NUMBER 5

CATCHING RAIN DROPS--All summer they tried to get someone to repair the roof of the junior high school. Roofers came and looked but forgot their tar. New junior high counselor Bill Bonnell can't work in his office, except to catch rain drops.

Jim's Jottings

Just prior to the county-wide vote on a quarter-mill for recreation I wrote that if it passed it may not be in the best interest of communities in North Oakland county.

This was not really a vote for dollars for recreation land, but a vote of Oakland cities for recreation. In North Oakland, since it passed, it means property taken from the tax rolls and put into recreation when the properties may well have been able to serve a higher purpose.

At the time, which was before I purchased the Clarkston paper, I was thinking the county would buy present or future gravel mining areas, then turn it over to the county DPW for use as a sanitary landfill, and when this was completed the acreage would be used for recreation lands.

These lands would take the property off the tax rolls, thus putting the bonded obligations for schools and whatever, on private property owners. I think this is still a distinct possibility. County people, and some consultants they have called in, are looking longingly at these gravel areas.

Now a deal has come to light that, had it not been for some local citizen action, would have put a recreation area partially in the Clarkston Village limits.

The former Ford farm, about 324 acres, lying northwest and partly within Clarkston was for sale for some time. Lloyd Kirby, a real estate broker, heard the property was being considered for recreation purchase by the county. Knowing what this could mean to Clarkston he interested 3 other men in purchasing the land. Still the county wanted to buy it.

As Lloyd told me, "I could have sold it and made myself

a tidy commission, but I probably wouldn't be able to face the people of the community."

Not being able to buy the Ford property the county went further north, to Groveland township, and bought the former Mathews property. That's at the corner of Dixie and Grange Hall road. Where the Groveland Clinic sits on the corner and down to the east is that pretty lake with an island and a windmill whirling in the breezes.

Lloyd said, "He could have sold the Ford farm, which is twice as much acreage for the same amount of money, or less. But is this what the people of the Clarkston area wanted? We didn't think so."

I think Lloyd and his friends did a real favor to the area. Their plans to develop it into cluster housing, etc., and maintain the landscape sound great. I hope they make a million. They should be well paid for their investment, keeping the land on the tax rolls, and diverting a county recreation area from the immediate Clarkston area. They should also be paid in thanks.

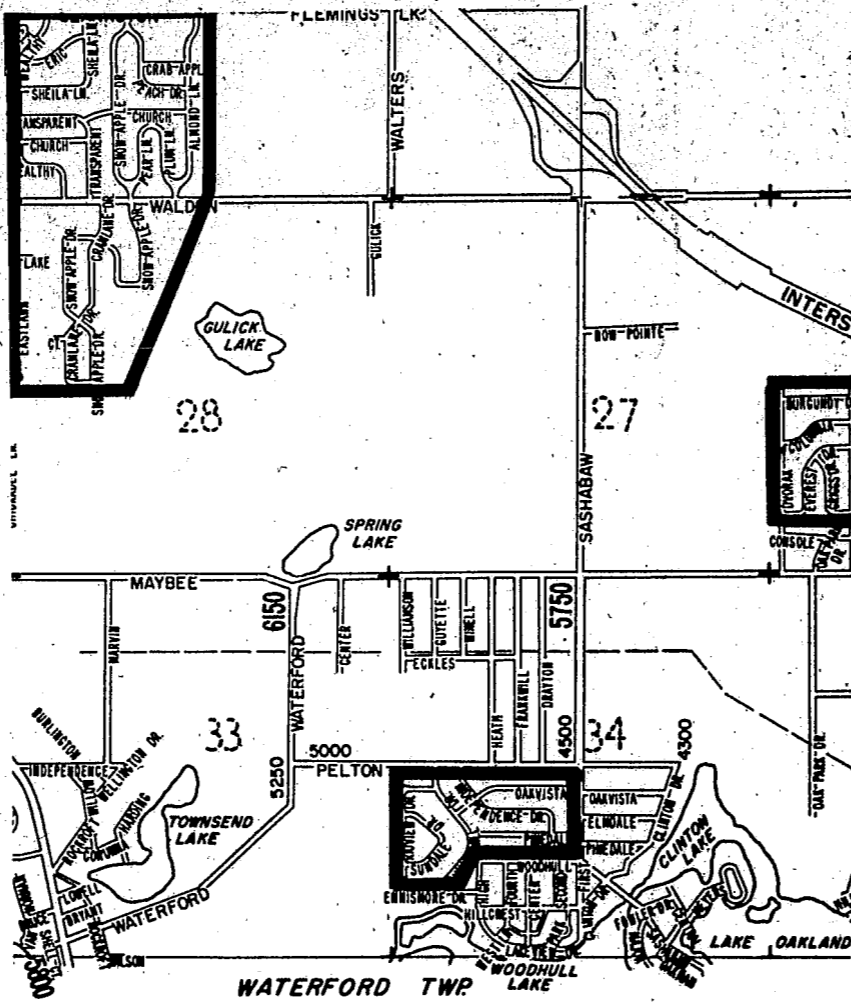

But, this is northwest Oakland county. The decision to purchase property in northeast Oakland for recreation land is still coming and the gravel owned lands seem most inviting.

Edna Profrock retires from Ortonville bank after 41 years

Saturday will be the last day Edna Profrock reports for work at Genesee Merchants Bank & Trust Company in Ortonville. After 41 years in the banking business, where she rose from assistant cashier to vice president, she retires.

Miss Profrock, of 50 Church Street, Ortonville, started with the State Bank of Ortonville in 1926 as assistant cashier. In 1950 she was named cashier of that bank. In the next six years the Board of Directors raised her to vice president and cashier in 1954 to executive vice president and cashier in 1956.

In 1959 the stock of the State Bank of Ortonville was purchased by the Flint based Genesee Merchants Bank and Trust Co. and at that time Miss Profrock was named assistant vice president of that bank.

These are the three water systems operated by Independence Township. Each has two wells, one serving as a back-up. None of three presently serve 1,000 persons, thus fluoridation is not mandatory under the recent ruling of state health director Heustis. Plans are being drawn to connect the three systems. When this happens, or if population expands sufficiently, fluoride would have to be added by July 1, 1970.

Fluoride ruling doesn't affect township water systems, yet

At present none of the three water systems operated by Independence Township serve the minimum number of persons that would require fluoridation of the water.

However, by the time the edict goes into effect, July 1, 1970, it is expected the systems will be linked together and fluoride will be required. Even if they are not joined, increased growth in these areas might make the additive necessary.

The Fluoridation order has

come from State Health Director Albert E. Heustis. Called an administrative rule, it has been approved by state attorney general Frank Kelley. It was filed with the secretary of state a week ago and will go into effect next February unless suspended by the joint administrative rules committee of the legislature.

This committee, chaired by Sen. Robert Huber of Birmingham, can hold up the rule temporarily, but to side track it permanently would require

adoption of a concurrent resolution of disapproval by both the Senate and House.

The main reason for the fluoridation order was the department's findings that children drinking fluoridated water from birth experience 60 percent less tooth decay than those who drink unfluoridated water.

Some water systems in Michigan will have to fluoridate by October 1, 1968. These are systems serving more than 5,000. Systems from 2,000 to 5,000 have to add fluoride by July 1, 1969.

Developing bigger, better youth program goal of committee

September 19, the Clarkston Area Youth Assistance Committee enjoyed the hospitality of Mrs. F.D. Rummins of 62

Robertson Court, at a coffee hour designed to gain more interest in the Clarkston Area Youth Program.

There were forty guests present, including representatives from Clarkston Community Schools and members of the

Flanking a symbolic display of the Clarkston Area Youth Assistance Committee was Mrs. Robert Phillips (left) and Mrs. Richard Slaun. The Committee members greet forty guests at a recent luncheon which delved into the problems and achievements of the group.

STILL CLOSED--An application to operate the area dump on M-15 north of Clarkston has been made by Larry Powell, of Clarkston. Brandon township Supervisor, Richard Wilcox says his board and Powell agreed to terms. The application is now with the Oakland County Health Department. Their approval and that of the State Health Department is required before the dump can be opened. Bob Coleman, Oakland County Health director, says "We'd like to see some of the problems corrected that have plagued us for months gone by before it is opened again."

Child cruelty charged pair

An Independence Township man, and a woman who lived with him, have been charged with child cruelty for allegedly forcing 4 of the woman's children to live in a backyard shed and once padlocking 2 of them to a chain.

Following an investigation by the State Police Pontiac Post and a warrant by the county prosecutor, the two appeared before Justice of the Peace Carr who acted in behalf of Justice Kenneth H. Hempstead of Waterford Township.

Released on \$300 bond each pending an October 10 preliminary hearing are Paul M. Maczko, 59, and Florence Lewis, 29. They made their home at 9052 Ortonville road. Judge Hempstead will hear the case.

The matter was brought to light by the Free Press's Action Line following a complaint by a neighbor to the Maczko home. The neighbor said her son, who attends school with the oldest Lewis boy, told her of the boy being chained.

Investigating officers found four of Mrs. Lewis' children, Fred, 9, Ricky, 8, Catherine, 7 and Bernadette 5, living in a shack behind the Maczko home. The State Police said the children told him they were not allowed to use the bathroom in the house and that Fred and Ricky recently had been padlocked by Maczko to a chain hanging from the ceiling of a garage and had to sleep on the floor.

Mrs. Lewis said her husband left her about 3 years ago. Since then she had been living on less than \$300 a month from ADC. She said she didn't know how to care for the children so, when Maczko invited her to live with him, she accepted. This was last spring.

Maczko, a factory worker, was described by the neighbor as "a meek mild man who seemed very fond of children."

The 4 children are in the Oakland County Juvenile Home. The youngest child, Joseph, 3, who lived in the house, remains with his mother.

Contract let

The contract for grading and drainage of 0.6 miles of Eston Road has been let to Dan Haddrill and Son of Lakeville. The total job calls for this section to be black topped, but this will be a separate project in 1968.

Haddrill's bid on the section from Clarkston road north to Algonquin was \$20,934.60.

