Main Street, Clarkston, on a cloudy Saturday morning in June. That's Parke Lake in the background.

End of school issue - a time for remembering

"School's out, school's out!
Teacher let the fools out.
No more pencils, no more books,
No more teachers' dirty looks."

Jim's Jottings

By Jim Sherman

It's supposed to be smart for people to plan ahead. Especially is this true for businessmen. Think ahead. Plan for the future. Then you will be ready.

Of course, it doesn't work that way. Most of us are too busy doing things our way we don't have time to learn the right way.

However, when someone offered six men money to think, they sat down and thought. For 18 months they thought about what business would have to do to satisfy the American consumer in 1980. What products would be needed, how would tastes change and things like that were put before them.

Five of the men were college and university professors of high standings and the sixth, and coordinator, was John Smallwood of Whirlpool Corporation.

When finished, this picture revealed a stable consumer environment marked by some surprising - even paradoxical - developments.

"Despite all the attention being given to changes and technological developments, the most striking indication is that life styles and values of various social classes will demonstrate great stability," the 6 found.

"Increases in affluence will not result in the purchase of different kinds of products, entirely new life styles or different product associations and meanings" they said.

"Rather, consumers will purchase what they have always wanted but could not afford. The result will not be a major change in life style, but an accumulation of objects already valued."

Within that framework of overall stability, however, the scholars recognized a number of significant

trends. The most notable they call "A New Poverty of Time."

The six stated: "The major constraint on consumption may be shifting from money to time. Time will become a more significant factor in product selection and use. Paradoxically, increasing affluence will result in less rather than more free or uncommitted time."

Consumers' discretionary time will not be appreciably increased by a shorter work week (where shorter work hours have occurred to has moonlighting), the researchers say, and more goods and services will be competing for the limited time available.

One thing that was not a surprise in the report was that prices will continue to rise through the 1970's, along with the level of inflation.

Cadets march to victory

Clarkston Composite Squadron Civil Air Patrol earned two of four trophies awarded at the 1972 drill competition June 10 at Michigan State University's Demonstration Hall in East Lansing.

Under the leadership of Cadet Lt. Col. Robert Klann, Clarkston's 12 male cadets had no opposition in their capture of honors for best male flight. Clarkston's first entry by female cadets was successfully led by Cadet M/Sgt. Denise Carey and girls won the trophy for best female squad.

Each team was required to perform as many of the 54 marching and facing movements as possible in a four-minute time limit. Scores were based on appearance, smartness in responding to drill commands and marching.

Members of the male squad included James Chad, Jeff Lawrence, Mike Brinkmann, Barry Brinkmann, Kevin Campbell, Mark Peters, Aaron Lynch, Geoff McDavid, Mike Klann, Tom Blevins, Sam Glover and John Reichert.

Tom Hagen, Bill Hagen, Jim Walker, Brian Calek, Jim Martin and Rick Welsh were Alternates.

The girls' team was composed of Laura Blevins, LaRee Klann, Beverly Moore,

Clarkston Composite Squadron Civil Air Patrol's winning team

Lori Martin, Patti Matthews and Sheila Cavender with Cathy Connelly as alternate.

Following the presentation of trophies by Laura Blevins of the Clarkston Squadron, Miss Michigan Wing 1972, victory celebrations were hosted by Cadet John Reichert, son of Mr. and Mrs. C.L.

Reichert of 75 Clarkston, and Mr. and Mrs. G. A. Lawrence, 6651 Wealthy.

Cadet WO Phillip Kemp of Laingsburg, leader of the male squad earning the 1972 trophy, was the houseguest of Mr. and Mrs. C.E. Moore of Amy Drive and represented the Lansing Squadron at the cadet gathering.

Gar Wilson points out the sign advising caution about swimming in the polluted Clarkston Mill Pond.

Clarkston, Michigan

Smalley, Foster win board race

Two NAG endorsed candidates, one of them backed also by the Clarkston Education Association, have been elected to four year terms on the Clarkston Board of Education in unofficial vote returns.

Charles Smalley and Albert Foster will be seated at the July 10 meeting, prior to an election of board officers.

Voters Monday also passed by a margin of better than two to one a renewal of five mills operating tax for the next ten years. The vote was 758 yes and 314 no.

Of the 1298 votes cast in the election, 456 were for Smalley and 353 for Foster. C. Vincent Luzi was a close third garnering 337 votes and Dr. Frederick L. Roeser was fourth with 200 votes.

The only incumbent in the race, T. O. Doremus, received 155 votes, to finish fifth. Arthur Rose, whose term also expires this month, chose not to seek reelection.

ALBERT W. FOSTER

CHARLES J. SMALLEY

The remaining candidates finished as follows: David Bickerstaff, 142 votes; George Phillips, 133 votes; Myrna Biggs, 142 votes; Evelyn Millward, 91 votes; Iva May Caverly and Gerald Lawrence, 89 votes each; and James Peters, 76 votes.

Smalley, the top vote getter, was an unsuccessful candidate in a previous board election. Active in the Letter Carriers' Union, he is employed by the Pontiac Post Office and lives at 5347 Sashabaw Road. Foster, a former Pontiac detective now a salesman for Imperial Life Insurance Co., lives at 5960 Paramus.

Smalley had both the NAG and the CEA endorsement. Foster was endorsed by NAG.

The Clarkston vote for Oakland Community College Board of Trustees was in keeping with the county-wide pattern.

Incumbents George Mosher, a former chairman of the OCC Board of Trustees, and Lila Johnson, who has served on the board since 1964, led the field locally, Mosher getting 334 votes and Johnson 227 votes.

Rev. J. Harold Ellens was third locally with 192 votes and Bill Leffel was fourth with 138 votes. Two candidates were elected for six-year terms.

Are you average?

Oakland County's average family income was \$13,826 in 1969, according to census reports.

The figure for the county compared to \$11,032 statewide. Per capita income for the county amounted \$4,515, the report shows.

The 1970 census counted 907,871—a figure now believed to have passed the million mark—and of those, 6 percent were foreign born and 18 percent native born with one or both parents of foreign birth.

In the population age 16 and over, 83 percent of the men and 39 percent of the women were in the labor force. Among the employed, 58 percent were holding white collar jobs and 12 percent were government workers.

About 34 percent of the married women with husbands present were in the labor force and 20 percent of these wives had children under age six.

There were 296,725 persons 3 to 34 years old enrolled in school. In the 25 and older population, 63 percent of the men and 65 percent of the women were high school graduates.

Ronk drawing his salary

"Three members of the township board constitute a quorum—and the majority of the quorum can conduct business"

That is the opinion of Township Attorney Richard Campbell, and based on the opinion, Clerk J. Edwin Glennie says he has opened a salary schedule for Fire Chief Frank Ronk at \$14,500 a year as approved by two members of the board last week.

Both Supervisor Gary Stonerock and Trustee Tom Bullen were absent from the meeting when the salary was determined. Trustee Keith Humbert voted against the motion; and it was carried as only Glennie and Treasurer Kenneth Johnson voted in its favor.

Glennie pointed out during the meeting that the salary had been the subject of two executive meetings and that during those sessions four of the five board members had agreed on the figure.

School personnel changes announced

The Clarkston Board of Education made the following adjustments in administrative responsibilities for the 1972-73 school year.

Mel Vaara, formerly principal of Sashabaw Junior High and Clarkston Junior High, has been elected to the position of curriculum coordinator for the entire system, kindergarten through grade 12.

Gus Birtsas will assume the position of principal at Sashabaw Junior High and William Potvin will assume the principal's

position at Clarkston Junior High. Both have been assistant principals at their respective schools.

Jack Hayden's job assignment has been changed from speech correctionist and director of the special needs program to elementary principal.

Robert Brumback has been elected to the post of director of special services, a position which he has filled unofficially until now.

All other administrative positions will remain as they were during the 1972-73 school year, the board said.

Traffic signal "essential" at Dixie - Maybee corner

An all-out campaign to get a traffic light installed at the Dixie Highway and Maybee Road has won the endorsement of the Independence Township Board.

Some 700 residents of the nearby areas have signed petitions which they hope will encourage the Michigan State Highway Department to now heed their request.

The department, which based a previous refusal on a traffic count taken October 22, 1970, should be aware of new development in the area, according to Kenneth Barks, a leader in the petition drive.

He figures the 1,826 cars counted on Maybee Road and the 20,499 cars counted on the Dixie Highway in a 24-hour period at that time has been expanded due to commercial activity such as the improvements at Rademacher Chevrolet, Ritter's Farm Market and House of Maple and Roy Brothers Standard Station.

The new trailer sales at Maybee Road and the Dixie has opened since that time, Barks said, and with a McDonald's restaurant now being built near the intersection, the traffic picture should be altered, he feels.

Information from the Traffic Improvement Association of Oakland County shows 12 accidents in 1971 and 15 accidents in 1970 at the intersection.

The 1971 accidents involved nine personal injuries and 26 items of property damaged. None of the accidents involved left or right turns, Barks pointed out.

The petition contends the traffic signal "essential for the protection, health and welfare of our citizens."

Bad intersection.

County center to open

Independence Township residents may make use of the county operated recycling center, due to open in ceremonies at 10 a.m. June 17 at 550 S. Telegraph in Pontiac.

The Center will be open from 9 a.m. to 4 p.m. every Saturday to accept trash glass, paper and aluminum cans.

Families or groups will be able to bring the reclaimable materials to the center and know that they will be recycled into new products and not buried in overflowing landfills.

Groups submitting glass in quantities over 500 pounds with verified weigh slips will receive \$10 a ton for the glass.

Bundled newspapers and aluminum such as Carling, Balentine and Drewrys

use, aluminum TV dinner trays and foil will also be accepted.

The center is the first of its kind of Michigan and possibly in the nation, according to local Bottles for Building workers.

Various county officials will be present at 10 a.m. June 17 for opening ceremonies and activities. Local township boards, city councils and commissions and ecology groups from the county have been invited to tour the center on that day.

The facility is located in the former Oakland County Drain Commission and Department of Public Works office on the Telegraph bypass next to Pontiac Laundry and across from Boice Builders.

It's a cleanup problem

Being in business on Clarkston's Main Street has its problems these hot summer days.

Groups of kids congregating to drink pop and eat ice cream cones in front of the stores and offices have little regard for appearance of the sidewalks.

Anybody can accumulate a bag of discarded cans, paper wrappers and popsicle sticks any morning from in front of any place of business, and most any other time during the day, as well.

Windows have been doused with pop and one businessman had his window broken recently when two full beer cans were chucked through it.

Remonstrating with the

offenders does little good. As one youth responded, "My old man throws his beer cans on the side of the road, so I can throw my pop cans here."

Even if litter containers had not been placed up and down the street, there would be no excuse for the junk.

Perhaps providing some picnic benches on the green between the Mill Pond and parking lot, or on a vacant lot on the street, would afford a more attractive place to congregate, but unless the litter problem abated, that, too, would probably be short lived.

Has anybody, including the youth involved, got any ideas?

Letters to the Editor

She likes the beach

To the editor,

A thank you note to the Jaycees.

For the first time, last Sunday, my children and I went to the beach of Deer Lake. My surprise was great to see the beach so tremendously changed—and only and all for the better.

I feel that I just have to write this letter and express my thanks and my gratitude to all of the Jaycees who have accomplished such a beautiful work.

Whenever I will be at the beach this summer, I will remember your effort and your hard work and will be grateful that there are people like you—the Jaycees—around who care enough for the pleasure and enjoyment of others to give their time for hard and extra work.

Thank you all!

