Jim's Jottings

By Jim Sherman

During the planning for our new printing plant I've read about dozens of new facilities across the country. Trade publications give considerable space to publishers who take the plunge.

A page in the "newspaper man's newspaper," the Publisher's Auxiliary, was devoted to the new Observer Newspapers plant in Livonia. The Observer group, published by Philip Powers, includes papers in Southfield, Farmington, Plymouth, Redford, Westland and Garden City as well as Livonia.

After reading the description of Powers' plant I felt completely deflated. I could have burned my plans, sold the shop and sought a job as window washer for him... and I hate washing windows.

Of course, I can try to justify our differences. I can say "If I had \$3.5 million to put into a plant I wouldn't - I'd retire."

But my envy would show. Powers' shop has 52,000 square feet. His offices have 15,000. The floors and walls are carpeted and the flooring has stainless steel wire running through it to eliminate static electricity.

The computer and card punches are glass enclosed. Also enclosed is the observation deck around the top of the pressroom. The glass allows easy viewing for visitors, while permitting them to hear and not touch.

The Observer employees, there are 160 of them, have the convenience of a complete cafeteria with a full kitchen. Music is piped throughout and there's a paging system. We'll just yell a little louder in our new building.

Out in the mailing room some guy will sit where he has visual control over trucks in the loading area and three electric boom conveyors will carry bundles of papers to waiting delivery trucks.

There's much more, especially in the equipment, like the press that prints 60,000 papers an hour, but I'm getting ill.

Where's the little old man with

Jump for joy! It's spring! March winds play havoc with long hair on the Pine Knob Elementary School playground.

Tires punctured

Hawk strike in 12th week

The strike at the Hawk Tool Company entered into its 12th week. Picketers of Local 540 of the UAW continued to maintain headquarters in the trailer on the lot at the corner of Washington and Main Street in Clarkston.

Company spokesman Allen Hawke said, "Hawk Tool is in the process of phasing out. We have received no word from Local 540 to indicate that there is any change or hope that the differences can be settled."

"Last week we were forced to call the Oakland County Sheriff to report 4 incidents of malicious destruction."

the eye shade and apron? Does anyone still talk picas, nonpareils, and quoins? I wonder if they still have a proof press?

No more can the big city newspaper man buy a country weekly and retire, if he ever could. It isn't really fair to a community to have that type of editor or publisher anyway.

We can do nothing else except let the sprawl engulf us and work at staying ahead of the swell. But I think I'll hang onto our old hand-fed press for the joy it will bring when I look at it and recall the easier days, that were oh, so tough at the time.

The incidents Hawke referred to were the puncturing of tires on the cars of 3 of the company employees.

Tires on the cars of the office receptionist and the company bookkeeper were punctured on March 17 and 19. Paint was thrown on the front of the company office on Washington

Street.

The strike flared up over a disagreement about holiday pay. The union contract had expired last September.

Local 540 president, Robert Taylor was unavailable for comment.

2 more adult ed classes start

On Wednesday evenings from 7-9 p.m., 2 more adult education classes will be in session at Clarkston High School.

Jen Hagen is teaching oil painting (beginning and advanced). The cost for the 8 week session is \$9.00.

Woodworking and finishing is being

taught by Larry Thibault. All of the woodshop facilities are available to participants. A \$13.00 enrollment fee is charged for this class.

For further information call Miss Jan Gabier, Clarkston Senior High School, 625-5841.

Arraignment set March 30

Vaughn W. Friedley, 24, last known address Pontiac, was returned to Oakland County Jail last week.

Friedley was bound over to Oakland County Circuit Court at his examination before Clarkston 52 District Court Judge, Gerald E. McNally on breaking and entering charges.

The charges stemmed from his arrest by Michigan State Police on March 10 when, on a routine check, they found him entering the Ten-Hi Bar, 6761 Dixie Highway in Independence Township.

His arraignment is scheduled before Circuit Judge William P. Hampton on March 30.

obituaries

Doris Bozek

Doris K. Bozek of Waterford Township died on March 17. She was 58.

Mrs. Bozek was a member of the First Baptist Church of Clarkston.

She is survived by her husband, Frank; sons, Frank, Robert and Donald all of Waterford Twp.; Frederick Hemmingway of Washington, D.C.; daughters, Mrs. Sylvia Thompson and Miss Susan Ray of Clarkston.

Also surviving are her brothers, Glenn, Ross, Bruce, William, Vern Terry and 8 grandchildren.

Funeral services were held on March 20 from the Sharpe-Goyette Funeral Home with Rev. Clarence Bell officiating. Burial was in Ottawa Park Cemetery.

Roger Galligan

Roger Lee Galligan, 6594 Cherrylawn, died suddenly on March 16 at Pontiac Osteopathic Hospital. He was 49.

A native of Goodrich, he was the son of Lewis and Alpha Galligan.

Mr. Galligan was a member of the United Methodist Church and was employed at the F. J. Boutell Driveaway Co. in Pontiac.

Surviving are his wife, Betty; a daughter, Mrs. Beverly Sherman of Ortonville; 5 sons, David of Pontiac; Dennis of Deerfield Beach, Florida; R. Frank, stationed in Germany with the Army; J. Patrick and Norman, at home.

Also surviving are 2 sisters, Mrs. Louise Sutphen of Clarkston, Mrs. Jean Hall of Kentucky; 2 brothers, Jerome of Clarkston, Clifford of Troy; and 8 grandchildren.

Rev. Frank Cozadd officiated at funeral services on March 19 from the Clarkston United Methodist Church and burial was in Lakeview Cemetery.

Mr. Galligan lay in state at the Sharpe-Goyette Funeral Home.

ACCESSORIES FOR THE WEDDING RECEPTION. Cake boxes, place cards, coasters, cake bags, place mats, ashtrays, stirrers. All available with name and date imprinted. Come in now and place your order at the Clarkston News.

Marine Pvt. David W. Martin of 8965 Sherwood Drive, Davisburg, was graduated from recruit training at the Marine Corps Recruit Depot, San Diego. Martin is a 1970 graduate of Clarkston High School.

Gary Fitch

Navy Petty Officer Third Class Gary L. Fitch, son of Mr. and Mrs. Harold G. Fitch of 5744 Hummingbird Lane, is now serving aboard the guided missile frigate USS Halsey in the Western Pacific.

Ensign Richard L. Funk

Navy Ensign Richard L. Funk, Jr., son of Mr. and Mrs. Richard L. Funk of 6184 Cramlane Drive, Clarkston, received his commission as Ensign during ceremonies at Naval Officer Candidate School, Newport, R. I.

Editor's Note:
The picture of Ensign Funk that we published last week was sent to us in error by the Naval News Service.

Calls comments reprehensible

Accusations, allegations and denials concerning what was said at the last two township board meetings over an application for rezoning 28 acres on Maybee road were heard again Tuesday night.

Meeting in special session, the board was trying to get approval of the last meeting's minutes when the charges and counter charges started.

The clerk, Howard Altman, was reading the portion dealing with comments from Mrs. Elva Cook. The minutes say that Mrs. Cook charged former supervisor Duane Hursfall with "fraud" in an application for rezoning the property.

When comment on the minutes were asked for, Mrs. Cook said, "I hope so! I didn't say fraud was committed, only a court can say that."

Altman said he asked her twice at the March 16 meeting if she was saying that the application was fraudulent and she said yes.

Dale H. Burgess, 8605 Park Drive, spoke up, "I think this woman should be

prevented from using the board as a patsy. If she's got some mud to sling she should go through private channels and not involve the board in her dirty work."

Trustee Tom Bullen said the board was bound to action when a citizen charges fraud and that's why he suggested the attorney look into the zoning application. He called Mrs. Cook's comments reprehensible... "It is reprehensible that we be put into this position."

Bullen suggested keeping the allegations on a private level might be a better way.

The minutes were not approved.

Of the 1589 names on the petition asking a referendum on the multiple dwelling zoning of 17 acres of Waldon, only 17 are not counted. 1368 names have been found acceptable, 1346 is the number needed to put the question on the ballot, according to the formula.

The Board's next action would be to ask the court to lift the restraining order to allow certification of the petitions and bring the matter to a vote.

The Clarkston News

S.S. increase due in June

June third is the delivery date for the first checks to include the 10% increase voted in Social Security benefits by Congress last week. Commissioner of Social Security, Robert Ball stated that separate checks to make the increase payable, back to the first of the year, will be issued later in June.

This increase will affect the checks now payable to over 96,000 people in Oakland County, and more than 26 million throughout the country. The benefit increase is "automatic" according to Ball, in that no one has to contact the local Social Security office about it.

