetings attended by Farm Bureau members was the highlight of the County Farm Bureau Board of Directors meeting at the home of Mr. and Mrs. Cliff Postma of Rudyard on Aug. 2. Mr. Kivi, Regional Representative, attended.

Reports were given on a membership meeting at Escanaba attended by County Secretary and the Executive Committee; the Citizenship Seminar at Escanaba; and a meeting at Engadine for the Political Policy Committee.

Plans were made for the annual county business meeting which will be Oct. 4 at the 4-H Center at Kinross.

U.P. Fair dates are August 15-21. Chippewa County is to man the Farm Bureau booth on Saturday, August 20.

A report on road naming throughout the county was given by Lawrence Johnson. This project must be done through townships who will provide financing, then the

Road Commission will erect names and posts.

The next meeting will be held at the Robert Sims home in Stalwart on Sept. 13.

Lions Hold Family Picnic

On Monday Les Cheneaux Lions Club held a family style picnic at the U. S. Forestry Park on M-134 east of Cedarville. Families provided their own lunch and the buns and hot dogs were served by the club. Coffee was also served to all picnic goers, according to Martin Vandergeest, club president.

Members of the local Boy Scout troop and scoutmasters will be guests at the Sept. 19th dinner meeting of the Lions Club. Capt. Clifford R. MacLean and Arnold Hamel serve as co-chairmen.

I would like to express my sincere appreciation for your splendid support in the August 2nd Primary. With your help we will win on Nov. 8th and work together for a better Northern Michigan.

Thank you very much.

Clark Township Planning Commission Workshop Thursday

At the August 18 workshop meeting of local and summer residents, the Clark Township Planning Commission will present some of the recommended proposals for the future development of the Les Cheneaux area. Ivan Alten, head of Architects and City Planners, Inc., of Ann Arbor, and Richard Wolff will show sketches and other visual aids the firm has made in its study of Hessel and Cedarville. Albert Lindberg, township supervisor and member of the planning commission, stressed that the proposed plans for the development of the area are only suggestions and that it is hoped that they will help stimulate areas and opinions of the people of the area.

Six areas of discussion are tentatively planned for the workshop meeting which will be held at the Cedarville school at 7 p.m. County extension agent Bill Mueller is the tentative chairman for the discussion of ordinances which will include enforcement, zoning and codes. Other topics to be discussed will be parking and docking facilities,

Cedarville and Hessel planning, mainland and island problems, governmental programs and problems including taxation. Dr. Russell Wilson of the U of M Bureau of School Services, and Norman Kohler of the U. S. Forest Service will assist in the discussion of recreation, landscaping, beautification and water safety.

All local and summer residents are urged to attend this meeting and to express their opinions and ideas.

Golf Course On Drummond Busy

Last week the Drummond Island golf links hosted golfers from Sault Ste. Marie on Tuesday. The men from the Soo meet annually with the Drummond Islanders and a good time is had by all.

On Thursday the second Ladies Day found quite a few, local and ladies from the summer colony, on the fairways and attending the noon luncheon at the Pro Shop. Hostesses for last week's and this week's Ladies Day were Mrs.

Vesta-Catalino and Mrs. Mary Del Motto.

Tying for first prize at golf, with a 34 score, were: Donna Bailey, Gert Bailey and Lillian Ledy. Two tied for second place with a score of 35, they were Etta Anderson and Helen McInnes.

Lillian Ledy won the prize for the most original hat. A phonograph record, with a golf ball pom pom, held together by a plastic bag which tied beneath the chin. "Record Golf Player," eh what?

The Shore Ladies Bridge Club met at the Pro Shop for luncheon, then spent the afternoon at the Van Wazer home on Potaganssing Shores playing cards.

Pickford Briefs

Mr. and Mrs. Lamar V. Hillock and family have returned to their home in Garden City, Mich., after spending a week at the Graham-Reich cottage on Hill Island.

