CLARKSTON, MICHIGAN 48016

THURSDAY, FEBRUARY 13, 1969

3 SECTIONS

NUMBER 24

## 27 years service ends this week

For the second time in two weeks, change is coming to Clarkston's Main street.

Last week the wreckers began the renovation of the three stores that will house the new dairy store and the refurbished and enlarged drug store.

This week, a tradition is ending and a new phase is beginning at the Clarkston Cafe. After 27 years of service to the community, Bob Parker, is closing the door of his restaurant.

The cafe will be closed for a short time to enable the new owners, Clarkston Cafe, Inc., to make extensive alterations.

The new owners who comprise the Clarkston Cafe, Inc. are: Mr. Lloyd Kirby, Mr. John Halveston and Mr. James Leon.

Mr. Parker and his wife have owned and operated the cafe for 27 years. Prior to that, they had a restaurant on the Dixie highway for 6 years.

When asked how he got started in the food business, Mr. Parker replied, "Back when I was going to business school in Lansing I worked for my

Bob Parker

meals. I guess that is where it all started."

Parker was born in Leslie, Michigan. He and his wife have two daughters, Mrs. C. F. Hancock of Pontiac, and Mrs. Roberta Taylor of Clarkston. They have 6 grandchildren and 8 great-grandchildren.

The Parkers are uncertain about their future plans. They will continue to live at 110 N. Main St., which has been their home for the last 15 years.

## Two recommend Village not employ consultant

The decision to hire a financial consultant for the Village of Clarkston on the sewer project was delayed still further last week. It may be permanently tabled.

Two men of different positions in separate parts of the state appeared before the Council and told them "you don't need a financial consultant."

The first was Donald Oakes, public management consultant, from Grand Rapids. He reviewed the four alternatives for sewer charges and reviewed the proposed Clinton-Oakland Interceptor plan as described to him by R. J. Alexander, director of Oakland County Public Works.

Property owners can be charged by: Spread an ad valorem tax, utility rate

charges, hookup charges, front footage, or a combination of these.

Oakes said, and later Ken Courtney, clerk of Troy, repeated, "once you get your cost estimated from your engineer you can figure which is the most equitable way to charge residents for sewers."

Both men agree that the Council may need to consult someone with experience in sewer financing when questions arise but they did not need a full time financial advisor.

Oakes gave the Council 2 other points to consider: 1. Don't look for a financial consultant to make a decision for them. (A consultant would give alternatives, but in the end it would be a Council decision). 2. The Council

needs cost estimates from their engineer that will be very close to final figures.

He suggested the Council not push their engineer for estimates before he has completed final sewer plans.

\*\*\*

Courtney offered to solicit the village on particular problems without charge if they could be done at his office and not take too much time. He also offered to help figure charge plans once cost estimates are available.

Both Oakes and Courtney made statements like, "you'll have to keep your eye on available funds," and "you'll have to check for this..." It was these statements that left some Councilmen wondering who was going to follow through with whatever came up.

As Councilman Willis Kushman said, "These men are assuming we have employees and we don't. We are all busy making a living and don't have time ourselves to stay on top of these programs."

Other Councilmen seemed to agree there would be need for a consultant at times and one should be contacted within a short distance of Clarkston.

When Sadie Hawkins, alias Ruth Addis, sez, "Come on you ornery critter" . . . she intends to back up her command with a little force. All in fun, the alleged actions of this couple proved that life can be beautiful, even for Clarkston High students who lived in Dogpatch last Friday night.

## Jim's Jottings

It's the middle of February. That's not supposed to be earth shattering news, but for you lovers of warmer weather, who haven't had a chance to think about it, whatever cold, miserable weather lies ahead won't lie long.

I know, some of you haven't had your fill of skiing, ice fishing and snowmobiling, but more of us don't go skiing or ice fishing and haven't had the snowmobile bug bite us enough to make us take the plunge.

Come to think of it, that's what some of them did . . . take the plunge . . . right into the lake. I really think snowmobiling is great fun. If they get those things to go on land . . . in the summertime, they will be more fun.

About mid-February the warm weather juices start to flow. Magazines and the tube go strong on golf. Those big ads in the newspapers by airlines showing the sunny south help stimulate the imagination of what a glorious time we're going to have in a few short weeks.

It's now that yard work is interesting. When gardening is a pleasure. It's now when we know how many, many hours of leisure time we're going to have to enjoy that Summer Life.

It's now when we can hit from tee to green on 400 yard holes and use a driver and 7 iron on the 500 yarders. It's now when painting the house takes only a weekend, when cleaning the garage or house is a joy, and a dozen shrubs get planted.

It's now when we have several weekends of camping with the family. And, now when a summer cottage means full time pleasure and vacation.

Now is the time we know warm summer weather will bring us hours of boating pleasure, golf matches at 6 a.m., picnics, time at the fairs, and glorious hours of relaxing on a beach or in the back yard.

Yes, it's now that repairs we've put off all winter will take but a moment this spring, that the playhouse gets built for the kids, that the car gets a complete

cleaning and wax job, that the patio gets built, and weekend trips are taken to amusement parks, historical places and points of interest we've always wanted to see.

And, now is the time the bass break water to grab your lure, that the trout are rising to dry flies on every cast, when we catch our limit in a half hour then start throwing back the small ones, and it's now we know we'll have time to fish.

There will be a few canoe trips down the Au Sable, nature walks in the woods, beachcombing, and warm weather pleasures of all kinds fill our imagination these mid-February days . . . days when we know we'll have all kinds of time this spring and summer.

And, then it will be February, 1970 when these things get done easily in the warm weather that lies ahead.

Copies of your important papers and documents made at the NEWS office, 5 South Main.

## Mother's March "over the top" 14 Permits issued

"Thanks to over 100 marchers, the Clarkston area's Mother's March Campaign was a great success," reported the co-chairmen, Mrs. James Mahar and Kelly Burnette.

"We collected \$1,199.35 compared to \$647.16 last year. This was from a small area which included the subdivisions bordering the village and the village itself. We also canvassed along M-15 to the shopping center and south on Dixie highway to the township limits," they continued.

This year's success is due in great part to the fact that the contributions of businessmen of the area were added. This had not been done in previous years.

"The diligence of the workers and the generosity of the businessmen and residents made this year's march a rewarding experience," they concluded.

The Independence Township Building Department issued 14 new building permits for a total construction value of \$201,315 during January.

The valuation is \$36,020 less than the valuation of permits issued during the same month in 1968 even though the same number of permits were issued.

Of the 14 permits issued for January, 1969, 6 were for new houses. These carried a combined value of \$130,150. There was 1 permit issued for the Knights of Columbus Lodge at a value of \$18,000, a gas station at \$40,000, a milk shed valued at \$3000., and 1 barn valued at \$2000.

Four permits were issued for remodeling and additions at a combined value of \$8165.

## Gas company restoration of property Twp. concern

When Michigan Consolidated Gas Company provides Independence Township with a letter of intent they will get approval to use right of ways. Such a letter is due this week.

The gas company is planning to run a 36 inch pipe line from Milford to St. Clair county. This is a transmission line only, not for service. This area is serviced by Consumers Power Co.

Prior to running the line, which will follow Detroit Edison right of ways, approval has to be gotten from the county road commissions and all townships involved.

Such approval has been obtained from all but Independence, Springfield and Oakland townships. The Independence Board is concerned if the gas company will repair and

restore to original condition all hard surfaced roads and driveways crossed.

Supervisor Duane Hursfall, clerk Howard Altman and other members of the board also asked the company's attorney if they would give consideration to Spring Lake Golf Course which will have to be torn up.

Altman wondered if the work couldn't be done after September 1 on the course. The attorney said the gas company planned to start laying the lines as soon as possible, perhaps by April 1.

Independence has no jurisdiction at the golf course, only on roads. The line runs northeasterly from Milford to Clarkston and parallels Maybee road east of Clarkston. The 36-inch line will be buried 36 inches on open property

and 48 inches deep under roads. Nine roads are crossed. The gas company will bore under the roads, but probably tear up driveways.

Several driveways are involved in Hi-Wood subdivision on Maybee road.

\*\*\*

The letter asked of the gas company by the Board is expected to say they will give every consideration to the golf course and they will restore roads and driveways to the original condition.

