## Jim's Jottings

Some ruses used by chambers of commerce in the south this time of year should be outlawed. Particularly those aimed at golfers in early March. Did you hear about this one?

The Sandhills Area Chamber of Commerce, that's Pinehurst and Southern Pines areas, has installed a telephone system that will give the dialer the weather for the day, for 5 days, and give hotel-motel accommodations outlook for 5 days. It will also give the conditions of the 15 golf courses in a 6-mile radius of Pinehurst.

You do have to pay for the call. So I called. It was 60 cents for direct distance dialing, 1-919-295-5551. The end of the recording tells you Sandhill Sam was the recorded voice.

I made this call Saturday afternoon, February 28, and got a forecast for Friday, Feb. 27. Sam started out saying the forecast from Friday through March 3 for golfing was excellent. He later said it was going to get colder Sunday and rain Monday.

Anyway, Friday was 55 to 59, clear to partly cloudy. Saturday was to be clear and warmer with a cold front moving in Saturday night. Sunday was to be cloudy and cooler. I don't know about you, but cooler than 55 is not for "excellent golf."

Monday there were to be some showers. Tuesday clearing, and Wednesday 35 percent chance of showers.

You will be happy to know that there were very few vacancies in the hotels and motels in that area of North Carolina. Happy because you weren't there, and shut out at the start of your only vacation.

However, by dialing 1-919-692-3926 you can get a report on just where the "very few" accommodations are, according to Sam.

Then Sandhill Sam adds a bit of humor, southern golf type. "The 15 golf courses in the Pinehurst and Southern Pines area are in excellent condition and play is moderate. Club pros say that everything is green except the sandhills and water bunkers."

## Village and Twp.

### Make sewer grant 1st

Clarkston Village and Independence Township have practically been assured of grants for sewers within their boundaries.

At Monday night's Council meeting the village's financial consultant, Billie S. Farnum, reported that Clarkston was 52nd on the list of 61 and Independence was 46th.

The list was approved by the Senate under Act 159 of Public Acts of 1969, upon recommendation of the Water Resources Commission. The money comes from millage voted in Nov. 1968 for sewer systems.

Clarkston qualifies, under the formula

worked out by the state, for \$191,237.00. However, it is not known what proportion of that they will receive. The formula works by taking 10 percent of the state equalized value of the governmental unit, subtracting it from the cost of the project, and dividing by 2. Total cost of the project was estimated by Farnum at about \$732,000.

\*\*\*

At the Council meeting, Councilman Rich Johnston, a member of the village sewer committee, commended Farnum for his efforts in Lansing, and praised both the consultant and engineers, Kieft Engineering, Inc. for their comprehensive

## It's "Captain" Dan Fife

Dan Fife, son of Mr. and Mrs. Duane Fife of Dvorak, has been named captain of the University of Michigan 1971 basketball team.

The balloting among his teammates took place following the last game of the season Saturday night.

Fife made the All-State team twice while playing for Clarkston High School and was named to the Big Ten team last season as a sophomore at U of M.

plans.

\*\*\*

Johnston said he and the other member of his committee, Willis Kushman, hope to have a proposal including costs ready for the April 13 meeting of the Council.

## Multiple zoning move reverses planners

Admitting it was "unusual, but not something we have not done before," the Independence Township Board reversed a Planning Commission decision on rezoning application last Tuesday night.

The parcel, south off Waldon road with the entrance opposite Almond Lane, was changed to Residential Multiple. It had been Residence Suburban Farms.

The application was first discussed by the Planners last September. In January, after two public hearings, they denied the request. Subsequently, January 26 the County Coordinating and Planning Committee denied the application.

\*\*\*

Tuesday night the petitioner, Jerry Anderson, 1 of 2 owners of the land, explained the proposed development to the board and a dozen people at the meeting.

He said they planned to construct condominium town-houses. Anderson described them as 2-story single family units attached together. 168 units, about 9.7 per acre, are in the plan. The acreage lies south of houses on Waldon and the developers are buying an entrance about 120 feet wide on Waldon.

Anderson said the condominium concept allows the sale of the interior of the unit, but the exterior remains with the condominium. All roads are private as are recreation facilities or other services within the condominium area.

There was objection to the zoning change. Keith Hubert, 6440 Snow Apple, representing homeowners in that Waldon-Snow Apple area, pointed out the density involved. He compared it to single family subdivisions, ratio 38 to 168. He said the additional traffic from the development would be more than Waldon was designed for, and accidents would result.

Further objections came from the Camp Fire Girls whose property borders the condominium. Tom Hunter, representing the girls, said the property is overrun with trespassers now and the addition of the number of families proposed would further affect the land.

Hunter pointed out that the Master Plan called for the area involved to be single family residential, and that plan should be adhered to. He said neighbors

expect the land to remain as drawn in a Master Plan.

\*\*\*

However, at the final vote it was unanimous by the board, except for Merle Bennett, who was absent.

In seconding the motion to rezone Harold Bauer spoke his feelings. He said, "Our mode of living has changed." Elaborating, he said, we're a nation on the move, in one sense, and would rather pay to have our yards and buildings kept up by someone else. In another sense, Bauer said, those of retirement age want a place close to the "action," where they can see things going on.

This argument opposed Humbert's view that new things for this area like condominiums should be tried further away from a town, and if successful, they could perhaps be allowed closer to a

community.

Bauer pointed out that financial institutions are willing to loan money for multiple developments, but not single families.

\*\*\*

It was Supervisor Duane Hursfall who said the decision to reverse the planners and county was "unusual." He went on to say that it wasn't without precedence, and that the board had reversed planning commission recommendations both ways.

He called the rezoning move the "highest use of the land."

Anderson said the time table for starting the building would coincide with the construction of sanitary sewers. Next step, however, he said was to firm up the land purchase and start drawing preliminary plans.

## Hagen, Jones, Basinger win Council positions

The two new Council posts will be filled by Robert C. Jones and Ruth Basinger.

The third seat went to incumbent Jack Hagen, who was also the largest vote getter among council candidates with 128. Jones had 100 and Mrs. Basinger 98.

The council vacancies brought out the only contest in Monday's village primary. Three Republicans were opposed by 3 Democrats.

The 3 failing to gain offices are David K. Westlund, who got 88 votes, Leonard F. Davidson, 82 votes and Gerald Hennig, 39 votes.

Hagen, Mrs. Basinger and Hennig are Democrats and the other three belong to the GOP.

\*\*\*

Unopposed for the office of president was former Councilman Donald Cooper. Cooper, a Republican, received 149 of

the 199 votes cast.

The other village offices were won by incumbents. All are Republicans. Artemus Pappas, clerk, received 158 votes and his wife, Mary Ann, out polled him with 160 votes for treasurer. Ralph Thayer was returned as assessor with 164 votes, tops on the ballot.

All take office April 1.

## Building report

A slight increase over last month in building in Independence Township was indicated in the Building Department Report.

A total of \$90,900 was spent for construction on the 8 permits issued.

The total for the month was less than half of the \$187,600 spent on construction in the township during the month of February, 1969.

# Rejoice! State grant makes 8-year payment

Residents of Independence will not be obligated to make a payment on their portion of the Clinton Oakland Interceptor for 8 years ('til 1978).

This is not to be confused with the internal sewer system in the township. No contracts have been let on this system, nor has the exact plan of development been approved. This is expected to be done in time to have the internal system completed by July 1971.

\*\*\*

News of the delay in payments came to

the Independence Board this week from R. J. Alexander, director of Oakland County Department of Public Works. He said the county had received a state grant of \$6.4 million on the \$28 million project and this should meet all obligations for 8 years.

This is true of all governmental units in the Clinton Oakland interceptor route, the townships of Orion, Oakland, Pontiac, Avon and West Bloomfield joining Independence.

