## Jim's Jottings

by Jim Sherman

During 1969 I helped judge a newspaper contest for the Wisconsin Press Association. Wisconsin boasts of being the "Dairyland" of America and Green County being the cheese capital of the world.

To thank me for my efforts, Carl Zielke, executive secretary of the Wisconsin Press Association sent me a package of cheese... made in Illinois.

Do all teenage boys fit these descriptions? My son is so slow it took him 30 hours to get over the 24 hour flu... He never completes anything. He even quit growing.

Times certainly are getting tough. The president is pushing cutbacks in spending, auto makers are naming shut-down days, unemployment is creeping up, and some people have only one snowmobile when 2 are standard.

Frequently newspapers are accused of sensationalizing news for the terrible purpose of trying to sell more papers, on which they depend for their livelihood. We don't practice this type of headlining, but the occasion arose a few weeks ago in Oxford for us to give "sensationalizing" a test.

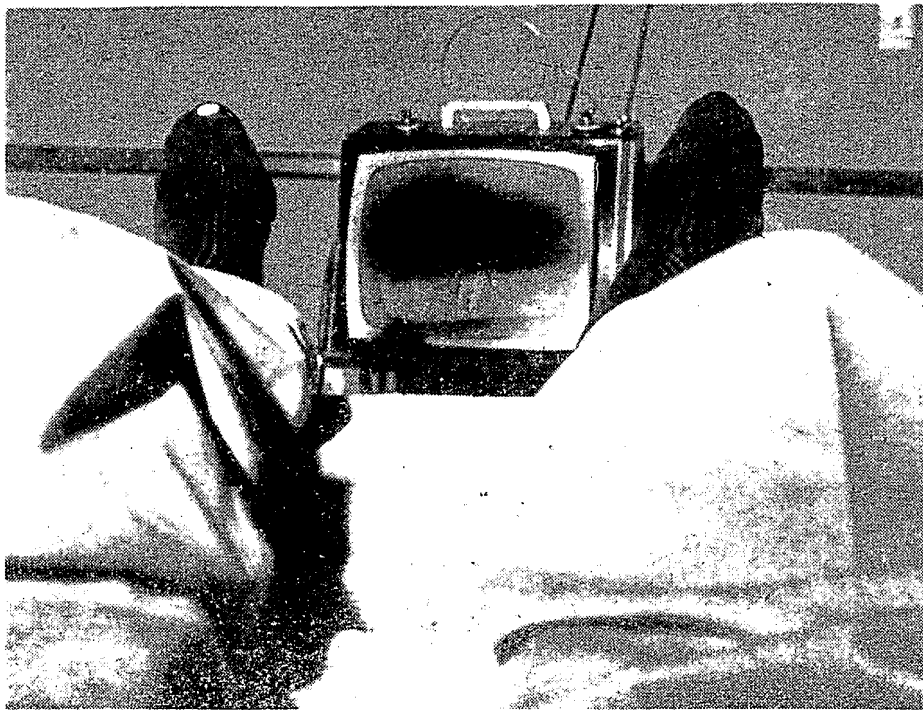

A house burned that had the reputation of being a "hippie" residence. The owner had said some had that appearance.

Now, normally, working with a picture, cutlines and headline, they will appear in that order. On the top of the page is the picture, below that some descriptive lines and the headline below that, just above the story.

On this occasion, if we put the headline below the picture it would be below the fold on the front page, not visible on the newsstands. So we put the headline, "Hippie house burns" over the picture, clear to the casual glance of anyone passing a newsstand.

Here's the results. We sold 24 extra papers.

Of course, we didn't get accused of trying to sensationalize, so maybe I still don't know what the word means. 24 over our usual 2,000 ain't much.

The world of the American male New Year's Day.

## Morning crash involves 3 cars

An early morning collision at Waldon and Wealthy resulted in injuries to Janice Sue Ball, 17, of 9376 Sashabaw, according to Oakland County Sheriff's records.

Deputies reported that Miss Ball attempted to pass a car driven by Jeffrey S. Jennings, 18, of 6475 Waldon. As she made the attempt, Jennings turned left and hit the Ball car. The driver lost control and ran into a third car driven by Catherine I. Graham, 41, of 6557 Snow Apple.

The accident occurred at 7:50 a.m. on January 5.

\*\*\*

At 2:20 p.m., on the same day, a car driven by Carl C. Crawford, 22, of Jeddo was struck as it crossed the intersection of Dixie and White Lake Rds. Herschel L. Jackson, 51, of Flint stated that he was unable to avoid the collision when the Crawford car pulled in front of him.

Crawford claimed that he did not see

Jackson's car.

Crawford's passenger, Pat Bryan, 19, of Port Huron was taken by ambulance to Pontiac General Hospital.

## Firemen start year early

The first fire of the new year in Independence Township was reported at 6:05 a.m. on January 1.

The fire, which was in an unoccupied building at Hillcrest and Circle Lane, was the 5th fire in the Woodhull Lake area within a year's time, according to residents of the area.

There was no estimate of the amount of damages to the building owned by Mr. A. Stites of Pontiac.

The cause of the fire was not established.

## Local executive to address SAE

Jun L. Kojima of 7885 Perry Lake Rd., Clarkston, will deliver a paper at the forthcoming 1970 SAE Automotive Engineering Congress and Exposition in Detroit's Cobo Hall on Monday, January 12, 1970. Mr. Kojima, who is supervisor of Fastener Engineering at General Motors Truck and Coach Division, will discuss "Corrosion Evaluation of Phosphate Coated Fasteners by Ferrotest."

The meeting, which is sponsored by the Society of Automotive Engineers, is the top annual event in world automotive engineering circles. An attendance of more than 25,000 is expected for the meeting which runs from January 12-16, 1970.

Mr. Kojima was born in the Clarkston area and has again made his home here for the past 15 years. He and his wife have 3 children, Deborah, 17; Crinker, 15 and Lewis, 10.

A graduate of Lawrence Institute of Technology, Kojima is combining his knowledge with his spare time and building an airplane at his home.

It seems likely that flying lessons will be next on his agenda.

## Building values dip

Building in Independence Township dipped lower during the month of December, according to the Township Building Department monthly report.

Only 12 permits were issued in December compared to 19 in November. December building was valued at \$143,125 or \$51,000 less than in November.

Permits were issued for: 4 new houses, \$81,000; 5 remodeling or additions, \$9,625; 1 garage, \$1,500; 1 store, \$45,000; 1 commercial remodeling, \$6,000.

## Register by January 16

# Primary to eliminate

# 2 GOP candidates

Because five Republicans filed for the 3 vacancies on their side of the ballot, the village of Clarkston will have a primary election February 16.

The last day to register for this election is January 16. The village registration books will not be open following the primary. This limitation is spelled out in Act 188 of 1967, according to village clerk Artemus Pappas.

Anyone wishing to register or check his registration may do so at the clerk's residence, 55 W. Washington.

\*\*\*

All elected posts in Clarkston are to be

filled this year except for 3 Council seats. However, there is no contest for the offices of president, clerk, treasurer and assessor. Donald Cooper is unopposed for president, Pappas will run alone for clerk, Mary Ann Pappas will seek the treasurer's job again and Ralph Thayer is the incumbent assessor.

\*\*\*

The primary was forced this year because more members of one political party petitioned for the office than there were seats to be filled. There are 3 vacancies on the Council, and 5 Republican men seek the seats.

The 5 GOP'ers are: Robert C. Jones, 79 Robertson Ct.; E. Nelson Kimball, 72 N. Main; Ronald R. Draper, 100 Orion Rd.; David K. Westlund, 115 N. Holcomb; Leonard F. Davidson, 7 Robertson Ct. The 3 getting the most votes January 16 will be on the spring ballot.

Regardless of what happens in the primary February 16, the 3 filing as Democrats for the Council will appear on the March 9 ballot. These 3 are: incumbent Jack Hagen, 42 N. Holcomb; Gerald Hennig, 30 S. Holcomb, and Ruth Basinger, 8 E. Washington.

School submitted recommendations naming the seniors most qualified to represent their department in the contest.

On this basis the following students were selected to represent the school:

Debbie Davis, Jody Hawke, Dave Lehman, Dick Ruelle and Sue Griffiths. Miss Mary Dean, a substitute teacher, was named to coach the team.