The Board's motion is to approve the company request after the letter is received, providing it promises restoration.

Final practice session finds the cast experimenting with the props that will be used this weekend in the production of Hansel and Gretel. From the left are Linda Donker, Dean Poepppe, Jeff Mansfield, Colleen Quinlan, Fred London, and in front Sue Surre.

## High School Cast Stage "Hansel & Gretel"

The Children's Theatre production of "Hansel and Gretel" will be presented on February 13, 14 and 15, in the Clarkston High School Little Theatre.

Performances will be at 4:15 p.m. on the 13th, at 7:30 p.m. on the 14th and at 10 a.m. and 1:00 p.m. on the 15th.

"Hansel and Gretel" originally was a German opera based on the well known fairy tale.

The play production classes at the

high school are in charge of the scenery.

In charge of make-up is Jean Lussier; lights, Steve Ashley; sets, Gary Jordan; costumes, Debbie Eudis; properties, Don Lee; programs, Polly Hanson; tickets, Peggy Reamsma; ushers, Ed Jennings; and publicity, Greg Raymer.

Neal Mansfield is the student director for this production.

Under the direction of Mrs. Robert Gibson, the cast includes: Mike Kaul,

senior, as Hansel; Sue Surre, freshman, as Gretel; Polly Hanson, the wicked step-mother; Kirk Williard, the father; and Connie Rush will be the Witch Wicked.

Other members of the cast include: Katherine, Linda Donker; Mr. Black Cat, James Gordon; Sandman, Jim Hulsey; Peter, Fred London; Fritz, Jeff Mansfield; Johann, Dean Poepppe; Helga, Colleen Quinlan; and Fredrica, Marty Woodward.

Clarkston residents and visitors have been amazed and thrilled with the fast rate of remodeling that is being done on the new section of town. Once occupied by the O'Dell Drug, Alger's Hardware and the Clarkston Bakery, present plans are for the expansion of the O'Dell Drug and the opening of a branch of the Richardson's Farm Dairy with a snack bar sideline.

obituaries

Agnes Forshee

Agnes Forshee, 85, of Harper Woods died February 4 after a brief illness.

Mrs. Forshee was a member of National Farm and Garden Club, The Women's City Club of Detroit, The Adventurers Club, and Faith Community Church of Grosse Pointe. She is survived by 2 daughters, Mrs. Harry W. Chapman, Clarkston; Mrs. William Tarsney, Farmington; 1 son, Jack of Detroit; 1 brother, George DeGroot of Wolfboro, N.H.; 12 grandchildren and 3 great grandchildren.

Services were held February 7 from the Bell Chapel of the Wm. R. Hamilton Co. in Birmingham. Burial was in Woodlawn Cemetery, Detroit.

The family requests that memorials be sent to the Michigan Cancer Society.

Clarkston girl named Homemaker of Tomorrow

Jane E. Johnson has been named 1969 Betty Crocker Homemaker of Tomorrow for Clarkston Sr. High School here because she achieved the

highest score in a homemaking knowledge and attitude test which she took along with other senior class girls in her school Dec. 3, it has been announced. She will be awarded a special Betty Crocker silver charm.

Also, her paper has been entered with those of other school winners in the state in competition for the title, State Homemaker of Tomorrow. The winner of this honor will be granted a \$1,500 scholarship from General Mills, Inc., sponsor of the annual program and her school will be awarded a complete set of Encyclopaedia Britannica by Encyclopaedia Britannica, Inc. The state runners-up will be granted \$500 scholarships.

The Betty Crocker Search for the American Homemaker of Tomorrow was started in 1954-55 to emphasize the importance of homemaking as a career. It marked its 15th anniversary this year with a record enrollment of 630,564 senior girls in 15,116 of the nation's schools. Total enrollment since the program started exceeds 6 million and more than \$1.5 million has been granted in scholarships.

Buy vehicle licenses here February 20

For 3 hours Thursday evening, February 20 area residents can buy vehicle licenses in Independence Township Hall.

Pat Daly, assistant secretary of state in the Waterford license office, has informed Independence Supervisor Duane Hursfall that he would be at the large dining room in the basement of the township offices, 90 N. Main, Clarkston. The hours are from 6 p.m. to 9 p.m.

- THURSDAY—Hamburger pattie, browned potatoes, hot vegetable, roll and butter, gingerbread and milk.
- FRIDAY—Tuna salad, buttered green beans, roll & butter, fruit and milk.

THE CLARKSTON NEWS

Published every Thursday at 5 S. Main, Clarkston, Mich. James A. Sherman, Publisher. Subscription price \$4.00 per year, in advance. Phone: 625-3370. Entered as second class matter, September 4, 1931, at the Post Office at Clarkston, Michigan 48016.

Investigating grievances and working with the school's administration to solve these gripes is the objective of PROBE, a committee formed by the Student Council.

The latest PROBE project is to look into the prospect of having new classes added to Clarkston High School's curriculum. Some of the classes hoped for are: adult problems, crime, printing, photography, gymnastics, seminar on new ideas, and preparing for college examinations. The last would be a nine-week course which would acquaint students with what to expect on a college entrance exam.

Mark Cowen, Student Council president, says that these classes would broaden the high school's educational program and produce a more well-rounded adult. PROBE is a small committee containing only three members: Marty Woodward, chairman; Ann Latoza, and Kirk Stalker.

been made to take the performance to Pontiac State Hospital although an exact date for that has not yet been set.

Play production classes had the added problem of making sets which were easily movable for the traveling cast. Backstage work was done entirely by the play production classes. Heading the various committees are: Steve Ashley, lights; Debbie Eudis, costumes; Polly Hanson, programs; Gary Jordan, sets; Ed Jennings, ushers; Don Lee, properties; Jean Lussier, make-up; Greg Raymer, publicity and Peggy Reamsma, tickets.

Mrs. Robert Gibson is the director of the play and Neal Mansfield assists her as Student Director.

Buy all your STATIONERY at the Clarkston News, 5 South Main, Clarkston.

"Broadway Memories" is the theme for this year's talent show, sponsored by Student Council. Tryouts for the show will be February 19 and 20 in the Clarkston High School Little Theatre.

Although all acts are not expected to follow the theme, Director Mike Kaul hopes that most of them will relate in some way to "Broadway Memories." He also urged everyone to try out. If there are not enough acts, the show will be canceled.

"Hansel and Gretel," a delightful children's tale, was performed yesterday at Monteith Elementary School in Waterford. Today, Friday, and Saturday the play will be presented at the Clarkston High School Little Theatre. Plans have also

# Wolves win, then lose in week's action

## SPORTS

By Kirk Phillips

On successive nights, the Wolves from Clarkston beat Clarenceville, 42 to 37, and lost to Hal Henderson's Bloomfield Hills Barons, 53 to 50.

### CLARENCEVILLE GAME

After last week's loss to West Bloomfield coach Bud McGrath regrouped his forces, which resulted in an exciting game for the home crowd. The game was fast moving but neither team could score. It was 3

minutes before Clarenceville's Kerry Rifkin was fouled and made both of his charity tosses to give the Trojans the lead by 2.

Eric Hood scored on a layup, John Craven hit a long jumper, Rich Porritt was fouled and made one free throw, giving the Wolves a 5-2 lead.

Kerry Rifkin scored on a layup cutting the deficit to one. Don Brown then scored his lone bucket of the game. Rich Porritt hit a free throw,

giving the Wolves a 7-4 edge after one stanza.

The second quarter went a little smoother as each team started to gain momentum. Hood picked up the slack in the 2nd quarter, and the Wolves weren't as shaky as they were in the 1st quarter.

Clarkston had a four point lead at halftime and when they came out for the 3rd quarter coach McGrath had his troops ready to go. Again, it was the play of Hood and Craven that kept the Wolves going. The Wolves went ahead, 31 to 20.

Clarenceville was lukewarm in the last stanza as they narrowed the gap to 3. Coach McGrath called a timeout and inserted a lineup of guards, Jeff Keyser, John Craven, Steve Warman, Rich Porritt and Bruce Hardy.

These boys did an excellent job in breaking the press. With the front line out, the Wolves gained speed in the lineup and with heads up basketball the boys took their time for some crisp clean passing on the picks.