\*\*\*

Independence had been billed for a

payment of \$50,152 for their portion (10 percent) of the interceptor capacity. On the bill was the notation that the grant covered the payment.

It gave the reason as "earned income on investment." The state had sold the bonds and invested the money, apparently, wisely.

Oakland County had previously received an \$8.5 million federal grant for the interceptor.

## Letters to the Editor

### Hint Board high handed

Mar. 8, 1970

Dear Editor,

The condominiums were approved by the township officials for the Stelmach property on Waldon Road at Almond Lane. The residents in the area and the Camp Fire Girls who operate Camp Oweki had relayed their objections to the Zoning Board, who by a 5 to 1 vote turned down the recommendation.

In what seems like a high handed manner, the Board completely ignored the citizens' wishes "for our own good!" Well!

Our only salvation is a referendum — or vote — on the issue. A petition to put the issue on the ballot is being written.

A township official has indicated that once the rezoning is overturned, they would be foolish to rezone it again, so this should end the matter.

All citizens must work on this basic issue of property rights, or you may be next! What we want to know is, how far do you have to go out to be suburban?

### Concerned

March 5, 1970

The Board of Education  
Clarkston Public Schools  
Clarkston, MI. 48016  
Gentlemen:

In a group conversation today, the topic of some of the ills of our local high school came up. A teacher in the group mentioned that vandalism and smoking in

the lavatories was a real problem and that the school now had a student smoking room with the hope that by permitting the students to smoke in a specific area, the vandalism would be relieved. When pressed further about the smoking room, the teacher admitted that it wasn't officially designated as such, but that the staff simply ignored the fact that students smoked there and even went so far as to furnish ash trays for the students! Upon checking with my own children later that same day, I learned that teachers even give warning to those in this room that they are coming, either by rattling their keys or the doorknob prior to entering.

As a concerned citizen and parent, this is a situation that I cannot tolerate. Two very basic issues almost shout at me in regard to this: (1) With this overwhelming evidence against smoking and health that is now available, how can it be condoned at all, much less in a public high school (to say nothing of violating the law); (2) Now that school officials have condescended to permitting the students to smoke, what will their next concession be to the student? And that, it seems to me, is really the issue at hand. Just who is running the high school — the administration or the student body? I think it is imperative that both groups understand AT ONCE just who is in charge!

Complaining about a problem doesn't alleviate it, and I would offer the following suggestion as one possible solution: The high schools in East Detroit and Allen Park, to name just two, have hired local citizens to monitor and patrol the halls, lavatories and parking lots during school hours. This relieves the teaching staff from playing "policeman" and seems to restore order in large school buildings. Although I cannot quote figures, I would assume that their cost is certainly offset to a large extent in reduced vandalism. And there must be

"If It Fitz . . ."

## She's A Gorgeous candidate

It all began when I was overheard to say: "Lenore Romney is nothing but a stand-in for Gorgeous George. If her name were Lenore Klutz she couldn't get nominated for dogcatcher. Her Senate candidacy is just as phony as when George Wallace had his wife elected governor of Alabama. Lenore has displayed no qualifications. Her main talent is to shrilly echo Gorgeous George when he makes big noises trying to awaken people's morals. A vote for Lenore is a vote for George and you'd better believe it."

This angered several women in our neighborhood. The angriest was Susie Klutz. She decided to become a candidate for the U.S. Senate, not just to save the country but also to show me that a Mrs Klutz could get elected. "Of course," Susie said, "I'll expect the support of the entire neighborhood. Campaigning costs money. We can raise funds by having Tupperware parties." But some of the other gals

decided if Susie could, so could they. There were suddenly 4 candidates not counting my wife who wanted to run but couldn't because I locked her in the basement.

"Fine," I said. "All 4 of you girls run in the primary election. That's what primaries are for. The candidates are picked by the people, not by political bosses. That's the democratic, American way. Oh say can you see? Please hand me that flag."

But Susie's husband, Elmer Klutz, objected. "We can't have a primary battle," he said. "It would divide the neighborhood. These women would exhaust their energies and funds fighting each other. The bitterness would carry over into the general election. Whoever won the nomination would get no help from the losers. And besides, there wouldn't be any Tupperware left."

"We must get together and agree to support just 1 of the women," Klutz said.

Well, the Klutzes have the only swimming pool in the neighborhood. Also, people look up to them because Elmer refuses to work or play on Sundays. He just stays home and sits on his roof so people can look up to him.

A neighborhood meeting was held to select a consensus candidate. The 4 hopefuls were allowed to speak for 20 minutes each. (The meeting was held in the Klutz kitchen so the oven timer could be used).

Two of the women spent their 20 minutes explaining that they'd changed their minds and urged their supporters to switch to Mrs Klutz. They said they'd known Susie for 10 years — as long as their husbands had worked for Susie's husband — and they knew she'd make a fine candidate.

The 3rd candidate, Maggie Schmidt, gave the best speech. She got a standing ovation when she said all gas stations shouldn't give double stamps on the same day.

It had been agreed that the consensus candidate would have to get 75% of the votes cast. The first balloting was 53% to 47% favoring Susie. This surprised most everyone, including Maggie. She quickly withdrew from the race, explaining she had just discovered that standing ovations made her nervous. Especially when Elmer Klutz was the only one who didn't stand.

On the next ballot, Susie still didn't get 75% of the vote. But she got a few more than before.

Elmer Klutz stood up and said, "That's an acclamation if I ever heard one. I move that we make it unanimous — Susie Klutz is our candidate for the U.S. Senate."

The motion was seconded by the Klutz maid who wanted to use the oven. It carried by a voice vote in which most of the noise was made by the Silent Majority.

Everyone went home saying "Gee, we got a Gorgeous candidate." †

# Holding band director tenure

In action taken on Monday night, the Board of Education voted to withhold tenure from Clarkston High School band director Richard Schadel.

A group of parents expressed high praise for the instructional performance of Schadel and asked that this be taken into consideration in making the decision. Though Schadel is a first year teacher

in the Clarkston system, he had five years' experience when he came here in September and had been under tenure in his previous position.

Under the tenure law it is mandatory in these circumstances that the teacher must either be denied tenure at this time or he automatically enters that status.

In the eyes of the administration, it was felt that he had not shown the initiative to build a strong, well balanced program and that after personal conferences he had failed to improve in areas of tardiness and attitude.

In wording the motion, it was specified that an explanation make it clear to Schadel that if circumstances were improved sufficiently by the end of the school year, the Board would be open to a new recommendation by the administration.

\*\*\*

Dr. Leslie Greene, Superintendent,

announced that the North Central Accreditation team would be making a 3-day visitation in Clarkston evaluating the system next week.

This appraisal is required to be done once every 7 years.

A copy of a letter from Richard Prince, architect, to the Krops Plumbing and Heating Company, notified them that their services were being terminated and that another firm would be engaged to complete the work at the Sashabaw Junior High School.

Prince's action came about after correspondence from Dr. Leslie Greene directed this action.

## Drugs, topic of Child Study Group

Mrs. James Ladd introduced the speaker, Judge Kenneth Hempstead, to the Clarkston Child Study Group. Judge Hempstead's topic was "Drugs, Their Use, Abuse and Possession."

"Drugs are out of the ghetto and in our area," he said. Judge Hempstead feels so strongly about the drug problem he has "almost made a widow of my wife." He recommended "that we start some programs in our schools to study the harmful effect of drugs and also that some rehabilitation programs for drug addicts be started."

The meeting was held at the home of Mrs. Donald Hamaker with Mrs. Charles Curry serving as co-hostess. There were 15 members present and three visitors, Mrs. William Neff, Mrs. James Traver, and Mrs. Shelton George.

The next meeting will be held at the home of Mrs. Robert Jones with Milford Mason, director of special services at the high school, as speaker.

