Still a bargain

The Clarkston News this week belatedly joins most other weekly newspapers in the state by charging 15 cents for its newsstand copies.

What has been a bargain at a dime is still a bargain at the increased price. Never before has your local paper carried such a variety of news, so many pictures, or opened its pages so completely to a public forum.

Yearly subscriptions remain at \$5

Bird's eye view of Deer Lake Beach shows the reclamation accomplished by Clarkston Area Jaycees and community volunteers at a cost of \$6,000. A new beach line, a reshaped canal and a bridge over it are part of the club's efforts to stop erosion in the area.

Jim's Jottings

By Jim Sherman

I keep thinking I should have something profound to say to our son as he completes 12 years of book learning, but nothing comes to mind.

I think of what Roger Oberg,

Supt. of Oxford Schools, has said a few times... youngsters' pattern for learning and life is about set between ages 3 and 5.

With Jim nearing 18 there's not much I can say that he will listen to. It's like when a few months ago I told him not to wash the press while it was running. 30 seconds later his finger was caught between the rollers.

My words hadn't had time to sink in.

But this occasion of his graduation calls for advice from his parents. With this in mind I've been walking the floor for the past half hour trying to search for the right expressions.

You know what I've come up with?

Get your hair cut!

Drive carefully!

Quit running around every night

and stay home and read a book.

You're not going out looking like that!

Pick up your room!

And, when he just opens his mouth I say, "No, you can't."

Besides these words of advice a few questions come to me.

When are you going to get your hair cut?

What time are you going to get home tonight?

Why don't you pay attention?

Where are you going now and who with?

As I think of my contributions to his learning, my appreciation grows for his mother.

A former employe said to me one day, "Don't you ever say anything good?"

It's true I didn't about his work, but it's equally true that I seldom

give praise. My smart comeback is "Sure, when someone does something worth praising."

I've changed other bad habits, maybe with some effort I can change this one. I should, because praise and expressions of thanks swell my innards and lift me to new heights.

Like Friday night. The Oxford Athletic Boosters Club surprised me with a plaque inscribed with words of appreciation for our support of athletics.

We have always felt the Leader and Clarkston News do a better job of covering high school sports than any other papers of comparable size in the state. We're usually "there" with camera and note pad for the major spectator sports.

Someone else has noticed this, expressed their thanks, and we feel warm and humble again.

Meet the candidates

DAVID BICKERSTAFF JR.

MYRNA L. BIGGS

IVA MAY CAVERLY

ALBERT W. FOSTER

An even dozen candidates hope to get elected to two four-year terms on the Clarkston Board of Education during the June 12 election.

One incumbent, T. O. Doremus, seeks reelection. His counterpart, Arthur Rose, a member of the board for 12 years, does not.

Voters will also be asked to renew 5 mills for 10 years on the June 12 ballot. The millage raises about \$400,000 for the

school operating fund, and while it does not expire until after this year, school officials feel it's imperative that there be an indication of its continuance.

Dr. Leslie F. Greene, superintendent, said should voters turn down the renewal, the district — second lowest financed in Oakland County as it is now funded — would lose a like sum in state aid.

Candidates seeking election are listed

below in alphabetical order, along with some background information and their statements.

DAVID BICKERSTAFF JR., 51, of 6640 Langle Drive, has been a resident of the community for seven years. Father of three children now attending Clarkston schools, he is an engineering supervisor with GMC Truck and Coach, and has been employed there the past 31 years.

A past president of Greenacres

Subdivision, he is a former PTA treasurer and is a 32nd degree Mason and Shriner.

Bickerstaff stated, "I would prefer the continuation of neighborhood schools. With a few changes the graduated income tax proposal may be the answer to additional school financing. I would hope control would remain with the local board.

"As for the need for libraries, music, art and physical education at grade school

(Continued from page 2)

level, finance dictates how much we could move ahead in these areas.

"Basically, I think we have a very good school system."

MYRNA L. BIGGS, 33, 5645 Dvorak, has lived in the community 10 years. She is a graduate of Waterford Township High School, and attended Pontiac Business Institute.

Having worked as a typist and bookkeeper, she is now kept busy with her four children, aged 18 months to 11 years.

Her statement: "I have been extremely concerned for several years about the direction that the public educational system has been taking. I have been active in the PTA by serving as treasurer and vice president. I've been present at many of the public school board meetings and am also making every effort to become informed in school legislation affecting our schools.

"I feel we need more discipline to create an environment conducive to learning, a close scrutiny of materials and books used in the classes, and a screening of the teachers and their programs of what and how our children are being taught. We must attempt to instill in our students the three basic R's—self-respect, respect for others, and respect for the law."

She is in favor of field trips and against busing to achieve racial balance in the schools.

"The school board not only needs the educators and their views, but also the view of a parent and common sense," she said.

MRS. ALVIN L. (IVA MAY) CAVERLY, 5800 Waldon, is a certified elementary teacher having taught full time for five years in grades K-8. She is currently working on her master's degree to teach reading.

Mother of four and grandmother of two, she is particularly concerned with reading and writing as the basis of all education. She says she is not against busing within the district, but is opposed to repeated elementary school changes because of attendance problems.

Mrs. Caverly reports she has taught in a rural one-room school, a split-room elementary, as an elementary substitute and full time teacher, including two and a half years in the Clarkston area.

She attended Michigan State Normal College and Hurley Hospital School of Nursing in Flint, and, after teaching for a period, returned to Eastern Michigan University for her bachelor's degree with majors in science and social studies and a minor in arts. She has 18 hours of graduate work toward a master's degree from EMU.

ALBERT W. (BILL) FOSTER, 40, 5960 Paramus, has lived in the area for three years. He is a graduate of Pontiac Senior High School and attended classes at Oakland University.

A detective with the Pontiac Police Department for 14 years, dealing with auto theft and juvenile problems, he is now a salesman for Imperial Life Insurance Co.

His statement: "I should be elected to the school board so that I may work to improve education in the Clarkston area. Having been involved in youth activities for over 20 years, and with five children enrolled in Clarkston schools, I feel that I have certain ideas to contribute.

"I am in favor of the expansion of remedial reading programs; also, in favor of expanded drug education and drug control programs within our schools. I am

for the development of multi-purpose rooms at each elementary school; I am for expanded use of school facilities after school hours.

"I am against Gov. Milliken's proposal to consolidate school districts because I want to keep control at the local level. I am definitely opposed to forced busing of our students."

GERALD A. LAWRENCE, 39, of 6651 Wealthy has lived in the Clarkston area three years. He attended schools in Schnectady, N.Y., and has a bachelor's degree in aeronautical engineering from Syracuse University.

He is now employed as vice president of Sirius Manufacturing Co. in Ferndale, in charge of sales and engineering.

His statement: "In these times of rising costs, combined with the increased needs of our school system, I feel that my business background would enable me to work effectively on the school board.

"I have also worked with young people as Commander of the Clarkston Squadron Civil Air Patrol. We have established an

outstanding Aerospace Education program for our 50 cadets. We provide incentive, opportunities, teachers and materials. The cadets are enthusiastic, responsive and they are learning.

"I have four children in the Clarkston schools and am concerned with the upgrading and maintenance of the existing school plants and the continuity and quality of the curriculum. I do not want my children to receive a shoddy education for a 'reasonable price.' Every child has the right to an educational program that bridges the gap between home and school, and between school and adult life.

"With wise planning and careful financing, I believe that our school board can provide the kind, quality and scope of education we want for our children. I think I can help."

C. VINCENT LUZI, 32, 7960 Dixie has lived in the area ten years. He has a B.A. degree from Western Michigan University and has done graduate work in education, public school administration and public administration there and at Michigan State University. He has also attended the Detroit College of Law.

Now employed by the Oakland County personnel division, he previously taught school in the Clarkston area for three years.

His statement: "My working background in education and public administration, my undergraduate and graduate work in education, public school administration, public administration and law, the fact that I pay Clarkston school taxes and have a vital interest in the kind and quality of education my children will receive in the Clarkston School system, qualifies me to be considered by the voters in the district as a member of our school board.

"I do not have any radical ideas about changing the system. I believe Clarkston has a good school system, able administrators and well qualified teachers and I'd like to assist in perpetuating a good thing.

"I'm willing to spend all the time necessary to maintain and improve, where necessary, the present level and quality of education available in Clarkston. I believe new methods of school financing are urgently needed to ease the ever increasing load on property owners, but I don't believe there's enough room in The Clarkston News to adequately express my thoughts on this subject."

EVELYN M. MILLWARD, 45, if 6715 Amy Drive has lived in the district seven years. Having graduated from Franklin High School, she attended Franklin Institute of Business in Johnstown, Pa., taking two courses as a fashion consultant.

Now employed as a fashion consultant part time, she intends to return to the field in which she's spent 15 years. She is a member of Clarkston Youth Assistance.

Her statement: "I recognize the need for qualified representatives with proper educational background to our school board. I also believe we need representatives who are aggressive and demonstrate willingness to give time to

serve in the school and community matters.

"I am fortunate and proud to be a part of this school system, and therefore would find it a pleasure to serve our people on the school board. I love people and I'm the happiest when serving them. It takes certain qualities to make decisions and I feel strong in this area."

JAMES F. PETERS, 44, 3723 Maiden, Waterford Township, has lived in the district since 1954. He spent three and a half years at Michigan State University and has taken night courses at Oakland University.

For 16 years self-employed, he is now an interviewer with the Michigan Employment Security Commission.

His statement: "I believe I should be elected to the school board primarily because of my lifelong interest in children's welfare. Too long children have been of secondary interest to school boards; money and not quality education has been the bone of contention between parents, school boards and the CEA.

"I also believe that with my training and background in MESC, I am able to listen with understanding and sympathy to people. The fact that I have six children indicates that I also am able to communicate with the forgotten segment of our community.

"Living in Waterford Township I am well aware of the distances between schools that our children must travel. When I am elected I will do everything in my power to make Clarkston Community Schools everything the name implies instead of Clarkston schools as it is now."

GEORGE L. PHILLIPS, 46, of 6413 Snowapple has lived in the area 11 years. He has a B.A. from UCLA and has attended photography school.

Presently a senior instructor of photography at the arts schools of the Society of Arts and Crafts in Detroit, he has worked as a free lance photographer and as a sales manager of a camera mart.

His statement: "A mature father with one boy just entering school and another in a couple of years—therefore my interest in their education is concurrent with other people in similar circumstances. My experience as both a teacher and parent should be of practical value to the school board and to the community."

DR. FREDERICK L. ROESER, 33, 6380 Waldon, has lived in the area six years. As a Pontiac dentist, he has the unusual background of also having a degree in geology from the University of Michigan.

His statement: "The population of Independence Township has grown over 60 percent in the last 10 years and this growth rate will undoubtedly continue or increase during the next 10. Our school system will need mature leadership during this period to guarantee our children a quality education.

"As the father of three young children and with a sincere interest in all young people, I am dedicated to providing our township with this quality education."

(Continued on page 6)

School tax reform

Where the limits aren't

by Cathy Lessard

Property tax reform, especially in its relation to school financing, is such an important and popular issue this year that there are currently two separate petition drives being carried on to put the question on the ballot this fall.

In addition to the two petition drives, a constitutional amendment has been introduced in the House of Representatives, which if adopted by the House and Senate, would also go on the ballot this fall.

This whole area of reform is a vastly complicated one and has apparently kept many voters confused over who is doing what and how. Because many people have expressed confusion, I will attempt to outline for you what the two petition drives involve, the details of the legislative proposal, and the possible ramifications of the forthcoming Supreme Court decision.

It will take several articles to do this, but we will begin today with the petition drives.

A WORD OF CAUTION TO THE VOTER

In most discussions concerning reform of educational financing you will hear the proposals to limit the use of the property tax in financing K-12 education referred to as "property tax relief" or "property tax reform," but don't be misled by these phrases.

None of the proposals I've seen guarantees property tax relief for Michigan citizens, and in fact, that is not the goal of either of the petition drives.

The goal of both of them is to reform the method of financing public education so that an equal educational opportunity is provided for all of Michigan's young people.

Any proposal to "limit" the property tax is going to mean an increase in some other tax. In addition, none of the proposals that I have seen, in my estimation, insure a significant decrease in the number of mills that could eventually be levied for other purposes. I will explain in detail later why I believe this is true, but please keep in mind that

someone is going to pay for the additional money needed to provide equal educational opportunity.

THE PETITION DRIVES

Two separate petition drives are currently being carried out — one by the Michigan Education Association, the other by the Democratic party.

The drives are separate, but each will require the signatures of some 265,000 registered voters to qualify for the November general election ballot. The deadline for submission of petitions is July 10, less than five weeks away. Both drives are currently in trouble and it seems that it will require "the supreme effort" to collect enough signatures in time for either of them to qualify.

Both petition drives have as their goals property tax revisions and elimination of the constitutional prohibition against a graduated income tax. The methods used to achieve these goals are, however, very different.

One of the basic differences is that the MEA is asking you to sign two petitions; the Democrats only one. The MEA will ask you to sign one petition to limit use of the property tax for school operations, and a separate one to eliminate the constitutional prohibition against a graduated income tax. The two questions would be presented separately to the voters, who could approve both, one, or none.