"Our seven payment centers will be able to program both the benefit increase and the retroactive amount into the same computers which are used to print the regular monthly checks. It will take a little time to change the benefit amounts without interfering with the regular monthly checks."

Another provision of the benefit increase law is that everyone filing for benefits in the future will have the 10% increase figured in, Ball said. New charts and tables to figure the increase will be available later.

Snowmobile restriction timely

The licensing of snowmobile operators with age restrictions and other requirements comparable to those required for auto licenses is advocated by the Michigan State Medical Society.

The Michigan medical profession also urges "appropriate federal and state legislation to be enacted limiting horsepower and speed of snowmobiles."

"Physicians feel obligated to express their concern over this health-threatening sport," declares a statement approved by the MSMS board of directors. MSMS reports there are over 180,000 snowmobiles in Michigan and that there have been 22 deaths this winter, through March 15.

"It is particularly distressing that many of the casualties are children who are passengers or who are actually operating the snowmobiles," points out Paul W. Gikas, M.D., Ann Arbor, chairman of the MSMS Committee on Highway Injury.

Doctor Gikas pleaded for better judgment on the part of snowmobile operators and the development of safety-oriented attitudes.

The medical society statement about snowmobile dangers pointed to high speeds, relatively poor maneuverability, lack of crash worthiness, and "the obstacle-ridden terrain over which many snowmobiles are operated."

The Michigan physicians are urging an expanded safety-educational campaign "in the interest of the health of the people."

"If It Fitz . . ."

Sorry, I don't care

By Jim Fitzgerald

The \$20 million hoopla over the Ali-Frazier prizefight reminded me again of an important freedom.

That is the freedom to not give a damn.

It seemed the whole world was turned on by that fight. It was broadcast live on TV in Yugoslavia at 4 o'clock in the morning, for Lord's sake. People actually paid hundreds of bucks each for seats near the ring where those 2 brutes belted each other. Incredible.

I've never been to a horse race because I'm not convinced the horses enjoy it. I've never shot a deer because I've never been attacked by a deer. I've never owned a snowmobile because they make sense only when you want to go where a warm car won't go and I've never wanted to go there.

So I can relax and sip my tea when the boys get in terrific hassles over such earth-shaking questions as:

1. Should racetracks be run by guys who belong to the Mafia according to testimony given before Congressional investigating committees? (Such testimony never leads to arrests because Efrem Zimbalist Jr doesn't attend Congressional hearings for fear of bombs).

2. Is it right for greedy, brutal hunters to kill female deer, thus preventing does from spawning bucks to be "harvested" by nice blue-eyed guys who go hunting simply to enjoy the fresh air — but come home angry if they haven't shot anything bigger than a squirrel?

3. Should 2-year-old children be allowed to drive their

snowmobiles alone across freeways after 10 p.m. or should it be required that they tow a sled carrying 2 people whose combined ages add up to at least 12?

It is arguments like those that make me the world's champion coat-holder. I couldn't care less. Of course, I figure I'm holding coats for a bunch of idiots but . . . to each his own. If I owned a snowmobile, a deer rifle and a season's pass to the racetrack I'd trade all three for a quiet weekend of good reading and indoor sinning.

So it was with me and Muhammed Ali and Joe Frazier. There is no more stupid activity than 2 men beating on each other until 1 of them falls unconscious. It is not a sport. It is the old Lions-vs-the-Christians

scene with the drooling Romans jamming the coliseum in search of blood. It's ambulance chasing made profitable.

I don't blame Muhammed and Joe and their promoters for cashing in on the modern Romans. If they didn't, someone else would.

But the biggest thing wrong with this world is that people won't stop killing people. So go tell your kid that violence is wrong and stupid. And then tell him how you paid \$100 to watch 2 guys slug each other. Tell your kid wow! you sat so near the fighters you got splattered with their blood.

Don't ask me for all the wise answers.

But also, when you and he are fighting, don't ask me to give up my freedom to not give a damn who wins.

PEEKIN' into the PAST

10 YEARS AGO IN THE CLARKSTON NEWS
March 23, 1961

Kenneth McCrum, Fireman Apprentice in the U.S. Navy and son of Mr. and Mrs. Kenneth McCrum of Clement Road, has a fifteen day leave before he reports in San Francisco.

Clyde R. Kiser, son of Mr. and Mrs. Maynard J. Kiser of Clarkston, has been commissioned a Navy Ensign. His wife, the former Miss Hazel Miller of Clarkston, attended the ceremonies Feb. 17 at the Naval Air Station, Pensacola, Florida.

Mr. and Mrs. Evan Leonard, 6341 Waldon Rd., spent three days in Cadillac, Michigan last week.

Bill Spence announces the opening of Rambler Sales and Service at 32 S. Main St., Clarkston.

25 YEARS AGO IN THE CLARKSTON NEWS
March 22, 1946

Mr. and Mrs. R. M. Parker have returned to their home in Clarkston after enjoying a visit to Arizona.

The first overseas war bride to come to Clarkston is Mrs. Frank Lovejoy, who arrived here on Wednesday. Mrs. Lovejoy is from England.

Among the college students who are spending their mid-semester vacations at their homes here are Misses Helen Hodges and Honor Stickney.

Accusations hurled at twp. meeting

By Jim Sherman

"I'm saying he should have paid rent for having a real estate office in the township hall."

That was one of several statements made by Mrs. Elva Cook, 5315 Bronco, at last week's Independence Township board meeting. Former supervisor of 13 years, Duane Hursfall, was the target of the remarks.

This was the second meeting at which Mrs. Cook has referred to Hursfall, hinting (if not directly accusing) that he actively engaged in real estate sales frequently from his office in the Hall, 90 N. Washington.

It was also the second time Mrs. Cook, a real estate broker, insinuated that the LHR Corp. (the H is Hursfall) used initials to conceal his interest in some property that was coming up for rezoning.

Contacted this week for comment about Mrs. Cook's accusations, Hursfall told the News he had contacted his attorney in consideration of legal action against Mrs. Cook. "There has been nothing fraudulent or secretive about any of my dealings in real estate," he said. "There was no wrong doing. My

conscience is clear."

Mrs. Cook opened her statement to the Township Board with the question: Has any zoning approval been rescinded after it was approved if it was fraudulently obtained?

She went on to say she had documents concerning the various ownerships and rezoning of a 28-acre parcel behind Food Town supermarket at Sashabaw and Maybee... the land Mrs. Cook claims had a fraudulent application for rezoning.

LHR Corporation drew its name from Bernard L. Lytell, 5351 Parview, Hursfall, 119 N. Holcomb and Charles L. Ross, 3290 Schoolhouse, Waterford.

County records show Hursfall bought the 28 acres as part of a larger purchase in October 1965, along with Lytell and Ross, but as individuals, not corporate.

The application for rezoning was made by Harry Shefman of Detroit in November, 1969. Approval of the application came January 20, 1970. Hursfall was absent from that meeting.

He told the News that at no time did he have any conversation with any board member about the particular rezoning

mentioned by Mrs. Cook last week. "Once one of them brought it up and I told him I'd rather not discuss it with him, and he said 'fine,'" Hursfall said.

No one was present to object to the rezoning from Residential 1 to Multiple, at the Dec. 18 Planning Commission meeting.

The LHR Corp. came into title of the Maybee road property February 1, 1970, after the rezoning.

Mrs. Cook ended her comments to the board Tuesday night by declaring Hursfall should have paid rent to the township, and asking for an investigation by the township into the rezoning and Hursfall's part in it.

Supervisor Gary Stonerock told Mrs. Cook that if she was charging fraud in this rezoning case, he thought she was wrong. "I don't believe there was any violation involved in the application," he said.

Trustee Tom Bullen, after asking Mrs. Cook to clarify a few statements, suggested the matter be turned over to its attorney, Richard Campbell. The board agreed to seek counsel opinion on the legality of the rezoning. Campbell is also

to tell the board what course they should follow if this rezoning procedure is found improper.