### First Aid

As medical science progresses, we are learning much better ways to provide first-aid treatment for burns, cuts and poisonings. Unfortunately, not all textbooks have been revised yet, and many first aid instructors haven't learned the newer concepts of treatment.

For example, it was once taught that the best treatment for a burn was to cover the area with a baking soda solution, butter, or an ointment to keep the air out. This may still work if you just burn your fingertip, but the newer treatment is immersion of the burned area in cold water—not ice cold, but below room temperature.

Quickly submerge the burned area, and keep it under water until it can be taken out without pain. Or apply a series of cold packs to the burn, changing them steadily. But if the burn is severe, don't even waste time with these measures. Speed the patient to a hospital. The doctors there would rather treat the burn without having to remove non-sterile ointments and other compounds.

Open wounds shouldn't be covered with an antiseptic, but should be gently washed out with soap and water which cleans out the wound and isn't harmful. The same can't be said even of the familiar iodine that's been in your medicine cabinet too long; when the alcohol evaporates from that solution, the residue can harm living tissue.

We strongly support those in our community who provide first aid treatment, and sympathize with the difficulties they have in keeping abreast of new medical advice. If you haven't taken such a course in several years, it might be wise for you to "brush up" and be brought up-to-date on these new therapies.

# Collision kills 8 year old

Renee Denise Cox, the 8-year-old daughter of Mrs. Robert Jensenius and Donald Cox, was killed on March 5 when the bicycle on which she was riding collided with a car driven by Gale G. Todd, 62, of Waterford Township.

The accident occurred on Maybee Road near Mary Sue in Independence Township at 5 p.m. Renee was pronounced dead at 5:26 p.m. at Pontiac General Hospital.

Oakland County Sheriff's deputies reported that Renee, who lived at 5670 Dvorak, and a friend were riding their bicycles on the westbound shoulder of Maybee Road and that Renee apparently turned her bike into the path of the Todd car.

The apparent cause of death was a fractured skull, according to hospital officials.

## Sub drain unapproved

Final solution to a drain for Deerfield Farms Subdivision still has not been worked out.

Though 2 engineers from Kieft Engineering, Inc. and a councilman, Jack Hagen, went to Lansing and heard recommendations from the Water Resources Commission, the plans are unapproved.

The three, Howard Kieft, Del Lohff

and Hagen, apparently agreed on a resolution of the drain that would put run-off into a holding basin to stop direct flow into the Mill Pond, but interpretations differed at the council table.

The disagreement came over the percentage of construction to be allowed before the basin could be discontinued.

Hagen said the Water Resources representative, Dale Granger, recommended 95 percent build up on lots in the 35-lot sub before removing the 100x100 basin and canceling a performance bond, which was also recommended.

Kieft said he pointed out to Granger at the time that the 95 percent figure was unrealistic and Granger then suggested 100 percent seeding as soon as possible.

The discussion ended with president Frank Russell saying he would call Granger Tuesday and learn first hand what had transpired. He said he would call a council meeting, perhaps by the end of this week.

\*\*\*

Kieft is seeking preliminary plan approval of the sub for the owner, M. A. Benson of Pontiac.

## Army offers choice of training

Men who enlist for a three-year period in the United States Army during the next few months will be able to choose their fields of training, according to Sgt. First Class Stanley E. Godin, local Army recruiter.

Included in the list of selections are construction equipment operation, automotive maintenance, administration, armor, general supply, communications, medical care and treatment, law enforcement and airborne.

Recruits will be guaranteed that they will receive the training of their choice.

Interested men, including those who have received their Selective Service notice but have not yet been inducted, may contact SFC Godin at the U.S. Army Recruiting Station, 35 E. Huron, Pontiac, or by calling 334-5342.

# Will there be something for everyone at our Grand Opening?

## Everyone.

Don't miss the Grand Opening of Oakland County's newest, most complete one stop building center this weekend, Friday, Saturday and Sunday.

There will be something for everyone.

Over 40,000 square feet of name-brand products and exciting home building, decorating and remodeling ideas. Special Grand Opening prices. Free gifts. Refreshments. Valuable prizes (everything from wall paneling to a handsome portable television.)

There will be representatives from national name-brand companies, too. They'll answer questions and help you with your building, decorating and remodeling problems.

And you'll find the people at Burke friendly, courteous and helpful. Maybe that's why we've been in business in Oakland County for more than 45 years, selling everything from two-by-fours for picnic tables to all the materials you need to build a home from the foundation up.

Plan now to stop by tomorrow from 8 a.m. to 9 p.m. Or Saturday, 8 a.m. to 6 p.m. Or Sunday, 12 noon to 4 p.m. Just look for our sign: Burke Building Center. We're on the Dixie Highway in Drayton Plains at Sashabaw Road, just five minutes from the I-75/Sashabaw exit (see map) and less than 35 minutes no matter where you live in Oakland County. Plenty of parking space. Plenty of everything. For everyone.

### A CREDO FOR CAMP FIRE GIRLS ON THEIR 60TH BIRTHDAY, MARCH 17

I believe in the future;  
I believe, therefore, in the Today,  
And I try to make my life  
A joy to myself and  
A pleasure to those about me.  
I realize the destiny within me.  
I try to find the beautiful in life,  
And where it is not, I create beauty.  
I feel my responsibility as a citizen of a great nation;  
I feel my glory as one of the mothers of the new generation  
Which with new eyes and steadier steps  
Will reach the high places that now  
Are but a purple haze on the horizon.  
I believe in the new womanhood  
Which combines the beauty of the old womanhood  
With citizenship and social consciousness.  
I know I am and hold within me the promise of the future.  
I realize my responsibility.  
I do not flinch nor falter.  
I AM A CAMP FIRE GIRL.

# Student smoking room draws citizen protest

A letter from Mr. Donald Fox to the School Board, deploring the knowledge that certain lavatories at the high school were being used for smoking with the knowledge and approval of the principal, was read. (The letter may be found in the Letters to the Editor column of this paper.)

William Dennis, high school principal, acknowledged that this action was an attempt to control the smoking and vandalism at the school.

"In the past 5 or 6 years I have been aware that the problem of smoking was becoming more and more serious." He outlined corrective methods that had been attempted and failed.

"Kids will always find a place to smoke. Recently we refurbished one of the lavatories and they were impressed. Asked if they could police it themselves and confine all smoking to this area, if no adult supervision was exercised, they agreed.

"In the 2 weeks that the situation has existed there has been a marked improvement in the condition of the lavatory and I am reasonably convinced that there is no increase in the amount of smoking being done."

Parents in the audience expressed both dismay and agreement. One questioned how far authority would back down to

meet modern children's demands. Others expressed their non-smoking children's pleasure at being able to use a school lavatory that is off limits to smokers.

"I think that only about 10 to 15 percent of the students smoke," said Dennis. "We have not changed the smoking rules. We are just bending them. This may not be a satisfactory solution, but nothing else has worked. I think I feel a tendency on the students' part to cooperate. They haven't really gained anything, but the fear of suspension has been removed.

"Miss Gabier, Dean of Girls, is working on the problem with the girls."

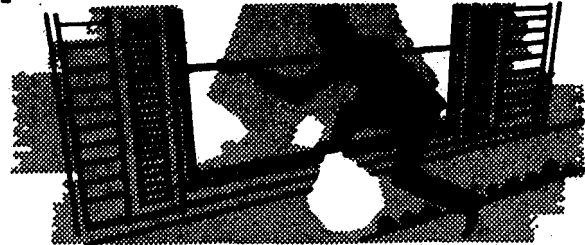

\*\*\*

At Dr. Greene's suggestion a committee was established, with Dennis and Fox acting as a nucleus, to investigate other methods of control. Dennis asked that the committee be willing to assist in other problem areas as well.