The Democrats will ask you to sign

Entered as second class matter, September 4, 1931, at the Post Office at Clarkston, Michigan 48016.

only one petition. They propose to limit the use of the property tax for school operations, and to replace the needed revenue with a graduated income tax. Voters have no choice on this proposal. They either vote for property tax reform and for a graduated income tax, or against both of them.

The Democratic proposal would establish a graduated income tax, and would in fact prohibit the use of a flat rate income tax on personal income such as we have now. The MEA proposal would not establish a graduated income tax, but would simply allow it. Under the MEA proposal, the legislature would determine whether the needed revenue for school operations would be replaced with a statewide property tax, by increasing the present income tax, or by establishing a graduated income tax.

That is the basic difference. There are many more subtle differences. The Democratic proposal writes into the constitution a basic graduated formula; it writes in a statewide tax on business property for public education operating purposes at a rate not to exceed 26 mills; it says that no school district will receive less from the state than its highest expenditure in 1969-72 minus six mills and guarantees that renters will share in any property tax relief.

In a nutshell, the Democratic proposal writes into the constitution many specifics, which opponents say do not leave enough leeway for the legislature. Any difficulties that developed as a result of the Democratic language could only be corrected by another constitutional amendment.

The MEA proposal on the other hand is much simpler and less complicated. It does none of the things mentioned above,

but does not preclude them. It simply limits the use of the property tax to finance education; says that the legislature shall establish a program of general state taxation and a method of distributing funds for the support of

elementary and secondary public school districts to assure equal and quality educational opportunity for all students; and shall establish a method of distributing supplementary funds for intermediate school districts, vocational education, special education, and compensatory education purposes.

Both proposals place a 26 mill limitation upon real and tangible personal property. In the breakdown of this 26 mills, both provide: 6 mills for K-12 public school programs for enrichment, subject to approval by the voters; 8 mills for the county; 4½ mills for intermediate school district, vocational education and compensatory education; 1½ mills for townships.

The remaining 6 mills the MEA leaves for the county or township upon voter approval.

The Democrats provide 5 for county or township and one for intermediate school district.

Both of these proposals allow additional millage to be imposed without voter approval, and without limitation as to rate or amount but only at rates and in amounts sufficient to make such payments for: principal and interest on bonds or other evidence of indebtedness; payment of assessments or contract obligations in anticipation of which bonds are issued.

The State Chamber of Commerce figures that if all these exceptions are added to the 26 mill limit, a potential total of 41.82 mills exist. The 1971 statewide total average millage for local property taxes was 49.54 mills, according to the C of C. They note, however, "that an individual or business would not be subject to both a city and combined village and township rate, but would be subject only to the millage of the units of government where located."

Therein lies my belief, and I presume theirs, that the voter should be aware of what the limits are on "property tax relief" offered in either proposal.

"If It Fitz"

Women talk that way

By Jim Fitzgerald

Hazel and Irene are walking on a busy downtown block and Hazel says: "Do you know what I am doing to stop perspiration?"

15 miles later, Hazel and Irene are walking on a deserted beach. "No," answers Irene, "what are you doing to stop perspiration?"

25 miles later, Hazel and Irene are in a airplane flying out of Lum International Airport. "I am plugging my pores with those new Feminine Acupuncture Sweatsticks," Hazel says.

1,578 miles later, Hazel and Irene are boarding a camel in Cairo. "Don't the Sweatsticks punch holes in your clothes?" Irene asks.

26 miles later, Hazel and Irene have stopped at a Standard pyramid to use the restroom. "No, silly," Hazel says. "I don't insert the Sweatsticks until after I'm dressed, mostly in fishnet fashions."

60 miles later, Hazel and Irene

are riding a ferris wheel at the grand opening of the Sphinx Shopping Center. "But what about the underarm problem?" Irene asks. "Don't you get tired holding your arms out like airplane wings all the time?"

98 miles later, Hazel and Irene are boarding a barge on the Nile, watching carefully for asps. "It is only a problem when I have to turn corners fast," Hazel explains. "If a person is the right height, I chop off his head."

And so it goes, 'round the world in a 60-second TV commercial with Hazel and Irene.

You may find these commercials full of the pause that perplexes. You may think the advertiser is insulting your intelligence. You may think it is impossible and incredible that Hazel and Irene would take so long to say 7 simple sentences

about feminine hygiene.

You are obviously a bachelor.

The Sweatstick advertiser has simply done what was necessary to fit his message into a time slot he can afford. Rather than give you a phony pitch, he has shown you exactly how women talk. But he has edited out all conversation irrelevant to his purpose — the selling of Sweatsticks. Otherwise, it would have been a telethon.

You see, dear bachelor, it is entirely possible that it could take thousands of miles, from downtown Lum to the Nile, for Hazel and Irene to say those 7 sentences about Sweatsticks. But interspersed among those few commercial words would be several million sentences concerning why that fat woman would wear such a hideous bathing suit, the color of the paint in the coffee shop in Lum

International, the dangers of picking roses in a fishnet blouse, the rudeness of the Arab who had the key to the pyramid restroom, the impossibility of getting home in time to fix dinner for Joe... and on and on.

To put it briefly (a male trait), women don't just interrupt each other; they interrupt themselves. And then they interrupt their interruptions. If Paul Revere had been a woman, Richard Nixon would be a prime minister and Hazel Revere would still be telling the woman next door where to buy a good lantern.

If my wife reads this tonight, she will accuse me of putting down women. Probably. I won't know for sure for about 2 days, the normal span of time between the opening noun and the closing verb.

Onward and Upward.

Superintendents' view

To the Editor:

The superintendents endorsing this letter are taking this unusual step because they feel it is necessary to inform the public of the extremely unfair situation that exists in Michigan in financing public schools.

It is hoped that this information will provide a background against which citizens can judge their own district and therefore gain a better understanding of the reasons why their school district is not able to provide services that should be available for all young people.

Financial inequities exist today that stagger the imagination. In Oakland County, for example, the money available to the poorest district and the richest differs by more than 100%. To speak of equal education for all youngsters under these circumstances is absurd.

The range of expenditures in Oakland County during 1970-71 was as follows:
 High expenditures per pupil \$1,509.17
 Low expenditures per pupil 703.53
 The expenditure per pupil in the state's poorest district was only 576.37

Contrary to the publicity you have been receiving, the range between the high district and the low district is greater than it was in 1966-67.

Currently the State of Michigan and three defendant districts are involved in a lawsuit challenging the unfair distribution of school aid. This case may provide a solution to the existing inequities. However, it is important to review the financial status of the three districts who are now defending the current system of school finance:

School District	Their Operating School Tax	Money Spent Per Pupil
Grosse Pointe	31.30	\$1,205.81
Dearborn	25.90	\$1,388.54
Bloomfield Hills	31.63	\$1,215.12

In order to match the expenditures of the three districts listed above from state and local sources, assume your district had \$14,000 behind each child. You, as a taxpayer, would have to pay the following millage rate for school operation.

You Would Have to Pay

Grosse Pointe	\$,205.81	59 Mills
Dearborn	\$1,388.54	72 Mills
Bloomfield Hills	\$1,215.12	60 Mills

The problem causing this great inequity is the State Aid distribution formula. It keeps poor districts poor — even those that are taxing themselves heavily.

There is no way we can provide equal educational opportunity as long as this kind of unfairness continues. The Governor and many legislators have tried to correct this problem. However, at the present time, the inequity still exists and pending legislation simply perpetuates the condition.

A fair distribution formula that provides equity and retains local control is a must in this state.

The solution should not be found in the courts, nor should the public be driven to force the legislature to act by referendum. The sole responsibility rests with your Legislators and the Governor. They must be held accountable for the solution.

Sincerely yours,

David B. McDowell, Clarenceville School District; William H. Saville, Avondale; William G. Keane, Berkley; Clyde C. Fischer, Brandon; Leslie F. Greene, Clarkston; Eugene N. Spencer, Clawson; Wilfred Webb, Hazel Park; Russell D. Haddon, Holly; Clifford A. Scherer, Huron Valley; Lewis F. Mundy, Lake Orion; Laurence Decker, Madison; Roger D. Oberg, Oxford; John Pagen, Waterford.

Editor's note:

The Clarkston News does not print political letters the week prior to any

election. All letters endorsing candidates were left out of this week's issue, in accordance with prior policy.

"No Abe Lincoln"

Dear Editor:

I see by an article in the Clarkston News, dated 6/1, that one of our native sons, who hitchhiked all the way to Alaska, had to come back to Independence to "strike it rich." I am sure we all agree that Richard Campbell found a gold mine when he got in bed with Stonerock.

I also note in amazement that there is so much there that all of his partners are able to feed at the trough with him.

It just shows that once a politician opens the faucet, the taxpayers' money pours out in a never ending stream.

I have to agree with your statement that Campbell and his partners are a "mixed bag." May I also add that they have one helluva (legal) bag man.

Campbell states he is an opponent of "big brotherism" or heavy handed government. Wasn't it "big brotherism" when he, at the annual Township meeting in April 1970, picked up the gavel that Stonerock had thrown down?

Did he not then take over as moderator (without authority) and proceed to ram through a salary increase for Stonerock that today is being contested in court as to its legality?

Wasn't it "big brotherism" when he appeared at the Schultz hearing? It was only through a lot of legal expense and work that Frechette was able to prevent this "land grab" that our biased Supervisor tried to consummate.

Wasn't it Campbell who found the loop hole in the fire ordinance when Stonerock made his famous rake stand? You can't convince me that Stonerock was aware of the two conflicting sections of the ordinance.

As far as heavy handed government,

the Frechette littering case is a prime

illustration if I ever saw or heard of one. As I have said before, this is strictly harassment and persecution.

The legal fees charged by Campbell et al, in excess of \$20,000 in fiscal year ending 3/31/72, would have been a lot smaller if Campbell would have counseled Stonerock that:

1. The Township didn't need a snowmobile ordinance in April of 1971. Stonerock and the board were requested by me to delay enacting such an ordinance, as it wasn't necessary until December of 1971 and to wait and see if the State of Michigan would enact snowmobile legislation. I see that the Board has now rescinded that ordinance.

2. There was no reason for Campbell or his associates appearing re the Schultz case.

The ordinances he prepared and ordinances on the books are useless because Soncrant, the enforcer, only issues tickets at the direction of Stonerock. In other words, there isn't any enforcement of the present ordinances by and large.

This is graphically illustrated by Campbell's failure to enforce Sec. 11 of the Zoning Ordinance and Soncrant's failure to ticket Stonerock et al under the same ordinance. Once again, Mr. Campbell, I would like to hear your answer to this complaint.

Mr. Campbell, your obligation as Independence Twp. attorney is to the people of Independence. You are not being paid to represent Stonerock.

I don't know the reason for your beard, but I'll say this, "You'll never be an Honest Abe Lincoln."

Candidates

(Continued from page 3)

"As a professional business man, I am aware of the costs of providing services and will therefore be sensitive to the problems of obtaining and spending tax dollars in a manner which will furnish the greatest value.

"In short, I believe my interest, dedication and awareness combined with a willingness to learn about and react to problems in the school district qualify me to be a representative on the school board."

CHARLES J. SMALLEY, 47, of 5247 Sashabaw Road has lived in the township for 20 years. He and his wife have three daughters.

A disabled veteran of World War II, he has been a letter carrier for the Pontiac branch of the Post Office for 22 years. He was president of the Letter Carrier's Union for seven years and is now vice president. An elder at Sashabaw Presbyterian Church, he is a member of Cedar Lodge No. 60 F & AM of Clarkston.

His statement: "I would like to be given the opportunity of being on the Clarkston school board to keep quality education in our school system. I would like to have physical education in our elementary schools. I would also give undivided attention and answers to all questions brought before the school board. If elected I will represent all the people of the community to the best of my ability to insure all youth the opportunity for a better education."

T. O. Doremus did not respond to the News questionnaire.

Millage renewal needed

When it comes to operation of the Clarkston Schools, there is no one who can deny that property owners here have had a bargain.

There are those who would like to see the curriculum expanded, but it takes money and the basic education offered compares well with other districts.

Voters of the district will have a chance to publicly affirm their faith in the schools by renewing a 5 mill property tax for the next ten years at the June 12 election.

The 5 mills bring in about \$400,000, without which there would be even further cutbacks in school operation. The fact that the state system of financing is hinged on the amounts raised locally

would about double that cutback — leaving a situation in which it would almost be impossible to function.

While the winds of change in regard to school financing are in the air, administrators point out that any alterations wrought at the state level would immediately have effect here.

In other words, if the property tax becomes illegal as the main support for schools, the property taxes here would be cut accordingly.

Meantime the situation is probably going to remain at the status quo long enough to make that 5 mills an imperative part of the funding operation.

Ted Damerow, part owner of the new Clarkston Cinema due to open later this month on the Dixie Highway north of the A & P food store, surveys the 250-seat interior. The building is nearing completion — some finish work yet to be done and the parking lot to be paved.