Spiritual Message

"Pardon and you shall be pardoned."
Luke 6:38

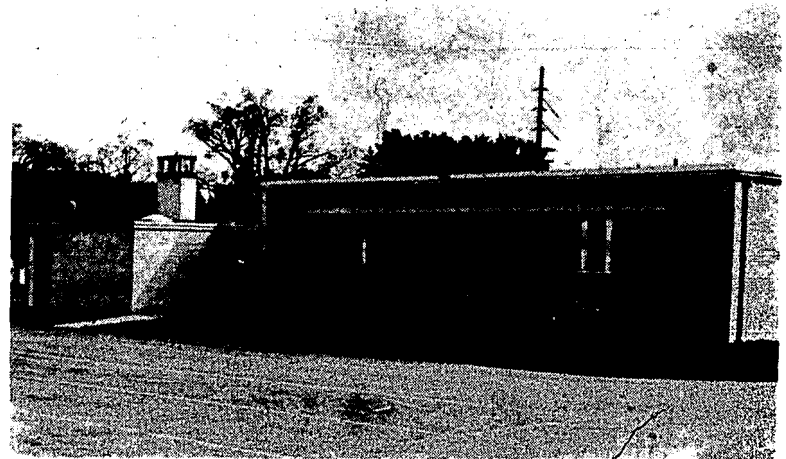

Fr. Francis A. Weingartz

Our Lord had several lessons which he never tired of repeating. His favorite was the lesson of love. And the one aspect of love that He insisted on was that of forgiveness. I suppose He drove this home so

often because He knew what a difficult virtue forgiveness was for us to practice. How often you have heard people say and maybe you said it yourself, "I forgive but I just can't forget." That kind of attitude - forgiving but not forgetting - is far from the forgiveness that our Lord had in mind. Nursing hurt feelings and at the same time mouthing words of pardon is not really Christian forgiveness.

Jesus wants us to practice His kind of forgiveness, not our kind. After a person says he is sorry for hurting us, we should treat him the same as we treated him before he injured us. Jesus did this. Remember what Peter did to Jesus. Peter denied Jesus three times. Before those denials Jesus promised to make Peter the head of the Apostles. Despite Peter's denials Jesus stuck to His promise. Jesus didn't say, "I forgive you, Peter, but I just can't forget your lack of loyalty and so someone else is going to take your place." Jesus made him the head of the Apostles. He said to Peter: "Feed my lambs,

Feed my sheep." True forgiveness involves a kind of spiritual amnesia. This is the kind of love and forgiveness that Jesus not only taught, but also practiced. This is the kind of forgiveness that Jesus wants us to have for one another.

Little League Registration opens

The Independence Township Recreation Program for Little League Baseball is getting under way this week. Registration forms are being made available to all interested players.

This year the age limit has been raised and the program will include all boys from 8 years through those whose 16th birthday will occur no later than August 31, 1971.

All players, regardless if they have played previously, will be required to fill out a new registration form. These forms will be available at all Clarkston schools. An official enrollment form is also printed in this issue of the Clarkston News.

Adults who are interested in assisting with the program in the capacity of managers are asked to contact either Louis Jewell, 625-5447, or Keith Storrs, 673-2670 who are heading the program.

"We are always short of managers," said Storrs. "We fielded approximately 46 teams last year. By increasing the age limit to 16 we assume that we will be dealing with 50 or more teams. So our needs will be greater than ever for adult assistance."

The player draft will get under way at 7 p.m. on April 26 at the Independence Township Hall.

All players and managers will be notified of the schedule at a later date.

Seek names of outstanding youth

Once again the Clarkston Area Youth Assistance Committee is seeking the help of the community in its attempt to continue their yearly Youth Recognition Night. They need community cooperation to provide the names to their selection committee of potential youths to be honored.

Youth Recognition Night is designed to recognize those young people who are participating in worthwhile activities in their school, church and community. It would recognize youths who performed acts of heroism.

The awards are available to youths who live within the area of the Clarkston

Community School District and they will be awarded in 2 categories, grades 7 to 9 and 10 to 12.

Nominators may be any adult or organization who wishes to submit the name of the deserving youth. The selections will be judged on the basis of voluntary service and not on services for which pay is received.

Nomination forms are available from members of the Youth Assistance Committee, at the Township Office or the Clarkston News.

April 1 is the deadline for forms to be mailed to: "Youth Recognition Night" Committee, 6595 Middle Lake Rd., Clarkston.

Around the town

Birds fly home

by Donna Fahrner

Mrs. E. H. Ronk of South Main Street has returned home after spending 7 weeks in Clearwater, Florida with her son, John and his wife, Arline. The weather was wonderful and she enjoyed her visit very much, but there is no place like home.

Mr. and Mrs. Harold Goyette and children, Debbie and Terry, flew to Clearwater and Mrs. Goyette and Terry drove Mrs. Ronk and grandmother, Mrs. Earl Terry back home. Mrs. Terry has been in the sunny south for 2 months. Debbie and dad flew home later.

Bailey Lake Neighborhood Girl Scouts will hold their mother-daughter banquet on Wednesday, March 31 at the Clarkston Jr. High School. Sharing Hands will be the theme for the decorations. The program will include Uncle Norman's Magic Show, Linda Haggadone, Carla Ripley and Troop 9 who will present an Easter Parade Skit.

A tip of our hats to the Camp Fire Girls, Girl Scouts and Boy Scouts, who brightened our windows during the past weeks. We have enjoyed your displays and had a lot of compliments on your efforts.

Seated are Fred Dyke and Mrs. Dave Larkin. Looking over their shoulders from left to right are Jim Lowery and Bill Foster. The foursome are completing plans for the March 26 fashion show-card party to benefit the new Midget Football League.

The Independence Township Athletic Association is sponsoring a card party and fashion show for men and women on March 26. It will start at 7:30 p.m. at the Clarkston Eagles Hall on M-15 and U.S.-10. The proceeds from the party will be used to purchase football equipment for the boys of the association. Tickets may be purchased at the door.

Mrs. Ralph French of North Hollywood, California, having survived the earthquake, flew to Clarkston on March 11 to soothe her shattered nerves and visit her sister, Mrs. Robert Newlin of Princess. I hope she enjoyed our snow, ice and rain. But then, I guess that must have looked good compared to an earthquake.

The Pontiac General Hospital Retirees will meet at 1 p.m. on Thursday, April 1 in the hospital auditorium. All hospital retirees are invited.

The Clarkston Jaycees are busy completing plans for another one of their great Sing-Along parties. This is an adult party, open to anyone who would like a fun evening. The date is Saturday, April 3, at 8:30 p.m. at the K of C Hall on

Maybee Road.

Anyone driving past 6641 Transparent on Saturday, March 13 saw a most unusual snowman or snow head. It was built by Ken Siegert, Rick Miller and Mike Foote. Great job, fellows. I hope next time you get creative you take a black and white picture so we can print it.

A rummage sale, bazaar and bake sale will be held on Friday and Saturday, April 2 and 3 at the Masonic Temple in Davisburg from 8 a.m. to 5 p.m. It is being sponsored by the Austin Chapter No. 396 Order of Eastern Stars.

The annual Camp Fire Girls candy sale will start on April 16. All your Girl Scout cookies should be gone by now and you have a few weeks to diet before starting on the candy.

The Women's Club will be selling Clarkston Community calendars for the next few weeks. Proceeds from this sale go to the Township Library. Members will be calling on you, so line up your dates for birthdays and anniversaries. Anyone not contacted may call the chairman, Joanne Darling, 625-2578.

Kutting Korners

I came across this recipe for potatoes recently.

"Peel the potatoes. Cut in very small pieces. Boil in water, drain and dry in cloth. Roast in small pieces of bacon, add a little milk and simmer - then it will be good and tasty."

Those instructions are 390 years old and may be the first printed recipe for potatoes, which were unknown in Europe until the latter part of the 16th century.

The recipe was in Max Rumpolt's "New Cookbook," published in 1581 under the German title "Ein Neue Kochbuch." It was among some old books that were to be auctioned in London.

I tried it out this way. I diced the bacon and let it grease the bottom of the pan before I added the potatoes which I dried on paper towels rather than cloth. When the bacon got pretty well browned, I added the milk.

Being a constant innovator, I added some chopped onions with the bacon. I also used half and half. We loved them.

Here is another old but good way to prepare potatoes for a change.

GNOCCI

3 cups hot mashed potatoes

1 cup flour

3 tablespoons Romano or parmesan cheese

2 egg yolks

Combine all ingredients in a bowl and knead until smooth.

Roll out 1/2 inch thick on a floured board. Cut in 2 inch strips, 4 inches long. Roll strips between palms until shaped like a pencil. Cut into 2-inch pieces. Lay on floured board and pull index and third fingers along dough toward you to make it curl. Boil in salted water until they rise to the top (about 10 minutes.) Serves 6.

Want to go way out and exotic? Try this recipe.

CRUZAN POTATOES

1/2 cup butter

1 cup chopped onions

1 cup chopped sweet green peppers

1 cup chopped celery

1 cup raisins (I chickened out on this)

2 tablespoons thyme
1 small can tomato paste
1 tablespoon Tabasco

6 eggs

6 cups mashed potatoes (instant may be used)

For 10 minutes, saute in butter the onions, peppers, celery, raisins and spices, well mixed with the tomato paste. Beat eggs and mix well with potatoes. Combine both mixtures and bake in 350 degree oven for 25 to 30 minutes until firm. Serves 8.

