

## Jim's Jottings

By Jim Sherman

We just learned that some of our wealthy neighbors in the Bloomfield Hills area have a new hobby. It's called "junk jumping."

As with other localities, one day a week is established for the trucks to pick up garbage bags and household discards.

The trucks start pickup early in the morning so junk is usually put out the night before. Slightly broken furniture is common and there's a fair sprinkling of past-prime power mowers and small screen TV sets.

Altogether, the junk reflects the affluence of the district. Technical books now outdated and wigs made of only synthetic materials are not uncommon.

By dusk, on junk eve, most of the bags and the pitch-outs are at the curb. An hour or so later, shining station wagons start cruising.

A small tricycle attracts quite a little attention. During the first hour it's "on display," several cars slow down to a crawl then speed up again. Perhaps the bent front wheel discourages them. A new, blue Pontiac Safari with two women crawls past and then backs up. The driver, in fur—(probably mink)—darts out, grabs the tricycle and pitches it into the already open back. She jumps back in the car and is obviously talking excitedly to her companion as they drive away.

Half a block down, they pull around a car stopped beside a pile of lampshades.

A mile away, two women are struggling with a discarded dog house.

One story that came to us was about a gal we'll call "Mrs. Mohawk." Her husband was pretty well up the GM executive ladder. He was less than totally enthusiastic about her junk-jumping excursions.

"Could be dangerous," he told her. "Skulking around in the dark just attracts weirdos. You could get bopped on the head, or worse."

"Nonsense," she snaps, "Maude always goes with me and she's big as a horse."

"Even horses can get shot if they argue about some goof snatching your purse or filching your coat."

"Don't be silly," she chides him, "Junk jumping is what everybody's doing and, after all, we operate right here in our own neighborhood."

To clinch it, she invites him out to the garage to see her latest treasures. He grumbles that all she wants is help with the unloading but they go out back.

"Look at this dear little table," she says. "How do you like that for

Howard Altman

Howard Altman, Independence Township Clerk, has been named the Director of Elections for Oakland County.

Deputy County Clerk and Register of Deeds, Richard Elliott announced the appointment on Tuesday along with the December 31 retirement of Mrs. Mabel Child, who is presently serving as County Election Clerk. Altman will assume the new position on November 29.

The position of Director of Elections will encompass the duties performed by Mrs. Child. "New election rulings have complicated the processes," said Elliott, "and will require more detailed work. Under the new title, we hope to expand the functions of the office in the future."

## Clerk's resignation coming

# Altman accepts County post

The office will be instrumental in the handling of all county elections."

On this basis the County Clerk-Register of Deeds, Lynn Allen requested that the new designation be made. The County Board of Commissioners agreed and the office was approved at their October meeting.

"Our selection of Mr. Altman was made on the merit system," said the Deputy County Clerk. "We are satisfied that he is the most qualified applicant for the task."

Altman stated that his resignation from his elected clerk's office would be forthcoming.

"I feel convinced that this is a 'once in a lifetime' opportunity," said Altman. "It will afford me the opportunity to remain in local government and be a part of an important function, the election process."

"I regret that my new responsibilities will necessitate relinquishing my duties as Clerk of Independence Township. I will miss the close relationship between the people of the Village and Township that I have enjoyed for the 10 years I have been in office."

Altman said that he regretted that circumstances made it impossible for him to give more notice of his intentions to resign, but volunteered his cooperation

and assistance to his replacement.

"The very capable people who work in the Township Hall will be of invaluable assistance in making a smooth transition," he said.

"Except for my wife and family, my most rewarding experience has been in serving the people of Independence Township."

"The political road can be rough at times but I will always remember the pleasant relations that I experienced working with Duane Hursfall, Ken Johnson, Harold Bauer and Merle Bennett," he concluded.

The vacancy created by Altman's decision will require that a replacement for the \$14,500 a year job be named within 45 days of the termination of his services. If this is not done, a special election will be mandatory.

Altman, a native of Flint, has made his home in Clarkston since 1946. He was elected Township Clerk in 1961 and has served in that capacity for the ensuing years. He and his wife, Shirley, have 5 children.

Mrs. Child, whose retirement will be effective on December 31, has worked for Oakland County since 1924. She has been in the office of the County Clerk for 17 years.

## Teachers - Board reach tentative agreement

Negotiators for the Clarkston Education Association (CEA) and the Clarkston Board of Education reached a tentative agreement on the complete terms of the 1971-72 school year contract after 5 hours of deliberation on Friday, Nov. 12.

The CEA membership convened on the following morning and ratified the complete contract. Previously, they had

free?"

"Price is right," he grouses. "that's maybe exactly what it's worth. Looks like the one you pitched a couple months back."

"Yes, but much nicer. Think this one is solid walnut? Perfect little telephone stand."

He's turning it upside down to look at the unfinished wood bottom-side of the top.

"Remember how you put Mohawk stickers on all our stuff when we moved from Cleveland?"

"They still lost that sewing basket. Claimed they didn't ever see it."

"Well, here's your sticker, lady. This time you got your own junk back."

given verbal consent to the non-economic portion.

Details are being withheld until the

Board of Education meets to ratify the terms. No specific date has been announced for this meeting.

Clarkstonites see the first snow of the season. It was much to the joy of these homeward bound students. The next day the sun was shining and the snow was gone, typical behavior for Michigan's fickle weather.

# Village's Spring ballot to have at least 9 names

The recent appointment of Mrs. Jerome Wilford to the Clarkston Village Council has caused some to wonder what the ballot might look like at the Annual Election in March.