Lodge's law firm moves

State Sen. L. Harvey Lodge of the law firm of Lodge, Greenberg and Walker has moved his office to 6800 Dixie Highway.

The new quarters are adjacent to the new Clarkston Cinema, due to open later this month.

Lodge's partners are Alan G. Greenberg and Stanton L. Walker. They were formerly located in Independence Square.

Referendum on rezoning

Promoters of a petition to place the Hel-Win rezoning to permit construction of condominiums off Maybee Road adjacent to Spring Lake Country Club have called off their drive.

A team composed of Township Trustee Keith Humbert, Ronald Herron and Myrna Biggs attempted to get 1,400 signatures by Thursday, June 8, to insure that the question of whether Hel-Win property should be zoned for apartments be put on the November ballot.

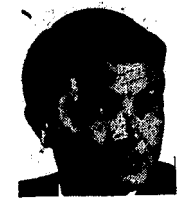

Approval for the zoning was given last month by the township board, over objections by Supervisor Gary Stonerock and Humbert, and Humbert later threatened legal action.

The land involves 69 acres, of which 17 were previously zoned multiple, and the rest single family. Some 400 units of condominiums are proposed by developers on 13 acres of multiple zoning now scattered throughout the parcel.

No Home Should Be Without One

A low-cost State Farm Mortgage Life Insurance Policy lets your family keep your house by providing enough money to pay off the mortgage if anything happens to you. See your State Farm Family Insurance Man for details on a Mortgage Life Policy from State Farm... one of the fastest-growing major life insurers.

Saga of a beach

Clarkston Jaycees have just about put the cap on a project they started ten years ago — the refurbishing and the preservation of Deer Lake Beach.

Only a tot lot has not yet been completed, but the area stands ready and Jaycees say they have the funds to fence it.

At this point the group is soliciting private donations to equip it, rather than pursue their request of \$1,000 from the township board, according to former President David Nadolsky.

He's asking that any organizations or people interested in helping contact him at 625-2837.

Jaycees have already spent \$6,000 on the beach and invested a total of more than 2,000 manhours. But according to Nadolsky, the entire project would have been impossible without the assistance of Al Valentine, owner of Oxford Gravel and Mining.

Beside acting as an advisor to the group, he donated his time and his equipment — a bulldozer, trucks and the labor required to haul the sand and fill.

Nadolsky estimated without volunteer contributions and labor the entire project would have cost the community \$35,000 to \$40,000.

"That is the cost of the restoration," Nadolsky said, "but without it there is a strong possibility Deer Lake Beach, because of erosion would have become unusable and the cost of that — in terms of human enjoyment and recreation — could not be estimated."

Work started ten years ago on the beach with an extensive cleanup and brush removal, Nadolsky recalled. In later years the club assisted in installation of a boat landing, an emergency phone booth and bouys. The club also helped in the fencing of the beach and development of a parking lot.

By this year members felt ready to take on the whole thing.

Initial investigation found that more than just a face lifting was needed, Nadolsky said.

By studying aerial photographs taken by the Department of Natural Resources, members determined that the shore area around the canal opening to Cemetery Lake was eroding at the rate of 1.6 feet per year.

Nadolsky said the opening has increased from 16 to 42 feet in the last ten years, and that evidence of further erosion in the shore line was seen in the critical condition of trees which were

being washed out.

He said six large elm trees had died and that sections of the beach were becoming swampy and providing breeding area for mosquitos.

The actual work on the beach front started six weeks ago when club members shored up the canal with cement bags. Next came the removal of dead trees and the low areas were filled to restore the shore line.

Rain caused mud, Nadolsky recalled, and mud stopped the trucks carrying fill, so members built a gravel road along the beach to allow the trucks to continue. Much of the fill had to be carted from the road in wheelbarrows, he said.

Some 35,000 cubic yards of sand were added to the beach, and Nadolsky pointed out it was a special sand — a washed mixture of sand and light gravel that won't erode along the shore. A bridge over the canal was constructed, sod laid, and telephone poles placed as parking barriers.

Running into problems with rainstorms on weekends, club members wound up working nights, sometimes as late as 2 a.m. and they finished the project June 1, as promised.

Marie S. Pope, daughter of Mr. and Mrs. Louis Pope, 6644 Northview, was graduated May 26 from Grace Hospital School of Nursing. She is a 1968 Clarkston High School graduate.

Town Shop

Clarkston's Town Shop, under remodeling for the past six months, will host a grand opening celebration Saturday, according to owners Fred and Sheila Ritter.

Free gifts, favors for children and refreshments will be offered, Ritter said.

Live better with a home improvement loan from Community Bank!

an unusually good bank

Community National Bank

Offices in Oakland and Macomb Counties, Main office: 30 N. Saginaw, Pontiac. Telephone: 332-8161. Member FDIC.

...THE EXTRA BEDROOM WOULD MAKE A WONDERFUL DEN.

...THE EXTRA BEDROOM WOULD MAKE A WONDERFUL SEWING ROOM.

Whatever home improvement you have in mind, do it now with the help of Community National Bank.

Simply stop in at any of our 22 convenient locations, talk with the Loan Officer, give him the necessary information, and he'll arrange for your loan as quickly as possible. Or, an approved home-improvement dealer can handle the necessary details for you.

At Community National Bank, we try to make getting a home improvement loan as quick and easy as possible. Our thousands of satisfied customers are good evidence of the fact.

Stop in soon. A home improvement loan from Community can make your living more enjoyable and your home more valuable.

Community Bank is now also financing new and used mobile homes.

Mr. and Mrs. Lawrence MacEachern of 4695 Second, Drayton Plains, have announced the engagement of their daughter, Mary Louise, to James Cleve Maruca, son of Mr. and Mrs. Peter Maruca of Normal, Ill. A July 14 wedding is planned.

Betty Kinstler heads sorority

Epsilon Chapter of Alpha Delta Kappa Honorary Sorority for Women Educators has installed Betty Kinstler of Clarkston as its new president. She succeeds Mrs. Gordon Grice of Davisburg, who served as installing officer.

Others installed included Dorcas Wolf of Pontiac, vice president; Mrs. Gerald Burley of Clarkston, recording secretary;

Mrs. N. C. Van Natta of Davisburg, corresponding secretary; Mrs. Marian Richley of Waterford, treasurer; Mrs. Mildred Porritt of Pontiac, keeper of the archives; Mrs. Lorna Heath of Clarkston, chaplain; and Mrs. Herbert Langer of Pontiac, sergeant-at-arms.

The ceremony took place at Clark's Restaurant on Perry Road in Pontiac.

Mr. and Mrs. Joe Gallegly of 5391 Sunnyside have announced the engagement of their daughter, Connie I., to Bruce C. Sawyer, son of Mr. and Mrs. Leon Sawyer of 6121 Clarkston Road. A September 16 wedding is planned. Connie graduated from Clarkston High School this year and Bruce last year.

Antiques

More than 25 antique dealers throughout Southeastern Michigan and Ohio are displaying collector's items and authentic Thursday, June 8 and Friday, June 9, at Clarkston United Methodist Church.

Hours for the show and sale are 11 a.m. to 9 p.m. Tickets are \$1.25 at the door.

Refreshments will be served in an early American tea room setting.

New technique

A new stitchery technique using an original "needleweaving" pillow-kit will be taught in two session-workshop at the Fancy Goods Shop in Antique Village, Lake Orion. The instructor, Gwen Fogerty, from Birmingham, says that women have enjoyed her kit because it is fun and easy — it just looks difficult!

The session begins June 21 (9:30-12:00) and ends on June 28.

Around the township

Graduation parties abound

625-2837

By Shanna Nadolsky

Graduation day was cause for double celebrating for Don Powell, son of the Jess Powells on Andersonville Road. After receiving his diploma from C.H.S., Don went on to capture the district baseball title with six runs batted in and five hits including a home run. Don was earlier honored at an open house given by his sister and brother-in-law, Mr. and Mrs. Thomas Humphreys, Jr. of Pontiac.

Jerry and Marilyn Hennig of South Holcomb are delighted with the somewhat late arrival of their second son weighing in at 8 pounds. He will be welcomed home by brother, Eddie and sisters, Gerri Lynn and Catherine. Happy grandparents are the Ted Hennigs and Mrs. Mary Iguo all of Clarkston.

A back yard open house was hosted by the C. R. Andersons of Middle Lake Road honoring their daughter Kyle's graduation. A lovely afternoon buffet was enjoyed by many friends and relatives who gathered for the occasion.

Sarah Nichole's arrival May 27 has been the cause for much celebrating. Arnold and Jeanee Taylor have produced several "firsts" with their six pound, nine ounce girl. The greatest first has to be that Sarah has the distinction of being the first girl born in the Taylor family in eighty-six years! The last girl in the Taylor family is Arnold's great aunt Lila Taylor currently living in Canada. Sarah can also boast of being the first great-grandchild and the first grandchild for both Arnold and Jeanee's families.

Busting their buttons and scurrying for new hats to fit their heads are grandparents, Mr. and Mrs. Stanley McNarin and Mr. and Mrs. Bill Blevins, all in Pontiac. Congratulations to the Taylors — and well earned.

Julie Wilford was honored at an afternoon open house given by her parents, the Jerome Wilfords on Main Street, Sunday. Neighbors, relatives and Julie's brother and sister-in-law from Lansing all made the day very exciting for Julie. She will be attending Michigan State University in the fall where she will major in dramatics.

An open house at the Ted Hennigs on Allen Road Sunday honored their son Christopher's graduation. A house and yard full of friends, neighbors and relatives made it a special day for Christopher.

Bob and Judy Brumback hosted an informal get together welcoming Tim and Midge Doyle to Clarkston. Tim is the new Parks and Recreation Director for Independence Township. The Doyles have come to Clarkston from Redding, Connecticut where Tim directed that community's recreational activities. Tim, Midge and their two children, Tara, 3 and Shane, 1, have been staying with Midge's sister and brother-in-law Lars and Judy Larsen of West Church Street. They will be moving into their Greens Lake apartment this weekend.

From night is annually a grand gala

success story. This year's is no exception. The evening began for many at pre parties given by Nancy Craft on Church Street, Lynn Tower on Main Street and Nia Kraud on Holcomb.

Prime rib dinner and dancing was the main event held at Oakland University this year. Following the dance, Jim Loba's parents, the Ray Lobas, opened their home on Middle Lake Road to the hungry dancers for breakfast. Many returned the next day to enjoy the pool — and more good food.

Isabel Robinson was honored at an open house given by her parents, the Charles Robinsons. A buffet lunch was served to friends and neighbors immediately following graduation exercises.

Floyd and Dawn Tower held an "open week end" as it turned out. In trying to decide which day would be best, it seemed both days was the only way to handle everyone. Dawn's mother, Mrs. Dewey Johnson from Harsen's Island spent the weekend so she could enjoy all the festivities. With the prom and graduation behind her, Lynn and her sister Beth are going to New Jersey for a week's visit with Dawn's niece, Mr. and Mrs. Pete Ruzak.

There were many, many open houses over the weekend, but I think Mr. and Mrs. L. W. Humphreys on Laurelton should get a special citation. The afternoon was definitely in honor of their

son Mike's graduation, but having fifty grandchildren in the same place at the same time — yes, along with the friends, neighbors and relatives — does merit something special. They must all make for a very proud, happy and busy grandma and grandpa.

Mr. and Mrs. Raymond Cummings of Clarkston Road have returned from an extensive trip to Florida, San Juan, Puerto Rico and upper New York State.

The children of Mr. and Mrs. Herbert Baynes of 6140 Lakeview Drive entertained them at dinner Sunday in honor of their 53rd wedding anniversary. Hosting the gathering at Thompson's Country Inn were Mr. and Mrs. Edmund Gunter and Mr. and Mrs. Duane Anderson, both of Clarkston, and Mr. and Mrs. Stewart Baynes of Royal Oak. The Baynes were married in Southfield. They have ten grandchildren and two great-grandchildren.

Penny J. Fox of 67 Buffalo and Mary A. Hennig of 8180 Allen Road, seniors at Central Michigan University, have been honored for achieving straight A averages for the winter semester. Mary was also named to the school's academic honors list having had a B average or better for her entire college career.

Andy Williams to sing

Andy Williams, along with pianist Quincey Jones will appear at Pine Knob Music Theatre Tuesday, June 27 at 8:30 p.m. Performances will continue each evening through July 1.

His appearance will follow that of David Cassidy, due to perform at 3 p.m. Sunday, June 25 in the initial performance at the open air theater.

The Pine Knob Music Theatre, at I-75 and Sashabaw Road, will host top-name entertainment throughout the summer. Built in a beautiful setting, with a semi-thrust stage and bowl-shaped seating, the new facility is a modern entertainment concept. Refreshments of all types will be available, including ice-cold beer. A boutique row will give audiences a place to browse, and picnic areas will afford the opportunity to relax while being entertained by such great names as Andy Williams.

With sixteen gold albums to his credit, Andy Williams is Columbia Records' top star. Many of his recordings have become almost immediate standards which attests to his wide audience appeal.