**Q** Why is Consumers Power Company involved in this type of program?

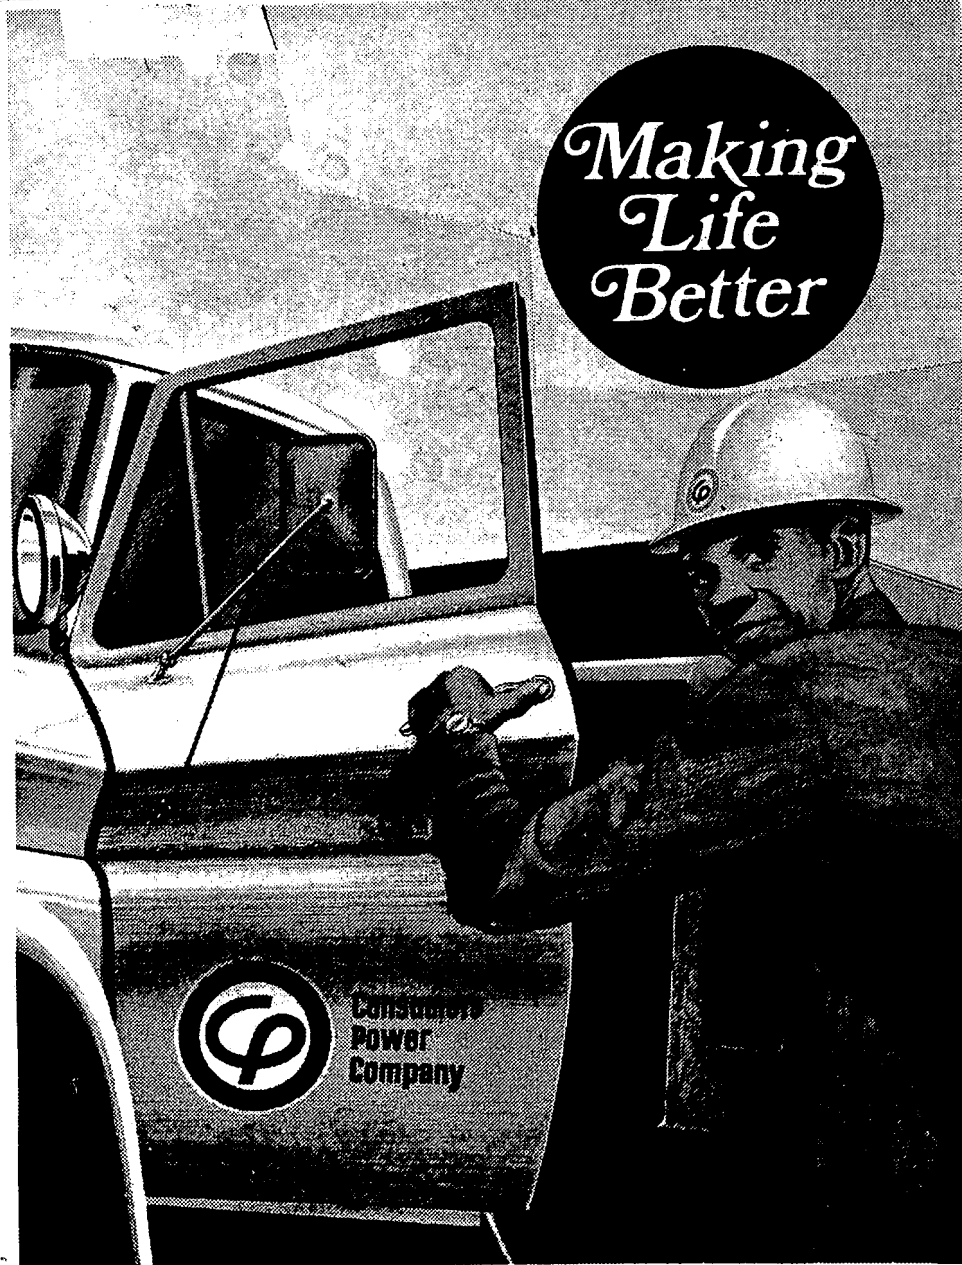

**A** First of all, it is fair and, secondly, it is sound economics in that welfare recipients can be converted to tax-paying citizens.

**Q** Aren't you giving "special treatment" to a selected few?

**A** Yes. In business we face many problems that require "special treatment" or attention to solve problems. Operation Outreach is one example of how we try to help solve serious social ills.

**Q** Are your total efforts in providing equal employment opportunity directed to the so-called "disadvantaged"?

**A** No. Many highly skilled and well educated persons who are members of minority groups have long been under-employed. Consumers Power Company believes all persons should have the opportunity to utilize their full talents in making their contributions to business and society. We take affirmative action to make this belief a reality.

**John Gray has been working since the age of nine, but this is the first decent-paying job he's had.**

Almost 200 men and women like John Gray are helping us to make a point — that there is talent among those who used to be considered "unemployable." Childhood poverty cut short their schooling. Doors were closed to opportunities. They became "ineligible" for good jobs. Today Consumers Power is reaching people like John, using a variety of techniques, including the "Operation Outreach" program. This is an effort involving the cooperation of a number of government agencies. It is part of the responsibility we feel toward the communities we serve — part of helping to make life better.

Connie Coltson and Anne Johnson of Junior Troop 501 take a serious approach to first aid training.

Four good scouts present a skit at the Girl Scout Birthday Banquet.

# Clarkston girls celebrate Scout Week

Girl Scout Week is being celebrated March 8-14. Girl Scouts are doing something special to commemorate this week. Each day is assigned a different phase of scouting.

Sunday is the Girl Scout Sabbath. The girls wear their uniforms to church and in some churches the scouts sit together or are assigned to special duties.

Monday is Homemaking day. Brownie Troop 16 is making a salad from instructions in their Brownie Handbook. Brownie Troop 692 learned to make hard candy recently. Brownie Troop 184 is working on their sewing projects, which are aprons and slippers. Ponchos are being made by Junior Troop 880 for their sewing badge.

Tuesday's specialty is citizenship. The scouts will have flag ceremonies at their meetings and have had instructions in the proper use and care of our flag.

They do many service projects to help other people and to improve their community. Junior Troop 192 is working together on My Troop Badge.

Wednesday is for Health and Safety. Fire safety is being studied by Brownie Troop 757 and they are taking a trip to the fire station. Cadet Troop 89 is working on their First Aid Challenge and practicing bandaging. Junior Troop 501 is learning to assemble a First Aid kit.

Thursday is International Friendship and the Girl Scout Birthday. The Clarkston Neighborhood Girl Scouts recently had a Thinking Day program with an international theme. A cake will

be decorated and eaten at a birthday party by Brownie Troop 692. Brownie Troop 190 will also have a cake.

Friday is the Arts. Useful handicrafts are being made from inexpensive and scrap materials by Junior Troop 453. Some of the articles being made are kites, yarn pictures, a centerpiece and a vagabond stove.

Junior Troop 126 will visit a television station. A tour of Mrs. Freitag's tropical fish aquariums will be taken by Junior Troop 210. Brownie Troops 190 and 278 will see the movie "101 Dalmatians" at the Huron Theatre. Brownie Troop 16 has been taking 10 weeks of roller skating.

Other trips include a tour of the coke factory being planned by Brownie Troop 190 and a visit to the Detroit Zoo by Junior Troop 192.

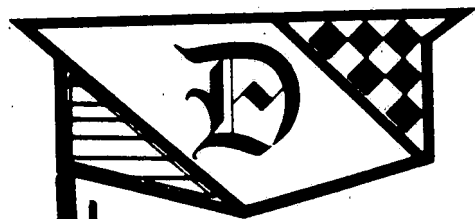

Saturday is the Out of Doors. Cadet Troop 89 is collecting equipment for troop camping and also looking forward to Cadet Round Up later in the year. The Junior troops are making plans for troop camping in the late spring. A Day Camp is being planned for June. A recent hayride was enjoyed by Brownie Troop 184.