The resignation of Thomas Irwin brings the total to five, the number of Council seats to be voted on this Spring.

During the past 12 months the Council has undergone considerable change. A year ago the members were: President, Donald Cooper; Trustees were Richard Johnston, Robert C. Jones, Jack Hagen, Jim Mahar, Willis Kushman, and Mrs. Ruth Basinger. Then, Mahar resigned and David Westlund was appointed to replace him. At the March election Westlund and Kushman chose not to run, and Irwin and Tower were elected.

Later in the year, Hagen resigned and Richard Weiss was appointed to fill this vacancy. When President Cooper resigned, Trustee Johnston was appointed to fill this vacancy which resulted in the appointment of Don Auten to fill

Johnston's place on the Council.

Thus, the present Council consists of Richard Johnston, President; Trustees are Don Auten, Richard Weiss, Bob Jones, Floyd Tower, Ruth Basinger, and Lucia Wilford.

As Jones' term is ending this March, he will join four of his fellow council members in seeking re-election should he so desire.

Whether or not the incumbents seek re-election is up to them, as is the choice of any qualified voter to run for one of these posts; however, another choice is also offered. Due to the appointments of Council seats normally expiring in 1973, there will be 2 one-year terms offered on the Council.

In addition to the Council seats, the regular, annual election of the Village Clerk, Treasurer, President, and Assessor will be items on the ballot. Petitions for any elected officers are to be submitted to the Clerk by December 31.

# Teen of the Week

Mike Humphreys

Mike Humphreys, 17, has been named "Teen of the Week" by the Clarkston Youth Assistance Committee.

Activities that led to this honor were headed by having received the highest award in Boy Scouting, the Eagle Award. Mike has contributed to the Scout program in Clarkston, not only with his own achievement but with his service as den chief in the Cub Scout program.

A drummer in the school band, Mike has also found time to work on the Bottles for Building collections, assist in the elementary age boys' basketball program, referee junior high school basketball games and volunteer for the Paint-up Program at Pontiac State Hospital.

This energetic senior at Clarkston High School holds a part-time job at Hallman's Apothecary through the co-op program at school.

Home for Mike is at 6695 Laurelton, where he lives with his parents, Mr. and Mrs. Louis Humphreys; brothers, Pat, 16; Tim, 14 and sister, Kathy, 13.

The "Teen of the Week" hopes to continue his education after high school graduation in the field of speech therapy at Northern Michigan University.

Congratulations, Mike Humphreys. The "Teen of the Week" is selected by area teachers and principals at the request of the Youth Assistance Committee.

## Golfers compete in Florida

Gordon Booker, 15, 7901 Holcomb Rd. and William Bildstein, 17, of 6598 Wealthy have entered the Orange Bowl International Junior Golf Tournament to be played Dec. 27-30 at the Biltmore Course in Florida.

The tournament is open to boys up to and including 17 years of age provided they have a handicap of 5 or less.

Junior golfers will be battling for the Gary Player Championship Trophy in the 72-hole, medal-play competition. The starting field of 150 will be cut to 75 after the first two rounds. Biltmore is a par-71, 6,173-yard course with numerous water hazards.

The boys will have the opportunity to attend the other Orange Bowl activities, such as the big parade, tennis tournament and football games. They'll also get to see some of Coral Gables' leading attractions. The Junior Orange Bowl Festival is in its 24th year in Coral Gables.

## Problems not solved by drugs or words

Dear Editor,

After reading the letter from Al Ventimiglia, who was a high school friend of mine, I was quite disappointed by his narrow point of view.

I imagine Mr. McCall and the "old, rich toads" of our community have seen the world deteriorate before their eyes a lot longer than our generation has. It is also quite possible that during the world wars and the depression, people felt the same way our generation does now.

Clarkston doesn't have too many places for kids to associate with their peers. High school kids have always gathered some place to create some excitement, even if it was only to be chased off by a cop.

It surprises me to think that a 21-year-old man who speaks of love and peace and changing the world, believes that it is actually possible by gathering in

a parking lot and taking yellow caution acid. Escaping the reality of our social problems through drugs is not going to accomplish any change.

Maybe if our generation met in the parking lot for some constructive community purpose instead of pushing drugs, the police and the community wouldn't mind if kids were there.

Maybe if our generation started a committee to work with the "old, rich toads," they might listen and respect our ideas and realize that our generation does have the determination of really wanting a better world in which to live.

Al states that we need love to survive. I believe that with that love we need communication and respect.

How many police need to be shot down, Al? NONE, if you really believe in love and want a better world.

## Address effects insurance rate

Dear Editor:

Your mailing address has a bearing on your fire and auto insurance rate. A Clarkston address can get you an increase in \$37.00 for home owners (fire) insurance, and a decrease in \$35.00 for car insurance.

If you live within 1,000 feet by road of a fire hydrant and within two miles of a fire station, you should have a class 8 rating. You need not be serviced by a township water system.

A rider to your policy should state that your residence is "within 1,000 feet of a hydrant and within 2 miles of a fire station."

The reverse is true of car insurance. There are 4 postoffices serving Independence Township, Pontiac, Waterford, Drayton Plains and Clarkston. Having a Pontiac mailing address can cost you \$37.00. Just be sure that your agent knows where you live. Have him quote Clarkston rates.

The post office that serves you has no bearing on rates, legally. Since agents are busy and the computer is a way of life, we must all watch carefully things we never had to deal with before.

