Jim's Jottings

By Jim Sherman

I think I'll be able to accept retirement. Wait a minute, now. This is a matter that warrants considerable thought, especially when you reach 45 as I just did.

I've read about men who worked all their lives and upon retirement found they had nothing to do with themselves. Considering I have no hobbies to consume my time I've wondered if it wouldn't be best if I stayed on the job until I dropped.

However, I now feel I'm ready. Eight days on a sandy beach at Mullet Lake convinced me that retirement will be acceptable. In fact, I'll take it anytime.

This was the first time we rented a cottage on a lake for a family vacation. Of course, we've only had two 1-week family vacations in 5 years.

It was glorious. Susan, 9, caught 24 perch (18 keepers, Daddy) off the end of the dock. I had my usual luck. It was the first time I ever bought a dozen crawlers and used them up.

We took the 36-plus mile boat trip from Mullet Lake through Indian River, Burt Lake, Crooked River and Crooked Lake to This Old House. That's a restaurant in Conway.

Bill and Beverly Matus (he runs Camp Oakland) have a cottage at Mullet and they hosted us through the winding waterway. It's a nice trip that was taken on a great day.

We also went north from Mullet to Cheboygan . . . through the lock. The kids' reaction made the \$2.00 fee seem small enough.

The last 2 days I read. I think that's a great way to wind up a vacation. I came home rested and "rarin' . . . but not rarin' to work.

The worst experience of the trip was trailering our Sea Ray boat up there. It weighs about 3,000 pounds and I'd never hauled it over a mile. We couldn't go over 47 mph, though I tried several times. The back end would sway.

At various stops I was told the tires were not inflated evenly on the trailer, that the suspension was weak on my car, that the load was too far back, and that the trailer and boat weren't made for each other.

One of them was right. The load was too far back.

Local people complained of the wind and said the summer of 1970 was much better. We expected the "you should have been here yesterday" remarks and would have been disappointed if we hadn't heard them.

But to us it was great - wind, cold water and all.

Wonder if I can retire next year?

School starts Sept. 7

CEA-Board agree on school calendar

School Board-teacher negotiations resumed last week in the Clarkston School District. Representatives from both sides announced that a tentative agreement had been reached on the school calendar.

Under the agreement the teaching and administrative staff will return to school for orientation on Sept. 2. A pre-school workshop will be held on Sept. 3 and the students will resume classes for a full day on Tuesday, Sept. 7.

The calendar provided for an In-Service Day for teachers on Friday, November 12 and the Thanksgiving recess Nov. 25 and 26.

Christmas vacation will begin at the close of the school day on Dec. 23 and classes will meet again on Jan. 3. The semester will end on Jan. 20 with a record day slated for teachers on Jan. 21.

Easter vacation will begin on March 31, Good Friday, and extent to April 10.

The Memorial Day recess is designated by law on Monday, May 29, and the school year will end on June 8 for students, with another record day for teachers on June 9.

Milford Mason, Assistant Superintendent, indicated that progress was being made at the bargaining table and stated that the teams seemed to be very close on non-economic portions of the negotiations.

"Many sources of information are available regarding the wage freeze," said Mason, "but we are unable to analyze at this time, the effect of President Nixon's announcement. Dr. Porter, Superintendent of Michigan Schools, has notified us that he has a staff of employees investigating the matter and

will inform us as soon as they reach some definite conclusions."

Mason indicated that the passage of a school bill by the Michigan Senate last week was encouraging but said he felt that even if the salary freeze was deciphered negotiations would still be at a standstill until the financial disposition was clarified.

"In my opinion," he said, "the only way we could work out a contract before this matter is clarified would be to peg our budget at the amount of money received from the State last year."

George White, a member of the CEA negotiating team, seemed optimistic regarding the non-economic discussions. White said that the Michigan Education Association (MEA) were also working diligently to shed light on the dilemma.

A 100 FOOT SIGN welcomed Klaus Matthias, 17, of Germany when he arrived at his new home on Middle Lake Road. Klaus is an exchange student with the Youth for Understanding and will attend Clarkston High School. His American parents are Mr. and Mrs. Robert Loba. The sign was the work of his American brothers, Jim, left and Dennis Loba.

obituaries

M. Ruth Stuart

M. Ruth Stuart of 6206 Sunnydale died at the Oakland County Hospital on August 11 after a 2 week illness.

Mrs. Stuart was born in Algona, Iowa and moved to the Clarkston area from Pontiac. She was 74. Her husband preceded her in death.

Surviving are her children, Mrs. Chester Adams of Clarkston and Douglas Stuart of Houghton Lake. Also surviving are 4 grandchildren, 3 sisters and 1 brother.

The Rev. Walter Teeuwissen of the Sashabaw United Presbyterian Church conducted funeral services on August 13 from the Sharpe-Goyette Funeral Home. Burial was in Ottawa Park Cemetery.

Entered as second class matter, September 4, 1931, at the Post Office at Clarkston, Michigan 48016.

Dates set for pre-registration

Students attending Clarkston Senior High School this school year will be able to register before the school opens.

On Monday, August 30 all students classified as Seniors will be able to pick up their schedules, fill out the necessary registration forms and obtain individual identification cards.

The students who are classified as Juniors should report for registration on Tuesday, August 31. During this time, all forms will be filled out and schedules will be received.

Registration opens

The Dominican Academy for girls at Oxford will have registration for the coming school year from August 18 to August 27. Dominican Academy is open to girls, regardless of race or creed.

The academy is located on spacious grounds on 775 W. Drahn Road. For students who live outside the area or who do not wish to travel by bus, boarding accommodations are available at the resident hall.

Tuition for the year is \$300. For further information concerning transportation or living accommodations, please call 628-2872 or 628-1954.

On Wednesday, September 1 all students who were unable to attend previously or are new to the district may report to accomplish the same.

Although no book deposit will be collected this year, students will be

required to have their identification card before they can receive the texts. There is no charge for the I.D. card.

Registration will take place in the library at the high school between 9 a.m. and 3 p.m. on the above dates.

Corn ready for annual roast

"The corn has been ordered. The hot dogs are ready to be cooked. The refreshment are being chilled," said a spokesman for the American Legion Post 63.

"In other words we are ready for our annual Labor Day corn roast.

The corn roast will be held at 8047 M-15 at the American Legion Post following the Labor Day Parade.

The 40 and 8 train will provide rides from the parade site to the grounds. Pony rides, horse shoe pitching and other entertainment will be provided at the Post.

The public is invited to attend.

Sing-a-long on September 4

"By popular request," said a member of the Clarkston Jaycees, "we are going to hold our 2nd annual Labor Day Sing-a-long.

Peanuts, beer, banjo and piano will be the feature attractions of the evening at the K of C Hall on Maybee Road on Sept. 4. "The party will start to swing at 9 p.m.," said the chairman. "Just bring your \$1.50 and have your vocal cords in tune."

Parade time nears still seek entries

"There is still time to prepare an entry for the Rotary Club's Labor Day Parade," said Irv LaDuc, Chairman. "We have quite a list of entries but we want this to be the biggest and best parade ever seen in Clarkston so we hope to hear from more groups."

Parade time is 10 a.m. on September 6. Entrants are asked to assemble promptly on Miller Road and M-15 by 9:30 a.m. to maintain a close schedule.

"The American Legion Post 63 color guard will lead the parade and of course

I would like to take this opportunity to state my position in regard to the rezoning of land in our Township to multiple use. A few months ago, the Planning Commission asked our planner to review the multiple rezonings in the Township.

Presently, we have eighteen (18) individual acreage parcels rezoned to multiple, of which six are fully developed. The remaining twelve have a net acreage of 381 acres of vacant land.

Based upon ten dwelling units per acre, this would allow an additional 3,800 dwelling units in the Township. Presently we have about 4,500 single family dwelling units.

As stated by our planning consultant, the entire capacity of multiple as shown on the Master Plan for Independence Township has already been exceeded.

The apparent desire of our community to retain much of its rural character leads me to publicly make this stand as relates to multiple zoning.

My personal feelings are that our Township has provided enough multiple rezoning at this time in our growth.

Therefore, my policy during the remaining year and a half of my term of office will definitely be a very negative stand on multiple rezonings.

