Jim's

Jottings

By Jim Sherman

Concern grows in many quarters over the public loss of confidence in government. Most of what we read attacks National or State government; however, I feel the discontent spreads to the local level.

Since the reorganization of the county board of supervisors, reducing the number from 87 to 27, little is known of their existence, let alone function. Can you name your county commissioner? That's what they're called now, commissioners.

The commissioners' lack of accomplishment, except in boosting the amount spent on salaries, has left many of us wondering at their need. Either our commissioner, Dick Wilcox of Ortonville, needs someone to help him tell us what's going on, or our district needs a new commissioner. Confidence is dwindling.

Concern has been voiced from more than one direction over activities of some people in the drain commission. The DPW, Road Commission, and other county agencies have been publicly criticized and questioned.

Perhaps it has always been so, but added to the losses of confidence expressed in high levels of government more attention might be paid to the brickbats and accusations.

Governor Milliken expresses concern about this public loss of confidence in government, along with others. He has said that the loss of public confidence is a challenge to officials to perform as well as they can.

Being this concerned, he must be at least aware of criticism of his ability to lead and/or direct people and legislation to suit the majority.

Of course, the greatest loss in confidence appears at the national level. President Nixon, who has been brought up short several times by voicing opposite views from his actions, has lost considerable face for himself and our country.

The fact that he is ahead of all possible opposition for his office in Gallup polls only reflects on the minus-confidence we have in others.

If truth is to will out, I wish it would get started.

Enough of that, let's get to some trivia. Irrigation of golf courses is the largest single water use in Michigan.

According to the Michigan Water Resources Commission 1970 survey, golf courses used 257,402 acre-inches of water per year, or one-third of the state's annual total.

MIDNIGHT SKULKER — Sawyers practiced their trade on a couple billboards in Independence Township this weekend. These two signs were downed off the northbound lane of I-75. One was

just west of Orion road and the other west of Holcomb. The billboard cutting has been especially evident in Livingston County.

The Clarkston News

The only newspaper devoted entirely to Clarkston Village and Independence Township

Vol. 47 — No. 33 Thursday, April 15, 1971 The Clarkston (Mich.) News 1 Section 16 pages 10 Cents

BACK TO EARTH — If everything goes back to earth, these bottles and cans are doing it the hard way. The easy way is to put the bottles in the township's "Bottles for Building" campaign. This weekend there's another drive to collect household glass trash. Someone might help by picking up this northbound Sashabaw exit of I-75. Deposit areas are listed in this paper. Photo by Gwen Phillips.

Littering here can cost you \$500 and 90 days

Independence has an anti-litter ordinance and it will become effective May 14. The Board passed it last Tuesday night.

The ordinance begins with an explanation of the need. It says, "In recognition of the adverse effect that uncontrolled deposit of litter has on health, safety and welfare of its

residents... to control the deposit of litter in public and private places of the Township... and prescribe penalties for violation hereof."

The entire ordinance appears in this issue. The short meaning of the new law is that if you are caught and found guilty of littering in Independence you are subject to \$500 fine and up to 90 days in jail.

Car struck as he fixed flat

An Ortonville man suffered a broken leg and broken jaw when hit by his own car after it was rammed in the rear by another Friday night. The accident occurred at M15 near Hadley Road.

Scott Quigley, 19, of Connell Road, a graduate of Clarkston High School, was working with a jack on the front bumper of his car after stopping to fix a flat tire.

The Clarkston News learned this part from his mother. There was no report at either the State Police Post or Sheriff's Dept. Monday. Thus, the name of the driver of the second car is not known at this time.

The impact threw Quigley into a ditch. His car started to burn and the State Police called the Independence Fire Dept. This was at 8:08 p.m.

Quigley was taken to Pontiac General Hospital. The other driver was treated and released.

While the firemen were at the scene one of the firemen's cars was struck.

George (Rex) Fenstemaker, 6572 Church St., parked his car alongside M15 and went to help the other firemen. A car driven by Edmund White, 5701 Mary Sue, Clarkston, struck the Fenstemaker car in the rear. White was injured; however, not seriously, according to the sheriff's report.

3 car crash

Two women were injured in a near-head-on crash on M15 near Cranberry Lake Road Wednesday afternoon. Both were taken to hospitals.

Three cars were involved. One was driven by John S. Laing of Goodrich.

He pulled out to pass a truck going north, according to the State Police report. Then he pulled back behind the truck when he saw an oncoming car driven by Corrine J. Murray, 1040 Indianwood, Lake Orion.

The report continued, Mrs. Murray swerved to the right, lost control of her car and swung back across M-15 striking the car behind Laing. This one was driven by Linda L. Little, 9950 Ortonville Rd., Ortonville.

The Murray car also hit the back corner of the Laing car.

County Board weighted?

Expect fight to retain school millage

By Jim Sherman

When it comes to dividing up the 15 mills levied in Oakland County for townships, school districts and county government, the schools expect a tough fight to retain what was given last year.

The six-member allocation board has been increased to seven members. With the 6-man board, two were definitely school-oriented. The others weren't and as a consequence, many school districts have had their share of the 15 mills cut.

Clarkston's went from 8.38 to 8.31 last year. To some extent, the school portion is dependent on what portion the township is allocated. The county share last year was 5.12.

A half mill in Oakland County is \$2.5 million.

Now the board, which is mostly appointive, is expected to be weighted toward the county. Appointments come from the courts.

Dr. L. F. Greene, superintendent of Clarkston Schools, pointed to these considerations as he explained the preliminary budget to the board of education Monday night.

The total figure is \$5,201,647.00. Last year it was \$4.7 million. The final budget, approved after the county allocation board cut the 15 mill pie, was set at \$4,430,000 for fiscal 1970-71.

Of the total, \$3.3 million goes for instruction.

Revenue, for the most part, is expected to come from: \$2,878,847 state aid and \$1,917,800 from local taxes. Three mills would be needed to meet this preliminary budget.

In arriving at the state aid funds, Dr. Greene said he used present state aid figures. He said that there were nearly as many tax bills in the state legislature as there are elected officials, and that it could well be October before one might be passed.

As a consequence, the superintendent pointed out, the present formula had to be used in preparing the preliminary budget.

Asked what portion of state aid had already been cut by the state, Dr. Greene said the present added up to 1.16. The dollar loss was put at \$50,000 for this year. He couldn't assure the board that

the held up, state aid payments would be coming by June.

Speaking of teachers in the budget, Dr. Greene said, "We are reluctant to come out in the paper as to the number we may lay off or what cut there might be in programs." He'd rather adopt a wait-and-see attitude.

"Maybe we can continue all courses,"

he said, depending on the time it takes for the legislature to act.

Touching points on school agenda

Monday, April 12, 1971
Thirty-six teachers were given tenure by the Board Monday night. This means they have completed their probationary period. Three were denied tenure and one was extended.

Mining hearing

There will be a public hearing April 22 on the proposed new gravel mining ordinance for Independence Township. The time is 7:30 p.m.

The Planning Commission is holding the hearing at the Hall, 90 N. Main, Clarkston. The Mineral and Soil Removal regulations are printed in this issue of the News.

Inspectors for the State Police found absolutely no fault with Clarkston school buses in regard to performance for safety. The testing started last fall.

The district high school has again been accredited by North Central Association.

Recommendations made by three elementary band instructors on continuing the program without additional instructors were read by Dr. Greene. Included was sixth grade band and a summer program. No decision was made.

Mrs. John Priebe asked board permission to circulate a letter asking if parents would be willing to buy their fourth and fifth graders instruments. The board was willing and asked Mrs. Priebe

to include a question on parents' willingness to pay for instruction.