Many of his hits are also memorable

movie themes such as, "Days of Wine and Roses," "Moon River," "Dear Heart," "Love Story," "Born Free," and now his current successful recording of "The Love Theme from 'The Godfather.'"

In addition to recording, Andy Williams has had success in television and summer stock theater. His concerts continually attract sell-out crowds of all age groups.

Tickets for the Andy Williams Concert, priced at \$7 and \$5 for reserved seats and \$2.50 for unreserved lawn seats, are available by mail from: Andy Williams Concert, Pine Knob Music Theatre, 29501 Greenfield, Southfield, Michigan 48076. A stamped, self-addressed envelope is to be enclosed. Tickets will go on sale at all J. L. Hudson box offices on June 5.

Smokey Robinson and The Miracles with Jr. Walker and the All-Stars, the next attraction at Pine Knob, will appear Sunday, July 2 at 7:30 p.m. Tickets are also available by mail and priced at \$6, \$4 and \$2.50.

For further information, call 559-9111.

Spiritual Message

He healeth the broken in heart, and bindeth up their wounds. Psalm 147, Verse 3.

We all carry scars or marks of a wound. The bump on the head of a two-year-old. The skinned knee of the four-year-old. Seventy and eighty year-olds have many scars or wounds upon their spirit. This is the natural consequence of living. There are wounds of the Law. Break the Law and the Law will break you. Touch the hot iron and the finger is burned. Break the moral Law and a man's spirit is bruised and broken. For such wounds, God has a balm called Forgiveness. There are wounds of the heart. There are wounds of tribulation. Jesus said, "In the

SALVATION ARMY

Mary Aspden, Brigadier

world ye shall have tribulation, but be not afraid. I have overcome the world."

We get bruised by ingratitude, depression, calamity, war, bereavement. This week we have

remembered specially those who have been bruised by the loss of loved ones.

War didn't bring peace and love as anticipated. War did not end war. It just left bruises and wounds. Physical and spiritual. To anyone today with a bruised spirit or wounded heart, you can be recommended to a Loving Saviour Who specializes in healing broken hearts.

"Here, bring your wounded heart.

Here tell your anguish. Earth has no sorrow that God cannot heal."

New rec director, a busy man in the face . . .

Timothy Doyle, 27, soon-to-be of Green Lake Apartments, walks around with a notepad under his arm and a list of things to do.

He's the township's new recreation director, on the job since May 30.

Right now, he's looking for Little League managers and sponsors, and people who will donate in-ground swimming pools for the instruction of beginning and advanced beginning Red Cross water safety courses.

That's the immediate problem — items to be met to get the summer recreation program well underway.

There are also plans for tennis instruction and a beach program. The summer playground program at the schools will be continued, he said.

Later on in the season there's the chance for women's and girls' softball teams and men's slowpitch leagues. In the fall there's talk of flag football and soccer.

On the lists Doyle carries is the embryo of a community resource list — people who might be interested in teaching recreation department sponsored nightcourses in arts, crafts or sports. "Sewing, karate, fly casting, ceramics — whatever," Doyle says.

People can sign up by calling the township hall and leaving a message. Right now Doyle doesn't have an office, but there are plans under consideration to install him in the old library next to the township hall.

Part of Doyle's first week was also devoted to interviewing people who have applied for jobs as lifeguards, umpires and playground aides.

Doyle likes the feel of getting a new recreation program launched. He's done it twice since his graduation in 1970 from the University of Wisconsin — once at Virginia State University in Blacksburg and once in Redding, Conn., a town of 6,000 population.

Beach keys now on sale

All keys for the gates at Deer Lake will go on sale Thursday, June 8, at the township hall. Admittance to the beach and boating area has been open until now, due to late arriving keys, said Clerk J. Edwin Glennie.

The keys will cost more this year — \$6 for swimming, \$6 for boating (no motor), \$6 for scuba diving, \$2 for fishing, and boats with motors will have to pay an additional \$5 for up to and including 50 horsepower and \$1 for each additional horsepower over 50 up to a maximum of \$25.

Beach facilities will be open every day from 10 a.m. to 8 p.m. through September 4, Glennie said.

Volunteers meet

People interested in volunteering their time for Independence House are asked to meet at 7:30 p.m. Wednesday, June 14, at the old Sashabaw United Presbyterian Church.

Further information is available from Lynn Thompson, 7327 N. Shaker, Waterford Township, phone 673-8178.

Timothy Doyle

He left Redding for Clarkson because he and his midwest born wife, Midge, both wanted to return. They'd visited Clarkson a year ago at the home of her sister, Mrs. Wendell Larsen of Church Street, and they knew they liked it.

The couple have two small children, Tara Brooke, 3, and Shayne, 1, who they are installing in a new apartment.

It's a busy job — getting your feet on the ground, Doyle says.

Arthritis

It's estimated that 13 million Americans suffering from arthritis and other rheumatic diseases spend \$300 million a year on worthless or misrepresented drugs and treatment.

In a recent report, the Arthritis Foundation claims these patients are short-changed by:

- A relative or friend who says "don't waste your time with doctors because they don't know anything to do for arthritis," and who recommends his favorite home remedy.
- A doctor, unaware of what can be done, who tells the patient there isn't much he has to offer—and then fails to send the sufferer to a specialist or a clinic where team care is available.
- A hospital which is still geared to provide care for acute illness, and fails to adapt its services to help patients with chronic disease such as arthritis.
- An advertiser of "remedies" who lures the arthritis patient into trying expensive and worthless medicines, treatments or devices, which only delay the treatment that can prevent disability and lessen pain.
- A publisher who promotes books containing nonsense about overcoming or "curing" arthritis with health foods or enemas or mud baths or self-hypnotism, and so on.

The Arthritis Foundation also hits out at employers who won't hire arthritics, labor unions who don't provide for disabled workers, and insurance companies who charge them high rates.

It is also critical of the patient "who instead of organizing with other arthritics to demand action to combat their mutual problem, seems apathetically to accept his fate."

NOTICE

Independence Township Residents

S. T. O. P.
STOP THEFT OF PROPERTY

Permanently mark your possessions with your social security number or some other identifying mark and register them with the police. The Independence Township Board supports this concept as being a valuable tool in deterring thefts. If you wish further information contact any Board member.

J. Edwin Glennie
Clerk, Independence Township

CLARKSTON SCHOOL BOARD ELECTION JUNE 12

Parents and voters — we ask your support June 12 in electing Albert "Bill" Foster and Charles Smalley. They are for better education of all children through the neighborhood school system. Both are against forced busing of our children outside the district. Both have children in the school system.

These men would be responsive to parents and taxpayers. Both men have been leaders in their work, church, and civic programs. These men see the need for new programs to combat drugs and discipline problems.

Both want control of our schools in the hands of parents and taxpayers.

Vote June 12

for better education —

vote for

Albert "Bill" Foster

and

Charles Smalley.

Citizens for Neighborhood Schools

Village scene

by Jack McCall

Prevention of crime is always the best solution of a crime. By following a few simple procedures, you can greatly reduce the possibility of becoming the victim. In the past few days several burglaries have taken place within the village and surrounding areas.

A few preventive tips:

1. Install proper locks and use them. Modern cylinder type, dead bolt locks are preferable.

2. Report suspicious persons or vehicles loitering near your home or anyone that appears to be casing your neighborhood.

3. Contact your local police and ask to be placed on a house check while you are

gone on vacation. Also, stop all deliveries or make arrangements to have them picked up.

4. Join OPERATION IDENTIFICATION and etch your driver's license number on portable items like television sets, radios, home appliances that are popular with burglars. When you join the program, you will receive stickers that state your premises have been marked for easy identification.

The identification program is available to all Clarkston area residents free of charge as a public service from the Village Police Department. (Special Operation Identification phone number, 625-5921.)

Road vacation suit called off

The petitioner to close part of Iroquois Road in Thendara Park Subdivision has withdrawn his request in Oakland County Circuit Court, according to Stanton Walker, attorney for Paul Frechette, owner of the Clarkston Golf Club, and Thendara Park Country Club Property Owners' Association which had also objected.

The case was due to be tried Monday, Walker said, but Joseph E. Schultz withdrew the request that the road be vacated. Schultz owned property on either side of the private road which traverses subdivision property to dead end at the golf club. He had asked last fall that it be vacated to permit him to build a home on the site.

Walker said ownership of the road had been decided by subdivision developers to

the residents of the subdivision. An Oakland County Planning Commission report recommended against closing it, as did Joseph Rhoades, at that time chairman of the Independence Township Planning Commission.

The township board failed to come to agreement on the matter, voting 2-2 with then Clerk Howard Altman abstaining.

Frechette said the legal costs involved in keeping the road open amounted to \$2,800.

Suit filed

A class action suit on behalf of the residents of Sunny Beach Subdivision No. 2 has been filed in Oakland County Circuit Court to test the Township Zoning Board of Appeals power in regard to the granting of variances.

Rev. Paul Vanaman (center), pastor of Dixie Baptist Church, received an honorary degree of Doctor of Humanities from Dr. Bob Jones, chancellor of Bob Jones University, May 31. Dr. Bob Jones III, university president, looked on. Dr. Vanaman was a member of the university speech and Bible faculty for three years prior to founding Dixie Baptist Church. His daughter, Judith, received a bachelor of science degree in elementary education during the convocation exercises.

 Cheerleading Kathy Ronk
 Girl Athlete Jane Weaver
 Boy Athlete Mark Warren
 Danforth Girl Jan Easton
 Danforth Boy James Loba
 Senior Citizen girl, Cheryl Shrapnell
 Senior Citizen boy, Mark Warren
 Principal's Award Toni Westover

NOTICE PUBLIC HEARING

The Planning Commission of the TOWNSHIP OF INDEPENDENCE, Oakland County, Michigan will hold a Public Hearing at the Township Hall, 90 North Main Street, Clarkston, Michigan at 7:30 p.m., June 15, 1972 to consider the following amendments to the Independence Township Zoning Ordinance No. 51:

AMENDMENT TO ORDINANCE NO. 51, Section 13.1(b)-
 13.1 (b) The Board of Appeals shall fix a reasonable time for a hearing, not to exceed thirty (30) days from the filing of the notice of appeal. Public notice shall be given of said hearing. Said notice shall be in conformance with Section 14 of Act 184 of the Public Acts of 1943, as amended (M.S.A. 5.2963 (14), Compiled Laws 1948, 125.284) except that publication shall not be necessary and if notice is by mail, an affidavit of mailing shall be filed with the Board of Appeals rather than with the Zoning Board. At the hearing, any party may appear in person or by agent or attorney.

Section 13.1 (b) of Ordinance 51 as it existed prior to this amendment is repealed in its entirety.

AMENDMENT TO SECTION 4.2 OF ORDINANCE NO. 51-
 2. Non-Conforming Lots of Record. This sub-section applies to single family dwelling districts only and is intended to provide relief for the owners of non-conforming lots of record where said lot or lots in combination do not meet the minimum standards of this ordinance. It is not intended that this sub-section be used to permit construction of a dwelling on all non-conforming lots of record; it is recognized that some such lots are simply too small to permit the construction of an adequate dwelling, the storage of family automobiles, (in recognition of the fact that on street parking is not desirable) the maintenance of sufficient open space to permit fire protection, reasonable light and air, as well as room and view to permit and encourage property maintenance.

(a) No permit shall issue hereunder except as provided in sub-paragraph (c) below, except with approval of the Board of Appeals after public hearing in accordance with Section 13.1 (b) of this ordinance. The application to the Board of Appeals shall simply state, "Non-Conforming Lot of Record," and the Board of Appeals may grant such variances as are necessary to permit construction on such lot, subject to the following standards: 1. Permits shall not issue hereunder unless the construction that will result from the issuance of said permits will be in keeping with the general character of the neighborhood in which the construction will take place. 2. The Board of Appeals shall at all times consider and reconcile the interests of adjoining and nearby property owners. 3. Subject to the above, where the owner of a non-conforming lot of record cannot reasonably acquire sufficient land to enable him to conform to the requirements of this Ordinance relating to lot area, lot width, or both, such lot of record may be used by such owner as a building site, provided that, as required by the Board of Appeals, the other requirements of this Chapter are met, which requirements for the purpose of this section, shall be deemed to include reasonable provisions for automobile parking.

(b) For the purpose of maintaining building sites in compliance or near compliance with this Ordinance in those instances where the same owner has adjoining non-conforming lots of record, the following regulations shall apply:
 1. Where two (2) abutting lots of record are held under one (1) ownership, and where one or both of these lots are non-conforming, they shall each be considered as a single lot of record and are subject to the provisions of Section 4.2 (c) of this Chapter, and no portion of said parcel shall be used or sold in a manner which diminishes compliance with lot width and area requirements established by this ordinance. 2. Where three (3) or more abutting lots of record are held under one (1) ownership, and where one or more of these lots are non-conforming, the lots shall be held and maintained in such a manner as to comply with the area and width provisions of this ordinance, and the provisions of this Chapter relating to lot area and lot width shall not be avoided by the sale or conveyance of any of or any portion of such lots of record.