Jeff Keyser scored on a layup on a beautiful pass from Steve Warman. After a turnover Keyser was there at the right time for two more and a key basket by Rich Porritt gave the Wolves a 42 to 35 lead and that was it. Bruce Hardy and Steve Warman, two juniors, displayed good ball handling in the clutch.

Clarkston had a rough time at the charity stripe by only hitting 10 of 20 shots, to C'ville's 9 for 15. Clarkston did outscore the losers by 3 field goals. Eric Hood paced the Clarkston attack with 12 markers on his outside sharpshooting. Bob Ridling was high for Clarenceville with 11.

some excitement by defeating Clarenceville by a score of 52 to 47, thus avenging an earlier loss. It was a real exciting game, two buckets by John Hux, a Rick Prasil jumper and another strong performance by Larry "the hat" Walker settled the issue. Larry Walker blistered the nets for 12 and John had 11.

Coach Hanson then saw his squad lose by a score of 59 to 40 as "Cowboy" Dave Thomas was high with 12. It was a strong performance, but not strong enough as Bloomfield had 2 in double figures.

### BILOMFIELD HILLS GAME

Clarkston came into the Barons' gym and that ended their two game winning streak in the Bloomfield gymnasium. Clarkston had Bloomfield guessing all night. What is going to happen next?

After a 12-12 1st quarter standoff it looked like it was going to be quite a tilt. In the second stanza Clarkston made a few costly mistakes and were behind five points at intermission.

The 3rd quarter was wild as Clarkston scored 15 straight points leading the Barons by ten with 3:27 of the 3rd period remaining.

A layup by Keyser, a Steve Warman steal and a basket by Craven plus-

baskets by Hood and Granger gave the Wolves their lead on a pressure defense. Bloomfield then called a timeout at the 3:00 mark of the period.

Fouls plagued Clarkston as Weddle hit one free throw cutting the lead to nine and 2 free throws by Foreman and Rich Souther cut the lead to 5, 42 to 37, as the 3rd quarter came to an end.

Then came the last period. The Barons cut the deficit to one on a 3-point play by Bob Foreman. Craven put the Wolves ahead by 3 on a jumper and the McGrath half of the show blew a picture tube. Schmidt hit a free throw on a one and one. Weddle got the rebound and put the Barons ahead for good on a tip in.

The Wolves got the ball and lost it on a charging foul as Souther put the Barons ahead by 3 on two pressure free throws.

Keyser played another fine game as 6th man, when he hit a layup to keep the Wolves within striking distance. Maybe we have another Honda in Jett.

Clarkston desperately trying to get the ball, fouled Tim Weddle and he gave the Barons a five point lead with 27 seconds left on the clock as he calmly sank two clutch free throws. Eric Hood scored the last basket of the game making the final, Bloomfield 53,

Clarkston 50. John Craven tallied 16 while teammate Eric Hood added 12. Tim Weddle was high for the winners with 16 markers.

This week coach McGrath and the boys take on the Michigan grad, Bob Kucher, and his Northville Mustangs. Ron Hubbard, must. be. stopped! Watch out for that full court press!

I had the opportunity to watch Dan Fife play Saturday. He had several key baskets for Michigan and ended up with 12 and he also hauled down quite a few rebounds. He has proved himself as a starter in the Big Ten. I guess Mel was right in saying Michigan won't win the Big Ten.

### VARSITY SCORING TO DATE

Eric Hood, 106. Chuck Granger, 165. John Craven, 134. Jeff Keyser, 51. Rich Porritt, 46. Gary MacMillan, 35. Don Brown, 30. Bruce Hardy, 23. Mark Walter, 13. Bob Paladino, 7. Scott Robbins, 2. Steve Kratt, 1. Dave Kelly, 1.

### Pledges frat

Over one hundred freshmen and transfer students were pledged to one of the five fraternities on the campus of the Colorado College, Colorado Springs, Colorado in January.

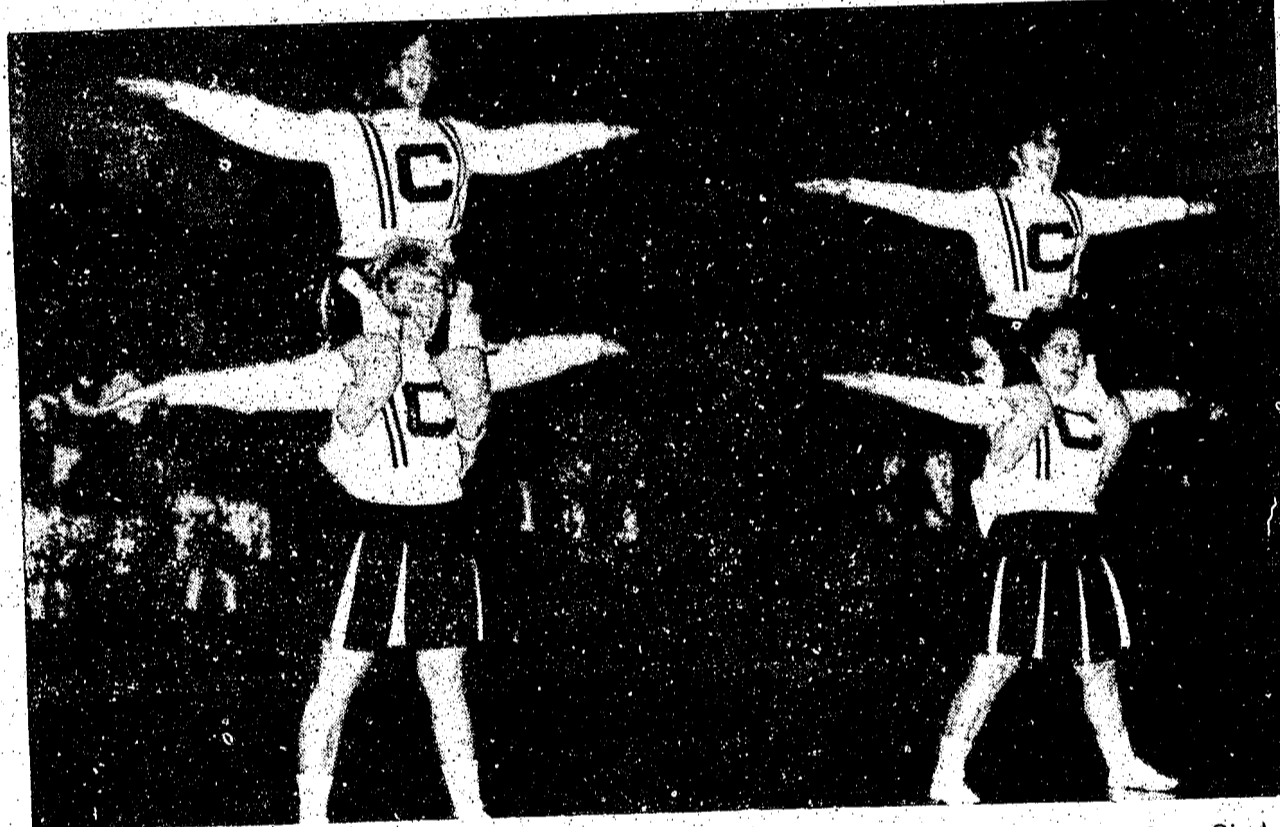

Tom Bullard, the son of Dr. and Mrs. R. W. Bullard, Clarkston, has been pledged to the Phi Delta Theta Fraternity.

Tom is a 1968 graduate of Clarkston High School.

R-E-A-C-H—The freshmen Wolves are going great this year and part of the reason is their aggressiveness in going after the ball. Here Dave Cinader (30) and Bill Craing (52) outreach an opponent. Looking on is Ed Butters (24) and Ben Lawrence.

# Kutting Korner

Dear K K,  
Every time I boil eggs I seem to crack one and it oozes out into the water. Is there anything I can do to avoid this mess? EYB  
Yes. Try sprinkling a teaspoon of salt into the water.

Dear K K,  
I like to keep several flavors of ice cream in my freezer but we don't eat very much. I find that after it has been open for a while it starts to taste like the carton. Is there any way I can keep it tasting fresh? R.P.  
Sorry, I have the same problem. Can any of you readers help?

Food bargains for February are: Broiler chickens, green split peas, pork, canned salmon, dried prunes, potatoes, canned tomatoes and tomato products, frozen corn, fresh oranges, fresh grapefruit, canned grapefruit juice and onions.