Sincerely,
Karen Ohrnberger

A thank you

To the editor:

Since the completion of the Clarkston Jaycee's beach beautification project, Deer Lake (Independence Township) is now truly one of the areas finest summer recreation spots.

We, the lifeguards, would like to thank the Clarkston Jaycees Organization for the financing of this endeavor. We would also like to extend a very special thank you to those Jaycees and their wives who

put so much of their time and effort into this project.

We hope to show our appreciation not only by this letter, but by our continuing efforts to keep Deer Lake Beach beautiful and safe.

The Lifeguards

Watch out for fraud

Summer is in the air and with it comes the peddlers of fraud. Remember these basic points when making purchases.

1 Deal with the people who have roots in the community.

2 Don't spend your money in a hurry. Beware of sales personnel who do not want to discuss the product with you or give you time to read the facts concerning any item.

3 Before arriving at a decision to spend large amounts of money in any transaction, get advice from some knowledgeable person.

FRAUDS TO AVOID:

The itinerant home repair contractor who resurfaces roads and driveways because he happens to be in the area so he will do it at a reasonable price. The product is creosote and reclaimed

crankcase oil which gives a worthless job.

Counterfeit watches: Currently quickback artists are selling watches labeled "Hamilton", "Gruen" and "Bulova" and the like. The buyer is generally fooled into thinking he is buying a brand name with one quick look at the dial. These are usually one-jewel watches worth about \$5.00 or less.

Beware of clothing salesmen representing tailors in the Far East. Remember that delivery may be difficult and satisfaction impossible when trying to negotiate with a merchant so far from your home.

If you question the reliability of a salesman, call your local Chamber of Commerce. They will know, or can find out for you, if such businesses are legitimate.

Appreciation expressed

Dear editor,

The officers and Board of Directors of 'Independence house' wish to thank all the community organizations and citizens who have made or pledged contributions to 'Independence house'. We are happy to find so many who accept our idea of "people helping people help themselves" in Independence Township. We now have enough financial support to open and

operate for approximately 2½ months.

Although we plan to operate with volunteers, utilities, insurance, materials and repairs are not free.

We hope to have our building and volunteer staff set up and ready to go the first week in September. Anyone in the community wishing to be a part of 'Independence house' by donating time, money or supplies may write to us c/o Box 274, Clarkston Michigan.

Donald Place, Chairman

"If It Fitz . . ."

Phooey on boxing

By Jim Fitzgerald

If I still sat next to Chuck Davey in Psychology II, I might gird my loins and bravely say to him:

"Phooey on prize fighting.

"Some people want a nuclear arms pact, to lessen the chances of nations blowing each other to hell. Some people are screaming for gun control, to make it tougher for the Saturday night drunk to shoot his wife for nagging.

"But how can we expect to attain these sophisticated heights of civilization in a world where people pay money to watch a couple of brutes slug each other?"

"How can a boxer be appalled that nations use bombs to debate boundaries? How can a fight fan be puzzled that the guy next door carries a pistol when he puts out the cat? They wallow in a so-called sport where the sole objective is to knock your opponent unconscious. Nose to nose, is there anything more barbaric than that?"

At this point, Chuck Davey might well have begun to ungird my loincloth. I sat near him in some Michigan State University classes 22 years ago. At that time he was already a famous amateur boxer. He went on to become a top-flight pro, the darling of the TV fans in the early 1950's. Today he is the boxing commissioner of Michigan.

Davey is a lousy commissioner but it is hard to understand how he could be anything else. Boxing is lousy. To have a good commissioner of boxing would be similar to having a good commissioner of gouging-eyes and kneeing groins.

Davey pulled a beaut recently, typical of the whole miserable racket.

A Michigan boxer, Ron Harris, was offered a fight in Cleveland. He would get an extra \$1,500 if he lost the fight, the promoter told Harris. Immediately, Harris hollered

investigated. The promoter admitted the offer, but claimed the extra dough was only to make Harris feel better if he should lose the fight.

Incredibly, Davey accepted this explanation. He admitted the arrangement was "unorthodox" but Harris hadn't actually been asked to throw the fight, "it was all a misunderstanding."

Whoo boy! Does that stink or doesn't it? It reminds me of some of those look-sharp TV fights of 20 years ago, starring such guys as Davey and Rocky Graziano. No one ever proved a thing, but take a deep breath and you can still smell those exhibitions of the manly art of self defense.

Can you imagine the commissioner of baseball saying it's okay to pay Mickey Lolich \$3,000 for winning a game, or \$5,000 for losing it?

No reasonable man denies that most sports are big business. The athletes and owners are in it

for the buck. Their loyalty to the "hometown fans" is as portable as a wallet. But at least the management tries hard to keep the jocks honest.

Commissioner Davey's opinion in the Harris matter would be impossible in any other sport. But it seems to fit boxing just fine. It seems to be just 1 more admission that boxing isn't really a sport at all, it's a sleazy racket, slowly withering for lack of fans.

I say hasten the withering. Let's not raise any more kids who think it's marvelous to be able to slug a man silly. Let's not be dumb enough to pay dollars for the ringside privilege of being splattered with another man's blood.

Once the glory and dough are taken out of fists, maybe something meaningful can be done about gun control and a nuclear arms pact.

It's really simple: we just have to stop hurting each other.

Capitol notes

by Cathy Lessard

Paul Brown and Gail Innis, Sashabaw's high achievers.

Outstanding chorus and band members included (first row) Cindy Beadle, Wendy Seavey, Jean Ogg and (second row) Mike Foos and Scott Traver.

Outstanding math students are (from left) Susan Mallett, Jeff Brantley and Tina Bouchard.

Editor's Note: Miss Lessard has announced her candidacy on the Republican ticket for the newly created 61st State House of Representatives district. The district does not include Independence Township or Clarkston.

The House of Representatives last week amazed everyone by working it's way through a phenomenal number of budget bills and by passing a bill extending the current level of income tax indefinitely. Among those budget bills passed were the social services and revenue sharing bills, both of which merit some discussion. The actions taken were by no means final — all bills are now in the Senate for consideration.

Compromise was the key on the revenue sharing bill. It at first looked as if it would be a showdown between metropolitan area legislators, and those whose districts are largely rural. The controversy was over just what would be the basis for determining the amount of money each local unit would receive. When the bill was originally passed last year the formula was based on "tax effort", favoring those areas which tax heavily (via city income tax, etc.) for funding their own operations (hence tax effort). Local units (such as many townships for instance) which taxed little if any for themselves received proportionately less state money.

Under the law, the formula would in the coming fiscal year revert to "tax burden" which would assist those units which have a high combined tax load (school taxes, special assessments etc). Many local areas were in opposition to this because, while some units would gain from the use of tax burden, many other units would sustain revenue losses which they said would hurt or cripple them (Detroit in particular).

The result was a compromise between the two extremes, beneficial to all local units, and totaling \$240,000,000 of state funds which will provide \$17.50 per capita to local units which presently levy at least one mill, and \$17.00 to local units which levy none or under one mill. This represents at least \$.50 per capita increase for all local units. . . . Allowing local units the option of using "tax burden" or "tax effort" depending on which will provide them the most revenue is another compromise.

WELFARE RESTRICTIONS ADDED

A combination of several factors: the fact that it's an election year, pressure for reform from the taxpayer, and dissatisfaction with the Democratic leadership which caused several Democrats to bolt, resulted in the addition of several amendments to this year's Social Services budget bill. The fact that these were added in a Democratic

controlled House is truly amazing because they add reforms that Republicans have long sought. (Sorry about the partisanship here — but at least during my time with the House, I believe this is accurate.)

Five significant amendments were added, but probably the longest sought and hardest fought for was one which puts a limit on the amount of money that will be spent on A.D.C. for any given year. The ADC portion of the budget was capped at \$512,765,424, based on 176,000 cases. Any more applicants over the 176,000 will cause the money to be distributed on a pro rata basis according to this amendment.

Another significant amendment requires that checks for medical, dental, or optometric service, or for the purchase of prosthetic or other devices will be made out to the recipient AND the doctor or vendor jointly. This will insure that welfare checks actually go for the services they are intended (at least in these areas — they could have extended this concept to other things like rent as far as I'm concerned.)

Other amendments include one requiring that all welfare recipients, except those receiving old-age assistance, be counseled at least once a year about the availability of family planning services and encouraged (not forced) to use them; an amendment which instructs the Department of Social Services to establish state standards for eligibility for welfare benefits and directs that if federal funds are withheld because of the establishment of state standards, that the state will in turn withhold its funds from the program; an amendment requiring that all welfare recipients (excluding old age assistance, aid to the blind, aid to the disabled and ADC recipients with children under 6 years of age) be required to be available to accept such work in his community as he is able to perform.

Taxpayers will provide over \$1,270,000,000 for welfare costs in Michigan in the 72-73 fiscal year from combined county, state and federal allocations. Welfare recipients currently total close to 9 percent of the population in this state. In the present allocation of funds, the state provides approximately 49 percent, the federal 47 percent, and counties approximately 3.8 percent. The need for better controls and for the state to assert its right to regulate the program as the major contributor seems obvious to me.

hill'n gully

The cookie and other gaps

by Jean Saile

Either Betty Crocker can't add, or I can't cook.

Everytime I make a batch of cookies from her book, she assures me that the yield is going to be five or six dozen cookies.

It isn't. Sometimes it isn't even three dozen cookies. And it bothers me.

Being of the nature that likes all loose ends to come out even, I have given considerable time and study to this cookie gap problem and have come up with several possible reasons.

It could be that there's always enough kids eating raw cookie dough out of the bowl to diminish the supply.

It could be that Betty Crocker makes her cookies of the size for an afternoon ladies' tea while I make them for bottomless teenagers.

Or it could be — as some wag has informed me, that the book I'm using is really Betty Crocker's Crock Book.

Now if the Betty Crocker axiom were true of all groceries, it could pose a problem as weekly I deliver the paycheck to the supermarket.

But it is equally true that any portion of spinach, broccoli, sauer kraut, sweet potatoes or brussel sprouts which is rumored to feed only two or four will automatically feed our whole family of eight.

On the other hand supplies of pop, potato chips, pretzels or corn chips are elastic enough — no matter the quantity on hand — to last for just one evening.

It is also true that no matter the amount of milk purchased, we always have less than enough left. Even if we had a direct pipeline

from the dairy, it probably would run too slowly for the demand. The same is true of fruit juices.

There was a time when we were always out of peanut butter. Now we're always out of lunch meat. There were things — primarily the cost — that I preferred about always being out of peanut butter. You'd think that after 20 years experience in shopping, these gaps would have been narrowed.

It just hasn't worked out that way, and I've decided that stomachs expand to accommodate the fattening food available.

Industrial arts had a lot of good, award winning students.

Making good music is an accomplishment of Rick Huntenlocher (front row, left to right) Denise Smith, Debbie Freitag and Tammy Head, and (back row) Chris Jacks, Bob Wilkinson, Lisa Gooch and Kathy Rush.

Art awards were taken by Jill Roberts, Shelly Connors and Julie Poage and Janice Greeacre. Missing from the picture are Kim Lockard and Diane Ash.

School tax rate set

Clarkston School District residents will pay \$28.21 per \$1,000 of state equalized valuation to support local schools this year, the same amount they paid last year.

Members of the Board of Education approved the millage rate at their meeting Monday. The figure includes the \$8.21 per \$1,000 SEV allocated by the County Allocation Board, \$13 of voted taxes, and \$7 for debt retirement.

Dr. Leslie F. Greene, superintendent, noted that the district has turned the corner as far as debt retirement goes. The old days of being unable to raise enough money from within the 7 mill debt limitation and having to draw on reserve has passed, he said.