(c) Notwithstanding the above provisions, the Building Department may issue a building permit in those instances where a non-conforming lot or combination of lots of record meets 80% of the minimum frontage, setback, or area requirements of this ordinance upon a determination that said 80% is in conformance with the general standard of the neighborhood.

(d) In no event shall the side yards be less than five (5) feet to permit fire equipment reasonable access and further to prevent the spreading of fire; the Board of Appeals shall not have the right to vary this provision.

Section 4.2 of Ordinance 51 as it existed prior to this amendment is repealed in its entirety.

District champ Wolves

By Craig Moore
Clarkston's Varsity Wolves stepped into the limelight last Saturday afternoon to receive the Class A District Championship trophy. This climaxed the Wolves' 1972 baseball season.

Clarkston defeated Milford, 7-0, in the district semi-finals and edged Waterford Mott, 4-3, for the district title. The Wolves will be making a strong bid for Class A baseball honors in the regionals Saturday.

Clarkston took hold of the Milford game in the second inning by scoring 2 runs. Don Powell led off with a double. Bill Bildstein, who was credited with a single, advanced to third base on Milford errors, and Powell scored. Tom Smith

took first base on a wild pitch as Bildstein scored.

Don Powell hit a 3-run homer in the third inning and the Wolves led 5-0. Dave Partlo, who reached base on a walk, and John Walts, who reached second base on errors, came in on Powell's home run.

Two additional runs were added as insurance of the win in the fifth inning. Dave Partlo singled and was knocked in by Don Powell's fourth hit in four times at bat during the game. John Walts was hit by the pitch and walked to first base. Walts scored later on errors committed by Milford for the seventh Clarkston run and the semi-final victory. This victory was pitcher Dave Partlo's sixth win against no losses.

In the finals, Waterford Mott scored 3 runs in the third-inning, but Clarkston lessened the 3-0 lead by one run in the fourth inning. The run came when Dave Partlo, who got on base with a double, was sacrificed in by Don Powell.

The Wolves tied Mott, 3-3, in the sixth inning. Mark Warren and Dave Partlo, who got on base on a fielder's choice and a single respectively, led off. Don Powell brought Warren home with a single and Bildstein drove in Partlo with a single for

the tying run.

The Wolves clinched the title in the seventh inning, when winning pitcher Mark Warren drove home Kevin McMillan for the winning run with a sacrifice fly. The 4-3 victory established the Wolves as district champions.

As champions in their district, the Clarkston Wolves will play the winner in the Utica district, Utica Stevenson, on Saturday, June 10 at 1 p.m. in Flint at Lincoln Park for regional honors.

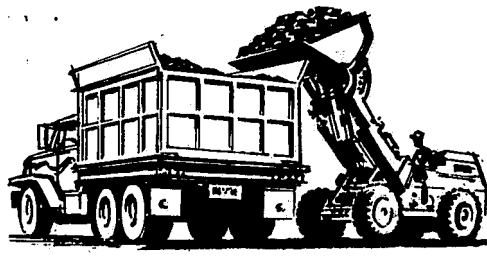

Clarkston Wolves, district baseball champs.

Wolverines finish strong

The Wolverines from Clarkston Junior High finished their 1971-72 season strong with 10 wins and 3 losses.

After going 4-2 for the first part of the season, the team under Coach Rob White reeled off 6 victories in a row.

The 5-4 victory over Sashabaw on May 25 enabled Clarkston to win the All Sports Trophy for CJHS for the 71-72 season. This made the third year in a row Clarkston has won it and the trophy will be permanently retired to Clarkston

Wrestling comes to Clarkston

Tanya West, lady wrestler

Nice guy. Mighty Igor will wrestle Lou Kline, former world Olympic and professional wrestling champ, in the Clarkston High School gymnasium at 8 p.m. Wednesday, June 14.

The professional wrestling program featuring such names as the Zebra Kid, Ivan Kalmikoff, Cowboy Hondo, Angel and Colt will be presented by Clarkston Area Jaycees.

Also wrestling will be two women, Sherry Lane and Tanya West.

Tickets are \$2.50 and are available from Jaycee members or at the door.

Track 6-3

Clarkston Junior High's track team capped a 6-3 season with a big 78-45 win over Sashabaw Junior High last week.

After starting off with 4 victories in a row in dual meets, the Wolverines had a tough second half of the season winning only 2 of 5 dual meets.

In their season's finale, they picked up 78 points against Sashabaw, winning 10 of 15 events plus 8 second and 5 third places.

NOTICE OF ANNUAL ELECTION

TO THE QUALIFIED ELECTORS OF CLARKSTON COMMUNITY SCHOOL DISTRICT, OAKLAND COUNTY, MICHIGAN:

NOTICE IS HEREBY GIVEN, that the annual election will be held in Clarkston Community School District, County of Oakland, and State of Michigan, on Monday, the 12th day of June, 1972, that the polls for said election will be open from 7:00 o'clock A.M. to 8:00 o'clock P.M., Eastern Standard Time, and that the voting places will be as follows:

- PRECINCT NO. 1—Independence Township Hall, 90 North Main Street.
- PRECINCT NO. 2—Sashabaw Elementary School Building, 5375 Maybee Road.
- PRECINCT NO. 3—Independence Township Fire Station No. 2, 7825 Sashabaw Road.
- PRECINCT NO. 4—Clarkston Elementary School Building, 6595 Waldon Road.
- PRECINCT NO. 5—Pine Knob Elementary School Building, 6020 Sashabaw Road.
- PRECINCT NO. 6—Bailey Lake Elementary School Building, 8051 Pine Knob Road.
- PRECINCT NO. 7—American Legion Hall Cranberry Lake Road and M-15.
- PRECINCT NO. 8—Clarkston Junior High School Building, 6300 Church Street.
- PRECINCT NO. 9—Andersonville Elementary School Building, 10350 Andersonville Road.

NOTICE IS FURTHER GIVEN, that at said election, two members of the Board of Education will be elected for terms of four (4) years expiring June 30, 1976, for which positions the following persons have been nominated:

- | | |
|------------------------|-------------------------|
| Myrna L. Biggs | C. Vincent Luzi |
| David Bickerstaff, Jr. | Evelyn M. Millward |
| Iva May Caverly | James F. Peters |
| Thomas O. Doremus | George L. Phillips |
| Albert W. Foster, Jr. | Dr. Frederick L. Roeser |
| Gerald A. Lawrence | Charles Smalley |

NOTICE IS FURTHER GIVEN, that the following proposition will be submitted at said election:

OPERATING MILLAGE RENEWAL PROPOSITION

Shall the constitutional limitation on the total amount of taxes which may be imposed in any one year upon property in Clarkston Community School District, Oakland County, Michigan, be increased for the period of ten (10) years from 1973 to 1982, both inclusive, by five (5) mills (\$5.00 per \$1,000) on assessed valuation as finally equalized, to defray a part of the operating expenses of the school district (such increase being a renewal of the 5-mill increase which expires in 1972)?

The following statement has been received from the County Treasurer as to previously voted increases in the total tax rate limitation affecting taxable property in the school district, to-wit:

COUNTY TREASURER'S STATEMENT AS REQUIRED BY ACT 293 OF THE PUBLIC ACTS OF 1947

I, C. Hugh Dohany, County Treasurer of the County of Oakland, State of Michigan, do hereby certify that according to the records in my office, as of April 19, 1972, the total of all voted increases in the tax rate limitation above the 15 mills established by Section 6 of Article IX of the Michigan Constitution of 1963, affecting taxable property in the Clarkston Community School District in said county, is as follows:

Local Unit	Voted Increases	Years Increase Effective
Clarkston Community School District	5.00	1963 to 1972 Incl.
	5.00	1966 to 1975 Incl.
	3.00	1971 to 1980 Incl.
County School District of Oakland County	.50	Unlimited
	.50	Unlimited
	.50	Unlimited.

Dated: April 19, 1972

AND to vote for Two (2) members for the Board of Trustees of the Community College District of Parts of the Counties of Oakland, Washtenaw, Livingston and Lapeer, Michigan (Oakland Community College), to be elected at large from the Community College District on a non-partisan basis, the qualified candidates for the Board of Trustees being as follows:

- Celia Chapin
- Dante DiVitto
- J. Harold Ellens
- For Six-Year Terms expiring in 1978
- Rosemary Hull
- Lila R. Johnson
- William M. Leffel
- George K. Mosher

Fire chief's salary still in question

Determination of Fire Chief Frank Ronk's salary will probably wait until the June 20 Township Board meeting.

With only 3 members present Tuesday night, the figure of \$14,500 annually — a sum which Clerk J. Edwin Glennie said had been agreed upon by four board members at two previous executive sessions — failed to find enough support.

Both Supervisor Gary Stonerock and Trustee Tom Bullen were absent from the meeting and Trustee Keith Humbert said "25% of the fire millage to one man leaves precious little for fire protection in the Township."

He said he'd prefer to see the fire chief placed on half days until voters have the opportunity to approve another mill tax for fire protection in the November election.

Ronk started the chief's job on a full time basis June 1, per a previous Board vote.

After Glennie and Treasurer, Kenneth Johnson had voted in favor of the salary, Glennie accused Humbert of changing his mind since the executive session.

Humbert responded, "I would vote for it if you'd vote to rescind the Hel-Win proposal."

The Hel-Win zoning to permit condominiums on 69 acres off Mabee Road adjacent to Spring Lake Country Club was opposed by Humbert and Stonerock when it passed the board last month.

Humbert presented to the board a resolution directing the planning commission to deny all future multiple rezoning until at least 75% of the present 600 vacant acres now zoned multiple is built and occupied.

Glennie, echoing audience opposition to excessive multiple zoning said Hel-Win developers should have been given an indication of denial earlier. He pointed out that the board had previously voted to allow them a sewer tap-in.

In other business, a board ordered investigation of its law enforcement contract with the sheriff's department, Humbert claiming conditions such as the enforcement of Township ordinances are not being carried out.

Besides getting a fire mill for 20 years on the November ballot in addition to the one already levied for fire protection, the Board voted to put another mill for roads for four or five years on the same ballot.

Jaycees asked that Deer Lake Beach be named after them as a result of their reclamation project there, and proposed that any Township funds available for the beach be used to help them erect a permanent service and security building.

Members discussed adoption of a motorcycle ordinance for the Township and asked for a public opinion in regard to such a move.

They also endorsed some 700 residents' efforts to obtain a traffic light at the Dixie highway and Mabee road, an intersection where two people had been killed, according to Kenneth Barks, a nearby resident.

The building department caught criticism when Louis Wiegale of 4985 Mohawk told of encroachments on his property by neighbors who have added onto a house without benefit of building permits and without being stopped by the Township.

Bills for May show that the two cleanup days offered Township residents had cost \$3,853 in land fill fees.

A clean up of property around a house on Oak Vista, scene of a recent fire, was arranged.

The Board adopted the American Insurance Assoc. Fire Prevention code to take effect immediately. It will investigate whether it can assist Upper Mill Pond residents in cleaning silt in the now polluted pond. It will permit Mrs. Jody Norton, Stonerock's secretary to take planning commission minutes on a trial basis in the June 8 meeting.

Donald D. Ryckman, 7870 Dubuque, (second from left) and Frank Sincola of Oxford (seated right) each accept \$5,000 from F. James McDonald (left) general manager of Pontiac Motor Division, and Robert B. Bialach, supervisor of Pontiac's suggestion department. The men redesigned a crossover pipe in the exhaust system to merit the award.

Supervisor Claude A. Trim welcomed the Oakland County Youth Activities Center to Springfield Township during dedication ceremonies May 27. The new facility is designed to accommodate 4-H and youth programs.

The independent view

by Jean Saile

Robert Vandermark, treasurer of the Jaycees' Walk for Mankind, reports a total of \$3,079.88 collected as a result of the May 6 hike. Forty percent of the money will benefit Independence House, 10 percent will go to the student councils at the high school and both junior high schools, and 50 percent will go to Project Concern, a worldwide non-profit medical service.

Of the total, \$582.65 was collected by the three "lame dames" — a trio composed of Carolyn Place of Bottles for Building, Jan Gabier, assistant principal at the high school, and ye older editor.

Mrs. Marlene Bryant, driver of school bus No. 70, has a better idea of what her passengers feel they should be doing as a result of a note from "David."

David, a second grader, had been acting up and Mrs. Bryant sent him home to write safety rules for the bus.

He wrote: "Safty means: 1. Do wut you are told. 2. Do not stand up on the bus. 3. Do not make to much noise. 4. Do not move up. Sinde, David, to Mrs. Brint, I am sorey I wont do it again!"

Mrs. Bryant has a poet in her son, Kelly, who composed the following epic to mark graduation from high school.

"As we leave these hallowed halls with our scribbles on the walls, we will never forget that crazy phase that was called our high school days.

"All that reading, writing and arithmetic, the lunch room that always made us sick; some rooms cold, others too much heat, and the gym where we get athlete's feet.

"Classes we like, others we did not. Doing something new and usually getting caught. Although school wasn't all that bad, but I can think of better times I've had.

