VOLUME 39 10 CENTS

CLARKSTON, MICHIGAN 48016 THURSDAY, OCTOBER 31, 1968 3 SECTIONS NUMBER 9

FIRST EARMUFFS of the season were spotted on Jill Sansom, majorette of Clarkston High. It was a cold night for the band and fans at Friday's game. The Wolves were cooled off, too, 44-6 by West Bloomfield.

Jim's Jottings

I been flipped!
By a college kid.
A girl-type college kid, yet.
As Hazel and I were about to leave a party Saturday night (Sunday morning) in walked the daughter of the owners of the house we partied at, the George Waits.
Debbie. I'll call her that 'cause it's her name. is the charmingest type girl one could hope to meet. She's all smiles, bubbles with enthusiasm, attractive, and charming. Very refreshing, she is.
Debbie is a freshman at Central Michigan this year, and was home for the Oxford high school homecoming. We asked her about college life and what she was taking. I got hung up on one of the courses she mentioned. Judo. Seems she has to take a sport and picked this one.

I wondered aloud if she couldn't find another way to catch a date and she came back with, "I'll bet I can flip you!"
I really figured she could from what little I know about Judo. But I weigh 220 to her 115 and am a foot taller. The practice would do her good and I didn't figure I could get hurt falling on the 6-inch carpeting the Waits' have.
Actually, I didn't figure at all. At 2 in the morning it just seemed like a good way to end a perfect evening.
So, out of the kitchen and in on the carpeting (that could be cut with a lawn mower), we went.
"What do you want me to do?" I asked. "Grab me around the shoulders," she said. Next thing I knew I was flat on my back. Flipped by an 18-year-old college girl.
It was so simple. Debbie threw up her arms, busting my grip, dropped down to the floor on one knee, put her hands on the calves of my legs and pulled. I felt only a slight tug on my legs, and heard only the sound of my breath rushing out.
"Is that all there is to it?" I foolishly asked. "No, there's this." And she thrust her elbow

backwards into my stomach. Of course she did it all gently.
Doctors say my back will straighten in time and the wrapping around my ribs is bearable. I'm debating now between suing and taking Judo lessons. If I were 18 and single, there'd be no debate. It'd be Judo so Debbie and I would have something in common if she'd date me.

Whether the burden of trying to be publisher of 2 newspapers is too much or I just think it is brings the same results. Neither paper gets enough of my time. I want to be deeply involved in both communities, but not with as much emphasis on writing.
I have some help in Clarkston with Joe Backus. Trouble is I can't keep Joe. The Coast Guard is closing in on him.
Soon I will be needing (requiring may be a better word) more help in the writing end of producing The Clarkston News. If you're looking for a newspaper writing job, or know someone who is, and lives in the Clarkston area, and wants to work, give me a call.

Council agrees to proceed to sewers

The Clarkston council made it official Monday night. They moved to proceed with steps to bring sanitary sewers to the village.

The only "if" in the motion pertained to financial feasibility.
It is the intention of the council to have more meetings with the township in an effort to go with them on the first phase of the project. The Township has authorized their engineers to draw final plans and are working with the county DPW on construction contracts.

Bidding date set for township work is July 1, 1969. Village bids should be let about the same time, if engineers and financial consultants find it is not too heavy a financial burden.
Also being explored is the possibility of the village letting its own construction contracts. There are unknown factors about the availability of federal and state monies for local governmental units. One of these may hinge on the outcome of the clean water proposition on Tuesday's ballot.
The council seemed to agree to let the township maintain

Study clean up

Before sanitary sewers become available, and maybe yet this year, something may have to be done to improve the downtown sewer system.

Village engineer Howard Kieft told the Council Monday night he recommended removing some of the lines in the bed and changing the gravel-filtering material. This area is along Depot street.

Kieft said it should be done before the village is cited for polluting the stream. He said the county health department is anxious for the village to improve the system. They have also urged him to encourage the village to build a sanitary sewer system at the same time the township does.

The Council asked Kieft to draw final plans for rebuilding the local system and have cost estimates for the next meeting.

How do you?

Village attorney, Jack Banycky, has been asked by the Council to draw procedures for disposing of village property.

The Council has been wondering what is involved in selling any property they own, if they desired to do so.

From what was said at Monday's meeting it appears a vote of the people is not necessary. Bidding is necessary, however, Banycky said a minimum bid could be in the bid forms and wording could be such to eliminate some potential buyers.

He felt it could be restricting the bidding for public service buildings or whatever the council chose, and there could be the line stating the council reserves the right to reject any and all bids.

and construct lines in the village, as long as there is no loss in funds available. One of the questions the village-township meetings could clear up is whether village costs would be spread over the entire township-village area or if the village would be an assessment area alone.

Council representatives hope to be at the township meeting November 12 to discuss the program.

Five county offices

Among the 22 posts which Independence Township voters will be voting to fill in the Tuesday, November 5, election will be five Oakland County offices. They are prosecuting attorney, sheriff, county clerk and register of deeds, county treasurer, and drain commissioner.

Running for prosecuting attorney are Thomas G. Plunkett, a Democrat, and Richard D. Kohn, a Republican. Sheriff candidates are Republican Frank Irons and Democrat Ruel E. McPherson.

BATS AND HANGY DOWN THINGS - Tonight, Thursday, area goblins will be out. But, unlike this picture of the real thing, our little masked friends will need to have an extra cautious eye from drivers. For an extra touch of safety, it might be worthwhile to take your children on their rounds. An additional word of warning, be on the watch for poisoned treats which all too often filter into the little

one's bag. This picture was taken by our photographer at the Detroit Zoo. Special permission was given so that he could slip behind the glass case in the Reptile House and with the help of the Reptile House manager, Bill Austin, an interesting view of the Fox Bat, or Fruit Bat exhibit was taken as our shot for this Halloween.

Vote November 5

3 offices slated for local elections

Polls will be open from 7 a.m. until 8 p.m. in each of Independence Township's eight precincts for the general election Tuesday, November 5. State law requires that anyone in line at the election place when the polls close at 8 o'clock be allowed to vote.

Local officers will be chosen in this election to fill three posts, those of Township Constable, Township Trustee and County Supervisor from the 23rd District, which includes Independence Township.

Candidates for Township Trustee are Democrat Charles Curry, Jr. and Republican incumbent Merle Bennett.

The Republican candidate for Constable is Kenneth D. Pawley. Democratic candidate is Donald Trarop.

Running for County Supervisor are Paul Derryberry, Clarkston, a Democrat, and Richard Wilcox, a Republican, of Ortonville.

Voters of Precinct 1 will vote at the Independence Township Hall. Those living in Precinct 2 will vote at the Sashabaw Elementary School. Precinct 3 residents will vote at the Fire Hall at Sashabaw and Orion Roads. Those living in Precinct 4 will vote at the Clarkston Elementary School on Waldon Road.

Voters living in Precinct 5

Independence Township Clerk Howard Altman has reported that 6,564 voters are registered in the township for this election. This represents an increase of 1,197 over the number registered for the Primary Election in August.

The residents of each precinct will vote in separate places designated for their precinct. The only exception to this is the case of absent voter ballots.

To obtain an absent voter ballot, a person must be a resident of Independence Township who is registered to vote. Applications for an absentee ballot must be made at the Township Hall no later than 2 p.m., November 2. Ballots must be returned to the Township Hall no later than 8 p.m., November 5.

Absentee ballots will be given out for one of five reasons: if the voter expects to be out of town on election day; if he is physically unable to attend the polls without assistance; if he is forbidden to attend the polls by the tenets of his religion; if he is a precinct inspector in a precinct other than his own; or if he is 70 years of age or older.

Voters of Precinct 1 will vote at the Independence Township Hall. Those living in Precinct 2 will vote at the Sashabaw Elementary School. Precinct 3 residents will vote at the Fire Hall at Sashabaw and Orion Roads. Those living in Precinct 4 will vote at the Clarkston Elementary School on Waldon Road.

Voters living in Precinct 5

will vote at the Pine Knob Elementary School on Sashabaw Road. Those of Precinct 6 will vote at Bailey Lake Elementary School on Pine Knob Road. Precinct 7 residents will vote at the American Legion Hall

Judges for 3 courts

The voters of Independence Township who participate in the November 5 election will have the opportunity to vote for judges of courts on three separate levels, each having jurisdiction in this area. All candidates for these positions run on a non-partisan ballot.

The first court in the judicial hierarchy is the District Court. The two candidates for judge of this court in the 52nd District, 2nd Division which includes Independence Township, are Emmett J. Leib and Gerald E. McNally.

The District Court is a newly established judicial structure. It was established by the Michigan Legislature acting under the authority of the new state constitution, which at the same time abolished Circuit Court Commissioners, Municipal Courts, police courts, and Justices of the Peace.

The legislative act provided that individual municipalities could exempt themselves from this act if they did so within a week of the signing of the bill, which was June 17, 1968.

All judges for the District Courts are to be elected in this election and must be attorneys. They will receive an annual salary of at least \$18,000 and

may be supplemented locally to an amount not exceeding \$27,500.

The District Court will have exclusive jurisdiction in all civil matters where the disputed amount does not exceed \$3,000. A small claims division is also established within the court for amounts up to \$300 to allow a more simplified method of collecting small debts.

The court also has jurisdiction in all misdemeanors, ordinance and charter violations, and is responsible for preliminary examinations in all felony cases.

The court on the next level is the Court of Appeals. Two candidates are running for the office of Judge of this court in the 2nd District. They are S. Jerome Bronson and John F. Foley.

The highest state court in Michigan is the Michigan Supreme Court. The two candidates seeking election to the post of Justice of the Supreme Court are Michael D. O'Hara and Thomas G. Kavanagh.