In as much as onions are in abundant supply and reasonably priced why not try this simple but delicious dish?

**CREAMY ONIONS**  
2 large onions sliced (Bermuda preferably) or 6 small onions whole  
1 scant cup crushed soda crackers, fine

Salt and pepper to taste  
Rich milk to cover  
2 tablespoons butter

In buttered casserole dish, arrange onions or onion slices and cracker crumbs in layers, saving 1/4 of crumbs for top. Salt and pepper to taste, not too much salt if crackers are salty. Cover with rich milk or light cream.

Sprinkle with remaining crumbs and dot with butter. Bake slowly in 325 degree oven for about an hour or until onions are tender.

**Klutter Korner Klue:** Run out of brass or copper polish? Try mixing equal parts of salt and flour into a stiff paste with vinegar. Smear it on object like frosting. Let it dry, rinse it off and dry it.

Call or write Klutter Korner at the Clarkston News.

## Rosary Guild

Saint Daniel's Rosary Guild, is planning an organizational meeting on February 17. It will be held at the Mission, on Holcomb, starting at 8:00 p.m.

The purpose of this meeting is to organize a new Rosary Guild that will send a representative to the General Guild at Our Lady of the Lakes, but will not be called upon to participate in General Guild functions.

This new Rosary Guild will then promote its own events.

## Rotarians to hear "Weight Watcher"

Clarkston Rotary will have for their program Monday, February 17, John M. Hedglen. Mr. Hedglen represents the new Weight Watchers club in the area.

Clarkston Rotary meets every Monday at Howes' Lanes at 6:30 p.m.

MRS. GARY FULLER

## Couple wed Saturday

Miss Barbara Taylor became the bride of Gary Fuller, the son of Mr. and Mrs. Fred Fuller of Waldon road, in a ceremony performed in the home of her parents, Mr. and Mrs. Basil Taylor, of Waldon road on February 11.

The bride was given in marriage by her father.

The Rev. David E. Dee officiated at the double ring ceremony.

For her wedding the bride chose a gown with silk bodice and lace skirt and sleeves. Her veil was a

shoulder-length cascade of tulle. Carmen Blackerby, the maid of honor, was gowned in blue brocade.

Chris Fuller performed the duties of best man for his brother. The Clarkston Community Center was the scene of the reception.

After a trip to Ontario the couple will make their home in Drayton Plains.

Both attended Clarkston High School. The bridegroom, a 1968 graduate, is employed at Haupt Motor.

## U of M graduates 2 from Clarkston

The University of Michigan Regents have confirmed the awarding of some 2100 degrees this winter to students being graduated from U of M's 17 colleges and schools.

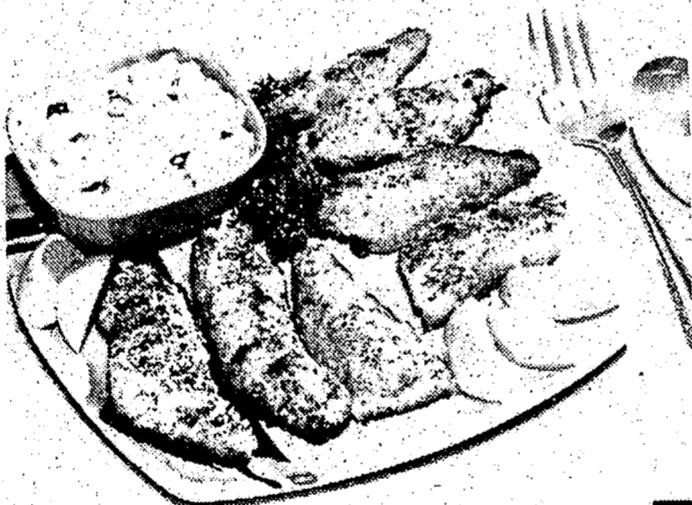

Commencement ceremonies were held in December in U of M's Hill Auditorium, where the graduates heard William T. Gossett, Detroit

attorney and president of the American Bar Association.

Receiving degrees from Clarkston were Philip Ray Smith, Jr., of 6630 Cranberry Lake Rd., B.A. in Sociology, and Peter George Schreiner of 6531 Parke Lake Dr., B.S.E. in electrical engineering.

Regents have now made the degrees official.

## Fish Calls For Tartar Sauce

We can thank the French for the invention of Tartar sauce—the mayonnaise-based sauce that is nearly always served with fish and is ideal with this Marinated Pan Fried Fish.

**Marinated Pan Fried Fish**  
2/3 cup Mazola corn oil  
1/4 cup tarragon vinegar  
1 teaspoon salt  
1 teaspoon Worcestershire sauce  
1/4 teaspoon pepper  
1 bay leaf  
1 (1-pound) package frozen fish fillets  
Flour  
1/4 cup corn oil

Mix together 2/3 cup corn oil, vinegar, salt, Worcestershire sauce, pepper and bay leaf in shallow dish. Add frozen block of fish. Cover and refrigerate, turning frequently, until fish is thawed, 5 to 8 hours. Remove from marinade. Cut into serving pieces. Dip into flour, coating evenly. Heat 1/4 cup oil in medium skillet. Fry fish in hot oil over medium heat, turning once, until lightly browned and easily flaked with fork, 4 to 5 minutes on each side. Drain on absorbent paper. Serve with Hellmann's or Best Food tartar sauce. Makes 4 servings.

## Around the Town

### Wig switching brings laughter

By Rusty Leaf

It doesn't take too much imagination to realize the fun and humor in the gathering of approximately fourteen neighbors, in the Langle street area, for a genuine unrehearsed Wig Party. Centered at the home of Mrs. William Maier, the neighbors rose to the occasion of giving each wig its golden chance. The switch, and wonder-of-the evening was furnished by Wigland.

The bright light in the eyes of Janey Kenyon could well be left over from the birthday party at which she was guest of honor on January 8. Janey, the daughter of Mr. and Mrs. Ralph Kenyon, led the list of special people who would be gathered around the cake with eight candles. Watching and waiting for the big blowout on Holcomb street were: Lynn Johnston, Jenny Jones, Tina Whaley, Linda Hamilton, Karen Dutcher, Katie Pappas, Suzie Bentley and Jeanne O'Dell.

Twenty guests responded to invitations received for a bridal shower given for Mrs. Gary Fuller, the former Barbara Taylor. Combining their interests in the newly married couple were hostess, Mrs. Duane Bailey, who welcomed the guests at her home on Waldon road, and co-hostesses, Mrs. Arthur Keeley and Mrs. Howard Powers.

Due south was the flight direction that carried Earl Hawke and Larry Abbott in a private twin engine plane, with Fort Lauderdale the final destination. It was at Fort Lauderdale that Mr. Hawke enjoyed a visit with his parents, Mr. and Mrs. A. E. Hawke.

Mr. and Mrs. Harold Herner are being given the opportunity to play the role of grandparents for a couple of weeks. Their daughter, Mrs. Gary Kleinhenh, and her nine-month-old son, Jimmy, arrived this week from Lansing, for a family visit.

It was really not my intention to mix business with pleasure when I entered the dentist's office to await my appointed repair, and the same can be said for Mrs. Roger Bennett. Recently I have developed this three-foot ear, so naturally overheard Mrs. Bennett comment to the nurse that she would be adding a new family member in a couple months. My ear started to wiggle and I had to ask (after explaining my new job) if she

would be so kind as to have someone call after its arrival. She explained she would like to, but couldn't, as they would be moving soon. Now my other ear started in, so I asked if that could go in this column. Being gracious and friendly (not to mention cornered), she said sure. So it is, thanks to Mrs. Bennett, I am able to report that the Bennetts will be moving from their home on Winell street around the fifteenth of February, making Ludington, Michigan their new home. Mr. Bennett has recently accepted a new position as Executive Vice President for the Ludington Area Chamber of Commerce.

She felt sure her mother would be kind enough to call the News as soon as the new arrival arrived.

P.S. I'll give you the rundown on the new Winell residents as soon as they move in.

P.S.S. And having that tooth fixed didn't hurt a bit, just like I thought it would.