"We were pretty good even with our evil capers, waiting for the school to give us our discharge papers. So this is the day we've been looking forward to — look out world, here comes the class of '72."

Well, we read in The Detroit News where Supervisor Gary Stonerock says, "I assume that people have a little more intelligence than to read the Clarkston paper and believe it. I think people are

more intelligent than that."

I wonder if that also applies to pictures, such as the one on Page 3 last week in which the supervisor was pictured laying a wreath at the Memorial Day observance; the favorable story about his attorney, Richard Campbell; or the editorial a week ago as being in favor of his idea for a central business district in the township (an idea which we still support despite county planners' reservations).

It may be that all those items should be discounted in view of the recent revelation.

We contacted the Oakland County Sheriff's Department — Marine Water Safety Division to see about the possibility of taking aerial photographs of the Deer Lake Beach reclamation last week, and learned that helicopter pilot, Terry Cranston, would be out on patrol about 10:45 a.m. Saturday. The time was beautiful.

It coincided exactly with Clarkston High School commencement exercises,

scheduled to take place in the football stadium. I had visions of graduation pictures like I'd never taken before. I also had visions of leaning too far out of the helicopter with only the safety belt to support me and landing smack dab in the middle of the whole ceremony.

It never happened. Saturday morning's rain put the kibosh on the outdoor graduation and what we wound up with was a grand picture of hundreds of cars parked outside the high school while the seniors got their diplomas under the roof.

Cranston is quite a pilot. We took off from a 12 by 12 flatbed trailer for the survey, and coming home we hit that same small trailer in perfect alignment, despite a fair amount of wind. I told him I figured he was only showing off.

Caution signs are now posted around Clarkston Mill Pond. Swimmers will swim at their own risk. The signs were posted by the village after the County Health Department found dangerous levels of pollution in the pond.

hill'n gully

By Jean Saile

Phyllis Diller has had her face lifted. On her it's probably all right, but if mine were lifted any I'd be over six feet tall, for heaven's sake.

While Phyllis looks better — the lifting having been confined to the sags and the wrinkles — the only effect it's had is to make her jokes about how awful she looks more potent.

A daily columnist has theorized the lift has given her the self-confidence to be more self-detrimental.

How about that?

Must be the same theory that caused Greta Garbo to go into hiding once she got famous. She couldn't do it before, obviously, otherwise nobody would have known who was hiding out... or where... or cared.

Take Jackie Kennedy, for instance. If she weren't so attractive and so rich, do you think she'd be that up tight about photographers following her all over the place? Of course not. She'd be flattered.

Do you think there would have been much demonstration on the part of well fed young people against the establishment if they hadn't been so well fed? Right again.

During the depression everybody was so interested in finding out whether they'd eat that night that they had no energy for demonstrations against an establishment that probably deserved it more than ever.

When things are good, the bad things are comprised of the less significant items. When times are bad, anything goes.

I'm still able to devote some time to worrying about the daughter who looks as if she's going to be as tall as I turned out to be, and to hope that all the furniture in the room won't fall over when she enters — as it seemed to about the time I was her age.

But I'm also able to get concerned about the war, and three boys whose military ages aren't that far off, and to hope that if they must serve they may serve honorably.

I carp about the grocery prices, but we're still able to pay them. I bleed for oldsters caught in an inflation which many of them can't afford.

I decry the lack of transportation for children employed in summer jobs, but again it's the oldsters who have lost driver's licenses and the students and veterans who can't find jobs for whom I really hurt.

Christie Harrison, 17, daughter of Mr. and Mrs. Donald Harrison of Hummingbird, has won the Michigan Major Girls Singles in the Youth Bowling League and a \$500 college scholarship.

Graduating third in her class of 377 from Clarkston High School, she is now eligible to compete for another \$1,000 scholarship offered in the All-American Youth Championship Bowling playoffs July 28-31 in Washington, D.C.

Christie and her coach, Mrs. Shirley Fredrickson, who is also eastern area director for YBL, will be going to Washington for the competition which involves both scholastic ability and bowling prowess.

To obtain her state title, Christie bowled a 150-216-166 series in Saginaw giving her a 655 total with handicap to win district honors. She later bowled six games in Cadillac to come out tops in the state. Her scores were 186-192-158 giving her a 659 total with handicap, and 154-160-191 giving a 628 total with handicap, or a 1,287 grand total.

Carrying a 148 average, she has bowled at Howe's Lanes since the youth bowling program was started there.

Civitan elects

Robert McClendon of Pontiac is the new president of the North Oakland Civitan Club. Don Place of Clarkston is president elect.

Vice presidents are Bob Gillis and Dick Zaccardelli; secretary is James Hunt; and treasurer is Lawrence Stack.

Outgoing president Douglas Foyteck was recently presented with an award.

The North Oakland Club is newly chartered having just celebrated its first anniversary.

\$1.3 million building permits

Building permits in the amount of \$1.3 million were issued during May in Independence Township. The figure compares with \$530,979 a year ago.

Of the total amount, \$820,350 was for new houses and \$73,624 for additions and repairs to existing houses. A total of \$459,000 has been committed for apartment garages and \$17,800 for new swimming pools.

NOTICE

THE NEXT REGULAR MEETING OF THE BOARD OF EDUCATION OF THE CLARKSTON SCHOOL DISTRICT WILL BE MONDAY, June 12 AT 8 P.M. AT THE BOARD OFFICE, 6389 CLARKSTON RD.

- * Safe for birds, wildlife and people
- * We also do Barn Spraying

The Teachers of the Clarkston Community Schools Recommend Your Support of:

VINCENT LUZI and CHARLES SMALLEY

for Positions on the Clarkston Board of Education

The Clarkston teachers believe Mr. Luzi and Mr. Smalley possess the necessary qualifications and reflect the mutual concerns of parents and teachers for the improvement of the educational programs in the Clarkston School District.

The Clarkston Education Association endorsed both of these candidates as a result of the presentation before the public forum held on May 25th. The CEA arrived at these endorsements based upon the following reasons:

- Family men and property owners
- Strongly urge support of the millage renewal proposition on June 12th
- Support the property tax relief petition drive sponsored by Governor Milliken and the Michigan Education Association
- Endorse teacher tenure as a means of maintaining our qualified and experienced teaching staff
- Urge the adoption of specialized remedial reading programs at all levels throughout the system
- Favor the enrichment of the present school curriculum to include the expansion of music, art and physical education programs at the elementary level
- Re-adoption of educational field trips as a valuable experience in the learning process
- Oppose forced cross-district busing and support the local control of our schools

Supervisor's Replat of Northwestern Addition and Part of Original Plat Lot 1

ZONING BOARD OF APPEALS

Betty Smith, Secretary

41-2

PUBLIC NOTICE
TOWNSHIP OF INDEPENDENCE
COUNTY OF OAKLAND, STATE OF MICHIGAN
ADOPTED: May 23, 1972
EFFECTIVE: May 23, 1972

TITLE: A TEXT CHANGE TO AMEND THE INDEPENDENCE TOWNSHIP ZONING ORDINANCE NO. 51 - RELATING TO SIGN REGULATIONS.

TO WIT:

SECTION 7. SIGN REGULATIONS

The following regulations are enacted for the purpose of preserving the residential character of the community, to render the area attractive to travelers and to protect travelers from annoyances, to provide for the safety of drivers and pedestrians by controlling distractions and impairments to visibility, and further in recognition of the fact that billboards and like structures discourage the development of surrounding land, impair land values, serve as places which gather refuse and paper and as dumping places for dirt, debris and filth, and that such structures serve a variety of other undesirable uses as well, which uses and the resulting impairment of and threat to the public health, safety and welfare all outweigh any benefit derived from said structures in many cases, and further in recognition of the fact that signs are being increasingly erected and maintained on and about properties, both public and non-public, and that the continued erection and maintenance of said signs without proper regulation constitutes a public hazard.

1. DEFINITIONS

In addition to the definitions found elsewhere in this ordinance, the following definitions shall apply to this section.

a. "Accessory Use" shall mean a use incidental to the principal use of the building.

b. "Erect" shall mean to build, construct, attach, hand, place, suspend or affix.

c. "Incombustible Material" shall mean any material which will not ignite at or below a temperature of twelve hundred (1200) degrees fahrenheit and will not continue to burn or glow at that temperature.

3. "Sign" shall mean any announcement, declaration, display, billboard, illustration and insignia when designed and placed so as to attract general public attention and shall include the use of any words, numerals, figures, devices, designs or trademarks by which anything is made known and visible to the general public such as are used to show an individual firm, profession, or business and also any banner, bulbs or other lighting devices, streamer, pennant, balloon, propeller, flag (other than the official flag of any nation or state) and any similar device of any type or kind whether bearing lettering or not.

1. Billboards - Any sign which contains a message unrelated to or not advertising a business transacted or goods sold or produced on the premises on which the sign is located; also called a remote sign. 2. Decorative Display - A temporary display designated for the entertainment or cultural enrichment of the public and having no direct or indirect sales or advertising content. 3. Ground Sign - A sign supported by uprights or braces in or upon the ground surface.

4. Marquee Sign - A sign attached to or hung from a marquee, canopy or other structure projecting from and supported by the building and extending beyond the building wall, building line or street lot line.

5. Projecting Sign - A sign which is affixed to any building or structure other than a marquee and any part of which extends beyond the building wall and the horizontal sign surface is not parallel to the building wall.

6. Roof Sign - A sign which is erected, constructed and maintained above any portion of the roof or exterior wall of a building or structure.

7. Temporary Sign - A sign, banner, or other advertising device constructed of cloth, canvas, fabric, plastic, or other light temporary material, with or without a structural frame, or any other sign, intended for a limited period of display, but not including decorative displays for holidays or public demonstrations. 8. Wall Sign - A sign which is attached directly to a building wall with the horizontal sign surface parallel to the building wall, including signs painted on any building wall.

e. "Shopping Center." A group of three (3) or more stores, offices or shops selling merchandise or services and served by a common off street automobile parking area, which is located on private property. All stores, offices or shops served by one parking area shall be considered one shopping center.

f. "Structural Trim" shall mean the molding, battens, cappings, nailing strips, latticing, and platforms which are attached to the sign structure.

g. "Surface" shall mean that part of the sign upon, against, or through which the message is displayed or illustrated.

h. "Total Surface Area of Sign." The sum total of all exterior surfaces of the sign computed in square feet. In the case of a broken sign (a sign with open spaces between the letters) the total surface area shall be measured by multiplying the height of the individual letters or combination of letters by the distance between the outer edges of the two (2) furthestmost letters.

i. "Township." Independence Township, Oakland County, Michigan.

2. PROHIBITIONS

a. No billboards or remote signs may be erected within the Township. All signs must advertise a business or service on the premises on which the sign is located.

b. In no case shall any sign be illuminated by any open spark or flame. Reflectors, lights and other forms of illumination shall be permitted but no sign or any part thereof shall move nor shall the illumination thereof be anything other than a steady, continuously burning bulb or light. The flashing or turning on and off of the sign illumination of any bulb or component part thereof is prohibited. In no case shall any sign illumination exceed a level of illumination of eight hundredths (.08) foot candles, and a luminaire brightness of twenty-four hundred (2400) foot lamberts, when measured from the nearest or adjacent residential zoned property.

c. No sign shall be illuminated by other than electrical means and electrical devices and wiring shall be installed in accordance with the requirements of the National Electrical Code. All electrically illuminated signs shall be certified as to wiring and devices by the Electrical Inspector and all wiring and accessory electrical equipment shall conform to the requirements of the National Electrical Code.

d. No sign shall be erected, re-located or maintained so as to prevent free ingress to or egress from any door, window or fire escape. No sign of any kind shall be attached to a stand pipe or fire escape. The building official shall notify the owner or lessee of the building or structure by registered mail to remove same whenever a sign is so erected as to obstruct free ingress to or egress from a required door, window, fire escape or other required exitway.

e. No sign shall be attached in any form, shape or manner which will interfere with any opening required for ventilation except that such signs may be erected in front of and may cover transom windows when not in violation of other applicable provisions of this ordinance and the Building Code.

f. No nails, tacks or wires shall be permitted to protrude from the front of any sign. This shall not exclude, however, the use of block letters, electrical reflectors or other devices which may extend over the top and in front of the advertising structure.

g. Unless otherwise specifically provided in this ordinance, no sign shall be erected or placed in the public right-of-way nor be allowed to project further than eighteen (18) inches into the public right-of-way, provided the lower edge thereof is ten (10) feet or more above the ground level; provided further that a sign shall not extend over any part of the public right-of-way used for vehicular traffic. The owner of any sign which has been removed from the right-of-way in violation of this provision shall pay to the Township the sum of twenty-five (\$25.00) dollars before recovering said sign. If any sign is not claimed within thirty (30) days, it shall be destroyed.

h. No sign shall be erected so that any part of it, including cables, guys, etc., will be within four (4) feet of any electric light pole, street lamp, or other public utility pole or standard. The minimum clearance of a sign from public utility conductors shall be not less than twenty-four (24) inches from conductors carrying not over six hundred (600) volts, and four (4) feet for conductors carrying more than six hundred (600) volts. In all cases where a sign is proposed to be hung adjacent to an electrical conductor carrying a higher voltage than six hundred (600) volts, the erection of the sign shall not be made until a representative of the Public Utility Company shall have examined and approved the conditions.

i. No sign shall be erected at the intersection of any streets in such a manner as to obstruct free and clear vision or at any location where, by reason of the position, shape or color it may interfere with, obstruct the view of or be confused with any authorized traffic sign, signal or device or which makes use of the words "Stop," "Look," "Danger" or any word, phrase, symbol or character in with manner as to interfere with, mislead or confuse traffic. Nor shall any sign, signal, marking or device be placed, erected, or operating in such a manner as to interfere with the necessary free and unobstructed view of vehicular or pedestrian traffic.

j. No sign shall be permitted to corrode, rust, peel, break up or otherwise reach a state of disrepair that creates an unsightly or dangerous condition, and any such sign should be removed within ten (10) days after notice thereof or the Building Department may then remove same with cost to the owner of the property on which the sign is located and/or the owner of the sign, in the discretion of the Building Inspector.

k. No sign not included in the Definitions in Paragraph 1 above, may be erected in the Township.

l. No signs may be placed within the right-of-way of any public or private street.