Judges and justices to all state courts are elected by the voters of the state. But the voters do not have the opportunity to choose judges and justices of federal courts.

obituaries

Larry Anderson

Memorial services for Larry Joe Anderson, 26, of 4905 Algonquin, Clarkston, were conducted Wednesday in Greenup, Ky. He died in St. Joseph Mercy Hospital Sunday after a 6-month illness.

Born in Kentucky; the son of Mr. and Mrs. Wade Anderson, Mr. Anderson was employed at Pontiac Motor Division. He was married to the former Linda Walker in Greenup in 1959.

Surviving besides his wife are 2 sons, Larry, Jr. and David, 2 sisters; Mrs. Bonnie Craft and Mrs. Martha Boggs, both of Greenup, a brother, Richard of Greenup and brother, William,

of Akron, Ohio. Mr. Anderson was taken from the Voorhees Siple Funeral Home to the J.B. Wright Funeral Home in Greenup for services and burial. Interment was in Bellefonte Memorial Gardens in Greenup.

William Carr

Funeral services for William J. Carr, 60, of 34 N. Shore Drive, Lak Orion, were conducted Tuesday from Sharp-Goyette Funeral Home, Clarkston and a second service will be Thursday in Kentucky.

Mr. Carr was taken to the Kennedy Funeral Home, Paducah, Kentucky following the local services and burial will be in Millers Cemetery in Livingston county, Ky.

A former Clarkston resident, Mr. Carr died October 28 after an illness of 8 weeks. He was

last employed as an artist for Pontiac Motors engineering department.

Surviving, besides his wife Pearl, are a son, Tim Lee in the Coast Guard, daughter, Mrs. Glenn Currier, Ortonville, a granddaughter, 2 brothers and a sister.

Two accidents in township

Four cars were involved in two separate accidents Friday evening in Independence Township, according to the Oakland County Sheriff Department.

The first accident involved three cars and took place north of Waterford Hills on Dixie Highway about 7 p.m.

Delores Campbell, 33, of Hummingbird Lane, Clarkston, was driving south on Dixie and had slowed down to make a left turn when she was struck in the rear by a car driven by Donald Aldrich, 20, of Pontiac. Upon impact, Mrs. Campbell's car was pushed into the opposite lane, where it collided with a car heading north driven by Frank Tegge, 55, of Madison Heights.

The gas tank on Mrs. Campbell's car was ruptured in the crash and the automobile immediately burst into flames. The Clarkston Fire Department was summoned to extinguish the flames. The drivers of all cars escaped without injuries.

In the second accident, which occurred about 11:15 p.m. on Sashabaw Road south of Pine Knob Road, a car driven by Winford Bates, 17, of Madison Heights, apparently ran off the road onto the shoulder. When Bates attempted to return the car to the road, he lost control and the car rolled.

Bates and his passenger, Terry Kenshi, 16, were taken to Pontiac General Hospital with injuries.

Smorgasbord

Austin Chapter No. 396 Order of The Eastern Star of Davisburg will have their Annual Smorgasbord on Sunday, November 3 serving from 12 noon to 3 p.m. This will be held at the Masonic Temple in Davisburg. Tickets will be available at the door.

Terry Thomas on tv with vocational guidance theme

Terry Thomas, Director of Pupil Services for Oakland Schools, had a most interesting experience recently in Lansing.

Terry Thomas, Marshall Mosher of the Detroit Guidance Association, and Grace Seivitzer of the Lansing Public Schools met with Governor George Romney last week for the purpose of having the Governor proclaim October 20-26 as Michigan Vocational Guidance Week.

Later that evening the program was presented on tele-

vision via channel six.

Regarding vocational guidance Mr. Thomas stated, "Social, economic and technological changes are altering the nature and the kinds of jobs available in our economy. New and different demands are being made on the skills and personal qualifications of workers of all ages."

"In the near future, workers will experience an average of three to four occupational shifts in the course of their normal

working lives. Thus, the process of vocational choice is becoming one of continual adaptation to changing conditions and vocational situations."

Tuesday, November 5 will be postponed until the following week, November 12, on account of elections, according to township clerk Howard Altman.

BOARD MEETING POSTPONED

Library Week
The Waterford Public Library is holding a "Know Your Library Week" November 3 through 9 at the Pontiac Mall. Exhibits go up Sunday and remain on display throughout the week. The purpose is to show the scope and vitality of books today. Two films will be shown Thursday, November 7. One will be on LSD and the other on marijuana. These are two of the 300 films available free to groups and organizations through the library.

Swimming classes
Kinder Splash Classes, swimming classes for boys and girls between 3 and 5 years old, began Monday and Tuesday at the Greater Pontiac YMCA, according to John E. McClure, associate youth director at the "Y". There are four classes of ten lessons each. Class I meets Mondays and Wednesdays from 1:30-2:15 p.m. Class II meets Mondays and Wednesdays from 2:30-3:00 p.m. Class III meets Tuesdays and Thursdays from 1:30-2:15 p.m. Class IV meets Tuesdays and Thursdays from 2:15-3:00 p.m. A course fee of \$10 for YMCA members and \$15 for non-members will be charged. For more information, call the "Y" at 335-6116.

Wolves drop 44-6 decision

By Kirk Phillips
 fired up gang of Lakers to
 Clarkston and proved to the
 Coach Art Paddy brought a fans that West Bloomfield is

still the 7th team in the state. As the Lakers took the opening kickoff they started out like a house on fire. On the first play from scrimmage Terry Conley dashed 45 yards for the touchdown. The conversion attempt failed.

The Wolves took the kickoff to the 11 yard line, but the Lakers held the Wolves. Quarterback Robbin-Brennan, a candidate for all state honors, did an excellent job in moving the green and white. The Wolves couldn't connect or do anything right.

After the Lakers took over, Brennan did an excellent job in moving the Lakers on the crossback series. After 11 plays Terry Conley scored his second touchdown of the night. Jeff Keyser blocked his second extra point of the game, making the score 12-0.

The Wolves started moving, but then quarterback Bob Paladino broke his arm. The drive halted and Clarkston was forced to punt. Brennan again marched the Lakers down the field where tailback Kim Woodruff scored from the 7, and Jim Taperick

booted the extra point, making it 19 to 0.
 Well, after the Wolves got the pigskin back Steve Warman went for tight end Mark Walters, and Kim Woodruff intercepted the pass. He was tackled at the 18, and four plays later Terry Conley scored at the close of the half. The extra point was no good, making the score 25 to 0.

As the second half started it was strictly West Bloomfield after holding the Wolves scoreless. Bill Bullock was in at quarterback and did a fairly decent job in marching the Lakers to paydirt, as Ed McKenna scored from the 13 and Taperick split the uprights, making it 32 to 0.

Again the Wolves were forced to punt after the Lakers kickoff. The Lakers marched 10 plays, and Conley scored the touchdown from the 4. That made the score 38 to 0. This was his fourth touchdown giving him a total of 120 points for the season.

The final score for the Lakers came on a 3 yard end sweep by Kim Woodruff, giving the Lakers 44 for the evening. Clarkston's lone tally came on the 10 yard pass from Warman to tight end Mark Walters. The final score was 44-6.

Next week let's hope the Wolves can get back on the winning track at Mortimore Memorial Field at Milford when they take on last years champs, the Redskins.

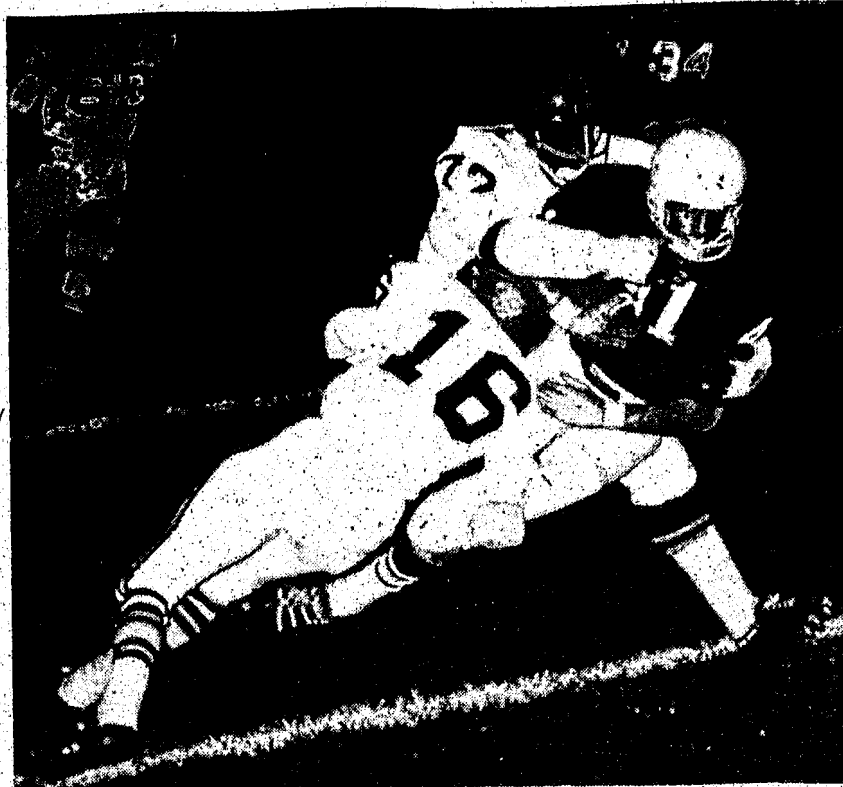

Standings with on game to go in league series: 1. West Bloom-

field, 7-0; 2. Bloomfield Hills, 6-1; 3. Milford, 5-2; 4. Clarkston, 2-4; 5. Northville, 2-4; 6. Clarenceville, 2-4; 7. Waterford Kettering, 2-3; and 8. Brighton, 0-7.