No detour is provided. The suggested alternate route, however, is Clarkston Road, Baldwin and Indianwood Roads. Construction zone will be maintained and open for local traffic only.

Student Council. Representatives were also present from the area churches and service clubs. Parents were also among the guests.

The meeting was held in an informal and relaxing atmosphere of the Rummins home overlooking Parke Lake, with a fall flower motif throughout the house. The guests were divided into smaller groups and placed in separate rooms, giving them a chance to discuss with a member of the Clarkston Committee the aims and accomplishments of the committee.

The guests were encouraged to join in the discussion on how the Committee can develop a bigger and better program in the future, by having a closer working relations with all organizations represented.

Coffee and refreshments were served after the informal discussions, with an ultimate outcome of many fine suggestions and offers of assistance.

Having story hour

The Clarkston Women's Club is again this year sponsoring the popular Children's Story Hour. The sessions are held on the 2nd and 4th Thursdays of each month from 10:15 A.M. to 11:15 A.M. at the library.

The next session will be Thursday September 28. All 4 and 5 year olds are invited to attend. There is a small charge of 25 cents per child for the whole year. This money is used to purchase items such as construction paper, etc. for the story hour programs.

Topics have been chosen, and plans have been made for each program, dealing with various books, finger plays, poetry, and discussions with the children. If there are any questions contact Mrs. Thomas Lamm, 625-5082.

Side by side these Union and Management boards found a further realization in some of the problems facing the business worlds today. A contract drawn up by their sixth grade teacher, Mr. Garn has given these Bailey Lake sixth graders some important insights. From left to right they are: Bev Moore, Chuck Gross, Sherry Gravilla and Mike Jewell (Chief Negotiators) Bill Hagen, Frank Denny and Liza Shaw. Front and center is the Management President Kitty Motsinger and Labor President Mike Rayman.

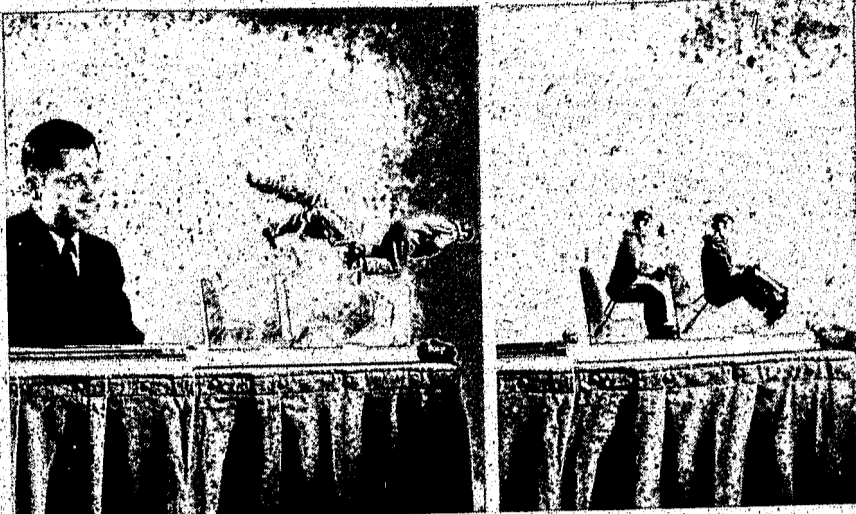

Public installation for DeMolay

STEPHEN PETERSON

Stephen T. Peterson will be installed in a public ceremony as Master Councilor of Cedar Chapter of DeMolay at the Masonic Temple in Clarkston, Saturday evening at 8 o'clock. Michael Yarborough of Clarkston will assume the duties of Senior Councilor and Michael Thomas of Ortonville will be installed as Junior Councilor. Performing the du-

ties of installing officer will be Charles Merz of Waterford, former Master Councilor of Cedar Chapter, and now a student at Eastern Michigan University. Misses Gail Strader and Peggy Underwood, both from Waterford, will provide music for the candlelight service. Stephen, the son of the J. Thomas Petersons of 6140 Andersonville Road, is a senior student at Waterford-Kettering High

General Motors "Previews of Progress" has been scheduled for appearance at Clarkston Junior High School on Wednesday, October 4, 1967 at 2:00 p.m. "Previews of Progress" is a dramatic, educational stage demonstration depicting science in action. Its purpose is to encourage American youth to pursue studies in science and engineering and to point out some of the many opportunities available in these fields. A demonstration on the benefit of seat belts, shown above, is part of the science show.

School, where he is active in dramatics, tennis and skiing. Concluding the ceremony will be the "DeMolay Flower Talk" by Joseph E. Saul, Masonic member of Cedar Lodge, who lives on Roseberry Court in Waterford. The Masonic Temple is located at 1 Main Street in Clarkston and refreshments will be served after the installation.

Boy Scout News

On Sept. 23rd and 24th the boys and men from Troop 126 went on a hiking campout. They hiked 11 miles of the 22 mile Wilderness Trail at Highland Recreation area on Saturday.

A group of the boys hiked the whole trail on Saturday for a part of their hiking merit badge. The boys camped in tents that night and rested their blistered and tired feet.

They started out early Sunday morning and hiked the rest of the trail. They will receive a special badge and a medal for this hike.

A STATEMENT OF PRINCIPLE

This September 19th, we have concluded ten years as owners and operators of Bob's Hardware, 27 South Main Street, Clarkston.

It has been a very rewarding ten years. We have learned a great deal, and even have learned something about the hardware business. A neighborhood hardware store is a service-type of business and in a community such as ours we become involved and concerned with our neighbors' needs and problems. It is not a take-it-and-git type of store. Our good customers far outnumber the others. It's that kind of community.

We hope we can continue to serve you for another ten years. We cannot predict the future but we can do our best for you each day as long as we are here.

Thank you for your interest and for the pleasure of doing business with you.

Sincerely,
Bob and "Mrs. Bob"

September 27, 1967

School counselors to hear vocation expert

The six counselors in Clarkston junior and senior high schools will hear Dr. Seymour Wolfbein, former Assistant Secretary of the U.S. Department of Labor, when he addresses the counselors of Oakland County schools as the highlight of a week of activities designed to focus attention on the services of school counselors.

Counselor Week, September 25-30, has been officially recognized in a proclamation from Delos Hamlin, chairman of the Oakland County Board of Supervisors.

Dr. Wolfbein, author of "Education and Training for Full Employment," and other books and articles, will meet approximately 400 guidance counselors at 1:30 P.M. Thursday, September 28, in the auditorium of the County Court House. Dr. Wolfbein is presently Dean of the School of Administration at Temple University in Philadelphia.

Either we're charging too little, or everyone else is charging too much.

There was a time when you could walk into a store, plunk down your hard-earned money, and walk out with the comfortable certainty that you got what you paid for.

Times have changed.

Today there are few products that give you as much as you'd like to get for the price that you'd like to pay.

And perhaps that betrays a certain backwardness on our part.

Because our cars still do.

We at American Motors are putting more into cars than just about anyone else around. And we're charging less.

Rambler American. The only U.S. car that could stop you from buying an import.

At a price very close to the leading import, the American seats six people instead of four.

It gives you nearly twice as much room in the trunk and more than twice as much engine under the hood.

Like the imports, the American doesn't change its style every year, gets about 20 miles on a gallon of regular gas.

Unlike some imports, it never gives you the feeling that you're driving a toy.

Rebel. America's most underrated car.

The Rebel 550 Hardtop is the lowest priced intermediate sized hardtop in America.

It looks sporty, drives sporty and still gives you all the things that most people buy a car for.

The Rebel—Hardtop, Wagon, Sedan or Convertible, V8 or 6—is everything we think a car should be.

Before you pay more for an intermediate, make sure you get as much.

Ambassador. The car with air conditioning as standard equipment.

Air conditioning has been around for a long time, but so far only a few companies—the people who make Rolls Royce for one—have had the good sense to include it in their cars at no extra cost.

We're another. We just don't understand why someone should be asked to pay a lot of money for a luxury car and then be asked to pay over \$300 more for the luxury of air conditioning.

Introducing the Javelin.

Although we've always had the reputation for making sensibly priced, well-built cars, we've never had the reputation for making hot, sporty cars.

We'll soon have the reputation for making hot, sporty cars.

The front and rear bumpers on the Javelin are massive. Unlike thin blade bumpers, these give the car a rich, racy look.

The side windows on the Javelin are solid sheets of curved glass, without vents to break up its fast lines.

The Javelin SST comes with wheel discs, special exterior trim, reclining bucket seats and a woodgrain steering wheel, all standard.

And all for a lower price than the other sporty hardtops.

Who can you turn to?

If you have read this far, then we assume you are looking for more honest value than you have been used to getting from the cars you buy.

And that's a happy coincidence.

Because we stand ready to give it to you.

American Motors

Price shown based on a comparison of manufacturers' suggested retail prices. Prices shown are for Rambler American 2 door hardtop, Rebel 550 2 door hardtop, Ambassador 2 door hardtop, Javelin 2 door hardtop. Federal taxes included. State and local taxes, if any, destination charges, options excluded.

A good block by an unidentified Wolf gives end Gerald Ostrom a little more running room against Bloomfield Andover.

Rick Johnson gains good yardage on an end run as Bloomfield players edge him toward the sidelines.

Bloomfield football team. Jeff Keyser carried the ball 16 times for 65 yards. Mark Erickson carried the ball 8 times for 19 yards. Rich Johnson carried the ball 12 times for 4 yards. Steve Parker carried the ball 11 times for 8 yards. Rich Johnson passed 11 times completed 4 for 51 yards.