If the majority of this Board will also take this position, I feel that much time

they will bring their 40 and 8 train. Jaycees, Jaycees, Scouts, church groups, marching units, school or social clubs, riding clubs are all welcome to participate," said LaDuc.

"Just don't forget to call me at 623-0967 so we can make room for you."

Order your Christmas cards at the Clarkston News. See our large assortment. Stop in at the News, 5 S. Main St., this week. We're looking forward to helping you.

Supervisor against multiples

By Gary Stonerock, Supervisor

to both my office and the Planning Commission body could be saved.

In running for office, my basic concern was land use and the growth of our Township. It is for this reason that I will not support any further multiple rezonings at this time that have not already submitted petitions and are presently before the Planning Commission.

When most of the 3,800 units now rezoned for multiple use are completed, it will give our community a better chance to review whether or not additional lands should be rezoned.

This statement will also let the

individual petitioners who have already approached the Township for multiple rezoning know what my feelings are, so as not to indicate preference or partiality.

I am seeking additional support from this Board, the Planning Commission, and the community to strengthen our Township's Master Plan and development.

I feel we should make every effort to encourage cluster housing, single family condominiums, or total planned unit developments, which have large recreation areas or open space areas which will remain as such perpetually.

Your response will be appreciated in the near future.

Meeting goes on

Stonerock walks out

At the special meeting of the Independence Township Board Tuesday night Supervisor Gary Stonerock banged the gavel in disgust and declared the session adjourned.

The abrupt action came during an ordinarily routine rezoning discussion. Up for consideration was rezoning from Agriculture to Residential 1 of 3 acres at Whipple Lake and Pine Knob roads.

Early in the discussion Stonerock told a member of the audience, "We are going to have action on this tonight. It will not be tabled."

A motion was made to rezone the parcel. It died for lack of support.

A motion was made to deny the application and it failed, 3-2.

Mention was again made of tabling the item and Stonerock announced that "We are going to sit here until this is acted upon if it takes 4 hours. I'll adjourn this meeting, and it will be the first item taken up at the next meeting.

"This man, the applicant, is entitled to

a decision. This has been here for 19 months (someone in the audience said the application came in the Spring). I think it is pretty small of the board that we can't make a decision on a simple rezoning."

Trustee Keith Humbert brought up the possibility of a new zoning category of 1 acre lots that might fit this particular acreage.

A short time later Stonerock said he was giving the board 1 minute to make a decision.

They didn't. He banged the gavel, said, "I'm adjourning this meeting," and walked out.

Humbert, who is board parliamentarian, went to his Roberts Rules of Order and declared a meeting can only be adjourned after a motion and a second.

The remaining 4 members continued. A new motion was made to deny the rezoning with a stipulation that fees be waived should the applicant decide to reapply if a redistricting comes.

Articulate echo

The Lennox, South Dakota, Independent quotes the words of a federal judge who has seen fit to comment on the right versus the wrong way to improve society. He refuses to accept, "... The proposition that the way to improve the human condition is to extirpate all of the operating institutions of society..." He rejects the thesis, "That force and violence are appropriate means by which to accomplish the restructuring of our universities..." That the life of the scavenger pigeon is appropriate for civilized human beings, i.e., to sleep where you pause, to feed on the bread others have labored to produce, and to practice none of the arts of civilization except self-indulgence. That sexual morality, family integrity, and responsibility for child-rearing are obsolete... That public decisions should be taken, not by the constitutional organs of a democratic government, but by reference to a community sentiment as determined and expressed by self-appointed oracles..."

The words of this outspoken representative of law and order are but an articulate echo of the sentiments of a vast majority of American citizens.

Read the news and you know

Editorial from the Starbuck, Minn., Times: "Why is it? A man wakes up in the morning after sleeping on an advertised blanket, in advertised pajamas. He will bathe in an advertised tub, wash with advertised soap, shave with an advertised razor, drink advertised coffee after his advertised juice, cereal and toast (toasted in his advertised toaster), put on advertised clothes and an advertised hat. He will ride to work in an advertised car, sit at an advertised desk, smoke advertised cigarettes and write with an advertised pen. Yet this man hesitates to advertise, saying that advertising does not pay. Finally, when his unadvertised business goes under he will then advertise it for sale."

"If It Fitz..."

Is that a new dress?

Women are like this:

"It was worse than World War 3; it was just terrible," my wife was telling our 21-year-old daughter, Karen. "The people in front of us were hitting each other; blood was squirting all over and some splashed on my white stole. A man in back of us had a gun and started shooting at everybody. Little children were crying and an old woman fell down at my feet and couldn't get up..."

"When did you get a white stole?" Karen interrupted.

"I got it for only \$24, marked down from \$40, at Genesee Valley," my wife answered. "It was a wonderful bargain. And then I found these shoes..."

Thus is World War 3 forgotten:

When I write things like this, my wife always accuses me of "putting women down." Not true. I'm only reporting the facts, the way I learned in

journalism school. And it is a fact that women are obsessed by clothing.

I grew up with 4 sisters who would trade sweaters with total strangers rather than wear the same outfit to school twice in the same month.

Now I have 2 daughters who live apart but visit each other's closets regularly. They spend entire weekends simply trying on each other's clothes. If men behaved that way, their wives would write worried letters to Ann Landers (Dear Ann: Oswald's brother Jack visited us last night and he spent 3 hours trying on Oswald's t-shirts. Do you think I should have a talk with my minister...)

But the strangest thing is when my wife appears in a new dress.

"That's a new dress," I say.

"Don't be silly," she says.

"I've had it for months."

For the first few years of our marriage, this fooled me. Then I

gradually became convinced that I couldn't be wrong that many times. So I added a question:

"Have you ever worn it before?" I ask.

"No," she admits.

And so continues my education in Species Female. It turns out that Mabel doesn't buy a new dress because she needs it. She buys it because she went shopping with a friend, or because there's a sale, or because the store is air conditioned, or because her husband lost \$200 playing poker, or because it's 2 p.m. Monday and yesterday was Sunday.

Mabel then hangs the dress up in her closet and may not wear it for months, even years. In fact, she may never wear it at all. It may go out of style, just hanging there.

This is difficult for most men to understand. When I buy a new suit, I wear it home from the store. I don't take it off for days.

I want everyone to know that I could finally afford a new suit. I wear it because I don't have anything else to wear. Otherwise, I wouldn't have bought it. That makes sense, doesn't it?

Not to the woman who gave me a pair of red slacks for my birthday and then was disappointed when I assured her I liked them and would wear them.

She was disappointed because she had been certain I'd reject the color. She'd bought them in the big city and had already planned a 3-day shopping trip built around the necessity of having to return the slacks.

2 weeks later I was telling her about a terrible auto accident I'd just seen. "12 people were killed, limbs were scattered all over the street," I said, "and I think I saw a body I recognized..."

She interrupted me: "Are you sure you like those red slacks?" Onward and upward.

Letters to the editor

Commend DeMolay

Dear Editor:

On behalf of the Clarkston Jaycees, I would like to compliment the young men of the Clarkston DeMolay for the fine village clean up they conducted.

These industrious young men started early in the morning picking up litter and refuse around the parking lot and Mill Pond and continued throughout the afternoon mowing the vacant properties around the parking lot.

Altogether they have given the downtown area a needed "face lifting"

for the coming Village Days on Labor Day Weekend.

I would hope that all citizens of Clarkston would follow their example in a concern for their community, particularly the young people for whom they have demonstrated that they can become an active and needed element in our community.

Thank you, gentlemen of the DeMolay - Right On!

David S. Nadolsky
President

PEEKIN' into the PAST

10 YEARS AGO IN THE CLARKSTON NEWS
AUGUST 24, 1961

The Clarkston Community Schools will open this fall with an estimated enrollment of 4,200 children. Dr. L. F. Greene is beginning his 12th year as Superintendent of the school system.

Mr. and Mrs. Ronald Schebor of Northview Drive are the proud parents of a new daughter, Karin Louise, born August 15th.

Mr. and Mrs. Jack Front and two sons returned last Sunday from a two week vacation spent camping on the west side of Michigan, at Holland, Traverse Bay, and Burt Lake.

Don't forget to watch for the eclipse of the moon this Friday evening between 8:30 and 10:30.