The summons to appear in circuit court regarding flooding of Paramus was read to the board. Also read was a letter from township trustee Keith Humbert referring to the schools' public image being lost for not doing something to correct the flooding.

Another letter from township trustee Tom Bullen was read. This asked appointment of a township-school committee of two members each.

The summons was received March 30 and the Bullen letter April 7. Dr. Greene said the summons had been turned over to the board attorney, Charles Keller, and suggested neither township letter be answered until the attorney had a chance

to respond to the summons.

A letter from high school student Donald Brown asked the board to consider making basketball coach B. J. Hanson athletic director and giving the coaching job back to Bud McGrath, who preceded Hanson.

Ralph Kenyon, who resigned last month, acted as athletic director in his position as assistant high school principal.

The Rev. Arlon K. Stubbe of Calvary Lutheran Church on Blue Grass announced his resignation from the church Sunday. Pastor here since July, 1966, he will be leaving May 30. Mr. Stubbe will become pastor of Saron Lutheran Church in St. Joseph. It has a congregation of 700. The Clarkston church has grown to 530 in its 10 years of existence. The Stubbes will vacation in Colorado between leaving here and taking up his new duties July 1.

Blacktop

That portion of Seymour Lake Road that was prepared for blacktopping last year will be topped by August. Bids will be taken April 21 on the job that is estimated to cost \$80,000.

The unfinished road runs 2.3 miles east from Sashabaw to Baldwin.

Want to be on tv? Pick up a bottle

April 17 will be the 4th "Bottles for Building" collection. Independence residents are asked to have glass at the road by 9 a.m. for pickup.

Glass should be placed in some type of permanent container that can be left at the curb such as cardboard box or garbage can.

Drop-off centers will again be open from 9 a.m. until 5 p.m. at the following locations:

Township Hall Parking Lot, Main St.
Firehall, Sashabaw & Orion Rds.
Independence Commons, Dixie Hwy.
Gordon Bray home, 9375 Pine Knob Rd.
Jack Belby home, 4791 Mohawk
Vic Kubani home, 9619 Allen Rd.
North Point Shopping Center
Pine Knob Shopping Center
Grand Trunk public loading site, Dixie Hwy.

If you happen to notice a camera focusing on your containers of glass Saturday morning it might be Mort Neff and the camera crew of Channel 4's "Michigan Outdoors."

A part of an upcoming show will feature a segment on the Independence Township's Bottles for Building collection.

Ray Welch and Art Ripley, collection and transportation chairmen, are seeking volunteers for Saturday. You can reach these men by calling 625-5235 or 625-2215.

Athletes work for football camp

The football conditioning camp was so successful last year, according to Varsity football coach, Paul Rakow, that the boys are making efforts to guarantee that it will be repeated this year.

Their first effort will be a spring cleaning work day on April 24.

Strong, healthy boys will be available to do odd jobs for area residents on that day. A phone call to 625-5841 will bring all the boys necessary to accomplish any task.

Wages have been set at a minimum of \$1.50.

All wages received will be pooled and used in the operation of the football camp.

History

Today's pharmacists have become so concerned with keeping up to date, we don't always look back on our noble history.

It goes back about 5,000 years to the early apothecaries of Babylonia and Assyria. The ancient Egyptians, too, set aside special rooms in their temples for the compounding of medicines, where priest-physician-pharmacists mixed and administered drugs in between incantations. One papyrus from the time of Moses mentions several herbs and medicines still in use today—including castor oil.

There is a reference in the Bible (Exodus 30:25) to the holy anointing of oil, prescribed "after the art of the apothecary." Druggists were known in ancient Greece and Rome, with the word "pharmacist" probably coming from the Greek word for "remedy."

Tenth-century Arabian druggists had to pass examinations in chemistry, pharmacy, optics and mathematics. By the way, they coated their pills with silver and gold; fancy but expensive.

By the end of the 13th century, public pharmacies were found in most major European cities, offering herb remedies, such as digitalis and cascara, along with witches' brew and love potions.

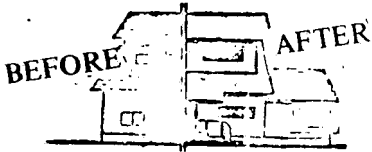

In America, one of the first drug stores was opened in 1663 by a Dutch physician in New Amsterdam. Compared to the elaborately equipped European pharmacies, ours were small and plain. However, by the end of the 19th century, the American drug store often displayed marble vases and counters, costly mirrors and artistic show globes, and was already a community health center.

Independence-Oaks

to open this year, largest in county

Independence-Oaks is now the largest parkland in the County Parks and Recreation complex.

The recent purchase of 421 acres from Irwin Cohen of West Bloomfield Township brings the total acreage owned by the county around Crooked Lake to 758.

County Parks Director Ken VanNatta said the department has paid \$50,000 for an option to purchase, and that the total price is \$796,000. This is to be paid in annual installments through May, 1973.

The county, VanNatta continued, will seek matching funds from the state to complete the purchase as they have in acquiring the other 1752 acres of parklands in Oakland.

All of Crooked Lake, which lies alongside Perry Lake Road south of Shappie, is now county park. In 1967, 337 acres east of the lake was purchased for \$542,500, half of which was defrayed

by a state grant.

The new acreage covers the east side of the lake and extends east of Perry Lake to Sashabaw. The length is roughly the same as Whipple Lake a little further east, about one mile.

There is a lodge in the new park property that was formerly used by a shooting club. VanNatta said they plan to refurbish the club, which has been neglected. Improved and additional accesses are also planned.

Whereas the west side of Crooked Lake is relatively stony, the east side has been used for a beach. It will continue to be used for this purpose and open this year, VanNatta told the News.

County funding will come from proceeds of the current one-quarter mill voted tax levy.

\$160,500 has been designated for development of Independence-Oaks this year.

Women win, can now be ordered to pay child support

Husbands may now be awarded alimony, and mothers as well as fathers may be required by court order to pay child support, under a new Michigan law.

Regarded as long overdue by many members of the bench and bar, this statute, passed by the Michigan legislature as Act 182 of the Public Acts of 1971, for the first time declares as a matter of law that "in every action brought for a divorce . . . or separation . . . the court . . . may require EITHER PARTY to pay alimony for the suitable maintenance of the adverse party." This may include costs and attorney's fees for the divorce or separate maintenance action.

The statute goes on to provide further that the court shall have jurisdiction, in entering judgment in such cases, to require either parent to pay an appropriate child support allowance for the support of each child until he or she reaches age 18, or, in exceptional circumstances, beyond that age.

In arriving at a pro party settlement, the court may now, under this statute, award such part of the real and personal property coming to either party during the marriage, or the value thereof, to either party.

Thus, it is now the law in Michigan that a husband may be awarded alimony, and that the mother as well as the father is liable for child support.

The Clarkston (Mich.) News Thurs., April 15, 1971 5

"If It Fitz . . ."

The hairy problem

A lot of cocktail-hour liberals parade their broad minds by praising Martin Luther King and then adding: "I don't mind long hair, either, if it's clean."

Heck, give me an extra cocktail: I don't even mind if the hair is a bit dirty. Cleanliness is greatly overrated in this country anyway. I don't think it's next to Godliness. Judging by the TV soap commercials, cleanliness is next to absurdity. That many nutty women, ecstatic over enzymes, can't be right. No matter what Proctor & Gamble say, grime is no crime. This great country was built by dirty-handed men, covered with honest sweat, long before you wished everyone else used Dial.

(Please notice that I called the country great, and the sweat honest. I insert such adjectives regularly to confuse investigators

from the FBI, CIA and Army Surplus).