I heard from 2 Lakeville readers this week.

Mrs. Joan Pincumbe of Lakeville called in response to my request for the recipe for egg pie crust.

Here is her recipe and she says that it makes 2 double and 1 single crust.

EGG PIE CRUST

5 cups flour

1 pound lard (2 cups)

2 teaspoons salt

Break an egg in cup and beat slightly. Add enough water to make 1 cup of liquid.

Add to the flour mixture and roll.

Sounds simple. Thank you, Mrs. Pincumbe. Don't forget, you promised to call back with your favorite recipe.

Mrs. Walter Parsons sent the same recipe. She calls it Foolproof Pie Crust and says it's never tough, no matter how much it is patched. Mrs. Parsons also says that it can be kept under refrigeration for several days.

Sounds like something a new bride or amateur cook could try. Thank you.

Founders of a local Civitan Club are, seated, Bill Kunse, left and Terry Thomas. Standing are Bob McClendon, left, and Lloyd Smith.

Form Civitan club here

A new Civitan Club is being formed in the Waterford-Clarkston area to be called the North Oakland Civitan Club. Civitan International is a 50 year old men's service organization with over 50,000 members in the United States, Canada, Mexico, Sweden, Denmark and Germany. Their motto is "Builders of Good Citizenship."

Charter night has been set for Monday, April 5 at the Pontiac Elks Club. To this date, 20 men have joined and extend an invitation to others to join them at the organizational meeting on Monday, March 29 at 7:00 p.m. at the CAI Building on Williams Lake Road in Waterford Township.

Area men who have joined are Douglas Foyteck, Robert Gillis, Douglas Griffiths, Terry Thomas, Bill Kushman and Donald Place.

For additional information contact Lloyd Smith at 335-5421 or Donald Place at 625-2390.

Dean's list

A total of 370 students have been named to the first semester Dean's List at Albion College.

Local students named to the list are Karen Mueller, junior, the daughter of Mr. and Mrs. Melvin Norman of Snow Apple and Jody Hawke, freshman, daughter of Mr. and Mrs. Earle Hawke of Hummingbird Lane.

To be eligible for this academic honor,

a student must carry a full class schedule and earn a minimum grade point average of 3.3 (based on a 4.0 system).

Albion College is a liberal arts, coeducational institution founded in 1835. Known for its long record of academic excellence, Albion is the first private, liberal arts college in Michigan to have a chapter of Phi Beta Kappa.

Promoted

Peter Thompson

Westwood Heights School District in Flint has announced the promotion of Peter Thompson to the position of Administrative Assistant to the Superintendent.

Mr. Thompson is a former resident of Clarkston, and is currently the principal of Hamady Junior High School in Flint.

Woman's Club hear County speakers

The Clarkston Women's Club announced the speakers for their 8 p.m. March 25 meeting.

Two Oakland County employees will explain services offered through the Health Department and Intermediate School District.

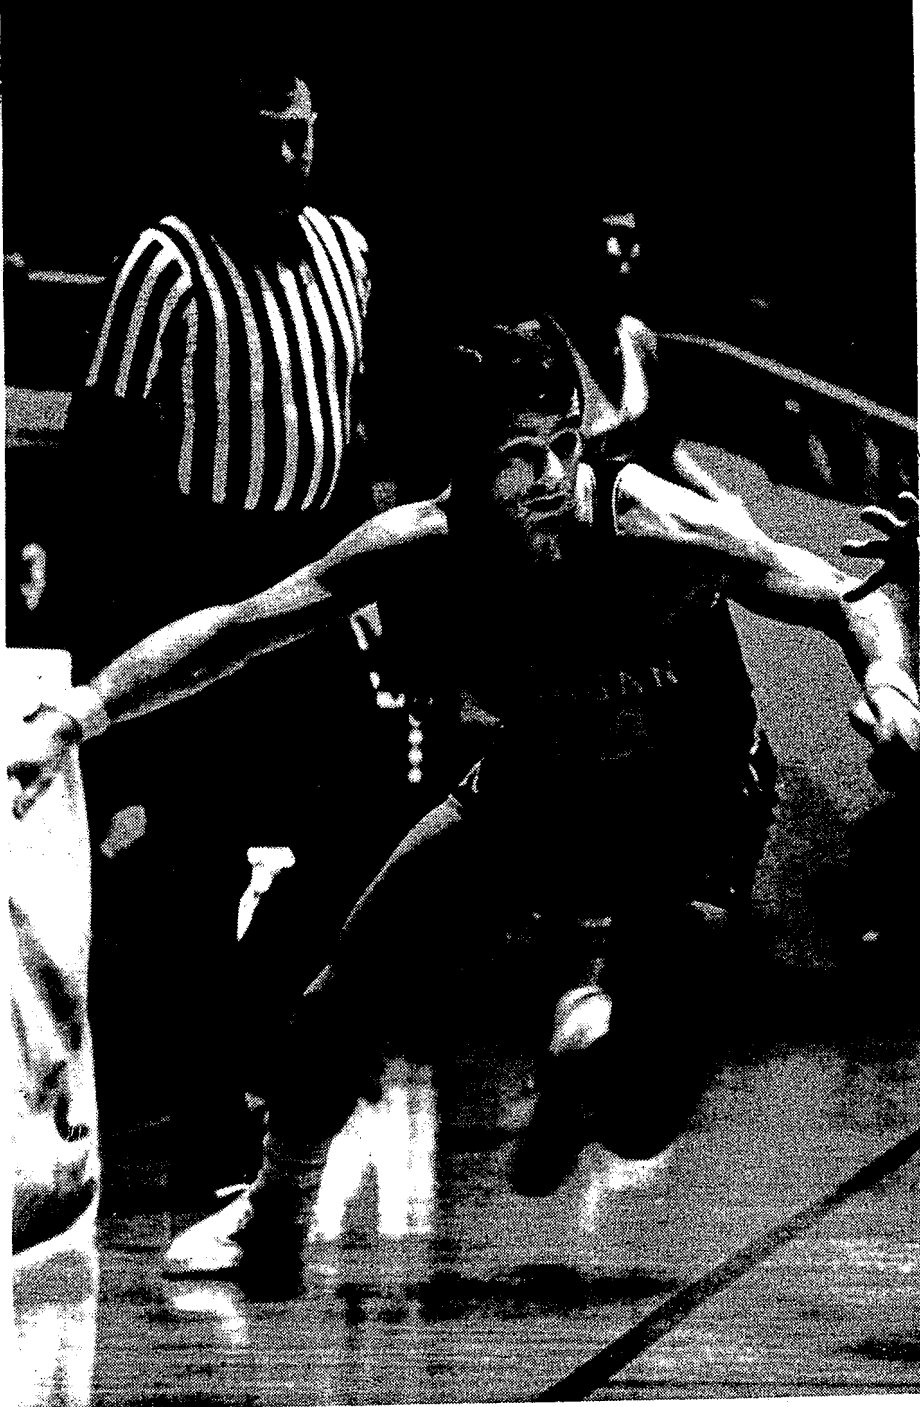

Mrs. Mary Anderson will speak for the Health Department and the Oakland County Schools will be represented by Donald Place.

The club's annual house-to-house sale of calendars will begin in the next weeks, according to Mrs. Joanne Darling, chairman.

The calendars are printed with the birthdays and anniversaries of local residents for a small fee.

Mrs. Darling can be contacted at 625-2578 in the event that anyone is missed in the campaign.

Mrs. Clifford Irwin reported that her committee had successfully served lunch to workers on the "Bottles for Building" pickup on March 20.

Dan Fife

Carolina drafts Fife

Michigan wins 1st game in NIT

The Michigan Wolverines made a successful debut in the National Invitational Tournament at Madison Square Garden with an 82-76 win over Syracuse, but brought flutters and heavy heart palpitations to fans and television viewers Sunday.

Johnny Orr's squad piled up a worrisome number of personal fouls in the first minutes of the game as they attempted to move the ball down the court against the Syracuse team's zone press.

Captain Dan Fife, the 6-foot-2 guard

from Clarkston, scored 16 points as he keyed the Michigan offense to the win. New York sophomore Henry Wilmore led the scoring with 22 and Wayne Grabiec tallied 21 points.

Fife, the 190-pound senior, a former All-State and prep All-American from Clarkston, was drafted 17th by Carolina of the ABA, and is expected to go higher in the NBA selection. He won honorable mention in All-Big Ten, and made the United Press International's All American mention list.