Patterned after NBC's "College Bowl," WWJ-TV's program presents "toss-up" questions to each team of four panelists. The first team to sound a special buzzer and give the correct answer then gets a chance at a "Bonus" question. Each of these count 20-35 points.

Team members and their coaches are awarded a variety of educational books. The library of each competing school receives a dictionary and a modern atlas.

"High School Bowl" with Centerline and Clarkston will also be broadcast by WWJ radio on Monday evening, January 12, 7:30 p.m.

# Larry Carino Jaycee Bosses' night speaker

Clarkston Jaycees' Bosses' Night will officially kick off "Jaycee Week," a time that is set aside in the Jaycee calendar to familiarize the community with the various projects and activities that the organization sponsors throughout the year.

In addition to recognizing the boss who best supports the aims of his Jaycee employee, the Distinguished Service Award plaque will be presented to the young man of this area between the age of 21 and 35, who has contributed the most to the community during the past year.

The featured speaker at the Bosses' Night Banquet will be Larry Carino, Vice President and General Manager of WJBK-TV2.

Carino's youthful ambitions leaned toward a law practice, but instead, he has become one of the leaders in the booming and challenging business of broadcasting. He has become a pioneer in the field of "broadcast editorializing."

"It is an interesting and challenging area," he says, "because it gets people involved. Whether or not our audience agrees with the position we take is really of secondary importance to the fact that

they are literally forced to think about subjects of interest and importance to the community. To our way of thinking, this represents the highest ideals of democracy in action."

A native of Tacoma, Washington, Carino formed his first association with broadcasting when he landed a part time job with the American Broadcasting Company as a "page" while attending Columbia University. After graduation, he joined the sales staff of KTNT-TV in Seattle-Tacoma in 1949 and came to Detroit and his current position in 1961.

Mr. Carino finds time for numerous industry and civic involvements as well as his favorite avocations, skiing and golf.

Married to the former Berenice Brewitt, the Carinos have 8 children.

\*\*\*

Richard Wilton, Region G National Director of the Jaycees, and a past president of the Clarkston group, will preside as toastmaster for the evening.

All area men are invited to attend the banquet which will be held at 7 p.m. on January 14 at the Old Mill Tavern.

Tickets may be purchased at the Clarkston Sporting Goods store or at Ronk's Barber Shop.

## Here kitty, kitty, nice kitty

*By Jean Sura*

Have you ever heard the expression "I've got a tiger by the tail and don't know how to let go?"

Well, I'm not sure if I have a tiger by the tail or the circumstances are reversed.

Any way you look at it - I'm in deep trouble.

About a month ago, at a family gathering, we got around to discussing how ridiculous it was to smoke.

If I had a ding-a-ling personal fairy, she should have started ringing her ding-a-ling bell right then. Loud!

What did I hear? Just my own voice, dragging me into the deep water, and me with no life preserver.

As a result, I'm up to my eye balls in a sticky situation.

"I'll bet \$100," says my dear, but crazy, friend Frank, "that I can stop smoking for one year."

"I could quit for a thousand," I added, "but, boy, would I get fat!"

"I'll take that bet," says my sweet young daughter (my son's wife). "I really need a good incentive to stop. One hundred dollars, wow, my husband doesn't smoke. I surely wouldn't ask him to pay."

So, there is the tiger, folks.

Frank and I can quit any time. We only smoke to keep from eating

anyway. If we make a ridiculous bet like this we can always renegotiate after we've gained ten pounds or so.

The farce began at the new year. Two days later we compared scale readings. We had each gained four pounds. The tiger, who is eating for two anyway, hadn't noticed any unusual spurt.

Without that kitten in the act, we could have compromised, like giving up squid for breakfast every Monday and Friday instead of not smoking.

But now what do we do? This silly kitty has claws on her side.

The clause (sorry) says, "First one to smoke pays \$100. Next one, likewise. Winner takes all. Pay up and smoke or hush up and get fat."

That kid is serious about kicking the habit. I don't suppose she'd mind picking up the marbles either. It might buy a bunting or two.

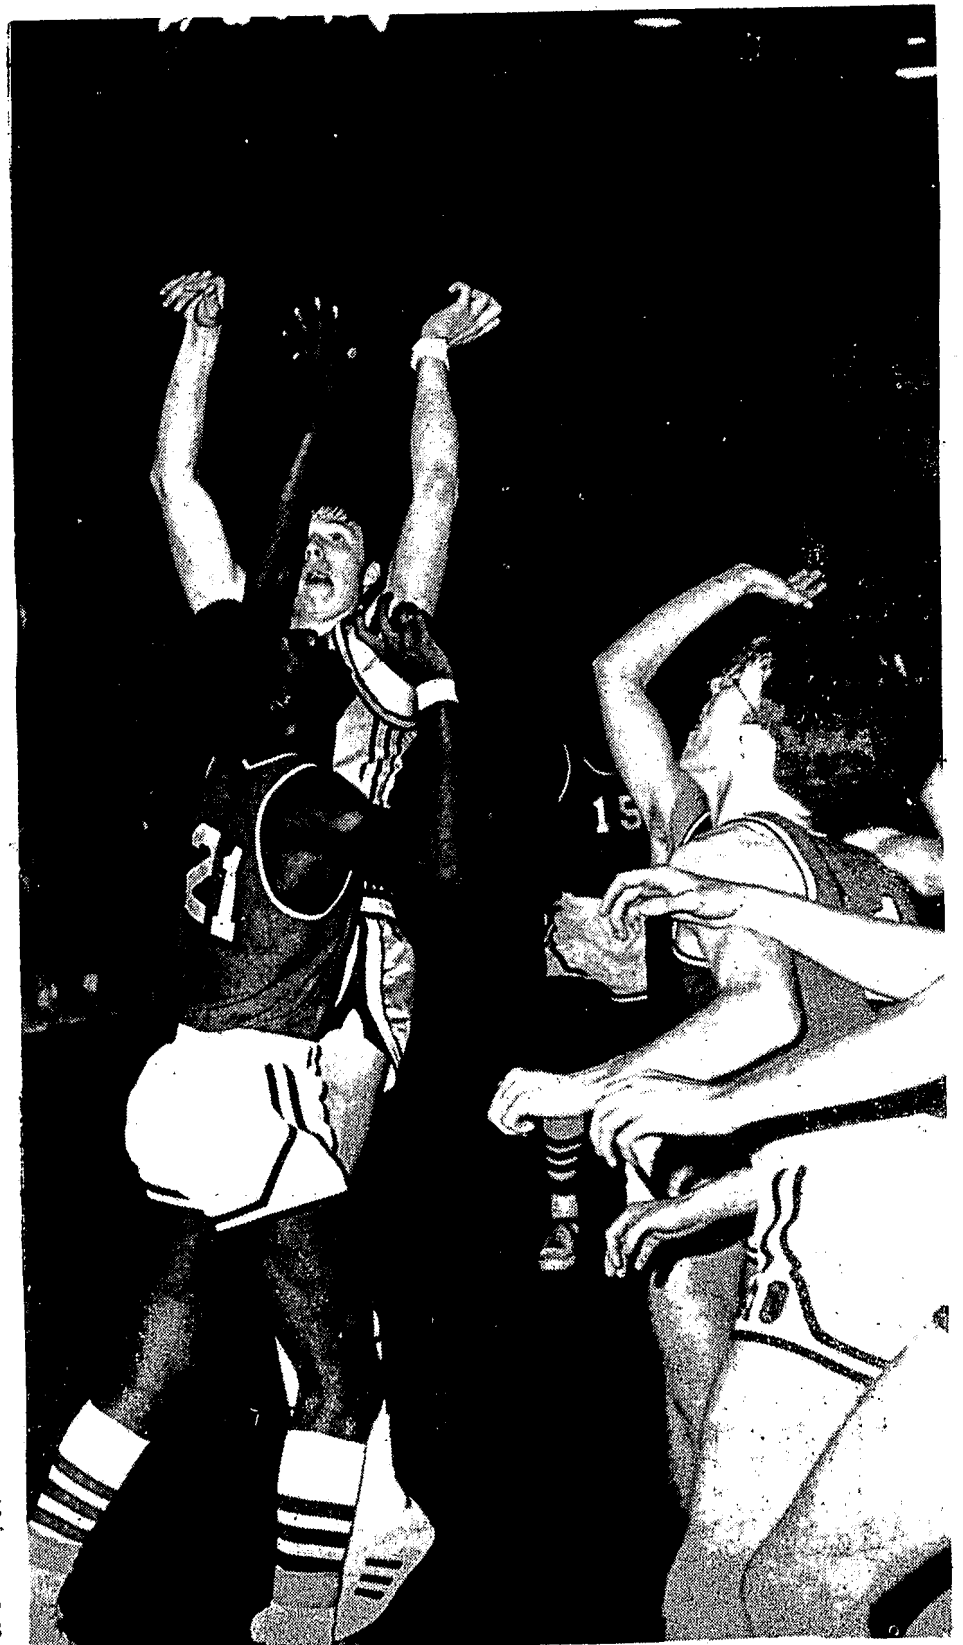

There is only one consolation. I'm not alone in this mess.