The sheriff of my favorite county might well think I'm subversive. He has a Vietnam war hero (2 silver star medals) locked up in his jail for smoking pot. The hero wore his hair long because that's the way he likes it. But his jailers insisted he get a haircut or serve his 6 months in solitary confinement. The hero finally gave in to the shearing because "I was lonely."

Short haircuts are a jail requirement for health reasons, the sheriff explained. He's afraid of lice and apparently he prefers to prevent them with scissors rather than soap.

"But what about women prisoners?", I asked the sheriff. "Do they also get a mandatory mowing?"

"We don't get many women

prisoners," he answered, if you can call that an answer.

You might think the sheriff isn't properly concerned about lice on female heads. Not me. I think he is overly concerned with something that's really none of his business — how another man wears his hair.

But the longhairs shouldn't stage a protest march around the jail. Their problem is much bigger than that. The sheriff pretty much reflects the thinking of the people who elect him, which is what he's supposed to do. I'll swear the Middle American, the guy in my boat, has developed a king-size mania concerning young men's hair.

I have friends who turn red and nasty at the sight of a boy with long hair. I've seen fat, ugly men in shorts insult boys whose

only sin was to appear in public with hair covering their ears. One woman wrote that a Vietnam veteran had no right to expect the respect and gratitude of his fellow Americans until "you get your hair cut and look like a man."

Geez. I am ashamed for my contemporaries. There are a lot of grave problems making a mess of this world. Long hair is not one of them. What the hell do I care how some kid I don't even know wears his hair? Why should anyone else care? It's his hair.

It's time Middle America dropped the nonsense and began worrying about important things. Like, for instance, the other day I saw a Rotarian wearing bell-bottom pants!

Of course, I really don't care as long as they're clean. †

PEEKIN' into the PAST

10 YEARS AGO IN THE CLARKSTON NEWS

April 13, 1961

Mrs. Henri Buck of Andersonville Rd. spent the Easter weekend in Lansing with her son and family, Mr. and Mrs. Charles Harris.

The Junior Class of the Senior High School presents "Auntie Mame" April 13, and 14. Susan Jackson plays the lead role. The production has had some rather special publicity because of the current movie revival. After four years, the movie is making its second appearance in the movie houses in the Detroit and Pontiac areas.

The farm owned by Pearl E. Husted of 4001 Groveland Rd., Ortonville, Michigan has recently been designated as a centennial farm by the Michigan Historical Commission. This farm has been in possession of the family since 1835.

25 YEARS AGO IN THE CLARKSTON NEWS

April 12, 1946

The choir of the Clarkston Methodist Church has been invited to take part in the Ford Sunday evening hour on Easter night at the Music Hall in Detroit.

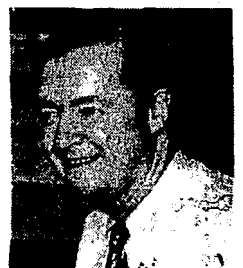

Mr. and Mrs. Roy Gundry left Sunday morning for California. They expect to take their time and see the sights along the way. They will be gone a month or more.

Last Saturday evening Mr. and Mrs. Emery Tee entertained 22 guests to welcome home Richard and Donald Tee, who have both received their discharge from the Armed Forces. Both served for many months in the Pacific.

Mr. and Mrs. Hugh Cheeseman were expected to arrive in Detroit by plane Thursday night. They will make their home in Clarkston.

Edmund J. Tucker, Department of Natural Resources specialist, will present a program on "The importance of women in environmental action" Thursday (today) at the high school, 8 p.m. He has been with the DNR since 1957 and has worked in Wildlife Management and was biologist in the Holly area. Packets of information for Ecolo Klatch hostesses will be available at the meeting.

By Jim Fitzgerald

Six to state

Students rate high in industrial competition

INDUSTRIAL ARTS WINNERS: These six Clarkston High boys won first places in the Student Industrial Arts competitions at CMU April 1. In the back row, left to right, are Don Widner, Dan Lucas and Tom Rush. In front are Mike Packer, Dick Newlin and Neal Philpott.

Clarkston High's industrial arts students competing at the fifth annual student industrial competition did the best among the 24 entered.

This event, held at Central Michigan University, is sponsored by the Michigan Industrial Education Society. This organization is made up of high school and college industrial arts teachers.

Clarkston High boys entered 13 of the 14 categories and placed in 10 of them.

There were six first place finishes: Dan Rush in architectural drawing, Neal Philpott, pictorial illustration, Rich

Newlin and Mike Packer, product design and Dan Lucas and Don Widner in power technology.

Five second place finishes were also brought home: Auto Service, Don Bontempo; and Steve Miller; Materials I, Bob Hoy; Materials II, Bob Trim, and mechanisms, Jack Proffit.

Tom Klyder and Bob Wooley were given 3rd places for electricity and electronics and Mechanical Drawing I, respectively.

The first place winner will now go to Lansing to compete for state titles. This event is May 14.

Giving children false images?

"Are we giving our children false images?" The Rev. George Pope of First Presbyterian Church, Pontiac, gave the Clarkston Child Study Club something to think about along these lines when he addressed the group recently.

Essentially, the talk dealt with the idea that if parents do not explain the

concepts of God, heaven, death, etc. correctly to their children, then it has to be taught somewhere along the way as they grow up.

Mrs. William Neff and Eileen Kortge co-hosted the meeting in Mrs. Neff's home. Pamela Strapp, Ruth Millane, Barbara Cowen, Julie Johnson and Charlotte Ruppe were guests.

Spiritual Message

Rev. Lloyd E. Ehmcke

Extra! Extra! was the newsboy's cry. "Germany Surrenders," he shouts at the top of his voice. "Buy a paper, read all about it," he continues as the crowd rushes to get the latest news.

To some, peace seems a step nearer. To others the thought of loved ones coming home is most thrilling indeed. Yet there are some who are disbelieving, saying, "I just don't believe it."

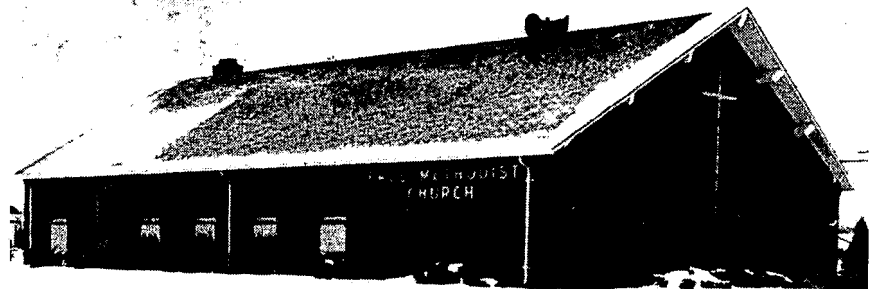

The above could have been a replica of the setting following the resurrection of Jesus Christ. Mary had seen the Christ. Two had walked with Him to Emmaus, yet we are told the others did not believe it. Christ then appeared to the disciples in the absence of Thomas, and though they each affirmed the fact that they had seen Him, Thomas was very emphatic in his disbelief. "Except I shall see in

His hands the print of the nails—and thrust my hand into His side, I will not believe," were Thomas' words to them. Then Jesus came and removed all doubt, and now the words of Thomas are, "my Lord and my God."

The same Lord who raised up Jesus from the dead is able to transform your life today. He can raise you from the death of sin to the life of righteousness, from the bondage of sin, to the freedom of

peace in Christ, from the fear of death to the hope of eternity with Him. That moment in which you come to Him in confession that you are a sinner, and with faith in Christ as your Savior, He forgives your sin and gives you new life in Christ Jesus your Lord.

The darkness of the tomb of sin can be behind you, you can be resurrected and brought to a life of light, joy, peace and confidence in Him.

