10 cents

Jim's Jottings

By Jim Sherman

J. Kirkpatrick came up with an ode to the small businessman in his Windsor, Missouri, Review a while ago which made a lot of sense.

He reported that scarcely a day, a week or month passes but that it is dedicated to someone or something—from national ditch diggers day to national hot dog week to national hire-a-hobo week.

Last and almost forgotten in this maze of remembering is the small or moderate businessman—that unsung individual who made his second mistake, assuming that he is already married, when he decided that he wanted to be his own boss at the store since he obviously wasn't boss at home.

Kirkpatrick points out that the businessman is the chump who pays all kinds of federal taxes and state taxes, levies and fees, and is even forced to do the government's bookkeeping, otherwise referred to as red tape—of which there are miles and miles.

He makes weekly, quarterly and annual reports on everything in his business—from income to industrial safety to fire extinguishers to commodious conveniences.

A businessman is the guy who doesn't have a sufficient quantity of sizes or of kinds of anything the public thinks it wants—except at inventory time when the tax base is fixed.

He is accused of overcharging his customers and underpaying his help and the fact that his own wages figure out to about 73 cents an hour refutes both charges.

A businessman, at one time or another, contributes to the support of a broad spectrum of the community: widows, underprivileged kids, organizations of all kinds, groups, lodges, clubs, tramps, sots and shysters.

His contributions help publish cookbooks, catalogs, plat maps and school annuals.

A businessman is the first one to contact in getting help for industrial development. He sponsors student clubs, buys bowling shirts and pays the sponsor's fees. Not one charity misses when the annual campaign

Janet Gabier

Gabier named Dean-of-Girls

Janet Gabier, recently appointed Dean of Girls, is a graduate of Traverse City High School and received an Associate of Arts degree from Northwestern Michigan College.

At Central Michigan University she majored in English and minored in French and history and received her B.A. and M.A. degrees.

In the fall of 1961, Miss Gabier began teaching English at the Clarkston Senior High School. In addition to being English Department chairman for the last 5 years, she has been on the Oakland County steering committee which is composed of selected department chairmen for the past 3 years.

In June of 1969 she was named State Public Relations Chairman for the Michigan Council of Teachers of English.

Miss Gabier, an avid sports fan, coached cheer leaders. In 1966 the girls were state champions and Miss Gabier was selected State Coach of the Year. The following year the girls were runners-up.

comes along.

He is expected to sell something at cost to a non-profit organization or give it away so that the organization can go into direct competition with him.

After all this, a businessman is expected to show a profit so he can contribute to the welfare of his own family, his mother-in-law, his church and himself.

He is expected to choke back his retorts when the dinner table discussion with his children turns to quotes by his children from the government class teacher who knocks the capitalistic ogre that is private enterprise.

Yes, the small businessman needs his day of recognition.

Administrators assume new duties

Dr. Leslie Greene, Superintendent of Schools, announced 3 administrative reassignments this week. The changes will be effective immediately.

Milford Mason, High School Principal since 1961, is temporarily working on special assignment in the Central Administration Office.

William Dennis, Assistant to the High School Principal, will serve as acting principal for the balance of the school year.

Miss Janet Gabier, newly appointed Dean of Girls and Assistant Principal, Ralph Kenyon, comprise the balance of the High School administrative staff.

Shorten ballot February 16

There is only one contest in the Village Primary Election scheduled for February 16. Five candidates are competing for 3 Trustee seats on the Republican ticket.

The five are: Leonard Davidson, Robinson Court; Ronald Draper, Clarkston Road; Robert C. Jones, Robertson Court; E. Nelson Kimball, N. Main and David Westlund, Holcomb Street.

Donald Cooper, presently serving as a trustee, will seek the office of president. Artemus Pappas, clerk; Mary Ann Pappas,

treasurer and Ralph Thayer, assessor, are incumbents and will ask to be returned to their offices.

The Democratic party has just 3 candidates for the trustees' seats. They are: Jack Hagen, Gerald Hennig and Ruth Basinger. These names will be on the general election ballot in March.

The News will supply profiles on the 5 candidates in the next issue.

Voting polls at the Village Hall, 25 South Main St., will be open from 7 a.m. until 8 p.m.

Fight 2 fires over weekend

The Independence Township Fire Department answered calls from 2 fires over the past weekend.

A fire on January 31 completely destroyed a cottage owned by Charles Lemon. The cottage was located on Pine Knob Road and was unoccupied, according to firemen. There was no known cause for the blaze. Lemon lives in Rochester.

On February 1 the Department was called to 5450 Eastview to the Harold Warner home. It was reported that a fire, caused by faulty electrical wiring caused

\$8,000 in damage to the building and its contents.

Parents go back

Parents will have the opportunity to attend their children's classes at the Sashabaw Junior High School on "Back to School Night" Wednesday, February 11.

All parents will meet in the gym at 7:15 p.m. where they will receive their child's schedule. They will then proceed to attend short sessions in each class.

Mary Fahrner, Julie Bickford and Michael Davidson enjoy a winter treat through the courtesy of the winter elements and the convenience of a low roof.

Free clinic here

"End Rubella Sunday"

On Sunday, February 8, All area children between the ages of 1 and 12 will have the opportunity to be inoculated against Rubella, commonly known as 3 day measles.

Through the diligent efforts of pediatricians of North Oakland County, there will be 13 clinics, staffed with qualified personnel administering the shots free of charge on that day.

The vaccine is being furnished by the State Public Board of Health with funds

provided by the State Legislature.

This is an attempt to erase the disease doctors have discovered to be a contributor to the maiming and crippling of unborn babies when contracted by pregnant women.

Area clinics are located at:

Clarkston, Clarkston Elementary School, 6595 Waldon Rd.

Holly, Patterson Elementary School, 3231 Grange Hall Rd.

Lake Orion-Oxford, St. Joseph's Elementary School, 703 North Lapeer

Rd., Lake Orion.

The clinics will be open from 11 a.m. until 3 p.m. Registration forms will be

required. They can be found in this paper. They are also available at the clinics.

CHS News By Polly Hanson

Very soon, the most waited-for event of the year will occur, the Y-Teens Sadie Hawkins Dance.

For those of you who don't know, a Sadie Hawkins is like any other dance, except for one thing — the girls ask the boys.

The Y-Teens put a lot of work into this dance, but they don't realize the amount of problems that it causes. For example, the main problem is getting up enough courage to ask a boy to be your date. Suddenly it seems as if all of the boys have become frightful ogres. All that you can imagine them saying, is, "No. I wouldn't be caught dead in a public place with you."

After you have zeroed-in on two or three possible targets, you must convince yourself that all of them are just dying for you to ask them. When this is done, it's time to begin the task of actually doing the asking. This is where you learn the amount of courage that you actually have. You take a deep breath, march straight toward him, "Would you like to go to the Sadie Hawkins dance with me?" After the initial shock wears off, he opens his mouth and says . . .

Now before we hear his answer, I think that we should consider the precarious position that the boys are placed in for the next two weeks. They will spend the whole time avoiding "that weird girl who has been staring at me all the time." A boy doesn't exactly relish being asked to attend a dance with a girl who he doesn't even know. It's almost like the proverbial blind date, except this time there won't be a mutual friend along to carry the conversation. Most boys have resigned themselves to being asked, but they still get nervous when they see a girl with that, "Hmmm, you're a possibility," look

in her eyes.

You finally hear his answer, and believe it or not, it's yes.

All girls who are reading this, it is obviously fiction. It's not really hard to find a boy to ask to go with you. Take a few hints from this story, and when the time rolls around, you'll be sure to have a date for the Y-Teens Sadie Hawkins dance.

ARE YOU REGISTERED FOR THE VILLAGE PRIMARY ELECTION IN ?

Who could think of refurnacing at a time like this?

Seems like a funny time to talk about replacing a furnace, huh? Actually, warm weather's the best time to make home repairs. Like replacing a cranky old heating system with modern electric heat.

And now's an especially good time to convert. Right now, your Edison-Approved Electric Heat Contractor will give you \$100 for your old heating system when you change to electric heat.

Why electric heat? It's comfort-

able—really comfortable. No chill one moment nor blast of hot, dry air the next.

And operating cost is guaranteed. Call Edison for details, and some names of Approved Electric Heat Contractors.

So if your old furnace won't make it another winter, remember now's the best time to refurnace . . . to modern electric heat.

obituaries

Vincent Kwiecikowski

Vincent E. Kwiecikowski (Kaye), 85, a retired school teacher, died on January 23 in La Jolla, California.

The former Lake Orion resident was the father of Mrs. Bruce (Wanda) Banks of Clarkston and Mrs. Frank (Adele) Trudell of La Jolla, California.