3. GENERAL CONSTRUCTION AND NOTICE REQUIREMENTS.

a. All signs shall be designed and constructed to withstand a wind pressure of not less than thirty (30) pounds per square inch.

b. "Number, Date and Voltage to be on Sign."

Every sign hereafter erected shall have placed in a conspicuous place thereon, in letters not less than one-half (1/2) inch in height, the name of the person, firm or corporation owning, erecting or operating such sign, the date of erection, the permit number and the voltage of any electrical apparatus in connection therein.

4. SPECIAL REQUIREMENTS BY TYPE OF SIGN.

In addition to the general requirements, above, all signs shall meet the following special requirements unless otherwise specified in this ordinance.

A. "Ground Signs."

- (1) All ground signs of a greater area than fifty (50) square feet in total surface area or more than eight (8) feet in height shall have a surface or facing of incombustible material, except those ground signs specifically permitted elsewhere in this section. (2) All letters, figures, characters or representations in cut-out or irregular form, maintained in conjunction with, attached to or superimposed upon any sign shall be safely and securely built or attached to the sign structure. (3) It shall be unlawful to erect any ground sign the height of which is greater than twenty (20) feet above the level of the street upon which the sign faces, or above the adjoining ground level, if such ground level be above the street level. No ground sign shall have a single surface area exceeding fifty (50) square feet for a single face sign and one hundred (100) square feet for signs of two (2) or more faces and shall be placed in the same parcel of property as the building or use to which it is accessory. (4) All ground signs shall be securely built, constructed and erected upon posts and standards sunk at least three (3) feet below the material surface of the ground imbedded in concrete. (5) Number of signs - Not more than one (1) ground sign may be erected accessory to any single building, structure, or shopping center regardless of the number of separate parties, tenants or uses contained therein; provided, however, when any single building, structure or shopping center is located on a parcel of land that abuts on three (3) or more streets, or has two hundred (200) feet of property abutting on one street, it may have two (2) ground signs.

B. "Marquee Signs."

- (1) Every marquee sign including the upright supports and braces thereof, shall be constructed entirely of incombustible materials. (2) Marquee signs shall not exceed three (3) feet in height and shall in no event extend above the peak of the roof of the building to which it is affixed, and shall further be subject to the following: (a) Marquee signs not extending into the public right-of-way shall not have a total surface area exceeding one (1) square foot for each lineal foot of building frontage; (b) Board of Appeals approval shall be required for all marquee signs which extend into or over the public right-of-way. (3) Every marquee sign shall be thoroughly secured to the building by iron or metal anchors, bolts, supports, rods or braces. (4) Use Limitations - No marquee sign shall be permitted if a roof sign exists on the same building.

C. "Projecting Signs." A projecting sign shall not be attached to a wall at a height of less than eight (8) feet above a public sidewalk; except that signs that project no more than twelve (12) inches into the public right-of-way may be at a height no less than seven (7) feet above the public sidewalk. A projecting sign erected at other than right angles to the wall of a building or structure outside of the building line, and which extends above the roof level and which obstructs access to the roof is hereby deemed unlawful. Such signs shall be reconstructed or removed as herein required. In addition, such signs shall be subject to the following requirements.

1. Material Required - Every part of a projecting sign, with a total surface area greater than ten (10) square feet, shall be constructed of incombustible materials. 2. Movable Parts to be Secured - Any moving

part of a projecting sign, such as the cover of a service opening, shall be securely fastened by chains or hinges. 3. Thickness Limitation - The distance measured between the principal faces of any projecting sign shall not exceed forty-eight (48) inches. 4. Bracing, Anchorage and supports - Projecting signs of a greater total surface area than ten (10) square feet or fifty (50) pounds in weight shall not be attached to nor supported by frame buildings nor the wooden framework of a building. All projecting signs shall be thoroughly secured to the building by iron or other metal anchors, bolts, supports, rods or braces. 5. Height and Area Limitations - (a) Projecting signs which are illuminated with lights in or on the sign shall not exceed ninety-six (96) square feet in area. (b) Projecting signs which are not illuminated, or which are illuminated only with reflectors or flood lights, shall not exceed thirty-two (32) square feet in area and the maximum projection shall not exceed nine (9) feet. (c) No swinging sign shall be constructed larger than sixteen (16) square feet in area. (d) No projecting sign shall project more than fourteen (14) feet, nor up to a point five (5) feet from the centerline of any alley. 6. Distance Limitations - No projecting sign shall have its inner edge more than two (2) feet from the wall upon which it is erected. 7. Number of Signs - No projecting sign shall be erected within twenty (20) feet from any other projecting sign. This provision, however, shall not deny any place of business at least one projecting sign. MORE TO COME-

D. "Roof Signs." No roof sign, except as described below, shall be permitted, and no roof sign shall be permitted if a marquee sign exists on the same building or structure.

1. Materials Required - All roof signs, including the upright supports and braces thereof, shall be constructed entirely of incombustible materials; provided, however, that combustible structural trim may be used thereon. Provisions shall be made for electric ground of all metallic parts; and all wiring and tubing shall be kept free and insulated from the aforesaid combustible structural trim.

2. Bracing, Anchorage and Supports - Every roof sign shall be thoroughly secured to the building by iron or other metal anchors, bolts, supports, rods or braces.

3. Placement Limitations - a roof sign which is parallel with the front wall of the building on which it is erected shall be permitted.

4. Height and Area Limitations - a roof sign shall not exceed one (1) foot in height and in no event shall extend above the peak of the roof of the building to which it is affixed. The total surface area of any roof sign placed on the front of a building shall not exceed one (1) square foot for each lineal foot of building frontage.

E. "Temporary Signs." The following regulations shall be applicable to all temporary signs placed or situated at any place other than inside a building.

1. No permit shall be required for the erection of any cloth or canvas sign, pennant or banner, but the erector thereof shall notify the Building Department in writing of the erection of such sign, giving the date of erection, address where erected, and the name of erector.

2. Cloth or canvas signs, pennants or banners shall be erected for a period of not to exceed two (2) weeks in any six (6) months period. All other temporary signs may be displayed for not in excess of three (3) months in any calendar year.

3. Projection into Right-of-Way - No temporary sign shall be strung across any public right-of-way nor shall any temporary sign project beyond the property line.

4. Height and Area Limitations - no temporary sign may have a single face greater than thirty (30) square feet in area nor have a greater total surface area more than sixty (60) square feet nor be a greater height than ten (10) feet above the ground; provided, however, that the lower edge of a temporary sign shall be a height of not less than eighteen (18) inches above the surrounding ground level.

5. Number of Signs - No more than two (2) self-supporting signs having a combined total of not in excess of one hundred (100) square feet shall be displayed on any lot.

6. Prompt Removal of Signs - Temporary signs shall be removed as soon as torn or damaged, or promptly at the end of the display period provided for above. In any case, it shall be a violation of this ordinance to fail to notify the Building Department of the erection of such signs or to fail to remove them within ninety (90) days after erection.

7. Real estate signs shall be removed immediately upon the expiration of the listing or upon sale of the premises, whichever first occurs.

F. "Wall Signs."

1. All wall signs of a greater total surface area than fifty (50) square feet, shall have a surface or facing of incombustible material.

2. Placement Limitations - No wall sign shall cover wholly or partially any wall opening. No wall sign shall be erected to extend above the top of the wall to which it is attached, nor extend beyond the ends of the wall to which it is attached unless it complies with all of the requirements for roof signs, projecting signs or ground signs as the case may be.

3. Clearances, Projection and Height over Public Property - No wall sign shall have a greater thickness than twelve (12) inches measured from the wall to which it is attached, to the outer surface, and shall not be erected at a height of less than eight (8) feet above a public sidewalk or less than fifteen (15) feet above public driveways, alleys and thoroughfares.

4. Area Limitations - The total surface area of any wall sign placed on the front of a building shall not exceed one (1) square foot for each lineal foot of building frontage; provided further that all wall signs not exceed a total surface area of one hundred (100) square feet.

5. Supports and Attachment - All wall signs shall be safely and securely attached to the building by means of metal anchors, bolts, or expansion screws. In no case shall any wall sign be secured with wire, strips of wood or nails.

6. Vertical Dimension - The vertical dimension of a wall sign shall not be in excess of six (6) feet.

G. Combinations of wall, roof, projecting and marquee signs placed on a building shall be subject to the following:

1. The total surface area of all combinations or any combination of the above types of signs erected on the premises, wherever located on the building, shall not exceed two (2) square feet for each lineal foot of building frontage. Building frontage is defined as the front of the principal

structure of the building only, and does not include any side walls, roof lines, or other measurements; whether or not said side walls or other measurements, face secondary or major side streets.

5. LIMITATIONS WITHIN ZONING DISTRICTS.

A. "P" District. In addition to the other prohibitions and requirements of this ordinance, all signs in those areas designated as P districts are subject to the following limitations:

1. One sign shall be permitted at each point of ingress and egress to a parking lot, to indicate the operator, parking rates, conditions of use, and directions of movement. Additional signs advertising the uses served by the parking may be erected but are prohibited in the buffer strips and shall not be located along or parallel to the street lot lines in a manner that hides any parking spaces from the street, and shall not project beyond the property line.

2. Signs shall not exceed fifteen (15) square feet in area nor an overall height above ground of ten (10) feet and shall be entirely on the parking lot.

3. Any illuminated sign shall be extinguished at 10:00 p.m. or one-half hour after the closing of the parking facility, whichever is later.

B. O, ERO, C-1, C-2, C-3, C-4, C-5, GS, ML and MH Districts. In addition to the other prohibitions and requirements of this ordinance, all signs in those areas designated as O, ERO, C-1, C-2, C-3, C-4, C-5, GS, ML and MH Districts are subject to the following limitations:

1. Directional signs which indicate the direction of traffic flow, but contain no advertising, may be erected on parking lots incident to the above uses. Said signs shall be no more than two square (2) feet on a side, and may be illuminated.

2. All illuminated signs fifteen (15) feet or more above ground level shall be extinguished at 10:00 p.m. or one-half hour after the closing of business, whichever is later.

C. R1A, A, R1S, RM and RMT Districts. No signs, other than those described in the following subsections shall be erected or maintained in R1A, A, R1S, RM and RMT Districts, and those signs permitted shall satisfy the special limitations.

1. Signs in these Districts may be illuminated and may be constructed of Combustible materials except as required in Article VII, Section 8.

2. No cloth pennants, banners or advertising devices of a similar nature may be erected in the above named Districts.

3. Signs advertising the rental, sale or lease of the property upon which they are located are permitted, subject to E (7) above. However, such signs shall not have a surface area greater than six (6) square feet and there shall be not more than two (2) such signs on any one (1) lot, advertising only the premises on which erected.

4. For a period of two (2) years from date of final plat approval, or in the case of multiple dwellings of any kind two (2) Years from the date of issuance of the first building permits for said structures, it shall be permissible for a licensed real estate broker or licensed builder to erect one (1) sign not to exceed a total surface area of one hundred (100) square feet nor an overall height of five (5) feet, the lower edge of which shall not be less than eighteen (18) inches above the surrounding ground level, to advertise the lots and/or buildings erected in any one (1) subdivision or multiple development, provided that said sign may be erected only within said development, and provided further that said licensed real estate broker or licensed builder owns, has listed for sale or has the owner's permission to sell lots in said subdivision. No such sign shall be erected or maintained within one hundred (100) feet of any occupied residence unless the written consent of the owner and occupant of such residence is first obtained. All such signs shall be removed after the two (2) year period above specified. If not so removed, the Township Building Department may remove said signs with costs to be charged the owner.

5. Signs advertising buildings under construction may be erected for the period of construction and shall not exceed a face area of twenty (20) square feet. Such signs shall be erected on the building or lot where such construction is being carried on and shall advertise only the architect, contractor, subcontractor, building or materials and equipment used.