My congratulations to coach Dennis Horrigan and his harriers led by Fred Seyler. Also to Dan Dankert, Kirt Stalker, Bud Mumbower, Kirt Carlson, Mike Humpheries and Bob Hoy. Horrigan has done a magnificent job with these young men. They have brought glory to their school and coach.

Rick Prasil scored two touchdowns and Tom Gates another as the junior Wolves won their 5th game without a loss. They will close the season against the Milford Redskins November 5th.

The final score of the Brighton game was 19 to 0. Kurt Richardson booted two extra points.

Niagara Falls honeymoon for the David Mosers

Honeymooning at Niagara Falls are Mr. and Mrs. David F. Moser. The wedding that united Alice Jean Hine, of Davisburg, and Mr. Moser, of Royal Oak, took place Saturday at New Hope Bible Church in Clarkston. The bride is the daughter of Mr. and Mrs. Charles Hine, 16818 Dixie Highway and the groom is the son of Mr. and Mrs. Frank Moser of Royal Oak. She is a 1956 graduate of Holly High School and is employed at Pontiac Motors. The groom was graduated from Otterbein College in Ohio and received his masters degree in business administration at the University of Pittsburg. He is an

analyst for Pontiac Motors. The Rev. Eldon Mudge performed the double ring ceremony before the immediate family and about 30 guests. The bride wore a street length, long sleeved dress of embroidered lace. She carried long stemmed red roses. Serving as maid of honor was Ann Moser, sister of the groom and she wore light blue. Best man at the wedding was Paul Hine, brother of the bride. A dinner was served in the church fellowship hall following the ceremony. When the couple returns from their honeymoon they will reside in Royal Oak.

Pioneer Club feted

The Sashabaw Presbyterian Church on Maybee Road was host to 60 members of the Clarkston Pioneer Club on Thursday noon, October 24. The group was served a delicious casserole dinner. Hostesses for the church were Mesdames Louise Smith, Mary Bass, Shirley Borsh, Mina Hall, Betty Grant, Betty Smalley, Laurene George and Mildred Roberts. This is the 15th year that the Pioneer Club has been entertained by the Sashabaw Church. A representative from the Michigan Chapter of the Arthritis Foundation showed a film, depicting the quackery that surrounds the hope of a cure for this disease.

Mrs. Charles Chamberlain of 6181 Middle Lake Road gave a group of readings. This was followed by a short business meeting during which plans were made for the Club's annual

Thanksgiving Dinner to be held at the Community Center Building on November 21.

In drama at Ann Arbor

A Clarkston student at the University of Michigan is currently appearing in a stage production of Harold Pinter's "The Homecoming," presented by the University Players at the Trueblood Theater in Ann Arbor.

He is John Slade, son of Mr. and Mrs. Archie B. Slade, 5490 Waldon Road. A sophomore in the College of Literature, Science and the Arts, Slade appeared in two productions during the summer season. "The Homecoming" opened Wednesday and runs through Saturday.

MRS. JOHN T. PETERMAN

Nelsey-Peterman wed in double ring ceremony

Janet Audrey Nelsey and John T. Peterman were married Saturday evening in a double ring ceremony at the Lakeland United Presbyterian Church, Waterford.

The bride is the daughter of Mr. and Mrs. Orville Nelsey, of 4280 Nelsey Road, Waterford. She is a graduate of Pontiac Business Institute and holds a degree in junior accounting.

The bridegroom is the son of Mr. and Mrs. Alex Peterman, of 237 Reid Road, Grand Blanc, and holds an Applied Science Degree in electronics technology from Flint Junior College.

Miss Nelsey wore a gown of chantilly lace over taffeta with an empire waist and A-line

skirt. She also wore an elbow length illusion veil held with petals of silk organza, accented with seed pearls. She carried her grandmother's wedding handkerchief and a cascade of white sweetheart roses and white carnations with ivy.

The maid of honor was Marian Counterman, of Mt. Morris, who wore a dress of moss green brocade with an A-line skirt featuring bell shaped sleeves. She carried a cascade bouquet of bronze and yellow mums.

Bridesmaids were Sandra Monette, of Oxford, and Karen Taber, of Orchard Lake. They wore dresses identical to that of the maid of honor, and carried a cascade of yellow mums.

The best man was Ralph Hall, of Goodrich, and seating the 200 guests were Louis Harrod, of Grand Blanc, Leroy Peterman, of Flint, and Wayne Henderson, of Flushing.

A reception was held following the ceremony at Mountain View Country Club, Waterford. After a wedding trip to Florida, the couple will live in Davisburg.

Davisburg Juggers

The Davisburg Juggers senior citizens will hold their monthly meeting in the Davisburg Town Hall at noon Saturday, November 2. Members are asked to bring a dish to pass.

The Clarkston News

SECTION TWO THE CLARKSTON (Mich.) NEWS Thurs., Oct. 31, 1968 5

Around the Town

By Constance Lektzian

Phone 625-3370

Don't forget to leave your yard lights on tonight! (Thursday) This is that all-important evening that has had mothers planning costumes and fathers planning mayhem if the car windows get soaped again. For children, though, it's a high point of autumn.

Wednesday, October 23 marked the 10:00 a.m. Service of Celebration in the sanctuary of the Clarkston Methodist Church on Waldon Road. This gathering of approximately 30 women of the WSCS was the Charter meeting. Recently, the Methodist and the Evangelical United Brethren churches joined together. In an impressive program which was under the direction of Mrs. Ronald LePere of 5490 Waldon Road, the women of the church joined in an acknowledgement of this new fellowship.

Mrs. Louis Ball, a guest from Pontiac, gave the heritage of the Evangelical United Brethren churches while Mrs. Charles Beach of 6900 Hidden Lane, outlined the heritage of the Methodist churches. Mrs. Ball is a member of the Baldwin Avenue church.

A general business meeting followed the ceremony and plans were finalized for a Harvest Dinner to be held November 8 at Clarkston Community Center from 5 to 7.

These changes mean that from this point on, while WSCS retains the same set of initials it will be called Women's Society of Christian Service. The church is now called Clarkston United Methodist Church.

Under the expert guidance of Mrs. Al Hamilton of 6134 Overlook and Mrs. Arthur Rose of Dixie Highway the Red Cross Blood Bank had a very successful day. Held Friday, at the Community Center (what would we ever do without that building?) they collected 89 pints of blood. Actually, 109 willing people came all braced for what is not a bad ordeal. Twenty proved a little too puny but that didn't dampen the enthusiastic response to this good cause.

A Sunday dinner guest of the Hazen Atkins of 53 1/2 East Church was Mrs. Benjamin Visgatis of Charleston, West Virginia. Mrs. Atkins and Mrs. Visgatis both worked for the Adrian Industrial School for Girls at one time and had a lot of reminiscing to do. Mrs. Visgatis is house guest of Mr. and Mrs. Charles Chamberlain of 6181 Middle Lake Road.

After seeing son Rich off to Germany last Thursday for a stint with the U.S. Army, the Dick Barry's of 6543 Plum Drive took off for a week-end to Byron. There they were the guests of Betty and Bill Mangen, cousins

of Mr. Barry.

All that activity out on Jossman and Bald Eagle Lake Roads last Saturday was occasioned by the Harvest Sale at the Mt. Bethel Methodist Church. Co-chairmen for the rummage were Mrs. Ed Irwin and Mrs. Clayton Byers. Mrs. B.C. Brondige had charge of the bake sale which had lots of homemade goodies. This year the church women added a new angle—a booth of garden produce that included flower bulbs as well as such seldom-found items as Jerusalem artichokes. The entire affair was very successful.

Twenty children from the Maceday Co-Op Nursery—this figure embraces 8 junior sized Clarkstonites—took a field trip to a pumpkin farm Tuesday for the purpose of picking their own jack-o-lanterns. These were used at the masquerade party that took place the next day. This non-profit school which is held at the Lakeland United Presbyterian Church on Maceday Lake Road, is under the direction of two teachers plus two different mothers each session. Mrs. Glenn Brancheau of Langley Drive has charge of the enrollments of the three and four year olds who comprise the student body.

Mrs. Royce Haskins hosted the Rotary Annes for their regular monthly meeting at her home on 3985 Cambrook Drive. Held at 8:00 Tuesday evening the group were shown slides by Mrs. Charles Beach of Hidden Lane. These were fabulous views of an Alaskan trip. Guest for the evening was Mrs. Herbert Beach of Middle Lake Road. Decorations of various colored

mums and begonias were used table. A typical fall dessert of pumpkin pie with whipped cream was served. Following the slides, a short business meeting was held at which the clubs contribution to the United Fund was discussed.

Flying home Sunday from Fort Lauderdale, Florida were John Ronk of 81 S. Main Street and son Greg. They had driven south to take the car of Mrs. David Newlands to her Florida home on Friday. A quick trip but certainly in pleasanter weather than we are having now in Michigan.

The Waterford Book Review Group met Monday October 21. Mrs. Russell Maybee was hostess for the meeting at her home on 6284 Middle Lake Road. Co-hostesses for the 1:00 desert luncheon were Mrs. William Pelton and Mrs. Roy Hauerster. Mrs. Elsie Kinkle reviewed the book "The Airport" authored by Arthur Hailey. This was a particularly lively discussion due to the fact that a number of the group had previously read this best seller.