Dan is considered the most underrated

player in the Big Ten.

"It's a shame Dan's been overlooked," said coach Johnny Orr. "The probable reason is that he doesn't have the high average. He can score more, but he's sacrificed himself for the sake of the team."

The other Wolverine cagers added their agreement by voting that Fife and Wilmore share the team's most valuable player award.

Michigan will go against Georgia Tech on Wednesday night. Tech made it to the quarter finals by beating LaSalle 70-67 on Saturday night.

WW 1 Vets meet

WWI Vets and Auxiliary held their regular meeting after a co-op dinner on March 13.

The meeting was called to order by Jr. Vice President Lorna Little. Eleven members and one guest were present.

Mrs. Guy Poppy, Sr. Vice President of the 5th District, was a guest.

The club's charter was draped in honor of Edith Cornell, who died on Feb. 28.

Officers will be elected at the April 10 meeting at the Davisburg Town Hall, Davisburg.

C.E.A. Report

By Barbara Glover

Mrs. Barbara Glover's sixth grade class held the interest of most of the students at Clarkston Junior High recently with a showcase display of puppets. Students of room 27 began the creative art project several weeks ago.

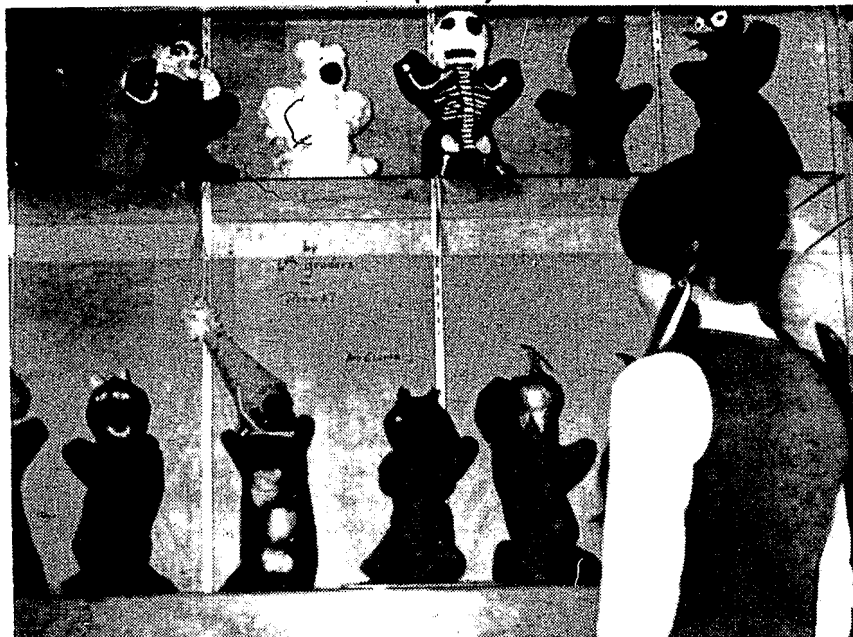

Each student began with a light bulb and an idea. The ideas not only materialized — some of them are about to come to life. The boys and girls will place some of them in starring roles of plays written in connection with their English class.

One student, Kathy Glowzinski, related the process by which the puppets came into being: "We took a light bulb and covered it with foil — well, most of us used foil first — then we dipped long strips of newspaper into the wheat paste and wiped off the extra paste between

our fingers. We put about 3 layers of paper on, and let it dry. After that we put on about 3 more and let it dry again. After about 3 more layers of newspaper strips and paste, we were ready to put on strips of torn paper towel which had been dipped in paste to make the puppets nice and smooth on the outside. Then we added any parts that stuck out — like ears or noses. When that was all dry, we were ready to paint the puppets.

"After that, we cut out the clothes from scraps of felt, using a pattern, and we fastened them together with staples. Next we turned the clothes inside out so the staples wouldn't show, and put any decorations on them that we wanted, like bits of cotton, or spots cut out of felt."

Kathy's puppet is a butterfly.

Kathy O'Rourke, an 8th grader, admires the puppets made by the 6th graders at Clarkston Junior High School.

Montcalm AUTO GLASS

ORIGINAL EQUIPMENT SAFETY GLASS FOR REPLACEMENT INSTALLATION

263 West Montcalm, Pontiac
Phone 335-9204

served lunch to the workers.

Jaycees, Boy and Girl Scouts, High School Ecology Club members, Sashabaw Junior High School's "Bottles for Building Club" and other citizens assisted in the pick-up, sorting and loading of the glass.

The helpers totaled approximately 150 in the operation which included a communication center and base of operations in the Township Hall, drop-off centers, residential pick-up and the loading site.

This month's process was observed by committee members from Waterford, Avon, Shelby and the combined areas of Holly-Rose-Springfield Townships who are interested in beginning similar drives.

Spokesmen for the local "Bottles for Building" committee indicated that the development of drives in the surrounding areas will strengthen the effort to have a reclaiming center for household glass established in or near northern Oakland County.

They indicate that to accomplish this aim, 85% of the residents must participate in saving glass. It was estimated that 35% of the citizenry contributed their efforts at this time.

Mrs. Jack Belby, publicity co-chairman, urged that residents remind and urge their neighbors and friends to begin saving glass and bottles for the next collection, which is scheduled for April 17.

ACCESSORIES FOR THE WEDDING RECEPTION. Cake boxes, place cards, coasters, cake bags, place mats, ashtrays, stirrers. All available with name and date imprinted. Come in now and place your order at the Clarkston News, 5 South Main, Clarkston.

Letters to the editor

"Fee simple"

March 17, 1971

Dear Editor,

I am writing this letter in a deeply aggravated state of mind, caused by a letter received today from the Department of the Interior (National Park Service) concerning ownership of property within the boundaries of the proposed Sleeping Bear Dunes National Lakeshore.

Since my property has been classified "Category I, Public Use and Development Area" I was notified that the Secretary of the Interior intends to acquire such designated lands "in fee simple."

Lands designated as within Categories II, Environmental Conservation Areas — and Category III, Private Use and Development Areas are scheduled for acquisition "in fee."

Is there anybody who can explain above "terms" in a comprehensive way? I was seemingly under the false impression that the owners of lands to be acquired by the government for development of the National Lake Shore were to be compensated for their property at the fair market value price.

To my knowledge only in countries not ruled by Democracy, private lands are "simply" acquired by the government for public usage.

Ingeborg M. Girschner
Clarkston/Sleeping Bear Point, Mich.

Ponder ethics

Dear Editor:

I wonder when and who is bound by a Code of Ethics?

Are ethics involved when the township supervisor's house is being remodeled by a licensed contractor without a building permit?

Are ethics involved when the township supervisor's house is in a residential district and a commercial business is operated out of his house? As chief law enforcement officer is the supervisor exempted from abiding by the zoning ordinance?

Is it ethical for the supervisor to enforce township ordinance to force others to discontinue zoning and building violations and himself, a surveyor, operate a land service business from his home?

Is it ethical for the supervisor to hire his relative to dig on private property in the township? Is it ethical for the supervisor to ask a relative to submit a bid to construct a sewer line?

Is it ethical for the supervisor to support a township board resolution to accept a relative's bid and then vote "Yes" on the motion?

It seems ethical then that the supervisor would ask all township officials and employees to sign his code of ethics, doesn't it?

Should the supervisor be the first to

sign the ethics code? Or should the supervisor be given the onion award? or should the Pontiac Press still recommend a cigar?

Signed,
Disappointed Twp. Taxpayer

Briefly told

Area residents will have another opportunity to see the Slavic Folk Ensemble of Oakland University in a Cossack Dance Festival when they perform at 3 p.m. on March 28 at the Pontiac Creative Arts Center.

There will be no charge for admission. The Center is located at 47 Williams Street in Pontiac.

Ron Dobson, Farm Bureau Insurance Group Career Agent, was recently awarded the 1970 Distinguished Salesman Award (DSA) during the firm's All American Convention in Grand Rapids.

The DSA, often called the "Oscar" of the sales profession, is awarded each year by the International Sales and Marketing Executives Club to the best salesmen in member companies.

To acquire the DSA, a recipient must combine personal integrity and professional expertise with proficient customer service and top sales production.

Dobson, his wife, Janet and 2 children live in Clarkston.

Edward Goetz was recently named executive of the Manito District for the Clinton Valley Council, Boy Scouts of America.

Goetz has been the head of the Ottawa District for the past 8 years. The Manito District which is located in northwest Oakland County includes the Drayton Plains, Waterford, Holly, Clarkston, Ortonville, Lake Orion and Oxford areas.

The district had been without a Scout executive for more than a year.