In Junior Troop 501, the girls are each choosing a day of the week and making something to bring to their meeting that has to do with the day chosen.

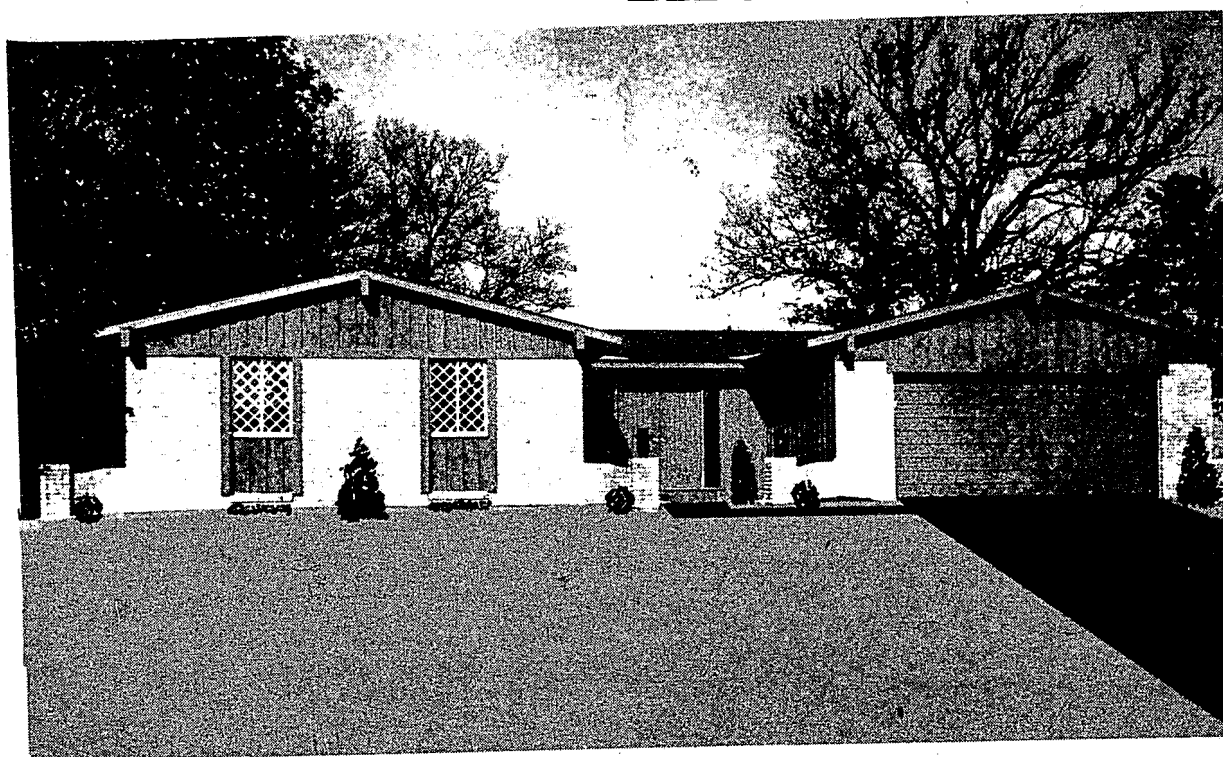

A Scout's Own is planned by Junior Troop 201.

Some of the troops went to the special Girl Scout program at the Pontiac Mall on Saturday, Oct. 7.

### Last operation slated this week

"Barbie is doing very well, and her spirits are good," said Donald Kevern, her dad.

"We talked to Barb and her mom last night. The doctors are planning to operate for the third and last time on March 12. If things go well, Barbie will be home just before Easter."

Barbie is, of course, Barbara Kevern, 6, of Clarkston who has been undergoing surgery to correct abnormalities caused by cerebral palsy.

The sunny little girl is in a body cast

that extends from her armpits to her toes. A 36 inch bar holds her legs apart and she is in traction.

American Airlines will fly Barbie home in a special seat in about 3 weeks and she will be installed in a hospital bed at home to complete her recovery.

Cards and letters have played an important part in keeping Barbie's time occupied. Her address is: Barbara Kevern, Children's Hospital, 300 Longwood, Boston, Massachusetts 02115.

### Around the Town

#### No news is bad news

By Barb Humphreys

Last Friday I saw one fat robin flitting around our front yard. Sure hope he didn't get confused with some cold weather down south and think it must be warmer up here. Maybe he really knows what he's doing and spring is just around the corner, or maybe he just likes our friendly town.

Mr. and Mrs. David Hansen of Rochester are happy to announce their new arrival, Jason James, on March 3 weighing 9 lbs., 6 oz. The proud grandparents are Mr. and Mrs. Carl Stanley of Sashabaw and Mr. and Mrs. B.

L. Hansen of Birmingham. The young Hansens are second grade Sunday School teachers at United Methodist Church on Waldon.

\*\*\*

Ben Fulkerson of the American Legion announces that a spaghetti dinner is being planned for all fathers and sons of the Post on March 20.

\*\*\*

Poor old Bill Svekkoff twisted his ankle shooting baskets last week. It looked like "a big egg," but he hopes it heals enough so he can participate in the coming track season.

Garbed in costumes from the olden days are Jaycette hostesses for the March 9th Spring District Meeting. Seven chapters attended the meeting. Shown from left to right are: Mrs. Richard Wilton, Mrs. Robert Tilley and Mrs. Terry Kelley.

### Chatham Club holds pow-wow

The Chatham Dance Club drummed up its spring tribal gathering on Saturday, March 7 at the CAI Teepee in Waterford. The tribe was requested to wear their best robes and war-paint. The chiefs began beating their drums at 9:30.

Mr. and Mrs. Milford Mason won a new blanket for their teepee for the best tribal robes.

Chatham Club holds four dances a year in December, March, June and September. Its membership consists of 65 couples from Clarkston and surrounding areas.

Each dance has its own theme, with some dances being semi-formal and, at some the members dress in costumes to correspond to the chosen theme.

Dues are \$25.00 a year, which covers all dances and live music. Couples interested in belonging can contact a member of the club who will submit their name to the club for membership.

## Kutting Korners

By Jean Sura

I don't know about your holiday customs. Some people eat Hot Cross buns for Easter breakfast. We always served them on Good Friday. Here is my recipe, try it if you like.

#### Hot Cross Buns

1 cup warm water (not hot)  
1 package active dry yeast  
2 tablespoons sugar  
2 1/2 cups flour  
1 teaspoon salt  
1 teaspoon cinnamon  
1/4 teaspoon nutmeg  
1 egg  
2 tablespoons soft shortening  
1/2 cup currants  
1/4 cup cut-up citron

In bowl, dissolve yeast in water. Measure flour. Add sugar, half of flour, salt, spices to yeast. Beat until smooth.

Add egg, shortening. Beat in rest of flour, currants, citron. Scrape sides of bowl and cover with a cloth. Let rise in warm place until double, about 30 minutes. If kitchen is cool, place on a rack over hot water and cover with a towel.

Grease 12 large muffin cups. Stir down raised dough. Spoon into muffin tins, filling 1/2 full. Let rise in warm place until dough reaches tops of tins, 20 to 30 minutes. Heat oven to 400 degrees and bake 15 to 20 minutes or until brown. Make a cross on each bun with thin white icing.

I just sift a little confectioners' sugar into a bowl and moisten it with cream or milk until it is a spreading consistency. Then add flavoring.

Be sure to spread it while the buns are slightly warm.

Do you have trouble peeling hard boiled eggs? Try this.

#### Hard Cooked Eggs

Cover eggs in saucepan with cold water. Heat until water boils. Remove from heat. Cover pan. Let stand off heat for 15 to 18 minutes. Cool eggs under cold water. This makes eggs easier to handle, easier to shell and immediately stops the cooking. (Overcooking causes the yolks to become dark.) Crack the shells slightly before cooling. This will make them easier to peel later.