J.V. Humbles Oxford 40-0

Clarkston J.V. Football team ran roughshod over Oxford 40-7. Just about everyone scored for Clarkston, as coaches Hanson and Thompson let almost everyone except the water boy carry the ball. The Wolves scored early and late as Hardy, Carlsen and Staras thrilled the large crowd with their running ability. Steve Warman amazed the spectators with his fine passing and his overall play calling. The defense led by George

Bennett held Oxford at bay and as the game continued they literally wore down the Oxford eleven. Bennett played one fine game. It looks like the tackle football program started in the 8th grade is starting to pay dividends. All of the kids played football in the junior high. I'm proud of the boys who are continuing on in high school. Touchdowns were scored by these boys:

- Tom Grace - 4 yard pass from Steve Warman.
 - Bruce Hardy - 2 yard run, he also had a 90 yard run on an interception called back due to a penalty.
 - Dennis Storrs - scored 2 on runs of 68 yards and 28 yards.
 - Orison Bullard - 4 yard run.
 - Mark Walters - 9 yard pass from Dan Hallman.
- The extra points were run over by Dana Carlsen, Bullard and Hardy.
- MISC.
Our Tigers suffered a fright-

ful blow when they lost to Washington last Sunday. Why, oh, why does Mayo Smith insist on pitching left handers against right hand batters when he has an abundance of right handed pitchers in the bull pen. Maybe we have to listen to Manager Eddie Stanley when he said, "the Tigers should be 10 games in front." This I feel was Smith's loss against Washington. As of now they are 1 1/2 games out, another ridiculous loss and we can forget about the Tigers. Anyone for George Kell managing next year's Detroit baseball team - He has my vote, if that means anything.

By the way did all of you hear about the mighty green and white from East Lansing? Wouldn't you say they were sort of smothered by Huston? And look what the maize and blue did to Duke, and all of you Wolverine haters will have a chance to see them massacre California on National tv hook-up this Saturday. This could be another Rose Bowl Championship for the Ann Arbor boys.

By Rustie Leaf
Guess who's having a Happening. It has to be, everything fits. When the house gets dirtier, and I get fatter, . . . #1 doesn't speak to ME because HE'S being punished by HIS FATHER . . . the negative for the Boy Scout's ice cream social gets torn in two . . . #2 still doesn't know what happens to kids around here who throw walnuts . . . when words fail me as I try to find a sensible solution to the problems facing the Village and the Township . . . #3 takes off his bright new yellow Safety Patrol raincoat, and stands in the rain, so the girls can see his bright new orange Safety Patrol belt . . . when hubby stops stalling and starts talking about getting back to work on the house . . . #4, better known as Theda Bara, gets misty eyed as she tells about this nice boy at school (she's nine and I taught her everything she knows) . . . #5 sticks his sticky little hand in my new electric eggbeater, and bends it . . . Looks like a package deal-called family life, and I'm sure glad it's a happening to me . . .

YWCA Speaker Sept. 28

The Clarkston Community Women's Club will hold its first meeting of the year Thursday September 28 at 8:00 P.M. at the Township Hall. This meeting will be an open one. The speaker will be June McGregor affiliated with the YWCA. Her topic will be "Charm." Any interested women of our community are cordially invited to attend.

SPONSOR DINNER

Austin chapter No. 396, Order of the Eastern Star of Davisburg will sponsor a swiss steak dinner on Saturday, September 30th at 6:30 P.M. It will be served family style at the Masonic Temple in Davisburg.

Junior Varsity quarterback "Steve Warman (31) amazed the spectators with his fine passing and his overall play calling."

Clarkston outlasts Bloomfield, go to Clarenceville Friday

In a hard fought battle the Wolves from Clarkston triumphed over Bloomfield Andover 13-7. This was another strong Bloomfield team and even though they lost their 1st league game, they will be heard from before the season closes.

In talking to former coach Ed Wickert, (Ed coached the team against Oak Park when the Bloomfield teachers were on strike) he feels the league is so strong that though they lost, he feels the Bloomfield team has a good chance for their 3rd straight league title.

While visiting with the Clarkston coaches after the contest, the closeness of the game was reflected by the expression of exhaustion on all the faces. Discussion was high on the plus and minus factors of the game. Plans were being made for a week-end meeting to go over next weeks contest at Clarenceville. Coaches Thompson and Hanson scouted the Milford-Clarenceville game and their comments will have a lot to do with the practice sessions for this week.

Clarkston scored in the 1st quarter when Gary Ostrum recovered a fumble on Bloomfield's 37. In six plays Johnson directed the team to a 6 point lead. The drive started with Erickson running for 5, Johnson hit Ostrum for a 12 yard gain. Erickson last two, then on 2nd and 12. Coach Kenyon sent in the same play that worked so well against Oxford. Johnson takes the ball straight back, takes a pass to his right, then turns to the left and spots Mark Erickson all by himself

for an easy 6 pointer. Johnson kicked the extra-point for a 7-0 lead.

MARK ERICKSON

Bloomfield fumbled again on the 49, Allen recovered the fumble. However on the 2nd play after an 8 yard gain Keyser was hit hard by Parra and Bloomfield had the ball again. Bloomfield moved toward paydirt with Greg Roche running the last three yards. Roche also ran for the extra point. The biggest play in the drive was a 19 yard pass from Roley to Roche.

Neither team scored in the 3rd quarter, but a beautiful 70 yard punt return for a touch down by Mike Irving was called back when kicker Lyle Walter was hampered as he got off a 47 yard punt.

In the 4th quarter Bloomfield had a sustained drive going when Irving passed to Roche good for 38 yards. Roche and Irving ate up more yardage on runs up the middle, however,

two illegal procedure penalties ruined the drive and Clarkston took over on their own 18.

It was here that Quarterback Johnson directed the team to an 82 yard mark for the winning score. The drive took 18 plays, all on the ground, and netted 5 first downs, with two of them on key 4th down plays.

The drive went like this - Erickson gained 36, Keyser 12 for a 1st down. Johnson 8, Keyser 8 more, another 1st down. Keyser 6 more, but Erickson lost one and Johnson gained only 2 more. With 4 down and 3, Johnson faked to both Keyser and Erickson and gave the ball to his slot back, Steve Parker, for a valuable 8 yard gain. This was a great call by Johnson. Keyser gained 9 more on two rushes. Johnson on a quarterback sneak was held to no gain with 4th and one he ran off tackle for the 1st down. With the ball on the 11 Johnson picked up two more, but Keyser and Erickson each lost 2 yards to make it 4th down and 13. It was here Johnson scored the same play that netted the 1st touchdown by passing to Erickson for the winning score.

The game ended with middle linebacker Kurt Maslowski interrupting a Bloomfield pass on his own 22 yard line. Maslowski, Chris Birkelo, Chris Pasla, Tom Bullard, Ray Hipsher, Steve Parker and Gary Ostrum did an outstanding job on the defensive line. They looked good last week and they did a great job against a good

The Clarkston News

SECTION TWO THE CLARKSTON (Mich.) NEWS Thurs., Sept. 28, 1967 5

Mrs. Kelly Burnette, Mrs. Joseph Moore, and Mrs. Walter Norberg.

Cheerleader Leslie Surre turns to watch the gridiron action.

Square dancing action came to a brief slowdown last Wednesday night as members of the Square Rounders Club were treated to the old songs from the Pontiac Chapter of the Barbershop Singers.

Reception for Girl Scout leaders

Mrs. Kelly Burnette, Clarkston Girl Scout Neighborhood chairman, Mrs. Joseph Moore, and Mrs. Walter Norberg, North District chairman, are pictured left to right, with World Association flags made by Mrs. Burnette. The flags will be part of a display of Girl Scout activities to be shown at a reception honoring Girl Scout leaders of Northern Oakland County on October 5th from 1:00 to 3:00 P.M. at Girl Scout Headquarters, 91 South Telegraph Road, Pontiac.

All leaders, co-leaders and assistant leaders of the Clarkston area are invited to attend. Other samples of Girl Scout activities being carried on by troops in the Council will also be displayed. Refreshments will be served.

Members of the Girl Scout Board of Directors planning the reception include Mr. Walter Norberg, Clarkston, along with Mrs. Vincent Baugh, Mrs. Robert Hamlin, Mrs. Fred Hoppe, Mrs. Loyal Joos, and Mrs. John Marshall.

Notes on the Orchard

By Constance Lektzian
625-2378

Looks as if we are going to leap straight from summer to the Christmas season here in the Orchard. There has been talk of holiday parties, shopping lists, the merits of fir trees versus artificial trees. One poor soul has even started the struggle to make a Christmas tree skirt!

The cold snap couldn't frost the youthful enthusiasm of the 63 people who got together for Jack Dougherty's birthday party Saturday night. Jack was 18 years old September 23, and the party was at the home of his parents, the senior Jack Dougherty's of 6562 Pear Street. Dancing had been planned for the patio, but the chilly temperatures drove everyone inside where they found that the dining room, living room and kitchen offered pretty good dancing space. Lots of good music and refreshments helped make it a very successful affair.

The Larry Thompson's of 6645 Almond Lane can't believe the sun is going to shine much longer - at least not very brightly and when it gets cold enough to ruin the fishing - well, not wanting to take any chances, they packed up Wendy, Ronnie and Todd and went to Grosse Ile over the week-end. There they visited the Ed Hiske's, Joyce Thompson's

parents, and Mr. Hiske and Larry spent all their free time fishing in the Detroit River. With absolutely no luck!

The meeting room for the Clarkston Elementary PTA, last Thursday, had wall-to-wall parents. By quarter after eight there was standing room only. The president, the Orchard's own Mrs. Larry Yantis, of 6542 Pear Street presented all the teachers with their complimentary membership cards to the organization. The program committee had an excellent speaker, Mr. John Dumas who kept everyone really listening. Afterwards there were refreshments as well as the opportunity to meet with the teachers in their rooms. It is hoped that all forthcoming PTA meetings will be this well attended. The Robert Heath's of 6654 Pear Street welcomed home daughter Linda this past week-end. She came over from Mount Pleasant where she is attending Central Michigan University. She is majoring in English and taking a minor in music. With some other Clarkstonians home from college, she attended Clarkston High's Friday night game.

Young Robin Kloc, small daughter of the Robert Kloc's of 6370 Waldon Road, went to town in a big way this past week-end. She was the guest of her aunt, Gerry Drury of Detroit. They not only toured the zoo but made a special trip to the very delightful Children's Museum. Robin was so enthralled with all the sights she never had time to get home-sick.