NOTICE

PUBLIC HEARING, SNOWMOBILE ORDINANCE

A public hearing will be held April 6, 1971 at the Independence Township Hall, 90 North Main St., Clarkston, FROM 7 TO 9 P.M. for the purpose of hearing objection and/or recommendation to the adoption of an ordinance controlling the use of snowmobiles within the corporate limits of Independence Township. To wit:

ORDINANCE NO.
(Effective Date)
TOWNSHIP OF INDEPENDENCE
ORDINANCE TO REGULATE SNOWMOBILES

PREAMBLE:

An ordinance to provide for the licensing and registration and regulation of snowmobiles in the Township of Independence for the purpose of protecting the public health, safety and general welfare of the persons and property in Independence Township, and recognition of the fact that snowmobiles are being increasingly used and operated on and about properties, both public and non-public, in Independence Township, and that the continued use of said snowmobiles without proper licensing, registration and regulation constitutes a public hazard.

The Township Board of Independence Township, County of Oakland, State of Michigan, pursuant to the authority vested in it by Act 246 of the Public Acts of the State of Michigan for 1945, as amended, ordains as follows:

ARTICLE 1: SHORT TITLE.

Sec. 1.1. This ordinance shall be known and may be cited and referred to as the "Independence Township Snowmobile Ordinance" and hereinafter shall be referred to as "This Ordinance."

ARTICLE 2: DEFINITIONS.

Sec. 2.1. "Operator" means any person who operates or is in actual physical control of a snowmobile.

Sec. 2.2. "Owner" means any person, other than a lienholder, having the property in or title to a snowmobile and entitled to the use and possession thereof.

Sec. 2.3. "Operate" means to ride in or on and to control the operation of a snowmobile.

Sec. 2.4. "Person" means an individual, partnership, corporation, the state and any of its agencies or subdivisions, and any body or persons whether incorporated or not.

Sec. 2.5. "Snowmobile" means any motorized vehicle designed for travel primarily on snow or ice steered by wheels, skis or runners.

Sec. 2.6. "Highway or Street" means the entire width between the boundary line of every way, whether private or publicly maintained, when any part thereof is open to the use of the public for the purposes of vehicular travel.

Sec. 2.7. "Roadway" means that portion of a highway improved, designated, or ordinarily used for vehicular travel. If a highway includes two or more separate roadways, the term roadway refers to any such roadway separately, but not to all such roadways collectively.

ARTICLE 3: REGISTRATION, DISPLAY AND INSPECTION OF CERTIFICATES OF REGISTRATION, DISPLAY OF IDENTIFICATION NUMBERS.

Sec. 3.1. Except as otherwise provided in this ordinance or by State law, no snowmobile shall be operated within the Township of Independence unless registered by the owner pursuant to the state law of the State of Michigan.

Sec. 3.2. The certificate of registration as above obtained, shall accompany the vehicle and be available for inspection upon demand by any peace officer.

Sec. 3.3. The owner of any snowmobile shall paint or attach in a permanent manner on each side of the forward half of the snowmobile the identification number as it appears on the certificate of registration in black characters of good proportion, not less than 3 inches in height reading left to right. The numbers shall contrast so as to be distinctly visible and legible. No number other than the number awarded to the snowmobile in accordance with the laws of the State of Michigan shall be painted, attached or otherwise displayed on either side of the forward half of the snowmobile.

Sec. 3.4. No registration is required for snowmobiles operated exclusively on lands owned or under the control of the snowmobile owner.

Sec. 3.5. No registration is required for a snowmobile which is exclusively operated in a special snowmobile event of limited duration which is conducted according to a prearranged schedule under a permit from a governmental unit having jurisdiction.

Sec. 3.6. A snowmobile registered in another state or in a province of Canada to a non-resident of this State may be operated within the State under authority of such registration for a period not to exceed twenty (20) days.

ARTICLE 4: OPERATION OF SNOWMOBILES; PROHIBITIONS; RESTRICTIONS; EXCEPTIONS.

Sec 4.1. No person shall operate a snowmobile upon the main travel portion of any roadway or on any highway or street within ten (10) feet of such roadway with the following exceptions:

- (a) Properly registered snowmobiles may cross public highways, excluding limited access highways and freeways, if such crossing can be made in safety and does not interfere with the free movement of the vehicular traffic approaching from any direction on said highway. The snowmobile operator shall yield the right-of-way to all vehicular traffic upon any highway.
- (b) Snowmobiles may be operated on the highways in the county road systems which are not maintained for winter wheel vehicular traffic by removal of snow.
- (c) Snowmobiles may be operated on a street or highway during a period of emergency when so declared by a police agency having jurisdiction, and travel by conventional automotive equipment is not possible.
- (d) Snowmobiles may be operated on the highways within the restrictions set forth herein for the purposes of crossing bridges and culverts.
- (e) Snowmobiles may be operated on county highways not having ten feet or more of traversable right of way outside the traveled portion of the roadway as far off the roadway as possible.
- (f) Snowmobiles may be operated on a street or highway for a special snowmobile event of limited duration which is conducted according to a prearranged schedule under permit from the governmental unit having jurisdiction.
- (g) Whenever it is impractical to gain immediate access to an area adjacent to a public highway where a snowmobile is to be operated, the vehicle may be operated adjacent and parallel to the highway for the purpose of gaining access to the area of operation. This sub-section shall apply to the operation of a snowmobile from the point where the vehicle is unloaded from a motorized conveyance to and from the area where the snowmobile is to be operated when loading and unloading cannot be effected in the immediate vicinity of the area of operation without causing a hazard to vehicular traffic approaching from either direction on the highway. Loading or unloading must be accomplished with due regard to safety at the nearest possible point to the point or area of operation.

Sec. 4.2. No snowmobile shall be operated in the Township unless it has one headlight, one tail light and adequate brakes capable of producing deceleration at 14 feet a second on level ground at a speed of 20 miles an hour.

Sec. 4.3. No person shall operate a snowmobile:

- (a) At a rate of speed greater than is reasonable and proper having due regard for conditions then existing.
- (b) While under the influence of intoxicating liquor or a narcotic drug, barbitol, or any derivative of barbitol.
- (c) During the hours from one half (1/2) hour after sunset to one half (1/2) hour before sunrise without displaying a lighted headlight and a lighted tail light.
- (d) Unless it is equipped with a muffler in good working order and in constant operation to prevent excessive or unusual noise and annoying smoke.
- (e) While transporting thereon a bow or firearm unless the same be securely encased.
- (f) Unless the operator is fourteen (14) years of age or over or accompanied by a parent or lawful guardian.
- (g) On the private property of another without express permission to do so by the owner or by the person in control of said property.
- (h) On public school grounds, park property, playgrounds, and recreation areas or any other public property, without express permission or provision to do so by the proper public authority.
- (i) During the hours from 10:00 P.M. to 7:00 A.M. Sunday through Thursday, and during the hours from 12:00 midnight through 7:00 A.M. on Friday and Saturday on any frozen lake or river within the township.
- (j) Any later than the first Sunday following February 20 of each and every year on any frozen lake or river within the Township.
- (k) When said snowmobile is emitting loud or unusual noises or sounds which are so loud and/or unusual so as to offend the peace and quiet of the persons of ordinary sensibilities.

Sec. 4.4. No owner shall permit or consent to the operation of a snowmobile by an operator or person under the age of fourteen (14) years unless said person is accompanied by a parent or lawful guardian. For the purposes of this section, it shall be presumed that any operator who is a member of the immediate family of an owner is operating said snowmobile with the consent of the owner. This presumption may be rebutted by competent evidence.

ARTICLE 5: RESTRICTED AREAS AND TIMES; ADDITIONS.

Sec. 5.1. The Independence Township Board may by resolution restrict additional areas and times of operation and in the event such area or time is restricted and either posted and/or notice thereof given by the placing of notice in a newspaper regularly published and/or disseminated in the Township on at least two occasions, and the operation of snowmobiles then continues in violation of said restriction, said operation shall be deemed a violation of this ordinance.

ARTICLE 6: ACCIDENTS, NOTIFICATION TO AUTHORITIES.

Sec. 6.1. The operator of a snowmobile involved in an accident resulting in injuries to or death of any person, or property damage in an estimated amount of \$100.00 or more, or some person acting for him, or the owner of the snowmobile having knowledge of the accident shall immediately by the quickest means of

communication notify a State Police Officer or officers or the Sheriff's Office of the County wherein the accident occurred, or the office of the Police Department of the Township of Independence of said accident.

ARTICLE 7: SEVERABILITY, LAWS.