Do you suppose Ringling Brothers can use a fat lady and a fat man?

You see, I have a friend, Frank, and we're both swinging on this tiger tale.

And she is a nice tiger.

Here kitty, kitty. Want a little nicotine in your catnip?

Sometimes it seems like basketball players are all arms. The Wolves will be back in action Friday when they go to Northville for another League game.

## Letters to the Editor

### Hand out

Dear Jim;

As we enter this new year of 1970 the members of the Clarkston Rotary Club would like to express our appreciation to the many members of our community who were responsible for making our Christmas projects successful.

To you, Jim, and all of the staff at the Clarkston News, we say, "Thank you, for the many hours you spent working on our Goodfellow Edition."

This year's paper sale was so well received that sales reached an all time high and \$1153.20 was collected. Over half of this money was spent on shoes for needy children.

We were happy to receive kind compliments regarding our Christmas Decorations on Main Street. The merchants and residents who provided the electricity for the lights deserve to share this praise for their cooperation and community spirit.

We are looking forward to working with you again this year and wish you and your staff a very meaningful New Year.

Lew Wint, President  
Clarkston Rotary Club

on the side nearest to their chosen perch for they are timid.

By December 20 they were eating berries and fluttering quietly in her trees. On December 22, when after two days of the week-end with snowmobiles and dogs about, they departed.

These brown birds with yellow banded tails and top-knots like a bluejay between the size "of a sparrow and a robin" are easily identified.

Mrs. Hoffman also has cedar trees much to the liking of the waxwings and countless other birds for roosting, nesting and food. Juncoes, robins, song sparrows, chipping sparrows, bluebirds and catbirds, are some of the more commonly seen. Incidentally chipping sparrows (chippies) are good garden helpers for they like to keep a row of early garden peas free of bugs.

Mrs. Hoffman can expect evening groesbeaks, pine groesbeaks, grouse, veery, catbird and olive backed thrush to be interested in her tree. The fruit will hang on this Mountain Ash long into the winter. The tree has some 14 users for its berries.

Other foods for the waxwings are ragweed, poison-ivy berries, wild grape and dogwood.

Very truly yours,  
Rose Baird

Dear Editor,

Mrs. Carl Hoffman, resident of our area on Whipple Lake, put up her bird feeder as per usual in early fall. Birds arrived in numbers, and then they dwindled and she was much disturbed and disappointed.

However, about the middle of December the spectacular happened and it sparked her bird watching to be sure. Fifty to 60 Cedar Waxwings arrived quietly, as is their habit, perched in a maple tree and very systematically ate the berries from her Mountain Ash—mostly

## Should Hazel be drafted?

By Jir. Fitzgerald

Lately, probably because I've been hanging around the wrong beauty salons, I've been getting a lot of flack about women's rights.

"You always complain about racial discrimination," these females tell me, "but what about sex discrimination? Name any activity and you'll have to admit that women must do it twice as good as men to get half as much pay."

There are some wise-guy answers to such a statement, of course.

Most of them stem from the solid fact that it takes only 9 months for a woman to do something a man can't do in 90 years. Artificial insemination allows Hazel to reproduce without the direct help of Harry. And in a few years, she won't even need Harry's indirect help. Blue-eyed-boy capsules, manufactured from reclaimed Burpee seeds, will be sold at the supermarket. Hazel can pop a

baby pill in her mouth and, as far as the diaper industry is concerned, it won't make a bit of difference if Harry never comes home from poker club.

That's what Hazel can do without Harry. But no one has even suggested that someday Harry might wear a maternity smock.

So this gives Hazel an exclusive perch on the family nest. Without her, there's no family. And while she's home having kids, she might as well melt the food, push the washer button and tell the meter reader to wipe his feet. Let Harry go downtown and earn enough to cover her checks.

That's what the keep-em-in-the-kitchen guys say. Not me. To each his own, and that includes women. If Hazel wants to run for President, or quarterback the Jets, she should be allowed, with no sex-strings attached. She should get the

same pay as Joe Namath, if she can throw as straight. And she should use the same locker room.

I'll admit I wouldn't want to marry this type of Hazel, but that's a personal preference based on my own quirks. Anyway, the feeling would surely be mutual. President Hazel wouldn't want me watching TV and drinking beer in the Lincoln Room when the guided tours came through.

But I'd vote for Hazel if I thought she was the best candidate. For instance, Spiro Agnew could be a Presidential hopeful someday. I'd rather vote for Hazel Humperdink whose only political experience was as rural mail carrier out of Lum, Mich.

However: Now that I've paraded my liberalism, there are a couple of questions that stump me . . .

There was just a draft lottery. All the birth dates

in the fish bowl belonged to males. All you women who want complete equality — do you want to fight the wars, too?

There is currently a terrible stink about the alleged massacre of civilians in Vietnam. One of the most awful things, according to all reports, is that WOMEN were killed. Is it worse to kill women than men? Why? What kind of equality is that?

I'll admit I can't give tough answers to those questions. Probably for the same dumb reason I wouldn't want to kiss the President of the United States behind the ears.

I think all doors should be open to Hazel. But I can't control that urge to open them for her.

Forgive me, girls. But Onward and Upward to you, anyway. †

## Camp Fire council hold annual meeting

The annual meeting of the Pontiac Area Council of Camp Fire Girls has been scheduled for Wednesday, January 21 at Kennedy Junior High School in Pontiac.

A buffet dinner meeting is planned for 6:30 p.m. with the program following at 7:45 p.m. The program includes the presentation of Adult Awards and contributions to the Camp Oweki trust fund by the Pontiac Civitan Club and Pontiac Area Council of Camp Fire Girls.

Two Horizon Club members, Kathy Cullum and Mary Kaye Robertson of Lake Orion, will present colored slides of their 3-week trip to Alaska on the National Horizon Club Camper Exchange program. Kathy and Mary Kaye were 2 girls of 20 throughout the United States to make the Alaska trip.

The main speaker of the evening will be the Reverend Mr. William H. Clark, Executive Director of the Pontiac Area Urban League. His topic will be "Institutional Change, the challenge of the seventies."

The meeting is under the chairmanship of Mrs. Howard Hissong of Rochester, her committee, Mrs. Donald Brown,

Waterford; Mrs. Richard Reagan, Oxford; Mrs. Michael Salzano, Clarkston; Mrs. Raymond Neff, Pontiac; Mrs. Stanley Clay, Lake Orion and Mrs. Desmond Lewsley, Avon.

The Pontiac Area Council of Camp Fire Girls is a member agency of the Pontiac Area United Fund and Avon Community Chest.

# REGISTRATION NOTICE

FOR

## VILLAGE PRIMARY ELECTION

### FEBRUARY 16, 1970

To the Qualified Electors of the Village of Clarkston,  
County of Oakland, State of Michigan

Notice is hereby given that in conformity with the "Michigan Election Law," I, the undersigned Clerk, will, upon any day, except Sunday and a legal holiday, the day of any regular or special election or primary election, receive for registration the name of any legal voter in said Township, City or Village not already registered who may APPLY TO ME PERSONALLY for such registration. Provided, however, that I can receive no names for registration during the time intervening between the fifth Friday before any regular, special or official primary election and the day of such election.

NOTICE IS HEREBY GIVEN THAT I WILL BE AT THE FOLLOWING PLACES ON

JANUARY 2 THRU 16, 1970, AT 55 W. WASHINGTON  
and on  
JANUARY 16, 1970 - LAST DAY

THE FIFTH FRIDAY PRECEDING SAID ELECTION  
As provided by Act No. 188, Public Acts of 1967.