As a word of caution, check your policy carefully before calling your agent.

## Learning about aspirins

By Jim Fitzgerald

"I stopped to listen to an aspirin lecture."

That's what I told my wife when she asked why I was late getting home from work.

No kidding. I was driving by the County Center building when I heard the thunderous applause coming from inside. Naturally, I had to stop to see what was going on. It took me 5 minutes to find a parking place.

I slipped the usher \$5 and he forced 2 fat women to shove over and make room for me in the last row. It wasn't too crowded because 1 of the women stood up most of the time. I asked her why she was standing.

"Because that man deserves a standing ovation," she explained. "He is telling me what I want to know about pain relievers."

She was referring to the speaker, Charlie Sincere. You

must have seen him on TV. He's strictly low pressure, neatly dressed but not flashy. He looks you in the eye, speaks in a low voice, and patiently answers every question, no matter how stupid. He won't talk to an audience that isn't at least 5% Negro and 001% American Indian.

Charlie's mission in life is to explain aspirin. He lectures everywhere and always draws a crowd. He drives a previously owned Lincoln with a 001% American Indian in the backseat, just in case.

I arrived at the end of Charlie's lecture but just in time for the questions from the audience. This is the best part because Charlie always answers with 1 leg hung over the corner of a desk, so you know his answers are honest and sincere. He brings his own desk. It is

transported in the trunk of his previously owned car, along with a 5% Negro.

A woman stood up. "I'm a Catholic," she said, "so isn't it best for me to take St. Joseph Aspirin, especially on Sundays?"

"Some of my best friends are Catholics," Charlie answered.

But they always take Bayer Aspirin, even on Sundays. I know priests who use Bayer. The Pope is expected to rule on this question at the next ecumenical conference where I'm pleased to say, I will lecture. But in the meantime, you can certainly feel safe using Bayer no matter what your religion. I have nothing against St. Joseph, of course. And I urge each and every one of you to make your aspirin choice freely, without regard to religion. I would only remind you that Bayer is proven best, which is probably why Jesus and the 12

apostles used it."

I decided to ask a question. "Mr. Sincere," I said, "numerous scientific tests have proven, without a doubt, that aspirin is aspirin and no 1 brand is any better than another. So why do you insist that Bayer is best? Do you have a better grade of cotton plugging the bottleneck?"

At this point, the crowd began to shout me down. A lady jabbed me with her umbrella. Someone said, "Throw that commie out of here." I was beginning to think I wouldn't live to have another headache. But Charlie Sincere saved me.

"Let that man go," he commanded. "He knows not what he is saying. He is obviously sick. If the pain persists, he should see his doctor."

Onward and upward, sincerely,

Letters to the editor

# Decision on prayer not fair

Dear Editor,

It is no surprise to see the DEFEAT of a constitutional amendment aimed at permitting prayer in public school. Our U.S. Supreme Court took the choice of, and turned it into no choice at all, for our children as a whole, to give thanks for the opportunity to receive an education.

Minority Leader Gerald R. Ford of Michigan says he blamed the nation's "church hierarchy for the outcome." Major church organization had opposed "tampering with the First Amendment separating Church and State."

I am personally a strong believer that the First Amendment should not be tampered with in any form whatsoever. Church and state should be and should always remain separated to give REAL FREEDOM of religion or belief. We should be able to exercise our choice of faith to worship GOD as we feel and see best.

But I'm not naive enough to believe that all of our clergymen are men of GOD. As Mt. 7-15 states, "Beware of false prophets, which come to you in sheep's clothing, but inwardly they are ravening wolves."

These wolves (clergymen) in sheep's clothing hide behind the First Amendment of our constitution to conceal the facts that there are people in our society that would love to destroy our basic ideal of religion and our

American heritage.

No prayer in public schools, but Communist teachers can indoctrinate our children with their philosophy, and have the blessings of the U.S. Supreme Court.

I think that we as Christians should do a little more thinking about our faith and religious leaders, because there is more to our faith than singing a few hymns in church. Before saying Amen to a sermon, we should first open our Bibles to be sure that we know what we are saying Amen to.

Voluntary prayer in public school should be exercised with respect to ALL faiths and beliefs.

Sincerely,  
Henry S. Watson

## State distributes highway funds

Third quarter Motor Vehicle Highway Fund collections are being distributed to Michigan counties and cities and villages, the State Highway Commission reports.

State Highway Director Henrik E. Stafseth said net receipts of the highway fund during July, August and September of 1971 amounted to \$81,461,406, an increase of \$3,695,257 or 4.8 percent, compared to the same period of 1970.

Oakland County's share totaled \$2,058,954, while Clarkston received \$2,419.

All state gasoline and diesel fuel taxes and license plate fees go to the Motor Vehicle Highway Fund.

After deduction of collection costs and the State Waterways Commission's share of 1/2 percent of gasoline taxes, the money is distributed with 46 percent to

the Department of State Highways, 34 percent to the state's 83 counties and 20 percent to the 529 incorporated cities and villages.

Under this formula, the Highway Department will receive \$37,472,246 as its share of the third quarter collections. The counties will receive \$27,696,878 and the cities and villages will get \$16,292,281.