Mrs. William Brian of Tappan Drive was recently called out of town by the death of her father Mr. Levi Sawdon of Berkeley. The funeral service took place in Sandusky, Ohio.

Coho dinner

Dinners of coho salmon will be served Friday and Saturday, November 8 and 9 at the Mason Junior High School, 3835 Walton Boulevard, Drayton Plains.

The dinners will be served to raise money for operational expenses needed to continue the conservation-education program at the Drayton Plains Nature Center.

Dinner will be served from 5:30-8:30 p.m. both nights in school cafeteria. The Conservation Department's film, "Coho," will be shown at 45 minute intervals in an adjoining room.

Voters to elect officials to 7 state, national posts

Candidates from six different parties running for the various state and national offices will be listed on Michigan ballots in next Tuesday's general election. But only two offices have candidates from each of the parties seeking election to it, those of the President and Vice-President.

Those running for President and their running mates and parties are as follows:

Republican—Richard M. Nixon and Spiro T. Agnew; Democrat—Hubert H. Humphrey and Edmund S. Muskie; American Independent—George C. Wallace and Curtis LeMay; Socialist Workers—Fred Halstead and Paul Boutelle; Socialist Labor—Henning A. Blomen and George S. Taylor; and New Politics—Eldridge Cleaver and Larry Hochman.

In the case of the American Independent Party, the name of Curtis LeMay will not appear on Michigan's ballot with that of George Wallace

because Wallace delayed so long in choosing a running mate.

Instead the name of his running mate will be listed as Marvin Griffin, who was certified to the Michigan Elections Bureau earlier in the summer. But if elected, Wallace's Vice-President will be LeMay.

Running for the seat in the United States House of Representatives from the 19th District are Democrat Gary R. Frink and Republican incumbent Jack McDonald.

Candidates for Representative to the State Legislature from the 61st District are Republican Loren D. Anderson; and Democrat Donald L. Cöller. Voters in this area will not vote for United States or Michigan Senators in this election, as both these officials are elected for six-year terms, which do not expire this year.

Two candidates each will be elected to the State Board of Education, University of Michigan Board of Regents, Michigan State University Board of Trustees, and Wayne State University Board of Governors.

Running for the State Board of Education are Democrats Michael J. Deeb and Marilyn J. Kelly; Republicans Barbara Dumouchelle and James TenBrink; Socialist Workers Ellen Robinson and Evelyn Sell; and Socialist Laborers Peter Goonis and Frank Troha.

Contenders for a seat on the University of Michigan Board of Regents are Republicans Lawrence B. Lindemer and Fred Matthaei, Jr.; Democrats Gerald R. Dunn and Robert E. Netherlander; Socialist Laborers Glen W. Johnson and Lydia B. Muncy; Socialist Worker Helen Schiff; and New Politicians Eric Chester and Thomas R. Copi.

Those seeking membership on the Michigan State University Board of Trustees are Democrats Warren M. Huff and Blanche Martin; Republicans David Diehl and Richard Ernst; Socialist Workers George Bouse and Paul Lodicco; Socialist Laborers Theos A. Grove and John Zywicki; and New Politicians Bradford A. Lang and Jason P. Lovette.

Candidates for the Wayne State University Board of Governors are Republicans Kurt Keyser and Victor G. Raviolo; New Politician William Bunge; Socialist Laborers Vito J.

DeLisi and Lowell E. Miller; and Socialist Workers, Evelyn Kirsch and Joseph Sanders.

Santa Claus Special

Tons of St. Nick's gifts will be going to members of the Armed Forces in Vietnam by special ship this year, thanks to a joint Pentagon-Post Office venture.

A fast US cargo ship will be designated the "1968 SANTA CLAUS SPECIAL," sailing from Oakland, California next month with Christmas parcels.

To meet the sailing deadline and assure pre-holiday delivery of gifts sent with surface postage, items should be mailed during the October 14-November 9 period.

They should be marked "SANTA CLAUS SPECIAL" just below the stamps.

The "SANTA CLAUS SPECIAL" will sail during the latter half of November and stop at Da Nang, Qui Nhon, Cam Ranh Bay and Saigon, Vietnam. It takes approximately three weeks for a fast ship to cross the ocean.

All gifts should be packed in strong containers with adequate cushioning and correctly addressed, including APO and FPO numbers.

There are several options available for mailing to the military which can save money. Post offices across the nation have free pamphlets available which outline the mailing programs for servicemen and women overseas.

"Your hearts and minds must be renewed. You must put on the new self, which is created in God's likeness, . . ."

Ephesians 4:23

St. Daniel's Roman Catholic Church
Writer: Rev. Lawrence Kaiser—Asst. Pastor

The word "reformation" has brought forth many strong feelings in the last 400 years. For some, there have been feelings of hostility; and for others, feelings of triumphalism. "Reformation Day 1968" is here. But, for the most part, these feelings have been left behind, put to rest somewhere in a deep grave and covered over by each succeeding year.

Instead, "Reformation Day" stands as a moment in 1968 for serious reflection by each Christian upon the task given him by Jesus Christ Himself: "to have a change of heart" or "to put off the old man and put on the new". This is the continuing challenge which is also tagged with such familiar words as: "conversion", "renewal" and "reformation".

The whole meaning of "Reformation Day" is missed, then, if we sit back in a relaxed posture of smugness and self-satisfaction while pointing an accusing finger at someone else or a certain group of people. In this situation, Jesus may well say to us: "Why do you look at the speck in your brother's eye, and pay no attention to the log in your own eye?" "To have a change of heart and mind" demands that we first take a healthy look at ourselves, so that we might more fully realize our need of God's mercy and forgiveness, that is, of our redemption.

It is of little consequence, too, if

we speak about the "reformation" and the "renewal" of one church or another, if it is not personally taken to heart by the Christian individual, you and I. For the church is the people. And the church will only be renewed and reformed when you and I are constantly reassessing ourselves in the light of what Jesus gives His followers as a standard to live by: HIMSELF. Paul draws out the implications of this standard for the Christian who lived at Ephesus and for us when he said:

"Your hearts and minds must be renewed. You must put on the new self, which is created in God's likeness, . . . No more lying then! Everyone must tell the truth to his brother, . . . If you are angry, do not let your anger lead you into sin; and do not stay angry all day. . . The man who used to rob must stop robbing and start working, to earn an honest living for himself, and be able to help the poor. Do not use harmful words in talking. . . Get rid of all bitterness, passion, and anger. No more shouting or insults! No more hateful feelings of any sort! Instead, be kind and tender-hearted to one another, and forgive one another, as God has forgiven you in Christ." Eph. 4:23-32

How do you match up? Do you need a reformation, a renewal of heart and mind?

"Keep the Fresh Outlook!"

Vote NO on income tax

Proposal No. 1 deserves a NO vote by Michigan voters this Tuesday. This proposal is so loosely worded that its passage could place a hardship on every wage earner's pocketbook.

The text of Proposal No. 1: Proposed amendment to remove the present restriction against the adoption of a graduated income tax. Shall Section 7 of Article IX of the State Constitution be amended to read as follows: "An income tax at flat rates or graduated as to rate or base may be imposed by the state or any of its subdivisions".

In examining the wording of this proposal the first item that stops us and says there must be a NO vote is, "An income tax at flat rates or graduated..." This is leaving too much room for our legislators to play with our money. We all are familiar with a graduated income tax. This is the form of tax being applied by our Federal government.

A graduated income tax supplies between 75-80% of the Federal government's operating money. In a way, this tax is abusive and discriminatory, but, it does seem to have validity for existence. This type of tax, when applied on the national level, could help to curb inflationary conditions in the basic economy.

Unfortunately, the State of Michigan has no way of controlling the spiraling conditions of the nation's economy. A graduated income tax for the State of Michigan has no merit. It is only a penalizing tax which requires, possibly, an administrative cost which would eat up the revenues that the State says it needs.

If the tax were flat rate, then administrative costs would not be so high. The net result: The State would gain greater benefit from the revenues; and the taxpayer would not be forced to pay an even higher premium for collection as with the graduated tax.

Secondly, this proposal leaves too much in the hands of the legislators as to who is and who isn't going to pay this graduated income tax. The graduated tax is left to whim and says, "graduated as to rate or base may be imposed..." The base could be set so high that only those who earn a net income of a million dollars a year are responsible to pay. Or, the base could be set so low that it would work a hardship on the most lowly of incomes.

The rate at which the tax is to be computed is left entirely up to the legislature. When you leave this much authority with the legislature, you are leaving yourself wide open for arbitrary and discriminatory taxation.

There are too many "iffy" situations involved with the graduated tax. We would, conceivably, favor a flat rate tax, but not a graduated income tax.

Thirdly, Proposal 1 opens the door to any of the State's subdivisions levying this same graduated income tax. Subdivisions of the State government are: County, City, Village, Township and School Districts.

For those of us who live in the Village of Oxford, so long as it remains as a village, our income tax picture could look like this: First, there would be the village graduated income tax; then there would be the Oxford Area Community School District graduated income tax; and being that the Village residents also pay Oxford Township millage, village residents could possibly be responsible for paying Oxford Township's graduated income tax; then, there would be the graduated income tax imposed by Oakland County; next, the graduated income tax imposed by the State of Michigan; and, finally, ...if we haven't missed anyone, there is the Federal graduated income tax. Six separate graduated taxes on the same income.

The picture becomes quite clear. Historically, Michigan has not seen a reduction of taxes, only additional taxes. Graduated income taxes being levied from every unit of government would not mean that there would follow tax relief for property owners or for the bill paying public.

Proposal 1 would provide but one more way in which the bureaucracies of government could make a servant out of the goose who is trying to lay a golden egg. Unfortunately, if Proposal 1 were to pass, the results would probably be that the goose would be killed in the process.