AT 55 W. WASHINGTON

From 8 o'clock a.m. until 8 o'clock p.m. on said day, and from 8 o'clock a.m. until 5 o'clock p.m. on the Saturday prior to the last day of registration for the purpose of REVIEWING the REGISTRATION and REGISTERING such of the qualified electors in said TOWNSHIP, CITY or VILLAGE as SHALL PROPERLY apply therefor.

The name of no person but an ACTUAL RESIDENT of the precinct at the time of registration, and entitled under the Constitution, if remaining such resident, to vote at the next election, shall be entered in the registration book.

ELECTOR UNABLE TO MAKE PERSONAL APPLICATION, PROCEDURE

SEC. 504. Any elector who is unable to make personal application for registration because of physical disability or absence from the Township, City or Village in which his legal residence is located may be registered prior to the close of registration before any election or primary election by securing from the Clerk of the Township, City or Village in which is located his legal residence duplicate registration cards, and executing in duplicate the registration affidavit before a notary public or other officer legally authorized to administer oaths, and returning such registration cards to the Clerk of the Township, City or Village before the close of office hours on the last day of registration prior to any election or primary election. The notary public or other officer administering the oath shall sign his name on the line for the signature of the registration officer and designate his title.

UNREGISTERED PERSONS NOT ENTITLED TO VOTE

SEC. 491. The inspectors of election at any election or primary election in this State, or in any District, County, Township, City or Village thereof, shall not receive the vote of any person whose name is not registered in the registration book of the Township, Ward or Precinct in which he offers to vote.

TRANSFER OF REGISTRATION, APPLICATION, TIME

SEC. 506. Any registered elector may, upon change of residence within the Township, City or Village, cause his registration to be transferred to his new address by sending to the Clerk a signed request stating his present address, the date he moved thereto and the address from which he was last registered, or by applying in person for a transfer. The Clerk shall strike through the last address, ward and precinct number and record the new address, ward and precinct number on the original and duplicate registration cards, and shall place the original registration card in the proper precinct file. Such transfers shall not be made after the fifth Friday next preceding any regular or special election or primary election, unless such fifth Friday shall fall on a legal holiday, in which event registration transfers shall be accepted during the following day.

TRANSFER OF REGISTRATION ON ELECTION DAY

SEC. 507. Any registered elector who has removed from 1 election precinct of a Township, City or Village to another election precinct of the same Township, City or Village and has not recorded such removal with the local clerk shall execute a transfer of registration request, listing the new residence address thereon over his signature, with the election board in the precinct in which he is registered at the next ensuing primary or election. The inspector of election in charge of the registration records shall compare the signature thereon with the signature upon the applicant's registration record and, if the signatures correspond, then the inspector shall certify such fact by affixing his initials upon said request. The applicant for transfer, after having signed an application to vote as provided in section 523 of this act, shall then be permitted to vote in such precinct for that primary or election only. The application for transfer shall be filed with the Township, City or Village Clerk who shall transfer such elector's registration in accordance with the application. When the name of any street or resident house number in any Township, City or Village has been changed, it shall be the duty of the Township, City or Village Clerk to make the change to show the proper name of the street or resident house number in the registration records, and it shall not be necessary for the elector to change his registration with respect thereto in order to be eligible to vote.

## Taxsappy

Now there's talk about another tax. Sort of a national sales tax is what they're talking about, but seems like they're looking for something nice to call it so folks won't get quite so upset about it. Scuttlebutt is that maybe they'll call it "value-added" tax, or something. Story has it that there's going to be a complete file on absolutely everything done by every one of us. Real "Big Brother" stuff. Records like that cost big, big money.

Most folks, me included, figure that if you earn enough so there's no question but you can afford to pay taxes, then you've also got enough dough to hire the tricky lawyers and tax experts so you can come up with legal ways to dodge the taxes. Matter of fact, it sure seems wrong to most of us that the loopholes are left year after year so the same top money people keep ducking taxes and us middle and low income jokers keep paying 'em.

Another thing that stumps me is that the more kinds and varieties of taxes dumped in our laps, by

township, county, schools, states and the Feds, the more people they got to hire to collect the taxes and check up on taxpayers and write more rules and stuff. More people they hire, the more new taxes got to be dreamed-up. Never occurs to big or little government groups to cut expenses. If you run in the red, you don't cut costs—you just figure out more taxes and add people to keep track of 'em.

What all this maybe adds up to is that the more people it takes to run your government, local to national, the more money it takes to do work that produces nothing for nobody. Old Newt Dopperman says it's like if you had one blacksmith and then somebody decided every blacksmith had to hire somebody to count every time he whacked the old anvil, and then a law got passed that every blacksmith shop had to have somebody else checking on the fellow counting and maybe a third fellow to fill out reports on the counter and the guy checking on the counter.

Don't know as I agree 100

percent with old Newt, but he sure isn't a dumb-bell. Kind of sour about a lot of things, old Newt is, but sure not stupid. Price of horseshoes would sure enough have to go way, way up.

Gets a body to pondering about how there seems like no way to keep government from getting bigger and bigger—until maybe it costs so much to run the government and takes so many people to do it that those that's left can't produce enough to pay for all the fellows counting and checking and collecting and reporting. Suppose when it got so it was nip and tuck whether the producers could support the government or not, then the Feds and the states would maybe quick hire a whole new gang of researchers to find out what was wrong. Researchers don't come cheap.

For a fact, you sure can understand why most school bond issues keep getting turned down time after time.

Now almost nobody really hates kids, unless maybe it's their own

folks sometimes, but school bond elections are about the only way folks got left to protest being taxed to death. Average fellow doesn't get to take a crack at stuff like questions of do we have a national sales tax or not. So when the old school bond issues come up, it's "socko" because folks take out their spite on all the whole raft of taxes.

Like the fellow says about poetic justice, calling this here suggested new tax a tax on "added value" makes a kind of grim joke about most taxes. Folks proposing this here new tax say that anyone that makes a horseshoe out of a chunk of iron is adding value—so should, of course, be taxed.

Seems to me that time was that, if a fellow added value, actual produced something, he was supposed to get a reward, not have to pay a fine. Guess maybe times are changing too fast for me to understand the new way of thinking. Maybe I'm 'bout ready for a nice government job. If you can't beat 'em . . .

Section 2

The Clarkston (Mich.) News

Thurs., Jan. 8, 1970 9

Mr. and Mrs. C. P. Mulcrone of Snowapple Drive announce the engagement of their daughter, Patricia Denise, to Clayton Lee Liscom. The prospective bridegroom is the son of Mr. and Mrs. Paul W. Liscom of Grange Hall Road, Holly. Patricia attends Michigan State University. Her fiance is a student at General Motors Institute.

### Around the Town

## Hustle and bustle over

By Barb Humphreys

The hustle and bustle of the holidays is over now. The children are back in school, only the debris remains. There were so many hands wanting to help put up the decorations, but the taking down seems to be a one woman job. We all have at least one good thing left, the pleasant memories of the past few weeks.

Mr. and Mrs. Henry Kerzykowski of Norman road and their children, Karen, Bernice, Teresa and Mary Kay, had a very enjoyable visit to South Haven with their other daughter and her husband, Rita and James Ollgaard. They have a little daughter, Christine, who is eight months old now and a good age to enjoy her young aunts.

A group of young actors in our area, "The Dying Establishment," are going to present a series of short comedy skits. They will be performing at Milan Prison on Jan. 11.

Little Kimberly Kay Miller, 7 months

old, is a very lucky young lady. She is able to enjoy her great grandparents, Mr. and Mrs. Jesse J. Friday of Easton Rd. and four generations gathered at the home of her grandparents, Mr. and Mrs. Eugene Friday on Easton, over the holidays. Their daughter and son-in-law, Mr. and Mrs. Wayne Miller, live in Lake Orion with Kimberly. She is a very active little girl, and much to the delight of every one, has already started walking.

Among the many family members and friends visiting at the home of Mr. and Mrs. Wanda Lehto and their children, Kristen and Eric on Hubbard road, were Mr. and Mrs. Arvo Nordlund of Berkley. This friendship has lasted for many years as Mr. Nordlund was Mr. Lehto's teacher when he was a young man going to school in Winona in the Upper Peninsula. This very special teacher was also a good friend of his students' parents. There is nothing finer that could be passed on in a family than a good friend.

Mr. and Mrs. Mac Morrow of Transparent enjoyed a visit recently from her parents, Mr. and Mrs. Victor Stachler of Pompano Beach, Florida. During her visit here, Mrs. Stachler celebrated her birthday at a family gathering.