6. Churches, colleges, Sunday Schools, schools, buildings housing governmental functions and utilities of the township, county or state or any subdivision thereof, are permitted to erect a sign not to exceed twenty (20) square feet in area or an overall height of six (6) feet. Such signs when of a permanent nature shall be constructed of incombustible materials.

7. Any person owning or operating any multiple family residential unit may erect a sign bearing the name of the residential unit, such sign not to exceed ten (10) square feet in area and not to exceed an overall height of four (4) feet above the ground level, which sign shall be made of noncombustible material and may be lighted during the hours of darkness and which shall contain no advertising or information other than the name of the residential unit. No more than one (1) such sign may be erected for each multiple family residential unit.

8. One trespassing, safety or caution sign not over two (2) square feet in area shall be permitted on a lot.

9. For principal and accessory uses other than dwellings, and for special exception uses, one bulletin or announcement board not exceeding thirty-two (32) square feet in area. No sign shall be located nearer to a front lot line than one-half (1/2) the depth of the front open space.

6. EXCEPTIONS, DECORATIVE DISPLAYS AND POLITICAL CAMPAIGNS.

A. Nothing contained herein shall be deemed to prohibit the placement or construction of any decorative display by the Township or other civic organization upon approval by the Township Board. Such displays shall be only in commemoration of a national holiday or some other civic purpose of general public interest.

B. Political campaign signs announcing the candidacy of persons running for public office or issues to be voted upon at an election and other information pertinent thereto may be placed upon private property within any zone district in the Township, but must be removed within fourteen (14) days after the election to which they pertain.

7. UNSAFE SIGNS.

A. When any sign becomes insecure, in danger of falling or otherwise unsafe, or if any sign shall be unlawfully installed, erected or maintained in violation of any of the provisions of this ordinance, the owners thereof or the person or firm maintaining same, shall give written notice of the building department within

the case of immediate danger and in any case within not more than ten (10) days, make such sign conform to the provisions of this ordinance or shall remove it. If within ten (10) days the order is not complied with, the Building Inspector may remove such sign at the expense of the owner or lessee thereof.

8. NONCONFORMING SIGNS.

A. All signs shall conform to the regulations as set forth in this ordinance and its amendments. Any sign not conforming shall be deemed a nonconforming use, and shall either be made to conform or shall be removed by the owner within two (2) years from either the date of the building permit or the effective date of this ordinance or the date of notice of nonconformance, whichever is later. If the owner of said sign fails to remove such nonconforming sign it shall be deemed a violation and subject to the provisions of Section 20 of the Zoning Ordinance. Further, the Township may remove said sign with or without injunctive or other court action as the case may be. Any nonconforming sign that is removed or destroyed for any reason, whether under the terms of this ordinance or otherwise, shall not be rebuilt or reerected. It shall be the duty of the Township Building Department to notify the sign owner, and the owner of the property upon which all nonconforming signs exist, via registered or certified mail, of the nonconformance and the date by which said sign must either conform or be removed. Proof of mailing to the last known address shall be deemed notice.

B. Any sign now or hereafter existing which at the time of construction advertised a business being conducted or a product sold or being produced on the premises on which the sign is located but no longer does so shall be taken down and removed by the owner, agent or person having the beneficial use of the building or structure or premises upon which said sign shall be found within thirty (30) days after written notice to remove said sign from the Township Building Department.

9. PERMITS, APPLICATIONS, PLANS, SPECIFICATIONS, REVOCATION, APPEAL.

A. It shall be unlawful for any person to erect, repair, alter, relocate on the same or another premises or maintain within the Township of Independence any sign as defined in this ordinance, without first complying with the following requirements:

B. Except where exempted below, permits are required for all signs hereunder. Applications therefore shall be made upon blanks provided by the Building Department, and shall contain or have attached thereto the following information:

1. Name, address and telephone number of the applicant.
2. Location of building, structure or lot to which or upon which the sign or other advertising structure is to be attached or erected.
3. Position of the sign or other advertising structure in relation to nearby buildings or structures.
4. Two blueprints or ink drawings or the plans and specifications and method of construction and attachment to the building or in the ground.
5. Copy of stress sheets and calculations showing the structure is designed for dead load and wind pressure in any direction in the amount required by this and all other laws of the State of Michigan and ordinances of the Township. Provided, further, that where the Building Inspector deems it advisable, he may require the approval of the structural design by a registered engineer.
6. Name of person, firm, corporation or association erecting structure.
7. In all cases where wiring is to be used in connection with the structure, it shall comply with the electrical code of the Township of Independence.
8. Such other information as the Building Inspector shall require to show full compliance with this and all other Township ordinances.

C. This section shall not be construed to prevent repair or restoration to a safe condition if directed by the Building Inspector, of any part of an existing sign when said sign is less than fifty (50%) percent destroyed or damaged and when said destruction or damage occurs by storm or other accidental emergency.

D. It shall be the duty of the Building Inspector, upon the filing of an application for permit to examine such plans and specifications and other data and the premises upon which it is proposed to erect the sign or other advertising structure, and if it shall appear that the proposed structure is in compliance with all requirements of the ordinances, he shall than issue the permit.

E. Appeal - Any person filing an application for permit who feels that he has been aggrieved by the decisions of the Building Inspector may have his application reviewed by the Board of Appeals, as set forth in Section 12 of the Independence Zoning Ordinance.

F. Permit Revocable at any Time - All rights and privileges acquired under the provisions of this ordinance or any amendment thereto, are mere licenses and may be revoked by the Township by letter to the permit holder upon the violation of any of the conditions herein, whereupon the Building Department may remove the sign with costs of removal charged to the permit holder. If the work authorized under an erection to the permit has not been completed within six (6) months after date of issuance, the said permit shall become null and void.

G. Said permits shall be renewable annually and shall expire on the first day of the thirteenth (13) month after issuance.

H. Whenever a permit is issued hereunder, a fee of Ten (\$10.00) Dollars shall be charged therefore. Said fee shall be for that permit only and any subsequent permit shall require a new fee.

10. BOND AND NOTICE OF CANCELLATION.

A. No person shall erect, install, remove or rehang any sign for which a permit is required herein, until an approved bond shall have been filed in the sum of One Thousand (\$1,000.00) Dollars as herein required. Such bond shall indemnify, save and keep harmless the Township of Independence from any and all costs, damages or expenses of any kind whatsoever which may be suffered by said Township, or which it may be put to, or which may accrue against it by charging to or recovering from said Township of Independence from or by reason of the granting of permission to erect said signs or reason of any acts or things done under or by authority or permission granted by the Building Inspector to erect such signs in said Township of Independence, or by reason of the negligence, failure or refusal of any person, firm or corporation to comply with all the provisions of this ordinance applicable to such signs.

The obligation herein specified shall remain in force and effect during the life of every sign and shall not be cancelled by the principal or surety until after thirty (30) days notice to the Building Inspector.

11. EXEMPTION FROM PERMIT REQUIREMENT.

A. No permit shall be required for the signs or outdoor display structures covered in this Section. Such exemptions however, shall not be construed to relieve the owner of the sign from responsibility for its erection and maintenance in a safe manner, or from compliance with all other provisions of this ordinance.

PEEKIN' into the PAST

10 YEARS AGO IN THE CLARKSTON NEWS

June 14, 1962

Mr. and Mrs. Frank Merkel of Buffalo Street, announce the engagement of their daughter SN Georgia A. Goodrich of the United States Navy, to Shannon Edward Chapman, ADR3 of Pompano, Florida.

Mr. MacDougall's swimming classes will begin Monday, June 25. This will be the 11th year "Mac" has been conducting swimming classes.

Sgt. Paul Wilmont of Clarkston Road left last Saturday for Camp McCoy where he will stay for two weeks.

25 YEARS AGO IN THE CLARKSTON NEWS

June 13, 1947

Born to Mr. and Mrs. David Denton a 6 lb., 12 oz. daughter, Marilyn Ann, on Saturday, June 7th, at St. Joseph Hospital in Pontiac.

Complimenting Lorraine Marvin, Mrs. Ralph McCann and Evelyn McCann entertained at a miscellaneous bridal shower in their home on Maybee Road. Miss Marvin will become the bride of Deward Cloutier on June 21.

Mazy Wompole, daughter of Mr. and Mrs. A. B. Wompole, is vacationing at her home for a couple of weeks before returning to Ann Arbor for an eight weeks course at the University.

Robert Taylor has purchased Carl's 5c to \$1.00 store.

1. Wall signs of not more than two (2) feet in height and fifty (50) feet in length or two (2) feet in width and six (6) feet in height shall not require a permit.

a. Signs erected on a municipal, state or federal building which announce the name, nature or occupance and information as to the use or admission to the premises.

b. Signs painted on the surface of enclosure or division fences, or on picket or other ornamental fences.

2. Ground signs the tops of which are not over six (6) feet above the ground nor more than thirty-six (36) square feet in area shall not require a permit, nor shall the following ground signs require a permit:

a. The erection or maintenance of a sign designating the location of a transit line, a railroad station or other public carrier when not more than three (3) square feet in area.

b. Signs erected by the municipality for street direction.

3. No permit shall be required for any projecting sign less than two (2) square feet in area and not projecting more than three (3) feet from the face of the building.

4. Other signs for which a permit is not required are as follows:

a. Professional name plates not exceeding two (2) square feet in area.

b. The changing of advertising material or copy on a properly licensed sign and the maintenance or repair thereof shall not require the issuance of a permit.

c. Bulletin boards not over twenty (20) square feet in area for public, charitable or religious institutions when the same are located on the premises of said institutions; provided, however, if said signs are electrically illuminated, an electrical permit must be obtained.

d. Occupational signs denoting only the name and profession of an occupant in a commercial, public or institutional building, and not exceeding two (2) square feet in area.

e. Memorial signs or tablets, names of buildings and date of erection when cut into any masonry surface or when constructed of bronze or aluminum.

f. Traffic or other municipal signs, legal notices, railroad crossing signs, danger and such temporary emergency or non-advertising signs as may be approved by the Building Inspector.

12. CONFLICT WITH STATE STATUTE.

A. To the extent that this ordinance conflicts with statutes enacted by the State of Michigan, but only in those instances where enforcement hereof would be prohibited by State statute, this ordinance shall be null and void. Such nullity and invalidity shall apply only as it concerns those sections of this ordinance which are specifically not enforceable in accordance with state law, and should said ordinance sections be subsequently rendered valid by amendment to state act, said sections shall become fully enforceable and be considered a part hereof in all respects.

13. REPEALER.

A. By enactment hereof, the Township specifically repeals Section 7 of Ordinance 51 as said section existed heretofore, and further the following definitions in Section 22 are repealed: Signs, Signs, Number and Surface Area; Sign, On-Site; is repealed in its entirety. All other ordinances or parts thereof heretofore passed are repealed to the extent said ordinances are in conflict herewith.

14. DECLARATION AND EFFECTIVE DATE.

This amendment is hereby declared to have been adopted by the Township Board of the Township of Independence, Oakland County, Michigan at a meeting thereof duly called and held on the 23rd day of May, 1972. Said ordinance shall become effective immediately.

Yeas: Bullen, Glennie, Humbert, Johnson, Stonerock.

 STATE OF MICHIGAN
 THE PROBATE COURT FOR THE
 COUNTY OF OAKLAND

Estate of Myrtle Mae Green, deceased.
 It is ordered that on August 1, 1972, at 9 a.m. in the Probate Courtroom Pontiac, Michigan a hearing be held at which all creditors of said estate are required to prove their claims and on or before such hearing file their claims, in writing and under oath, with this Court, and serve a copy upon Administrator: George E. Green, 4008 Joyce, Drayton Plains, Michigan.

Publication and service shall be made as provided by Statute and Court Rule.
 Dated: May 18, 1972

Eugene Arthur Moore
 Judge of Probate
 May 25, June 1, 8

SCHOOL BOARD ELECTION JUNE 12

The National Action Group of Clarkston support Albert "Bill" Foster and Charles Smalley for school board. Both these men oppose forced busing. Both are for better education for all children through the neighborhood school concept. Both want to keep local control of schools.

Let's have our voice heard on the Clarkston School Board.

Vote June 12 for Albert Foster and Charles Smalley.

SUCCESSOR TO THE AUTOMATIC WATER SOFTENER

THE REYNOLDS SOFT-SENSOR

THE WATER CONDITIONER THAT HAS A MIND OF ITS OWN FOR SOFT, RUST-FREE WATER

THAT'S RIGHT! Every night the Soft-Sensor "takes its own pulse." If it needs recharging, it recharges itself. If not, it checks itself the next night. The Soft-Sensor recharges itself ONLY when it needs it, and always when it needs it.

- | | |
|---|--|
| <input type="checkbox"/> All the soft water you need | <input type="checkbox"/> Simple, dependable construction |
| <input type="checkbox"/> Saves salt-maintenance cost | <input type="checkbox"/> "Lifetime" all-fiberglass tanks |
| <input type="checkbox"/> It "sleeps" when you're away from home | <input type="checkbox"/> Remarkably low in cost |

PURCHASE OR RENTAL PLAN

Other brands of water softeners can often be converted to the Soft-Sensor.