Hello world:  
Five-year-old Kathy Kent is the now proud owner of one new little baby sister. Her new status became official on January 2, with the arrival of 7 lb., 8 oz. Sharon Lynn. The girls are the daughters of Mr. and Mrs. Robert Kent, who live at 6558 Wealthy.

### Creative-Arts Fair Opens February 15

The Student Council at the Clarkston High School are sponsoring a Creative and Industrial Arts Show (CIAS) on Saturday, February 15 from 11 a.m. to 5 p.m., and Sunday, February 16 from 2 'til 5 p.m.

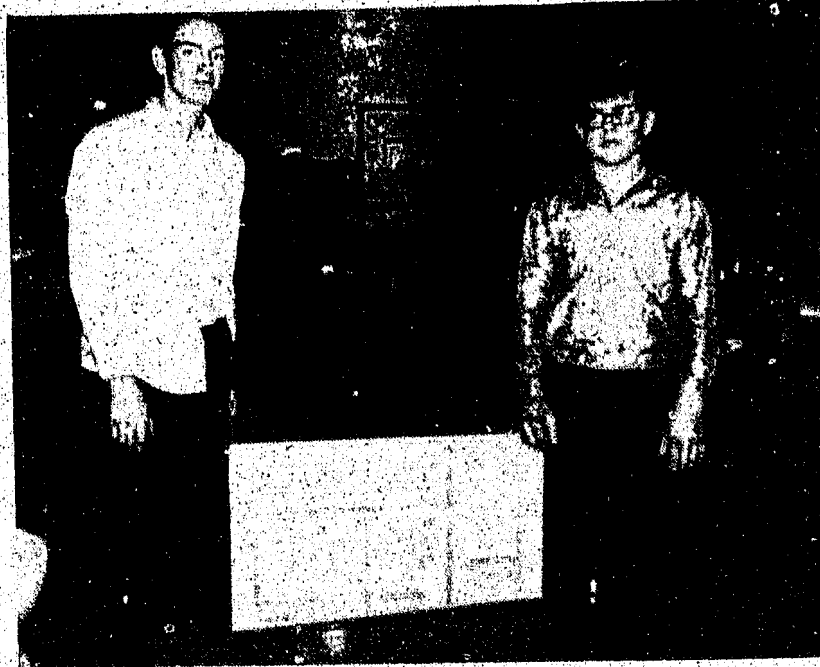

The exhibits will be displayed in the school cafeteria.

The show is a new innovation. It encompasses three areas: Art, English and Industrial Arts.

"We are proud of our athletic teams," said Student Council president, Mark Cowan, "but we feel that much work and talent in this area is neglected. We hope, that this show will bring attention to them. We want people in the community to see and recognize our progress in the field of culture."

The entries will all be judged and trophies will be awarded to the first place winners. Other winners will receive ribbons.

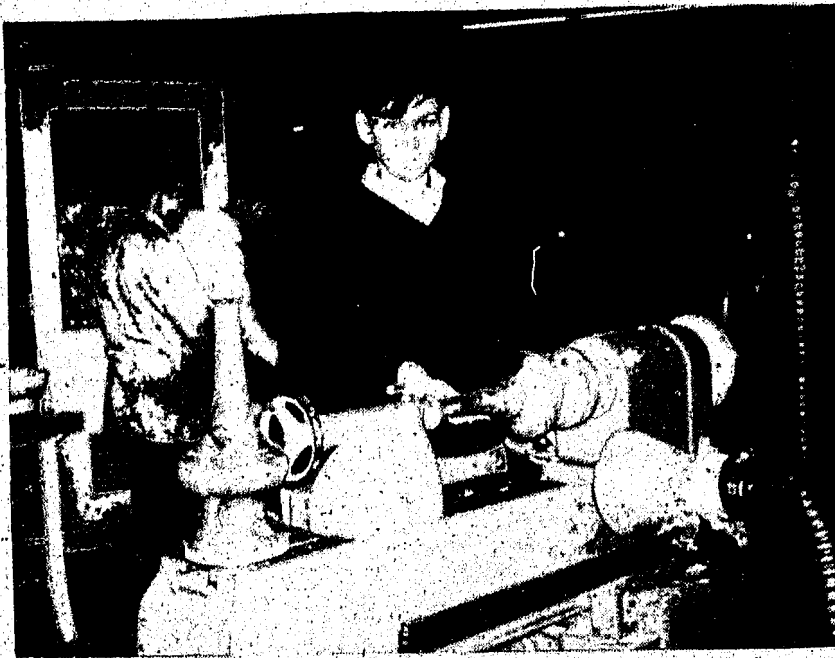

Sharri Kosiba is chairman of the show and the officers of the Student

Jim Blehm, left, and Dean Eldred have completed their entries for the CIAS and are ready to put them on display.

Council that were instrumental in making it a reality are: President, Mark Cowan; vice-president, Lou Lessard; secretary, Cindy Swick; and treasurer, Karrie Garlak.

**PERSONALIZED PLAYING CARDS, MATCHES OR NAPKINS make an ideal hostess gift. See our wide selection at the CLARKSTON NEWS office.**

Richard Ogg puts finishing touches on a lamp he is making for the CIAS.

### Lady Marines 26th birthday

Women Marines around the world from Stuttgart to Saigon, and throughout the United States, will commemorate 26 years of unbroken service in the Corps on Feb. 13.

Originally, 305 venturesome women served briefly but effectively in the Marine Corps during WW I. In 1943, women answered the call to "Free a Marine to Fight," and have been serving the nation ever since.

Closing out the banner gold and silver anniversary year of the Women Marines, nearly 3,000 Lady Leatherpecks on active duty will be joined by 1,000 Women Reservists in a 1969 salute to their 43,000 predecessors through the years.

Still other anniversary gatherings in non-military settings, will reunite an enthusiastic handful of "Marinettes" of WW I, and scores of former Women Marines whose Corps memories are of WW II, Korea, and the intervening years. These women, like their active duty and Reserve sisters, will reminisce on a proud past, look to a bright future and offer their traditional toast: "To The Corps To Which We All Belong."

Today's Woman Marine enlists to serve her country as did the thousands before her, to provide an experienced trained nucleus, capable of rapid and orderly expansion. With the Marine Corps heavily committed in Southeast Asia, Women Marines continue in their traditional role of freeing Marines for

combat, not only in stateside assignments, but in overseas duties undreamed of by those who set the tradition.

### False rumor stirs Vets

A false and misleading rumor sweeping the nation is plaguing us at the Veterans Administration and leading thousands of veterans to write us requesting dividends on GI insurance based on service in World War II.

Congress has not passed a law giving all World War II veterans a 50c per \$1,000 dividend on GI policies. We have not requested veterans to write us regarding such a dividend. It is a hoax.

The only dividends that are currently paid are to World War I and World War II veterans who have continued their Government Life Insurance in force. These dividends are paid on an annual basis and are distributed on the anniversary date of the policies.

Mr. FitzGerald, manager of the Detroit VA office, stated that the VA is attempting to stop what amounts to a baseless but very expensive rumor.

### Different consultant advisable

Independence Township has a financial consultant for their sewer program, Stratton Associates. Clarkston Village has been considering hiring a financial consultant for their sewer program.

Among others, the village has talked with Stratton Associates on the job. However, there has been some concern on the part of the Council of a possible conflict of interest if they should employ the same consultant. (The Village delayed hiring a consultant at their Tuesday night meeting).

At least 3 members of the Independence Board voiced the opinion at their Tuesday night meeting that it might be better for the village to have a financial consultant different from their own.

Clerk Howard Altman said, "I'm not so sure, since the village has some concern, it wouldn't be healthier to the village to have their own consultant."

Trustee Harold Bauer said, "We don't have anything to say about it. The village can do as they please. But,

I think it might be better if they had a consultant different from ours." Altman told the board, as background, that the township had offered to cooperate with the village with the thought there might be a savings to the village.

### "Moral renaissance" resolution introduced

State Representative Loren D. Anderson (R-Pontiac), upset at protests against the recent bible reading by Apollo astronauts from their moon orbit, introduced a resolution in the Michigan Legislature calling for legislators to lead a "renaissance of moral values."

In his resolution, Anderson notes that most citizens consider the clamor raised about the Bible reading from space consider such protests "absurd to the point of idiocy."