Wearing a gown bought in Munich, Germany and in a setting of holly, greens and candlelight, Miss Leslie Ann Hursfall was given in marriage by her father to Allen Robert Methven, the son of the Eugene Methvens of Renton Washington.

The Reverend Frank Z. Cozadd performed the 7:30 ceremony before an altar backed with white carnations and mums, at the Clarkston United Methodist Church on December 27.

The bride, who is the daughter of Mr. and Mrs. Duane Hursfall of N. Holcomb Street, chose for her wedding a floor length gown of white silk faille. The gown's silk organza bodice, choirboy sleeves and train length mantilla were trimmed with appliques of white daisies.

She carried a white cascade of miniature carnations and roses.

Mrs. Alan Ray Dutton, sister of the bride, and her husband performed the duties of mafron of honor and best man for the couple.

Mrs. Dutton was gowned in royal blue velvet. A mint green sash matched the daisies that were sprinkled in her hair. She carried a white nosegay of flowers.

Little Ann Milane Dutton was a miniature of her mother as she served as flower girl and Jeffrey Allan Calkins was the ringbearer.

Dale Allan Calkins and William James Whitaker seated the guests. James Gordon was the Acolyte.

The newlyweds greeted their guests at a reception in the church parlor following the service. Serving at the reception were friends of the bride, Mrs. Dale Calkins, Mrs. Richard Williams, Miss Blair Bullard and Miss Sheila Goins. Mrs. William Whitaker attended the guest book.

The couple will make their home in Seattle, Washington.

Some of our young girls are doing very worthwhile things with their spare time. Therese Morrow, Kathleen Connelly, Brenda Lewis and Scarlett Hysen, are among those helping out at Lourdes Nursing Home. The girls read mail, help feed patients, bring water, play checkers, and do many other chores to help the regular staff. This very nice teenagers' help adds that little "something extra" to life that we all need as we get older.

Mr. and Mrs. Harry Fahrner and Marcia, Mike Mary and Sharon of Robertson Court have returned from a wonderful Christmas vacation in Florida. The children's grandparents, Mr. and Mrs. Harold Fahrner, have their winter home in Fort Meyers and were very pleased to have everyone together for the holidays. The weatherman cooperated by supplying beautiful sunny skies and warm temperatures, so the family was able to enjoy deep sea fishing, sight seeing and lots of swimming. No one likes to return from a perfect vacation, but we are glad they are back, and to prove it we saved them a little bit of our snow to enjoy.

Kirk Phillips left Sunday by jet for the Rose Bowl game where he will spend one week. He was accompanied by Joel Harris of Flint, who is a freshman at Ferris with Kirk.

Call your news items to Mrs. Humphreys at 625-3555.

ACCESSORIES FOR THE WEDDING RECEPTION. Cake boxes, place cards, coasters, cake bags, place mats, ashtrays, stirrers. All available with name and date imprinted. Come in now and place your order at the Clarkston News, 5 South Main, Clarkston.

The only empty chairs on Pine Knob's chair lift Friday were on the way down. Lift and tow lines were long as people crowded to the slopes.

## SCHOOL MENU

### CLARKSTON COMMUNITY SCHOOLS MENU

Menu subject to change.

## Aliens must register

Walter A. Sahli, District Director of the Immigration and Naturalization Service, stated that aliens in the United States will be required to report their addresses to the Attorney General within the near future.

All aliens, with few exceptions, who are in the United States on January 1 each year must report their addresses by the end of that month. Only the following classes of aliens are excused from this requirement: (1) Accredited Diplomats; and (2) Persons accredited to certain international organizations.

Forms with which to make the report can be obtained from any Post Office or Immigration and Naturalization Service Office during the month of January.

Mr. Sahli said that the law provides severe penalties for failure to comply with the reporting requirement.

# Snow Mobile popularity avalanches state

Michigan's winter tourism season—aided by an expected 50 percent jump in the number of snowmobiles now in use—should be a roaring success, according to Automobile Club of Michigan.

Currently, there are 75,000 snowmobiles in this state with 35,000 more expected to be purchased by spring.

The economic impact of snowmobiling on Michigan since the first machines were introduced four years ago is set at \$130 million. If peak sales are reached this winter, Michiganders will pour another \$55 million into the economy.

"This does not take into account the additional millions which will be spent on gas to operate machines, the cost to tow machines by car or the cost of lodging and meals for persons away from home," states Jerry Fisher, Auto Club's touring manager.

He predicts that if Michigan has heavy snow across the state this winter, gasoline sales alone could total \$4 million. On a good weekend, 100,000 machines could use a half million gallons of gas costing \$200,000.

Above the cost of machines, the average snowmobile enthusiast will spend a minimum of \$100 for clothing. Snowmobilers must wear special clothes since temperatures drop dramatically at high speeds due to the "chill factor".

On a day when there is no measurable wind, the temperature is at zero (F), and the snowmobile travels 25 miles per hour, the actual temperature on exposed skin is 45 degrees below zero.

Clothes that are warm for skiing, hunting or ice fishing are usually inadequate for snowmobiling.

Machine rental is another new industry facet which got underway last winter. Two years ago, snowmobile rentals were almost non-existent. Insurance problems and the high cost of machines made lodge owners and snowmobile dealers approach rentals with caution.

However, last winter's experiments proved that snowmobiles are a practical—and profitable—rental item. Rental rates depend on the type of machine and if rentals are on an hourly or daily basis.

There are thousands of miles of snowmobile trails which are open to the public. The locations of 48 marked snowmobile areas on state and federal lands in Michigan are shown on the accompanying Auto Club map.

Auto Club advises all snowmobilers to keep these simple safety rules in mind during the winter before starting out on any trip:

- \* Know trails and stay on marked trails.
- \* Carry area maps plus a compass.
- \* Be aware of state regulations in the Snowmobile Law.
- \* Stay off ice on lakes and streams if conditions are not ideal.
- \* Avoid alcohol.

\* Never travel alone. You usually can't walk out of forests in an emergency if snow is deep.

\* Carry safety gear such as snow shoes, flaregun, first aid kit, axe, extra fuel, new spark plugs, tools for minor repairs and rations.

Persons who wish to keep abreast of what is happening across Michigan as the snowmobile season progresses can call the Hot Line at Traverse City for a listing of current events such as rallies and safaris. Ph. (616) 536-7691.

## Taxpayers Ask IRS

This column of questions and answers on federal tax matters is provided by the local office of the U.S. Internal Revenue Service and is published as a public service to taxpayers. The column answers questions, most frequently asked by taxpayers.

**Q)** I'm a full-time college student and think I will get a tax refund, if I don't have to count a \$750 scholarship as income. Is it income?

**A)** Scholarships are generally not taxable and do not have to be reported for tax purposes. Since there are many different types of scholarships, you will want to check with the organization that gave you the scholarship to see if they have information on its tax status.

**Q)** Why did IRS drop the short form 1040A?

**A)** One important reason was to make it easier for taxpayers to claim all the credits, deductions and exclusions they were entitled to under the tax laws. In recent years more and more taxpayers have found it to their advantage to itemize deductions as their income increased.

The new Form 1040 is one basic page and actually calls for just about the same information that had to be entered on the front and back of the old card form. Over 30 million returns will need just the one-page Form 1040 to be complete, while another 22 million will have to attach only one additional schedule.

Copies of the schedules taxpayers will most likely need were included in the tax package mailed to some 75 million taxpayers.

**Q)** I got married in December. Can my wife and I file a joint return for 1969?

**A)** Yes, if you are married on the last day of your tax year, you can file a joint return. Your wife then cannot be claimed as a dependent on the return of another taxpayer.

**Q)** Does the new tax form make any difference in the way a farmer handles his credit for gas used on the farm?

**A)** No, the gas tax credit should be claimed as it has in the past by attaching Form 4136. The amount of credit claimed should be entered on line 21 of Form 1040.

**Q)** What is the surcharge rate for 1969

and how do you figure it?

**A)** The income tax surcharge is 10 percent for 1969. Tax surcharge tables are included in the tax packages and can be found on page T-1. These tables show the amount of surcharge based on the amount of tax liability and your filing status.