# Kutting Korners

No matter in what form it is served, the garnish glamorizes your turkey and makes it into a gourmet treat. Here are a few ideas:

1. Start with a fringe of parsley or a ruffle of salad greens around the bird.
2. Cut a lemon in wedges and slice an orange. Alternately place wedges and slices around the turkey on top of fresh greens.
3. Cook and drain mixed dried fruit. Circle turkey with light and dark fruit and drop in a few red cherries for extra color.
4. Group quarter slices of orange in petal fashion around halves of crab apples, one for each serving.
5. Cut pineapple slices once, so you can spread slices on a diagonal line around crab apples, one for each serving. Picks hold slices vertical.
6. Use whole canned or pickled apricots in place of crab apples.
7. Circle the turkey with halves of canned, drained peaches with a cooked prune in the center of each peach half.
8. Place canned, drained halves of peach, pears, or apricots, or a combination of all three, around the turkey and put a spoonful of cranberry or red currant jelly or orange marmalade in the center of each fruit half.

- 1/8 teaspoon onion juice
- 1 recipe mushroom sauce

Brown mushrooms lightly in fat. Add milk. Stir in flour. Cook over low heat five minutes. Add other ingredients. Pour into greased 7"x2"x2" baking dish. Set dish in a pan of hot water. Bake 40 minutes or until firm at 375 degrees F. Cut into rectangles. Serve with mushroom sauce. Makes 6 servings.

For sauce use recipe below or canned mushroom soup thinned slightly with milk.

### MUSHROOM SAUCE

- ½ cup sliced mushrooms
  - 1 - 3 Tbs. butter
  - 3 Tbs. flour
  - ¼ tsp salt
  - 1½ cup milk
- Brown mushrooms lightly in fat. Blend in flour and salt. Slowly add milk, stirring constantly, until thickened.

### KUTTING KORNER KLUE

Undiluted evaporated milk lends the richness of cream and doubles the food value of milk to sauces, custards and cream pie fillings.

## Ski movie aids Youth Hostel

For 25 years, the American Youth Hostels, a non-profit organization, has been offering the very best in ski movies in its "Adventures in Skiing" series held at the Ford Auditorium.

This year, they are presenting Warren Miller with his latest exciting ski film, "Any Snow, Any Mountain," on Wednesday, November 24 and again on Saturday, December 4th at 8:30 p.m.

This fund raising program is vital to the organization which sponsors outdoor activities, fosters physical fitness and attempts to help all, especially youth, to gain a better understanding of the world and its people.

Tickets are available from local ski shops, Grinnell's and J. L. Hudson. For further information call 273-8560.

# CAP honors Klann

Col. Charles W. Klann

On Saturday, Nov. 6, 200 senior members of Civil Air Patrol and their guests witnessed the change of command of Michigan Wing Civil Air Patrol. Following a dinner at The Pines in Owosso, Michigan Colonel Charles W. Klann CAP presented the Michigan Wing flag, symbol of his command, to Lt. Colonel Edward Palka CAP, newly appointed Michigan Wing Commander.

Among the guests present to honor Colonel Klann for his 4 years of service as Wing Commander were Col. Stephen King USAF, Chief Liaison Officer Great Lakes Region; Col. Richard Dooley CAP, Great Lakes Region Commander; Col. Fred Wood CAP, Indiana Wing Commander; Mr. Wesley Kimball, Great Lakes Region Director of Aerospace Education; members of the Michigan Wing Staff and M/Sgt. Jack Cencich USAF, Michigan Wing Liaison Officer, Mrs. Klann and the

Klann children, Gary and Robert, who came from U. of M. to be present and Michael, LaRae and LuAnn of Clarkston. The Distinguished Service Award, earned by Colonel Klann between 1967 and 1971; the term served as Wing Commander, was presented to Colonel Klann by Colonel Dooley.

Colonel Klann's interest in Civil Air Patrol began in Clarkston. He served the Clarkston Composite Squadron as Aerospace Education Officer, Commandant of Cadets and as Squadron Commander. In 1965 he was appointed Commander of Oakland County Group. Colonel Klann served as Commander of the Michigan Wing Cadet Summer Encampments at Selfridge AFB, Michigan in 1965 and 1966. Prior to his appointment as Wing Commander, he served on the staff of Michigan Wing as Cadet Training Officer.

Colonel Klann intends to continue his service to Civil Air Patrol and has accepted an appointment to the Great Lakes Region Staff, serving as Deputy Commander in charge of the Region's North area. In this position he will serve as a liaison officer between the Wings in Wisconsin, Illinois and Michigan and the Region Headquarters.

## Grandmother makes bridal attendants gowns

Escorted to the altar of the Lake Louise Church of the Nazarene in Ortonville by her father, Victoria Jeanne Kidd became the bride of Timothy John Tucker on November 6.

The bride chose a gown of white chantilly lace with a tiered hooped skirt. Her floor length veil covered a lace train. Pastor Archie Woodward performed the nuptial ceremony.

Jane White was the maid of honor in a gown featuring a sapphire blue skirt and light blue bodice.

Other bridal attendants identically gowned were Mrs. Laurie Cohoon of Hillman and the bride's sisters, Beth and Terrie Sue Kidd.

Barbara Kidd, another of the bride's sisters, was the flower girl and Mark Smith of Ortonville carried the rings.

All the gowns of the bridal attendants

were made by the grandmother of the bride.

The groom's brother, Thomas Tucker was the best man and Charles Kidd, Larry Allen and Terry Lyn Turner were other groomsmen.

A reception was held at the Knights of Columbus Hall after which the newlyweds left for a honeymoon trip through the Smoky Mountains.

Their parents are Mr. and Mrs. Charles Kidd of Clarkston and Mr. and Mrs. Nelson Tucker of Ortonville.