Also surviving is a son, Vincent of Detroit, 6 grandchildren, 8 great grandchildren and one sister.

He was buried from St. Joseph's Church on January 28 in Holy Sepulchre Cemetery in Southfield.

Recitation of a Parish rosary was on January 27 at Allen's Funeral Home, Lake Orion.

Charlotte Rabideau

Mrs. Joseph (Charlotte Marie) Rabideau of Lake Orion died on January 12. She was 51.

Mrs. Rabideau was a member of the Immaculate Heart of Mary Guild of St. Joseph Catholic Church.

Surviving are her husband, Joseph A., and 4 sons, Robert of Clarkston, Jack of Pontiac and Raymond and Douglas at home.

Also surviving are 11 grandchildren, 3 sisters and 4 brothers.

A rosary was said at Allen's Funeral Home in Lake Orion.

Funeral services were held at St. Joseph's Church on January 26 and burial was in White Chapel Cemetery in Troy.

Co-op reports activities

Mrs. Ruth Vecsei, vice president of the Clarkston Cooperative Nursery, has announced that applications will now be accepted for the fall and winter (1970-71) term at the school. However, because of the response given to this non-profit, licensed program in its first year, there are only openings for three and four-year-old girls.

Parents interested in enrolling their daughters are asked to telephone Mrs. Vecsei at 625-4460.

Activities during the last couple of weeks at the nursery included a skating and sledding party at the home of Mrs. Sharon Marshall and a visit to the school by a policeman. The boys and girls were fascinated by all the equipment in the sheriff's car, especially the flashing lights, loud speaker and siren.

Both the three and four-year-old groups thoroughly enjoyed a winter trip to the Detroit Zoo, where they delighted in watching the penguins waddle and slide into the cold water. They were treated to toasted marshmallows by one of the zoo attendants. Co-op mothers accompanying the children were Mrs. Barbara Carley, Mrs. Ann Dean, Mrs. Susan Greer, Mrs. Sharon Marshall, Mrs. Heather Matora, Mrs. Maxine Lauffer and Mrs. Phyllis Johnson, teacher.

The parents met on January 27 at the United Methodist Church for their monthly parent education meeting.

Mrs. Joann Warrick was the guest lecturer. She was an instructor of music for pre-school children for eight years at the Roeper City and Country School, Bloomfield Hills.

Mrs. Warrick is now involved at Oakland in the continuing pre-school education program for parents and children.

Joggers meet

The Springfield Township Senior Citizen Joggers will meet at the Township Hall in Davisburg on February 7.

The noon meeting will be combined with a cooperative dinner.

Vitamins

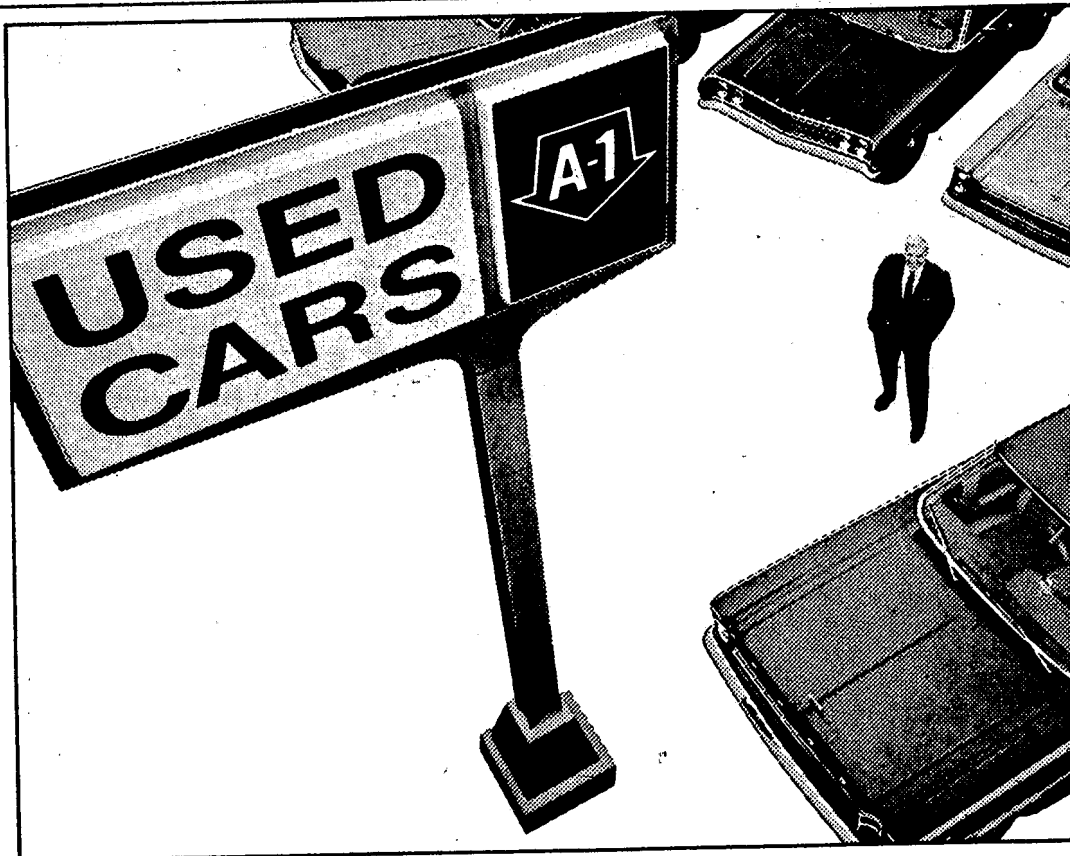

The U. S. Department of Agriculture has just completed a ten-year study of American eating habits. It was found that one-fourth of the diets were low in calcium, one-fifth were low in vitamin C, and one-sixth were low in vitamin A and iron. This doesn't mean we are an under-nourished nation, but that much of the food we eat doesn't meet our basic health needs.

For example, it was noted that the consumption of artificial fruit juices (without vitamin or mineral additives) had doubled in the last decade, and that we are eating 65 percent more sweet baked goods. Filling, but not particularly healthy.

Food, in addition to providing human system with nourishment should also contain elements that enable the body to use these nutrients. This is the process scientists call "metabolism." What worries the nutritionists is that many of the most popular foods in our diet lack the vitamins and minerals that are needed to metabolize those foods. In other words, they provide us with calories but no nourishment.

The nutritionists are in favor of enriching food with nutrients, and they also point out the need for supplementary vitamins to combat the intake of "empty calories." Your doctor will be happy to recommend one of the many high-quality multivitamin products that are now available. We stock most of these because they are essential for good health, and yet cost only a few cents a day.

Happy Birthday Boy Scouts

10 YEARS AGO IN THE CLARKSTON NEWS
February 11, 1960

Mr. and Mrs. George Gray and Mr. and Mrs. Gary Duncan were present at the gala premiere of the pre-auto show for auto dealers and their families.

Mr. and Mrs. Jerome S. Wilford and their daughter, Jody, spent the weekend of January 30th in Ohio on the campus of Oberlin College and in their old home town of Peninsula with friends.

25 YEARS AGO IN THE CLARKSTON NEWS
February 9, 1945

Last Monday night in observance of the 35th anniversary of Boy Scouts of America the Clarkston Troop No. 49 held a Court of Honor at a Father and Son Banquet at the Methodist Church. One of the highlights of the program was the presentation of the Eagle Award to Scout William Ludwig by Carl Brablec.

Every child would like to be a Paper Trooper and wear the emblem on his or her sleeve to show that they, too, are helping the war effort. To get this emblem you must help the waste paper drive. See that a bundle of paper is at the curb by 3 o'clock in the afternoon on Wednesday, February 28th.

Most worthwhile undertakings have a way of remaining beneath the surface of public acclaim. They cement society together in an entity that we call civilization.

One of the most worthwhile undertakings is that honored institution, the Boy Scouts of America. Between February 5 and 13, 1970, over 2 million Boy Scouts in 70,000 troops will celebrate the 60th anniversary of the founding of the Boy Scout movement in the United States.

This year, as the Scouts observe their week, national attention will be drawn to the simple and elementary principles that make civilization possible. These principles are embraced in the Scout law.

The tenets of Scout law go far beyond the world of the Boy Scout. They are the premises of our daily existence. According to Scout law, a Scout is trustworthy. A Scout is loyal to his home, parents and country.

A Scout is helpful. A Scout is friendly and courteous. He is kind. He is obedient. He is cheerful. He is thrifty.

A Scout is brave and clean in body and thought. Finally, a Scout is reverent. As we join in helping the Scouts observe Boy Scout Week this year, it is well to pay tribute, among other things, to the Scout law — and emulate it if we can.