The 7 mills this year will raise \$624,000 to meet a \$560,000 bill due on bond sales dating from 1956. Additional monies raised will be put in the debt levy retirement fund to draw interest, he said.

Sherman Lowery, retiring after more than 20 years as a custodian in the Clarkston School district, the last 12 at the high school, was presented lawn chairs by the graduating class.

George White is equipped to sit in the shade and listen to his new radio-tape recorder presented to him by the seniors. He was also a class sponsor.

National Honor Society members.

377 diplomas were delivered in the Clarkston High School gym.

Patti Watterworth, daughter of Mr. and Mrs. Clarence N. Watterworth of 7445 Bridgelake Road, was graduated June 11 from the Methodist School of Nursing in Madison, Wis. She will be working at William Beaumont Hospital in Royal Oak. Miss Watterworth is a 1967 graduate of Clarkston High School.

Honors at

Sashabaw

Art awards were won by Cindy Karpouck, Dicky Caverly and Cindy Olsen.

Wendy Seavey and Gail Innis have been All-A students, all the time they've been at Sashabaw Junior High School.

These Sashabaw Junior High students were great in science.

Daryl Smith and Cindy Beadle, winners of the principal's awards.

Clarkston

Steve Ronk and Peggy Dougherty were recipients of the principal's award at Clarkston Junior High School.

Boys winning awards for physical education were (first row) Jerry Molina, Rich Cassidy, Jerry Parsons (second row) Tim Westover, Gary Molina, George Porritt (third row) Geoff Becker and Larry Bennett.

Librarian awards went to Pam Novosel, Sandy Altman and Bruce Hubbard, and (back row) Jon Saylor, Mike McClean and Kim Robertson.

Linda is queen

Linda Thomas

Linda Thomas is honored queen of Clarkston's Job Daughters Bethel Chapter No. 25.

She will be assisted during her six-month reign by Shannon Lynch, senior princess; Debbie Helvey, junior princess; Caroline Smith, guide; and Karen Goff, recorder.

Other officers installed last Saturday night at Davisburg Masonic Temple included Barb Pretznaw, recorder; Lorraine Mayo, treasurer; Nancy Willson, chaplain; and Becky Smith, musician.

Others are Rachel Arnold, librarian; Linda Holcomb, first messenger; Karen Willson, second messenger; Shirley Dennis, third messenger; Kathy Johnston, fourth messenger; Barb Tolbert, fifth messenger; Cindy Hezlit, senior custodian and Annie Moore, junior custodian.

Debbie Honey will serve as inner guard and Lorie Robbins as outer guard with Mary Moore as flag bearer.

Beach dinner plan underway

Joe Weaver, Channel 2 head of the news special projects unit, will be the featured speaker at the testimonial dinner at 7 p.m. June 27 for retired Fire Chief Don Beach.

Tickets for the affair, scheduled to take place at Sashabaw Junior High School, are available now from firemen. The program is sponsored by Independence Township Firefighters.

Mrs Hitchcock heads club

Mrs. James Hitchcock of Main Street has assumed the presidency of the Clarkston Branch of the National Farm and Garden Club.

She will be assisted by Mrs. Richard Huttenlocher, vice president; Mrs. Robert Beattie, recording secretary; Mrs. James O'Neill, corresponding secretary; and Mrs. Frank Russell, treasurer.

Mrs. Arnold Barrett, civic improvement chairman, has reported the plantings at the Independence Township Library as well as in the village parking lot planter are complete.

Scholarship winner

Kay Speace, daughter of Mr. and Mrs. Bernard Speace of Oak Vista, Drayton Plains, has been awarded an Eastern Michigan University Scholarship.

A graduate of Clarkston High School, Kay was also the winner of the Betty Crocker Homemaker of Tomorrow contest locally and among the top 25 in the state.

Mrs Krick elected

Mrs. Robert Krick of Cramlane is the new chairman of Clarkston-Ortonville Campfire Leaders Association. She will be assisted by Mrs. Robert Turnbull as vice chairman; Mrs. Richard Johnston as secretary; and Mrs. William Bell as treasurer.

Engaged

Mr. and Mrs. Robert G. Keefer Sr. of Rochester have announced the engagement of their daughter, Judith Ann, to Frederick E. Hall, son of Mr. and Mrs. Delray Hall, 7165 Sashabaw Road. The couple plan an August wedding.

Catherine Ann Auten will wed Michael Robert Stitt September 23 at Clarkston United Methodist Church. Their engagement has been announced by her parents, Mr. and Mrs. Donald C. Auten of 6100 Overlook. Michael, son of Mr. and Mrs. George R. Stitt of 9428 Sashabaw, is employed by Kieft Engineering. Catherine works for North Pointe Realty. Both are 1969 graduates of Clarkston High School.

Mrs. Leo Halfpenny and Mrs. Clarissa Peters (foreground) were among the patrons of the tea room at Clarkston United Methodist Church Antique Show last weekend.

Around the township

Welcome newcomers!

625-2837

By Shanna Nadolsky

New People in our area; Joe and Carolina Rutkoski from Rochester are now living on Tappan Drive. The Rutkoski's have two children, Phillip, 4 and Eileen, 2. Joe is employed by Michigan Bell Telephone.

Del and Brenda Sanborn from Pontiac are now living on Whipple Lake Road. The Sanborns have a son, Michael, three years old. Del is employed by Pontiac Motor Division. Del and Brenda are very glad to be in Clarkston and are certainly not strangers to our area as Del's sister, Mrs. Charles Gavette of Bluegrass has made them feel very at home.

Don and Karen Bookie from Waterford are now residing on Dartmouth. The Bookie's have three children; Lisa, 5, David, 2 and Andrea, 1. Don is employed by General Motors Truck and Coach. The three small children don't hold the Bookie's down as they all enjoy camping trips frequently throughout the year.

The Clarkston Farm and Garden Club met at the home of Mrs. Elmer Pettengill in Holly this month. Guest Speaker was Mr. Merrill Petosky, Head of the Wildlife Division of the Department of Natural Resources. Mr. Petosky spoke on "the Environmental Dilemma of Wildlife" which the women found to be very interesting. Co-Hostesses with Mrs. Pettengill were Mrs. Thomas Doremus and Mrs. J.P. Hubbard.

The Harvey Schroeder family will be moving to Darien, Illinois, this Friday. They are sorry to be leaving their newly remodeled and redecorated home on Parke Lake and their many friends, but they are anxious to view the sights of Chicago. The move comes about thru Harvey's position as Sales Engineer for General Motors Truck. The Schroeders were so pleased last Sunday by a Farewell Coffee planned for them by Mrs. Robert Jones and Mrs. Robert Brumback at the Calvary Lutheran Church. A very nice send-off.

Denzil and Luella Lougheed of Pontiac are now living on Shelley Drive. The Lougheed's have two daughters and two grandchildren. Mr. Lougheed is employed by General Motors Parts Division in Flint.

Gary Stelmach, son of the Stan Stelmach's of Waldon Road graduated last Sunday from Ferris State College with High Distinction. There to see Gary receive his Bachelor of Science Degree in the field of Trade Technical Education were his parents, brother Dale, and brother Larry and family.

Mr. and Mrs. Herb Baynes of Lakeview Drive have returned from Lansing where they spent the weekend attending the 48th Annual Reunion of the 328 Field Artillery National Convention. During the past fifty years, these men who once numbered around 2800 now number approximately 500. The Baynes had a grand time talking with old friends and with a Captain from Wisconsin, who at

84, just could not pass up the opportunity to reunite with the 328th.

Marine Sgt. Cecil Caverly is letting his hair grow long. The son of Mr. and Mrs. Alvin Caverly, 5800 Waldon, he has recently been discharged from the service and is now home. The last two years were spent in Vietnam and Hawaii where he picked up 17 Air Medals among other honor.

Mr. and Mrs. Stanley Curd, former Detroit residents now living in Hollywood, Fla., will be entertained in honor of their 50th wedding anniversary Sunday, June 18, at the home of their daughter and her husband, Mr. and Mrs. Michael Keller on Snowapple.

Assisting the Kellers will be other Curd children, Mr. and Mrs. Frank Kempkens of St. Clair Shores and Mr. and Mrs. Walter Newton of Farmington. About 30 guests are expected.

The Curds are visiting in the area for a month.

Commander Cody added to PK schedule

"Commander Cody and His Lost Planet Airmen", a country-rock group whose current hit single, "Hot-Rod Lincoln", has been booked to appear in concert with The Byrds and Eric Anderson on Sunday, July 30, at 7:30 p.m. in Pine Knob Amphitheatre.

"Commander Cody and The Airmen" will replace "The New Riders of the Purple Sage", which was previously announced.

Reserved seat tickets are \$6, and \$5: unreserved lawn seats are \$2.50 and are available by mail order. Send a stamped self-addressed envelope to: "The Byrds Concert", Pine Knob Music Theatre, 29501 Greenfield Road, Southfield, Michigan 48076

Tickets will also be available at the Fisher Theatre Box Office and at all J. L.

MSU graduates

Nine Clarkston area people are included in the list of graduates from Michigan State University this month.

They are Mark E. Erickson, 6140 M-15, who earned a Bachelor of Science in mechanical engineering; Robert W. Grace, 5234 Sashabaw, a Bachelor of Science in social science; Nanci K. Henry, 6530 Orion, a Bachelor of Arts in social work; Nikki K. Kratt, 6169 Lakeview, a Bachelor of Science in dietetics, and Cheryl F. Schadt, 8521 Lakeview, a Bachelor of Arts in the elementary intern program.

Others are Donald W. Stephen, 6597 Northview, a Master of Arts in educational administration; Carol D. Taylor, 8781 Pine Knob, a Bachelor of Arts in communication; Diane K. Wagner, 6967 Snowapple, a Bachelor of Science in Biology; and John W. Walter, 145 N. Holcomb, a Bachelor of Arts in Journalism.

Both Nikki Kratt and John Walter were graduated with honors.

Artistree to offer classes

The Artistree, a shop dealing in decoupage supplies, white ceramic ware and custom framing, will open Tuesday at 20 South Main, according to owners, Bill and Carroll Kirshman.

The Kirshmans own another Artistree in Keatington Antique Village

The shop will also offer free classes in decoupage, a method in which pictures are varnished onto wood, the painting of white ceramic ware, and papier tole, an art form consisting of three-dimension decoupage.

The classes will be taught by Mrs. Kirshman, who has taught in such schools as the Art Students Fellowship, the Music and Art Center at Chautauqua, New York, and the Civic Art Center in Battle Creek.

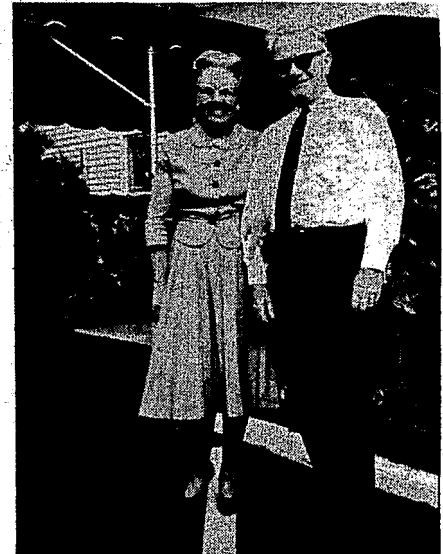

Bottles collection

Bottles for Building Collection on Saturday, June 17, will operate drop-off points at Independence Commons, the A&P Food Store, Foodtown, the Independence Township Hall and the Firehall on Sashabaw and Clarkston Road.