## Child Study hear Social Worker

Mrs. David Bickerstaff entertained the 18 members and guests of the Child Study at her home recently. Mrs. Glenn Brancheau acted as co-hostess.

Stresses on Women Today was the topic discussed by Mrs. Olga Voydanoff, a social worker for the past 18 years.

Mrs. Voydanoff used her insight into the daily problems that today's women face with their husbands, children and themselves.

Mrs. Robert Beattie will be the hostess at the club's Christmas party. Members are asked by the committee to notify her if they will be unable to attend.

Anyone wishing to inquire about Child Study may contact Mrs. William Neff at 625-4120.

## Singers present Yuletide concert

The annual fall campus concert by the Oakland Singers will be presented on Friday, Nov. 19 in Varner Recital Hall beginning at 8 p.m.

Directed by John Dovaras, director of choral activities at Oakland, the 32-voice chamber ensemble will present a varied program of Yuletide music.

The concert is open to the public free of charge.

Christmas Bazaars are in full swing this week. The Methodist Church will start the season rolling on Friday, Nov. 19 at 9 a.m. at the church. Mt. Bethel will hold their holiday bazaar on Saturday, Nov. 20 at 9 a.m. at Jossman and Bald Eagle Lake Roads. What a great way to start your Christmas shopping and maybe get in the mood for the fast approaching holidays.

Former resident Mrs. Donald Cooper arrived in Clarkston from Greenville with all the snow on Tuesday morning. She had a busy time. First she paid a visit to her former Tuesday Morning bowling team. The Tuesday night bridge club enjoyed having her back. Wednesday found her at Pontiac-Oakland Town Hall with all the other Clarkston folks. She

returned home to her family on Wednesday evening to fill them in on all the latest goings-on in Clarkston.

When you have finished your Christmas shopping at the bazaars this weekend and the yard work is all finished, why not attend the Village Players' presentation of "Never Too Late" on Saturday night at 8:30 p.m. at the Depot. This play is being held over due to popular demand. Tickets may be purchased at the door.

Mr. and Mrs. Lloyd Ingamells, former Pine Knob Road residents, were pleasantly surprised at the home of relatives, Mr. and Mrs. Lee Kaines of Williams Lake on Sunday evening. The

party was held to honor their twenty-fifth wedding anniversary.

Relatives from White Lake, Fenton, Pontiac and Waterford attended.

Refreshments served included a "25th anniversary" cake baked and decorated by Mrs. Terrance Kaines.

A gift of a "Silver Anniversary Tree" completed the table setting.

Mr. and Mrs. Ingamells were married Nov. 16, 1946 in the Sashabaw United Presbyterian Church.

Mr. and Mrs. Carl Heitmeyer (Sally Morgan) of Waterford are the proud parents of a baby boy born Nov. 4. Richard Carl weighed 6 lbs., 4 oz. Grandparents are Mr. and Mrs. Richard Morgan of Clarkston and Mrs. Benjamin

Heitmeyer of Drayton Plains.

Pontiac-Oakland Town Hall is the most popular gathering spot for Clarkston folks on the second Wednesday of each month. Last week's speaker was Jack London. The women far outnumber the men, but Dr. Ernest Denne, Dr. Hal Ford and Richard Bullen have enjoyed being in the minority, hearing a good speaker and having lunch with their wives.

Retired special ed teacher, Dorothy Jennings and her husband have left their home in Kalamazoo to spend the winter months in Florida.

"Happiness" is receiving the Clarkston News.

Larry Kasat, director of music at Calvary Lutheran Church, rehearses part of the combined, adult choir that will perform at the Interfaith Thanksgiving Service which will be held on Thanksgiving Eve at 7:30 p.m. at St. Daniel's Church.

### Spiritual Message

Rev. Mark H. Caldwell

For Everything, a Season  
Ecclesiastes 3:1

In mid-November there comes a time when many husbands and fathers flee their ordinary patterns of work and take off up north. It's called hunting season! Whether preparations have been impulsive and scant or whether they have been plotted in minute detail for months, each man's leaving surges

into the mass exodus and makes it a movement to be reckoned with.

Church stewardship canvasses have to get in ahead of this or there would be no callers and no one to call on. Builders have to plan around it or they find a strategic bit of subcontracting work just slumps for lack of workers on the job.

Whether rationalizing or fact-telling, my hunter friends often say they don't care too much about shooting a deer, but they like to break the monotony and get away. This seems to approach being a universal need. Oh, to be sure, I had a college girl friend once who was such an eager beaver to change the world as a nurse working toward being a doctor that she begrudged the time it took to "get ready" to do anything. In order to study biology she had first to get up in the morning and shower, eat, brush teeth and dress. These chores she hated because they didn't seem to advance her work.

But most people rather like the rhythm of pushing and relaxing, of

working hard and then being off on their own. This is part of the psychological basis for keeping a day for rest and worship. (That basis is a bit blurred with four-day weekends.)

Ecclesiastes or Koheleth or The Preacher of Old Testament fame has a fascinating set of verses extolling this rhythm:

"a time to weep, and a time to laugh;  
a time to mourn, and a time to dance;"

Frankly, he is rather pessimistic about it all and nearly slides over into fatalism. But one bright glimpse shines through his pessimism:

"He has made everything beautiful in its time;  
and he has put eternity into men's mind."

If a break from routines can result in that kind of destination then I'm all for letting them go and hope they come back in some sense new men! Where's that week of vacation I have coming?