PASSPORT TO PEACE — Mr. and Mrs. Lyle Abel of Clarkston departed from San Francisco International Airport recently on a Japan Air Lines Jet Courier with the Michigan State Agricultural Leaders, conducted by Maupintour Associates. The People-to-People goodwill delegation visited Tokyo, Osaka, Taipei, Manila, Bangkok and Hong Kong.

Working for Library Week

Mrs. K. B. Valentine, 7684 Phelan, is involved in the observance of National Library Week through her involvement with the Michigan Library Association (MLA).

The committee of the Trustee Division of the MLA is in charge of activities for a library conference April 22. Mrs.

Valentine is chairman of this committee.

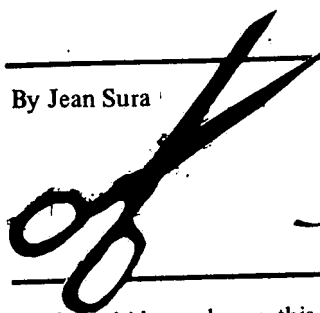

The conference will be at Bloomfield Township Library and will stress public relations in the event for Oakland County trustees and librarians.

Anyone interested in working for better library service is welcome to attend the meeting that begins at 9 a.m.

Mr. and Mrs. James Schultz of Holcomb Street have purchased the antique shop and building on Clarkston's Main Street from the estate of Mrs. Slip McGee. Work is in progress to complete an apartment on the second story for Mrs. Schultz's mother, Mrs. Daisy Dowling. The Schultzes and Mrs. Dowling will move their shop from Troy to the new location. No date has been set for the opening.

By Jean Sura

Kutting Korners

If the kids are home this week put the girls to work. Even the little ones can make these cookies.

GRAHAM CRACKER COOKIES

24 square graham crackers
½ pound butter or margarine
1 cup firmly packed brown sugar
1 cup chopped nuts

Arrange 24 crackers on greased cookie sheet that has edges all around. Bring butter and sugar to a boil and boil for 2 minutes. Add chopped nuts and spread all over crackers.

Bake at 350 degrees for 10 minutes. Cool slightly. Cut into 24 squares.

By the time you read this, I will be vacationing in sunny Spain. I would hate to have you forget me, so here is a Spanish dish that we love.

Like most soup recipes, there are several ways to make it. This method is best for now when fresh vegetables are high priced. I'll try to give you the other method at another time.

GAZPACHO (Spanish Soup)

1½ cups tomato juice
1 beef bouillon cube or 1 teaspoon instant beef bouillon.
1 tomato, chopped
¼ cup chopped unpared cucumber
2 tablespoons chopped green pepper
2 tablespoons wine vinegar
1 tablespoon salad oil
½ teaspoon salt
½ teaspoon Worcestershire sauce
3 drops hot pepper sauce

Accompaniments

Heat tomato juice to boiling. Add bouillon cube; stir until dissolved. Stir in remaining ingredients except accompaniments; chill several hours. Serve with accompaniments. Makes two to three servings, 1 cup each.

ACCOMPANIMENTS

Herbed croutons and about 1/3 cup each chopped tomato, unpared cucumber, green pepper and onion. Place in dishes or cups around the tureen of chilled Spanish soup and let the diners add them to their taste.

Briefly told

On April 20, 21 and 22, 1971, the women of All Saints' Episcopal Church, Pontiac, will hold their 19th annual antique show and sale in Stevens Hall, 171 West Pike St. The show will be open from 11:00 a.m. until 9:00 p.m. daily. Admission will be \$1.00 and a door prize will be given each day.

Twenty dealers from Michigan, Ohio and Pennsylvania will offer authentic antiques.

The Oakland County Ostomy Group will hold its April meeting Sunday at 3 p.m. in the County Health Dept. auditorium. Ostomy is a word taken from parts of two words for cancer operations. Among other things, people in the group reassure people with recent cancer operations.

The Pontiac Symphony Orchestra will perform Sunday, April 25 for the last time in its 1970-71 season. It will take place at 3 p.m. at Pontiac Northern.

Heads christian student group

Dan Franklin, 6480 Pine Knob, will take office June 1 as national vice president of the American Association of Evangelical Students. He is a sophomore at Evangel College, Springfield, Mo., and is a graduate of Clarkston High School. Franklin will serve a one-year term.

Mr. and Mrs. Celestino P. Chamarro of Oak Park Street, Clarkston, announce the engagement and September wedding of their daughter, Diana Elaine to David Charles Petrusa. He is the son of Mr. and Mrs. Louis Petrusa of Pontiac. Diana was a 1969 graduate of Clarkston High School.

Calling all dancers

Around the town

by Donna Fahrner

The Saturday Night Dance Club and the Fourth Nighters Dance Club have a reunion planned for May 8. The committee has been very busy sending invitations to all people who ever belonged. If you know of anyone who may not have been contacted, please call Mrs. Evelyn Cushman at 625-4425 or Mrs. Dottie Allen at 625-4517. Dinner, dancing and reminiscing are on the agenda.

Mr. and Mrs. Jeffrey Tappero (Andrea Eisenhardt) of Royal Oak are the proud parents of a baby girl born March 30. Roman Elaine weighed 8 lbs., 1 oz. Grandparents are Mr. and Mrs. Vernon Eisenhardt of Clarkston and Mr. and Mrs. E. Tappero of Birmingham. Great-grandparents are Mrs. Carl Eisenhardt and Mr. Floyd Cobb, Sr. of Rochester, Mrs. E. Cobb of Detroit and

Mrs. D. Tappero of Illinois.

The Clarkston Jayettes are busy making plans for their spring card party to be held on April 29 at the Church of the Resurrection on Orion road. This is open to men and women. Mark your calendar for April 29 at 8 p.m.

Mrs. Forrest Jones of North Holcomb spent the week celebrating her 80th birthday. Things got underway on Tuesday when Mr. and Mrs. Jones were the guests of Mrs. Adesta Glick for dinner. Thursday they enjoyed a trip to the Chuck Wagon in Dryden. The home of Mr. and Mrs. Gordon Jones of Van Zandt Street in Drayton Plains was the scene of a party on Friday night for friends and relatives.

The Austin Chapter No. 396 OES has completed plans for a wig party, fashion

show and luncheon on Tuesday, April 20 at 12 o'clock. Tickets may be purchased at the door of the Masonic Temple in Davisburg.

Ronda Draper had her wish come true on April 8. She has a baby sister who weighed 8 lbs., 12½ oz. Renee Christine is the second daughter for Mr. and Mrs. Ronald Draper of Orion Road. Grandparents are Mr. and Mrs. Herb Draper of Livonia and Mr. and Mrs. Douglas MacPhee of St. Petersburg, Florida.