Some 42 tons of waste glass were collected in the drive last month, it was reported.

She studied at the School of Applied Art, Craft Guild and Scarab Club.

The Kirshmans say many of their students in classes at Antique Village were from the Clarkston area and from as far north as Flint. "We've had our eye on Clarkston for sometime," Kirshman said.

CONGRATULATIONS — Mr. and Mrs. Stanley Curd on your 50th wedding anniversary June 13.

"Do You Agree or Disagree?"

Purdue University, Department of Sociology, sent me a questionnaire. Part I consisted of some statements to which we were to respond according to our degree of agreement or disagreement. Here is how I responded to some of the statements:

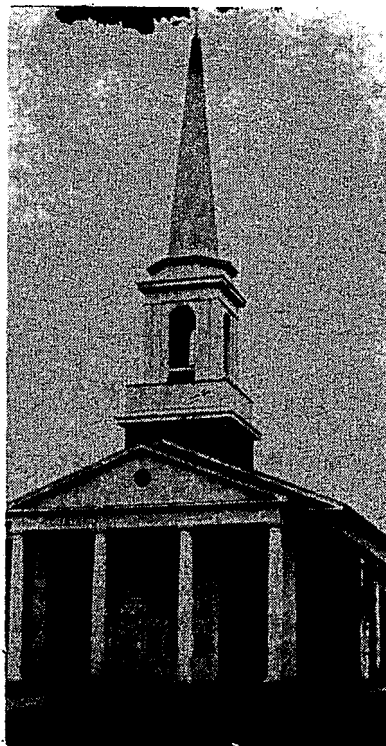

1. The Christian style of life is one of contentment with one's worldly possessions, forbearance toward others, and certainty of eternal life. Disagree

2. The most reliable way to judge whether a certain action is good or bad is to consider the consequences. Agree

3. I have greater admiration for an honest agnostic seeking truth than a man who is certain that he has the complete truth. Agree

4. My understanding of the central doctrines of the Christian faith has changed considerably during my ministry. Agree

5. The primary mission of the Church is to save sinners. Disagree

CLARKSTON UNITED METHODIST CHURCH

Reverend Frank A. Cozadd

6. The mission of the Church is to bring new awareness of the possibilities of life and to prepare people to serve the world. Agree

7. Following completely rigid moral laws may cause more harm than good. Agree

8. There can be no love for God apart from compassion for one's fellowman. Agree

9. Belief in God eases the pain of decision-making. Disagree

10. Young people abandon religion because Christians fail to provide clear-cut positive answers to their doubts and moral confusions. Disagree

11. An understanding of the language of myth and symbol are as important for interpreting the Bible as history and archaeology. Agree

12. Heaven and hell are not geographical places but concern relationships with God here and hereafter. Agree

This is a sample of 115 statements. How would you answer them?

School picnics were the order of the day Thursday and Mrs. Gladys Alexander's third grade class from Clarkston Elementary School cooked hot dogs and enjoyed the balmy day.

Bike hike planned at St. Daniel's

St. Daniel's bicycle riding pastor, Rev. Fr. Francis Weingartz, will lead a three-mile bike hike from 2 to 5 p.m. Saturday out Holcomb Road.

Members of the parish, 13 years and over, are invited to accompany him. Children under 13 must be accompanied

by their parents.

The day will end with a picnic lunch on the church grounds and an outdoor Mass at 7 p.m. In case of rain, activities will be postponed a week.

Those participating are asked to meet at the church parking lot at 1:30 p.m.

Rev. Fr. Francis Weingartz

Red Cross swim lessons

Independence Township residents interested in taking Red Cross approved swim lessons are asked to contact the township hall or the lifeguards at Deer Lake Beach to sign up now.

Recreation Director Tim Doyle said classes would be offered for beginners, advanced beginners, intermediates, advanced swimmers, swimmers and junior and senior life savers.

The sessions will be held at Deer Lake Beach and in Dr. Alfred Hamilton's swimming pool on Middle Lake Road. Doyle said the program could use the donation of other pools for the swim lessons. He is available at the township hall.

Playground schedule

Independence Township's annual summer playground program will begin Monday, June 19, according to Valerie LePere, playground director.

Activities will be offered at Clarkston Elementary School, Sashabaw Elementary School, Bailey Lake School, Andersonville School, and in Woodhull Subdivision from 8:30 a.m. to noon each weekday.

The program, featuring sports tournaments, arts and crafts and a track meet at the end of the year, is open to children 5 to 15 years of age, however officials recommend that children

younger than 7 be accompanied by an older sister or brother.

Valerie said the children will be free to come and go from the playgrounds, except where the supervisor has been notified the child must stay for the whole period.

Gravel case heard

American Stone Products non-conforming use of land zoned residential at the southwest corner of Sashabaw and Waldon roads was to be the

subject of court action Tuesday.

The land has been used for sand and gravel mining.

Township attorney Richard Campbell said he had asked in the township instituted suit that Paul Egghian, owner, be ordered to show cause why he hadn't informed the township board he was no longer mining the property, per a 1962 court order; why the site has not been restored; and why the machinery used in the mining operation had not been removed.

Egghian contends he is still mining from the property.

Youngster's golf meets build interest

Pontiac State Bank will sponsor the fifth annual junior Golf Invitational Tournament June 26, 27 and 28 at Waterford Hill Country Club.

Youngsters will compete in age divisions - 11 and under, 12 and 13, 14 and 15, 16 and 17.

Trophies will be awarded to the top three finishers in each age bracket. Consolation flights will be held in the larger groups. Presentations will begin as soon as all score cards have been officially recorded on the final day.

An entry fee of \$10 must accompany applications. Each age group will be limited to the first 40 entry applications received prior to midnight June 15. Checks are to be made payable to Pontiac State Bank Jr. Golf Invitational, P. O. Box 288, Clarkston, Michigan 48016. Applications may be mailed or left with George Ferguson in the Waterford Hill proshop.

The first day of the tournament will be devoted to registration and practice with actual competition to take place June 27 and 28. Further information is available from Mrs. Gerald Anderson, 625-4528.

Young golfers were to enter their first local contest Friday in the Clarkston Area Jaycee Junior Golf Tournament at Waterford Hill. Sponsors said a number of good, young golfers had signed up to play in the three divisions.

From Keith Hallman

Fat

About one person in four who is treated for hypertension (high blood pressure) is also overweight, and the risk of developing this condition is eight times greater in the obese than in the underweight.

This is the advice of nutritionists who have been studying the long-term heart research conducted in Framingham, Mass., in which men and women were examined regularly for 12 years.

Men who gained weight while being followed in this study had five times more hypertension than those who remained at "normal" weight. A gain in weight after 25 years of age was more apt to be associated with the development of hypertension than was the weight carried by some men since childhood.

Hypertension may be modified in some people by a loss of weight. This happens more often in obese women who have only a mild hypertension, and who will follow a low-salt diet.

However, it seems weight loss is beneficial only if it is started early enough in the course of the disease.

Obesity alone can lead to an increase in oxygen consumption, so the heart has to work harder. It also increases the difficulty of pumping blood through the veins, which may result in an overburdened heart.

Hypertension has a different effect, but the increase in pressure and the slowing of the blood-flow through the veins also puts a strain on the heart. Together, both conditions increase the risk of cardiac failure.

Something different

This summer the Oakland University campus in Rochester, is the site of a unique "let's do something different" experience. Music lovers will be able to tour magnificent Meadow Brook Hall, and even have dinner in the 100-room baronial mansion's dining room, before attending the Meadow Brook Music Festival concert of their choice - symphonic, jazz, pops or ballet.

Meadow Brook Hall, one of the great homes in America, was the home of the university's benefactors, the late Mr. and Mrs. Alfred G. Wilson. The Hall, complete with its fine furnishings and art objects, will be open for public tours every Thursday and Friday, 2:30-5:30 p.m., and Sunday, 1-5:30 p.m., June 29 - August 27. No reservation is needed for tours. Admission is \$3.50 for adults, \$2.00 for children under 12.

A group of 30 or more Festival goers may make advance arrangement for dinner and a tour of the Hall by calling 313-377-3140.

The memorable evening concerts are performed in an outdoor pavillion which forms a natural amphitheatre famous for its tone-perfect acoustics. No reservation is needed to dine outdoors on Trumbull Terrace located on the Festival grounds. Here, also, are ample picnic facilities for alfresco dining.

For Festival program and ticket information call 313-377-2010, or write P.O. Box 705, Oakland University, Rochester, Michigan 48063.

More junior high achievers

Girls honored for physical education ability were (first row) Kathy Glowzinski, Mary Fahrner, Kathy Humphreys (second row) Nancy Foster, DeLynn Miller, Pam Willits (and third row) Cindy Hunt, Diane Bey and Karen Temple.

Band and marching honors were awarded to a number of students.

Honored for their service as office secretaries were Barb Neff, Barb Taylor, Liz Gary, Anne Birtsas and Tracy Gray. Absent from the picture were Laurie Miller, Karen Klump, Cheryl Dancey and Laurie Pryomski.

They speak and write the English language — well.

Industrial arts winners at Sashabaw Junior High included a gal, excelling in crafts.

Ready to cook and sew up a storm are (front row) Penny Bixby, Kathy Lockard, Diane Dodd, Angelica Koppelberger (second row) Anne Birtsas, DeLynn Miller, Teri Thompson, Diane Armstrong, Lisa Strehle (and back row) Sandy Greenacre, Dawn Fitzthomas, Nancy Fairse and Brenda Clark.

Pat Mullen and Michele LeRoux, all-around students.

Social studies award winners are (in front) Rick Huttenlocher, Cindy Steele and Carol Payne and (behind) Shelly Connors, Brad Kotula, Cheryl Davis and Rob Cunningham.

Science honors were awarded to Paul Zelenak (from left, back row), Greg Priebe and Matt Cardona and (front) Barb Lohff, Merry Cardona and Kane King.

English is the language of (front row) Kathy Johnston, Ann Davis, DeAnna Robenault (second row) Eric Cowan, Cheryl Davis, Jim Bleau, Carol Payne, and (back row) Liz Gary, Bob Wickerson, Cindy Inman and Mary Anderson.

Village scene

by Jack McCall

Take two police officers, their wives, and the Methodist Youth Fellowship, and head for Cedar Pointe. Now add 3 days of camping, 1 day at Cedar Pointe and you have a recipe for fun and insanity.

The thrill of finding your pants and shirt flying on the top of a flag pole, does present some problems.

Sending a local youth out into the woods to find a sky hook, and having him return with a big smile and half a small tree is regarding.

Have you ever watched a 200 pound youth lying on an air mattress he trying to blow up and wondering why it would not take air?

The girls in the group found 39 degrees, strong winds, and spiders a little too much for sleeping on the ground. They also found it a little tough sleeping sitting up in a car.

Getting up in the morning and finding

all the stuffing gone from your sleeping bag has got to be disappointing, especially when you know that you have one more night to sleep out.

Hearing that emergency cry to have the back window rolled down and making it in time is a big relief, both to the sick youth and the driver.

As we drove home along I-75 the sounds of a future trip was in the air, with the cold weather and spiders almost forgotten.

Your Hosts
Paul and Bess Rice

The independent view

by Jean Saile

Clarkston Branch of the Women's National Farm and Garden Club has completed its annual job of beautifying the Independence Township Library.

Petunias have been planted and trees have been installed around the building. The paving job on the parkinglot has also recently been completed by the library.

Now members are hoping the plantings won't meet the same fate as last year, when non-ecology types pulled the petunias before they had much time to bloom.