Judging by their past behavior, it will be quite a task for a lot of people.

"If It Fitz . . ."

Mother was a chopper

By Jim Fitzgerald

There's one story I tell about my mother that my kids never believe. "Grandma would never do that," they always say.

But she did, honest.

When I was a small boy I had a big sister. I mean big. She was only 18 months older but she was 4 feet taller and a lot tougher. I've written before about how she used to beat me up for lunch everyday and I'd rather not go into it again. Just thinking about it raises welts on my nose which is where she used to knee me if I was standing up straight.

But Jean's size is important to this unbelievable story about Mother. These days it is fashionable for girls to be tall. They can earn \$100 an hour being live clothes hangers for Harper's Bazaar. But this was not the case in the 1930's. A tall girl

was pitied because it was figured she'd never find a tall boy. She'd never get married and her parents would have to feed her forever.

Mother figured she had to stop Jean from growing. People usually grow at night, while sleeping. So Mother would get up several times every night and go into Jean's bedroom and give her karate chops behind the knees.

"Curl up," Mother would hiss. "Bend your knees or you'll never get married." Chop, chop.

When Jean got up in the morning, she was already sitting down for breakfast. We just had to slip a chair under her.

(In case you're taking notes, Mother's treatment didn't work. Jean became a high-rise, but she found a man even taller. They were married in an old fashioned church with a steeple.)

Anyway, it is ironic that her grandchildren don't believe what Mother did long ago. Her middle-aged children can't believe what she does today.

My 4 sisters and I grew up knowing one thing for sure: Mother was a lady. She had to comb her hair and paint her nails before she'd answer the phone. She'd change from a housedress to a frilly frock before letting the grocery boy in the kitchen. She didn't just dress for dinner, she went formal to midnight snacks. She wouldn't wear low heels because they were too masculine. Her favorite outdoor sport was closing the window. She was Mary Pickford, frills and lace, the most feminine woman in town.

But last week the family threw a birthday party for Mother and there she was, dancing the frug in a pair of

purple slacks. It was like seeing Queen Elizabeth on a motorcycle, wearing a black leather jacket with "The Killers" printed on the back.

Mother has gone mod. If pressed, she will admit she is a great grandmother. But the guy who presses her will get one of her icy stares, the type that my dear father used to feel from across a crowded city. She has apparently decided not to grow old, and that's that.

All of Mother's relatives know she was born Jan. 6, 1900. Even my slowest brother-in-law can perform enough arithmetic to learn her age. But after Mother's birthday party this January, she sent us a thank-you note.

"It was a wonderful party," she said. "If I live to be 70, I'll never forget it."

Dedicate new Baptist church

One hundred eighty people who have worked diligently for 3 years will be rewarded on Sunday, February 8, when the product of their efforts, the Marantha Baptist Church, 5790 Flemmings Lake Rd., will be dedicated.

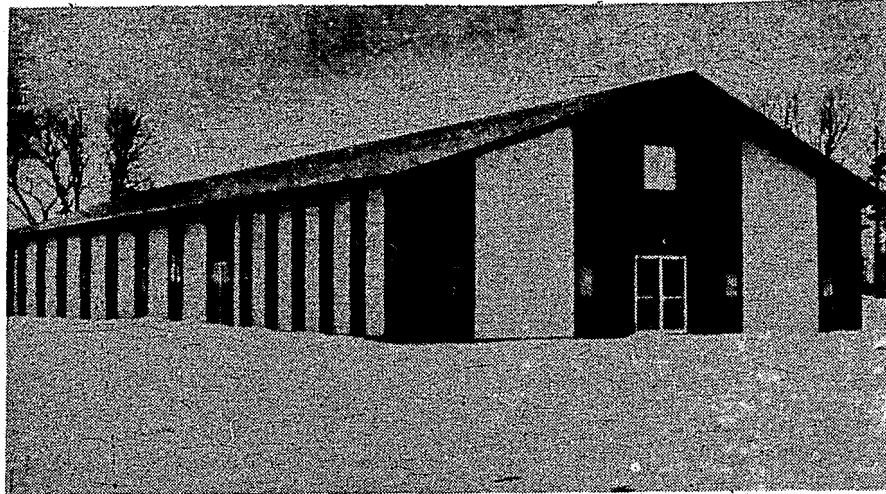

This congregation of people have dismantled a house and barn, cut up, buried, or hauled away 23 junk cars, and bulldozed the 12-acres of land to make it suitable for a church which is presently 52x144 ft. in size and is the first of 3 projected units. They have completed a full sized softball diamond and a picnic area will be finished in spring.

The church membership pride themselves for their youth, music and sincere dedication to their Christian belief.

The Reverend Phillip W. Somers Sr. is the pastor and his son, the Reverend Phillip W. Somers, Jr. is the assistant pastor.

Dedication services are scheduled for Sunday at 3 p.m. when Dr. Harry Love, General Director, Conservative Baptist Association of Michigan will be guest speaker.

The Reverend Clyde White from Curtis, Nebraska will deliver the evening sermon at the 7 p.m. service.

The new Marantha Baptist Church will be dedicated Sunday.

openings

The Drayton Plains Co-Op Nursery School is now taking enrollments for September, 1970. This year the school will be taking children from three to five years old with morning and afternoon sessions available to them.

The school is held in Christ Lutheran Church, Williams Lake road. For more information about the school call Mrs. James Lowery at 623-0652.

NOTICE

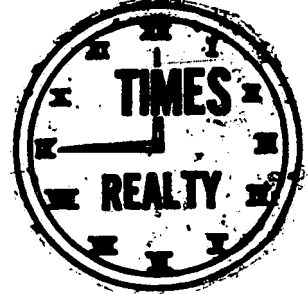

A public hearing will be held at 7:30 p.m. on **W E D N E S D A Y**, FEBRUARY 18TH, in the auditorium of the Clarkston Senior High School for the purpose of hearing objection to closing certain areas of Independence Township to hunting small game and/or the discharge of firearms.

OPEN LINE

Q What is scientific forest management?

A In the early years of Michigan's industrial development, loggers overcut our native forests and left behind eroding riverbanks. Consumers Power helped to restore these lands through reforestation. Today, through scientific forest management, we set limits on the number of trees cut down and continue to plant new trees where needed. Thus the forests provide a continuing harvest for use by the wood and paper industries.

Q What kind of recreation facilities are available on Consumers Power lands?

A Consumers Power maintains 39 recreation areas along the Muskegon, Manistee and Au Sable Rivers. These areas are variously designated for camping, boating, picnicking and fishing. All are open to the public, and we ask only that visitors respect the rules pertaining to use of the lands. For reasons of sanitation, we try to keep the public particularly aware of camping regulations.

Q What are the limits of camping in the recreation areas?

A Camping is permitted only at those sites where it is authorized. These authorized campsites are equipped with the necessary services and facilities. Most are operated by the State of Michigan. Consumers Power must insist that any tents and trailers in unauthorized areas be removed. Only by observing the rules can we keep our recreation sites in good condition for use by all.

*Making
Life
Better*

**No, John Halberstam isn't a farmer.
He's planting trees for the power company.**

For Consumers Power, cultivating trees is an important part of our good neighbor policy. The company owns some 750 miles of land along the banks of the Au Sable, Manistee and Muskegon Rivers. By combining the operation of our hydroelectric plants with scientific forest and land use management, we are able to provide vacationers with some of Michigan's most beautiful recreation areas. Where riverlands have been misused in the past, we have worked with state and federal conservation agencies and with volunteer groups to reclaim the areas. Because we live here and work here, we care about making life better.

**Consumers
Power**

60th anniversary

Brownie Troop 16 had a Saturday family ice skating party with 50 people in attendance. It was held at the home of their leader, Mrs. Bray. Refreshments were served. This troop has started taking 10 weeks of roller skating instruction at the Rolladium.

Mrs. Vicki Sharrow and Mrs. Maxine King are the leaders of Junior Troop 184, while their former leader, Mrs. Shirley Flynn, is on maternity leave.

Skating parties were held recently by several of the troops, including Brownie 692, Brownie 757, Junior 126, Junior 880 and Junior 501.

Brownie Troop 800 had a sliding party on Huttenlocher's hill as the weather, on the day they had chosen, wasn't good for skating.

Plans for February for Brownie Troops

278 and 190 include trips to the Huron Theatre to see "1001 Dalmations." Junior Troop 201 has scheduled a trip to the Pontiac Press for this week and Junior Troop 501 is going to go to the new Clarkston Library.

Bird-feeders are being made by Brownie Troop 190 and they are learning about feeding the birds in winter.

Since the ice on the lakes will be melting in the near future, Brownie Troop 757 will be receiving ice safety instructions this month.