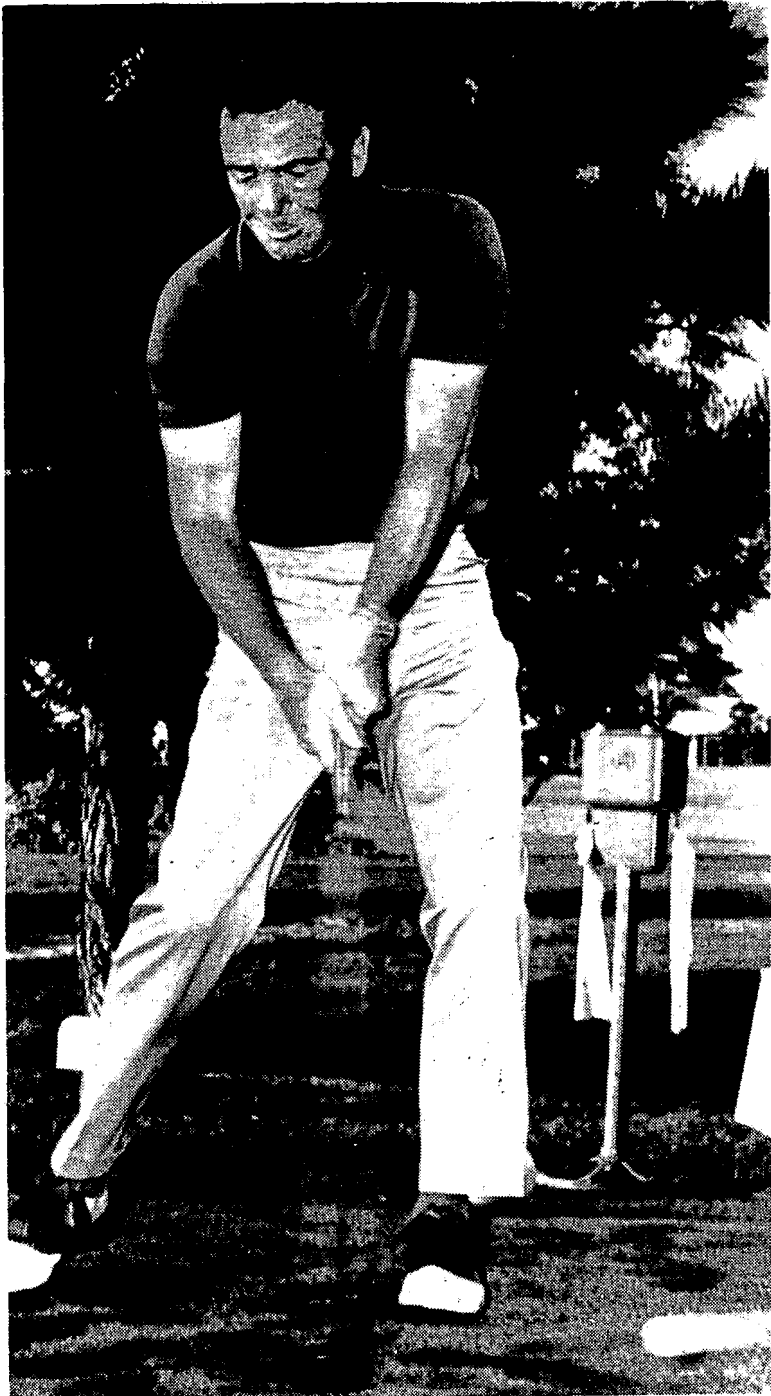

The Wesley Cinader home on Snow Apple Drive was a busy one this week with birthdays and an anniversary. Wes and Dorothy were joined by another couple on Wednesday, April 7 and went to Kingsville, Ontario to celebrate their wedding anniversary. April 9th was son Doug's 12th birthday and his choice was

a trip to Farrell's in Pontiac with friends. Easter Sunday Mrs. Cinader was treated like a queen in honor of her birthday. Two more birthdays are on the agenda this month but they will wait until next week. Oh, the joys of a big family.

It is nice to see Tootie Robinson, daughter of Mr. and Mrs. Charles Robinson of Robertson Ct. up and around. She has been recuperating at home with mononucleosis.

Happy vacations to all you folks who have headed for sunny skies this week.

The monthly Eastern Star luncheon will be held on Friday, April 16 at the Masonic Temple. Meat loaf, baked potatoes, vegetable, salad, dessert and coffee are on the menu. The ladies will be serving from 11:30 to 2.

Dr. William Heatley of Clarkston joined Joe DiMaggio, Johnny Unitas, Joe Garagiola and 146 other amateur golfers in the recent Tony Lema Pro-Am golf tournament at Marco Island, Florida. Bobby Nichols won his 5th annual 18-hole event with a course record tying 68 that in-

cluded birdies on the last 3 holes. This island community on the southwest Florida coast holds the pro-am each year to honor Lema, who was the country club's pro at the time of his fatal airplane accident in 1966

Pioneers see Play

Slides of the Passion Play in Oberammergau, Germany will be shown to the Clarkston Pioneers by Mr. and Mrs. L. Riley at their next meeting.

The meeting will be held at the Independence Township Hall on April 22 at noon.

The first "Drop-in" is scheduled for Tuesday at 10 a.m. in the old library building. Retired people are invited to bring a sandwich and "drop in" for a sociable gathering.

Megan O'Neill, 9, wasn't very happy when her cow's new calf died, but the story has a happy ending. Princess, the cow, accepted a substitute. He is a 10-day-old Holstein calf. So it is "all smiles" around the O'Neill farmyard on Holcomb Street. Prince Steve, the calf, is named after Megan's uncle who engineered the adoption. Megan is the daughter of Dr. and Mrs. James O'Neill.

Paul R. Stoppert, 43, a partner in Stoppert's Real Estate Appraisal Service and North Pointe Realty Company with offices at 5904 S. Main was awarded the Member Appraisal Institute designation by the Governing Council of the American Institute of Real Estate Appraisers at its recent meeting.

GIRL SCOUT NEWS
Brownie Troop 757

The Brownies of Troop 757 went to a sugarbush to see how maple sugar and syrup is made.

After they had inspected the big kettle used to cook the sap, they heard the story of how the syrup is made.

After a brisk walk they ended their trip by eating pancakes topped with some of the maple syrup.

A nurse, Mrs. Johnson, talked to them about personal hygiene at another of their meetings.

Letters to the Editor

Aren't about to lose pastoral character

Dear Editor:

Creation of a park commission is one of the issues on the referendum election ballot by the Independence residents.

If approved, this commission would attempt to purchase for the sum of \$300,000 a golf course off Dixie Highway. At present a shopping center is proposed for that site.

As taxpayers, can we afford taking this income property off the taxroll plus having to pay for its acquisition?

What tax yielding property besides the roof over our heads do we actually have here? We will have to come up with bonds for our new sewer and eventually a solid waste disposal plant. Then what?

Only recently the county purchased hundreds of acres of park land here, with more to be added.

We aren't about to lose the pastoral character of our community. Potholes in the roads and backed up sewers guarantee us our rustic flavor for a long time to come.

Ingrid Smith

None of us wants to destroy our environment, but we should not lose sight of the less romantic balance, that of fiscal realism.

One look at our new annual budget and tax rates should shake even the most beautiful dreamer back. We don't need a park commission with all kinds of powers.

Let's leave the golf course to private enterprise!

Questioning

Dear Editor:

1. How are you going to pay for all our free programs and services proposed by Independence Township?
2. How can they be free?
3. Can you afford higher taxes?
4. Do you want a higher millage?
5. Do you want a charter township?
6. Can you afford a Parks and Recreation Board?

Thieves get drugs, needles from center

Investigation continues on the theft of drugs and hypodermic needles from Clarkston Medical Center last Tuesday morning.

The center, which houses Drs. John Naz, Rockwood Bullard, Robert Buerig and Kurt Baier, was broken into between midnight and 8:50 a.m. when Mrs. Margaret Bruckman came to work, and discovered the break-in.

Receptionist Theresa Dempsey said the Medical Center was entered illegally about a year ago, also.

This time thieves kicked open a rear door to gain entry. The sheriff's department report says hundreds of hypodermic needles and a large quantity of amphetamines and barbiturates were stolen.

LEGAL NOTICE

STATE OF MICHIGAN
CIRCUIT COURT FOR THE
COUNTY OF OAKLAND
ELLEN DOZIER, Plaintiff.

vs.
FREDERICK DOZIER, Defendant.
ORDER TO ANSWER
File No. 71 74457

On April 6, 1971, an action was filed by Ellen Dozier, Plaintiff, against Frederick Dozier, Defendant, in this Court to secure a complete divorce from the bonds of matrimony.