Mr. and Mrs. Ronald Stevenson, Wendy and Shawn, of Corunna, Mich., were weekend visitors here and have continued on into western Upper Michigan where he has an assignment to work the next couple of weeks.

Mrs. Sara Cowell has returned from several weeks' visit with her sister and husband, Mr. and Mrs. Neigle Austin in Marion, Ohio.

Mr. and Mrs. Oren Fountain, Vern and Dale, Mrs. Sara Cowell, Mr. and Mrs. Duncan Johnson of Foley, Ala., and Mr. and Mrs. Oskman Kennedy spent Saturday on Mackinac Island sightseeing and visiting relatives.

Mr. and Mrs. Reginald Rye and son, Bradley, of Hemlock, Mich., are guests of their parents, Mr. and Mrs. Clarence Rye and Rev. and Mrs. John Neuen-schwander.

Mrs. Margaret Campbell of Detroit is visiting with her mother, Mrs. Rose Eveleigh.

Board And Teachers Reach Tentative Agreement On Contract

Agreement has been reached on a contract by the negotiation teams for the Les Cheneaux Board of Education and the Teachers' Association. Final approval must be made by the school board and the association members.

The salary schedule approved by both representatives calls for a beginning salary of \$5200 with a bachelor's degree and \$5600 with a master's degree. Annual increment through ten years of experience is at 4% of base salary. Previous starting salary has been \$4800 and \$5100.

Compensation of \$3 per activity will be paid for services such as ticket taking, security and score-

keeping. \$5 will be paid teachers chaperoning student buses to away games. Prior to this contract, no payment has been made for these services.

Other points of the contract are the recognition of the Les Cheneaux Teachers' Association as sole bargaining agent of the teachers, negotiation procedures, grievance procedures, leaves and absences, teacher rights and responsibilities, and board rights.

The salary schedule and the payment for services is a one-year agreement and negotiations may be re-opened by either party. The rest of the contract is for a three-year period.

Miss Tellman's First Catch Fights Back

This 7½ pound 31 inch Northern Pike wasn't about to be an easy catch for Janet Tellman, 18 year old daughter of Mr. and Mrs. Tellman of Lorain, Ohio. Janet has been vacationing with her parents at Torsky's Resort for two years and until this time had not been termed a successful angler but after a 15 minute battle and the aid of a fellow fisherman she landed her pike and is now a veteran fisherman.

The Tellman's are one of seven families who have invaded Torsky's, all of Lorain.

Showers! On Drummond

After a prolonged dry spell - the rains came, and showers!

On Friday, last, friends of Mrs. Ken (Peg) Seaman honored her at a shower held in the Community Room. About 45 were present to enjoy an evening of games and a delicious lunch. Mrs. Seaman received an extensive wardrobe for the expected "little stranger."

Mrs. Darrell (Sandy)

Ledy was the guest of honor at an infant shower on Tuesday evening, also at the Community Room. Prizes were awarded for several games and the guests obliged by naming the expected arrival. The hostesses presented her with an infant's dressing table, which will be amply filled by the other gifts she received.

Around DeTour

Mrs. Mildred Scott was surprised with a visit by her grandchildren, Mr. and Mrs. Snowden Scott and family, and Miss Karen Scott of Muskegon, Sunday, July 31st.

Mr. and Mrs. Murray Fountain and son, Louie, of Flint visited here and on Drummond the past two weeks.

WOMEN PAST 21 WITH BLADDER IRRITATION Suffer Many Troubles

After 21 Common Kidney or Bladder Irritations affect twice as many women as men and may make you tense and nervous from too frequent, burning or itching urination both day and night. Secondly, you may lose sleep and suffer from Headaches, Backache and feel old, tired, depressed. In such irritation, CYSTEX usually brings fast, relaxing comfort by curbing irritating germs in strong, acid urine and by analgesic pain relief. Get CYSTEX at drug-gists. See how fast it can help you.