# BOY SCOUT NEWS

Mr. and Mrs. Joseph Kreusel of Fair Haven announce the engagement of their daughter, June Marie to Christopher L. Rose. He is the son of Mr. and Mrs. Peter Rose of Dixie Highway. Miss Kreusel is a 1970 graduate of Holy Cross High School, Marine City, and is presently a sophomore at University of Michigan, Flint. Her fiance is a 1968 graduate of Clarkston High School and will graduate in June from the University of Michigan, Flint. A January 3, 1972 wedding is planned in Holy Cross Church, Marine City.

Troop 189, sponsored by Calvary Lutheran Church, actively participated in Boy Scout functions during October and November.

The weekend of Oct. 1-3 was spent on a canoe trip near Sterling. Eleven scouts and 6 fathers under the leadership of assistant scoutmaster Richard Hammerstein paddled 15 miles down the Rifle River. It was an enjoyable experience, being the last canoe trip of the year.

Troop 189 participated in the Manito District Fall Camporee at Groveland Oaks near Holly the weekend of October 15-17. The 10 scouts attending cooked patrol method, and joined in the campfire songs and skits Saturday night.

Each scout received a beautiful Camporee Patch. Also, an Award of Merit was presented to the troop for their camping and cooking skills. Leadership for this campout was provided by William Purves, Richard Hammerstein and Frob

Gruenberg.

A 5 mile advancement hike Saturday, Oct. 30, was led by scout Tim Purves. The hike through the beautiful wooded area near Deer Lake was attended by newer scouts.

On Nov. 5, a group comprised of 20 scouts and fathers attended a hockey game between the Flint Generals and the Des Moines Oak Leafs at the IMA Sports Arena in Flint. To the boys' delight, the Flint Generals won by the score of 5 to 2.

William Purves, John Mayo and Jim Zelenak recently completed Clinton Valley Council's Leader Training courses. The program was highlighted with a weekend at Camp Agawam attended by Mr. Purves and Mr. Zelenak.

Any boy, eleven years old or older interested in joining Boy Scouts may come to the weekly troop meetings in the activities room of Calvary Lutheran Church on Mondays at 7:30 p.m.

# Wolves close season with 28-6 lose loss

By Craig Moore

Clarkston's Wolves closed their 1971-72 football season with a loss — in more ways than one. Not only did the Wolves lose 28-6 to Avondale's Yellow Jackets, they also lost head coach Paul Rakow who resigned recently.

Clarkston came roaring into Avondale with visions of an upset in the first quarter. The Wolves drove down the field following the opening kickoff and got a big boost when quarterback Mark Warren completed a 31-yard pass to senior Rod Latimer.

The Wolves set up on the Avondale 1 yard line and fullback Bill Hamilton ran into the end zone for the only Clarkston score.

Avondale received the Clarkston kick and marched it to the Clarkston 1 yard line where the Wolves' defense, sparked by Dave Foster, held off the Yellow

Jackets.

Clarkston dominated the remainder of first half play, moving the ball, but unable to score. The half ended 6-0 for Clarkston.

Avondale came out to win in the second half and win they did. The Yellow Jackets scored 22 points in the third quarter.

The Yellow Jackets' first score came when Avondale ace Rich Lichtle dashed into the end zone from 11 yards out to climax a 61 yard drive.

Clarkston took possession of the ball but was forced to punt 4 plays later.

Avondale ran the Clarkston punt to the Wolves' 43 yard line. The Yellow Jackets lost a little ground, but with fourth down and 18 yards to go from the Clarkston 34 yard line, Avondale quarterback Dan Avery connected with Lichtle in the end zone. Lichtle ran the ball in for the extra point.

Clarkston was again forced to punt some 3 minutes later. Lichtle, aided by two Clarkston penalties worth 20 yards, moved the ball to the Clarkston 1 yard line where fullback Rick Davis took over and ran the ball in for his first 6 points. The extra point pass was good and that closed the third quarter 22-6 for Avondale.

Avondale kept the ball for most of the fourth quarter and Davis scored his second touchdown, again on a 1 yard run as Avondale smashed the Wolves, 28-6.

The Wolves closed their season with a 3-6 season record and a 3-2 Wayne-Oakland League record.

# Cougars upset Wolves

By Ron Fraley

The Sashabaw Cougars' football team won their second game of the year Nov. 9 against arch-rival Clarkston Jr. High by a score of 14-8.

After a scoreless and hard-fought first half, Clarkston kicked off to Sashabaw and after a good return recovered a fumble on the Sashabaw 45. After this turnover, Clarkston went in to score and after the 2 point conversion, Clarkston led, 8-0.

Sashabaw came right back after the kickoff and, staying completely on the ground, scored on a short run by Dan Blower. Jeff Casper ran in the extra point to tie the score.

After holding the Wolves, Sashabaw returned the punt to the Clarkston 20 and went in to score on a sweep by Jeff

Casper to make the score 14-8.

Clarkston had the ball and was moving in the last minutes of the game and a completion to Barry Miller moved the ball to the Sashabaw 12 with 1:06 on the clock. However, a holding penalty moved the ball back to the 27 and with 21 seconds on the clock, Clarkston ran out of downs.

This was the first Sashabaw victory over Clarkston in football or basketball and the spirit at Sashabaw was and continues to be tremendous. The whole student body is now looking forward to the beginning of the basketball season, under new coach Mr. Lewis.

## What is a Pharmacist? (Part One)

"Just what is a pharmacist? I mean, what does he do?" I don't know whether you're ever asked to define the work you do, but it's something you come to expect in our profession.