Many of the troops are planning Valentine parties and making Valentines. Other indoor activities include learning new songs and games. Brownie Troop 692 is learning to knit. Junior Troop 880 is making place mats for the sewing merit badge to which they are working together.

Junior Troop 453 is planning a Court of Honor in February at Mrs. Vastine's home, and the badges earned by the girls in that troop will be given out then.

First aid and how to assemble a first aid kit will be part of the instruction for Junior Troop 501 in February.

Senior Troop 206 is making plans for "Freeze In" to be held at Camp Oweki on February 20.

The Clarkston Neighborhood has a new nominating committee which will run through June. It includes Mrs. Dorothy King, chairman; Mrs. Kay Johnson, Mrs. Bobbi Vastine, Mrs. Pat Bray and Mrs. Vicki Hamilton.

All the troops are busy working on their party for the Thinking Day Rally, which will be at the junior high gym on February 18 at 7:30 p.m. All the parents of the Scouts are urged to mark this date on their calendars and attend with their daughters.

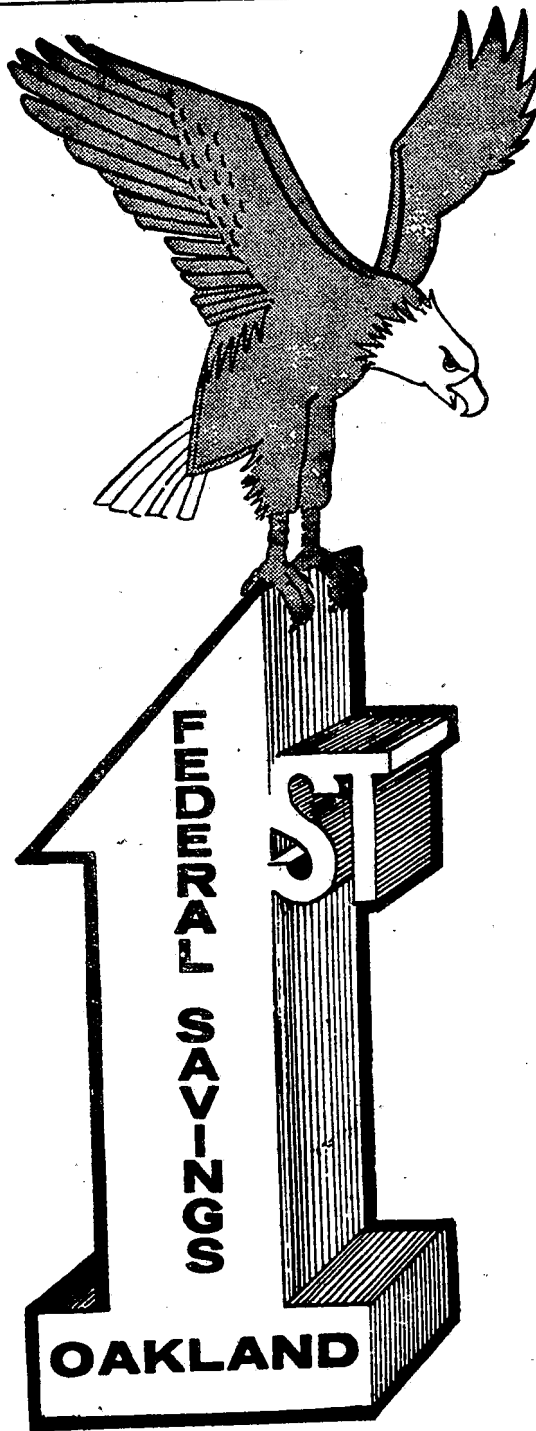

The Girl Scout cookies, which were sold in January, will be delivered between February 27 and March 15. Additional orders will be taken at this time.

More than 16,000 Cub Scouts, Boy Scouts, Explorers and their adult volunteer leaders in the Clinton Valley Council, Boy Scouts of America, will observe Scouting's 60th anniversary during Boy Scout Week February 7-13.

As part of Boy Scout Week, units in the council will hold open houses, 60th birthday observances, Cub Scout Blue and Gold banquets, demonstrate Scouting skills and exhibit Scouting handicraft. Several units will have special displays in store windows.

The week's activities will get under way a day early on Friday, February 6, with Uniform Day when Scouts throughout the council wear their uniforms to school. Another highlight on Sunday, February 8, will focus attention on Boy Scouts when many churches will honor their Scouts and many troops will attend church services together.

Other special days of the observance week will include Volunteer Day on Tuesday, February 10, and World Brotherhood Day, Wednesday, February 11. On Sunday, February 15, a special mass honoring Scouting will be said at 11:30 a.m. at the Columbiere College Chapel, Clarkston.

Letters to the Editor

Memories

37 East Church
Clarkston, Michigan 48016
January 28, 1970

Editor, Clarkston News,
Clarkston, Michigan
Gentlemen:

Many years have flown since we last dropped in at Durgin and Parks for lunch or for dinner, yet no experienced Bostonian can easily forget their fish chowder, their broiled mackerel, creamed finnan haddie, Indian pudding or strawberry shortcake and the latter, a twenty-five cent special in season, was a real chore for the ablest feeder. Durgin and Parks and their worthy competitor Jones and Marshalls, both located close to the big food markets, were put under way to serve the market men, who demanded

quality and quantity and 'come as you are' service and got all three. If I remember correctly, the waiters at Durgins were men in their middle years and they wore swallowtail coats, boiled shirts, wing collars and black string ties and were wrapped in white aprons.

To carry this Boston business a bit further, I recall that on succeeding weeks during the Lenten season years ago I heard the late Dr. Henry Van Dyke, eminent Presbyterian, and the late Dr. Willard L. Sperry of Yale Divinity School speak at noon services in King's Chapel on the Tremont-Bromfield Street corner. King's Chapel was the British Royal Governor's Anglican house of prayer in the years prior to our little trouble with George III and is now for many decades a Unitarian Church, and just once on Armistice Day I heard Governor Calvin Coolidge give his annual oration on the

Common in his best nasal twang and but few were there to listen.

With kindest regards to you and to the gentleman who likes Boston, I am
Yours,
Everett

Moved

Jan. 28, 1970

Dear Sir:

I used to be a resident of Clarkston, from birth until July of 1968. My family and I moved to Florida. We received the Clarkston paper every week.

When my parents moved from Cape Canaveral to West Palm Beach, I stayed in Cape Canaveral. My mother saved all the Clarkston papers and I enjoyed them very much.

I have recently taken a job with the FBI in Washington, D.C. and would like to subscribe to the paper. Enclosed you will find a check to start a subscription for me immediately. Thank you.

Sincerely yours,
Penny Norris

Becomes nurse

Marlene Flanagan of 9760 Sashabaw Rd. was among 28 students who received diplomas as graduates of the Oakland Community College Practical Nurse Center recently in the Oakland County Supervisors Auditorium.

Originally conducted under the supervision of the Pontiac Public Schools, this is the fifth class to be graduated since OCC assumed responsibility for the program in September, 1967, according to Mrs. Margaret L. Broadman, R.N., Program Coordinator.

The graduates of the one-year, state-approved training program obtained their clinical experience at Pontiac General, Crittenton (Rochester) and St. Joseph's Mercy Hospitals, Lourdes Nursing Home and the Oakland County Sanitorium.

Dr. Derek N. Nunney, OCC Vice President for Instruction and Walter J. Fightmaster, OCC Executive Director of Community Services, presided at the graduation.

Purchase all your OFFICE SUPPLIES at the Clarkston News Office, 5 South Main, Clarkston.

Girl Scouts NEWS

Senior Troop 206

Ann Presno has been accepted to attend a Senior Girl Scout conference in Wisconsin. From February 27 through March 1, Ann will attend "To Be Alive" at George Williams College Camp, Williams Bay, Wisconsin.

There she will listen in on discussion groups of college students on drugs, our educational system, protest, human rights and "A Better You." She will be traveling by bus to Wisconsin, where she will lodge with sister Scouts.

February 18 is the Thinking Day Program at Clarkston High School Little Theatre. It will be held at 7:30 p.m. Practice is on the 16th.

The weekend of Feb. 20 to 22 will find the Clarkston troop hosting the 3rd annual Freeze-In. This year, the 18 hour outside ordeal, in temperatures no higher than 32 degrees, will be held at the Camp Fire Girls' Camp Oweki. The Freeze-In is to give experience in winter camping to Senior Girl Scouts and 3rd Year Cadettes. Activities such as skating and tobogganing are planned before the time of unrolling the bags and bearing the cold for the night. No tents are allowed, but each girl is given ½ bale of straw.