25 YEARS AGO IN THE CLARKSTON NEWS
AUGUST 23, 1946

Mr. and Mrs. Herbert Baynes spent two days at beautiful Glen Lake in northern Michigan after attending the American Legion convention in Grand Rapids.

Mr. and Mrs. Jack Chisholm and son, Jack have returned to their home on Miller Rd., after enjoying a short vacation at Mackinaw City and Sault Ste. Marie.

Born to Mr. and Mrs. Clare Rasmuson of Flemings Lake Rd., a 6 lb. 9 oz. son, Eric Neil, on Tuesday, August 13th.

Jack Hagen, Glenn Davison, and Fred Hemingway made a trip last week to the northern part of the state, taking in Boyne City, Alpena, and Petoskey.

Desire information

Woodhull residents fearful

WOODHULL LAKE Subdivision becomes a sign painter's delight.

By Jim Sherman
The state Attorney General's office is again involved in Independence Township. This time it has to do with Woodhull Lake subdivision. Last spring the Attorney General gave an opinion on an election here.

Now Luther Fletcher, 4657 Center St., has contacted assistant Attorney General Arthur D'hondt with what Fletcher says is "definite indication that man's rights are being denied."

In particular Fletcher is referring to action by one or more township officials in Woodhull Lake Sub.

Fletcher is president of the newly formed "Concerned Property Owners of Woodhull Lake," a non-profit organization registered with Oakland County.

He says they have 84 members, all of whom are property owners in the subdivision. There is another organization of property owners, too. It is called Woodhull Lake Improvement Association.

Fletcher said the purpose of their group is to get some information they all could understand about various improvement programs being promoted for their area.

Up until the last Township Board meeting HUD (Federal Housing and Urban Development) was being advanced by supervisor Gary Stonerock as a means of improving the subdivision.

According to Mrs. Julie Smith, a member of both Woodhull Lake groups, the objection to this approach, and to others, is that the people in the subdivision have not been informed of exactly what is or would take place.

"Nobody objected to improvements, it's just that we have such a little voice in what is going to be done to our area," she said.

She suggested that not only HUD, but whatever program the county Planning Commission might come up with, or possibilities of local ordinances could be considered with subdivision involvement.

It was the county program that gained

Township Board approval last Tuesday night. By a 4-1 vote the county was asked to follow through with an earlier offer to do a 2-month study of the area and give recommendations.

Stonerock would not go along with county involvement in Independence.

Both Fletcher and Mrs. Smith said they were anxious for information on what was being considered for their subdivision. They said there were people out there convinced that the subdivision would be leveled, taking good and standard houses, under the federal

urban renewal program.

This fear apparently stirred residents to erect numerous signs in the sub. DEATH, standing for Direct Emergency Action To Help, was the main point of the signs.

Fletcher pointed out that this was not the official slogan of the Concerned Citizens group. He admitted that the sign did draw public attention to their problems.

"We're not for or against any improvement plan out here"; Fletcher said, "we just want a guarantee of what the results will be."

Building Authority will be appointed, then elected

The township board has moved to establish a Building Authority for Independence.

Such an Authority would own, purchase and operate the physical properties of the township.

Members of the 7-member Authority will be appointed by the Board. However, the appointments would last only until Nov., 1972 election. At that time the voters will choose them for 5 year terms.

The Board had disagreed in past meetings on how the Authority members would be chosen. Supervisor Gary Stonerock wanted them to be appointed as the Planning Commissioners are... named by the supervisor subject to Board approval.

He said at the July 20 meeting, "I feel

this is the best way to handle it. The Board still has power to reject appointments."

Trustee Tom Bullen led the move to have the Authority appointed by board members, then elected by the people. He said he felt the Authority should be patterned after the Parks and Recreation Commission which is elected by the populace.

The Authority is incorporated, according to the board minutes, for the purpose of acquiring, furnishing, equipping, owning, improving, enlarging, operating and/or maintaining buildings and sites for use of the township.

The Authority would own the township facilities and lease them to the township.

THE WIDGET LEAGUE winners in the Independence Township Recreation baseball league are the undefeated team sponsored by the Berg Cleaners. The team made it a clean sweep and won all 23 of their games and suffered no losses for the complete season. Included in their winning schedule were triumphs over their own A division, the B division, and Amateur Day in Pontiac against the first place Boy's Club team. In the top row, from left to right, they are: Assistant Coach Holler, Matt Wenzel, Steve Kawauda, Skip Kozlowicz, Paul Williams, Luke Landry and Manager, Rod Landry. In the front are Mike Onley, Scott Wohl, Jeff Dolly, Ted Hall and Jim Brittan. Coach Dave Wenzel was not present when the picture was taken.

Football camp builds spirit

By Jean Sura

What makes 60 teenage boys want to get up at 7 a.m. during their summer vacation and run a mile before breakfast?

What makes them want to put in a grueling day and then observe a "lights out" order at 9:30 p.m. about the time many teenagers are beginning to swing?

The answer is "Football conditioning and training camp."

This is the second year that the Clarkston High School Varsity football aspirants have had an opportunity to participate in the 5 day camp.

The camp is the brainchild of Coach Paul Rakow and Assistant coach, Roy (Pops) Warner. This year they are being aided by a new member of the coaching staff, Rob White.

Dr. James O'Neill, a local physician, has made the camp a possibility by making his property on Holcomb Road available for the camp. A pasture has been converted into a practice field with conditioning equipment — like staggered automobile tires, mazes of string, tackling devices and other obstacle courses.

The property offers paths through a wooded area for the mile jaunts. There is a swimming pool and a guest house that converts to a bunk house.

Local doctors have contributed their fees for athletic physicals to the maintenance of the camp and this year the boys have worked since early spring at various fund raising projects to finance the expense involved.

Meals are catered by Rudy Schwarze of Rudy's Market and are trucked to the camp. Any additional preparations of food and the clean-up details are handled by the boys.

Each boy who attends the camp is interested in playing varsity football. He receives a practice jersey and a pair of football shoes.

Fathers of the boys are invited out for a Dad's Night.

Practice, and physical conditioning are interspersed with team meetings, chalk talks and bull sessions.

"We are working the boys hard," said Coach Rakow. "There is one thing of which we are sure. Our team will be in

top physical shape when the season opens."

There is an additional bonus that is expected to materialize from the training camp. It is esprit de corps, a team unity and spirit, a desire to win.

Go, Wolves!

Vets picnic

The Clinton Valley Barracks 2803 and their Auxiliary held their August picnic at the home of Mr. and Mrs. John Landon on Oak Hill Road. Twenty-four members and 9 guests attended.

A cooperative dinner and social afternoon headed the agenda for the afternoon and the Auxiliary held a brief meeting.

All world War I Veterans, their wives or widows are invited to the next meeting which will be held at the Davisburg Town Hall on Sept. 11.

Send the Clarkston News to a service man.

GARDENING

Gardening can be hard on your hands, if only because soil is an abrasive that acts on the skin like sandpaper. Those fine lines and dark cracks you see after working in the garden are the result of the earth particles cutting and rubbing your skin.

And your hands can be marred by water, fertilizers and pesticides, and by handling garden tools, pulling weeds and bundling up debris. You can't wear gloves all the time, and there are jobs in the garden in which you need bare hands.

The end result can be beautiful flowers, but hands that are rough and chapped, with ragged cuticles and broken, stained nails.

A new booklet, "First Aid for Gardener's Hands," includes a suggestion that you apply hand cream to the skin, and around and under the nails, before doing your garden chores. Cream helps protect the skin, and keeps dirt from getting deeply imbedded.

Men could use hand cream, too, though they tend to pay less attention to their paws until a condition becomes painful or chronically severe.

Other first aid suggestions: put tools away, where nobody can trip over them; don't spray or dust chemicals on a windy day; store chemicals in tightly closed containers, preferably under lock and key.

A free copy of this booklet is available from the Pfizer Pacquin Division, Dept. FB, 253 E. 42nd St., New York 10017.

Hallman Apothecary

4 SOUTH MAIN 625-1700

Play it cool this summer..and benefit next winter, too.

How? With good insulation, properly applied.

How much insulation? More than the usual one or two inches, certainly. Full insulation is anywhere from three to eight inches thick depending on structural details and location. A well-insulated home is especially important if you've decided to install electric heat. Keep heat at home during the winter and outside all summer with good insulation.