The Oakland County Association of the Eastern Star held their regular fall business meeting and installation of officers last Saturday afternoon at the Masonic Temple in Rochester. Mrs. Robert Morse,

reported only soreness and a lot of scratches. Get well soon!

Mr. and Mrs. Malverne Hillman of 6380 Eastlawn attended a farewell dinner at the home of Mr. Hillman's mother, Mrs. Clare Hillman, in Waterford. The dinner was in honor of Mr. Hillman's sister Mrs. Terry Walker. Mrs. Walker and her two boys, Joel and Cal, will be joining Mr. Walker in Chicago, where Mr. Walker is working with the Youth for Christ Program.

Mrs. Marion Terry of 49 South Holcomb and Mrs. Ruth Smith of Maybee Road, Clarkston left Monday for a long vacation, visiting Denver, Colorado, then to Sacramento to visit relatives of Mrs. Smith, then on to San Francisco and then to Laguna Beach to visit friends of Mrs. Terry. Their last stop will be the Grand Canyon.

Mr. and Mrs. Gary Norman formerly of Waterford are making their new home on Bridge Lake Road, in Clarkston. The Normans have one child.

Mr. and Mrs. Larry Norman, formerly of Clarkston, have moved their home to Ceredo, West Virginia with Mrs. Norman's family. Mrs. Norman was Bonnie Wells from West Virginia.

Mrs. John Seaman of 6577

Snowapple Drive left Tuesday for Honolulu to be with her husband on a much delayed honeymoon. P.C. has come from Phu Lai Siagon for R.R. P.C. John Seaman is the son of Mr. and Mrs. E.W. Seaman of Snowapple.

Gregory Seaman of 6577 Snowapple son of Mr. and Mrs. E.W. Seaman left Sunday by plane to begin his freshman year at Northern Michigan University.

Scholarship competition begins

LANSING --- An estimated 27,000 Michigan high school students next month begin the process that for about one out of four will result in winning state competitive scholarships to Michigan colleges and universities next fall.

The exact number and total amount of money available depends on legislative appropriation but this year some 13,000 students at all undergraduate class levels are attending college on scholarships totaling \$5,250,000.

The scholarship awards range from \$100 to \$800 a year depending on a student's individual financial need and some 6,000 freshman awards may be made.

The State Department of Education has sent information and test registration materials to each of the 786 public and private high schools in the state.

The first deadline comes Oct. 14 when high school seniors must have registered for the scholarship examination. The exam is scheduled at 150 test sites throughout the state on

Nov. 11.

The students who qualify for scholarships are notified in December and then are asked to submit complete applications, including family financial statements.

In case of wide-scale disaster, trained Civil Defense specialists in the Michigan Department of Agriculture stand ready to steer Michigan citizens to the safest possible food supply.

Another Day

By Constance Lektzian

The Knox Family

From the early seventeenth century into the present day, countless people have emigrated to America. In those earliest times they were driven by famines and depressions, pushed out by religious differences, goaded by the desire for land that hadn't been sliced down by generations of inheritance, they came hopefully to the New World. Not all were poor and many were well educated. Whatever their reasons for emigrating, they took a journey whose itinerary rarely included a return trip.

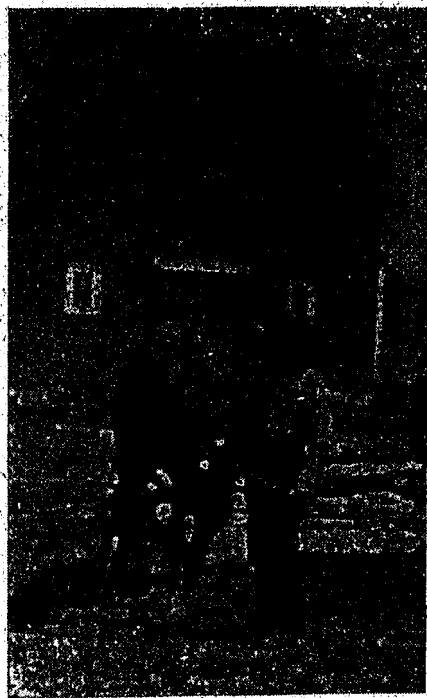

Jane and Walter Knox, living in the town of Hawick in the Scottish lowlands, were already the parents of four children before they made definite plans to sail for America. In their early thirties, there was nothing scatter-brained about their decision. Jane, a weaver by trade, had bent to her looms while her husband expounded his thoughts on the New World.

Jane Todd Knox shortly before 1890.

To the young couple, Scotland at that time held no promise that any amount of industry or family background could guarantee the good future for their children they wanted. Walter had a personal dream too. He wanted a farm, more expansive and far reaching than the little plots tilled here in the lowlands.

Arriving in York state in 1832, they spent the next four years near Syracuse. It was here they heard all the tales of the vast forest land in the west waiting for the farmer's axe and plow. They made another long arduous journey but this time the move was

William Knox on his farm in Springfield Township.

permanent. They settled with their children in Independence Township on uncleared land, far from any source of supplies. It was a spot where clearing the land was so difficult and laborious that the only animals that could be used to advantage were the strong slow-moving oxen-- and for years they were the only transportation the Knox family owned. So remote was their cabin that in order to have flour or meal, someone had to shoulder the bags of grain and walk the many miles to the mill.

Walter and Jane became the parents of seven more children but of the eleven, there were two sons who died in infancy. This was an all too frequent heartbreak of those times. But the couple achieved many of the good things in life they had gone out of Scotland in search of. Their farm prospered and they were able to give their family a good education.

William Knox, born in 1837 a year after his parents arrived in Michigan, emerges out of family history as the strong one of the Knox's, the one everyone else leaned on. Steady and hard working, he had his father's love of farming. Only nineteen at the time his father, Walter, passed on, William stayed on the family farm and helped his mother raise the younger children.

Married at 25 to a Welsh girl, Martha Rees, it was some years later before William moved to a farm of his own choosing. It was a challenge to the young couple for the farm was so stony that the land didn't have much value on it. It lay at the edge of Independence in Springfield town-

ship and in time, he came to be regarded as not only one of the leading agriculturists of that section, but one of the leading capitalists!

Martha and William were denied one joy in their married life--they had no children of their own. It was to be their destiny to care for others and they seemed to have the capacity for affection and concern whenever it was necessary. Jane Knox, widowed at 50, moved with them to their new farm and made her home there a very cherished member of the family, until her death at ninety.

Here too, William brought the small twin son of his older brother, Major John Knox. The Major's wife died when the twins were 3 months old. A nurse brought them from Plattsburg, New York to Michigan, a trip made in the uneasy times of the Civil War when the trains were crowded with troops and uncomfortable at best. William and Martha took one twin, and William's sister Mary the other. Later, upon the death of the Major, William and Martha took over the upbringing and education of both boys.

Jane and Walter's youngest child, a son, had been named in honor of his father and grandfather. Only fourteen when his father died, young Walter stayed on the family farm with his brothers and sisters until 1861. The Civil War broke out in the spring of that year and the young men of Clarkston in a fervor of patriotism were answering the call to arms. Walter hurried to town and was one of the first three men from Independence Township to enlist. However, when the company was formed, it was found that a sufficient number had already been mustered in to fill the requisition. Walter had to stand and watch while his friends rode away in other regiments. It was fall before he was inducted at Fort Wayne, and only two weeks later they were assigned to the Army of the Potomac.

In May of the following year, Walter took part in the battle of Williamsburg. He was wounded in a skirmish that took the lives of 83 men. For the next three weeks he was hospitalized and then shipped back to Michigan for recruiting service. When he returned to his regiment, Company F, Fifth Michigan Infantry, it was to find he had been promoted to 2nd Lieutenant for meritorious service. He was also in the famed Battle of Gettysburg. His company marched ten miles in three hours to reach the battlefield, and after a two hour rest, joined the fray. In this engagement 105 men were lost from his Company. Walter had been made an acting captain with 100 men and was in charge of an ammunition train.

We hear much today of protests against the draft. This is nothing new. Feelings against the draft ran so high during the Civil War that destructive, furious riots broke out in New York City. Lt. Walter Knox was sent there with his regiment

to suppress these outbreaks and it wasn't until peace was restored there that they returned to the actual war. Wounded a second time, he was then detailed on the staff of Gen. Byron Pierre where he served until October, 1864. On the last day he was in service, he engaged in a skirmish and had his horse shot from under him but was unharmed himself. The young man from Clarkston had found all the adventure and excitement he could want for the rest of his life.

Walter was married two months before he left the Army, eight years later his young wife, Alice, died leaving him with a young daughter and son. Then, as now, it was difficult to raise a motherless family, and a year later he remarried.

Jane Knox, in viewing the lives and prosperity of her children, could be content that the decision made to emigrate to the new world, had been a good one.

Out on a limb over this house is the Constable family on Waldon Road. It expands from tree to tree, but has a definite air of sound construction. Perched at the front door is Jerry Constable, the owner, with brother Scott at the foot of the stairs, Dale to the middle and sis Sharon at the back door.

Gear up to send out prepared applications

LANSING -- More than 4-million Michigan vehicle owners will have things easier when they go out to buy 1968 license plates this November 1. They will have prepared license plate applications sent to them. The prepared applications

REGULAR TOWNSHIP BOARD MEETING SEPTEMBER 19, 1967

At the Regular Township Board Meeting, September 19th, 1967 communications were received from the Ortonville Lions Club regarding peddlers licenses, Ed Rummins, Chairman of Community Center Board regarding rate charges at the Center, Clarkston Community Schools regarding placement of a road culvert on Maybee Road at Elementary School, Southeast Michigan Council of Governments regarding membership in the Council, from Oakland County Road Commission regarding "No Parking Signs" on the right-of way, Waldon Road from Paramus, east to Eastlawn.

Also communications from Department of Commerce regarding the application of Independence Township for continuation of the 701 Planning Assistance, from Driker Associates regarding rezoning petition of Albert Lupilloff. From Liquor Control Commission in regards to transfer of SDM License at Whipple Lake Grocery.