It is hereby ordered that the Defendant, Frederick Dozier, shall answer or take such other action as may be permitted by law on or before June 15, 1971. Failure to comply with this order will result in a judgment by default against such Defendant for the relief demanded in the complaint filed in this Court.

Frank E. Bird

Frank E. Bird, a former resident of Clarkston, now of 13917 Forrer, Detroit, died Saturday in Crittenton Hospital, Detroit. He had been ill 11 days.

Mr. Bird, 79, was preceded in death by his wife, Gladys. He was a farmer by trade and served as seaman in the Navy during World War I. He was a member of Mt. Bethel Methodist Church.

Children surviving are son, Donald of Detroit and daughters, Elaine Horlacher, Chicago; Vernice Gryder, California and Frances Almas of Sylvan Lake.

A sister also survives along with 10 grandchildren and 11 great-grandchildren.

Memorial services were Tuesday from Sharpe-Goyette Funeral Home. Burial was in Lakeview Cemetery.

NOTICE

Application for Absent Voter Ballots for the Special Election to be held May 11, 1971, may be made in person or written request not later than 2:00 p.m. Saturday, May 8, 1971.

Application for Absent Voter Ballots may be made at the Township Clerk's Office for the following reasons:

1. Absent from the community on election day.
2. Physically unable to attend the polls without assistance.
3. Cannot attend the polls because of the tenets of religion.
4. 70 years of age or older.

If there is any question as to the foregoing, or as to your voting status, please call the Clerk's Office, 625-5711.

Howard Altman, Clerk
Independence Township

NOTICE

Residents of Independence Township are reminded that a permit to start fires, other than in an approved burner, requires a permit issued by the Township Fire Department.

Grass fires can be destructive and costly to combat. "Do not start that fire if a permit is required." If there is a doubt, call the Fire Department.

Howard Altman, Clerk
Independence Township

NOTICE OF PUBLIC HEARING

The Planning Commission of the Township of Independence, County of Oakland, State of Michigan will hold a Public Hearing at the Township Hall, 90 North Main Street, Clarkston, Michigan at 7:30 p.m. April 22, 1971 to consider amendments to the Independence Township Zoning Ordinance No. 51.

INDEPENDENCE TOWNSHIP ZONING ORDINANCE AMENDMENT

SECTION 6. SUPPLEMENTARY DISTRICT REGULATIONS.

Amended as follows:

9. Mineral and Soil Removal; Excavation and Restoration.

The Board of Appeals may, on application, instruct the Township Building Inspector to issue a permit for the removal of sand, gravel, stone, aggregate, topsoil, subsoil and other similar materials. Said removal shall be permitted only in MH and/or A Districts. In considering the application, the Board of Appeals shall consider the public necessity, convenience and welfare; the effect on neighboring property; the appearance and use of the area after restoration, and such other matters as the Board of Appeals reasonably feels in its discretion relate to the public health, safety and welfare. Said permit, if issued, shall be for an initial period of 6 months or less, in the discretion of the Board of Appeals, with extensions of 6 months or less each being permissible. Said application for permit and activities thereunder shall be further subject to the following:

(a) Proper notice and a public hearing on the initial permit. No public hearings are necessary on extensions, though they may be held in the discretion of the Board of Appeals.

(b) The Board of Appeals may in its discretion, seek the findings and recommendations of the Planning Commission.

(c) No permit shall be issued unless the application therefore is accompanied by the following, all subject to the approval of the Board of Appeals:

1) Topographical Survey map at scale of one (1) inch equals one hundred (100) feet showing existing grades on a two (2) foot contour interval of the land prior to any removal, the grades of the proposed excavations, and the finished grades, to be prepared and sealed by a registered civil engineer or land surveyor.

2) Detailed proposal as to method of operation, what type of machinery or equipment will be used, and estimated period of time that such operation will cover.

3) Detailed statement as to exactly what type of deposit is proposed to be extracted.

4) A site restoration plan on a scale of one (1) inch equals one hundred (100) feet showing grades after restoration on a two (2) foot contour interval.

5) Such other information as may be reasonably required by the Board of Appeals on which to base an opinion as to whether a permit should or should not be issued.

(d) The Board of Appeals shall determine that all requirements set forth in the Independence Township Mineral Mining Control Ordinance, including the posting of bonds, have been met.

(e) All applications for permits shall include the names of both the owners of any interest in the property and the operators of the proposed site. Permits shall be issued jointly to the owners and the operator and shall be non-transferable in whole or part.

(f) In special circumstance, on special finding of fact, the initial period of permit may be less than six (6) months.

(g) The fees charged to cover administrative expenses for permits issued hereunder shall be \$250.00 for each permit and extension thereof; said fee is in lieu of and instead of any other permit fee charged under this ordinance. However, said fee is not to replace or supplement any inspection or other fee charged under any ordinance separate herefrom.

(h) It is not the intent of this sub-section to prohibit the construction of small, scenic ponds (one acre or less in size) by a property owner for his own use and enjoyment provided said construction does not violate any other section of this or any other Independence Township Ordinance. Further, it is not the intent of this sub-section to prohibit the activity necessary to the development of any platted subdivision or planned unit development, when such construction is in accordance with authority granted therefore by Independence Township or the proper governing unit.

(i) Where the proposed operation will expose subterranean water or result in the creation of or interference with lakes or other waterways, the Board of Appeals shall refer the application to the State of Michigan, Department of Natural Resources, and to the Director, Oakland County Conservation District, or his equivalent, for recommendations and the Board of Appeals shall implement such recommendations when the same are reasonably related to the public health, safety or welfare.

(j) All owners and operators shall join in the execution of an agreement agreeing to restore the site in keeping with the site restoration plan, or if there is no plan, to a reasonably natural appearance, in keeping with the Independence Township Mineral Mining Ordinance. Further, all owners and operators shall execute Consents and Releases permitting Independence Township or its agents to restore the site and releasing the Township from liability therein; said Consents and Releases shall entitle the Township or its agents to restore the site in the event the owners or operators should fail to do so. Any restoration shall be in accordance with the terms of the Independence Township Mineral Mining Control Ordinance.

AMENDMENT TO SECTION 5

SECTION 5. SCHEDULE OF DISTRICT REGULATIONS ADOPTED. A and MH Districts, amended as follows:

A Agricultural District, under the heading:

Uses permitted after obtaining Board of Appeals Special Exception Permit - (see Section 13).

Amended by addition of Paragraph Number 6 to five existing paragraphs

6. Mineral and Soil Removal; Excavation and Restoration

MH Major Industrial District, under the heading:

Uses permitted after obtaining Board of Appeals Special Exception Permit - (See Section 13).

Paragraph 4 amended to read:

4. Mineral and Soil Removal; Excavation and Restoration

TOWNSHIP OF INDEPENDENCE

Claudia, left and Diane Vollbach can hardly wait for dad, Rotarian Jim Vollbach, to start serving the pancakes. The Clarkston Rotary will be serving their annual pancake supper at the Clarkston Junior High School between 5 and 7 p.m. on April 19.

Downtown loitering stirs populace

In June 1967 the Village Council passed an ordinance prohibiting loitering on sidewalks in Clarkston. Some village residents came to the Council Tuesday night and asked that this law be enforced.

Downtown merchants joined citizens in bringing the loitering to the attention of the officials and police department.

They said the loitering has caused them a loss of business, that customers have a hard time entering the buildings. Too, the complaint was made that some customers refuse to leave their cars when they drive up to park and see the congregation in front of the stores . . . just drive away.

There were not enough Councilmen present to have a quorum Tuesday night; however, the police were there to get the message. They stated that the ordinance would be enforced.

The police said arrests would be made and those 18 and over will go to district court. Juveniles will be turned over to juvenile court, the police said.