Sec. 7.1. If any section, provisions, or phrase or word of this ordinance shall be held void, ineffectual or unconstitutional, by a court of competent jurisdiction, then such finding shall not affect the validity of the remaining sections, provisions, phrases or words thereof.

ARTICLE 8: PENALTY.

Sec. 8.1. Violation of any of the provisions of this ordinance shall be punishable by a fine of not more than \$500.00 and costs of prosecution or by imprisonment in the County Jail for a period not to exceed ninety (90) days or by both such fine, costs and imprisonment as may be determined by a court of competent jurisdiction.

ARTICLE 9: EFFECTIVE DATE AND DECLARATION.

Sec. 9.1. This ordinance is hereby declared to have been adopted by the Township Board of the Township of Independence, Oakland County, State of Michigan at a meeting thereof duly called and held on the day of _____, 1971, in order to be given publication in the manner prescribed by law.

HOWARD ALTMAN
Independence Township Clerk

**MINUTES OF REGULAR MEETING
VILLAGE COUNCIL
Village of Clarkston
March 9, 1971**

Meeting called to order by President Cooper.
Roll: Present - Basinger, Jones, Johnston, Hagen. Absent - Kushman, Westlund.
The Clerk administered the oath of office to the newly-elected officials, Trustees Johnston, Irwin, Tower and President Cooper.
Also present was Village Attorney, Mr. Jack Banycky.
Moved by Jones that the following bills be paid:

Police Department	\$295.46
Municipal Services	1357.23
Clarkston News	61.25
Kieft Engineering	12.20
Election Expense	94.97

Seconded by Hagen. Roll: Johnston, yea; Basinger, yea; Hagen, yea; Jones, yea. Yeas 4, Nays 0. Motion carried.

The Village Attorney reported on the new election law which does not apply to the Village of Clarkston. A copy of P.A. 239 was given to the Clerk for the Village files.

The Village Attorney reported that he would finalize a Burn Ordinance draft for presentation to the Council.

The Village Attorney also reported that the lawsuit regarding the southeast corner lot at the intersection of M-15 and Waldon Road was being carried on by the property owner, Mr. James Leon; however, the Boron Oil Company was no longer a party in this action.

A letter was read by the Clerk with regards to the recent resolution by the Council. This letter was from Mr. Eugene C. Brown of the Water Resources Commission, in which Mr. Brown states that an inspection of the drainage problem from Deerfield Hills Subdivision development would be made shortly after the snow is gone.

Moved by Jones that the Village of Clarkston accept the bid from Bunyan Forestry Service in the amount of \$200 for the removal of stumps. Seconded by Hagen. Roll: Basinger, yea; Hagen, yea; Johnston, yea; Jones, yea. Yeas 4, Nays 0. Motion carried.

Trustee Jones was instructed to arrange for a change in locations for one stump removal on Holcomb Street instead of the bid notation of the work in the Village Parking lot.

The Finance Committee scheduled a meeting for March 16 in order to facilitate presentation of the preliminary budget at the March 23 meeting.

Moved by Mrs. Basinger that the results of the election as reported by the Election Board be accepted as follows: President, Donald Cooper; Clerk, Artemus Pappas; Treasurer, Mary Ann Pappas; Assessor, Ralph Thayer; Trustees (2-year terms), Floyd Tower, Richard Johnston and Thomas Irwin. Seconded by Jones. Motion carried.

Meeting called adjourned by President Cooper.
Artemus M. Pappas
Village Clerk

NOTICE

**Independence Township Residents
LAST DAY OF REGISTRATION—24c**
April 9th will be the Last Day for qualified electors of Independence Township to register for the Special Township Election to be held on May 11, 1971.
The Township Office at 90 N. Main Street, Clarkston, Michigan, will be open to receive voter registration on Saturday, April 3rd, from 8:00 a.m. to 5:00 p.m.; also April 9th, LAST DAY, from 8:00 a.m. to 8:00 p.m.
Regular office hours for voter registration are Monday through Friday, from 9:00 to 12:00 a.m. and 1:00 to 5:00 p.m.
Howard Altman, Clerk
Independence Township

CHS News . . .

Fire! Fire!

By Beverly Morse

It was 9:30 a.m. Thursday morning, and a bell sounded through the school. "Oh, no!" everyone groaned. "A fire drill!"

As we all trooped slowly outside, firemen were seen standing in the halls. A fire in the johns? Someone blew up the chemistry lab? No, just a practice drill, with the firemen timing us to see how long it took to evacuate the school.

All the schools in the system were cleared in less than 90 seconds, according to fire officials, and we even beat one of the Junior Highs.

The Future Teachers had a bake sale last week. The money they made will be used toward buying their club pins. Guards that indicate the year you graduate could also be purchased by the individual members. The F.T.A., in the near future, will be selling Wolf's head key chains.

The F.T.A. has had a big disappointment this year. They were not able to be cadet teachers. Clarkston Elementary, where most of the members usually practice teach, has too many student teachers from the universities. Members could teach at the other elementaries but transportation was a problem.

Mrs. Schebor, coordinator of the Co-op Training, has been asking all interested

juniors to fill out applications for working next year on Co-op. Juniors were also asked to signify on their applications if they would be interested in a laboratory block class in office education or distributive education. This 2-hour class will be offered to seniors not on the Co-op program. Each student will work in the area that he is the weakest in and they will be working on their own projects. If the class is added to the present curriculum, Mrs. Becker and Mr. MacArthur will teach it.

And now a few reminders: Don't forget to attend the Creative and Industrial Arts Fair, March 25 and 26 at the high school library. Projects must be in by 3:00 p.m., March 26 at the library.

Seniors, don't forget to make your reservation for the trip to Cedar Point, May 28 or to bring in items for the senior edition of the Nickel Bag.

Juniors and seniors, start making your plans for the Junior-Senior Prom, May 22-23, 9:00 p.m. to 5:00 a.m., cost \$15.00.

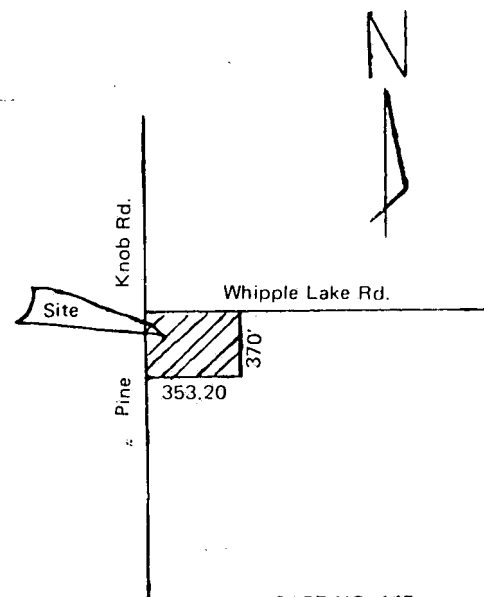

G.A.A. members and any other interested girls, don't forget the swimming at Oakland U., March 27. Contact Jane Weaver, Sue Carlson or Miss DeArmand for further information and reservations.

NOTICE OF PUBLIC HEARING

The Planning Commission of Independence Township, Oakland County, Michigan will hold a Public Hearing on April 15, 1971, 7:30 p.m. at the Township Hall, 90 North Main Street, Clarkston, Michigan to consider the following change in Township Zoning Districts:

(Case No. 145) To rezone from A (Agricultural) to R-1A (Single Family Residential):

(J98C) T4N, R9E, Sec. 11
North 370 ft. of West 353.20 ft.
of W 1/2 of NW 1/4.
3 acres

A map showing the proposed change in the Zoning Districts may be examined at the Township Hall during regular office hours.

Howard Altman, Clerk
INDEPENDENCE TOWNSHIP

**NOTICE
ANNUAL MEETING**

Pursuant to the requirements of Public Act No. 104 of 1956: Notice is hereby given that the 1971 ANNUAL MEETING OF THE Electors of Independence Township will be held on Saturday, April 3 at 1:00 p.m. at the Township Hall, 90 N. Main Street, Clarkston, Michigan.
Howard Altman, Clerk
Independence Township

David Erickson, Teen of the Month

'Teen of the Month'

David Erickson is the first "Teen of the Month" to be honored by the Clarkston Area Youth Assistance Committee.

Dave, who is 17, is the son of Mr. and Mrs. Leo Erickson of 6140 South Main Street. He is a senior at the Clarkston High School.

One of the prime requirements for earning the award are service to school and community. Dave's list of accomplishments and involvement made his selection an easy decision for his administrators and teachers.

His school activities include being on the tennis team, working on the staff of the school newspaper as well as being active on the student council and in the photography club.

Clarkston Area's first teen-of-the-month spends 1 afternoon each week assisting with the remedial

reading program with 3rd graders at Sashabaw Elementary School. He assists in the 1st grade at other times.