The Board also approved of improvements to Eston Road from Orion Road north to Algonquin as per specifications and cost presented by the Oakland County Road Commission. The Board approved of the transfer of SDM License from Joseph & Marie Difabbio at 8960 Sashabaw Road to Stanley and Theresa Baker and Paul and Irma Churilla.

Township bills were approved in the following amounts:

General:	\$8308.63
Fire:	84.94
Water:	3.99
	\$8397.56

Motion was made and supported that the meeting adjourn. Respectfully submitted, Howard Altman, Clerk Independence Township

"If It Fitz . . ." We all worship false idols

By Jim Fitzgerald

Random thoughts . . .
A visiting college professor from the Middle East challenges the capitalistic system by saying, "Granted the free enterprise system is more efficient and productive than government-run industry. But I just can't justify in my own mind, the unconscionable profits of around 40 percent that your capitalists net at the expense of their workers."

U. S. Government statistics show that U. S. labor gets 95 percent of net earnings while the owners get only 5 percent.

Walter Reuther says the auto industry's profits after taxes are, at 21 percent, double the national average for industry.

All of which again proves how a person can make their point with whatever figures they want to use.

What has laughingly been called a "tax reform" will take the smiles off our faces starting October 1. That's the date we begin paying 2.6 percent withholding for Michigan's income tax.

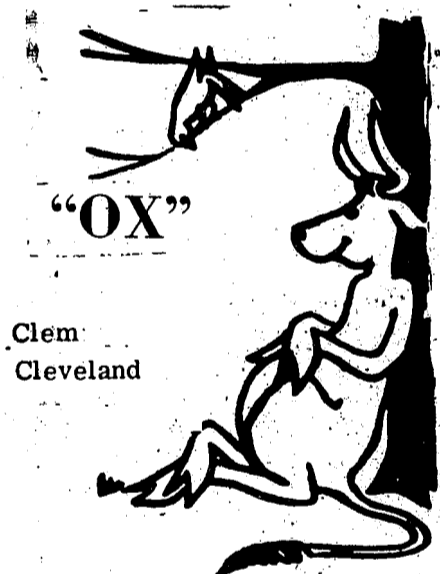

Instead of having tax reform behind us as it should have been after all the squabbling, we are destined to hear much more about it as true tax reform is fought for. This other thing was purely a tax increase.

Paul McCartney, the Beatle, says LSD makes him more tolerant of society in general. Next thing is to find out whether it works the other way.

Have you ever heard this complaint? There really ought to be some way of correcting the idea some people have that their time is more valuable than that of the person they are telephoning. Most of us receive calls from men who have had their operators get us on the receiver, after which they were notified that we are ready. Sometimes these callers have the nerve to ask us to introduce ourselves.

Those of us who wish to break down this form of telephonic discourtesy must quietly hang up our receiver when we are asked to wait unreasonably, and whenever a caller asks "Who is it?" we must bravely answer "Santa Claus."

An elderly spinster was asked why she had never acquired a husband. "Why should I?" she snapped. "I've already got a dog that growls, a parrot that squawks all afternoon, and a cat that comes in late every night."

"OX"
Clem Cleveland

Calhoon has gone and done it now. She's taken all my kicks out of life. I was having fun with the Sunday afternoon drivers past our house. She put a halt to this sport of people watching.

Ever since we got that Llama, guanaco thing, our small section of road has turned into a tourist attraction. I have sort of encouraged the spectators; it's interesting.

I have classified the Llama watchers into three groups: Daddy - There's the thing! Oh, Charles, there it is; and My Gosh! - screech!

It all started the first day we brought our Llama, Dahlia, home. I noticed that people driving by the house were attracted by her. She's beautiful. Thinking that it would be more interesting, I started to make it a habit to let the little beast run around in our front yard. She can't get out - fencing.

... noses to the car windows and say, "Daddy!"

Daddy is a careful driver. He comes to attention like his car was going to be hit by a locomotive. When the children say, "There's the thing!", you can see relief settle over him.

The car slows and goes past the house, creeping along, with all eyes on Dahlia. A few moments later, back comes the same car, kid's noses smashed to the glass. These are nice people. They don't stop, just creep by making a couple of trips.

Then comes the, "Charles, there it is." Usually this is a couple. They have no children with them. They are driving a fine motorcar and dressed in a fitting way. The gal, with a long pointy finger shoved under Charles's nose, draws his attention to our dear like creature.

Charles, a gentleman, slows the car so that his lady, sitting very close to him, has a full opportunity to wrinkle her nose. He sneaks a quick look and zips up the road never to be seen again. Nice people.

Finally, "My Gosh! - screech" group are the worst. This car, like the first, is loaded with kids. Dad has just been retired from the Indianapolis 500 and is now demonstrating his driving skill to his family.

Their car skids around the turn south of our house. A cloud of dust flies in the air as he heads northward. Suddenly, Pop is the one to spot Dahlia. He slams on the brakes sending a shower of gravel forward.

He jumps out of the car, I think to again impress his family with his boldness. When he gets to the fence, he peeks over saying, "My Gosh - buddy, what'a ya' call that thing?"

I have invented two replies for him: One, "Beats me." and the other is, "I dunno. You will have to ask the folks who live here. I just work here." Ex-

Nothing that I sometimes take a job at Queen Elizabeth and her stuffy husband, a reader asked this question: "How can Great Britain justify the cost of supporting royalty? The British don't have enough money to pay their debts, yet they spend millions of dollars on a queen and princes and princesses every year - and these crowned heads have no real function other than strutting; they are good for nothing."

"Yea, sure," I answered, "but what about Jack Nicklaus and Kathryn Grayson? And what about the Imlay City football team, or the mother who flipped her cool because her daughter didn't become a majorette with the high school band?"

At first blush, my answer may seem to be a non sequitur. But blush again and read on.

THE BRITISH HAVE no monopoly on goofiness. We all have our over-rated heroes. We all worship false idols. We all have some cruddy values.

Fudgy Jack Nicklaus is probably the best golfer in the world. That's a game where you hit a little ball

go find it, and then hit it again. So far this year he has won over \$200,000 playing the silly game. He will probably make another \$100,000 by endorsing soda pop and putting his name on golf balls.

Nicklaus makes so much money for only one reason - a golf-nutty public will pay it. They think he is that great.

A scientist searching for a cure for cancer might make \$3,000 in a good year.

Kathryn Grayson is a good singer with a pretty face and a big chest. She is fairly typical of the Hollywood-type personalities who are paid huge sums for performing.

Miss Grayson recently refused a diamond necklace her husband wanted to give her on their 15th wedding anniversary. A Detroit Free Press gossip columnist explained why: Kathryn and her husband are good friends only. She doesn't think she should take his gifts because their marriage has never been consummated. For 15 years she has meant to get an annulment but she's been too busy, darling, to take the legal steps.

At an eastern high school recently, a \$6,000-per-year teacher was told to shove off his beard or get out. The school board was afraid someone would think the shaggy instructor was kooky.

When the teachers struck at Imlay City recently, a terrible thing almost happened. A football game was nearly postponed. It appeared that the team wouldn't have time for as many practice sessions as required by state law before the opening game. But the day was saved when the enterprising coach called a practice for 10 p.m. Saturday night and the athletes turned out eagerly.

What if an English class had been in jeopardy? If the teacher was foolish enough to schedule a Saturday night class, the parents would probably blast him for interfering with their children's social life.

My oldest daughter, Karen, helped instruct baton twirlers at Lapeer High this summer, a non-paying job. Many pretty little girls were vying for the privilege of strutting in front of the band this football season. Only

a few could be chosen - and the band director did the choosing.

But the mother of a losing candidate phoned Karen and cursed her because her little darling didn't get a twirling job. It seems that one of the girls who won a job is a cousin of a boy Karen has dated - so there was obviously dirty work afoot, Egad!

If Little Darling got less than an "A" in Algebra, would Mother blast the teacher?

Karen was crushed at the accusation - and surprised that an adult would act so childishly.

Her cynical Old Dad wasn't surprised. It is a rare person who has no warped values. I might wonder at a mother who could get so upset about baton twirling. Just as I might chuckle at anyone who would stand on a curb for 2 days waiting for Queen Elizabeth to ride by.

But I don't get too disgusting about my disgust. I'd probably pay \$25 to spend a day carrying Jack Nicklaus' golf bag. △

Our readers write

Perhaps there is a need for better communication between the Village Council and the people involved in the annexation issue. There seems to be a feeling of animosity and an attitude of "We don't want to be annexed without some say so."

I feel that more facts were brought out for the public's information, many persons' opinions might be changed.

First of all, the subject of expanding Clarkston's borders has been under discussion for a number of years. As more and more people move into the area, it seems only logical that the Village grow with the population.

Clarkston residents have always been very proud of their community and are anxious to retain the quaint old-fashioned image that is so appealing. The problem is - how to expand with progress and still retain our small town atmosphere. And expand we must or be swallowed up by the population of the surrounding areas.

When the developers of the Ford Farm came to the Village Council requesting to be annexed under any restrictions to add a large residential area to the Village. This beautiful area, under Village ordinances, would be developed into a real asset to our community with the cost of roads being absorbed by the developer.

An area this large with \$30,000 to \$50,000 and up homes, is bound to bring in a tidy tax package. Why is the Township so anxious for us not to annex this property?

The remaining area is also residential and the Council feels the much discussed natural

perence has taught me that this guy is just looking for an invitation to visit.

Last week, Calhoon decided that she had enough of this Sunday passerby nonsense. She got in touch with her favorite bulldozer man and ordered him to start hauling the giant evergreens from behind our house.

For two days, Cal and the Bulldozer fellow worked replanting the trees along the front fence line. No one can see in now, she thinks. Now, I'll have to go back to watching T.V., Not nearly as much fun, or something.

using the lake, and ALL of the residences were on the lake in the Township. The Township led the public to believe the Village had to be "helped out of a bad situation. When in reality the Village didn't feel they had the money to police the Township area as well as the small Village owned property.

The members of the Clarkston Village Council are business men not politicians. True - but don't be led into thinking they are going to stand by and let a land developer move in and put up just anything. They are all smart enough to realize there must be restrictions to cover anything that might come up. They have a very competent lawyer to help them do this.