The Artistree, a new art supply store opening at 20 S. Main, has had a poor introduction to Clarkston. Petunias that were planted in new black dirt hauled in at the side of the store have already been uprooted, and the shop isn't due to open until Tuesday.

Two vacant lots in Woodhull Subdivision look a lot better than the two condemned houses that until recently stood upon them. The township has succeeded in having homes at 4736 Hillcrest and 4687 Lakeview razed. Next on the agenda: a home on M-15 south of Oakhill.

State and local revenues from sale of alcoholic beverages in Michigan from the end of Prohibition to 1970 amounted to more than \$2 billion, the Michigan Department of Commerce reports. Michigan is among the five states leading in the consumption of such potations. I wonder how many hangovers \$2 billion in tax receipts amounts to.

An 80-year-old bridegroom and a bride whose age "is not considered good etiquette to mention" exchanged vows June 12 at the Oakland County Hospital. The hospital staff doctors agree that the new Mr. and Mrs. William Fish's feelings for each other have been better therapy than the medication prescribed.

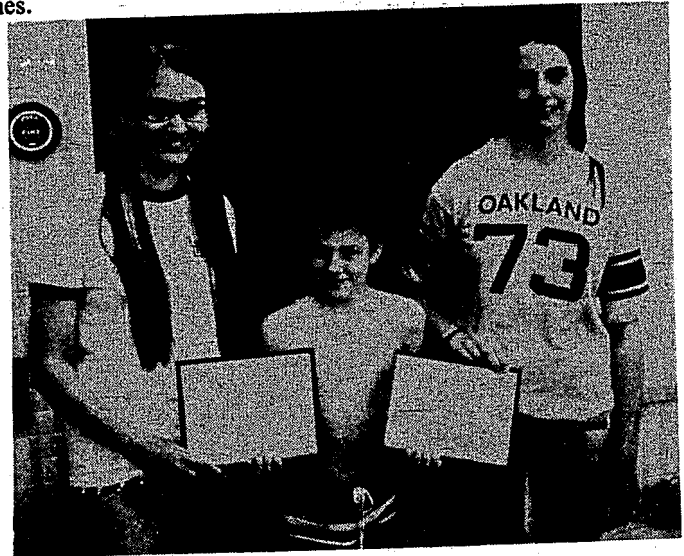

There has reportedly, in the memory of present local school officials, never been a woman on the Clarkston Board of Education.

Michigan's economy is improving at about one-third the rate considered satisfactory, according to Michigan Trends, a bi-monthly publication serving the financial, commercial and industrial community from Southfield.

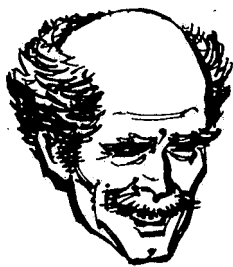

While business is expected to be better this month than it has been since August, 1969, the publication points out that unemployment is still up 1.1 percent from a year ago.

Campfire girls sent May baskets to seven nursing homes in the Clarkston-Ortonville area; Mrs. Richard Johnston's group had a ceremonial dinner for their mothers May 27 and a play written by Lynn Johnston was presented; Barb Lewis' group prepared 50 tray vases for nursing home residents; and Mrs. Robert Turnbull's group conducted a litter pickup and made litter baskets, and some of them planted Blue Spruce trees at their homes.

It has been pointed out to us that since The Clarkston News used the story about Jack McDonald moving to Waterford Township in order to run again for his seat as 19th District Congressman, it would be nice if we'd also point out that George Montgomery, a state representative from Detroit through 1970, has moved to Union Lake and will also seek Congressional election in the 19th District. At present its McDonald and Rep. William S. Broomfield vying for the Republican nomination and Montgomery running for the Democratic nomination. Montgomery is an associate professor of science at Highland Lake Campus, Oakland Community College.

Kevin Hanson, center, presents Carolyn Bridges (left) and Karen Beausir certificates of achievement for their quick action in saving his life during swim lessons at Oakland University. Kevin wandered into deep water and went under. Carolyn was credited with pulling him out quickly and Karen applied mouth to mouth resuscitation.

Dr. Hima Geno knows your problem

Dear Dr.

About two days ago on Wednesday I asked my dad for my allowance and I'm supposed to get it on Friday and he said empty the garbage or else no allowance. I should of got my allowance then. But you know how it is with parents. No work, no pay. That makes me mad because I would of got my allowance then and this work would be for my next allowance. It's the same thing with my mom, except she doesn't give me my allowance.

Fleeced

Dear Fleeced,

You might contact the American Civil Liberties Union, but then again that

might make living at home extremely difficult. Grow up and become rich and then you don't have to worry about allowances.

Dr. Hima Geno D.E.

Appeals board ruling due

A ruling on the class action suit to define the Zoning Board of Appeals power—with specific regard to the Marietta case near Walters Lake—is expected June 21, according to Township Attorney Richard Campbell.

Lucky Fletcher

- a hillbilly making waves

By Jean Saile

Lucky C. — his real name is Luther but he claims he can get checks cashed when they're endorsed as Lucky — Fletcher is a slight spare man.

He walks slowly these days. There have been several visits to the hospital lately, and he notes he's "entered the area of antiquity."

The glint in his eyes belie his statements. Always on the lookout for a good joke or some irony, Fletcher is apt to turn humor into his ally in his crusade against the present township regime. He's become known as "The One-Quarter Hillbilly" in his frequent letters to newspapers.

Though a resident of the township for only the past four years — he and his wife, Imogene, live at 4657 Center "in downtown Woodhull" — Fletcher doesn't like what he terms the "dictatorial policies" of some office holders.

Getting those people removed from office has approached crusade proportions and the humor can be set aside. The glinting eyes can bore through an adversary — their glasses held up on a pointed nose that some might say was made for sticking into township business.

Fletcher first got involved with township politics at the time "Direct Emergency Action to Help" in the Woodhull area was formed. The initials spell out death, Fletcher points out, something he has a great deal of respect for.

The first encounter almost led to a calling out on the township parking lot, and Fletcher — ill or not — has been looking for a fight ever since, he claims.

Trained in the 1920's while with Army Intelligence in Panama in the art of

Kamai — a Chinese maim or kill type of offense — he figures he hasn't lost that much of the pizzaz yet.

Starting out in life as a barber, in Indiana, he joined the construction trades in Chicago in the mid-twenties, left there to head West and swears he was run over by a bootlegger in Newton, Kansas.

It was then he decided to join the Army, he remembers, but for him it wasn't any safer. Hurt in 1932, he was discharged, reentered the construction trades, joined up again in World War II, and an unexploded bomb from an airplane just about put the windup on any career. He did do some selling and it was there the "Lucky" became a part of his name.

He retired in the late 50's, having come to Michigan in the meantime and now lives on a veteran's pension and Social Security. While he talks about his ADC, he denies getting any, and in fact, figures it has cost him about \$3,000 of his own money in his current war with the township.

Fletcher has had a lot of time to think about things — he's spent a total of about three years in the hospitals — sometimes at the rate of about one week a month and things aren't getting much better.

But the lying there has given him time to plan his strategy. He views the current township administrator as the enemy and his campaigns are worked out with all the finesse of a chess game.

"I'm going after the family skeletons now," he claims, and his eyes glint. "Of course I've got about a dozen of them myself, but then, I'm not going anywhere."

Whether he's making headway or not, Fletcher has caused a lot of waves.

Lucky Fletcher

CLARKSTON NEWS

Section 2

The Clarkston (Mich.) News

Thurs., June 15, 1972 17

Board studies school construction plans

The Clarkston Board of Education will investigate the possibility of construction of a new 22 to 26-room elementary school on property it owns at Holcomb and Bridge Lake Road.

Dr. Leslie F. Greene, superintendent, said he had modified a recently stated position that no new elementary schools be constructed due to increasing residential development in the northwest area of the district.

He said even if initial plans were completed, he would still urge a go slow policy and it would be at least three years before such a school would be built.

The site chosen would draw students from the presently overcrowded Andersonville School in Springfield Township.

As the board made plans to alleviate overcrowding, it found it had lost a section of the district known as Hitchman's Island and the 12 students who live there.

The area, in Springfield Township, has been sending its children to Holly Schools, Dr. Greene said, and parents had petitioned the county board for a transfer to that district.

Greene said Clarkston had not objected. He said, however, that the residents in the area will be charged with their share of voted bond obligations sold in the Clarkston District.

In other business the board approved new rental fees for school property, and

voted to undertake building and facility repairs at Bailey Lake Elementary School, the administration building and the Clarkston Junior High.

New tables and chairs will be purchased for the high school cafeteria and textbooks will be upgraded in the junior high science courses.

Cost of the total improvements is estimated at \$25,000.

zoning cases due in court

The Waterford Hill (K-Mart) and Singer Kaplan (Mobile Homes) zoning cases have been assigned dates in Oakland County Circuit Court.

The K-Mart case will be heard June 26 before Judge James S. Thorburn and the Singer Kaplan case June 30 before Judge William R. Beasley.

Both cases are the result of referendum votes in which the people overturned township board approval of the rezonings to permit construction of a K-Mart on the Waterford Hill Country Club site and mobil homes on land at Clintonville and I-75.

A third case—the Anderson apartments on Waldon Road also involved in the referendum—has not yet been assigned a court date, according to Township Attorney Richard Campbell

Davisburg Mill Pond open to swimming

Springfield Township residents can swim daily in the afternoon at the Mill Pond in Davisburg.

The township board in cooperation with the Oakland County Parks and Recreation Department has opened the beach area, lying on county-owned Springfield Oaks Park, by providing lifeguards with water safety instruction and lavatory facilities in the area.

Trim torn between county and township

Springfield Township Board has officially certified action taken by electors at the township annual meeting to make the supervisor's position full time following the November election. Salary was set at \$15,000.

Present Supervisor Claude Trim said he would file nominating petitions for the election, but that he would also file at the same time for the County Board of Commissioners in District 2. That district represents part of Clarkston and Independence Township as well as Springfield Township and other areas to the north and west.

"I would like to insure that these areas have good county representation," Trim said, "and should another candidate file whom I feel I can support, I will withdraw from the county race."

He noted that township programs including a reassessment, conversion of the tax system, improvement of the building department, and work on a master plan which he has started in the past two years are only about one-third complete. He said he would like to see those jobs finished, and that he had been asked by people of the township to remain as supervisor.

The beach is augmented by a picnic area north of Davisburg Road from the Mill Pond which has been fixed up by the Davisburg Rotary Club.

In other business, last week, the board denied Robert Rothermel's request for a liquor license to open a colonial home on the Dixie Highway. The home's nearness to Rothermel's apartments was cited as was a previous request from the county parks body for a liquor license at the Springfield-Oaks Golf Club.

The board was unable to find the request Rothermel said he entered for the license in 1962, but records showed that the board last fall on a 3-2 vote had tentatively agreed to award the one remaining license in the township to the parks body.

Board members adopted the BOCA national building code, the national electric code and the Detroit plumbing code to guide construction in the area.

Parade entries sought

Clowns by the dozen and free candy for the kids promise to be two highlights of the July 4 parade at 10 a.m. through downtown Clarkston.

The Independence Township Fire Department, sponsors of the parade, also hope to see churches, clubs, social or civic groups build floats to enter in the festivities. Theme of the parade is "Patriotism."

Cash prizes will be awarded to winning entries as selected by a panel of judges.

Further information is available by calling 625-1924 or 625-4646.

Wolves drop out in regionals

By Craig Moore

Clarkston's Varsity baseball team advanced to regional finals, Saturday, June 10, in Class A State Tournament play, but that is as far as the Wolves went, dropping 4-2 behind Royal Oak Kimball. The Wolves close their 1972 season with a 14-10 record.