For other electric heating tips, just send us the coupon.

Edison, 160 Service Building, 2000 Third, Detroit, Mich. 48226

Yes. We'd like to talk to an Edison-approved electric heat dealer.

Please send us Electric Heat literature #106.

Mrs. Craig C. Arnold

Mr. and Mrs. William H. Hodges of National City, Mich. announce the engagement of their daughter, Joyce Sharon of White Lake Road, to Mr. Floyd Dennis Kozlowicz of Holcomb Road. His parents are Mr. and Mrs. Marion F. Kozlowicz of Detroit. The wedding is set for Nov. 26.

Newlyweds make home in Boston

Maria Suzanne Barrett became the bride of Craig Cain Arnold on August 21 at St. Mary's-in-the-Hills Episcopal Church, Lake Orion. Maria is the daughter of Mr. & Mrs. Arnold Leavenworth Barrett of Clarkston. Craig is the son of Mr. & Mrs. Roger Wales Arnold of Braintree, Mass.

For her wedding, Maria wore a long sleeved Priscilla gown of reembroidered Alencon lace, seed pearls, and crystals on English net. Her veil was of illusion held

by a caplet of floral appliques embroidered with pearls. She carried a cluster of small cymbidium orchids with trailing ivy.

Mrs. Stephen Eagle Miron of New York served as the matron of honor and Miss Leslie Jean Schimpke of Birmingham served as the maid of honor.

Bridesmaids included Miss Lisa Marra, Miss Lorraine Weisser, and the groom's sister, Mrs. Holly Hanson. They wore identical blue sleeveless gowns. Darker

blue velvet ribbon trimmed the waist and they carried bouquets of mixed flowers.

Mr. William C. Cannon II of Washington, D.C. and Lakeville, Connecticut served as best man. Other groomsmen included Mr. Jemiah DeMichaelis, Mr. Edwin Earle Ellis, Mr. George David Uslar, Mr. John Kevin McGuirk and Mr. Michael Charles

Hoffman.

Following a reception at the Village Club in Bloomfield Hills, the bridal couple left for a honeymoon at Mullet Bay, St. Maarten. After the first of September they will live in Boston, Massachusetts where Mr. Arnold is with The Group Pension and Sales Division of New England Life.

Around the Township

The Donald Coopers were surprised on August 17 when the teachers from the Clarkston Junior High School and their spouses arrived at their home on Washington St. with refreshments and a farewell gift.

The Coopers are moving from Clarkston, after 14 years, to Greenville where Mr. Cooper has accepted a teaching position.

R. J. McCormick had a surprise last week, too. When he went to Lewiston on vacation with his family, he left his pet garden snake with a friend. If he had any doubts about the sex of the snake they were dispelled on his return. There were 16 baby snakes to greet him. "Snakes alive!"

Not surprised at all were Mrs. William Allen, Mrs. George O'Neil and Mrs. Bernard Toutant. They knew they would have a wonderful time when they took their daughters, Jodi, Patrice, Susan and Paula to see the Osmon Brothers perform at Cobo Hall on August 13. The trip was up to expectations.

Mr. and Mrs. William M. Haslock (Jeanne Holcomb, formerly of Drayton Plains) of Belford, New Jersey welcomed a son, Michael Lindsey, on July 27. I doubt that the grandparents were

surprised, but certain that they were delighted. They are Mr. and Mrs. Harvey Haslock of Davisburg and Mr. and Mrs. Ferris Holcomb of Clarkston. Great-grandparents are Mr. and Mrs. Robert Haslock of Davisburg.

Mr. and Mrs. Joseph Fleischman of Dixie Highway are celebrating their golden wedding anniversary on August 26. Helping them to honor their 50 years together are their daughters, Mrs. Lucille Wooley of Rattalee Lake Rd. and Mrs.

Shirley Tersigni of Pontiac. Of course the celebration wouldn't be complete without their 10 grandchildren and 2 great-grandchildren.

Many happy returns.

Doug and Karen Foyteck of Chickadee Lane were doubly honored at a baby shower for couples. Mr. and Mrs. William Neff of Warbler were the host and hostess.

This weekend the college bound members of our community will be on the move. Michelle Humphrey and William Conrad will lead the exodus as they head for Western Michigan University, Kalamazoo.

Mrs. Earl Long of our township was honored recently when she was elected to an office in the Oakland Community College Wives Association for the coming year.

Wendy Logan, daughter of Mr. and Mrs. Richard Logan of Cramlane Drive was crowned "Queen of the Indian Show" by Chief Eastman at the Corn Palace at Mitchell, South Dakota. The crowning took place on August 18.

The Logans, Wendy and her sister, Janice were on vacation.

"We found the countryside beautiful and the people very friendly," said Queen Wendy.

Queen of the Indian Show

Mr. and Mrs. Stanley E. McFarland of Cedargrove Road, Independence Township, announce the engagement of their daughter, Mary L. to Charles J. Bowden. He is the son of Mr. and Mrs. F. O. Bowden of Union Lake. No wedding date has been set.

Sail boat races attract big fleet

The 7th annual sailboat race on Deer Lake will be an added attraction for the Labor Day weekend. Spectators are encouraged to watch the proceedings at 11:30 a.m. on September 6 from Sunset Hill overlooking the whole course of the race.

Five trophies will be awarded to the winners. According to committee spokesmen there will be 2 separate races run if a sufficient number of large boats are entered to make it practical. There is no entry fee. Each boat must be crewed

by a captain and 1 mate.

Starter Ed Farrell said, "Last year we had 19 boats in the race. We are expecting at least 25 this year. The course will be a figure 8 pattern."

Entrants are invited to dock their boats ahead of time at MacDougall's. They may be put in the water at Fletchers.

Judges this year are Ken Valentine and Charles Fletcher. For more information call MacDougall's at 625-5878. Entries should be made in advance so that the committee can complete their plans.

I.T.A. readies plans for fall activities

Although there have been no news releases from the Independence Township Association (I.T.A.) during the summer several committees have been meeting.

A spokesman for the group said, "We look forward to Sept. when we will organize more committees. Those now formed are: Industrial Parks, Ordinance and Mobile Home Park, Recreation, Sencog, Twp. Inventory and Mapping, Historical Society, I.T.A. News-Letter and Lake and Streams. New committees to be formed are: Civic Center, Signs and Billboard, Land Trust, Open Space,

Governmental, etc."

I.T.A. has received their Non-Profit Organization papers from Lansing. They are now ready to draw up by-laws and hold an election of officers. This will be done at the general meeting in Sept. The date of the meeting will be announced. Anyone interested in joining any of the above committees is asked to come to the Sept. meeting.

A joint meeting of the I.T.A. board and committee chairmen will be Sept. 13th, at the Township Hall, 90 N. Main St. at 7:30 p.m.

Spiritual Message

Rev. Clancy J. Thompson

DECISIONS

Our day started by making decisions - small ones. If the alarm clock sounded off, we were immediately faced with the decision of turning it off, or letting it buzz until it unwound. Then it was the decision of getting up, or rolling over in bed for just five

more minutes. Then came the decision of what to wear, what to eat for breakfast, which car to take, etc. And so it went throughout the day, and the day was either a good one, or lead one, depending on the decisions which were made.

For every decision which is made in our lives, there is a consequence. The Bible says, "If he (man) sows to please his own wrong desires, he will be planting seeds of evil and he will surely reap a harvest of spiritual decay and death; but if he plants the good things of the Spirit of God, he will reap the everlasting life which the Holy Spirit gives him."

Everyone has to make decisions. Our lives are either successes, or failures, depending on the decisions which we have made. Moses gave the Israelites a choice requiring a decision on their part: "I call heaven and earth to witness against you today and I have set before you life or death, blessing or curse.

Choose life."

The Word of God has confronted us with a decision - one which involves life or death - a choice between Christ or our rejection of Him as our personal Saviour. It is a choice between "death, the wages of sin or life, the gift of God."

A choice must be made. Indecision is a negative decision. Jesus put it in this context: "No

man can serve two masters; for either he will hate the one and love the other, or else he will hold to the one and dispise the other: you cannot serve God and materialism."

Emerson said, "Beware of what you want: you'll get it." Goethe leaves us thinking seriously about our decision with his words: "Choose well; your choice is brief, yet endless."