Merchants and police asked that ordinance 52, the one dealing with disorderly persons, be published and posted inside business places.

Tuesday night the Council was to have a hearing and pass the "burning-ordinance," however, without a quorum

no action could be taken.

Following is a portion of the Disorderly Person Ordinance. Persons convicted are subject to \$100 fine and/or 90 days in jail.

"That from and after the date when this ordinance shall take effect, any person or persons in said Village of Clarkston, Michigan, who shall incite, encourage, participate in any manner or be connected with any rout, riot, or unlawful assemblage, or make or assist in making any noise or disturbance which shall tend to destroy peace and good order; who shall be engaged in, or in any manner, connected with any brawl, tumult or disorder; or shall disturb or be instrumental in disturbing any congregation or society or other public meeting assembled for any lawful purpose; or who shall stand in crowds, or remain loitering on sidewalks, or street corners so as to hinder or impede the passage of pedestrians, or in front of any church, or place of worship, or in any public hall or place of amusement so as to interfere with people lawfully going to or departing from the same; or who shall be engaged in any affray, or commit any assault or assault and battery upon another, or commit any act whatsoever amounting to a breach of the peace; . . ."

Church Chuckles by CARTWRIGHT

"Since today's dollar is worth only half what it was in '52, I'll try to pay my pledge with old dollar bills!"

TOWNSHIP NOTICE

ORDINANCE NO. 60
EFFECTIVE DATE MAY 14, 1971
TOWNSHIP OF INDEPENDENCE
ANTI-LITTER ORDINANCE

Preamble:

In recognition of the adverse effect that uncontrolled deposit of litter has on the health, safety and welfare of its residents, the Township of Independence enacts this ordinance to control the deposit of litter in public and private places in the Township of Independence and to prescribe penalties for the violation hereof.

This ordinance is enacted by the Independence Township Board pursuant to the authority vested in it by Act 246 of the Public Acts of the State of Michigan for 1945, as amended:

ARTICLE 1: Short Title

Sec. 1.1. This ordinance shall be known as the "Independence Township Anti-Litter Ordinance" and may elsewhere be referred to as such, and hereinafter shall be referred to as "this ordinance."

ARTICLE 2: Definitions

Sec. 2.1. Person: Any individual, corporation, partnership, or other entity.

Sec. 2.2. Litter: All rubbish, refuse, waste material, garbage, offal, paper, glass, cans, bottles, trash, debris or other foreign substance of every kind and description.

Sec. 2.3. Public or Private Property: Including but not limited to the right of way of any road or highway, any body of water or water course, the shores or beaches of any body of water or water course and including the ice above such waters, any park, playground, building, refuge or conservation or recreation areas and all residential or farm properties or timberlands.

ARTICLE 3: Prohibitions, Exceptions

Sec. 3.1. No person shall dump, deposit, place, throw or leave, or cause or permit the dumping, depositing, placing, throwing or leaving of, litter on any public or private property within the Township other than on property designated and set aside for such purposes, or in receptacles provided for that purpose.

Sec. 3.2. Persons placing litter in receptacles shall do so in such a manner so as to prevent said litter from being carried or deposited by the elements upon any street, sidewalk or other public place or upon private property.

Sec. 3.3. Persons owning or occupying property shall keep the sidewalk and parking places around their premises and any vacant or occupied parcel, free of litter, and no person shall sweep into or deposit in any gutter, ditch, street or other public place within the Township the accumulation of litter from any building, lot or parcel or from any public or private driveway or sidewalk.

Sec. 3.4. No person, whether driver or passenger in a vehicle, shall throw or deposit litter upon any street or other public place within the Township or upon any private property within the Township, except in places designated for such purpose.

Sec. 3.5. No person shall drive or move any truck or other vehicle within the Township unless such vehicle is so constructed or loaded so as to prevent any load, contents of said load, or litter from being blown or deposited upon any street, alley or other public place, or any private place within said Township. Further, no person shall drive or move any vehicle or truck within the Township, the wheels or tires of which carry on to or deposit in or onto any street, alley or other public place, mud, dirt, sticky substances, or litter of any kind.

Sec. 3.6. No person, including the owner thereof, shall throw or deposit litter on any private property within the Township except if the owner or person in control of such private property may maintain receptacles for collection in such a manner that the litter will be prevented from being carried or deposited away from said receptacles, and this section shall not be interpreted to prohibit the storage of litter in said receptacles.

Sec. 3.7. Any person removing a vehicle, wrecked or damaged in any accident on any highway, road or street, shall also remove all glass and other injurious substances dropped on the highway, road or street, as a result of said accident.

Sec. 3.8. No person shall knowingly cause any litter or any object to fall or to be thrown into the path of or to hit a vehicle traveling on the highway.

Sec. 3.9. In the case of property designated for the purpose of containing or receiving litter, no person shall dump, deposit, place, throw or leave, or cause or permit the dumping, depositing, placing, throwing or leaving of litter in such place without the consent of the public authority having supervision of public property or the owner of private property. This section shall not be construed to apply to receptacles placed in public places for public use.

ARTICLE 4: Severability

Sec. 4.1. If any section, sub-section, sentence, clause, phrase or portion of this ordinance is for any reason held invalid or unconstitutional by any court of competent jurisdiction, such portion shall be deemed to be a separate, distinct and independent provision and such holding shall not effect the validity of the remaining portions of this ordinance.

ARTICLE 5: Repeal of conflicting ordinances or parts of ordinances.

Sec. 5.1. All ordinances and parts of ordinances in conflict with the provisions of this ordinance are hereby repealed.

ARTICLE 6: Separate Offenses

Sec. 6.1. Each day any violation is committed or permitted to continue shall constitute a separate offense and shall be punishable as such hereunder.

ARTICLE 7: Penalties

Sec. 7.1. Any person violating any of the provisions of this ordinance shall be deemed guilty of a misdemeanor and upon conviction thereof shall be fined in an amount not exceeding \$500.00 or be imprisoned in the Oakland County Jail for a period of not exceeding 90 days or be both so fined and imprisoned in the discretion of the court, together with payment of costs.

ARTICLE 8: Effective Date

Sec. 8.1. This ordinance shall take effect 30 days following the publication as required by law.

Made and passed by the Township Board of the Township of Independence this 6th day of April, 1971.

HOWARD ALTMAN
Independence Township Clerk

Jr. High winter sports athletes honored

2 trophies

During the past week, 10 students and 3 instructors from the Sashabaw Junior High industrial arts department went to Eastern Michigan University to compete in the Michigan Industrial Education Society (M.I.E.S.) student competitions. This is the first time the school has entered this competition which is made up of schools in the southeastern part of the state.

There were 23 senior high schools and 3 junior high schools entered.

The competition was in 15 different areas of industrial arts which included electricity, materials, drafting and power mechanics.

Sashabaw students won 2 trophies, one in power mechanics and one in materials. In power, Tom Dougherty and Jeff Grimshaw won a second place. They repaired their motor in 30½ minutes, which was a record for the test at Eastern Michigan University.

In materials, Mike Juliano and Bob Russell took a 3rd place in a design problem.

Students who competed were Brent Agar and Mike Walters in drafting, Tom Dougherty and Jeff Grimshaw, power; Paul Brown and Pat Mullen, electricity and materials, Bob Crawford, Charles Gross, Mike Juliano and Bob Russell.

By William Potvin, Athletic Director

Last Wednesday Clarkston Junior High held its winter sports dessert banquet to distribute awards for basketball and wrestling.

The main speaker was Richard Moscovic, the varsity wrestling coach at C. H. S.

His remarks stressed the importance of "giving 100% of oneself in whatever one

attempts." He went on to say that "there are enough 50% and 75% athletes around. Don't you be one. Give your all in whatever you try. Give 100%."