Clarkston beat Sterling Heights Stevenson, 5-4, earlier that day in a close regional semi-finals game.

The Wolves took a 2-0 lead in the second inning. Mark Warren, who got on base with a walk, scored on Bill Bildstein's single. Don Powell scored later on Stevenson errors.

Stevenson tied the score, 2-2, in the third inning and it wasn't until the sixth

inning that Clarkston again took the lead. Mark Warren sacrificed Kevin McMillan in and Dave Partlo sent Al Hux across home plate with his single. Clarkston then led 4-2.

Again Stevenson tied the score in the seventh inning, but the Wolves broke the 4-4 tie when Don Powell got to third base on errors and scored on a wild pitch. The 5-4 win meant Clarkston would battle Royal Oak Kimball for the regional championship.

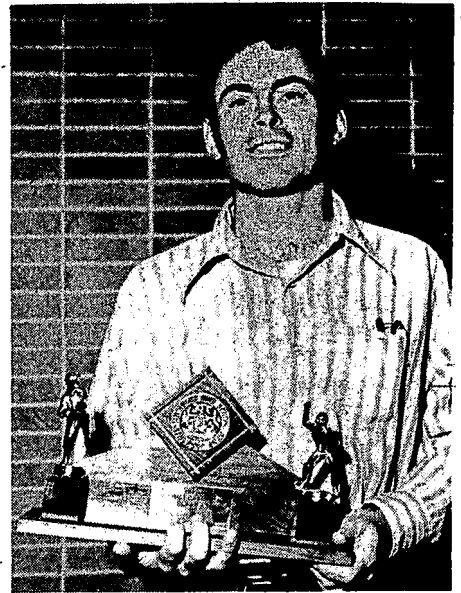

Royal Oak Kimball, however, defeated Clarkston, 4-2.

The Wolves started out well, scoring 2 runs in the first inning, but met their downfall in committing too many errors later in the game.

Kevin McMillan led off with a double in the first inning. Greg Swanson's single pushed McMillan in to score. Dave Partlo knocked Swanson in with a triple.

Kimball scored a run in the second inning and tied the score in the third inning. Kimball scored the 2 winning runs, aided by 6 Clarkston errors, and took the regional championship.

Coach Paul Tungate commented on the season, "The team is to be commended for going this far as there hasn't been a team that advanced this far in many years. Overall, we've had a good season."

Paul Tungate, Clarkston High School baseball coach, inspects the district championship trophy won by his team.

Yearbook ready

Clarkston High School's yearbook, "The Hilltopper," has arrived. Students may pick up their copies any weekday before noon through June 23 at the school. The balance remaining on any prepaid cost will be due at that time.

Gerry Runkle (from left), Bob Golding, Captain Jeff Jones, Ray and Tom Bosquez have won first place in the Eastern Division in Junior Boys Bowling Handicap. They will compete for state honors June 18 in Rochester. The boys have been bowling together for about three years. Their averages range from Runkle's 120 to Golding's 141. Since they captured division honors on Mother's Day, they hope they'll be able to repeat in the state competition which falls on Father's Day.

The Wayne-Oakland League All-Sports trophy gets some admiring looks from the coaches at Clarkston Senior High School where the trophy now resides. The school came out first in a point count for prowess in sports. Left to right are Errol Solley, cross country and track coach; Ray Warner, JV baseball and football coach; Paul Rakow, football coach; Larry Thibault, tennis coach; Tobe Carter and Dick Moscovic, wrestling coach; and Doug Pierson, golf coach.

"Sure I didn't interrupt anything important, Pop?"

You filled the emptiness. Your voice . . . turned his whole day around.

And all it took was a long distance call.

Now anyone can lower the cost of loving simply by dialing direct on long distance calls within Michigan instead of going through the operator. You save 40% by dialing direct weekdays after five, and weekends from 5 p.m. Friday till 5 p.m. Sunday. Dial direct any other time—save 20%.

And if you talk long distance within Michigan for one minute, you pay for one minute, not three.

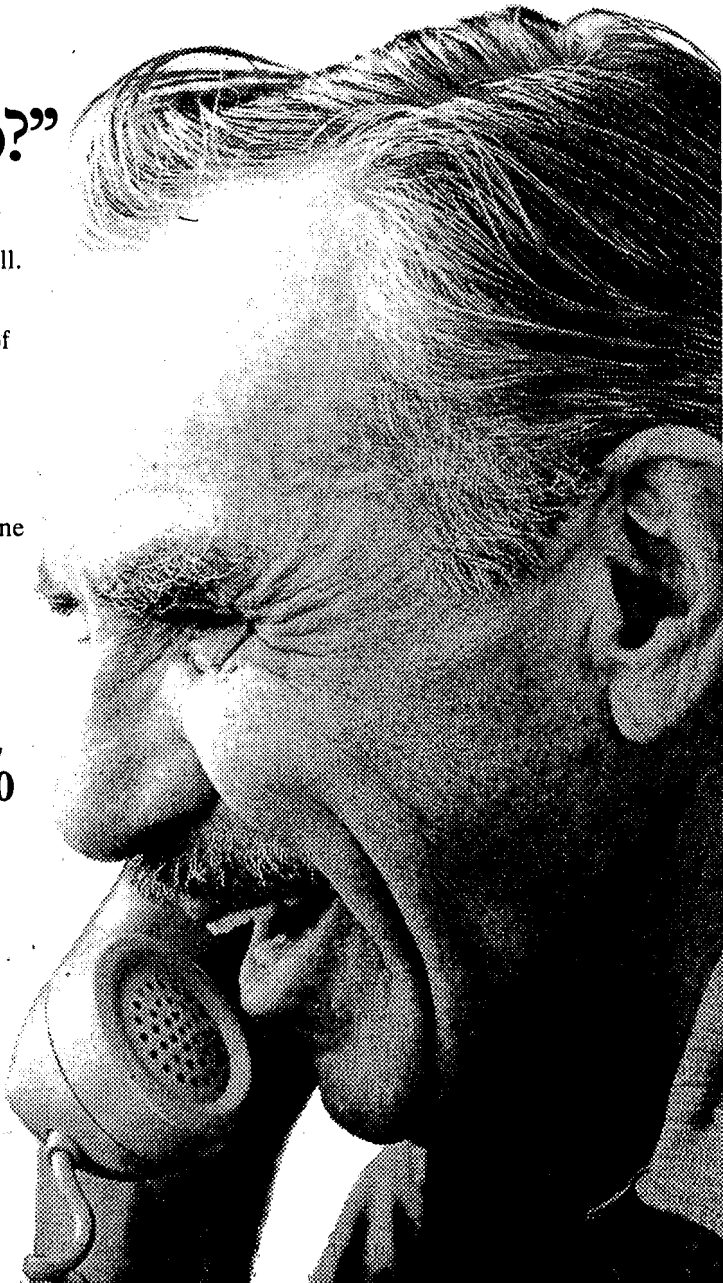

Know someone in another town who could use a lift? Don't hesitate to call . . . often.

You can lower the cost of loving by 40%

Here's when to direct dial long distance and save

Mon. thru Fri.	Sat.	Sunday
7 AM TO 5 PM 20%	40%	40%
5 PM TO 7 AM 40%		20%
		5 PM TO 11 PM 40%

Discounts also apply to station-to-station calls in areas where direct dialing is not yet available.

ORDINANCE NO. 63A
(Effective Date July 14, 1972)
Ordinance No. 63 Repealed in its entirety.

The Clarkston (Mich.) News Thurs., June 15, 1972 19

TOWNSHIP OF INDEPENDENCE
ORDINANCE TO REGULATE SNOWMOBILES

PREAMBLE:

An ordinance to provide for the licensing and registration and regulation of snowmobiles in the Township of Independence for the purpose of protecting the public health, safety and general welfare of the persons and property in Independence Township, and recognition of the fact that snowmobiles are being increasingly used and operated on and about properties, both public and non-public, in Independence Township, and that the continued use of said snowmobiles without proper licensing, registration and regulation constitutes a public hazard.

The Township Board of Independence Township, County of Oakland, State of Michigan, pursuant to the authority vested in it by Act 246 of the Public Acts of the State of Michigan for 1945, as amended, ordains as follows:

ARTICLE 1: SHORT TITLE.

Sec. 1.1. This ordinance shall be known and may be cited and referred to as the "Independence Township Snowmobile Ordinance" and hereinafter shall be referred to as "this ordinance".

ARTICLE 2: DEFINITIONS.

Sec. 2.1 "Operator" means any person who operates or is in actual physical control of a snowmobile.

Sec. 2.2. "Owner" means any person who holds the legal title to the snowmobile, a vendee or lessee of a snowmobile which is the subject of an agreement for the conditional sale or lease thereof with the right of purchase upon performance of the conditions stated in the agreement and with an immediate right of possession vested in the conditional vendee or lessee, or a person renting a snowmobile or having the exclusive use of a snowmobile for more than 30 days.

Sec. 2.3. "Operate" means to ride in or on and be in actual physical control of the operation of a snowmobile.

Sec. 2.4. "Person" means an individual, partnership, corporation, the state and any of its agencies or subdivisions, and any body or persons whether incorporated or not.

Sec. 2.5. "Snowmobile" means any motor driven vehicle designed for travel primarily on snow or ice of a type which utilizes sled type runners or skis or an endless belt tread or any combination of these, or other similar means of contact with the surface upon which it is operated.

Sec. 2.6. "Highway or Street" means the entire width between the boundary line of every way, whether private or publicly maintained, when any part thereof is open to the use of the public for the purposes of vehicular travel.

Sec. 2.7. "Roadway" means that portion of a highway improved, designated, or ordinarily used for vehicular travel. If a highway includes two or more separate roadways, the term roadway refers to any such roadway separately, but not to all such roadways collectively.

ARTICLE 3: REGISTRATION, DISPLAY AND INSPECTION OF CERTIFICATES OF REGISTRATION, DISPLAY OF IDENTIFICATION NUMBERS.

Sec. 3.1. Except as otherwise provided in this ordinance or by State law, no snowmobile shall be operated within the Township of Independence unless registered by the owner pursuant to the state law of the State of Michigan.

Sec. 3.2. The certificate of registration as above obtained, shall accompany the vehicle and be available for inspection upon demand by any peace officer.

Sec. 3.3. The owner of any snowmobile shall paint or attach in a permanent manner on each side of the forward half of the snowmobile the identification number as it appears on the certificate of registration in black characters of good proportion, not less than 3 inches in height reading left to right. The numbers shall contrast so as to be distinctly visible and legible. No number other than the number awarded to the snowmobile in accordance with the laws of the State of Michigan shall be painted, attached or otherwise displayed on either side of the forward half of the snowmobile.

Sec. 3.4. No registration is required for snowmobiles operated exclusively on lands owned or under the control of the snowmobile owner.

Sec. 3.5. No registration is required for a snowmobile which is exclusively operated in a special snowmobile event of limited duration which is conducted according to a prearranged schedule under a permit from a governmental unit having jurisdiction.

Sec. 3.6. A snowmobile registered in another state or in a province of Canada to a non-resident of this State may be operated within the State under authority of such registration for a period not to exceed twenty (20) days.

ARTICLE 4: OPERATION OF SNOWMOBILES: PROHIBITIONS: RESTRICTIONS: EXCEPTIONS.