Registration for evening classes set at Northwest Oakland Voc. Center

Northwest Oakland County residents who have expressed interest in evening classes at the Northwest Oakland Vocational Education Center in Clarkston will be able to start registering for classes there this week.

Automotive Body Repair, Offset Printing & Photography, Retailing & Marketing, Dental Office Assisting and Basic Electricity will be offered on

Tuesdays nights between 7 and 10 p.m. Commercial Art, Medical Office Assisting, Radio & T.V. Repair, Major Appliance Repair and Total Office Procedures Systems will be in operation on Thursday evenings from 7 to 10 p.m.

Courses may be taken at the Northwest Oakland Vocational Center for a variety of reasons: To gain job entry skills, job

upgrading, job refresher skills, high school credit, preparation for technical colleges, pre-apprentice preparation and for hobby reasons.

An advertisement appears in this paper which contains a clip out registration form. The form can be mailed in with a check to ensure that a spot will be reserved for those who are most interested. Registration can also be completed at the school on Sept. 7, 8 and 9 from 7 to 9 p.m. It is important that registration be made early, according to H. J. Olson, Center Principal, since a maximum of only 20 persons can be handled in each class and some, like medical and dental assisting, will be limited to eighteen.

"The accompanying advertisement contains all details in terms of class

descriptions and enrollment instructions," Olson said.

Certificates of completion will be issued in all courses and contain a record of the course pursued and progress made in the subject.

Welcome Aboard

Young hurler stars in state tournament

Todd Himes

Todd Himes of Clarkston had the kind of day most young baseball players only

dream about as Pontiac captured two state championships in the Michigan Recreation and Parks Association tournament.

Pontiac Little Clippers, led by Himes' 5-for-6 hitting performance, a pitching victory and a save, defeated Dearborn, 6-3, in the Class F (ages 13-14) championship game.

Three games, two semifinals and the finals, were held in each class in Pontiac on Aug. 17.

Little Clippers advanced to the finals with a 6-3 decision over Melvindale Tigers as the right-handed Himes, 13, scattered five hits and went 2-for-2 at the plate.

Against Dearborn, Himes pitched the final two innings in relief of winner Tom Peek and had 3-hits in 4 times at bat. Robert Williams had two hits and drove in 2 runs for Little Clippers.

Todd played with the Burgundy Carpet team throughout the season and was 1 of 3 players in the league to be drafted by the Clippers for the championship tournament. He is the son of Mr. and Mrs. Gary L. Himes of Dvorak.

Sod, sprinkler system installed at library

The Clarkston Area Jaycees assisted the Library Beautification Project by trenching the grounds for a sprinkling system and sodding the lawn.

This activity took place on two separate weekends, the first of which involved discing the area with tractors, removing rocks and filling low areas.

The next weekend a trencher was

brought in and the sprinkling system network set. In addition, sod was brought in and placed.

Upon completion of the sprinkling system, which was donated and installed by Rick Huttenlocker, grass will be seeded by the Jaycees.

The Clarkston Garden Club has added

Jaycee of Month is Ron Crites

The Clarkston Jaycees named Ron Crites as the Jaycee of the Month at their August Membership Meeting. Ron lives with his wife, Cheryl, at 6281 Waldon, Clarkston. He is employed at GM Truck & Coach as a Graphics Designer.

Ron has been very active in the Jaycees as evidenced by his record of chairmanships of village welcome signs, Tiger game excursion, and Labor Day publicity.

Lou Jaenichen, July's Jaycee of the Month, presented the award.

Jerry Bradley presented a program on the coming Jaycee National Convention to be held in Atlanta, Georgia. Slides as well as past convention attire were shown.

Following the program, guest speaker Jaycee State Vice President, Don Carn of Waterford, addressed the group.

The Jaycees adjourned with a skeptical notion about the women's lib movement due to the failure of Howe's Lanes Girls' Softball Team to appear for a challenge match. The girls had "thrown down the gauntlet" but did not appear on the "field of honor" in spite of a 5-3 out handicap, according to a Jaycee spokesman.

to the beautification of the library grounds by planting flower beds and trees, as well as installing the Jonathan Rose Memorial.

Anyone interested in assisting the Community Library Improvement Project either with his time or donation, should contact David Nadolsky of the Clarkston Area Jaycees or Mary Beth Huttenlocker of the Clarkston Garden Club.

Rotary are hosts

The Rotary hosted the Jaycees this year in the two service groups' annual picnic. This year's picnic was held on Monday at the Loyal Wing Club. The group enjoyed steaks, with all the trimmings, which were arranged by chairman Bob Jones. Dr. Al Hamilton, Ken Barks, and Tink Ronk served as chefs for the steaks.

MRS. JOHN BELBY Jr., chairman of this year's library story hour, which is sponsored by the Clarkston Women's Club, gets in practice for the opening session by reading a story to Jenny Place, left and Amy Brzezinski, right. The story hours will be held at the Independence Township Library on the 2nd and 4th Thursdays of each month. The first session will be held at 10:15 a.m. on September 9. All 4 and 5 year old children are invited to attend. The fee for the entire series of 25 cents will cover the costs of materials.

DeMolay members attend Conclave

Fall activities for the Cedar Chapter of DeMolay are reaching a peak. The State Conclave, which is being held at Ferris State College in Big Rapids on August 26 will get things in motion.

Eighteen members, 2 candidates, 3 advisors and the Chapter Sweetheart, Miss Shannon Lynch will attend the 4 day session.

On the return trip the group will visit the Masonic home in Alma for a picnic.

The Mothers' Club has scheduled a pot luck dinner at 6 p.m. on September 1 at the Clarkston Temple. The boys and their families are invited. Immediately

following the dinner the DeMolay Chapter will meet to elect officers and the Mothers' Club will hold their meeting at 7:15 p.m.

Past Master Councilor, Michael Thomas, who is presently serving with the United States Air Force was home on furlough recently. His friends in DeMolay reported that he pitched right back into chapter activities during his stay at home. Mike returned to his station at Columbus, Ohio.

Jeff Smith, another Past Master Councilor, who was home from college for the summer, has contributed to the activities as well.

DON SHORT, 15, didn't need to line up a putt on August 17 when he holed out a 7 iron shot to the 155, par 3, 7th hole at Waterford Hill Golf Course. The 10th grader at Clarkston High School was playing in the Junior Regulation League with Ken Johnson when he scored his ace. The 4 handicapper is in first place in both the regulation and par 3 leagues. He is the son of Mr. and Mrs. Donald Short of Rattalee Lk. Rd.

Clarkston Jr. golfers swamp Ohio tourney

An influx of Junior golfers from Clarkston flooded the entry desk at the August 11, 12, and 13 tournament at Fremont, Ohio.

The young golfers were Lee Booker, John and Mary Jane Anderson, the Thomsons, Tom, Tim and Teri Ann, Don Short, Paula and Carl Rose, Chris Skellenger and Kirk Hart.

Mary Jane Anderson returned home with the 1st place trophy for girls 12 and under.

Mrs. Thelma Booker arrived at Fremont on the last morning of the tournament from Atlanta, Georgia where her 3 golfing daughters had been competing. Her son, Lee, who had tied for 1st place at Fremont with a 72, finished 5th after the Friday playoff.

Other local parents who swelled the Clarkston tide were Mrs. Thomson, Mrs. Rose, Mrs. Anderson and Mr. and Mrs. Skellenger.

COURSE DESCRIPTIONS

AUTOMOTIVE BODY REPAIR

The basics of metal finishing with coverage of all auto body tools and repair practices. This course will provide entry level skills and a good overview of the field of auto collision and refinishing work.

-Tuesday - 20

COMMERCIAL ART

Art as it is used in the communication of ideas which sell merchandise, services or skills. The commercial artist uses every artistic medium in keeping the wheels of industry moving, convincing people to buy, sell, save or enjoy life's luxuries. A most interesting course taught in a well-equipped laboratory.

-Thursday - 20

DENTAL OFFICE ASSISTING

A beginning course, introducing students to the dental health field. Students will help determine, after the first semester, what further course work should be offered in the area.

Office receptionist and clerical duties, chairside assisting, introduction to laboratory techniques and dental hygiene, will all be covered. Entry level skills are obtainable, but in most cases much more work will be required to reach the certified dental office assistant rating. The course should help you find out if this field is for you.