\*\*\*

Eggs Goldenrod would make a colorful Easter breakfast. Just put 4 hard cooked egg whites and 2 yolks in a medium cream sauce. Press the other 2 cooked yolks through a sieve. Spoon the cream mixture over buttered toast and sprinkle the grated yolks over the top. A little paprika and parsley will make it even more festive.

PAPER TABLECLOTH available at the Clarkston News office. Just \$4.04 per 300 ft. roll. Ideal for parties, receptions and club dinners.

Kirk Williard, left, and Mark Taylor cut up in rehearsal for C.V.P.'s current production of "The Fantasticks." The musical will open Friday the 13th, at the Depot Theatre in Clarkston. Tickets for the Players' first musical, scheduled for the 13th, 14th, 15th, 20th, 21st and 22nd, are available at Dr. Denne's office, from any member, or at the door.

All was fair in running, jumping and shooting at the practice session for the game between members of the high school girls' varsity team and their teachers, mothers and alumni.

## Girls team challenge faculty, alumni and Moms

On Friday, March 13, the CHS Girls' Varsity basketball team will play its annual challenge game against the combined efforts of the women faculty, alumni and mothers. The game will be played in the high school gymnasium beginning at 7:00 p.m. The senior girls playing on the varsity squad are Nancy Caldwell, Sue Griffiths (co-captain), Jody Hawke, Carol Humbert, Cathy Kizer, Debbie Peters, and Jane Richard (co-captain).

The junior team members are Beth Cowen, Marti Hutchins and Debbie Molter.

With one league game remaining to be played at home against Waterford Kettering, the varsity squad is enjoying an undefeated 7-0 league record and an 8-1 record over all. They were defeated by Oxford early in the season by a two point margin, 38-36. The CHS girls have defeated the teams from Waterford Township, Rochester, Waterford Kettering, Waterford Mott, Pontiac Northern, West Bloomfield, Pontiac Catholic and Lake Orion. High scorers for the varsity team thus far this season are Beth Cowen and Jody Hawke. Beth is averaging over 24 points per game. Coaching the girls' varsity team is Miss Jan Modesitt, teacher in the mathematics

department.

The CHS junior varsity team is also doing a fine job this year. They, too, are undefeated in league play with a 5-0 record. Overall, they are 7-1 this season, losing only to Oxford by the score of 21-19. High scorers for the season are Anyce Birchett and Kathy Smith. Miss Kathy DeArmond, English teacher, is coaching the junior varsity squad this year.

Among those mothers playing in the upcoming challenge game are Mrs. Cowen, Mrs. Griffiths, Mrs. Hutchins, Mrs. Richard and Mrs. Surre. Representing the faculty women at the high school will be Mrs. Blasey, Miss DeArmond, Miss LaBrie, Mrs. MacArthur, Miss Modesitt, Miss Paradiso, and Miss Wixson. Alumni returning for the game will include Ruth Addis, Susan Davis, Lynda Kizer, Kathy Matlock, Cheryl Slade, and Nancy Weiss. Mrs. Cowen, Mrs. Surre, and Miss DeArmond are also CHS alumni.

If you enjoy an exciting and fun-packed evening, come watch the basketball game with the faculty-alumni-mother team opposing the Clarkston girls' varsity team on Friday, the 13th. Game-time is 7:00 p.m., and tickets at 50c may be purchased at the door.

# A SPIRITUAL Message

"So I find it to be a law that when I want to do right, evil lies close at hand... Wretched man that I am! Who will deliver me from this body of death? Thanks be to God through Jesus Christ our Lord!" Romans 8:21, 24, 25a

### FREEDOM FROM THE DEVIL

For years in this twentieth century it was considered unsophisticated and unscientific to believe in a personal devil. Yet now with all the new varieties of hell people are going through under wars and drugs and industrial-age pressures, we are being driven to wonder if the devil isn't real and fighting us. Some of these things once attributed to Satan are still coming at people and are not really accounted for in other ways.

The great missionary apostle Paul who penned the lines above to the Roman churchmen, is often envied because of his great dramatic experience of conversion. Yet it took even him three years before he could really face the people he had been persecuting. And seemingly all his life as a follower of the Nazarene he kept describing his horrible frustrations, his awful split personality, his walking civil war within himself. It seemed the devil was after him most of the time.

St. Augustine admitted stealing some pears as a youth not because he didn't have better pears at home but because he seemed compelled to "be a thief"! To be a thief, to drive oneself into trouble seems to be a compulsion more common today than we easily admit.

Even in the heart of our public

worship these days during Lent we may feel that we have honestly committed ourselves to a course of regularity and discipline only to find ourselves in the midst being distracted by what we consider hypocrites in the new pew or phoniness in fellow-worshippers or by just plain repulsive sniffing or other quirks in so-called churchmen around us. The devil seems to be taunting our efforts to get with it in our faith and practice!

But whether our devils are personal or academic, thanks be to God, there is a word of hope! That devil if he is a serpent has even the ordinary law of gravity to keep him operating only on the ground. A soldier in desperate plight, wounded in a remote spot in Vietnam has hope of a helicopter airlift to get him to help. The power of God is still greater than the power of the devil, if he is only invited in to help us with our struggles. The brainwashing devil will say it isn't so, but we still have the option of finding out for ourselves. There is no promise that the civil war within us nor the seeming devilish pressure from outside will be entirely removed. But there is hope that someone powerful can be invoked to our side in the battle and that there can be hope for victory.

# New building center has Grand Opening

Everyone is invited to attend the grand opening of the Burke Building Center, 4315 Dixie Highway in Drayton Plains, Friday, Saturday and Sunday, March 13, 14 and 15, it was reported by Harold Doremus today.

The new center, one of the largest home building, decorating and remodeling stores in Oakland County, offers more than 40,000 square feet of

name-brand products and exciting ideas, Doremus stated.

During the three-day grand opening celebration, there are to be free gifts, refreshments, prize drawings for wall paneling, paint, power tools, floor tiles, ceiling tile, even a portable television set. There will also be representatives from national name-brand companies to answer questions and advise customers on their

building, remodeling and decorating ideas and problems. Doremus also stated there would be special grand opening prices on a variety of products.

"This new center is a far cry from the early days of the company, which has served Oakland County residents for more than 45 years," said Doremus. "We designed this new center for the customer of today and tomorrow. We believe that such customers not only want to see what's new, but also want personal help and advice in selecting the products that

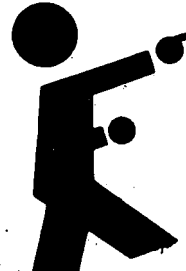

can make their ideas for the home become a reality."

Doremus also said the site for the new center was selected to make it conveniently accessible for a majority of the residents of Oakland County. It is located on the Dixie Highway at Sashabaw Road, just five minutes from the I-75 Sashabaw exit.

Grand Opening hours are to be from 8 a.m. to 9 p.m. Friday, 8 a.m. to 6 p.m. Saturday, and 12 noon to 4 p.m. Sunday, March 13, 14 and 15.

Mrs. Tom Quisenberry checks out the lumber selection of Russell Hosmer at the newly opened Burke Building Center. The expansion of the store has brought many new lines of lumber and hardware to the store, located on the Dixie Highway in Drayton Plains.

**Cast named for South Pacific**

By Polly Hanson

The cast for the upcoming spring musical, "South Pacific," has been announced by Mrs. Barbara Gibson, director and Mrs. Pat Highstreet, musical director.