Southern Oakland G.S. Council has arranged for animal aid training with the Detroit Zoo. Training sessions last for 2 hours on 4 consecutive Saturdays starting February 28. Each girl must complete 50 hours of service to receive her aid bar.

As service, the girls will act as tour guides on Sundays at the Zoo. Sounds like fun, doesn't it?

This weekend, February 6, 7 and 8, Becky Byers is attending a co-ed camping weekend at Holly Recreation Area. Explorer Scouts of the areas are planning activities such as skiing, skating, sleigh rides, tobogganing and sledding. Everyone will sleep in tents.

As you probably know, Girl Scout cookie orders have been taken and will be delivered February 27 through March 15. Get ready, people, here we come.

Snow Milford

On Tuesday, January 27, in a meet with Milford, the Clarkston ski team skied to another victory. The boys won by 17.7 seconds. The meet gave the team's number one boy, Jim Kluesner, his third first place of the season. The other Clarkston boys placing in the meet were Gary Harvey, who took second; Bill Conrad took fourth, and Jeff Ollila, fifth.

On the girls' team, Kris Johnson took first place, Denise Meyers took third and Kathy Mayer placed fourth. The girls won by 45.5 seconds.

VILLAGE OF CLARKSTON

Minutes of Regular Meeting
Village Council January 26, 1970

Meeting called to order by President Russell.

Roll: Cooper, present; Fahrner, present; Hagen, present; Johnston, present; Kushman, present; Mahar, absent.

Minutes of the last meeting were read and approved.

Moved by Cooper, "That the lot splitting request as submitted by O'Neil Realty on September 19, 1969, be approved as requested." Seconded by Kushman. Motion carried.

The clerk was instructed to correspond with the McGinnis Engineering Company for review and study of the original recommendations as well as suggested alternate solutions to the Deerfield Hills Subdivision drain problem.

Mr. Clayton Frick, Village Electrical Inspector, was present to request authority to license electricians operating within the Village of Clarkston. Mr. Frick was instructed to issue licenses as applicable within the Village.

Moved by Fahrner that the following resolution be passed:

RESOLUTION

WHEREAS Elizabeth Ronk has served the Village of Clarkston for a period of thirty-six years, of which thirty-four years were as Postmaster, and

WHEREAS Mrs. Ronk is retiring from her duties as Postmaster after having contributed so much in service to this community, and

WHEREAS the citizens of the Village of Clarkston wish to show their gratitude to Mrs. Ronk, therefore be it

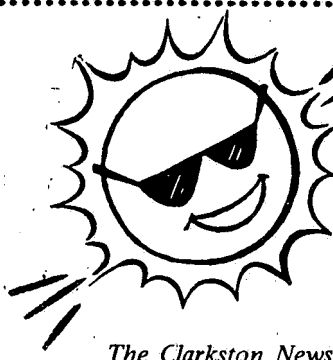

RESOLVED that February 9, 1970, be declared Elizabeth Ronk Day in commemoration of the dedicated service rendered the community, and further

RESOLVED that this resolution be made a part of the permanent records of the Village of Clarkston so that the community service of this fine person establish a guide for all those who serve their fellow citizens.

Seconded by Cooper. Motion carried.

Moved by Kushman that the meeting be adjourned. Seconded by Cooper. Motion carried.

Artemus M. Pappas,
Village Clerk

*The bright side
of students*

The Clarkston News will print in this column outstanding student writings that are sent to us by teachers.

This article was sent to us by Pastor Arlon Stubbe of Calvary Lutheran Church. It was written by Richard Butler who is a sophomore at Clarkston High School, an Eagle Scout in Troop 189 and a member of Calvary Lutheran Church. He is the son of Mr. and Mrs. Richard Butler of Ellis road.

"In my opinion it's a person who doesn't care about anything except his own pleasure of drinking, narcotics, and radical rowdiness. He is a person that has too much time on his hands. A kid who isn't a delinquent believes in having fun, but can control himself. He doesn't have time to be a delinquent. He is a person who is concerned about his grades and future achievements. He is a person who takes part in organizations. He plays sports of all sorts. He may be a member of the Scout movement or boys' club, or something like this. The most important of all is he usually belongs to a church and church can keep him pretty busy.

He is a person who takes part in school activity, not just regular school hours, but sacrifice time after school. In other words, a kid who is not a delinquent is a person who is concerned about himself, his friends and the world around him.

Don't get me wrong. A delinquent cares about the world around him. These people who demonstrate against the war and other things care about the world around them. But what are they doing when they burn buildings and start fights? They're just making it worse. They care for the world but don't help it. They take drugs and drink to get away from it all. It is at this point that they don't care. They don't care if their brain dies, because of the fun they're having, now with drugs. They don't care about the smashing of the stolen car, just that it didn't help their hangover.

Delinquency doesn't stop when he is no longer a juvenile. He carries on to have fun. He and thousands like him raise insurance costs for sober drivers. He's ruining your life. For example, more

police are needed to control his kind. This raises your taxes. So his kind is hurting you.

What can you do to stop this? To start, this church is trying to start a youth group. We need your help. Encourage the kids. Think about it."

This essay was written by Rick as part of his share of the Youth Sunday Service on Jan. 25. They are his words, without comment or correction by adults.

SCHOOL MENU

CLARKSTON COMMUNITY SCHOOLS
February 9-17

MONDAY—Hot dog in bun, potato chips, buttered corn, cherry cobbler and milk.

TUESDAY—Macaroni & cheese, green beans, peach waldorf salad, bread & butter, peanut butter brownie and milk.

WEDNESDAY—Tomato soup & crackers, peanut butter sandwich, carrot & celery stix, apple pie & cheese wedge, and milk.

THURSDAY—Tuna noodle casserole, buttered peas, cabbage salad, home made rolls, butter, fruit cup and milk.

FRIDAY—Pizzaburger, buttered corn, lettuce salad, pudding with peaches and milk.

Church repeats

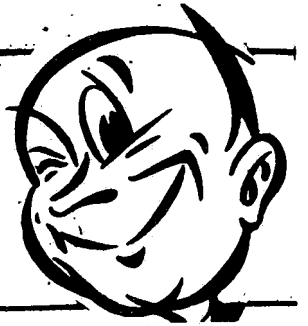

The Church of the Resurrection on Clarkston-Orion Rd. in Clarkston is having another of their sample sales. The sale will include 2 lines of famous-make, name-brand men's clothing; dress shirts, knit shirts, swim suits, jackets, short pants, shorts and cabana sets. It is scheduled for Friday, Feb. 6th, from 7 p.m. to 9 p.m., and Saturday, Feb. 7th, from 10 a.m. to 2 p.m.

Chairman for this event is Mrs. Chris Easley. Excellent buys on men's clothing will be available to those who attend and help the ECW group make this another successful event.

by Haslett Hemmor

The old blue goose

(Part Two)

That boy of mine, always has been handy with all kinds of engines. School really don't interest Jack too much, but give him an engine problem and the kid goes plain nuts with joy.

Anyway, he tells me how he saw our old car stranded there side of the road and made a couple quick trouble checks—whatever they do—he decided that the gas line is plugged, so he takes off the air cleaner and holds his hand tight over the top of the carburetor.

Then, he tells me, he kicked the starter over a half dozen times and somehow that pulled through a slug of something that was stuck someplace. Can't say how he made her turn over while he's out there with the hood up and his mitt over the carburetor, but guess there must be a way.

"You're a good kid, Jack," I tell him, "and I'm sure grateful that we got one smart member in this here family. Got to run now for a few minutes. Be back in a quarter

hour."
"Want I should go along, Pa?" he asks me. "Sure could do it again. Can't be sure that she won't plug up again. Should drain out all that dirty gas and blow out the lines."
"Thanks, Jack," I say. "Thanks a lot, but this trip is kind of personal, and I'll just have to take my chances on the old Blue Goose stalling out again."

Out I go quick to get there before Welcome arrives with the wrecker. Drive a little past where I stalled and turn around in Wilson's drive so I'll be headed toward home again. Pull to the side a ways North of where I stalled so there'll only be one set of tracks in the snow.

Leave her running there and jump out quick to get the hood up. Then I unscrew the big old air cleaner (that much I do know, because I've seen people unscrew the wing-nut enough times so there's no way I can mess that up.)

Wait there only maybe a couple minutes before Welcome wheels up with the wrecker.

I look up, say Hi and put the big air cleaner back on. Screw the wing-nut down good and check real careful-like to be sure she's lined up right. Then I slam down the hood and walk over to Welcome who's just sitting there in the wrecker with his mouth open, like he's just seen a miracle.

"Called you back, immediate," I explain to him. "You hung up right after I said don't bother to come. Called you right back but you must of took off right away, because I got Winnie on the line."