-Tuesday - 18

MAJOR APPLIANCE REPAIR

Washers, stoves, dishwashers, hot water heaters, disposals, trash mashers, refrigerators, all of the large appliances in both gas and electric will be covered in this course. Whether you wish to know how to repair your own or gain a job entry skill, this course is most relevant for these times when working appliances are in such demand.

-Tuesday - 20

BASIC ELECTRICITY

The basic course in electricity which you may have missed in high school or college. The principles of how electricity works to do all of the jobs which we expect it to do. Electrical flow, electrical storage, electrical discharge, electrical safety, electrical formulas, reading, illustrating and wiring of electrical circuits.

-Thursday - 20

OFFSET PRINTING AND PHOTOGRAPHY

Modern businesses need more printing each year. Banks, insurance companies and large corporations, all are moving to printing plants of their own and the most popular process used is offset lithography. Photography layout and printing skills are combined in the successful offset pressman. Learn about this fascinating occupational area by enrolling for the 15 week course.

-Tuesday - 20

RETAILING AND MARKETING

One of the most profitable, enjoyable and yet neglected areas in American life. Our national lifeblood is dependent on strong retailing and marketing experts. The opportunities for people who like the field and are willing to study in it are without number. Every small store, every supermarket, shopping mall and other places where goods and materials are bought and sold is in need of trained people. People who want to learn, look into retailing and marketing - It's Fun!

-Tuesday - 20

MEDICAL OFFICE ASSISTING

An introductory course which provides an overview of the work done by a medical office assistant in a modern, simulated office environment. Entry level skills will be obtainable, but much more course work will be necessary before obtaining the certified medical assistant rating. Students and instructor will assess needs for further class offerings after first semester of operation.

The course will cover the receptionist and clerical duties of medical office, assisting the doctor with patients, basic laboratory tests and professional ethics and practices of people working in the medical field.

-Thursday - 18

RADIO & T.V. REPAIR

An introduction to the field of electricity-electronics as it is applied in Radio and Television circuitry. The very latest in test equipment and laboratory facilities will make this course an interesting evening activity.

-Thursday - 20

TOTAL OFFICE PROCEDURES SYSTEMS

Here you will find a completely modern office training laboratory. Electronic equipment, the latest in office machines and excellent instructors with training and experience in business and industry. This is a fine opportunity for job upgrading and refreshing office skills which have not been used for some time.

-Thursday - 40 (two teachers)

GENERAL REGISTRATION INFORMATION

COSTS

Tuition charges are 60c per class hour or \$27.00 for 15 weeks and 45 hours of instruction. Checks should be made out to Northwest Oakland Vocational Education Center. In some classes where materials are used by students, a small extra fee is charged after class is in session.

Veterans or persons under 20, who have not completed high school, are in most cases, eligible to take these courses without tuition cost. Call Mr. David at the Northwest Center to check on eligibility, or inquire at time of registration.

CLASS SCHEDULE

Classes will be held on Tuesday and Thursday evenings between 7:00 and 10:00 p.m. Each class will meet for three hours, one night per week, for 15 weeks consecutively.

LOCATION

The Northwest Oakland Vocational Education Center is located on Big Lake Road, just East of Columbiere College, Northwest of Clarkston. Take the Big Lake Road - Columbiere College exit off Dixie Highway, just South of the I-75 Waterford - Dixie Interchange.

OTHER INFORMATION

Certificates of completion showing the amount of time in class and your performance there, will be issued upon completion of the courses.
High school credit will be based on a formula which gives 1/4 credit per semester or 1/2 credit per year in each course taken.

Please Mail or Return to: Northwest Oakland Vocational Education Center
8211 Big Lake Road, Clarkston, Michigan 48016

Area women win golf honors

Two local women won honors last week in the 3 day, 54-hole medal play golf tournament held by the Women's Association at Indianwood Golf and Country Club in Lake Orion.

Miss Sue Barle of Warren and Mrs. Evelyn Vershure of Drayton Plains, both school teachers, dominated the championship flight. Miss Barle, the defending champion, retained her crown when she totaled 240 with rounds of 83-77-80. Mrs. Vershure stayed close to the pace with steady rounds of 85-85-86.

Miss Barle won the Women's District Golf Association medal-play crown for the 2nd year in a row earlier this summer at the Washtenaw Country Club and recently claimed the top spot in the WDGA first flight, match play tournament held at Forest Lake Country Club.

Mrs. Corrine DuPuis of Lake Orion and

Mrs. Dorothy Mason of Royal Oak led the 1st flight at Indianwood in a close contest. Mrs. DuPuis won with rounds of 100-100-105 for 305 while Mrs. Mason shot 100-110-96-306.

Mrs. Jean Hagerty of Kier Rd., Clarkston, topped the 2nd flight golfers with 102-99-104-305. Mrs. Caroline Krotche of Birmingham was 2nd with 109-101-110-320.

Imagination is the Only Limit

Hundreds of annual flowers are available to brighten up exterior landscapes. The only limit is your imagination. New dimensions can be added to a landscape by using color, height and shape wisely.

Get your BRISTOL BOARD, colored or white at the Clarkston News Office, 5 South Main.

GARDENING HINTS

Plant garlic plants with roses for resistance to black spot and mildew.

Plant marigolds with beans to discourage beetles.

Don't plant cabbage near strawberries.

Plant peas with corn to provide nitrogen.

At sunset, dandelions exude an ethylene gas which causes flowers and fruit in the vicinity to ripen ahead of time.

Grow beans and potatoes together.

Potatoes keep the beetles from the beans and the beans keep the potato bugs away.

Banana peels in a shallow trench are quick fertilizer for roses.

Banana peels are high in potash, sulphur, magnesium, phosphate, sodium, silica and chlorides.

Plant a few castor bean plants to keep the moles away.

Dust with plain flour to control aphids.

Mrs. Garry H. Foraker

Two receptions honor newlyweds

PFC Garry H. Foraker took Emily Chaput as his bride in an afternoon ceremony on August 21, at the First United Methodist Church of St. Clair. The marriage ceremony was performed by the Rev. H. B. Loomis.

The bride, who was escorted to the altar by her father, chose a gown of organza over taffeta. The lace trim on the neck and sleeves was repeated in appliques at the hemline. She carried a garden mixture of flowers for her bouquet.

Miss Mary Lee Thompson of St. Clair was the maid of honor. Other bridal attendants were Miss Jackie Campbell, Ann Arbor and Mrs. James Chaput, the bride's sister-in-law from Vincennes, Indiana.

The attendants wore old-fashioned gowns of white dotted swiss. They were trimmed in orange, gold, avocado or

green. Helen Davidson and Mark Thompson of Clarkston were the flower girl and ring-bearer.

Best man was Dennis Hine. Other groomsmen were Wesley Quertermous, Jim Chaput, Larry Armstrong, and Herbert Hildebrand.

The newlyweds, who are the children of Mr. and Mrs. Joseph Chaput of St. Clair and Mr. and Mrs. Howard Foraker of Clarkston, greeted their guests at two receptions, one in the church parlor in St. Clair and later at the Dixie Baptist Church in Clarkston.

PFC Foraker is a graduate of Midwestern Baptist College and is now serving in the United States Army. The new Mrs. Foraker will graduate from Central Michigan University in December.

They left for a honeymoon trip to Ohio.

Kutting Korners

This is the time of the year that vegetable cooking takes on new dimension and flavor. The wide variety available makes meal planning easy as well as interesting.

I wasn't familiar with zucchini until recently but it has become a family favorite. Each year I add a few new ways to cook it to my file. Here are the latest. The first came from my sister's kitchen.

SPINACH STUFFED ZUCCHINI

Trim ends and wash 3 average sized zucchini. Parboil, whole, from 5 to 7 minutes or until a fork will penetrate the meat. Do not overcook.

Drain and cut in half lengthwise. Scoop centers into a bowl and chop. Add 1 package of frozen spinach souffle and mix well. Place the scooped out halves on a shallow baking tray and fill with the spinach mixture.

Top with 1/3 cup shredded cheddar cheese and crumbled, crisp bacon.

Bake for 15 to 20 minutes in a 350 degree oven.