There is but one solution. The voters must soundly tell our lawmakers that we will not be made their servants. The voter, in all honesty, must VOTE NO on Proposal No. 1 Tuesday, November 5.

PEEKIN' into the PAST

10 YEARS AGO IN THE CLARKSTON NEWS
October 30, 1958

Mr. and Mrs. Jerome Wilford and Jody of N. Main Street and Mr. and Mrs. John Bell of Perry Lake Road returned home from New York last week. They spent several days there and had a wonderful time.

This fall the Clarkston Rotary Club is selling Benson's Old Home Fruit Cake, to raise money for their projects.

Home for the weekend from Eastern Michigan College were Judy Dickerson, daughter of Mr. and Mrs. D. Dickerson of Lakeview Drive and Clyde Kizer, son of Mr. and Mrs. Kizer of N. Main Street.

Naomi Armstrong of Allen Road entertained several friends at a surprise hayride party honoring the birthdays of her brothers Gary and Ronny.

25 YEARS AGO IN THE CLARKSTON NEWS
October 29, 1943

A guest last week at the home of Mrs. Minnie Davies was William Clasen who is stationed in Kingston, Ontario, with the Royal Air Force.

Mr. and Mrs. Harold E. Weston are announcing the birth of a son, Harold E. Weston, II, on Wednesday, October 20 at Pontiac General Hospital.

Mr. and Mrs. John Mann left last weekend for Orange City, Florida where they will spend the winter.

Weekend guests at the home of Mr. and Mrs. Garnet Poulton were their daughter, Miss Helen Hodges, a student at Michigan State College; Miss Dorothy D. Hallett, a Nursing Cadet from the Highland Park Hospital and Mrs. Jack Hodges of Pontiac.

"If It Fitz . . ."

Clowns can cry, too

By Jim Fitzgerald

I like to write columns that start out like this:

THE KIDS WERE amazed when I got home from the football game Saturday and went directly to bed. It was only 10 p.m. and I usually don't retire until after the Johnny Carson show.

The thing is, I wanted to make sure I had a bed.

A few days earlier, my wife had sold the bed we'd shared for several hundred years. I just came home one evening and it was gone, smackdab disappeared. This was the final shot in her lengthy campaign to buy new bedroom furniture - which would not be delivered for a week. In the meantime, we could sleep in the guest room which automatically ceases to be a guest room whenever our oldest daughter comes home for the weekend. Then it becomes her room again.

So Dear Old Dad was flopping early, just in case. But the kids . . .

AND YOU CAN see how the

column would continue from there. An innocent attempt to amuse you with an only slightly exaggerated account of the domestic tragedies which make bloody the brow of me, the average husband. But sometimes the chuckles and wisecracks come hard. Especially when I just read about Scottie Damaschke.

Scottie is a 2½-year-old boy who lives with Mr. and Mrs. Frank Damaschke in Port Huron. They love Scottie and he loves them. They are the only parents he has ever known. But there is a problem Scottie's skin is black and the Damaschkes' skin is not.

This is a big hairy deal, of course. The Damaschkes want to keep Scottie. No one else wants him. But still, the couple have been in and out of probate, circuit and appeals courts for months. And the future looks like more of the same - endless legal battles plus the constant fear that any minute their boy may be taken from them. Black people and white people

just aren't supposed to live that close. Goodness, one judge wondered, who would that black boy expect to date when he is in high school? How would he explain the difference between him and his parents? These are real problems.

But why? I spend a lot of time wondering why. I wondered extra hard recently when I heard from a friend whose daughter is seriously ill in Ann Arbor hospital. Some of the nurses and attendants in his daughter's ward are black and some are white. The patients also come in various shades. Please listen to what my friend wrote:

"They are color blind in the wards, where black children and white children lie side by side in their beds. You don't think in terms of black or white, but in terms of individuals and their problems."

"The important thing is that you find yourself not caring whether a nurse or an aide or a therapist is black or white or orange or green, for these people are doing

important jobs and doing them well. The boy with one leg or the young girl that's paralyzed or the small child awaiting a new life with heart surgery - do you care if that child is black or white? Does it really make a difference?

"I know I am guilty of over-simplification and perhaps too prejudiced by emotion, but when I see a black nurse tenderly holding a white baby with a tube coming out of its throat - rocking it gently and murmuring words of compassion; or a white nurse gently tending to a black youngster that lies immobile and in pain; when I see this I am touched by the thought that such color blindness is a wonderful thing, and all too rare in this world of ours today."

ALL TOO RARE. And that's why, some days, it's impossible to write funny things about how I lost my bed.

Clowns can cry, too. Cry for a civilization which must go to court because 2 white people love a black boy.

To win Pulitzer Prizes: suffer grave injuries

By Joe Backus

Throughout the history of our nation, newsmen have been on hand to report all the most important and often dangerous events. During wartime journalists have risked their lives on the battlefield to bring in a story. During national political conventions, reporters have incurred bodily injury in quest of a scoop.

So I thought it would be interesting to perform some courageous deed for the sake of my profession, and write about it with a first-hand knowledge. And if I was successful, it might even bring me a Pulitzer Prize.

For several weeks I had been trying to think of some courageous adventure which would be worthy of my attention.

Finally someone brought it to my attention that the Red Cross Bloodmobile would be coming to Clarkston. It was suggested that giving blood was my opportunity.

However, I hadn't really planned on doing anything quite that brave. It seemed that would be valor above and beyond the call of duty, and I wasn't sure I wanted to undergo such an ordeal, even for the cause.

After many sleepless nights and nervous days, the thought of a Pulitzer Prize began to grow. And if I survived the experience, it might even be worth a Nobel Prize. My greed got the better of me, and I decided to chance it.

As D-Day approached, however, concern for my safety became more important to me, and I was wondering if I had made the right decision. But being stubborn, I refused to change my mind.

When the appointed day arrived, I faced my fate with fortitude. The place of execution was the Township Hall, and as I walked toward it, the solid, heavy feeling in my stomach felt more and more like a large rock.

When I walked in, I remember thinking that most executioners are not as pretty as the ones here. But this was small consolation to one whose next hour was as uncertain as mine.

When I was asked my name, it was a full 30 seconds before I could swallow the growing lump in my throat to answer. When I did swallow it, it seemed to double the size of the rock still in my stomach.

Somehow I managed to squeak out all the other information they asked for. When the nurse

put the thermometer in my mouth, I was certain I would bite down and break it. Since most thermometers are filled with alcohol, it wouldn't have been a bad idea. I had worked myself into such a fever, I'm surprised my temperature wasn't too high to give blood.

When I was directed to go to the operating table and looked at all the test tubes, plastic tubing, and other equipment, I felt as though I were about to become a high school chemistry lab.

When I asked the nurse for an anesthetic, she replied, "It's not all that bad." But she didn't say how bad it all wasn't. I told her she could tell when I passed out by when the screaming stopped.

As soon as she put the needle in my arm, I could tell something had gone wrong. "Just relax here, and we'll find the vein in a few seconds," she said. I looked down and discovered that she wasn't kidding, she really had missed the vein!

From all the agony I was going through as she wiggled the needle around in my arm, I

knew I would never get a Nobel Peace Prize for the experience, I was causing too much disturbance.

She finally hit the vein, and I could feel my whole body draining through the tube into the little plastic bag next to the operating table. But that's all I could feel, for the horror and pain had numbed my perception to the extent that I was oblivious to anything else.

After what seemed like all afternoon, the nurse came back and said that she had all the blood she needed from me. I don't think I had any more to give her. She then sent me off for some coffee and donuts, which I'm sure was to give me enough strength to leave the area before entering a coma.

Now that the experience is over, I can look back at it and think there are worse experiences to undergo. I would even settle for the Congressional Medal of Honor for my pain and grief.

Watching Coho at weirs

"Coho watching" at Conservation Department weirs is the latest activity to develop in northwest Michigan, according to Automobile Club of Michigan.

"Until the coho began their fall upstream runs, all attention has been focused on fishing for the great salmon," states Jerry E. Fisher, Auto Club's touring manager.

Now thousands of persons are visiting the three coho harvest weirs and the one egg-taking weir located in the Manistee-Honor area where thousands of trapped fish can be seen as their migration is stopped. From the weirs they are herded into harvest stations via "concrete streams" where they are removed from the water and sold commercially for 15.6 cents a pound.

Egg-taking and coho harvesting can be seen through most of November, depending on how heavy rains are.

"Prior to coho, Michigan had little need for weirs, but they

it takes but forty minutes to drive to Bishop Airport, that's in a car averaging the speed limit, 70 MPH. I suppose that flying in an airplane, the chances of arriving at the same destination would take but a matter of minutes.

Directly east of Flint, well nearly so, Oakland County plans an airport. Compound the problem now with planes landing at two airports that are separated by a scant 40 miles. With this, add the congestion of major air traffic landing and taking off with the same frequency found at any major airport.

This is the problem being proposed by our erstwhile Oakland County leaders. In the October issue of a trade publication of the Asphalt Institute, "Asphalt," there is a complimentary article about Flint's Bishop Airport.

The article describes Flint's efforts to keep ahead of the demands made by the aviation age. From the publication it says,

"The city requires a good air service and gets it. Bishop Airport lies in the city's southwest corner within a few minutes drive of downtown on a freeway system that includes Interstate 75 . . .

When two airlines (United and North Central), a couple of years ago announced they wanted to bring in to Flint still larger jets - the Boeing 727 and DC-9 - starting in 1968, airfield officials swung into action . . .