Well, first of all, a pharmacist dispenses drugs and medicines, filling prescriptions as ordered by physicians, dentists and other medical practitioners. He no longer does much actual mixing of drugs to form solutions, ointments, pills, capsules and powders, because many medications are now manufactured in the form in which they will be used.

However, he must understand the nature and effect of the drugs he sells, and be able to test them for purity and strength. He provides information as to how they should be used, and sells many other medicines which can be bought without prescription.

In most community drug stores, a pharmacist spends much of his time in a variety of managerial duties: training and supervising his sales staff; sending out bills—and paying those that come in; checking the inventory and ordering supplies; and meeting with drug company salesmen, many of whom bring new information on the products they handle.

Once in a while there's a medical emergency in which the pharmacist becomes involved, such as the mother who phones for help with a sick child. The druggist must both provide first-aid information, and rush emergency help to the home.

All in all, it's a full and satisfying job!

## PAUF collection reaches 74.1%

The Independence section of the Pontiac Area United Fund Community Division campaign reported today it has collected \$2,905.25, or 74.1% of its \$3,916.00 goal, so far.

Independence vice chairman, Mrs. Herbert (Sandy) Adams, 6458 Olympus Dr., Waterford, made the announcement in a report released Friday, Nov. 12.

The overall PAUF campaign, which has scheduled Thursday, Nov. 18 for its final report meeting, has collected \$1,266,676.02, or 91.4% of its \$1,385,000 campaign goal.

Contributors to the annual Pontiac Area United Fund campaign help support 55 separate health, education, recreation, research, character building and social work agencies serving some 30,000 area families annually. Agencies supported include the Red Cross, Big Brothers of Oakland County, Boy Scouts, Kidney Foundation of Michigan, Michigan Association for Retarded Children and the Independence Citizens' Recreation Committee.

## Flyers shot down

The Clarkston Flyers hockey team lost their game against a strong Sterling Heights team by a score of 7 to 1.

Kirk Hart scored the lone goal for the Flyers.

## Players repeat comedy success

Standing room only crowds for the Clarkston Village Players' latest presentation, "Never Too Late" have made it necessary for the group to extend the engagement for one more weekend. The final curtain will go up on Nov. 20 to accommodate those who were unable to get tickets for the previous

performances. Tickets will be available at the door of the Depot Theater on White Lake Road.

**NEED PAPER TABLECLOTH?** The Clarkston News has it in 40x300 rolls for just \$4.04. 5 S. Main, Clarkston.

Mrs. Gracie Holder of 11 Buffalo St. holds 2 freak coins that her husband has collected. Holder, who is an amateur coin collector, believes that the coin on the right, a dime that he received this summer from the Pontiac State Bank in Clarkston, may be of value but has been unable to have it appraised. The freak coin bears a double imprint. The other coin is a penny that is thinner than normal.

## Through the Classroom Window

By Ruth Montney

Students at South Sashabaw Elementary School are enjoying the use of four new television sets, which were purchased by the PTA from profits made at last year's fair. Aside from an occasional Special, the sets are being used by a number of teachers on a daily basis.

The Detroit area educational station, Channel 56, offers many programs which can be worked into the daily or weekly program. Of particular interest to the students are the weekly science programs.

One class is using the TV every day to view a new program, "The Electric Company." This program is produced by the Children's Television Workshop, which also produces "Sesame Street."

"The Electric Company" is aimed at viewers aged seven to ten, and is designed to improve their reading skills. Using songs, gags, sketches and animated cartoons, the actors, including Bill Cosby and Rita Moreno, drive home the day's lessons in a very painless way.

Says teacher, Mrs. Pat Smith, "The children are responding in a fantastic way to this novel new approach to reading. The children relate much better to this media. They are learning and enjoying it. The results already, after fourteen shows, are unbelievable."

"The Electric Company" would be

well worth watching, for any child in second through fourth grades, especially if he is having difficulty in reading.

(This program is shown locally on channel 56 at 11:00 and again at 5:00).

## House of Maple opens for business

The House of Maple is the newest business to open its doors in the Clarkston area.

An offspring of the House of Maple, a 20 year established business in Livonia, the new location will specialize in country pine and maple, colonial and early American style furniture.

The store, which is located in the building previously occupied by Auten Furniture, is located at 6605 Dixie Highway. It is owned by Boris Bronson who has over 30 years' experience in the

furniture business.

He will be assisted in the store by his wife, Dorothy.

The Bronsons, who live in Farmington, have 2 married children, Dr. Richard Bronson, a faculty member at the University of Michigan's Dental School and Mrs. Andrea Feldman who lives with her husband in Kansas, where he is attending medical school.

The Bronson hobbies include a 3-month-old grandchild, golf and knitting.

## Errors delay license by mail

Secretary of State Richard Austin has urged motorists planning to purchase their 1972 automobile license tab by mail not to make the same errors that are being made in the purchase of truck and trailer tabs.

According to Austin, the prepared applications for passenger cars and motorcycles have been mailed to vehicle owners. License tabs went on sale November 15.

"Many mail requests, so far, had to be returned to vehicle owners without the tab because they failed to follow instructions and made simple errors," he said.

Probably the biggest error is that owners are failing to sign their prepared application on the back, Austin said.

"The person filling out the prepared application must first check and correct any errors on the front of the application, then turn it over, date it and sign it," he said.

There are three places on each application that must be dated and signed.