For a more economical method, use a package of frozen, chopped spinach for the filling. Just cook and drain the spinach and thicken it with 2 tablespoons of flour and 1/2 cup of milk. Add this mixture to the chopped zucchini that has been scooped into a bowl.

The stuffing can be made by combining the chopped pulp with a diced onion and 2 large stalks of celery chopped. Saute the vegetables until the onion is transparent then add some chopped parsley, 1/4 cup bread or cracker crumbs and 1/2 teaspoon salt. Place bacon strips on top and put in oven until browned.

Or why not try these zucchini patties?
ZUCCHINI PATTIES

Chop in chopping bowl
4 chilled unpeeled zucchini
4 green onions or 1 dry onion
Add and stir

2 eggs
1 teaspoon salt
pepper
1/4 cup bread crumbs (why not try whole wheat?)

Drop from tablespoon onto grill or frying pan brushed with butter flavored oil or bacon drippings. Brown on both sides; cover and saute 5 to 8 minutes.

For variation add to patties any one of the following: 1 tablespoon catsup; 1 teaspoon Worcestershire; 1 diced pimento, green pepper, or celery stalk; 2 tablespoons ground parsley or powered milk.

Slice 2 or 3 leftover pork sausages or wieners and add to chopped zucchini and eggs. Saute as in basic recipe.

Add to zucchini diced leftover vegetables.

Receives diploma

Dale K. Humbert received an M.A. degree from Western Michigan University at the summer commencement held Aug. 13 in Waldo Stadium. In addition, seven doctoral degrees, three Specialist in Art and nine Specialist in Education diplomas were granted, along with 1829 bachelor degrees. The total of 831 master's degrees which included those who completed their requirements in June, was the highest in WMU history.

NOTICE

INDEPENDENCE TOWNSHIP RESIDENTS

Notice is hereby given that the Independence Township Board at a regular meeting held August 17, 1971, adopted a resolution which amended Township Ordinance No. 58.

AMENDMENT OF OUTDOOR GATHERINGS ORDINANCE

Section 12 of the Outdoor Gatherings Ordinance, Ordinance 58 of the Township of Independence shall be amended to read as follows:

Section 12: VIOLATIONS It shall be unlawful for any person, persons, partnership, firm, corporation, licensee, employee or agent to knowingly:

- Advertise, promote or sell tickets to, conduct or operate an assembly without first obtaining a license as herein provided.
- Conduct or operate an assembly in such manner as to create a public or private nuisance.
- Conduct or permit, within the assembly, any obscene display, exhibition, show, play, entertainment or amusement.
- Permit any person on the premises to cause or create a disturbance in, around, or near the assembly by obscene or disorderly conduct.
- Permit any person to unlawfully consume, sell or possess, intoxicating liquor while on the premises.
- Permit any person to unlawfully use, sell or possess any narcotics, narcotic drugs, drugs, or other substances as defined in Act 343, Public Acts of 1952.

Any person, persons, partnership, firm, corporation, licensee, employee or agent violating any of the provisions of this ordinance shall be guilty of a misdemeanor and upon conviction thereof shall be subject to a fine of not more than \$500.00 and the cost of prosecution or, by imprisonment in the County Jail for not more than 90 days or by both such fine and imprisonment. Each day or fraction thereof that a violation of this ordinance is committed or continues shall be considered a separate violation hereunder and separate penalties may be levied therefore. Further, each of the above enumerated violations shall be considered a separate offense and may be separately prosecuted and punished as such.

It is further provided that any of the above violations is a nuisance per se, is a sufficient basis for revocation of a license, and for the immediate enjoining in the Circuit Court of the assembly.

All other sections of this ordinance shall remain as originally passed and are unaffected by this amendment.

This amendment shall be published in accordance with law within 10 days of its adoption and shall become effective thirty (30) days after such publication, Sept. 24, 1971.

HOWARD ALTMAN

NOTICE

TOWNSHIP OF INDEPENDENCE COUNTY OF OAKLAND, STATE OF MICHIGAN

AMENDMENT TO INDEPENDENCE TOWNSHIP ZONING ORDINANCE NO. 51

ADOPTED: August 17, 1971
EFFECTIVE: September 24, 1971

TITLE: AN AMENDMENT TO INDEPENDENCE TOWNSHIP RURAL ORDINANCE

THE BOARD OF INDEPENDENCE TOWNSHIP OF THE COUNTY OF OAKLAND, STATE OF MICHIGAN, ORDAINS:

THAT the Rural Zoning Ordinance of Independence Township Ordinance No. 51 and Zoning Map a part thereof is hereby amended as follows:

TO WIT:

Case Number 130 - To rezone from A (Agricultural) district to R-1A (Single Family Residential) district and is located in Section 2 and described as follows:

T4N, R9E, Sec. 2

SW 1/4 of SW 1/4 of SW 1/4 of Sec. 2

10.04 Acres

Passed this 17th day of August, 1971, by the Independence Township Board.

Howard Altman
Independence Township Clerk

NOTICE

INDEPENDENCE TOWNSHIP RESIDENTS

Notice is hereby given that the Independence Township Board at a regular meeting held August 17, 1971, adopted a resolution governing policy procedures on bidding of contracts in excess of \$1,000.00

RESOLUTION

TOWNSHIP OF INDEPENDENCE

STATE OF MICHIGAN

8-17-71

Whereas, the Township of Independence is now approaching a population of Eighteen Thousand persons, and

Whereas, the proper provision of public services to said persons require the letting of contracts with private parties in increasing numbers, and

Whereas, said contracts at times involve large sums of money and affect large numbers of people, and

Whereas, the public interest of the residents of Independence Township would be best served if said contracts were let by competitive bidding.

NOW THEREFORE, it is resolved by the Independence Township Board that all contracts for the single or "one time" purchase of goods or services, but not including services of a continuing nature such as engineering or legal services, with an estimated value of over \$1,000.00 shall be let by the taking of competitive bids.

Where time permits, said bids shall be advertised for in the paper or papers regularly used for Township affairs. Where time does not permit advertising, said bids shall be sought by the Township Supervisor, Clerk or Treasurer. When bids are sought without advertising, at least three bids shall be sought, but the failure of three bidders to respond shall not negate the bidding.

All bids so taken shall be sealed and shall not be opened except simultaneously before at least two of the Township Board members who shall initial same. The Board reserves the right to reject any and all bids, and may award the contract to other than the lowest bidder. Factors other than price may be considered.

All bids submitted shall specify the exact work to be performed and the amount to be charged therefor. The absence or deletion of description of work or amount of charge shall negate that bid, but not the bidding on that project.

Upon the determination by the Township Board that the bidding was not within the intent and purpose of this resolution for any reason, the Township Board may set aside said bidding and seek new bids in conformance with the provisions of this resolution.

This Resolution is adopted this 17th day of August, 1971, and a copy shall be published in all papers regularly used for Township purposes as public notice.

HOWARD ALTMAN
Independence Township Clerk

INDEPENDENCE TOWNSHIP BOARD MEETING August 17, 1971

SYNOPSIS

The Board approved seeking the advice of the Oakland County Planning Commission in regard to a redevelopment proposal of the Woodhull Lake Area.

Adopted were policy procedures on bidding of jobs in excess of \$1,000.

Amendment to the Township Gathering Ordinance increased the fine for violation from \$100 to \$500 daily occurrence.

Created was a Township Building Authority calling for the appointment of seven members, subsequently elected at the next Township Biennial Election (5 year terms). The Authority is incorporated for the purpose of acquiring, furnishing, equipping, owning, improving, enlarging, operating and/or maintaining buildings and sites for the use of the Township for the ultimate benefit of the inhabitants of the Township by providing municipal facilities for governmental and/or recreational purposes.

Approved was Zoning Case No. 130, ten acres at the northeast corner of Whipple Lake Road and Pine Knob, from agricultural to residential.

The Township Rural Zoning Ordinance was amended by the adoption of a site plan approval requirement.

Authorization was given to purchase a postage meter.

Zoning Case No. 143, 4.24 acres in Section 26, Clintonville at Waldon Road, Subdivision Farm District to Limited Industrial, was denied.