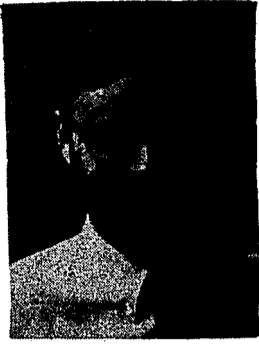

Remember that Schedule T, the tax computation schedule, will be just a worksheet for most taxpayers and need not be sent in with the Form 1040. Only if the taxpayer claims a special credit such as retirement income, investment or foreign tax, or has to pay self-employment tax, should Schedule T be sent in with the return.

**Q)** I rent out some land to a farmer nearby. Do I include the rents I receive as farm or rental income?

**A)** Enter the rents you receive from your land on Schedule E, as rental income, and attach it to your form 1040 when you file.

Unless there is material participation in the business of farming, the rents you receive are not considered farm income.

# Dead reckoning . . .

## On death of teachers

By Don Lytle

I don't think I fit the following description, but then I probably come close on Monday mornings or the day after a long holiday like this Christmas. Generally speaking, these "instructions" could easily fit any professional, but since I teach for a livelihood, I thought them especially appropriate. No hard feelings, fellow educators.

And now, "Standard Procedure Instructions on Death of Teachers."

It has recently been brought to the attention of the Board of Education that many teachers have been dying while on duty for apparently no good reasons. Furthermore, the same teachers are refusing to fall over after they are dead.

"THIS PRACTICE MUST STOP AT ONCE: On and after January 1, 1970, any teacher found sitting up after he or she has died will be dropped from the payroll at once, without investigation under regulation No. 29, Sec. 8.

"Where it can be proved that the teacher is being held up by a desk or umbrella or any support which is the property of the School Board, a ninety day period of grace will be granted.

"If after several hours, it is noticed that a teacher has not moved or changed position, the principal will investigate. Because of the highly sensitive nature of our teachers and the closer resemblance

between death and their mutual working attitude, the investigation will be made quietly so as to prevent the waking of the teacher if he or she is asleep.

If some doubt exists as to the true condition, extending a pay check is the final test. If the teacher does not reach for it, it may be reasonable to assume that death has occurred.

"Note: In some cases the instinct to reach for a check is so strongly developed however, that a spasmodic clutching reflex action may occur even after death. Don't let this fool you.

"In all cases a sworn statement by the dead person must be filled on a special form provided for this purpose. Fifteen copies will be required: three copies will be sent Washington and two to the deceased. The other will be promptly lost in the Board of Education files."

And may we all have a good new year in spite of our occupational hazards.

## New term starts at Pontiac's YWCA

Classes for the winter term at the Pontiac YWCA begin Monday, January 19. There will be some new classes on the agenda.

An art class will be offered on Monday nights with Vista Scott as instructor.

Want to remake your wardrobe for the Mod look? Join the alteration class on Monday morning at 10:00 with Kitsa Chucuales as instructor.

A special home series will be offered on Monday afternoon from 12:30 to 2:30. It will cover all aspects, from financing and interior decorating to outside landscaping.

Swimming classes will be held at Oakland University pool on Wednesday morning. Slimnastic class will be on Tuesday nights. The ever popular Yoga

classes will be offered during the day and in the evening.

The old favorites are still around — furniture refinishing, upholstery, art, Pennsylvania Dutch painting, decoupage, bridge and Bishop sewing I, II, III.

The nursery school will re-open on the 19th for children 2½ to 5 years. Morning or afternoon sessions Monday through Friday.

Saturday mornings will be for the youth. You can pluck a guitar, twirl a baton or learn how to sew. Ballet classes will be offered Wednesday afternoons after school. A preview will be open to the public on Wednesday, January 14.

Call the YWCA, 334-0973, if you wish any additional information.

**Tooth Care**

If you could prevent a disease by receiving a regular checkup, would you seek help? Most people would say "yes," until we mention tooth disease. And yet, of all the ills man is heir to, tooth disorders can be most easily prevented by frequent examinations.

Some of us are just careless about it, as long as we don't have a tooth-ache. Some people are dental cowards, who see a dentist only when the pain is too much to bear. And some people just don't know the value of a dentist's preventive care.

You and every member of your family should develop a continuing and friendly contact with a dentist. He should be consulted regularly while your teeth are in good shape, to forestall or minimize problems. It's much cheaper (and less uncomfortable) to prevent tooth decay than it is to treat or remove teeth. And the more often you see a dentist when nothing bothers you, the less fearful you will be about entering his office.

- 1) Follow an adequate, well-rounded diet, keeping sweets to a minimum.
- 2) Cleanse the mouth thoroughly immediately after eating.
- 3) Ask your dentist to show you the best way to brush your teeth, and consult him about the best type of brush and dentrifice.
- 4) Follow his instructions. Many people fail to have his drug prescriptions filled, because they feel so much better after seeing him — and then find that a minor problem has become a major crisis.

## Cougars win two

The Sashabaw Cougars, losing the first two games at home to Clarkston Junior High School and Milford Muir, had a comeback on Tuesday, December 16, defeating Waterford Crary 62 to 61.

Larry Miracle and Terry Green were the high scorers for the Cougars with 22 and 17 points respectively. With the help of their teammates, they played a fast and exciting game.

Sashabaw was trailing Crary by 10 points at half time. The Cougars failed to catch up in the third quarter. Crary had an 8 point lead going into the fourth quarter, but the Cougars came through, scoring 20 points in the final quarter, winning the game 62 to 61.

Thursday's game on December 18 was a seesaw battle with Milford Highland. At the half, Sashabaw led by 10 points. Milford was never to catch the energetic Cougars again as our boys pulled away to a 59-48 victory.

Terry Green led the point totals with 21 points while Larry Miracle, Steve Ogans, Ed Medlyn and Tim Recknagle controlled the boards.

Brian Gerber and Steve Graham had many assists. Coach James Koslosky was pleased with the way the team is shaping up and with their hustle.

The Cougars' next game is at Lake Orion Junior High on Wednesday, January 7, at 3:30.

## PACK 126

The spirit of Christmas prevailed at the December meeting of Pack 126 as the boys filled a basket with food, clothing and toys for a needy family. Carols were sung by all and the boys presented skits depicting Christmas in Germany, England, France, Holland, Mexico and Jerusalem.

Webelos receiving awards were Doug Cinader, 2 yr. pin; Reed Swanson, engineer, 2 yr. pin and 2 yr. perfect attendance; Steve Strzelecki, outdoorsman and scholar; Geoff Becker, craftsman and outdoorsman; Brad Fairse, engineer; and Ken Ballard, 2 yr. pin.

Other awards went to John Racicot, Webelos tabs; Larry Uban, 1 yr. pin and denner; Mike Breault, denner; Rod Crandell and Mike O'liffe, assistant denner; Mike Glowzinski, 1 yr. perfect attendance; and Doug Kotula and Mike Lee, 1 silver arrow each.

Receiving his arrow of light and now moving on from Cub Scouts to Boy Scouts was Kurt Townsend.

Jim Talbert was presented his Bobcat pin.

Refreshments were served after the meeting.

On December 20 the boys went caroling at the Ortonville Nursing Home.

## BAILEY LAKE NEIGHBORHOOD

The Girl Scout Troops of the Bailey Lake Neighborhood were very busy over the holidays.

Troop 286, under the leadership of Mrs. Peg Sassi and Mrs. Judy Rabideau, started off by enjoying a Christmas party where they sang carols and exchanged gifts. Since these girls are Brownie Scouts, they especially enjoyed their real live Christmas tree donated as a Christmas gift by Mr. Nick Sassi.

Troop 286 continued in the true Christmas spirit by donating a food basket to a needy family. Other troops participating in this project were Troop 984, under the leadership of Mrs. Yvonne Weir; Troop 43, under the leadership of Mrs. Carolyn Centers; and Mrs. Kay Brown's Cadette Troop 694.

Mrs. Brown's Cadettes also enjoyed tobogganing and a sleigh ride at Upland Hills.

## VILLAGE OF CLARKSTON Minutes of Village Council Regular Meeting December 22, 1969

Meeting called to order by President Pro Tem Cooper.

Roll: Cooper, present; Fahrner, absent; Hagen, present; Johnston, present; Kushman, present; Mahar, present.

Minutes of the last meeting were read and approved.

Mr. Louie Jewell of the Independence Township Recreation Department was present to discuss the possibilities of having a skating rink sponsored by the Township Recreation Department on the Mill Pond.