Sec. 4.1. A person shall not operate a snowmobile upon a public highway, land used as an airport, or street or on a public or private parking lot not specifically designated for the use of snowmobiles, except under the following conditions and circumstances:

- (a) When it is impractical to gain immediate access to an area adjacent to a public highway, a snowmobile may be operated on the right-of-way adjacent and parallel to the roadway for the sole purpose of gaining access to and from the area of operation by the most direct route. Unloading of the snowmobile shall be accomplished with due regard to safety at the nearest possible point to the area of operation.
- (b) A snowmobile may be operated across a public highway other than a limited access highway, at right angles to the highway for the purpose of getting from one area to another when the operation can be done in safety, and another vehicle is not crossing the highway at the same time in the same general area. An operator shall bring his snowmobile to a complete stop before proceeding across any public highway and shall yield the right-of-way to all on-coming traffic.
- (c) Snowmobiles may be operated on a highway in a County road system, which is not normally snowplowed for vehicular traffic and on any snowplowed highway in the County road system, outside the corporate limits of a city or village, which is designated and marked for snowmobile use by the County Road Commission having jurisdiction.
- (d) Snowmobiles may be operated on a street or highway during a period of emergency when so declared by police agency having jurisdiction, and conventional motor vehicles cannot be used for transportation due to snow or other extreme highway conditions.

- (e) A snowmobile may be operated on a street or highway for a special event of limited duration, conducted according to a prearranged schedule only under permit from the governmental unit having jurisdiction. The event may be conducted on a frozen surface of public waters only under permit from the Department of Natural Resources.
- (f) A parent or legal guardian shall not permit his child who is under the age of 12 to operate a snowmobile without the direct supervision of an adult, except on land owned or under the control of the parent or legal guardian.
- (g) An operator of a snowmobile who is under 12 years of age shall not cross a highway or street. An operator of a snowmobile who is at least 12 years of age but less than 16 years of age may cross a highway or street only if he has a valid snowmobile safety certificate in his immediate possession.
- (h) A person who is at least 12 years old but less than 16 years of age may operate a snowmobile if he is under the direct supervision of a person who is 18 years of age or older, or if he has in his immediate possession a snowmobile safety certificate issued by the State of Michigan Department of Natural Resources, or he is on land owned or under the control of his parent or legal guardian.

Sec. 4.2. A snowmobile shall not be operated unless it has at least one headlight, one tail light and adequate brakes capable of one of the following while the snowmobile travels on packed snow and carries an operator who weighs 175 pounds or more:

- (a) Stopping the snowmobile is not more than 40 feet from an initial steady speed of 20 miles per hour; or
- (b) Locking the snowmobile's traction belt or belts.

Sec. 4.3. A person shall not operate a snowmobile:

- (a) At a rate of speed greater than is reasonable and proper having due regard for conditions then existing.
- (b) While under the influence of intoxicating liquor or a narcotic drug, barbitol, or any derivative of barbitol.
- (c) During the hours from one half (½) hour after sunset to one half (½) hour before sunrise without displaying a lighted headlight and a lighted tail light.
- (d) On the frozen surface of public waters within 100 feet of a person, including but not limited, to a skater, not in or upon a snowmobile or within 100 feet of a fishing shanty or shelter except at the minimum speed required to maintain forward movement of the snowmobile, or on an area which has been cleared of snow for skating purposes unless the area is necessary for access to the public waters.
- (e) Unless it is equipped with a muffler in good working order and in constant operation from which noise emission at 50 feet at right angles from vehicle path under full throttle does not exceed 86 DBA (decibels on the "a" scale) on a sound meter having characteristics defined by American Standards Association, S1, 4-1966 (General Purpose Sound Meter).
- (f) Within 100 feet of a dwelling between 12:00 midnight and 6:00 A.M., at a speed greater than minimum required to maintain forward movement of the snowmobile.
- (g) On the private property of another without express permission to do so by the owner or by the person in control of said property.
- (h) While transporting thereon a bow unless unstrung or a firearm unless securely encased or equipped with and made inoperative by a manufactured key-locked trigger closing mechanism.
- (i) Within 100 feet of a slide, ski or skating area. A snowmobile may enter said area for the purpose of servicing the area or for medical emergency.
- (j) On or across a cemetery or burial ground, public school ground, park property, play grounds, and recreation areas or any other public property, without express permission or provision to do so by the proper public authority.

ARTICLE 5: RESTRICTED AREAS AND TIMES: ADDITIONS.

Sec. 5.1. The Independence Township Board may by resolution restrict additional areas and times of operation and in the event such area or time is restricted and either posted and/or notice thereof given by the placing of notice in a newspaper regularly published and/or disseminated in a Township on at least two occasions, and the operation of snowmobiles then continues in violation of said restriction, said operation shall be deemed in violation of this ordinance.

ARTICLE 6: ACCIDENT, NOTIFICATION TO AUTHORITIES.

Sec. 6.1. The operator of a snowmobile involved in an accident resulting in injuries to or death of any person, or property damage in an estimated amount of \$100.00 or more, or some person acting for him, or the owner of the snowmobile having knowledge of the accident shall immediately by the quickest means of communication notify a State Police Officer or officers or the Sheriff's Office of the County wherein the accident occurred, or the office of the Police Department of the Township of Independence of said accident.

ARTICLE 7: SEVERABILITY, LAWS.

Sec. 7.1. If any section, provisions, of phrase or word of this ordinance shall be held void, ineffectual or unconstitutional, by a court of competent jurisdiction, then such finding shall not affect the validity of the remaining sections, provisions, phrases or words thereof.

ARTICLE 8: PENALTY.

Sec. 8.1. Violation of any of the provisions of this ordinance shall be punishable by a fine of not more than \$500.00 and costs of prosecution or by imprisonment in the County Jail for a period not to exceed ninety (90) days or by both such fine, costs and imprisonment as may be determined by a court of competent jurisdiction.

ARTICLE 9: REPEALER.

Sec. 9.1. Ordinance No. 63, known as the Independence Township Ordinance to Regulate Snowmobiles, is hereby repealed in its entirety.

SECTION 10: EFFECTIVE DATE AND DECLARATION.

Sec. 10.1. This ordinance is hereby declared to have been adopted by the Township Board of the Township of Independence, Oakland, State of Michigan at a meeting thereof duly called and held on the 23rd day of May, 1972, in order to be given publication in the manner prescribed by law. Ayes: Bullen, Glennie, Johnson, Stonerock; Abstain: Humbert.

J. EDWIN GLENNIE
Independence Township Clerk

Published June 15, 1972

PUBLIC NOTICE

ADOPTED: June 6, 1972
EFFECTIVE: June 6, 1972

INDEPENDENCE TOWNSHIP RESIDENTS REVISED SCHEDULE - BUILDING DEPARTMENT FEES

INDEPENDENCE TOWNSHIP LICENSES, PERMITS AND INSPECTION FEES

Following are the ordinances which govern the various fields of construction:

1. **BUILDING CODE**
(B. O. C. A.) Basic Building Code "Building Officials Conference of America" with accumulative supplements, 1970.
2. **PLUMBING**
State of Michigan Plumbing Code.
3. **ELECTRICAL**
1968 National Electrical Code with supplements, Adopted June 12, 1968
4. **HEATING**
Reciprocal Heating Code.
5. **REFRIGERATION**
Reciprocal

CONTRACTOR LICENSES

All contractors and builders are required to register with Independence Township, and any state or reciprocal license must be verified before registration may be made or work commenced within the Township.

The following fees shall be charged:

ELECTRICAL	
Contractor License	\$ 50.00
Master Electrician License	15.00
Journeyman License	5.00
Registration	5.00

PLUMBING	
Master	1.00
Journeyman50

HEATING	
Contractor License	25.00
Contractor Registration	10.00

BUILDING	
Registration of Michigan Department of Licensing and Regulation License	5.00

REFRIGERATION	
Contractor License	25.00
Journeyman License	5.00
Registration	10.00

The above licenses and registrations are issued for the calendar year and must be renewed annually.

SEPTIC AND SEWER	
License	5.00
Bond	2000.00

Septic and sewer licenses and bonds are issued on June 1 and expire May 31 of the next year.

CASH BUILDER'S BOND

When bond is mandatory it shall be held by Independence Township as security for payment to the Township of any damage to public property, caused by or arising out of the construction work so engaged upon by said owner or contractor. This deposit shall include damage to sidewalks, water mains, sewers, street, curbs, trees, landscaping, water hydrants, gate valves, curb boxes, or any other public property, and shall include any damage to such streets or sidewalks caused by hauling of materials to said job or driving of trucks over streets and sidewalks in connection with said job. Said deposit is also required for the public safety and welfare, by keeping streets and sidewalks open and safe for public use, and travel; it is further required for the purpose of causing the removal of any waste or debris from public or private property, and to keep the premises and abutting public or private property clean and orderly during construction.

Independence Township will hold the fore-mentioned deposit until all construction work or excavation has been completed and approved by the building inspector and/or a Certificate of Occupancy issued. After such approval the Chief Building Inspector, upon request, shall order returned to the person by whom the deposit was made the amount of such deposit, less any charges made against the same.

Deposits shall be in the following amount:	
Single Family Residence (New)	\$200.00
Multiple (Per Building)	200.00
Commercial	200.00
Swimming Pool	50.00
Addition and Alteration	25.00

The above deposit may be paid to another person, only upon written, notarized request from the person making such deposit.

When work is started for which a permit is required, before a permit is secured, the permit fee shall be doubled. In cases where special investigation is required, an additional fee may be charged, each hour or fraction thereof \$ 7.00

OVERTIME INSPECTIONS

Overtime inspections - per hour or fraction thereof	\$10.00
---	---------

REINSPECTIONS

Reinspection fee may be charged, when in the opinion of the inspector the job is not ready when an inspection is called for \$ 7.00

If any question arises to site or location, the building inspector may require a survey by a registered surveyor at the builder's expense.

When a plan and building application is submitted, revised, not issued or cancelled after the permit is issued, the following schedule shall apply:

Plan review (altered or revised plans) - Actual fee of structural consultant +	
--	--

20% of the building fee, of permit revised
Plan review (permits not issued) - Actual fee of structural consultant + 25% of building permit fee.

Handling cost for permits cancelled after being issued - 35% of building permit fee or \$5.00 whichever is greater.

A fee for each building permit shall be as set forth as follows:

BUILDING PERMIT FEE:	
Minimum permit fee	\$20.00

RESIDENTIAL CONSTRUCTION:

\$20.00 base, plus \$2.00 per thousand of value

COMMERCIAL CONSTRUCTION:

\$20.00 base plus \$2.00 per thousand of value

CERTIFICATE OF OCCUPANCY:

.....	\$ 2.00
-------	---------

PLUMBING PERMIT FEES

Minimum Fee	\$15.00
Permit Fee	15.00
Stack	2.00
Sump or Interceptor	2.50
Water Closet	1.00
Dental Chair	2.00
Urinal	2.00
Sink (any description)	1.00

LEGAL NOTICE

Donald McGaffey, Attorney
16001 Dixie Highway
Holly, Michigan 48442
NO. 109,012
STATE OF MICHIGAN
THE PROBATE COURT FOR THE
COUNTY OF OAKLAND
Estate of Dewey L. Teague, deceased.
It is ordered that on August 15, 1972 at 9 a.m., in the Probate Courtroom Pontiac, Michigan a hearing be held at which all creditors of said estate are required to prove their claims and on or before such hearing file their claims, in writing and under oath, with this Court, and serve a copy upon Marjorie Fisher Teague, Administratrix, D 16283 Tindall Road, Davisburg, Michigan 48019.
Publication and service shall be made as provided by Statute and Court Rule.
Dated: June 2, 1972

Donald E. Adams
Judge of Probate
June 8, 15, 22

What's happening?