"The whole point of the resolution is to stir all citizens, including legislators, to action. After all, if absurdity goes unchallenged, it threatens to become accepted," Anderson said. "If the rejection of moral and spiritual values is allowed to become the accepted thing, then we really are in deep trouble as a nation."

Copies of Anderson's resolution will be sent to all U.S. congressional delegations and all state legislatures and particularly to the leadership of all faiths.

## NOTICE OF PUBLIC HEARING

### AMENDMENT TO ZONING ORDINANCE

The Planning Commission of the TOWNSHIP OF INDEPENDENCE, County of Oakland, State of Michigan will hold a Public Hearing at Township Hall, 90 North Main Street, Clarkston, Michigan, at 7:30 p.m. February 20, 1969 to consider an amendment to the Independence Township Zoning Ordinance No. 51.

Proposed amendment "H" to "Notes" for Section 5 (Schedule of District Regulations) of the Independence Township Zoning Ordinance.

#### H. Site Plan Requirements and Applications for Zoning Changes

Site plans are required with all applications requesting a change in zoning classification

- where land is yet to be built upon,
- where additional construction is planned for partially developed property, or
- where redevelopment is planned to take place after rezoning.

This requirement is intended to apply to commercial, office, industrial, trailer coach park, and apartment developments of every size. Site plans are not required for those requests involving developed land where requiring a site plan would serve no useful purpose.

When a zoning request is approved, the site plan accompanying that request is the plan which must accompany the application for a building permit for the property. If the plan submitted with the application for the building permit varies from the zoning approved version, the Building Inspector shall refuse the issuance of a Building Permit and shall recommend that the applicant submit the revised plan to the Planning Commission for review and approval. If a site plan is not submitted with the rezoning request and new development is planned for the property at a later date, Planning Commission review and approval of the site plan is a mandatory requirement.

The site plan (two copies of which should be submitted with the rezoning petition) shall contain at least the following information drawn to a suitable scale of at least 1" to 100' and over a two foot contour interval topographic base map adjusted to U.S.G.S. Datum with spot elevations of the existing topography shown on all parcel perimeters at intervals of at least 100 feet:

- (1) The dimensions of all property lines
- (2) Abutting right(s)-of-way width from centerline (if greater, the proposed right(s)-of-way width should be shown)
- (3) A north arrow and scale
- (4) The location of ingress and egress to the property.
- (5) The widths of driveways
- (6) Building setbacks from all property lines
- (7) Distances between buildings, if appropriate
- (8) The location of parking spaces
- (9) Building setbacks from internal drives, parking aisles and parking spaces
- (10) Recorded easements on the property and the reason for their existence
- (11) The location of any facility intended to eliminate poor drainage on the property (drainage ditches, culverts, etc.)
- (12) Walls or greenbelts as specified in Section 6, Item 8, where parking and/or service areas for said development abuts single family residentially zoned property, developed or vacant
- (13) The location of sidewalks
- (14) Unique features of a development such as swimming pools, fountains, tot lots, and the like
- (15) The location of outdoor storage facilities, if any

A summary schedule should accompany the site plan showing:

- (1) The total area of the site plan in square feet and acres (excluding all existing public right(s)-of-way)
- (2) The number of parking spaces provided.
- (3) The square foot area of new buildings or additions (the square footage of existing buildings should also be specified where new construction is intended to supplement the use of existing buildings) and
- (4) Where more than one tenant will be located in a building or buildings, the type of uses that are anticipated.

The following guidelines are given as suggestions and are

intended to assist the site planner in laying out the proposed development of property:

- (1) Parking space, with the exception of commercial development, should not be located in the front of a building (between the building and the public street) if it is at all possible to locate such space elsewhere on the property
- (2) Within reason, parking spaces should not be located more than 100 feet from the building they are intended to serve.
- (3) Driveway aisle widths in parking areas should be planned in accordance with the following:
  - (a) 20 feet wide for parallel parking
  - (b) 18 feet wide for 45 degree parking
  - (c) 20 feet wide for 60 degree parking
  - (d) 24 feet wide for 90 degree parking
- (4) The minimum distance between the driveway and the principal building should be no less than 15 feet.
- (5) Parking should be provided in separate self-contained lots off drives so that access to the parking space is from a parking aisle.
- (6) Where necessary, service roads should be provided so as not to interfere with normal pedestrian and vehicular traffic on the property.
- (7) In proposed apartment developments, where more than one building is planned for the property, the distances between buildings should at least be equal to the height of the buildings.
- (8) Parking spaces should be at least 5 feet from the end of any multiple dwelling building and 15 feet from the front or rear of any such building.
- (9) Driveways crossing side lot lines and connecting a multiple development with a dedicated right-of-way should be located 100 feet or more from the intersection of any major thorough-fare with any other public right-of-way.

Howard Altman, Clerk  
Independence Township

Jan. 30 & Feb. 13

## Sales tax boosts treasuries

Oakland County treasurer, C. Hugh Dohany, has announced the division of sales tax money to townships, villages and cities in the county.

The total county figure of Sales Tax Diversion money for the quarter ended December 31 is \$1,976,187.29. This compares to \$1,748,960.18 for the same period last year.

Dohany said, "I am certain this sum of money will be gratefully received by the various units of local government."

Based on the 1960 corrected census

the money is distributed at a rate of \$2.87 per 1,000 population. Independence Township is receiving \$28,671.40 for the quarter just passed. The population figure used was 10,121.

On a Clarkston population of 769 the village will receive \$2,882.90.

## Clarkston share \$2,452

The State Highway Commission has started the distribution of fourth quarter Motor Vehicle Highway Fund collections to Michigan counties and incorporated cities and villages.

Henrik E. Stafseth, state highway director, said net highway fund receipts during October, November and December totaled \$86 million, an increase of 29.5 percent compared to the same period of 1967.

The increase is attributed, for the most part, to the cent-a-gallon increase in the state gasoline tax which took effect January 1, 1968, and the vehicle weight tax increase which took effect several months ago when the 1969 license plates went on sale.

(Oakland County's share totaled \$1,911,924 while Clarkston received \$2,452.)

## Moody elected chairman

The American Independent Party met in Holly on February 8. Huston Moody, 5268 Mary Sue, Clarkston, was elected to the office of 19th Congressional District Chairman.

41 delegates will be elected to attend the State Convention in Battle Creek on February 22.

# The Clarkston News

SECTION THREE THE CLARKSTON (Mich.) NEWS Thurs., Feb. 13, 1969

## Seek to correct flooding

It will probably take the cooperation of 3 units of government to stop the flooding of Paramus at Middle Lake roads.

The three are Independence Township, Oakland County Road Commission and Clarkston school district.

That's the way supervisor Duane Hursfall explained it at this week's board meeting. He said, "We inspected the area and think the problem can be corrected through school board permission and cooperation of some residents."

It would call for the road commission doing the work, that would be paid for on a matching fund basis with the township. The school is involved because the proposal is to hook into a drain on the west edge of their high school property.

Residents are involved because such a line would have to cross at least two lots. It is expected the road commission will do the groundwork, contacting the parties involved.

## Notice

LIBRARY HOURS  
Until Further Notice

Thursday, Friday  
9 a.m. to 6 p.m.  
Saturday  
10 a.m. to 6 p.m.  
Closed Wednesdays.

## Bloodmobile at Pontiac YMCA

Collecting and distributing approximately 400 units of blood a day is a commitment of the Southeastern Michigan Chapter of the Red Cross to the five-county area served by their blood program. To maintain the "supply" Red Cross operates a Blood Center at 153 E. Elizabeth St. in Detroit, Monday through Friday from 10:00 a.m. to 4:00 p.m. In addition, the Red Cross operates three mobile blood centers throughout the five-county area for the convenience of donors.

One of the convenient neighborhood mobiles will be located at the YMCA Social Room, 131 University Dr., Pontiac on Monday, February 17 from 2:00 to 8:00 p.m.

This conveniently located bloodmobile will make it possible for area residents to replace blood previously used by a patient, or they may donate blood to a group account of their choice such as a church, club or lodge account. To make an appointment call FE 4-3575.

## Millionaire Party for handicapped

The North Oakland County New Horizon's Sheltered Workshop Committee is sponsoring a Millionaires' Party on Valentine's Day, February 14, from 7:00 p.m. until 2:00 a.m. at the Community Activities Building, 3640 Williams Lake Rd., Waterford.