The cast is as follows: (understudies are listed in parentheses) Emile de Beque, Mark Taylor (Kirk Williard); Nellie Forbush, Tammy Mahar (Ellen Taylor); Joseph Cable, Mike MacAlpine (Dan Race); Liat, Karrie Garlak (Kyle Anderson); Bloody Mary, Debbie Hoopengartner (Colleen Quinlan); Luther Billis, Jim Decker (Jim Gordon); Ngana, Sheryl Mumbower; Jerome, Kirk Peters; Stewpot, Kirk Williard; Professor, Dan Race; Brackett, Jim Klark; Habberson, Alan Rose; Henry, Richard Sims; Pam, Ellen Taylor; Janet, Colleen Quinlan; Lisa, Carmen Blackerby; Sue, Kyle Anderson; Genevieve, Lezlie Crum; Patricia, Debbie Merkel; O'Brien, Guy Inman; Steeves, Jim Gordon; McCaffrey, Dick Welch; Quoch, Rick Shoun, and Dinah, Mary Jean Head. Student directors are Katie Hoff and Polly Hanson.

The musical, which will be presented in May, revolves around James Michener's "Tales of the South Pacific." The intricate dance numbers will be handled by Miss Marilyn Curtis, choreographer.

The scenery will be designed by Mr. Ed Johnson of the Art Department. The dancers have not yet been chosen, but tryouts were held on Monday.

All seniors are reminded to vote in the mock elections. The following honors (among others) are up for grabs: prettiest smile, class brownie, Gertrude Gossip, Greg Gossip, Class Couple, best figure, best build, most popular, most athletic, most likely to succeed, and best dressed.

On February 27, the Clarkston local forensic contest was held. The following students won in the following categories: "Serious Interpretative Reading," Gail Pawley, Robin Ridley; "Humorous Interpretative Reading," Katie Hoff, Carolyn Jorgensen; "Declamation," Mary Ann Northcote, Phyllis Stewart; "Extemporaneous Speaking," Barry Stamper; "Radio News," Lynn Orlick, Greg Salk; "Oratory," Dave Erickson. The team is coached by Mr. Allen Bartlett.

The forensic team will be competing in the Pioneer Invitational Forensic Contest on March 14, 1970 at Dearborn High School. From there, it's on to the District competition on March 20, 1970 at Waterford Township High School.

The Sashabaw Cougars were downed by Clarkston Junior High at the Clarkston High School gymnasium on Friday, March 6 by a score of 64-51.

In the first quarter the Cougars got off to a seven point lead and led 18 to 11 as their fast break was working well, but by halftime Clarkston tied the game 28 to 28.

The 3rd quarter ended with Clarkston leading 43 to 41.

In the fourth quarter Clarkston out-scored Sashabaw by 11 points to take the game, 64 to 51. During this quarter Sashabaw missed five out of six free throws, three of them one and one situations. Clarkston also intercepted three passes for scores.

The Wolverines were led by the balanced scoring of 4 of their starters and particularly the fine outside shooting of Bruce Soulbey, who led all scorers with 20 pts. Rick Hunt scored 13 pts., Dave Parlo scored 12 pts. and grabbed 15 rebounds and Bill Hamilton also picked off 15 rebounds while scoring 11 pts. Rounding out the Wolverine scoring were Al Hux with 6 pts. and Thor Olafsson with 2 pts.