"But Flint was not caught unprepared. A master plan for Bishop Airport existed, and the latest revision, June 30, 1966, which included a program for jet age expansion, was ready to be put into effect."

From here on the article shows the value of using Full-Depth Asphalt paving as a economical and rapid way to create the necessary runway expansion that Flint's airport needed. Three cheers for Flint and the asphalt industry.

With Oakland County's me-tooism complex, it seems that the prospects for having another airport, aside from the county's acquisition of the former Pontiac Municipal Airport, is something very real to consider.

For many months . . . a few years . . . county officials have maneuvered and finagled around until they acquired the Allen Airport in Lake Orion. Like most things that most county officials do in Oakland, there doesn't appear anything tangible like a master plan.

It's the desire, like starry eyed children and new toys, that seems to be drawing Oakland County's attention to building a major airport. With a county like Oakland that can't even take care of its own roads . . . remember, no funds; it seems incredible that this same county would have the brassness to plunge its taxpayers into footing a bill to the astronomical tons of money it would take to build a major airport.

With a nation complaining about air congestion, the only conclusion that can be reached

with Oakland stepping into the major airport business is that such a move would only add to the confusion in the air. It might be a far better consideration if Oakland County would give their taxpayers even odds for their money and work with the development of the Bishop Airport. The short traveling distance to this already established terminal isn't too much of a hardship for our air minded political leaders.

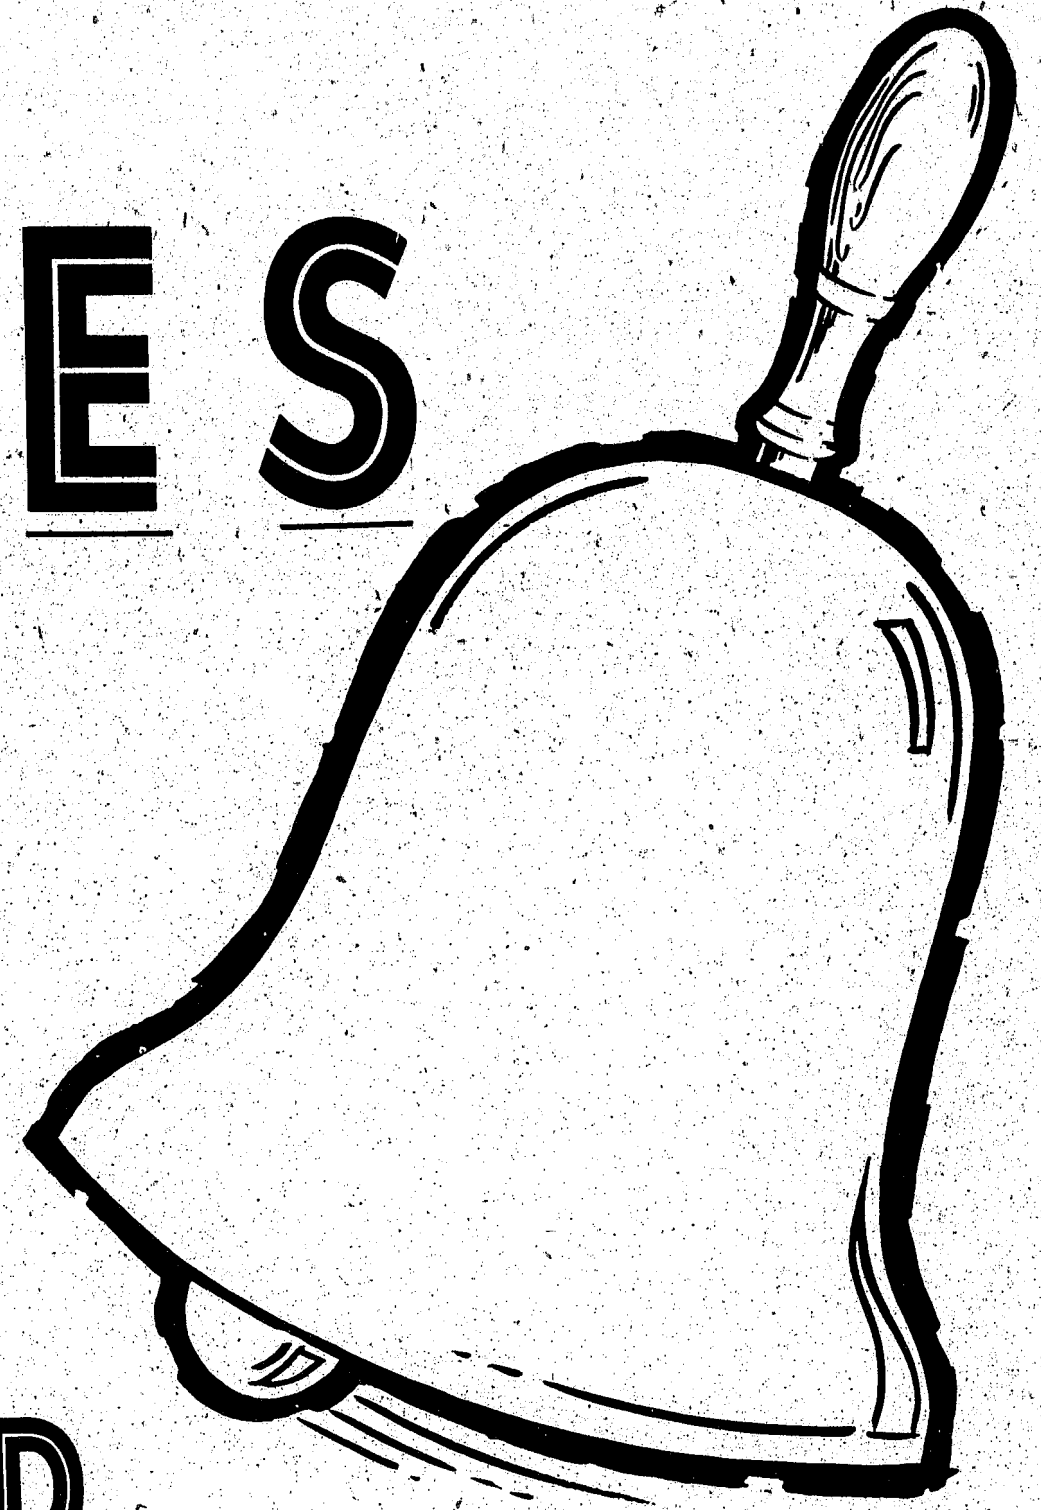

About the only thing that the politicians would be missing out on would be having their name splattered on a bronze plaque, or something.

The Clarkston News

SECTION THREE THE CLARKSTON (Mich.) NEWS Thurs., Oct. 31, 1968 9

Engineers signed for Independence sewer

One by one, step by step Independence Township is moving closer to having a sanitary sewer system. The latest step was the signing of a contract with the engineers. This agreement gives Johnson and Anderson, engineers from Waterford, authority to start the first stage of an internal sewer program.

This is the local link to the Clinton-Oakland interceptor that was started last month in 5 different areas along the route to beyond Rochester.

The local system is estimated to cost \$3.3 million. The engineers will receive 2 percent for their work under the contract.

Oakland county's Department of Public Works will let contracts for construction and oversee the project.

It is this first stage of local sewer development that Clarkston village has become interested in joining. Representatives of the village have met with both township officials and the DPW to discuss the matter. Further meetings are scheduled.

Originally, Independence officials asked for enough capacity in the interceptor to accommodate village hookups.

Sewer rates, fees, inspection costs, and payment plan have not been finalized. These will be included in a sewer ordinance by the township in the near future and a similar ordinance will have to be forthcoming from the village after agreement is reached with the

township and DPW. Though sewers for Independence have been talked of as an 18-month project for about 3 years, it is still expected to take 18 months. Only now the first pipe is in the ground. July 1 is the date when construction beds are expected to be let for work locally.

Four subdivisions in Independence came up for Board action last week, and 2 zoning changes were approved.

One of the subs approved was Deerfield Hills. This calls for 120 lots on 70.2 acres of the former Ford farm off Holcomb Street. These will be single family residential lots of 15,000 square feet.

A 119-lot sub, Deerwood, corner of Perry Lake and Cranberry Lake, was approved for developer John Helveston. This area is also for single family residential and includes a community park.

Waldonwood Estates, a 10-acre parcel with 17 building lots was approved from drawings submitted by Forrest R. Jones. This parcel is on the corner of Waldon and Walters Roads.

A suburban farm development at the southwest corner of Hadley and Oakhill Roads was given preliminary plan approval.

Known as Apple Lane Estates, houses will be colonial in style and sell in the \$30,000 price range. Russell Young is

the builder. Nine lots are planned, 3 acres each.

A planned unit development by Dr. Shelby Baylis and Associates of Pontiac is planned for the corner of Foster Road and Dixie Highway. Rezoning of the 78.3 acres was approved for this purpose.

Approval was also given for allowing a cabinet shop on Maybee Road east of Sashabaw for Richard Teramine of Detroit. This change is from single family to commercial.

Near the same corner, southwest corner of Sashabaw and Maybee, zoning was changed to permit construction of a Pure Oil gas station.