"How'd you get back here so fast?" Welcome asks me. "Don't tell me you ran."

"Got a ride," I tell him. "Got a ride right away after I hung up. Figured when I was still talking to you that the old Blue Goose would run with a little encouragement

from a top-notch master mechanic."

"What was the trouble?" Welcome asks, still sort of on the suspicious side.

"Slug in the gas line," I tell him. "Could a been a chunk of ice. Who knows?"

"Blow it out?" Welcome quizzes me. "Put your big mouth to her and huff and puff? Wonder you didn't crack the block with all the wind pressure you got."

"Sometimes," I tell him real patient-like, "sometimes just holding a hand tight over the carburetor will suck a slug through and clear up the trouble. You know, just kick it over a few times with the carburetor closed off on top."

"Yeh," says Welcome, "yeh, I've done it myself, but sure didn't figure you to be that smart."

"Oh," says I, "You never know. Maybe you never will."

Kutting Korners

By Jean Sura

Here are the bonus recipes that came with the soup and carrot cake recipes. This one sounds great for the day you want to go shopping or read a good book.

Stay-in-bed-Stew from Dorothy Mosher

Place in a 2-quart casserole:
2 pounds beef for stew (cut up)
1 cup carrots
1 cup celery
2 cups diced onion
1 bay leaf
1 cup tomato sauce
1 cup beef bouillon (cube)
Add an optional amount of cubed potatoes for the last 15 minutes. Bake in a 275 degree oven for 5 hours. Serve.

Mrs. Tom Hunter sent one of her favorite dessert recipes.

Pastel Dessert

1 package vanilla tapioca pudding
1 package fruit flavored jello
2 cups water
Mix above ingredients over medium heat. Stir until clear and thick.

Chill in refrigerator, stirring often. When slightly thickened, mix 1 package of dream whip and fold it into the pudding. Pour into mold and chill.

Mrs. Jessie Urick's recipe for soup cake arrived a little late. She sent a bonus cake recipe, too. I loved the story that came with her cake and butter-cream icing recipe.

"I also happened to remember a cake recipe that my sister-in-law once sent me from New York State," said Mrs. Urick. "It was accompanied by a little story to the effect that a lady, having dinner at the Waldorf Astoria, was taken with the cake she was served and asked the waiter for the recipe. He took her name and address and promised to have the chef mail it to her. When she received the recipe she also received a bill for \$300. This rather flabbergasted the lady and she consulted an attorney, who informed her, to her regret, that she did indeed owe the money because she had requested that

the recipe be sent to her.

"To get even with the hotel, she gave the recipe away, free, to all of her friends.

"Don't ask me where my sister-in-law got it," concludes Mrs. Urick. "But here it is."

\$300 Waldorf Astoria Red Cake

Cream:
½ cup vegetable shortening
1½ cups sugar
Add 2 eggs.
Make a paste of:
2 tablespoons (heaping) cocoa
¼ cup red coloring
Add to cake mixture.
Sift:

2¼ cups cake flour
1 teaspoon salt
Add dry ingredients alternately with 1 cup buttermilk. Add:
1 teaspoon vanilla
1 teaspoon baking soda mixed with 1 tablespoon vinegar

Fold into cake. Blend instead of beating. Bake at 350 degrees for 24 to 30 minutes. Cool layers and split.

Butter Cream Icing

Cook 3 tablespoons flour and 1 cup milk to a thick custard and cool.

Mix into cooled mixture:
1 cup sugar
1 cup oleo
1 teaspoon vanilla

Blend until it is the consistency of whipped cream.

This icing stays soft.

Sounds good enough to try, don't you think?

Around the Town

Three generations celebrate

By Barb Humphreys

A three generation birthday dinner was held recently at the home of Mr. and Mrs. James Johnson on Orion road. Son Erik's birthday is the seventeenth and Mr. Johnson and his mother, Mrs. Leslie M. Johnson of Hummingbird, have theirs on the eighteenth. Included in the family gathering was Alejandro Orizala, who is an exchange student from Chile. He is living with the Johnson family while attending school here.

Many of those who attended the recent Jaycee pageant in Clarkston reported, among the other flattering comments, "how well organized it was." Our local group's efforts did not go unnoticed, as they received an award for the third best pageant in the state.

Hard work should be followed by a little fun, so fourteen of the Jaycees and their families enjoyed a skating party recently on Little Walters' Lake. "There were plenty of hot dogs, but the coffee and hot chocolate were the most popular items because it was a cold and damp day."

Mrs. William Genshaw, a teacher at Clarkston Elementary, thought she would be attending a home demonstration last Thursday at the home of Mrs. Kelly Martin on Snowapple. Much to her surprise, many of her friends from school were there to shower her expected baby with gifts. Mrs. Martin was assisted by Mrs. Jim Wenger and Mrs. Tom Osler.

The Lake Orion Jaycees have selected Mr. Walter Tinsler of Snowapple to be honored as the "Boss of the Year." Mr. Tinsler is a supervisor at Pontiac Motors, and his name was entered by Mr. Rip VanMeter of Lake Orion.

Rip Van Meter, right, of the Lake Orion Jaycees, presents a plaque to his boss, Walter Tinsler of Snow Apple Drive, naming him "Boss of the Year."

Mothers who marched recently for the Independence Township Mothers March of Dimes, a fund that is working to eliminate birth defects, collected \$1,270.33, according to Mrs. Dawn Tower, Township chairman.

Mr. and Mrs. Bill Fairse of Almond Lane entertained their Pinochle club last Saturday evening. The couples enjoying the party were: Mr. and Mrs. Don Kitchin, Mr. and Mrs. Dick Stark, Mr. and Mrs. Harold Welch, Mr. and Mrs. Bill McGovern, Mr. and Mrs. Irv Humbaugh, Mr. and Mrs. Bob McCarrick and Mr. and Mrs. Harold See.

The ladies that have been attending the "Weight Watchers" each Tuesday evening are starting to notice some very pleasing results because of their diligence and fortitude. We won't mention any names, but wait until spring and those big, bulky coats come off. The rest of us are going to be quite envious of the trim ladies around our town.

Calvary Lutheran Church will hold their annual "Father and Son Banquet" February 4 at the church. Home-made spaghetti will be prepared by the ladies. "Bear Country," a Walt Disney movie, will be shown following the dinner.

Mr. and Mrs. William E. Willson of Clarkston, pictured at Pembroke, Bermuda where they stayed recently while on their vacation.

Ball benefits handicapped

A Mardi Gras Ball will be held at Spring Lake Country Club on Saturday, February 7 from 9:30 p.m. until 1:30 a.m.

Sponsored by the Epsilon Sigma Alpha Sorority, the Ball will benefit New Horizons, an organization that assists the employable mentally handicapped in this area.

"This is our 3rd annual party," said the treasurer, Mrs. Robert Kraud, "and we are looking forward to a good response. Dress for the dance is semi-formal. I have tickets available and will be happy to supply them to anyone who calls me at 625-1764."

REAR GUARD — Tom Mauti can't see him, but there's trouble brewing from a Brighton player coming up behind him. Maybe Mauti sensed it, because he went under the basket and shot from the far side. Brighton won Friday's game, 74-64.

Wolves stay cool

By Dan Hallman

The Clarkston Wolves managed to stay cold during the thaw last weekend as they dropped a 47-37 verdict to the West Bloomfield Lakers. The Lakers tried making it tough by shooting badly for one half, but in the end it was the Wolves who played in that particular manner the longest.

Clarkston started the game with a box zone defense to try and stop Don Johnson, the Lakers' 6'4" center. They ran it effectively as West Bloomfield did not score until the 4:12 mark of the first quarter. Neither team hit well during the first half, but Clarkston led for the distance and went into the locker room

ahead by one point, 21-20.

In the third quarter, while the Wolves were concentrating on stopping Johnson, Casey Hamill, a guard, was plugging away from the field. Clarkston only scored 6 points the entire third quarter and Steve Warman picked up four of them.

West Bloomfield started finding the range in the fourth quarter and with Hamill hitting seven big points, the Lakers' lead proved to be insurmountable. Hamill led all scorers with 22 while Steve Warman hit 14 for Clarkston.

Friday the Wolves venture to Clarenceville and will take on the Trojans, who are always tough on their home floor.

Dead reckoning . . .

Hang on pharmacists everywhere

By Don Lytle

On my desk I keep an antique tonic bottle labeled "Warner's Safe Cure." Sprawled around the Tippecanoe Safe trademark in very deliberate prose is a message of medicinal relief that would thrill Park-Davis Company in its comprehensiveness.

Here's the pitch.