Moved by Mahar, "That the Clerk be instructed to write a letter to the Independence Township Recreation Department stating that the Village Council concurs with the plan for a skating rink subject to proper liability coverage by the Recreation Department." Seconded by Johnston. Motion carried.

Two letters regarding the Sewer program were presented to the Council. One was from the Water Resources Commission dated 12/9/69 and the other was from the Department of Public Health dated 12/12/69. Both letters were turned over to Trustee Johnston for consultation and study by the Sewer Committee with Mr. Farnum.

The matter of lot splitting was tabled.

The Clerk was instructed to send the letter from Mr. Mahlon Benson to the Village Engineer for a cost range on Engineering services required.

Trustee Hagen was asked to study the Building Code for Plumbing inspection requirements.

A letter from TOPICS was referred to Trustee Cooper for Study. Trustee Cooper was also instructed to study the replacement and/or repair of signs within the Village.

Moved by Mahar, "That the meeting be adjourned." Seconded by Kushman. Motion carried.

The Resonaires, from left: Mark Jolly, lead; John Smith, tenor; Milt Freet, bass and Rawley Hallman, baritone; will be heard on January 31 at the Holiday of Harmony at Pontiac Northern High School.

### Barbershoppers present "Holiday of Harmony"

The 29th annual "Holiday of Harmony" will be presented by the SPEBSQSA, Inc. on January 31 at 8:15 p.m. at the Pontiac Northern High School.

The tuneful evening will feature 5 barbershop quartets. The locally known and enjoyed Resonaires, Mark Jolly, John Smith, Milt Freet and Rawley Hallman will make an appearance along with the Midnight Oilers, a group from Chicago that has delighted audiences here in the

past. The Michigan District champions, the Vagabonds, will also lend their voices.

Tickets for the performance have been at a premium in other years. They are now available at the Professional Center Pharmacy.

"I received 200 tickets last week," said Mr. Rawley Hallman, "and over 100 have already been sold."

Those desiring to attend are urged to get their tickets at their earliest convenience.

### Town Hall hears Howard K. Smith

Howard K. Smith, television commentator, will be the featured speaker at the Pontiac-Oakland Town Hall meeting on January 14.

Mr. Smith will discuss the "Changing Challenges Facing America."

The commentator has received many journalist awards, among them were

included the best reporting from abroad, foreign affairs, his program on Vietnam, two DuPont Commentator awards, the Sigma Delta Chi award and an Emmy.

Town Hall is held at 10:30 a.m. at the Huron Theatre in Pontiac. The Celebrity Luncheon follows the program and is held at the Devon Gables Restaurant on Telegraph and Long Lake Roads.

### Classes held for expectant parents

The second in a series of eight classes for expectant parents, offered by the Oakland County Health Department, will begin Monday evening, January 12, 1970.

The free classes held weekly from 7:30 to 9:30 p.m., will be offered at the Oakland County Health Department, 1200 North Telegraph Rd., Pontiac. Registration may be accomplished by calling the Health Department in Pontiac, 332-9255, ask for Education Office.

The classes are taught by Public Health Nurses and are co-sponsored by the

Oakland County Medical Society and various adult education departments throughout the county.

Topics include the mental health of the family unit, growth and development of the baby before the birth, and immediately after birth; labor and delivery and the care and feeding of the infant.

Films and other audio-visual aids are used to illustrate some of the topics and each class is taken on a tour of a hospital. Classes are limited to twenty-six persons.

## NIREB names governing council

Realtor Tom Bateman, C.R.B., of Bateman Realty Co., Pontiac, has been elected to the governing council of the Residential Division of the National Institute of Real Estate Brokers. The Institute is an affiliate of NAREB.

The election was held during meetings in San Francisco in conjunction with the 62nd annual convention of the National Association of Real Estate Boards, November 6-12.

In addition to committee meetings during the convention, the Institute conducted a series of panel and roundtable discussions on a number of subjects designed to increase member knowledge of the latest techniques and developments in real estate. Such sessions are part of NIREB's continuing program of elevating members' service to the public.

## Seedlings available

Orders for pine tree seedlings are being taken by the Oakland County Soil Conservation District, according to James Reid, chairman of the District. Species available are Austrian pine, red pine, Scotch pine, white pine, Norway spruce and blue spruce. This year Douglas fir and a hardwood species, tulip poplar, have been added to the list.

The trees will be available sometime between April 1st and April 15th.

Order blanks may be obtained in Pontiac at the SCD Office, Room 9, Federal Building, 35 East Huron St.; the Cooperative Extension Service, 155 North Saginaw St.; and the Agricultural Stabilization and Conservation Service, 4515 Highland Rd. (M-59). Those who order trees will be notified of the time and place to pick them up.

## Kutting Korners

By Jean Sura

Here is the "I need help department" opening up and asking your assistance.

My friend, J. V. met me in the store the other day and asked, "How can I remove candle wax from the finished surface of a table? I've scraped as much off as I can and there is still a ring."

My first reaction was to suggest the blotter and warm iron method that is so successful with linens, but thought it might affect the finish so I decided to ask you good people for help.

Please call 625-3370 or drop a card to the Clarkston News or Oxford Leader. Thank you.

\*\*\*

Here are 2 delicious hot hors d'oeuvres that can be prepared ahead of time, whipped out and served in minutes. Just as if you were expecting those drop-in friends.

**Flaky Hot Cheese Rounds**  
8 oz. sharp cheese (like cheddar), grated  
1½ sticks margarine  
1 cup flour

1½ cups corn flakes  
Mix dough and shape in very small balls. Place on a greased cookie sheet. Mash with a fork. Bake at 350 degrees for 15 minutes. Dough is very dry. Will keep forever in refrigerator or freezer. If storing in freezer, shape balls and freeze on cookie sheet, then transfer to permanent container.

\*\*\*

**Hot Pork Sausage Balls**  
2 lbs. ground pork sausage  
2 cans water chestnuts, chopped  
1 jar Open Pit Barbecue Sauce  
Combine pork and chestnuts. Shape into small balls. Bake for 45 minutes in 325 degree oven. Drain off fat while baking.

Cool and refrigerate or freeze at this point if desired for later serving.

To serve immediately, put balls in sauce pan. Add enough sauce to cover. Heat and serve hot in a chafing dish. Serves 12 to 14.

## A SPIRITUAL Message

THE CHURCH OF THE RESSURECTION, EPISCOPAL

The Rev. Alexander T. Stewart,  
Vicar

### "A PENNY FOR YOUR THOUGHTS"

This old saying comes from a time when a penny had some significant value and people had both the time and solitude to think. Today, however, even children disdain the value of a penny and people's thinking, more often than not, is done for them, usually by that group of overly influential communicators we call "the mass media" and those who dictate to them, be it owners, advertisers or whomever. Commenting on this, someone has said: "Five percent of the people think; ten percent think they think; and the rest would rather die than think."

Well, this brings home to each of us the questions: "How much real thinking do I actually do?" "How deeply do I think?" Dr. Samuel Johnson once said, "No one can think deeply without thinking religiously." And, if we think about this, we see that it is true. Every headline, every law, every fad and fashion, every book, every song,

everything somehow speaks to the nature of God and man. The fact that man doesn't discern their full message doesn't mean that it isn't there, but only, perhaps, that he hasn't thought deeply enough about it—or thought about it at all. "Learn to think," wrote an ancient. "It will profit you well, for there is so little competition."

So, my friends, "think". Think about life. Think about God. Think deeply. The mind grows by what it feeds on. And, remember this with regard to your children. Help them to think—clearly, honestly and deeply. When Francis Bacon was asked what he thought was the outlook for the next generation, he said: "Tell me what the young people are thinking, and I'll tell you." What are they thinking? Do you know? What are you helping them to think? What are you thinking? Are you thinking? "A penny for your thoughts."

## Holiday trims win prizes

Judges awarded Leonard Cybul of Wellesley Terrace a certificate for having the most beautifully decorated house on Waterford Hill.

Making the selection for the Waterford Hills Woman's Club, sponsors of the contest, were Mr. Al Hinz, owner of Al's Hardware on the Dixie Highway, Mr. Steve Baylog, of Morley Brothers in Saginaw and Carl Lloyd, Builder.

Mr. William Simmons of Curtis Lane won second place and third went to Dave Kirke of the same street.

Honorable mention was won by Fred Jones, Curtis Lane, R. Render and James Lowry of Wellesley.