As far as the land developers go, it seems to me, Clarkston should jump at the chance to acquire, at no Village cost, a beautiful new area which can only add to our stature and incidentally provide us with a substantial tax boost.

What additional services can be had by becoming part of the Village? The Township has to rely on the State police or the sheriff's department for their law enforcement. Understandably, they feel a need for their own police force. However, the one mill tax increase required was turned down by the people. The Village police force has been called into service by the Township many times not only for residential help but also to police school and other activities.

Village residences have not only the services of their own police department, but also snow removal, street lights and paved or black topped streets. True, this has been accomplished partly with part time employees but the job has been done. How long did it take for the Clarkston Garden's people to get plowed out last winter?

One of the questions asked was, "How can the Village provide these services to the proposed annexed property?" According to Dave Leak, the present Village income amounts to \$27,000 per year, which has been adequate for maintaining the present area. Without the Ford Farm, the proposed annexed property would bring in double this amount and with the Ford Farm developed, it is entirely feasible to quadruple our present income.

As was expressed by Mr. Leak at the Village meeting, the paving probably won't be done tomorrow, but you can depend on it being done as soon as possible. Every street in the Village has been paved. It is the Council's belief that Clarkston should remain the

hub and nucleus of the area, and as such must expand and grow with the tempo of the times.

Remember - this annexation could have been initiated, according to Village laws, without public knowledge. However, the Council chose not to do this, and in good faith published their findings, and what they proposed to do in the Clarkston News. They found out this was not good politics, and in fact were subjected to outright accusations about their integrity, ability, etc.

I think these men are to be highly commended and urge the public to take a long hard look at the political overtones involved.

Signed,
An interested Village Resident who has attended both meetings

Dear Mr. Sherman:
The 1967-68 Scouting program for more than 10,000 boys and young men involved in activities of the Clinton Valley Council of the Boy Scouts of America is under way. It promises to be a fine year. As you may know, the Council brings Scouting to boys 8 to 18 in 33 townships in Macomb and Oakland counties. The area has 1,150 square miles, a population of 515,000 and is growing rapidly.

PEEKIN' into the PAST

10 YEARS AGO IN THE CLARKSTON NEWS

25 YEARS AGO IN THE CLARKSTON NEWS

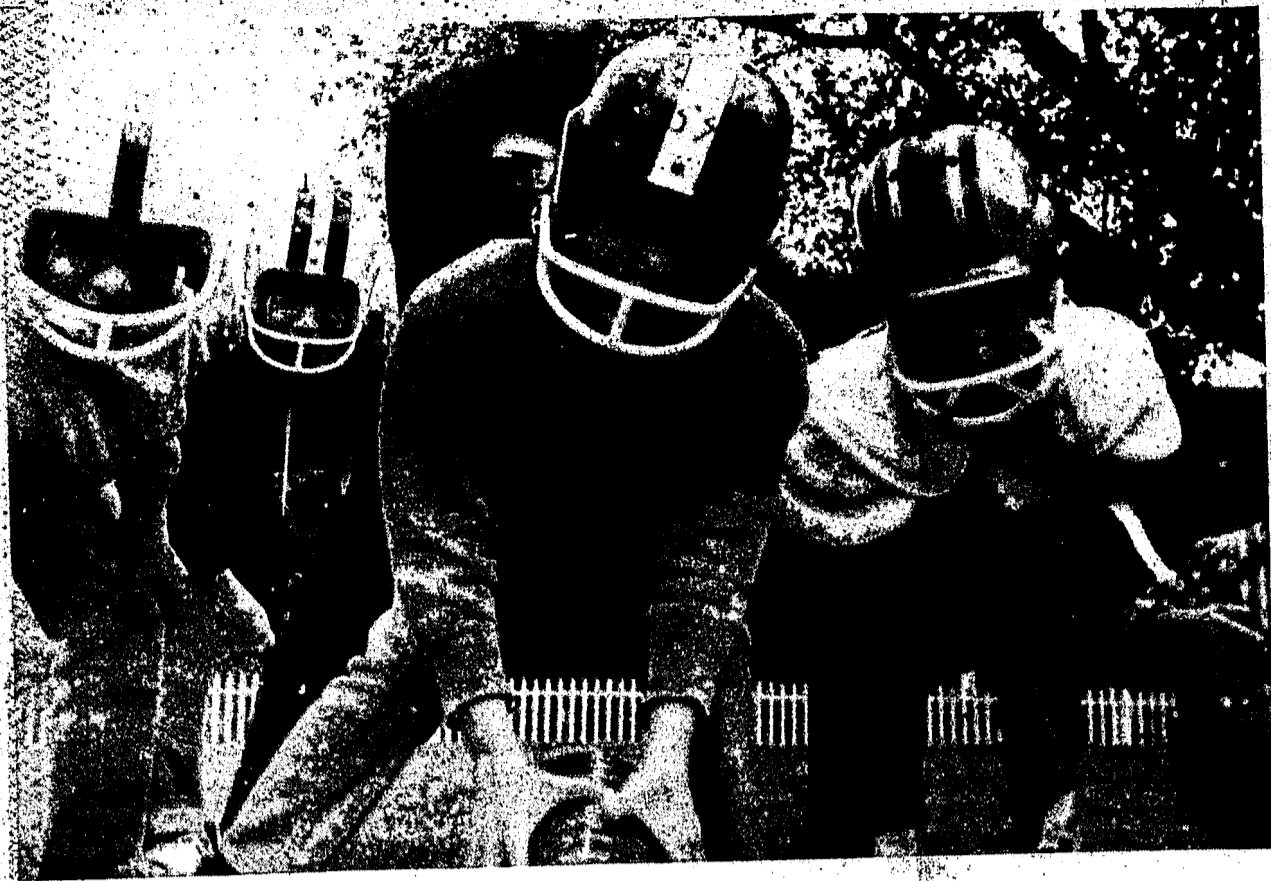

Robert C. Beattie has selected a number of his poems, which appear each week in the News, and will publish the first volume of his verse in the next few weeks.

Miss Balls, principal of Clarkston High School, announced today that there is to be a class in Home Nursing and First Aid which will be taught to the Senior girls.

At the next meeting of the Clarkston Rotary Club next Monday night Alex Moore, District Governor of the 153rd district of Rotary International, of Wayne, Michigan, will make his official visit.

Guests at the D.M. Winn home the fore part of this week were Mrs. Winn's parents, Mr. and Mrs. Harry Colby of New Lothrop, Michigan.

Bring 'em back ALIVE!

Clarkston Wolves . . . 1973? or maybe just some kids on Robertson Court out to do a little practicing for the Punt, Pass and Kick contest coming up on October 7th. Registrations for the contest will be taken at the Clarkston Sporting Goods or the Junior High. All set to tackle are Tim Jones, Danny, John, Jimmy and TERRII! Muscat. That strong chin belongs to Tim Birtsas.

Dick Sokal, last month's winner of the Jaycee of the Month award congratulates this month's receiver Don Colton at the scene of action. Mr. Colton received the coveted award for his work at the concession stand of the Oakland County Sportsman's Club Road Races, and for Co-chairman of the Labor Day Parade.

Film on racial revolution *Seymour Lake* at area church Sun.

By Gladys Sherwood

This coming Sunday evening, Calvary Lutheran Church will offer a special showing of the award-winning film documentary, "A Time For Burning." Beginning at 8:00 P.M. on October 1, the film deals with the current racial revolution in a bold and unusual manner. Two years ago a photographic team journeyed to Omaha, Nebraska to film a routine educational film dealing with structures in a typical Lutheran congregation. Upon arrival, the team discovered that the congregation was in the process of being torn apart by the controversy involving the racial situation in the neighborhood. Keeping the cameras rolling, the team filmed the actual events as they took place. The result is a fresh, new and often frightening look at the reactions of a "Christian" congregation to one of the most urgent problems of today.

The movie is being presented by the Social Ministry Committee of Calvary as a public service to the community. All Clarkston and area residents are encouraged to attend.

The WSCS will sponsor a "luncheon is served" in the Seymour Lake Methodist Church Thursday, October 12. For tickets call OA 8-2348 or MA 5-1709.

Mr. and Mrs. Harold Feldmann and Mr. and Mrs. George Granger were weekend guests of the Rev. and Mrs. Ardo Carmitchell at

Bayview. They, with the Carmitchells, had the pleasure of being Sunday dinner guests of Mrs. Oma Kennedy, a former resident of this vicinity.

Invitations were received here to a reception given for Dr. and Mrs. W. M. McGuire, September 25 in Rockledge, Fla., by members of the First Church of the Nazarene at Coca, Fla., of which he has recently been pastor. The event was in honor of his 50 years in the ministry.

Register now for Punt, Pass and Kick

The Clarkston Area Jaycees are joining Beattie Ford and the Waterford Optimist Club in sponsoring the Punt, Pass and Kick football competitor for boys eight through thirteen years of age.

Boys who meet the age requirements can pick up their registration application simply by going to Beattie Motor Sales the Junior High School Office or Clarkston Sporting Goods. A parent or guardian must sign the application. Registration will close on October 6, 1967.

October 7th at 10:00 A.M. a pre-competition will be held on the Clarkston Junior High School football field where the boys may receive individual instruction on the fundamentals.

The local competition will be held at the Drayton Plains ball-park on October 14th. Transportation to Drayton Plains will be provided by the Jaycees.

Each boy will compete in three categories - punting, passing, and kicking (using a kicking tee). Judges will award one point for each foot the ball travels in the air and deduct one point for each foot the ball lands to the right or left of a center line. Thus there is as much premium for accuracy as distance. The boys will compete only against youngsters their own age.

CHARTERED—September 13 this group of women received a charter designating them as the 711th chapter of the American Business Women's Association. Named president was Mrs. Carrol Welch of Watkins Lake road. Some of the members are from the Clarkston area.

Business women's group chartered

The 711th chapter of the American Business Women's Association was chartered last Wednesday evening, Sept. 13, with Waterford registered as the home city. Mrs. Carroll Welch, of Watkins Lake Road, was seated as the group's first president.