Batteries of sound, billowing smoke and the distinctive odor of gunpowder will characterize the fun and excitement of the 19th annual Muzzle Loaders Festival June 17 and 18 at Greenfield Village. The festival is from 10 a.m. to 5 p.m. both days. There is no additional charge beyond the regular admission of \$2.25 for adults and \$1 for children 6 through 14.

County Clerk Lynn D. Allen has announced he will seek reelection. Lawrence Pernick, chairman of the county board of commissioners, who was expected to give him competition has announced he will run for his old spot on the commission and not go after the clerk's job.

Registration of students for the summer schedule of classes at the Pontiac Creative Arts Center, 47 Williams, Pontiac, is now underway. Classes begin June 19 and continue for five weeks. Information is available by calling 333-7849.

Public tours of Pontiac Motor Division's assembly plant will conclude Friday, June 23, for the 1973 model changeover programs. Until that time tours are offered each weekday at 8:15, 9:15, and 10:15 a.m. and 12:45 and 1:45 p.m. Reservations may be made by calling 332-8111, extension 6076.

Send the Clarkston News to a service man.

Wilcox seeks election

County Commissioner Richard R. Wilcox has announced he will be a candidate for reelection to Oakland County's new Commissioner District 1.

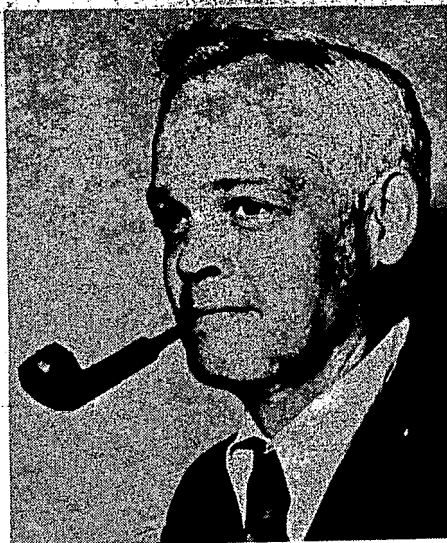

Commissioner Wilcox has served two terms from District 23 representing the townships of Holly, Gorveland, Brandon, Oxford, Independence and Springfield plus the villages of Clarkston, Oxford and Ortonville.

The new District 1 is the same as District 23 with the exclusion of Holly and Springfield and parts of Independence Township plus the addition of the townships of Addison and Oakland.

The carving of Independence Township under the reapportionment plan agreed to by both Democrats and Republicans includes the southwest part of the township and the west part of the village in District 2 and the southeast part in District 3.

Three precincts will be split under the new boundary lines, 75 percent of Precinct 1 and 75 percent of Precinct 8 falling in District 1, the remainder in District 2. About 75 percent of Precinct 5 and all of Precinct 2 will be included in District 3.

Wilcox, prior to his election as county commissioner, served two terms as Brandon Township supervisor. He has been chairman of the county local affairs committee and vice chairman of the equalization committee. He is publisher of the Ortonville "Reminder", a weekly newspaper.

Richard R. Wilcox

Barry will run again

The word is Dan Barry, former Oakland County Drain Commissioner, will seek reelection to that office. Barry was removed from office on the basis of convictions of wrongdoings while Drain Commissioner. He was cleared in Oakland County Circuit Court Tuesday morning of any restrictions against seeking reelection on the basis of a misdemeanor charge rising from "unlawful" use of fill dirt from the Brewer Drain in Pontiac.

PEEKIN' into the PAST

25 YEARS AGO IN THE CLARKSTON NEWS June 20, 1947

On Wednesday Jess Berg of Clarkston opened a clothes cleaning business in Clarkston.

Born to Mr. and Mrs. J. D. Powell a 7 lb., 6 oz. son, Kent J. on Tuesday, June 17th at the Pontiac General Hospital.

Mrs. David Newlands has returned to her home in Clarkston after spending the past several months in Florida.

10 YEARS AGO IN THE CLARKSTON NEWS June 21, 1962

Mrs. Gladys Coleman of Auburn Heights announces the engagement of her daughter, Linda Lou to Robert Lawson of Clarkston Road.

The Degree of Bachelor of Laws was awarded to Keith L. Leak of Middle Lake Road during commencement exercises of the Detroit College of Law.

Mr. and Mrs. Mel Varra of Northview Dr. will celebrate their 5th wedding anniversary June 22nd.

Birthdays being celebrated this week are: Mrs. Harold Ford, June 17th, Boni Keyser, June 18th and Mary Lou Galbrith, June 1st.

ADOPTED: June 6, 1972
EFFECTIVE: July 15, 1972

TOWNSHIP OF INDEPENDENCE ORDINANCE NO. 66

INDEPENDENCE TOWNSHIP FIRE CODE:

The Independence Township Board did at their regular meeting of June 6, 1972, adopt the 1970 Edition of the American Insurance Association's Fire Prevention Code in its entirety as Independence Township's Ordinance No. 66, to known as the Independence Township Fire Code.

Due to the length of this ordinance it is not herewith published in its entirety; however, as provided by Public Act No. 148, 1961, a full and complete copy of the Code is available at the Township Clerk's Office for the public's use and examination.

The purpose of this ordinance is to provide Independence Township with a code which prescribes regulations governing conditions hazardous to life and property from fire.

Ayes: Glennie, Humbert, Johnson. Absent: Stonerock, Bullen.
J. Edwin Glennie
Clerk, Independence Township,

REGULAR MEETING OF INDEPENDENCE TOWNSHIP BOARD SYNOPSIS June 6, 1972

The meeting was called to order at 7:35 p.m. Roll: Present: Glennie, Humbert, Johnson; Absent: Bullen, Stonerock.

Mr. Johnson moved, supported by Mr. Humbert, to appoint Mr. Glennie as chairman of the meeting in the absence of the supervisor. Motion carried unanimously.

The minutes of the May 23 board meeting were amended, clarifying the intent of a motion by Mr. Johnson to the effect that \$10,000 of Time Certificates were to be retired and deposited in the water department savings account.

Mr. Humbert moved, supported by Mr. Johnson, to ask Jody Norton to take the minutes at the Planning Commission meeting of June 8. Motion carried unanimously.

Mr. Glennie moved, supported by Mr. Johnson, to support the citizens of Independence Township in their effort to obtain a traffic signal at the US-10 and Maybee Road intersection. Motion carried unanimously.

Mr. Glennie moved, supported by Mr. Johnson, to set a salary of \$14,500 annually for Mr. Frank Ronk as the new full time Fire Chief. Ayes: Glennie, Johnson; Nay: Humbert. Motion carried.

The Board unanimously agreed to adopt the American Insurance Association's Fire Prevention Code.

The Board unanimously authorized the clean-up of the health hazard at the recently burned out home on Griggs.

It was unanimously agreed to add time limits to the proposals regarding Fire Millage and Road Millage to be on the November ballot. The request for one additional Mill for Fire Dept. Operation will be for 20 years, and the request for one mill for road improvements will be for 4 years.

The Board unanimously agreed to obtain township attorney's opinion as to whether or not the township can be in some way of assistance in correcting the pollution problem in the Mill Pond.

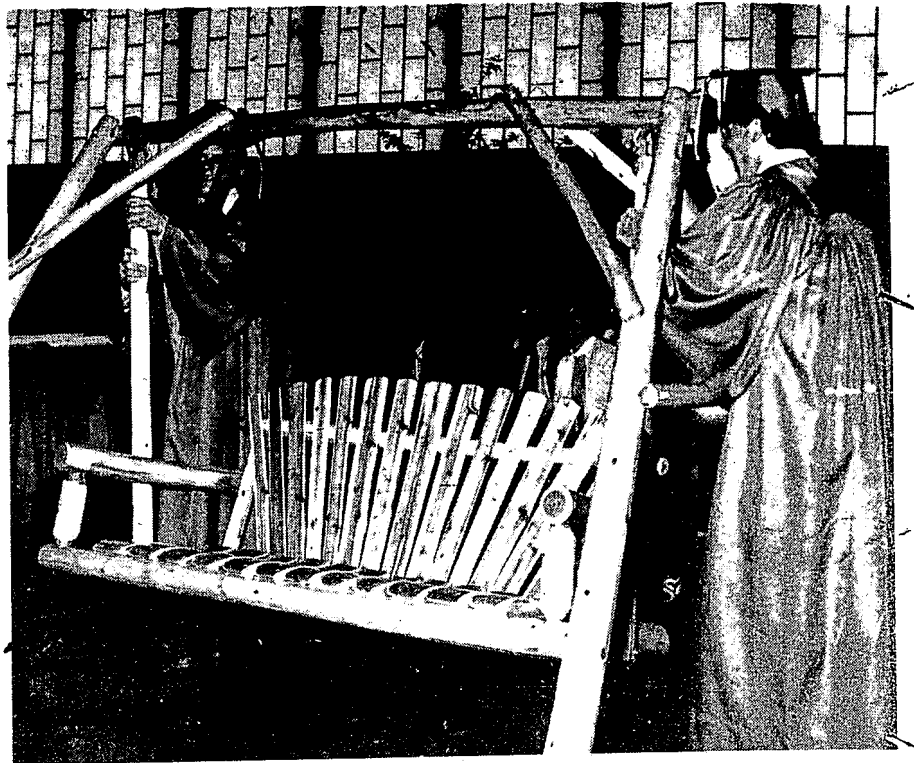

Due to the absence of two of the board members the following items were discussed to some degree with no action being taken.

- 1973 Road Improvements - specifically Pine Knob Rd., north Clarkston Rd.
 - Case No. 151 - a request to rezone 10 acres from agriculture to R- in Sec. 3.
 - Feasibility of a motorcycle ordinance.
 - Michigan Township Association dues.
 - New policy regarding uses of rental rooms at township hall.
 - Police contract with Oakland County Sheriff's Dept.
- Mr. Dave Nadolsky and Mr. Bill Halsey of the Jaycees gave their report to the Township Board with regard to the reclamation of the Deer Lake Beach Meeting adjourned at 10:40.

J. Edwin Glennie
Clerk, Independence Township

Todd Johnston, son of Mr. and Mrs. Richard Johnston of Middle Lake Road, displays the poster that won him an AAA Safety Contest Merit citation for "outstanding traffic safety poster design." Todd's poster shows a boy playing hockey and the inscription, "Safety's playing away from traffic." He's in Mrs. E. Ann Stone's second grade class at Clarkston Elementary School.

Mrs. Linda Dennis will be swinging pretty with the lawn furniture presented to her by the graduating class. She was a class sponsor.

Pinewood Derby winners for Cub Scout Pack 49 are Greg Mechigian (left) and his brother, Chuck. Both are sons of Mr. and Mrs. Garbis Mechigian, 7709 Shelley Drive. Greg placed first and Chuck third. Second place was won by Richard LeMaster, Jr.

Mrs. William DeRousse, Lakeland Sounds of Music Club treasurer, presents Becky Smith of 5863 Clarkston Road with a \$50 Scholarship which she will use to attend Interlochen Music Camp for two weeks this month. Becky plays the flute and is a majorette with the Clarkston High School band.

Dr. Bruce L. Sprague

Dr. Forrest D. Hunt has announced the association of Dr. Bruce L. Sprague in the practice of general dentistry at 5908 S. Main, Clarkston. Dr. Sprague, a graduate of the University of Michigan, is formerly from Elkton. He and his wife reside in Goodrich.

Keith Sipos puts the Clarkston High School orchestra through its paces for the Honor Awards Assembly Friday at the school.