The outstanding quality of the competition guaranteed that the contest will become an annual event that will attract much attention and provide the area with a holiday aura for years to come.

## Once Over Lightly

By Jim Sherman

There are 9,000 weekly newspapers in the United States. The purpose of some statistics seem to be to make us feel insignificant.

\*\*\*\*\*

You're part of this statistic and undoubtedly your children helped put you there... Extension telephones in Michigan by Ma Bell more than doubled in the past decade, long distance calls more than doubled in the same period, and our state has more phones than all other countries except Japan; United Kingdom, West Germany, Russia, Canada, Italy and France.

\*\*\*\*\*

Jean Sura, editor of the Clarkston News, had a call recently from Congressman Jack McDonald's office in Washington, D.C. Terminating the conversation, Jean said, "I can't talk to you any longer, Congressman. I have to get back and stuff papers." (Stuffing papers is to put one printed section inside another for mailing.)

The position of "editor" of a weekly carries wide responsibilities... and must make a Congressman wonder at the worth of making a long distance call.

\*\*\*\*\*

Al Solley, appliance and furniture store magnate between Ortonville and Clarkston, asked me the other day how I got by when there is "so much to think about and you have so little to think with?" At least I haven't lost all my hair doing heavy thinking like he does and has.

\*\*\*\*\*

This is the week for statistics. Here's another: Through the first 10 months of 1969 there were 106 school millage elections in Michigan. 34 passed, 72 failed. At least 34 districts knew there would be no education reform from the legislature.

## MEN IN SERVICE

### James A. Fenner

Army Sergeant James A. Fenner, 21, son of Mr. and Mrs. William L. Fenner, 9960 Rattalee Lake Rd., Clarkston, was assigned as an assistant squad leader in the 51st Engineer Battalion at Ft. Campbell, Ky., Nov. 19.

His wife, Nancy Sue, is with him at the fort.

### Jimmie Hulsey

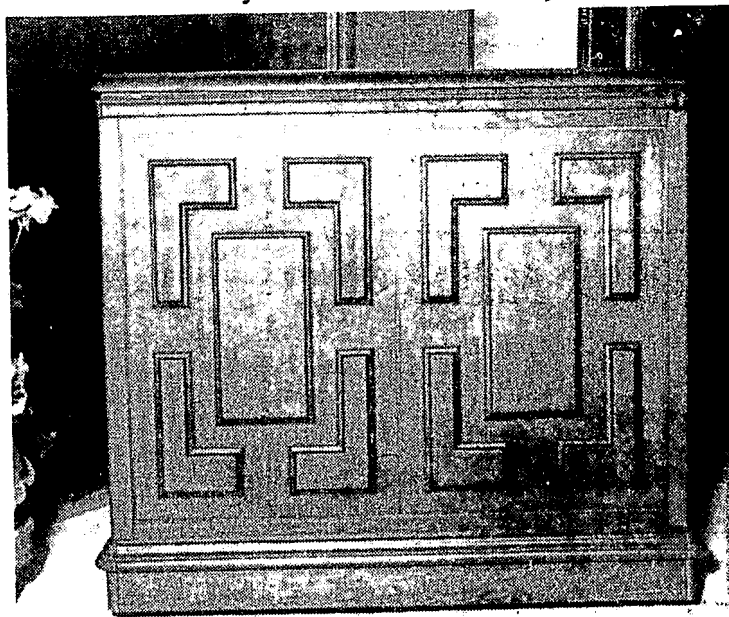

Navy Seaman Apprentice Jimmie D. Hulsey, son of Mr. and Mrs. Charles D. Hulsey of 4695 Lakeview, Drayton Plains, has completed a six-month Mediterranean cruise aboard the attack aircraft carrier USS Saratoga.

While serving as one of two carriers serving with the Sixth Fleet, the Saratoga operates with U.S. and NATO forces.

When not involved in fleet operations, he had the opportunity to visit several Mediterranean ports, including Valletta, Malta; Barcelona, Spain; Palma de Mallorca and Corfu and Rhodes, Greece.

Donations will be accepted on Friday, January 16 from 9 a.m. to 8 p.m. at the

Township Hall. Some of the items to be sold include clothing, toys, furniture, books and knick-knacks.

Anyone who wishes to have articles picked up at his home, is asked to call the chairman, Mrs. Don Hughson, at 623-0449.

## Notice of Public Hearing

### Amendment of Zoning Ordinance

The Planning Commission of the Township of Independence, County of Oakland, State of Michigan will hold a Public Hearing at the Township Hall, 90 North Main Street, Clarkston, Michigan at 7:30 p.m. January 15, 1970 to consider an amendment to the Independence Township Zoning Ordinance No. 51.

Section 22 - Definitions. (Lot) Amended to read as follows:

Lot. - For the purposes of this Ordinance, a lot is a parcel of land at least sufficient size exclusive of areas under water to meet minimum zoning requirements for use, coverage, and area, and to provide such yards and other open spaces as are herein required. Such lot shall have frontage on a recorded street or in lieu of a recorded street, frontage on an easement of a minimum width of thirty (30) feet so recorded with the Oakland County Register of Deeds. Such easement shall be dedicated in perpetuity to serve as access to said parcels, said easement must be dedicated to the Township for utility purposes only. Such lots may consist of:

- (a) A single lot of record;
- (b) A portion of a lot of record if such complies with the State Subdivision Control Act.
- (c) A combination of complete lots of record, of complete lots of record and portions of lots of record, or of portions of lots of record;
- (d) A parcel of land described by metes and bounds; provided that in no case of division or combination shall any residual lot or parcel be created which does not meet the requirements of this Ordinance.

The Zoning Board of Appeals shall take at least the following under advisement prior to granting special permission to build on any lot where access is provided by recorded easement only (not a public road or right-of-way).

1. The parcel or parcels must conform to the minimum size requirements for the zoning district in which they are located.
2. Easement must be cleared and graded and at least six inches of road gravel must be installed twenty feet in width for the entire length of the easement.
3. Evidence that the easement has been properly recorded with the Oakland County Register of Deeds must be shown.
4. It must be clearly evident that a hardship does exist or that such peculiarities exist on the subject parcel that to not grant a variance would amount to a taking of the land.

Section 5. In schedule of district regulations add the following:

In Agricultural District, footnote (11) the same setback requirements as shown for R1A district shall apply when a permit is requested for single family residence with an attached garage. However, all accessory buildings shall comply to the AG district regulations.

Section 5. In schedule of district regulations add the following:

Only Permitted Principle Use (column)

1a. Single Family Residence

Section 5. In schedule of district regulations add the following:

Use permitted after obtaining Board of Appeals Special Exception Permit R1A, Item 6. The Board of Appeals shall also establish a maximum 3 year time limit for the use of the property for horses and shall also specify that no horses shall be housed closer than 100 feet from any dwelling and further, that horses shall be adequately housed and fenced. Permit shall apply only to the petitioner and shall not be transferable.

Section 3. Application of District Regulations add No. 7.

7. All building setbacks shall be measured from the existing or proposed right-of-way line whichever is greater. On all major or secondary roads the rights-of-way as shown on the current Oakland County Road Commission Master Rights-of-Way map as adopted by Independence Township shall be used for measurement purposes.

Section 4. Non-conforming Lots, Non-conforming Uses of Land, Non-conforming Structures, Non-Conforming Uses of Structures and Premises, and Non-conforming Characteristics of Use. Change No. 2, Non-conforming Lots of Record to read:

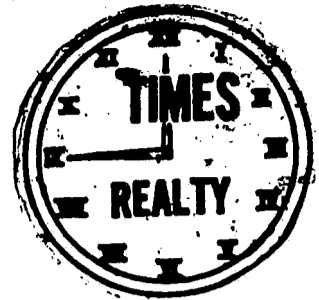

2. Non-conforming Lots of Record

Any lot or property in a single ownership, which ownership was of record at the time of the adoption of this Ordinance, that does not meet the requirements of this Ordinance for yards, courts, or other area of open space, may be utilized for a purpose permitted in the zoning districts in which said lot is located, provided the requirements for area, width, depth or open space is within sixty-five (65) percent of that required by the terms of this Ordinance, excepting that vacant lots in the same ownership having in the aggregate a continuous frontage of two hundred (200) feet or more shall not be subject to this exception. The purpose of this provision is to permit utilization of platted and recorded lots which lack adequate width or depth as long as reasonable standards can be provided.