All proceeds are to go towards the establishment of a sheltered workshop for the mentally retarded in North Oakland County. Admission is \$3.00 per individual or \$5.00 per couple. The cost of the ticket includes food, dancing and an evening of entertainment. Tickets will be available at the door.

## Jaycees and Jayettes attend State meeting

The Clarkston Jaycees and Jayettes attended the Winter State Board meeting held by the Farmington Southfield Jaycees Friday and Saturday, February 7 and 8.

The Jaycees had a very informative business meeting, followed by workshops and a talk by the founder and president of Success Motivation Institute, Paul J. Meyer, giving a little of his philosophy. He said, "I believe that self motivation is the prime requisite for personal success." He then went on to speak for four hours on self motivation and the ability to motivate others to successful careers.

Later that evening the Jaycees and Jayettes attended a banquet honoring the fine Outstanding Young Men of Michigan, followed by awards for Records Recognition.

The Clarkston Jaycees won an award in the Internal area.

Those attending from this area were:

Mr. and Mrs. Donald Hamaker, Clarkston's Jaycee president; Mr. and Mrs. Richard Wilton, District 18 vice-president of Jaycees and Clarkston Jayettes president, respectively; Mr. and Mrs. Robert Tilley, Mrs. Tilley being District 12 vice-president.

Also attending were Mr. and Mrs. Jerry Powell, Mr. and Mrs. Donald Colton, Mr. and Mrs. Terry Kelley, Mr. and Mrs. Arthur Repley, Mr. and Mrs. Lewis Went, Mr. and Mrs. Gerald Bradley, Mr. and Mrs. Robert Newlin, Mr. and Mrs. Carl Gusie, Mr. and Mrs. Vern Erickson, Mr. and Mrs. John Powe, and Mr. Dick Powe.

### Fathers and Daughters Banquet on Feb 14

Calvary Lutheran Church in Clarkston will be the scene of a Father and Daughter Banquet on Friday, February 14.

The toastmaster will be Mr. Richard Blasey, Jr. Dale Hunt will propose the toast to the daughters and his daughter, Becky, will respond with a toast to the fathers.

Dr. David Blomquist, Assistant Superintendent of the Brandon Schools, will address the group.

The chairman of the evening, Mrs. Evelyn Millward, announced that dinner will be served at 6:00 p.m.

## checkmate

Costs nothing until you use your cash reserve. Then you pay only 1% per month on the unpaid balance.

12 Convenient Offices Member of FDIC

Mrs. James Huttenlocker opened her home on Middle Lake road, last Thursday, to members of the Clarkston Farm and Garden Club. The women are a branch group of the club, who are interested in workshops through the winter months. This month's speaker was Muriel Hulsey, an interior decorator from the Curiosity Shoppe. Shown from left to right are Mrs. Roy Haessler, Miss Hulsey, Mrs. Jerry Wilford, chairman and Mrs. Milton Cooney.

### Calvary Lutheran dinner begins fund drive

"Through Faith We Shall See" is the theme for the fund drive that will get under way at the congregational dinner of the Calvary Lutheran Church on February 17, from 7 to 9:30 p.m.

All confirmed members are invited to attend the dinner which will provide fellowship and inspiration. It will be held at the Christ Lutheran Church at Airport and Williams Lake road, in Waterford.

The purpose of the drive is to eliminate the congregation's present debt and provide funds for the future building program.

The speaker will be Mr. Harold Nielsen of Livonia, who is the lay-assistant to the Michigan Synod President of the Lutheran Church of America. He is in charge of stewardship work in Michigan.

Mrs. Jack Kratt is in charge of the arrangements for the dinner. Mrs. James Navarre is the hostess for the evening.

### MYF-Episcopal Youth get in the swim

The last two weekends have been fun times for the members of the Middle MYF and Episcopal Youth Group.

On February 2, the MYF sponsored a party for the Episcopalian group at which time they went swimming at Oakland University. After the swim the Episcopalian group reciprocated by serving refreshments.

The Episcopal Church provided the spot for another good time, when that youth group entertained the MYF on February 9.

### Women's Club gifts Student Aid Fund

Clarkston Women's Club last week gave \$100 to the Clarkston Student Aid Fund.

The Student Aid Fund was started in 1959 by Terry Thomas who was then Director of Guidance at Clarkston High School.

The purpose of the fund is to provide loans for college or vocational training for seniors and graduates of Clarkston High School.

The loans are interest-free and payments are not due until one year after students have completed their training.

Anyone desiring more information contact Marilyn Hansen, Director of Guidance, Clarkston High School. Donations from individuals or community organizations are most welcome.

### Children's questions discussed at P.T.A.

The Bailey Lake Elementary School P.T.A. will meet on Thursday, February 13 at 7:30 p.m.

"Questions Children May Ask," will be the topic of the evening. There will be a doctor attending to answer questions.

The committee asks that no children be brought to the meeting.

### Dean's list

Among the 205 students who have qualified for the first semester honor roll at Muskingum College, New Concord, Ohio, is Linda Schultz, a junior, the daughter of Mr. and Mrs. Gerald Schultz, 10357 Rattalee Lake, Davisburg.

Traditionally known as the "dean's list," the honor roll is composed of students with a grade point ratio of 3.4 or better.

### Fire caused by wiring

The Independence Township Fire Department answered a fire call at the home of E. M. Fife at 5905 Waldon Rd. at 9:15 p.m. on February 3.

It seemed apparent that a fire caused by faulty wiring had started in the wall over the back door.

Damages were estimated at \$500.

**LUNCH CARD PARTY**—The Austin Chapter No. 396 Order of the Eastern Star of Davisburg will have a noon luncheon and card party. The luncheon-card party will be held on Thursday, February 20, at the Masonic Temple in Davisburg. There will be both table and door prizes.

### Here's A New Way To Pop Corn

Although the most picturesque and nostalgic way to pop corn is in a wire corn popper over glowing coals, chances are that far more corn is popped in a pot on the kitchen stove. Newest and easiest way to pop corn in a pot is by using Mazola margarine. The margarine takes the place of the usual oil and eliminates the need for pouring melted butter or margarine over the popped corn. Just pop and serve. The reason this margarine works is that it contains no milk solids and therefore doesn't burn during the popping.

**Quick 'n' Easy Popcorn**  
 1/4 cup Mazola margarine  
 1/2 cup popcorn

Heat margarine in deep pan over medium-high heat. (Margarine will begin to bubble and then stop.) Add 1 corn kernel to test temperature of margarine. When it pops, add remaining corn. Reduce heat to medium. Partially cover pan and shake frequently until popping stops. Remove popped corn from pan and serve without the addition of margarine or salt. Makes about 2 quarts.

### MEN in SERVICE

#### Chad L. Cagle

Seaman Chad L. Cagle, USN, son of Mr. and Mrs. Paul E. Cagle of 2251 Georgeland, Drayton Plains, returned to Norfolk, Va. aboard the aircraft carrier USS Independence.

For the past nine months the 80,000-ton carrier was operating with the Sixth Fleet in the Mediterranean.

#### Gregory A. Slade

Gregory A. Slade, son of Mr. and Mrs. Oliver W. Slade, of 8626 Pine Knob Road, Clarkston, has arrived in Germany and has been assigned to Company B, 317th Engineer Battalion.

PFC Slade received his basic training at Fort Knox, Kentucky and will serve as a heavy equipment mechanic and operator.

PFC Slade graduated from Clarkston High School in 1967.

#### Michael R. Vargo

Shipfitter Second Class Michael R. Vargo, USN, son of Mr. and Mrs. Julius Vargo of 5424 Cecelia Ann, Clarkston has returned to the United States aboard the fleet oiler USS Chikaskia.

His ship has completed a five month deployment in the Mediterranean. During the deployment the Chikaskia participated in anti-submarine exercises and visited ports in Italy, Spain, France and Malta.

### Letters to the Editor

Dear Editor,

I would like to take this opportunity to congratulate Keith Hallman for the step he has taken to help keep our Main street and village alive. It must have been quite a decision to make.

Clarkston has long needed a store such as Richardson's will operate. At least the kids and adults can get ice cream and lunch without leaving town. Also the enlarged pharmacy will be a great addition to Clarkston.