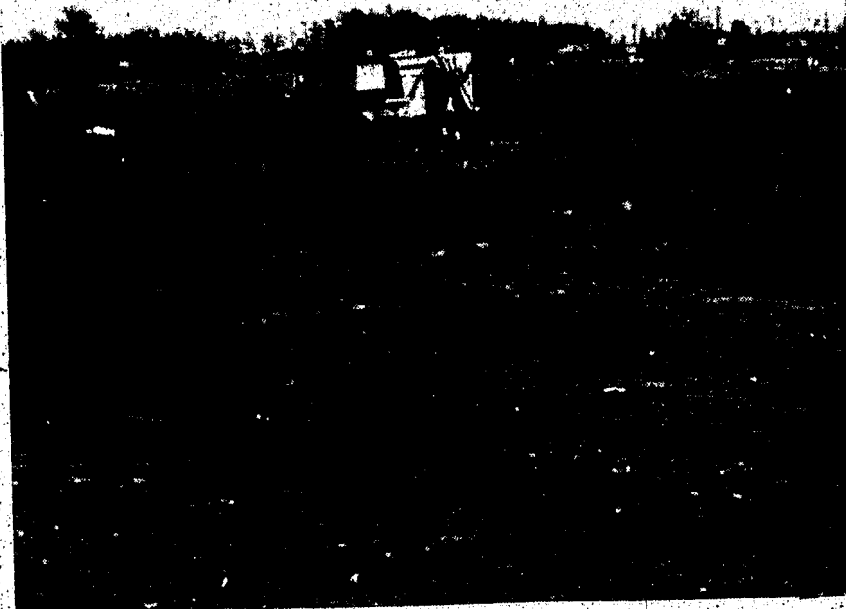

In other business, a tax rate of 40.09 mills was set for property in the township. This reflects the 1.02 increase in school millage.

TV textbooks available

The Clarkston Public Library is one of 49 members of the Wayne County Federated Library System which have available the textbooks used in the "TV High School" series. The series is broadcast twice daily, at 6:30 a.m. on WWJ-TV (Channel 4) and at 8:30 a.m. on WTVS (Channel 56).

The set of 10 paperback books is available for purchase for \$12.50. Or they may be borrowed from the library either by the set or individually by person registered in the program.

The 60-session high school program is designed to prepare Detroit Area persons, 18 and older, to pass high school graduation equivalency tests.

THE LIBRARY SITE is being readied. On Orion Road Schwantz Construction company moved in this week to begin construction of the new Independence Township Library. He is doing so without a signed contract. Schwantz said he was low bidder and expected to get the contract when signed. In the meantime, he said, he wants to get a little jump on the weather.

Betty McLeisch heads Clarkston Neighborhood

The Girl Scouts of the Clarkston Neighborhood are under the direction of Mrs. Betty McLeisch this year.

The month of October has been a busy one with re-registering of all troops and leaders, re-dedication of individual troops, bike hikes, halloween parties and swim classes.

Calendar sales began October 15 and continue until November 15. Mrs. Janette Perry is the Calendar Chairman this year.

November 7 is the Father-Daughter square dance to be held at the CAI Building from 7:30 to 9:00. The local JC's assist by providing added dancing partners. Mr. Martin Locke will call. Mesdames Gloria Lewis, Diane Vossie, Pat Bray, Christina Temple and Sue Ben-

nett will assist. The Ice Follies on November 13 offers its Salute to Youth Programs. Pre-registering with the troops is necessary for the special rates offered.

CANDIDATE SPEAKER

Thomas Plunkett, candidate for prosecutor of Oakland County, will be guest speaker at the Clarkston Rotary meeting Tuesday at Howes Lanes. He will be speaking on the functions of the prosecutors office. Rotary meets at 6:30 p.m.

"Y" for Unicef

The Y-Teen Club will be collecting for Unicef on Thursday, October 31 in their own neighborhoods.

Judge McNally Announces Study Committee

Judge GERALD E. MCNALLY, front runner by a substantial margin in the race for District Judge in the Townships of White Lake, Independence, Pontiac, Brandon, Groveland, Springfield and Holly, announced plans today for the establishment of a committee to study ways for an orderly change to the new District Court which will replace the old Justice of the Peace System.

Judge McNally, in making plans to establish the committee said that based on his experience he believes the new District Court would provide significant advantages in terms of time and money over the outmoded Justice of the Peace system, which Judge McNally noted has been in existence 150 years prior to the discovery of America.

Judge McNally, candidate for the non-partisan office of District Judge 52nd District (2nd

Division), believes that the election on November 5th is vitally important to those concerned about the purpose and direction of our local courts.

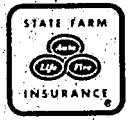

Judge McNally is strongly supported in his campaign for election as District Judge by many well known judges and lawyers in the community.

One county, five state proposals

Michigan voters in the November 5 general election will have an opportunity to vote on five state referendums which, if passed, will amend the Michigan Constitution or revise laws which are now in existence.

Two of these referendums are proposed amendments to the Michigan Constitution which was drafted in 1963 and adopted by the state in 1964. This constitution replaced the older one which had been in effect since 1908.

The other three referendums are proposed revisions to laws which have recently been discussed in the Michigan Legislature.

There will also be one Oakland County proposal on the ballot.

GRADUATED INCOME TAX

Proposal number one on the ballot concerns removal of the prohibition on a graduated income tax in the State Constitution. It will read:

"Shall Section 7 of Article IX of the State Constitution be amended to read as follows:

"An income tax at flat rates or graduated as to rate or base may be imposed by the state or any of its subdivisions?"

The state constitution currently states that, "No income tax graduated as to rate or base may be imposed by the state or any of its subdivisions." A flat rate income tax, however, is allowed under present law.

If this proposal is passed, a graduated income tax would not become automatic, but the state or any of its counties, cities, villages or townships might be permitted to levy one at its discretion.

There are two types of graduated income tax; those graduated as to base and those graduated as to rate.

The most familiar and commonly used is one graduated as to rate, as this is the type employed by the federal government. Under this system, the tax rate varies with the amount of income. As income increases, a greater portion of it goes to taxes.

If an income tax is graduated as to base, it is applied at a flat rate to a graduated base, usually the amount of federal income tax paid. This means that a state income tax graduated as to base would be a set percentage of federal income tax.

If the graduated income tax amendment passes and is adopted, at least one significant legal question arises.

BABYSITTERS FOR VOTING MOTHERS on election day will be members of the Clarkston Jayettes. The purpose of this service is to care for pre-school children for mothers who might not otherwise get out to vote because of their children. The babysitting service will be held at four of the polling places: the dining room of the Community Center, the clinic room of Clarkston Elementary School, the health room of Bailey Lake Elementary School, the health room of Bailey Lake Elementary School, and at Pine Knob School. Hours will be 9-11 a.m. and 1-3 p.m. Planning for the event are (from left) Mrs. Alfred Hamilton, Mrs. Donald Hamaker, Mrs. Lewis Wint, and Mrs. Richard Johnston.

That is, would the subdivisions of the state be allowed to adopt a graduated income tax at its own discretion, or would the amendment necessitate action by the Michigan Legislature before a political subdivision could adopt a graduated income tax?

If the amendment is interpreted broadly, a unit of government smaller than the state could impose an income tax without reference to legislative action.

If, however, the amendment is interpreted strictly, a legislative act would be necessary before a local unit of government could authorize a graduated income tax.

DAYLIGHT SAVINGS TIME

Proposal number two concerns Daylight Savings Time and reads, "Shall the State of Michigan observe Daylight Savings Time?"

The Federal Uniform Time Act of 1966 requires that all states in each time zone observe Daylight Savings Time for six months of every year. The act, however, specified that a state could pass a law exempting itself from Daylight Savings Time. Local areas within a state are prohibited from excepting themselves from the act.

In the spring of last year, the legislature passed Act 6 of the Public Acts of 1967 exempting Michigan from observance of Daylight Savings Time.

The State Board of Canvassers, however, determined that enough signatures had been collected on a petition to insure that Daylight Savings Time would be observed, at least until the question was placed on the ballot in this year's election.

So for the last two years Michigan has observed Daylight Savings Time. If the voters of Michigan approve Daylight Savings Time, the state will turn its clocks ahead one hour at 2 a.m. on the last Sunday in April and turn its clocks back an hour at 2 a.m. on the last Sunday in October.

WATER POLLUTION

Proposal number three relates to a bond issuance of \$335 million for facilities designed to abate water pollution. It reads as follows:

"Shall the state of Michigan borrow the sum of \$335,000,000 and issue general obligation bonds of the state therefore pledging the full faith and credit of the state for the payment of principal and interest thereon for the purpose of planning, acquiring and constructing facilities for the prevention and abatement of water pollution and for the making of grants, loans and advances to municipalities, political subdivisions and agencies of the state for such purposes, the method of repayment of said bonds to be from the general fund of the state?"

If passed, proposal three will provide funds for new sewage plants around the state and other facilities to help solve the pollution problem.

RECREATION FACILITIES

Proposal number four is the

referendum on a bond issuance of public recreational purposes. It reads, "Shall the state of Michigan borrow the sum of \$100 million and issue general obligation bonds of the state therefore pledging the full faith and credit of the state for the payment of principal and interest thereon for public recreational facilities and programs consisting of land acquisition and the development of parks, forest and wildlife areas, fisheries and other facilities used or useful for public recreational purposes and for the making of grants, loans and advances to political subdivisions and agencies of the state for such recreational purposes, the method of repayment of said bonds to be from the general fund of the state?"

If proposals three and four are passed, state bond will be issued for a total of \$435 million. This sum will then be matched by both Federal and local funds, giving the state a total of \$1.3 billion for improvement of water and recreation resources and facilities.

STATE LEGISLATORS

Proposal five is for an amendment to the state constitution and relates to the election of state legislators to other offices during their term in the Legislature. It reads:

"Shall Section 9 of Article IV of the State Constitution be amended to permit their election to another office?"

At present, the Constitution prohibits members of the State Legislature from "receiving any civil appointment" to other offices during their term in the Legislature.