"Another common error is with the insurance expiration date. Many owners have expiration dates close to the time of purchase, and they do not realize that in some cases, their insurance will expire before we can get the tab returned," Austin said.

"Now we know he will be renewing his insurance. But by law, we cannot send the tab to someone whose insurance has lapsed without his paying \$45 into the Motor Vehicle Accident Claims Fund."

Austin recommended that motorists who have insurance expiration dates close to the time of purchase should renew their insurance first, then send in the prepared application with the new date.

"One of our biggest complaints over the past few years has been over the \$1.00 insured motorists had to pay into the Fund. We've done away with the \$1.00. Yet, people are sending it in with their applications."

All checks or money orders must be made out to the State of Michigan for the correct amount. Therefore, the Department of State must return all

checks and money orders that have included the \$1.00 and ask that a new one be sent in, Austin said.

For uninsured, the cost of buying their 1972 tabs has gone up \$10. They now must pay an additional \$45 to the Motor Vehicle Accident Claims Fund, he said.

However, under the state laws, an uninsured motorist cannot pay the \$45 by personal check. It must be paid with either a certified check or a money order, he said.

Therefore, the uninsured motorist must enclose two checks, one for his tab at the cost indicated on his prepared application and made out to the State of Michigan, and a certified check or money order for \$45 made out to the Michigan Motor Vehicle Accident Claims Fund.

And finally, owners have been separating the prepared application, and sending only one half in with their money, Austin said.

"Maybe they want to save us a little time or work. Unfortunately, we need both halves," Austin said.

"Both have to be stamped and recorded, and, quite frequently, the owner has sent in the wrong half."

Austin indicated that it is very important that both sections of the prepared application be returned.

"The purchase of the 1972 tab by mail was designed to make it easier for the Michigan motorist. If he follows instructions he will find that it is easier to buy the tabs. If he does not follow instructions, he may find it more difficult," Austin said.

# Jean's Jettings

or The back of the bus is fun

by Jean Sura

"What's so bad about sitting at the back of the bus?" I asked my husband the other day. We sat at the back on our trip. "I thought it was fun."

"The difference is that you didn't really have to sit there. You sat there by choice."

I could see I was in for a lecture and I didn't have the time. I wanted to write more about our European spree.

"Did you take the trash out yet? The man will be here any minute," I interrupted.

That did the trick. Muttering to himself, he left the room.

\*\*\*

There were twenty-eight people on our bus tour of Europe, an interesting conglomeration of singles and couples from all over the United States.

Friendships sprang up within the group, based generally on common interests. Six of us got in trouble together and it created a bond that held us together for the rest of the trip.

The trouble started when our flight from the London Airport to Amsterdam was grounded because of fog. We faced a four-hour delay.

"What does one do with four hours to spend in a foreign land, holed up in the

air terminal," I asked.

"Looks easy enough to me," said our friend, Murph. "The coffee shop and the bar are all together."

Our new friends, the Murphys and Gene and I started to while away the hours drinking coffee. After an hour or so, it started to taste bitter so we switched to good London ale.

Pretty soon we were joined by two more fellow travelers. One of them was a tall, handsome, young man who had recently severed his connections as a captain with the space program and the United States Air Force. He was "doing his thing" before settling down to a civilian career.

The other was a leprechaun from the Philippines with the unlikely name, Valentine Interior. He had a habit of breaking into song, usually an aria from some opera, at most unusual times. We dubbed him "Mr. Exterior."

The ale was so good and the company so stimulating, we didn't hear the call for our flight. Our friendship was cemented as we six stood at the gate and watched our plane take off for Amsterdam without us aboard.

We caught the next flight, luckily, and our bus came back to the airport to pick us up. We filed to the only seats left at

the back of the bus, and stayed there, in pseudo-exile for the rest of the trip.

We didn't really have to stay there but it added to the fun to act as though we were atoning for our sins. We carried the act even farther by forming a corporation, with formal meetings, officers and job assignments.

Ellen Murphy and I were official peelers and slicers. Gene and Jim Murphy named themselves official wine tasters.

The captain, who we nicknamed VonDrumm because of his blonde, Aryan good looks, was elected procurement officer.

"I move that this designation be unanimous," said Gene. "With VonDrumm's youth and looks, all salesladies will fall at his feet. That way we are guaranteed the finest wine, the strongest cheese, the smelliest sausage and the freshest bread for the most reasonable price."

Scouting for likely spots to eat lunch was the responsibility of "Mr. Exterior." He was practically drummed out of the club and sent to the front of the bus as punishment one day after choosing a quaint farmyard for our picnic lunch.

"What do I smell?" we all sputtered. To make matters worse, crumbs from our

hard roll sandwiches hardly hit the earth before a flock of chickens rushed in and greedily grabbed them up.

"Mr. Exterior, are you responsible for picking this smelly, animal infested barnyard?" we asked.

"Sorry," said Mr. Ex. "I didn't think that manure pile would bother us. How did I know the wind would shift? I didn't mind the chickens. I thought they would be a help in policing the area."

We learned a lot on our trip. We saw antiquity, mountains, cathedrals and castles. We were thrilled by Michaelangelo's statue of David and the wonders of Roman ruins.

We also learned a lot in the back of the bus.

We learned how to hide our heads when the driver was screaming the gears as he drove around hairpin turns in the Alps. We learned how to make a neat hors d'oeuvres tray with a plastic knife and a piece of butcher paper and how to balance your gait and wine glass to the wild swerving, swaying and bounce of the bus.

We learned that the back of the bus can be fun if you are with the right people.