Serving with Mrs. Welch are Mrs. Frank Syron, vice president; Mrs. Robert Butler, recording secretary, and Miss Phyllis J. Addison, corresponding secretary, all of Waterford Township. Mrs. Violet A. Larson, of Clawson, was appointed treasurer. The charter officers, as was the chapter, were installed by ABWA's national president, Mrs. Geraldine Neuman, of Lakewood, Ohio.

Mrs. Welch was a charter member of Tipacon Charter Chapter, which was organized in Oct. 1953. She has served as chairman of many committees as well as being a past president and a Woman-of-the-Year, and she has had a perfect attendance record. She will attend ABWA's National Convention next month at Las Vegas

as the delegate of the new chapter. Alternate delegate named was Mrs. Syron.

The chapter will hold monthly dinner meetings on the second Wednesday of each month, with the first meeting scheduled for Oct. 11 at Pontiac Country Club.

Sponsor of the evening's activities was Tipacon Charter Chapter of Pontiac. Guests in attendance were from the sponsoring group and Land-O-Oak Chapter, the association's third area chapter.

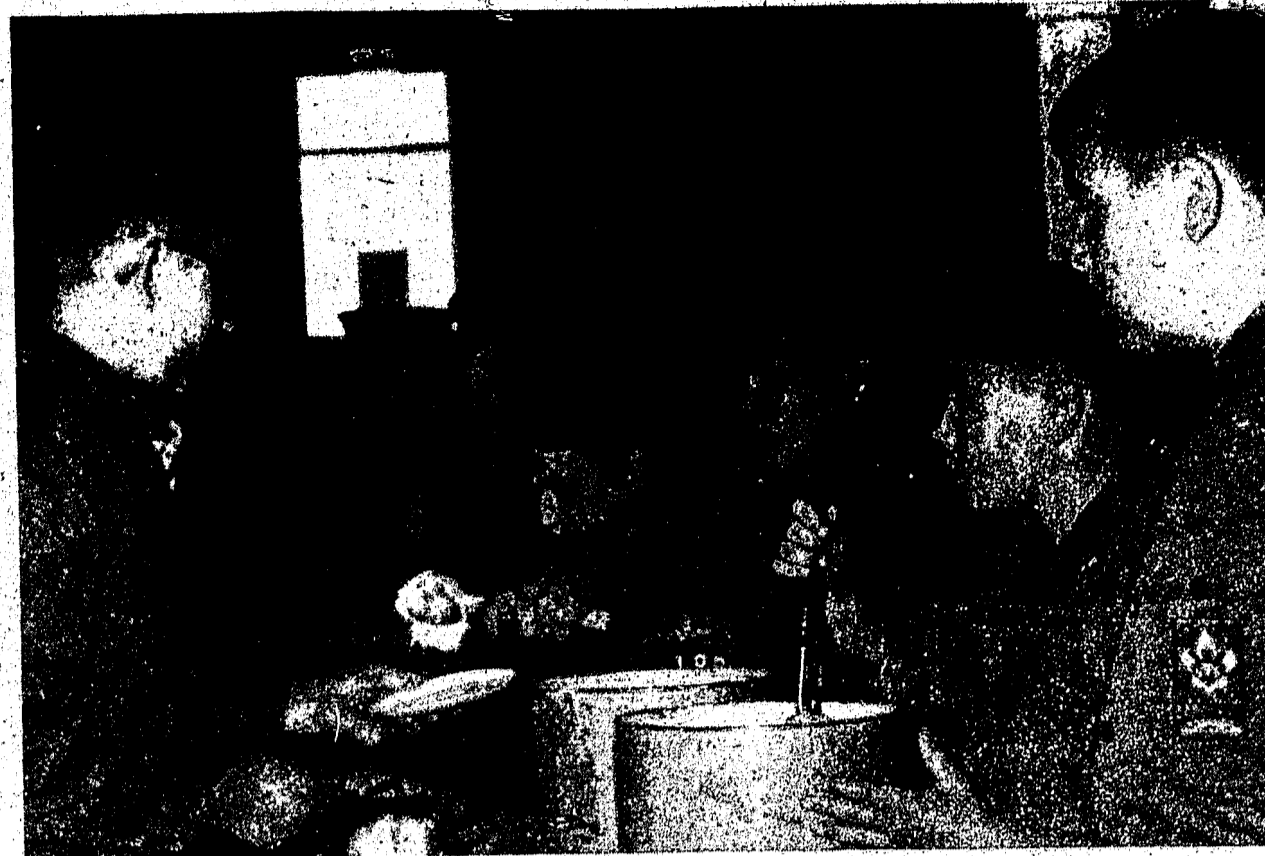

By Lucinda Ellert

Clarkston Wolves won again! This time they slaughtered the Bloomfield Hills team. The Clarkston rooters were wildly enthusiastic at the close of the game, but the Bloomfielders left the scene with a slightly downcast look on their faces after being whitewashed, 13-7. Oh well, you can't win them all, but the Wolves have shown everyone what a great team we Clarkstonites have this year. Keep 'it up, Wolves, and we'll win every game.

Last Saturday, September 23, the Clarkston High School band went to Ann Arbor for band day at the University of Michigan football stadium. All the Clarkston High School band students had to be at the high school at 6:00 A.M., which meant that most of the youths had to be awake and active at around 5:00 in the morning. Ridiculous! The buses left at 6:45 A.M. arriving at Ann Arbor around 9:00. After the Clarkston

band got there, it and other bands and the University band practiced getting on and off the field. When the game started (U. of M. won) the bands sat on the bleachers until half time when they played. Half time was very colorful with all the different school colors on the field. There were 163 separate bands and 1500 baton twirlers. Most of the colors were red and gold or red and silver, but there were some different bands with colors like green and gold, including one group with the colors of purple and pink. The Clarkston band, taught by Mr. Joseph Washburn, arrived home excited and tired around 6:00 P.M.

A surprise 'Sweet 16' birthday party was given to Rosalind Byers on Sunday, September 17. Her family, Mr. and Mrs. Jackson Byers and their children, Becky, Rachel, Renette, Rhonda, and Charlie were responsible for the party which delighted Rosalind. Linda Parrott, Nanette Giles, Clara Beach, Diane Fox, Cathy Auten, Lynette Johnson, Sue Fredricks, Steve Ashly, Frank Jones, and Mark Cowan were the guests. The party, which lasted from 5:00 to 9:30 P.M., had such activities as touch football, 'Twister', badminton, volleyball and dancing. Rosalind received many presents such as

Turning up a pretty mean scoop of ice cream was this row of scouts, out to make their efforts a social event. The scouts did a terrific job of giving the public all the ice cream, cake and coffee or milk they wanted. If you missed the one this year, watch for it next time. It was just what every ice cream social should be.

SCHOOL MENU!

REGULAR MENU:

Monday—Hot dog in buttered bun, corn, potato chips, fruit cobbler
 Tuesday—Beef stew on mashed potatoes, cabbage salad, french bread and butter, ginger bread and whipped cream
 Wednesday—Spaghetti and meat sauce, tossed salad, homemade rolls and butter, fruit
 Thursday—Meat loaf, mashed potatoes, green beans, bread and butter, banana cake
 Friday—Vegetable soup and

crackers, toasted cheese sandwich, harvard beets, dutch apple pie, ice cream

CHOICE MENU:

Monday—Fruit and cottage cheese salad, bread and butter, fruit cobbler
 Tuesday—Tossed green salad with cheese and cold cuts, roll and butter, peaches, peanut butter cookie
 Wednesday—Hot dog in buttered bun, baked beans, cabbage salad, jello
 Thursday—Pineapple cheese mellow salad, corn, assorted sandwiches
 Friday—Tuna salad, peas, roll and butter, apple pie and ice cream

Clarkston Community Schools Financial Report

JAMES F. MOORE & COMPANY
 Certified Public Accountants
 888 SOUTH ADAMS ROAD
 BIRMINGHAM, MICHIGAN 48011
 MI 6017-4-6810

ACCOUNTANTS' REPORT

We have examined the balance sheets of the General Fund, Debt Retirement Fund, and the Building and Site Fund of CLARKSTON COMMUNITY SCHOOLS as of June 30, 1967, and the related statements of revenues and expenditures for the year then ended. Our examination was made in accordance with generally accepted auditing standards, and accordingly included such tests of the accounting records and such other auditing procedures as we considered necessary in the circumstances.

The statements have been prepared, as in prior years, on the "modified accrual basis of accounting". Under this method, generally, revenues are recognized at the time they become receivable and expenditures are recognized when incurred. An exception to this rule is the purchase of transportation equipment, the cost of which is not recognized as an expenditure until payment is made for the transportation equipment is acquired on contract, only the current payments are recognized as expenditures during the year. Also, on the modified accrual basis, inventories on hand at June 30, and the related accounts payable for supplies applicable to the following year are not reflected in the balance sheet.

Our examination did not extend to the child accounting records of the school system. However, State school aid payments which are based on such records were confirmed by us directly with the State authorities. We also inspected a letter from the County superintendent of schools which stated that the child accounting records had been audited during the period and found to be correct and to comply with the laws of the State of Michigan.

In our opinion, the accompanying balance sheets and statements of revenues and expenditures present fairly the financial position of Clarkston Community Schools at June 30, 1967 and the results of its operations for the year then ended, in conformity with accounting practices generally followed by Michigan school districts as set forth in Bulletin 1022 issued by the Michigan Department of Public Instruction, applied on a basis consistent with that of the preceding year.

James F. Moore, Company

Birmingham, Michigan

ACCOUNTANTS' REPORT

The Board of Education
 Clarkston Community Schools
 Clarkston, Michigan

We have examined the balance sheets of the 1966-1967 project of Clarkston Community Schools administered under P.L. 89-10, Title I Elementary and Secondary Education Act of 1965, as of June 30, 1967, and the statements of revenue and expenditures of the 1966-1967 and the 1965-1966 projects for the two years then ended. Our examination was made in accordance with generally accepted auditing standards, and accordingly included such tests of the accounting records and such other auditing procedures as we considered necessary in the circumstances; due consideration was given to the specific requirements set forth in the Local School District Audit Guide issued by the Michigan Department of Education in March, 1967. In our opinion, the accompanying balance sheet and statements of revenue and expenditures present fairly the financial position of the project at June 30, 1967 and the revenues collected and expenditures incurred during the two years then ended in conformity with the principles and instructions set forth in the Michigan Department of Education Finance Manual, Title I.