"Cures Kidney & Liver and Bright's Disease & Jaundice, Diarrhea, Pain in the Back, Headache, Dropsy, Impotency [Oh, Dear!] and Dyspepsia; Inflammation of Kidneys, Liver and Urinary Organs, Tumors, Abscesses, Irregular Periods and Convulsions, Female Complaints, Change of Life, Beneficial in Gestation, Debility [infirmary], Malaria, Heart, Blood Skin and other Diseases Caused by Deranged [insane?] Kidneys and Liver.

"Keep in cool place and corked. Shake bottle well before using. This medicine is not genuine if the private stamp over cork bearing firm's signature is broken, tampered with or missing.

"DIRECTIONS. Dose: for Adults one tablespoon, Six or Eight times a day, taken clear or in an equal amount of water, or in warm or cold milk before or after meals, to suit time or taste. If it nauseates, as it may in extreme cases, reduce the dose or heat it moderately and take after meals in warm or cold milk, until the tone of the stomach is improved.

"For Children under 2 years, One teaspoon; under 10, two teaspoonsful warmed and taken in milk. Keep the bowels open of Babes by injections, of Children and Adults by Warner's Safe Pills only [the first commercial?]. Discard all Drugs and other medicines during treatment. Wear flannel or warm underclothing. Avoid all exposure and give the body a thorough rubbing once a day, taking care not to catch cold. [The cold still plagues us].

"DIET. (In extreme cases.) Diet is very important. Do not use fresh salt or salt-meats, or pork; spirits, beer, wine, ice water, tea, coffee; tobacco; hot bread; cakes, pies, pastry, or any rich greasy

substances. Eat sparingly: fresh fish, soft baked potatoes, soft boiled eggs, boiled onions, raw oysters [must I chew them?], raw cabbage, (both with but little vinegar); milk, if agreeable, simple broths; corn and graham bread; tomatoes, asparagus, celery; fruits, moderately in season, if craved; Hot water with simple fruit flavoring, but should not be drunk excessively.

"For DIABETES, use Safe Diabetes Cure and Diabetes Diet [the final commercial]."

This wonderful tonic sold for only one dollar!

As I ponder my multi-shelved medicine cabinet so designed for the proper storage of the multitude of drugs needed today for the reduction of human misery and the production of human longevity, I can't help but long for the simpler days when one bottle handled it.

At least if the tonic didn't help (who am I to say it did or didn't?), it must have been a charge to imbibe. You could simply "numb" the malady out of mind and perhaps out of existence by increasing the amount and frequency of the dosage. A bottle a day probably did it.

"I'm feeling no pain" I think the line goes.

Swim class cancelled on February 14

The 2nd of 3 Jaycee sponsored swim sessions began on January 10 and runs through March 7.

"There will be no class on February 14 due to previous commitments at the pool," said Mr. Larry Thompson, chairman of the program.

All bus chaperones are expected to get replacements if they are unable to fulfill their assignments.

Mr. Thompson can be reached at 625-1929 for further information.

Clarkston-Avondale favored

Clarkston Wrestling Invitational Saturday

The Clarkston matmen upped their record to 9-1 last Tuesday by walking past Lake Orion 43-10.

It will be a first for Clarkston this year when they host their own tournament Saturday. Besides Clarkston, Avondale, Davison, Troy, Rochester, Our Lady of Sorrows, Waterford Township and Mt. Clemens are included in the tournament.

From this list of teams it should be evident that the tournament will be tough. Sorrows, Avondale and Clarkston all placed in the top ten at the Oakland Christmas Tournament. Waterford Township is not as strong as they have been in past years, although they do have some outstanding individual wrestlers.

Mt. Clemens has a strong, aggressive team and Davison has been coming up lately. In the final analysis the tournament should come down to a close, tough battle between Avondale and Clarkston.

The preliminaries start at 10 a.m. and cost fifty cents. The finals cost one dollar and start at 7:00 p.m. The price of an all-day ticket is \$1.25.

This should prove to be an interesting and worthwhile tournament. Anyone who likes good wrestling should be delighted by this tournament for all the teams have hustling and aggressive wrestlers.

For those who have not seen wrestling before, this would be a good introduction to a unique sport.

"Wolverines" win 1 lose 1

DETROIT COUNTRY DAY:

In a lopsided game the Wolverines defeated Detroit Country Day by the score of 65 to 27. The game, which saw the starters sitting out much of the game,

was a good opportunity for coach McDonald to get a look at his whole team in action. Every player on the team scored and had a good opportunity to be seen in action by their fellow classmates and parents.

"Cougars" win

The Cougars put an end to their two game losing streak as they defeated Linden Junior High School 58 to 40, Monday, Jan. 26th.

High scorers for Sashabaw were Larry Miracle and Ed Medlin, with 13 points each. The entire Cougar Team was on the prowl as they led Linden 19 to 9 in the first quarter.

In the second quarter Linden out-scored Sashabaw 12 to 7, but 12 points was not enough to gain the lead.

In the fourth quarter the Cougars gave Linden little chance to catch up, and Coach James Koslosky's team posted another victory. Record is now 4 wins and 4 losses.

Next game is Monday, Feb. 2nd, when over Linden comes to Sashabaw at 7:00 p.m. Monday, Feb. 9th is Sashabaw's last home game of the season... They will play Detroit Country Day, at 4:00 p.m.

ROCHESTER ADAMS:

A 52-45 defeat by Rochester Adams lowered the Wolverines' record to 5 wins and 3 losses. The Wolverines' sputtering offense never quite got going and fell short of their 56 points per game average and it proved their undoing. Most of the scoring was done by Bill Hamilton with 12 points, and Dave Partlo and Bruce Soulbey with 10 points each.

The Wolverines travel to Waterford Mason on Friday, February 6 for their next game.

Masonic Dinner

The Austin Chapter No. 396, O.E.S. Davisburg, will sponsor a Mallet Dinner on Saturday, February 7 at Masonic Temple in Davisburg.

The dinner will be served family style at 6:30 p.m.

Once Over Lightly

By Jim Sherman

The morning of January 21 we received 2 phone calls about the sky. One said there was a rainbow, the other a ring around the sun. It was a bitter, cold day.

Action Line in the Free Press told what it was.

"Sun dogs, things scientists call parahelia (mock suns). They're common around the poles, rarely seen in these parts except in polar weather; happen when sunlight bounces off ice crystals high up in earth's atmosphere, throwing one halo of light around the sun and another parallel to the horizon on what's called a parahelic circle. Bright lights appear along circle looking like a whole row of suns. As real sun rises in the sky, mock suns get flaming tails and you see a polar-style rainbow. Red's the only color because light acts different bouncing off ice crystals than when it shines through raindrops to make multi-colored arcs."

Wasn't it about a year ago when some scientists were telling us the earth was shifting and it was affecting our seasons? Summers were becoming colder and winters warmer?

Or was it those people who predicted California would slip into the ocean last year? I never did hear... did it?

Ken Wilson, manager of Bald Mountain Golf Course, lives on that portion of Lake Orion lake that comes close to Indianwood road, near Fernhurst St., where numerous geese congregate.

Ken had a session in the hospital after the golf season and the geese lightened his recuperation by just being nearby for him to watch. He's rewarding them daily with feed. About \$12.00 worth a week.

Ken told me that the conservationists frown on his feeding the geese. They think Ken will tire and the geese will have trouble finding feed since they have become dependent on him.

Could be with some people, but not Ken. It's a point, though. If you start feeding geese with any regularity, don't stop. Conservationists would rather you just don't start. The geese will find feed.

Resurfacing of M-59 scheduled

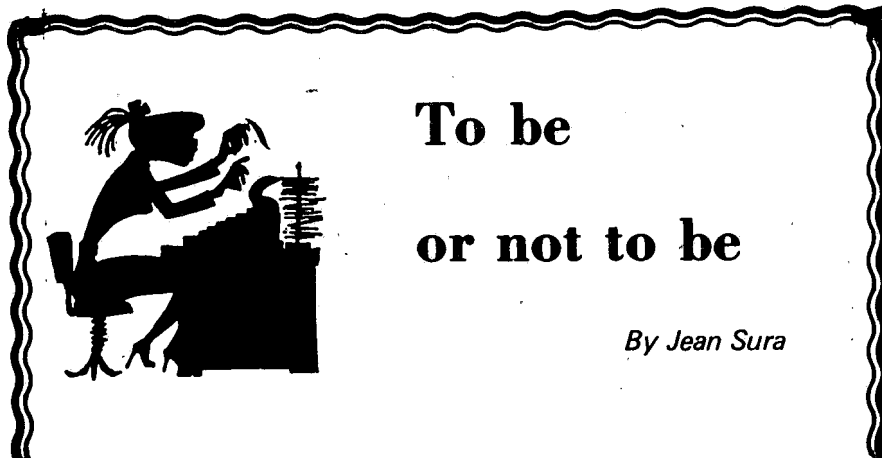

Plans to re-surface 218 miles of state highway in the 1970-71 fiscal year were announced today by the State Highway Commission. Included are 16 miles of M-59 between US-23 in Livingston County and Williams Lake Road in Oakland County.