A question has arisen in the minds of some whether this actually prohibits legislators from being elected to another position while serving their term in the Legislature. But it is generally considered to be prohibitive.

If passed, the amendment would

add the following sentence to this section of the Constitution: "Election to public office by vote of the electorate is not a civil appointment."

The Constitution would, however, still prevent the governor from appointing legislators to posts while they are serving in the Legislature.

The county proposal is a referendum to abolish the office of county coroner and establish an office of county medical examiner. It reads:

"Shall the provisions of Act 181 of public Acts of 1953 as amended providing for the abolishment of the coroner and creation of the office of county medical examiner be adopted by this county?"

BILL BALLARD

The director of the Oakland County Life Line program, Bill Ballard, will be guest speaker Sunday at the Drayton Heights Free Methodist Church, Maybee at Winell roads. At 7 p.m. he will show a film and discuss the various facets of the Life Line work. This is a branch of the Oakland County Youth for Christ.

VILLAGE OF CLARKSTON

Village Council
Minutes of Regular Meeting
October 14, 1968

Meeting called to order by President Russell.

Present: Cooper; Hagen, Kushman, Johnson, Fahrner. Absent: Mahar.

Minutes of the last meeting were read and approved.

Moved by Cooper, "That The National Electrical Code Uniform Electrical Rules be adopted by reference as Village of Clarkston Ordinance No. 58." Seconded by Fahrner. Motion carried.

Moved by Kushman, "That the following bills be paid:

GENERAL FUND	
Forestry	150.00
Police	753.33
Streets	100.67
Administration	8.19
Liability Insurance	258.00

Seconded by Fahrner. Roll: Cooper, yea; Kushman, yea; Hagen, yea; Fahrner, yea; Johnston, yea. Yeas 5, Nays 0. Motion carried.

Mr. John Adams presented a request to the Council for the rezoning of 64 N. Holcomb to Residence B from Residence A District. The Clerk was instructed to forward the letter to the Zoning Board of Appeals in order for a Hearing Date to be established.

Moved by Kushman, "That the Clerk sign and return the statement regarding the extension of time on the Judgement of January 11, 1966, on Lot 2, Supervisor's Replat of the Northwestern Addition." Seconded by Fahrner. Motion carried.

Trustee Hagen was instructed to determine if the proposed tree bids were accurate.

A letter from Mr. T. Gary DeVar was read to the Council. Trustee Fahrner was instructed to reply.

A Village Council meeting was scheduled for October 28; and for an indefinite period, Village Council meetings will be held on the second and fourth Mondays of the month.

Moved by Cooper, "That the meeting be adjourned." Seconded by Fahrner. Motion carried.

Village Clerk

VILLAGE OF CLARKSTON

ORDINANCE NO. 58

An Ordinance regulating and controlling electrical installations.

THE VILLAGE OF CLARKSTON ORDAINS THAT THE UNIFORM ELECTRICAL RULES OF THE NATIONAL ELECTRICAL CODE AND ANY AMENDMENTS THERETO, BE AND THE SAME IS HEREBY ADOPTED BY REFERENCE AND SHALL BE ORDINANCE NO. 58, VILLAGE OF CLARKSTON ELECTRICAL ORDINANCE.

Printed copies of the Uniform Electrical Rules are available for inspection by and distribution to the public at all times by the Clerk for the Village of Clarkston, 25 South Main Street, Clarkston, Michigan.

The purposes of said code is to establish regulations in regards to electrical installations in the Village of Clarkston.

All ordinances or parts of ordinances in conflict with the aforesaid electrical code are hereby repealed to the extent that it is necessary to give this ordinance full force and effect. This ordinance shall become effective twenty-five days after passage. Passed and adopted at a Regular meeting of the Village Council, October 14, 1968.

Artemus M. Pappas
Village Clerk

New post office may depend on sewers

Building a new post office in Clarkston may depend on sewers. This was the information presented to the council Monday night by councilman Bill Kushman.

He said he met earlier in the day with the Post Office Department real estate man, Mr. Bridgeman. At this meeting it was learned that the Department cannot build where there is any possibility of pollution, water or air.

Bridgeman said they check with the Water Resources Commission before making any attempt to acquire a new site.

There is some question as to whether the village has been sited for polluting the Clinton River. Cleaning up the downtown sanitary sewer system, as proposed by engineer Howard Kieft, may eliminate any pollution, if it exists, and allow the post office to hook up on a temporary basis if there is assurance

sewers are coming.

Kushman said he went over site possibilities with Bridgeman. They included the northwest corner of Main and Washington and the Baptist Church property on South Main. Kushman was told what ever the post office does it will have to provide its own parking separate from any other business.

The Department needs 25,800

square feet of space for a site. Bridgeman said he would strongly recommend any building be of colonial style.

The possibility of the Clarkston branch of Pontiac State Bank and the post office locating on the same site is still being explored, however, some of the council favors there being on separate sites.

Letters to the Editor

Dear Editor:

Only 1 part of DDT in 10 million parts of sea water is enough to reduce the activity of phytoplankton to 10 percent of normal. This plant of the sea is the main food of all the sea life from "oysters to whales" and produces 2/3 of our oxygen supply.

Is it right to add to this frightening situation by putting on 4800 acres in Southwestern Michigan, Dieldrin which is 40 times stronger than DDT and which will eventually flow out to sea?

Should we back bond issues for cleaning up Michigan waters as long as state agencies are carrying on spraying operations which cause further contamination?

Very truly yours,
RCB

Sashabaw Neighborhood

Girl Scouts invest new leaders

At the monthly Neighborhood meeting on October 22 Sashabaw Neighborhood invested twenty-four new women and rededicated past members in their Girl Scout program.

After receiving her pin and being welcomed into the Neighborhood by Mrs. O.B. Warren Neighborhood chairman, Mrs. Fred Kluesner, Mrs. James Lowe, and Mrs. George Crossman, each member placed a phrase on the poster until the last to be invested completed the Preamble to the Constitution and Bylaws of the Girl Scouts of the U.S.A.

The Preamble and a poem written by one of the Leaders, Pat Pender, about what being a Girl Scout means, was read then the ceremony closed with a short prayer.

New members welcomed to the area Girl Scouts are Nora Schmidgall, Connie Keating, Florence Armstead, Loretta Hamilton, Sandra LaMontagne, Pat Langdon, Joan Swayne, Marlene Burlison, Chris Trombley, Kay Brown, JoAnn Green, Barbara Stone, Peg Sassin, Jessie Fredrichs, Helen Eason, Judy Hakari, Betty Mosher, Barbara Hoeksema, Joyce Fisk, Teresa LaRaque, Sandra Bussell, Deloris Dearborn, Connie Becker, and Lou Willson.

troop no. 9 went on a hobo hike at Deer Lake. The girls carried their lunch in a cloth tied to the end of a stick.

On Friday, October 25, the girls of troop 24 along with their leader Mrs. George Crossman took a trip to Battle Creek and toured Kellogg's.

Jr. troop 639 and their leader Mrs. LeRoy Sargent held an early Halloween party at the home of their Co-Leader Mrs. L. Bogner. Prizes were given for the best costume and games were played.

Call 625-3370 to place your Clarkston News want ad. Deadline 10 a.m. Tuesdays.

"Vote for citizens"

Don Collier says

I am dedicated, determined, and deadset on making the Michigan legislature listen to the people, respond to their needs, and get moving again.

I believe the previous legislature gave us about all the "Tax Reform" Michigan can stand. We got a maximum of taxes and a minimum of reform.

Too many citizens leave government to the Politicians and as far as I am concerned the people of the 61st District come before the party. I will not be state oriented or as it has been put so fervently before, I will not be brainwashed by the state. My voting record will be for the citizens of this district.

I feel that the final test of a man is not what he says but what he will do. I will place principal ahead of anything else.

Jaycees launch "Smokes for our boys in Vietnam" drive

*I wish to thank
everyone who supported me
in the November 5 election.*

Thank you.
**RICHARD R.
WILCOX**

A "Smokes for Our Boys" campaign to send tax-free cigarettes to U.S. servicemen in Vietnam was announced by Vern Erickson, Vice President of the Clarkston Area Jaycees. Chairman of the project will be Garth Gordon, Erickson said.

The purpose of this special Jaycee Campaign, Mr. Erickson said, "is to send as many messages of cheer and best wishes as possible to our fighting men in Vietnam to show that the folks back home remember them and support them. From World War I to Vietnam, the most wanted and most appreciated gift from home has been cigarettes."

Donations from individuals, clubs, business and labor organizations, fraternal, veterans and civic groups will be gratefully accepted and warmly received. The tax-free cigarettes shipped to Vietnam cost slightly more than \$1.00 per carton. "Each package will carry a

special personal message of good wishes from the people of the Clarkston area or from the donor organization," Mr. Erickson said. "Self-addressed acknowledgement cards will be enclosed in each carton to make it easy for the men overseas to acknowledge receipt. Shipments will be direct to the U.S. Armed Forces in Vietnam." The Jaycees are asking that

anyone knowing of a local boy in Vietnam send his full address to them so that cases of cigarettes might be sent directly to his company. Canisters for donations will

be placed in area business establishments and contributions as well as addresses of local servicemen may be sent directly to the Clarkston Area Jaycees: "Smokes for Our Boys," P.O. Box 154, Clarkston, Mich. 48016 according to chairman Gordon.

Weekly Health Tip

from Keith Hallman

The fungus of "athlete's foot" is widespread in locker rooms. But the danger of contracting the infection is almost nil if the skin of your feet is healthy and unbroken. Blisters open the door to athlete's foot, as does scraped skin. Avoid blisters and damaged skin and you usually avoid the lingering infection of athlete's foot.