Howard Altman
Independence Township Clerk

PUBLIC NOTICE TOWNSHIP OF INDEPENDENCE COUNTY OF OAKLAND, STATE OF MICHIGAN

ADOPTED: August 17, 1971
EFFECTIVE: September 24, 1971

TITLE: A TEXT CHANGE TO AMEND THE INDEPENDENCE TOWNSHIP ZONING ORDINANCE NO. 51 RELATING TO PROCESSING REQUIREMENTS FOR SITE PLAN APPROVAL

TO WIT:

SECTION 5 - Paragraph (i) Processing Requirements For Site Plan Approval Amended to read as follows:

Prior to erection of any building or structure in any zoning district in the Township of Independence other than single family detached residences and accessory buildings, structures, and uses thereto, the following site plan approval procedures shall be complied with:

(a) The owner or owners of subject property shall submit an application for Site Plan Approval to the Planning Commission accompanied by the following information, maps and plans as deemed necessary by the Planning Commission.

(b) All site plans must contain such information as provided in Section 5 - Paragraph (h) of this Ordinance.

Passed this 17th day of August, 1971, A.D., by the Independence Township Board.

8 injured in 5 crashes during past week

Five injury accidents in Independence Township marred the warm, summer weekend.

Leslie B. Lambrecht, 13, 9566 Colombia, was taken to Pontiac General Hospital for treatment of injuries, according to Oakland County Sheriff's records, when the motorcycle on which he was riding hit a bump in Whipple Lake Road just an half mile east of Pine Knob road.

The boy was thrown from the bike at 1:05 p.m. on August 16.

A 3 car collision occurred at 11:50 a.m. on August 19 at the corner of M-15 and Washington Street in downtown Clarkston.

According to statements made to Oakland County Deputies, Joy Purdy, of Mary Sue Street slowed down to make a left turn from M-15 onto Washington.

Ervin Vallad, Jr., 17, of Pontiac stopped to allow the car ahead to turn. Nieomi M. Smith, 24, of Union Lake, stopped when Vallad did.

Merrill M. Skibowski, 57, of M-15, told the deputies that the car ahead of him stopped suddenly and he was unable to avoid hitting it. The resulting crash pushed the Smith car into the rear of the one driven by Vallad.

Skibowski, Mrs. Smith and her 4-year-old passenger, Lori Smith, were all hospitalized.

William Cole of Saginaw, reported that he was driving on I-75 just east of M-15 when the lights from a car in the south bound lane blinded him with head lights and forced him from the road. He and his passenger, Carl D. Ingram were taken to Pontiac General Hospital for treatment.

Lisabeth G. Smith, 10, of Lakeview Drive, Drayton Plains, was injured when she was struck by the car driven by Patricia Keefe, 30, of Pontiac. The accident took place at 2:28 p.m. on August 22.

The driver told Sheriff's deputies that Lisabeth was walking north on Sashabaw Road just north of Pinedale with 2 companions. According to her report, the girl suddenly turned and ran in front of the vehicle and Mrs. Keefe had no opportunity to stop or swerve to avoid hitting her.

Lisabeth is in critical condition; however, she regained consciousness Tuesday. She is the daughter of Mr. and Mrs. Harold Smith.

At 10:05 p.m. on the same day, John D. Crouch, 21, of Drayton Plains was cited for failing to stop at the Clintonville Rd. crossing of Maybee Road. The car struck a guard rail, Crouch told officers that he failed to see the stop sign. He was taken to Pontiac General Hospital.

AFTER THE BALL was over — it was pretty handy to have girls from the "Jobs for Teen Girls" clean up the mess. The program which is in its second year and under the chairmanship of Jaycette, Mrs. Don Colton, will come to an end on September 6. "We are disappointed in the response we have had from area residents this year," said a spokesman for the group. "We hope that in these last weeks we will have more calls." Numbers to call for Teen help can be found in the Briefly Told column.

Student code adopted

This is a short synopsis of the code that was recently approved by the Clarkston Board of Education.

PART 2

FREEDOM TO PUBLISH was explained in detail in the school code adopted by the Clarkston Board of Education.

Personal opinions may be expressed in signed writings but distribution must not interfere with or disrupt the educational process.

Responsibility for the distribution of such written material must be assumed by the writer, publisher or distributor. Libel, obscenity and personal attacks are prohibited.

The sale of non-school-sponsored student newspapers published by students of the district may take place at times and in places designated by school authorities. Unlawful or political material whose content reflects the special interest of a political organization is prohibited.

SEARCH AND SEIZURE rules apply to the search of school property such as lockers, desks, etc. and the seizure of items in a student's possession.

School authorities should be reasonably sure that the possession constitutes a crime or rule violation and the search should be in the students

presence if possible. Firearms or weapons that pose a threat to the safety of others may be seized and turned over to proper authorities.

Items that my disrupt or interfere with the educational process may be temporarily removed from the pupil's possession.

SUSPENSION shall be a temporary removal of a pupil from classes or the building and may be for a definite period of time pending final disposition of disciplinary action.

EXPULSION is the permanent removal of a pupil from school.

The aim of disciplinary authority shall be reasonable, fair and effort shall be made by administrators to resolve problems through utilization of district resources in cooperation with the pupil and his parent or guardian.

A pupil must be given an opportunity for a hearing with school administrators if he or his parent or guardian indicate a desire. This hearing will allow the student or parent to contest the facts or the appropriateness of the discipline.

Next Week—Suspension and expulsion.

NEED PAPER TABLECLOTH? The Clarkston News has it in 40x300 rolls for just \$4.04. S.S. Main, Clarkston.

I've got tears in my ears

by Jean Sura

Late August always reminds me that this is the time of year that a lot of kids are ready to ship off to college.

God bless the mothers, every one. It's the time to get their little darlings packed and ready for a life away from home.

A lot of thought, effort and money are involved.

Late August always makes me think of those hectic weeks when our kids spread their wings and took off from the nest. By the time I had gotten through the shopping and planning I was exhausted, the family exchequer was defunct. I was ready to push them over the side of the nest if they had any last minute reservations about leaving.

"Listen here," I said, as one of our kids was explaining that there were a few more items needed for his stay out in the cold, cold, world, "where are all those sweaters and jackets that you got last year? It seems to me that they would fill the bill."

"Oh, you mean that red sweater? I

loaned that to Tim last winter."

"Well, fine, let's get it. How about that blue jacket?"

"Oh," said my gift to the academic world, "I think that is at Charlie's house. I'll pick them up."

Three weeks passed and they didn't appear.

"Weren't old Charlie and Tim home?" I asked one day.

"No, I think that I must have left them at Mickie's but I'll get them."

More time passed.

"Okay, big shot," I startled him into choking on his Dagwood sandwich and spilling his quart glass of milk, "get in the car. We're going out shopping. I'm going to get you all the things that you need."

We drove to Charlie's house first.

"Now be a good boy and go in there and get all the things you have loaned or left. While you're at it take these old towels that have his name stamped on them and give them to his mother. And ask him if this is his shirt."

Five minutes later he returned to the

car. He had a jacket, two ties and a sweater of his fathers that we had been hunting for 3 years. He was chomping an enormous sandwich.

"Are those your ties?"

"No, but Charlie says he thinks they belong to Tim." A piece of ham fell on the car seat. "As long as we were going there, his mother thought we could take them along."

The trip to Tim's was short.

The reward was a pair of tennis shoes, 2 dog-eared, beat-up text books, a baseball mitt, a handful of cookies, three mismatched socks and a green athletic supporter.

"Oh, for heaven's sake," I moaned. "What next?"

"Well, you said get everything!" he answered, "I know it's mine because—remember the time you put too much bleach in the water when you washed my green football uniform. I was the only guy in the locker room who had green underwear."

"Forget it," I stormed. "How could

you leave all those shoes there? Do you walk around in your bare feet in the snow?"

"No," said my heir apparent, the extension of my own personality, "I borrowed a pair of Tim's shoes. He wears almost the same size."

"Well, then, where are Tim's shoes? Let's get this whole mess straightened out."

"Mick has got Tim's shoes. He borrowed them one night when he was at our house. I really don't know why you want to collect all this old stuff. None of it fits me any more."

"I started out on this mission of recovery and we're going to finish."

"Okay, okay, but let's hurry. Tim said that Mick just called and said that Dave's mother is making hamburgers. I remember leaving some socks and other stuff there. If we hurry I'll make it in time."

As the song said, "I got tears in my ears from lying on my back thinking of you leaving."