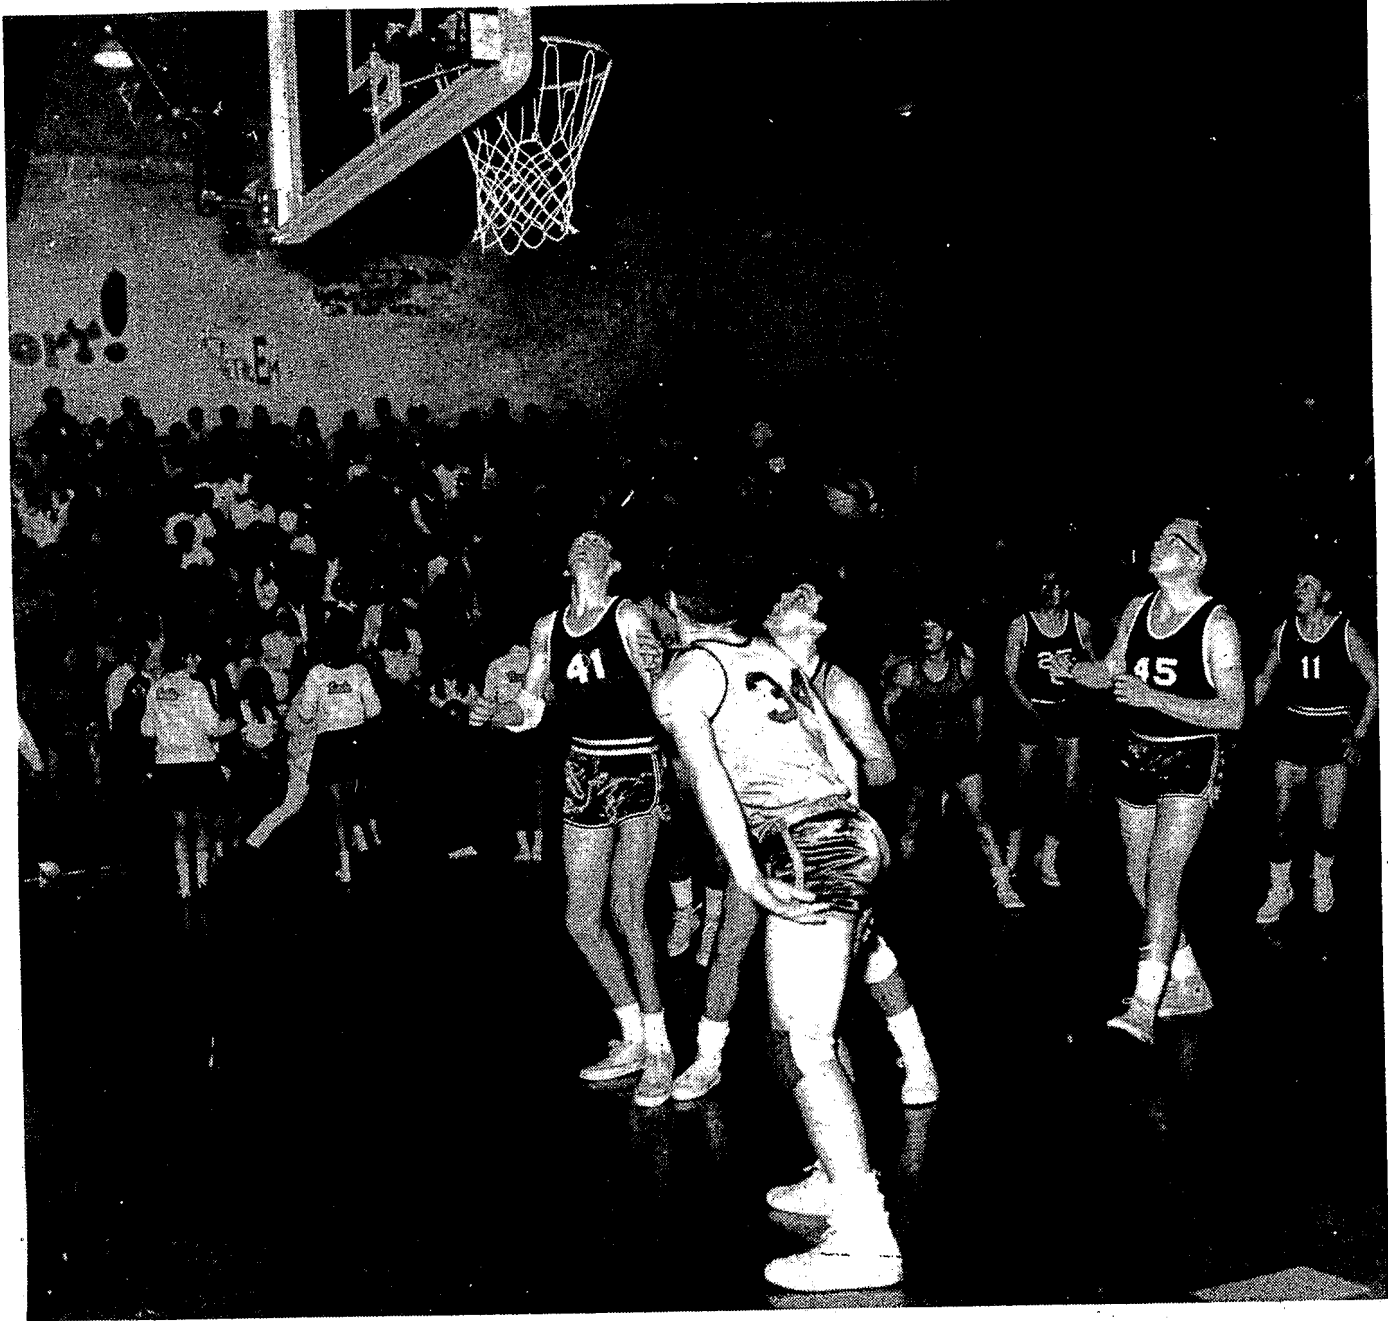

Two players were in double figures for Sashabaw — Steve Ogans with 15 points and Terry Green with 14 points.

The gym was filled for the first time this year with an estimated 1,900 fans providing much noise and color.

In the preliminary, the Sashabaw 8th grade, coached by Mr. Tom O'Brien and Mr. Richard Swartout, fell to the Clarkston 8th grade which was coached by Mr. Biehl by a score of 26-21.

The game was close throughout with Clarkston gaining a 15-8 advantage at the half. In the final quarters Sashabaw outscored Clarkston 13-11.

All 15 Clarkston players participated with Mr. Biehl subbing early and often, with 6 boys reaching the scoring column. Scoring for the Clarkston team went as follows: Gary Mason, 7 pts.; Steve Mauti,

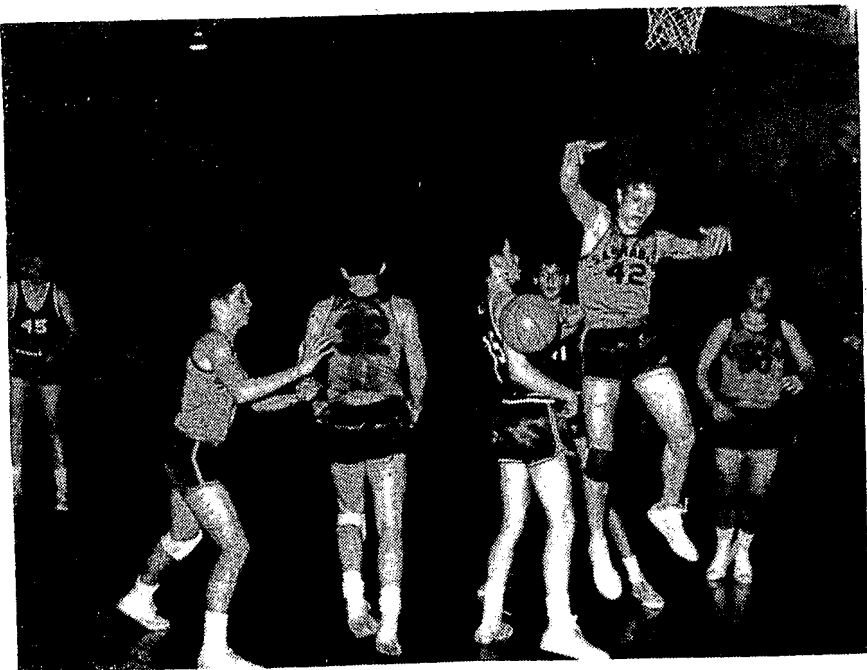

Fast floor action, played before a full house, keeps the high school gym vibrating with the cheering support of the spectators in the close game between the Clarkston and Sashabaw Junior High basketball teams March 6th.

6 pts.; Daryl Brittan, 5 pts.; Tom Anderson, 4 pts.; Ed Curry, 2 pts.; Tim Thomson, 2 pts.

High scorers for Sashabaw were Dirk Fenely with 8 and Dave Whitehead with 6. Bill VanCurler and Brent Agar were outstanding on the boards and Rod Rumsey excelled as a floor leader.

The fans were treated to an exciting evening of basketball with the cheerleading, bands, pep clubs adding to the excitement.

A letter from George S. White, High School Pep Club Sponsor, commended both schools for their school spirit, sportsmanship and enthusiasm, and urged them to continue in this vein that the tradition of spirit and pride and prestige of Clarkston can be upheld.

# Census will decrease funds to some units

Local townships and villages with less than a 13 percent population increase can expect a decrease in state revenues after the federal census figures are released, reports the Citizens Research Council of Michigan. In a report issued last month, the council cited estimates of an increase in Michigan's population from 7.8 to 8.8 million.

State collected-locally shared taxes are a major source of revenues for cities, villages, townships and counties in Michigan.

Last year Michigan distributed almost \$350 million to local units from the state sales, income, intangibles and motor vehicle highway fund (gas and weight) taxes. The distribution of the sales, income and intangibles taxes is on a per capita basis and the distribution of gas and weight taxes is based on a formula which includes a population factor.

The population increase will result in spreading state revenue over a greater population and thus decreasing the per capita distribution of funds. For example, the distribution of the intangibles tax to local units is fixed at \$9.5 million, this year as a result of the growth in state population, the per capita return will drop from \$1.21 to an estimated \$1.07.

Overall, in fiscal 1970-71, it is estimated that the distribution of sales, income intangibles, income and weight

and gas taxes to cities and villages will decrease by \$3.00 per capita as compared to a distribution based on 1960 census figures. The per capita distribution of the income tax to counties will be \$.55 less, \$4.07, per capita than last year.

These figures illustrate the potential impact of the 1970 census only on the PER CAPITA distribution of state collected-locally shared taxes. The impact of the new census on individual government units will be determined by whether growth is larger or smaller than state-wide growth.

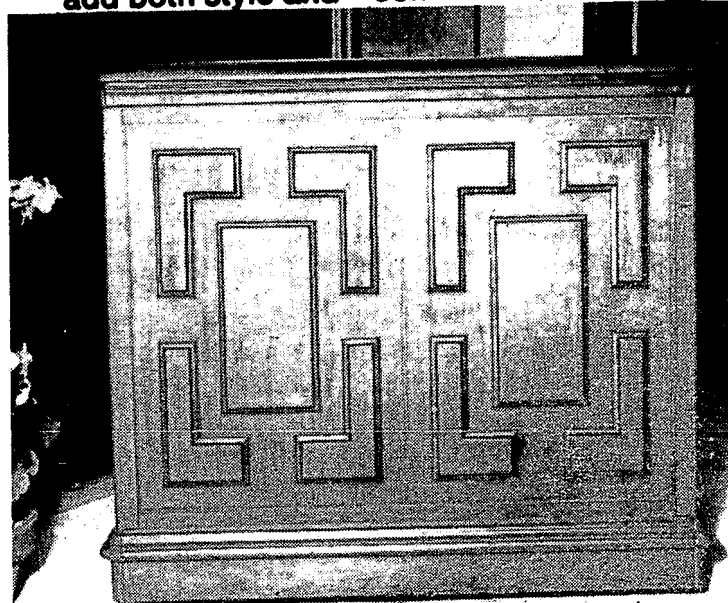

In this general area it appears villages which have not expanded their boundaries to gain population will not have grown 13 percent. Clarkston, Oxford, Leonard and Ortonville may all fit this category.

In the townships involved, Oxford, Independence, Brandon and Addison, however, the growth is undoubtedly above 13 percent in the past 10 years.