Coach Tolbert Carter handed out the wrestling awards with special awards going to Keith Lucas as most improved wrestler and most valuable wrestler was Bill Rondo.

Dennis Bronson handed out plaques to his team for being 7th grade champions with an 8-1 record. Special awards went to Scott Searight for most valuable player in 7th grade and to Larry Bennett for runner-up.

8th grade champions received their awards from Duane Lewis, who coached them to an 8-1 record. George Porritt was 8th grade most valuable player with Randy Miller getting the runner-up spot.

Cheerleaders were presented with a carnation and their megaphone pins by their sponsor, Nancy Gardner. The girls in turn presented her with a scrapbook

which contained the highlights of the past year.

"C" letters and basketball pins were presented to the 9th grade Wolverines by coach Dave McDonald. The Wolverines, who won the Brighton tournament, finished with a perfect 17-0 season, the first ever for a 9th grade team in Clarkston.

As a team the 70-71 Wolverines set 2 single game records and 11 season records.

Most improved player on the 9th grade team was Marc Harris, who holds 4 school records, among which are most blocked shots for a game, 9, and season, 30.

The most valuable player award went to Gary Mason, who holds 16 school records, some of which are: most points single game, 34; most points in season, 314; best season's average, 18.5; best yearly field goal percentage, 47.

Wolverines start spring

Clarkston Junior High will open its spring sports schedule next week when they face Pontiac Catholic in baseball at 4 p.m. Monday.

The 9th grade track season will open April 20 when the Wolverines will play host to West Hills Jr. High at 4 p.m. on the high school track.

Complete schedules appear below:

-(League Meet)	

Varsity nine

Clarkston's varsity baseball team will open its 1971 season with 5 games during the week of April 19. The toughest games will probably be on Saturday against the Waterford Mott team.

Last year Mott lost only 3 games and many of their key players are returning. However, one of Mott's losses was to Clarkston and the boys hope to blemish Waterford's record again this year, according to coach Paul Tungate.

"Clarkston's team," said Tungate, "shapes up to be the most promising team since 1967. Eight of last year's starters are returning, plus some outstanding talent from last year's JV team.

"Clarkston has not won a league championship in baseball since 1955. There is much incentive to achieve that goal this year."

This year, for the first time, a state tournament will be held.

There will be several Saturday double-headers this year.

This year's varsity squad:

Bill Bildstein	Don Powell
* Don Brown	* Rick Prasil
* Tom Gates	Tom Smith
* Tom Hall	* Mark Swanson
* Bob Hoy	* Mike Turk
Ted Karbownik	Mark Warren
* Mike Mosher	Kim Wilson
	Kevin MacMillan
* Returning lettermen

Students to walk again for charity, hope for sun

The hope is for better weather this year as preparations go on for a second "Walk for Mankind." Last May at the first "walk" it was cool and rainy.

Then 35 students braved the conditions and were paid \$529 for their charitable efforts.

The charities benefit this year, too, 50 percent to Project Concern, 40 to local charities and 10 percent to school student councils, according to a spokesman at the Township Board last week.

Camp Project under way

Last year the Clarkston Youth Assistance Committee sent 24 disadvantaged children to summer camp. This project was made possible and feasible by the contributions of many organizations and individuals.

This year the Committee hopes to repeat their project on a larger scale. Already, the American Legion Post 63 (who contributed last year) have volunteered to donate sufficient funds to send 2 children to camp, according to committee spokesmen.

All contributions can be made direct to Mrs. Robert Kloc, President of the Clarkston Youth Assistance Committee. "Better yet," said Mrs. Kloc, "we wish that individuals or representatives of organizations would come to our meetings. They are held at the Township Hall on the last Monday of each month.

Three tops

Three Ferris College men from Clarkston have made the honors list for scholastic excellence in the winter

High P. Brockman, 9507 Whipple, Joel R. DeLong, 40 Miller Dr., and Edward A. Keel, 6445 Waldon Rd., maintained at least a B average for the term.

The township has approved the walk. Such action was necessary to obtain a permit from the county Road Commission to use county roads on the 12-mile walk.

Students from the senior and junior high schools do the walking, and the project is under the directorship of the Clarkston Area Jaycees.

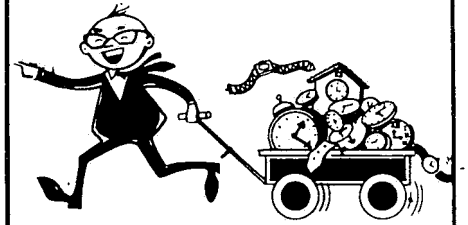

The money for charities is raised by students getting sponsors who will pay whatever amount they wish for each mile walked by that student. There are checkers at the start and each mile of the route.

Project Concern is a volunteer medical relief organization which works in impoverished areas of the world, including Appalachia.

Student walk chairman this year is Bill Latoza and Jaycee walk chairman is Ron Rule. The walkers will gather at the high school May 1 between 8 and 9 a.m. for instructions.

Wedding invitations and accessories quickly, precisely printed at the Clarkston News, 5 S. Main, Clarkston. 625-3370.

Proudly displaying their blue ribbons and prize-winning exhibits are the students of the science teachers, Mr. Robert Hage and Mr. Bruce Mack. A special intermediate fair was held at Our Lady of the Lakes School. Pictured from left to right are: Paul Goetz, (Gr. 4) on "Color" and Tom Blust (Gr. 6), on "The Water Cycle." Christine Blumenchein (Gr. 4), another winner, was absent.

COME TO PERU! Proudly displaying their country and its products are: Bryan Vandruska, Laurie Coleman and Mark Townsend.

Fiesta time in 5th grade

The sound of hammers pounding, paint splashing and saws screeching through wood was common at Our Lady of Lakes in the past weeks.

Over 63 fifth grade students, under the guidance of their teacher, Sister Marie Madonna, held a South American Fiesta exhibit that began March 29 and ended

April 6.

Each country was represented by the student's "original" booth display with his country's information and products. A special "tour" was arranged for the children's parents.

"Did we have fun? Si! Si!" echoed the class!

READY — to give anyone a grand tour of Bolivia are: Theresa Delka, Steve Manion and Jane Doran. In the booth are: Mike Teeple, Mary Lou Hiles, Laurie Esterkamp and Robyn Felton.

By William Dennis

It has become more evident that it is increasingly difficult for today's students to be adequately educated without a more thorough background in mathematics.

For this reason, the math department at Clarkston High School has developed a curriculum which allows students, regardless of ability, to go as far as possible.

At the present time there are five and three-quarters credits offered in math.

A student might elect to take algebra in the ninth grade or tenth. He may also repeat a semester of algebra in the tenth grade if he has found the subject too difficult. It is possible to go from ninth grade algebra to tenth grade advanced algebra to geometry, trigonometry, statistics and calculus.

One might wonder at this point how it is possible for a high school student to plan a logical sequence of courses. It stands to reason that the instructors who come in contact daily with students would be most qualified to guide the individual in the selection of the math courses, which is done in conjunction with the counselors.

Although mathematics is not required

for graduation, a student must successfully complete a year of math before entering the senior high. This can be either a general math or first year algebra. If the student so desires to continue he will be directed to either geometry or algebra II.

Success in the field of mathematics depends on the ability of the individual and his desire. Therefore, encouragement is essential but proper guidance is paramount.

Next week: Social Studies.

Busy

Volunteer fire fighters of Independence Township have been mighty busy the past 7 days.

Starting April 6 the department answered 28 calls through Monday noon. Sixteen of them were grass fires. The rest were cars, motorcycles or washdowns for gasoline.

Fire chief Don Beach said buildings were in no great danger during any of the grass fires; however, pine plantings were saved more than once.