With all these activities, he still finds time to work as a drug clerk and stock boy at the Hallman Apothecary and is an enthusiastic member of the young people's group at the First Baptist

Controls proposed for snowmobilers

Snowmobiling built to a near fever pitch in this area during the past snow season, and with it complaints that have led to a controlling ordinance being written for Independence Township.

The public hearing is slated for April 6 at the Township Hall, 90 N. Main, Clarkston, for reviewing the ordinance. The time is to be from 7 to 9 p.m.

As in most ordinances, provisions are made for licensing, registrations, and regulating snowmobiles.

Times of operation and age may be the most controversial portion of the proposed new law; however, some may disagree on the part dealing with places of operation.

A 14-year-old age limit, trespassing and hours of operation on each day of the

week are some of the provisions spelled out in the ordinance.

The complete proposed law appears elsewhere in this issue of the News.

PAPER TABLECLOTH available at the Clarkston News office. Just \$4.04 per 300 ft. roll. Ideal for parties, receptions and club dinners.

Church.

A good student, Dave is a candidate for an appointment to the U.S. Naval Academy. He has already been accepted at Central Michigan University.

"The outcome of my application to the Academy will influence my career," said Dave. "If I am lucky enough to get the appointment, I'm quite sure that I would make the navy my life's career.

"If that doesn't work out I will continue my education at Central Michigan University, where I will concentrate my studies in the field of Education."

The "Teen of the Month" is selected by a committee of school administrators and teachers. Next month the student to be honored will be from one of the junior high schools.

Quality Control

When a doctor prescribes a drug for you, he expects it will be as safe and effective as it was in the last patient for whom he ordered the drug. Of course, he can't be absolutely certain: a drug can have different effects on different people—or, for that matter, even on the same person at different times.

This is one reason your doctor insists on seeing you again, after you've taken the drug for a while, and why he wants you to let him know about any effects it may have on you. As a matter of fact, this is a major reason for certain drugs being available on prescription: they must be kept under strict medical control.

Since the patient is a scientific "variable," we are concerned about the drugs being kept as "constant" as possible. We want the drug to act in just about the same way every time it is used.

No new drug can go on the market today in this country, until it has been proven safe and effective. But the drug companies don't stop there. They have elaborate controls that make certain every batch of a medication will conform in content and potency to the one before. It's not just a matter of "quality control," although that's important, but of "safety control."

It's only because these pharmaceutical firms take such great care that you can be certain a drug will be "just what the doctor ordered."

Charges not true

Ex-Supervisor explains action

The following statements were made by Duane S. Hursfall, former Independence Supervisor, at a press conference Tuesday. He called the conference to explain his views on accusations that he wrongfully applied for rezoning.

I have done nothing illegal or unethical in any real estate transaction I've been a part of.

I never tried to conceal the fact that I am a real estate broker. During the 13 years I have held public office I did no advertising due to the fact that my time was spent on township business.

Occasionally, evenings and weekends, I was able to transact some real estate.

So far as LHR Corporation is concerned, it was incorporated only for the protection of Mr. Bernard Lytell when he would put money into the corporation for development expenses, since he had a larger investment.

So far as the rezoning of properties that we as a corporation sold to Harry Shefman of Detroit, I had no communication with any of the planning commissioners, nor any other township board members. I am sure that most of them were aware that I was a party to the property being considered.

In no way did I try to influence any of the officials, nor did I try to conceal my interest in the property. (28 acres on Maybee west of Food Town supermarket.)

The reason that Mrs. Elva Cook of Cook Realty was unable to find certain papers on record at the county court house is due to the fact that some of the papers were unrecordable, or were papers that didn't have to be recorded.

This property was sold on a second land contract with an assignment of said contract to Mr. Lytell to offset some of the moneys owed to him by LHR Corp.

When the LHR Corp. sold the property last year it was done through another real

estate broker who collected all the commission.

I have been a broker for years and the current tabling of my application for membership in the Pontiac Board of Realtors has no effect on my license.

I assume the tabling means they will have someone check the records and they are welcome.

The charges that I made false application for rezoning are not true.

Hursfall and Hal Reekwald, 7034 Felix, Clarkston, are expected to purchase the former Clarkston Sporting Goods store at 3 S. Main today, Thursday.

"If we can get the money we will have it remodeled throughout before we move in," Hursfall said.

"Devils Advocate"

shows mobile home advantages

A glowing picture of the economics of trailer court living was painted last week at the Township Board meeting by trustee Keith Humbert.

Calling himself the "Devil's Advocate," Humbert pointed out that the average unit cost of a 12x60 ft. is \$6,050 and 48 percent of all single unit dwellings in the United States are mobile homes.

He said the education of inhabitants is just over 12 years, 50 percent are managers, craftsmen and skilled workers, and there are 2.49 to 2.85 people per unit.

Comparing house and apartment costs and taxes to trailers, Humbert showed that a house and lot, paid for over 30 years, would cost \$128,866 and a mobile unit would cost \$45,080 over the same period. The savings, the trustee said, was \$83,786 for the mobile home owners.

Taxes for mobile homes averaged \$85 annually as compared to \$292 for

apartments and \$303 for homes.

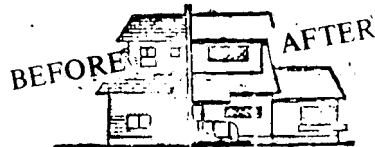

Humbert said, "I don't think I have to tell you what I think of trailers." He said he deliberately dug out the figures presented above to show the argument advocates of trailer parks would use in courts. "We have to be prepared for this," he said. "We have to come up with facts and figures to support our view if we are to win court battles."

"Yoo Hoo... Where can I reach you if I change my mind?"

I read you baby

by Jean Sura

"What are you reading now?" my husband asked me.

"Just listen to this," I said.

"Forget it. Just remember whatever you read is just one man's opinion," he added as he headed for the basement.

The article I was reading had some food for thought.

In this book, S. I. Hayakawa said, "Let's suppose that we are on the roadside struggling with a flat tire. A friendly youth comes up and asks, 'Got a flat tire?' If we insist upon interpreting his words literally, our answer may be, 'Can't you see I have, you dumb ox?' If we understand his meaning, however, we will return this gesture of friendly interest, and in a short while he may be helping us to change the tire."

Dr. Karl Menninger offers the following translation of "Got a flat tire?": "Hello - I see you are in trouble. I'm a stranger to you, but I might be your friend now that I have a chance to be, if my friendship would be welcomed. Are

you approachable? Would you appreciate it if I helped you? I would like to, but I don't want to be rebuffed."

Why doesn't the youth simply say, "I'd be glad to help you"? Dr. Menninger explains: "People are too timid and mutually distrustful to be so direct. They want to hear one another's voices. They need assurance that others are just like themselves."

"Well, now," I thought when I read that, "that's the trouble around this house. Guess I'd better start trying to figure just what my husband really means when he talks to me."

The next night, when he drove in the drive from work, I went running to the door. "Hi, there. How did your day go?"

"Don't ask a lot of stupid questions. Can't you see this briefcase is full of work? Don't just stand there. Open the door before I drop it."

"Hmmmmm," I said to myself, "now what does he really mean?" The poor

insecure fellow probably meant: "Hello, my beautiful darling. I have missed you all day long. I could hardly wait to put the miles that separated us behind me so that I could take you in my arms once more. I would like to do that right now, but I am afraid that I might be rebuffed."

His sentiment brought tears to my eyes.

I was so choked up I could hardly answer when he added, "Isn't dinner ready? I'm starving. Don't tell me we're having that leftover hash again. Now what is the matter with you? What are you blubbering about?"

"Gadzooks," I thought, "I'm crying because I'm so happy. This character really needs assurance. I finally understand the true meaning of his words. He's too timid to tell me that he really likes my cooking for fear that I'll be offended and think that he is just trying to tell me that he really hates it."

"This is serious. I've got to use psychology as well as tact."

"Tell me something, dear. You are an intelligent, educated person. I understand your love and affection for me, but why are you so timid with me and so outgoing when it comes to greeting the dog? You are completely relaxed and loving with her."

"Why am I outgoing about greeting the dog? I'll tell you. That dog wags her tail practically out of joint and leaps all over me, smothering me with kisses. That's why I greet her so cordially."

Like the man said in the book, many situations in life demand that we pay no attention to what the words say. The meaning is often a great deal more intelligent - and intelligible - than the surface sense of the words themselves.

Like I told the dog, "Pull that stuff around here again, smart alec and you're going to be kicked right in your little wagging tail!" I think she heard my voice.