James F. Moore Company

July 28, 1967

Statement of Revenue and Expenditures - P.L. 89-10, Title I, 1965-1966 Project Year ended June 30, 1966 and June 30, 1967

Project balance-excess of expenditures over revenue	(18,218.71)
	20,679.11

As the result of the North Sashabaw School fall opening we see one of several new space scenes. Conditions that had previously necessitated the placing of the library in the hall of the Pine Knob school, have been removed and an available classroom converted to its need. Here Mr. Wolven teaches his sixth graders the fundamentals of using the library card system.

Line up it's time once more to paint away. Here first graders at the Andersonville school get set to decorate that well known egg carton. Mrs. Trombley gives the directions as Brenda Hopson, Robert Camper, Jeff LeMarbe, Marilyn Flynn and Dennis White take over the brush work.

C.A.P. Cadets honored at ceremony

An Awards Presentation Ceremony held Wednesday, September 13th, honored cadets of Clarkston Composite Squadron Civil Air Patrol for their progress and achievement in the CAP Cadet Program.

Cadet/TSGt. John Bushart and Gary Klann CAP received the General Billy Mitchell Award and were appointed to the rank of C/MSgt. This award is called

the "Certificate of Proficiency" and certifies that the cadet has completed the six achievements in Phase II, attended a Cadet Summer Encampment, developed leadership skills, maintained good moral leadership in his daily life and attained a high standard in the CAP physical fitness program.

Cadet/2Lt. Karen Hawkins and Cadet/2Lt. Cathy Witherup were promoted to the rank of Cadet/1Lt., and Stewart Moore was commissioned as a cadet officer with the rank of Cadet/

2Lt. These cadets have received the General Billy Mitchell Award, continued into Phase III of the Cadet Program and have completed training qualifying them as cadet officers.

The Lindbergh Award was presented to C/SSgt. Robert Klann for completing the achievement which includes study of the CAP text "Navigation and the Weather." Cadet Klann was appointed to the rank of C/TSgt. The Curry Award, for completing Phase I of the Cadet Program, was presented

to Jill Stenhoff and David Topolinski, and they were appointed to the rank of Cadet/Basic.

The cadet who attended the Cadet Special Activities this summer were the guest speakers for the evening. C/Capt. Kathy Eudis, who attended the Aerospace Age Orientation Course, told of the trip and course content of the program conducted at Maxwell Air Force Base, Alabama. C/MSgt. Gary Klann, who earned his Private Glider Pilot Certificate at the Flying Encampment-Glider at Chester, S.C., told the cadets to try to qualify for this activity in 1968 by obtaining their FAA written certificate. C/2Lt. Karen Hawkins and C/MSgt. John Bushart, who attended the Spiritual Life Conference at Silver Bay, N.Y., told of their experiences at the Conference and of the many friendships they had made. C/MSgt. Timothy Morris explained the course content and teaching methods used during the Space Age Orientation Course at Minuteman Air Force Base, Illinois. During the week-long course CAP cadets were given an accelerated course in the mission of the Air Training Command, heard the NASA travelling space team, visited the Minuteman training module and were allowed to "fire" simulated missiles in a training session. C/Captain Robert Grace, who represented Michigan Wing in the International Air Cadet Exchange, told of his trip to Washington, D.C., then to the embarkation point in Germany, and of his tour of Great Britain. Movies of some of the activities of the tour and of the IACE cadets concluded the evening.

Delegate to assembly

Harold Koviak of Clarkston, employed at the Williams Lake Road Forest Fire Field Office Department of Conservation was a delegate to the 17,000 member Michigan State Employees Association's General Assembly. It met Friday through Sunday in Grand Rapids for its 17th annual convention.

Highlight of the convention was an address following the banquet on Saturday evening at which David Brinkley, nationally recognized television news commentator spoke. It was in the Civic Auditorium and was open to the general public.

W. O'Connell, daughter of Mrs. William D. Wells of 9457 Dixie Highway, Clarkston, was graduated from basic Photographer's Mate School at the U.S. Naval Air Technical Training Unit located at the Naval Air Station here.

The school, which is the first step for most Navy, Marine Corps and Coast Guard photographer's consists of 18 weeks of instruction in still, public information, aerial, and motion picture photography. This instruction includes indoctrination in the operation and maintenance of various types of equipment used throughout the sea services.

Marine Private Vaughn Wagner, son of Mrs. Norma Wagner of 6490 Manson Drive, Waterford, and husband of the former Miss Ruth A. Vallins of 2510 Silverside Drive, Pontiac, was graduated from eight weeks of recruit training at the Marine Corps Recruit Depot

here.

He will now undergo about three weeks of individual combat training and then, after leave at home, will report to his first Marine Corps assignment.

The intensified Marine recruit training emphasizes rigid physical conditioning and survival techniques, both at sea and ashore, to develop self-confidence and endurance. Marksmanship with the M-14 rifle and 45-calibre pistol are equally stressed, and close order drill instills the traditions of Marine Corps teamwork.

Enroute to Nuremberg, Germany is Spec. 5 Thomas J. Bass. He is the son of Mr. and Mrs. Gerald Bass of Waldon Road and husband of the former Margaret Fife, also of Waldon Road.

He recently returned from a year of service in Vietnam. He spent a 30 day leave here

before leaving for Germany. Mrs. Bass will join him there in October.

To Germany

Home on leave from Fort Knox, Kentucky is Pvt. Everett C. Fife. He is the son of the E. M. Fife's of Waldon Road. He was given 17 days leave following completion of his training there.

He will be leaving this week for Frankfurt, Germany where he expects to spend two years.

in Puerto Rico

Marine Lance Corporal George W. North Jr., son of Mr. and Mrs. George W. North of 8220 Lindsay, Drayton Plains, has taken part in a firing exercise on Vieques Island, Puerto Rico as a member of the Second Field Artillery Group, Force Troops of the Atlantic Fleet Marine Force.

The purpose of the exercise was to increase the proficiency of the group in artillery gunnery, tactics, and techniques.

The Second Field Artillery Group provides field artillery support and reinforcing fire to units of the division.

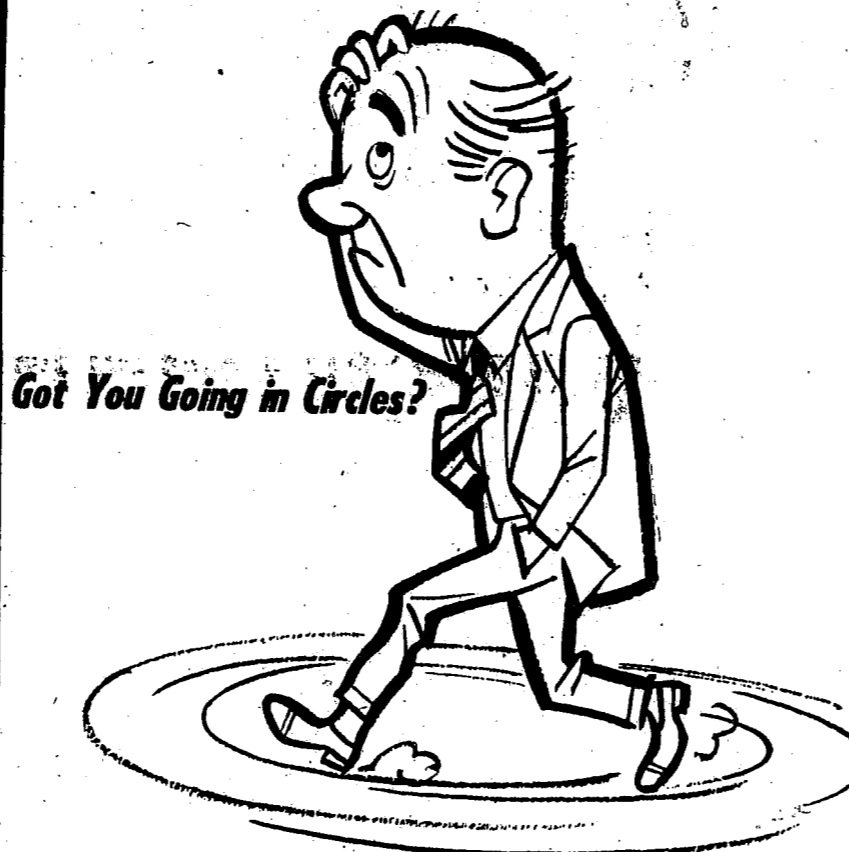

As a part of the ready forces of the Atlantic Fleet Marine Force, Force Troops units constitute the major source of heavy combat support and specialized technical support for

Pfc. E-3 John Seaman, son of Mr. and Mrs. E.W. Seaman of 6577 Snowapple Drive, has been stationed in Phu Lai Siagon with the 128th Assault Helicopter Company. His job is Crew Chief.

John, a graduate of Clarkston High School, will be home in February of 1968. His wife, Irene, also resides at 6577 Snowapple Drive.

in remembrance of me

For almost two thousand years the Sacrament of the Lord's Supper has been celebrated by Christians everywhere. Though variously interpreted by the churches, though administered with different ritual, it has always remained our unifying bond... the Communion of the Church with her Lord.

On World Wide Communion Sunday Christian congregations all over the globe will assemble to celebrate this Communion. Each will follow its own accustomed usage, exercising the right of religious freedom that the free peoples of the world treasure so highly. And as millions receive the Sacrament they will be conscious of the joyous faith that unites them with one another and with Christ.

This is a century of crisis in which those who treasure their spiritual heritage must stand together... must face with courage the alarming growth and ruthless power of an atheism dedicated to the overthrow of both freedom and religion.

Join your fellow Christians at The Lord's Table!