Sincerely,  
Mrs. Ben Powell

### Lack quorum, meet Tuesday

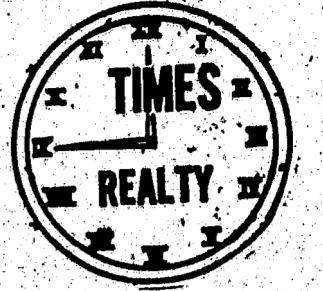

For lack of a quorum the meeting was missed. It takes a majority of the 7-member Clarkston Village Council to be present for an official meeting. Monday night sickness, etc., kept some away.

Village Clerk Artemus Pappas said the next meeting of the Council will be Tuesday, February 18. The Council has been meeting twice a month on a regular basis, the second and fourth Mondays.

### McGlew reappointed

The Board of Trustees of the Michigan Veterans Trust Fund hereby advises the reappointment of Mr. John McGlew, 1737 Oxford, Berkley, to continue serving on the Oakland County Veterans Trust Fund Committee as the Disabled American Veterans representative, for a term ending December 31, 1971.

Phone 623-0600 5890 Dixie Hwy.

### Peace Corp test held in Pontiac Feb. 15

Clarkston area residents interested in putting their skills to use in developing nations around the world are invited to take the Peace Corps Placement Test at 1:30 p.m. on Saturday, February 15 at the Federal

Building Room 1, East Huron and Perry Sts., Pontiac.

The Peace Corps uses the Placement Test to determine how an applicant can best be utilized overseas. The test measures general aptitude and the ability to learn a language, not education or achievement. The test requires no preparation and is non-competitive; an applicant can neither pass nor fail.

Persons interested in serving with the Peace Corps must fill out an application, if they have not already done so, and present it to the tester before the test. Application forms are available from post offices or from the Peace Corps in Washington, D.C. 20525.

More volunteers are needed for programs which will begin this spring and summer.

### Fraternity elects Dale Fritch

The Beta Delta Chapter of Phi Kappa Sigma Fraternity at Michigan State University announced that Dale Fritch of 5744 Hummingbird, Clarkston, has been elected to the office of Treasurer. Fritch had previously held the offices of House Manager, Pledge Trainer and Rush Chairman.

Phi Kappa Sigma is the eleventh oldest national fraternity, founded in 1850. Beta Delta Chapter was founded at M.S.U. in 1949.

Dale graduated from Clarkston High School with the class of 1966.

Weekly Health Tip

from Keith Hallman

Recent studies indicate that many cancer victims had suffered periods of sadness and hopelessness some months or years before their cancers appeared. "A bleak hopelessness about ever attaining any meaning, zest, or validity in life" was more the pattern in histories of cancer patients than among others. Cheerful, wholesome attitudes seem to contribute to health.

# Message

"Of every man's brother will I require the life of man" Genesis 9:5

By Mark H. Caldwell  
 Sashabaw United Presbyterian Church

My father often said to me what I have since heard from others, "Son, if you face a choice on the highway between saving the life of an animal and the life of a person, you must always choose to save the human life."

Sometimes, even now, I have found myself slamming on the brakes to avoid hitting a dog, and without thinking have endangered the lives of my family or of people in a car behind me.

Isn't it strange that we wax so sentimental about a dog's life, important as that is, but are often so cruel about the life of another person, especially if he is different from us!

The week approaching is Brotherhood Week and "Be Kind to Dumb Animals Week" or "Sweetest Day" or a dozen other so-called observances foisted on us by our culture. Brotherhood Week ought to be the heavyweight observance of the year! For we desperately need brothers wherever we can find them.

Long before the race business ever came up, God's Word in its most ancient records said and still

says, "of every man's brother will I require the life of man... for God made man in his own image." It is clear that a man was intended to stand or fall, not on any surface or trivial judgment, but only on the spark of particular life different from the animals but not differentiated from man to man, or on the trace of divinity in man, or on the concept of his being a "living soul" which is indicated by the scriptural phrase "made in God's image."

Therefore in the observance of this Brotherhood Week 1969 loaded with all the passions of race hatred, we need to back up and take a look at every man as God made him, my brother! The only way to make this true in practical fact as well as in creation is to seek out an acquaintance here and there whom we can call by name. We must get to know a few real persons, not at the end of a boss-employee or madame-maid relationship, but across a lunch table or over a backyard fence, talking and respecting each other as fellow-creatures in a mighty awesome world where we need to get along.

### Cub Pack Pinewood Derby

### Cub Pack 49 presents awards

The Pinewood Derby was held February 4 at Clarkston Junior High Cafeteria. This year the judging for originality, workmanship and design was done by rank. All ranks were combined for the race.

Due to the contribution of a fine area gentleman, everyone of the 30 entries took home a trophy or a ribbon. It was gratifying to see that the cars were done by the boys with fathers' help and not vice-versa.

Judging was done by Gerry Scarborough, Al and Lonnie Hinz.

For speed, prizes were given in the order won: Billy Carte, Mark Baynes, Billy Caraway and James Taylor.

Wolf Rank: Originality: Kenneth McDonald, David Lawrence, Jeff Smith, Kevin Hanson and Danny Rutherford. Workmanship: Larry Runkle, James Smith, Duane DeVault, Randy Phelps and Gil Graham. Design: Melvin Mason, Billy Huntwork, Billy Caraway, Tim Fancher and James Prieto.

Bear Rank: Originality: Karl Tresenreiter, Paul Zelenak and David Vincent. Workmanship: Mark Baynes, Billy LeMarbe and Mark DeVault. Design: Tim Purves, James Taylor and Ricky Smith.

Webelo Rank: Originality: David Johnson and Keith McDonald. Workmanship: Kirk Stuart and Alden

Palmer, Design: Billy Carte and Kevin Phelps.

During judging of the cars, awards were presented to Webelos David Johnson, Kirk Stuart and Alden Palmer for Showmanship Achievement. Recruiting patches were given Paul Zelenak, Mark Baynes, Billy Huntwork, Jeff Smith and Mark DeVault. A belated Bobcat pin was given to David Vincent due to the fact that his father was called out on emergencies each Pack night this fall.

The Blue and Gold Banquet will be held the last Tuesday of the month.

Pack 133 was awarded a ribbon this past month for going over the top in our recruiting goal. Mrs. Gil Stuart, Den Leader Coach and the Pack's Girl Friday, was awarded a Service medal at the recent district fellowship dinner for five years of hard work in the Pack.

### Grocery fined

The Stagecoach Grocery, 9405 Dixie Highway, Clarkston, was found guilty, in two instances, of selling alcoholic beverages to minors.

At the hearing of the Michigan Liquor Control Commission on January 21, they were fined \$150 on the first count and \$150 and 7 days suspension on the second.

Den 5 presented the flag ceremony at the annual Blue and Gold banquet of Pack 49.

After the dinner, awards were presented to the following boys:

Barry Collins, Wolf Badge; Bruce Collins, Wolf Badge; Tim Butler, Wolf Badge; Dave Barks, Wolf Badge; Doug Roosa, Wolf Badge; Brian Collins, 2-year star; Gary Mason, 1 gold and 1 silver arrow; Gary Rowden, 1 gold and 3 silver arrows; Jim Falardeau, 1 year star and silver arrow; Craig Hotchkiss, 1 year star; Steve Graham, 1 year star; Jim Allard, 1 year star; Leif Gruenberg, 1 year star.

Special recognition was given to Den Mothers and assistants, committee members and the Cubmaster and assistant Cubmaster for their part in

Pack 49 activities.

Pinewood Derby car kits were passed out to Cubs who will ready them for the eliminations to be held at the March pack meeting. An achievement ladder was presented, and as boys complete their requirements, they will move their name pins to the next step up the ladder until they reach the top rung or the Webelos achievement.

Instead of the usual outing for February 16th, the boys and fathers will have a sports afternoon at Clarkston Senior High Gym from 1 p.m. to 3 p.m.

Everyone joined together in singing "God Bless America" during the closing ceremonies.

Pinewood Derby fever is about to hit the area, with many boys and their dads gladly ready to succumb to its call. This shot of the runway was taken last Wednesday night at the Clarkston Junior High. The race runners were Scouts from the Andersonville school district. Prepared to meet the challenge of judging was Al Hinz, shown at the right, at the finish line.