The program, costing about \$6.5 million, is designed to preserve older sections of highway until funds are available to rebuild them to modern standards.

It is expected that about \$1 million in re-surfacing work will be added to the program this spring when winter damage is assessed.

The sounds of science rang throughout the Junior High last week as students of Mr. McDonald's class took on the assignment of making home constructed musical instruments, depicting different types of sound. Shown are three of the more unusual ones. From left to right are: Cathy Smith, Mr. McDonald, Debbie Hovey and Chris Anthony.

To be or not to be

By Jean Sura

Cover your ears, election time is coming.

I'm getting rattled already. Just leave it to those silly politicians. They can argue over anything.

That's all a girl like me needs. I have trouble deciding what color eggs to buy and when I make up my mind on the color, then I can't decide on the size. After 5 trips, back to the egg counter, I finally come to the conclusion that eggs may be on sale tomorrow and I probably don't need them anyway. Indecision is torment!

Just imagine what all those political shenanigans do to me!

Who will the Republicans get to oppose Senator Hart and who will the Democrats get to oppose Governor Milliken?

George is happy doing what he is doing and doesn't really care to "have George do it." Can't they leave them alone?

I don't think that Lenore should even try for Senator. I can tell her that it would be too big a job, besides keeping George's sox clean. I know the pitfalls by experience.

Just ask my husband. Can you picture George getting ready to go and solve all the urban affairs some Thursday morning and there are no

black sox in his drawer.

"Lenore," I can just hear him, "did you do a load of colored sox last night?"

"Yes, George, but I'm sorry dear, the special committee to fight for the rights of the minority group of lady senators met last night. It was so late when I got home I just had time to run them through the washer and throw them in the dryer. Be a dear and run down and get yourself a pair. I really don't have time. By the way, do you have any extra money? I was so busy I didn't get to the bank yesterday and some of those men aren't gallant and I had to pick up the lunch check on top of that. I don't have a cent."

"Well, You know I can't eat in the Senator's dining room like you can. My lunches are not only expensive, but they are fattening. It sure was nice when you were unemployed and could pack those nice fried chicken lunches and come down to the office to eat with me."

"There's some cold bologna and applesauce in the refrigerator. It was left over from that tax reduction meeting. Why don't you pack yourself a nice sandwich?"

"By the way, Lenore, I really wish that you would try to work some mending into your agenda. My sweat suit has just about had it. I look terrible when I'm out jogging. Couldn't you take some of your mending to work with you? Every time I've seen Congress in session half of the senators are reading the paper or sleeping. I really would appreciate it, dear. By the way, will you be late again tonight? Last night I had the TV dinners all ready. When you didn't come they just got all dried out."

Well - I don't suppose it is quite like that - but all the yammering in the news and this indecision makes me nervous.

I knew three wacky young guys who had a problem. I thought they carried things a little far but believe me, they settled their dilemma promptly.

It seems they rented a 2 bedroom apartment (the three did). They couldn't decide who had to share sleeping accommodations.

Their solution was decisive.

They all went skydiving for the first time, and agreed that the guy that landed nearest to the stake got the private diggings.

Of course, a couple of them walked with the help of crutches for several weeks, but it settled the argument without a lot of discussion.

Maybe these fellows would consider going into politics. I'd vote for them.

Community salutes Elizabeth Ronk

By Jean Sura

Elizabeth Ronk is a native Clarkston girl. Her roots are anchored firmly in this community. She has served it with diligence and dignity for 36 years. This week her resignation as Postmaster will become official.

Almost everyone in Clarkston can remember some special favor or service that Mrs. Ronk has done for them. No one, business people or residents, can remember her refusing a reasonable request, even though it meant extra effort on her part. She never asked anyone to do more than she did.

Mrs. Ronk was born to the John Hammond family who farmed their property on the Clarkston-Orion Road. Her grandfather was one of the first rural mail carriers in Oakland County.

Elizabeth attended the Clarkston school, the building that is the present Independence Township Hall. She graduated with a class of 7 in 1923.

Several years later, she married Gerald Ronk, and in 1927 the couple had a son, John. Two years later, just prior to the birth of their second son, Frank (Tink), her husband died as the result of injuries he received when a gun discharged accidentally.

Mrs. Ronk's career with the United States Post Office started in 1934 when the boys were about ready to start school.

Elizabeth started work as a clerk. Floyd Andrews was the Postmaster and 2 rural carriers completed the staff of the Clarkston office. Townspeople picked up their mail at the office which was housed in a store building, the present location of Kings Insurance Agency.

Tink and John remember the days when the mail came in early in the morning at the railroad station and it was necessary to meet the train and bring the bags of mail to the office by tractor.

When Postmaster Andrews resigned his position, the job was offered to Mrs. Ronk. She was later commissioned by President Franklin D. Roosevelt. At this time, there were about 300 to 400 mail boxes and Clarkston was rated a 3rd class post office.

During her tenure, the office has grown to a 1st class station with an assistant postmaster, 5 clerks, 3 rural carriers and 6

city carriers to service the routes in the village. The office services approximately 5,000 addresses.

In Mrs. Ronk's years of service, the cost of postage has doubled. Processing the mail has changed from the use of a hand bat for cancelling to today's modern equipment.

The office has outgrown the present facilities to which it was moved in 1953.

When Mrs. Ronk leaves the post office tomorrow, February 6, she will be officially retired. The operation of the Clarkston Post Office will be in new hands for the first time in many years.

"They aren't exactly new hands," said Mrs. Ronk. "Ray Klein will be the officer in charge and he is experienced to serve you well.

"I have met so many wonderful people over the years. I purposely will keep a box at the post office so I will have a good excuse to get out each day and keep in touch."

Gramma, as she is affectionately called by many, will have more time to spend with her 8 grandchildren and 1 great-grandchild.

For the present, she will have time to completely recover from her recent bout with the flu and get ready for "Elizabeth Ronk Recognition Nite," which is being planned in her honor by the Clarkston Rotary.

The banquet that will honor her will be held at the high school cafeteria at 7 p.m. on Monday, February 9. Her family will be there proudly to watch as friends and associates pay tribute to a hard working, dedicated, no nonsense, member of the community.

Edgar (Bud) Guest will be the featured speaker. Ex-governor Murray Van Wagoner has accepted an invitation to attend.

The entire community is invited. The Rotary Club has even volunteered to furnish transportation for any elderly folks that need it. Arrangements can be made by calling 625-5231, according to a Rotary spokesman.

"A few tickets are still available, but because reservations must be made they will not be sold at the door. We have set

the final deadline for getting them at noon on Friday, February 6," announced ticket chairman Dr. Ernest Denne. They can be purchased at Hallman's Apothecary, Wint's Funeral Home, Pontiac State Bank, or from me."

"There is still time to drop a donation for the community gift off at the Pontiac State Bank," said another committeeman. "Just give it to Mr. Charles Robinson. Clubs, organizations or individuals are all urged to show, in a material way, their appreciation for the service Mrs. Ronk has performed for the community."

Mrs. Ronk has worked hard for many years. She deserves time to follow her whims. The community wishes her a long, happy and healthy retirement. They hope to see her, regularly, on Main street.

Davisburg Church honors Mrs. Mills

On February 7, 1970, Open House will be held at the Davisburg Methodist Church from 7:00 to 9:00 p.m., in honor of Mrs. Elmer Mills who has been church organist for twenty-one years and teacher in the Sunday School for twenty-five years.

To everyone who knows Mrs. Mills, she is "Amy."

In addition to her church activities, Mrs. Mills has taught elementary school for twenty-nine years, beginning her early years of instruction at the Brondige School. During the years that followed, her teaching experiences were in the Webber School at Lake Orion, White Lake School, Holly and Davisburg Elementary Schools. She has taught most of the young people and their children of this area at one time or another.

With this pattern of school teaching

was thirty-six years membership and active participation in the Eastern Stars, of which she is Past Worthy Matron, as well as Past President of the Oakland County Association.

Mr. and Mrs. Elmer Mills will be leaving Michigan's winter weather about February 9 for a three months trip through Florida, Mexico and California. Mr. Mills has recently retired from long service with General Motors.

"Everyone is welcome to the February 7 Open House, honoring both Mr. and Mrs. Mills for their untiring services to this and other communities," said Mrs. J. Horton, Jr.

"I will answer any inquiries relative to this Open House. My phone number is 634-9738."
